### Brownfields' Display Windows Dressed Up For The Holidays

If the barren trees with exception of cedar and pine were the only evidence. If the small fall of snow on the ground yesterday morning was all. If the brisk, tangy air was not a reminder that the Christmas holidays are near at hand, there are many others just as convincing. Here is the little Miss or the little Lad gazing longingly into the window or show cases. Here is the housewife hurrying here and yon shopping for groceries and other present needs, pausing occasionally to look at something that would please hubby, Junior or aunt Het. Yes, the spirit of the holidays is already manifest. Look up, and there is the varicolored lights strung across the streets, and before six o'clock it is sundown and soon dark. But there are clerks and waitresses moving hurriedly in the brightly lighted and warm stores and cafes. Every move and motion, the talk and laughter, all point to the joyous Noel season.

The never idle Junior Chamber of Commerce sponsored a Show Window display in the stores last Friday night. While it was too chilly for most of us oldsters to be on the streets, hundreds of the younger folk were on hand at the unveiling of the windows. Some 400 Treasure Hunt tickets were handed out. True, some of the merchants were not quite ready with their window dressing, but all of our progressive merchants were in, almost to a man in making the occasion just as was intended.

**To Judge Decorated Residences**  
Elsewhere the Herald had an article about judging the best decorated homes, which also is an annual affair sponsored by the Jaycees. As we were preparing to go to press such a program was announced by Lynn Nelson, who has charge of the arrangements. The prizes will be \$25, \$15 and \$10 for the best decorated homes. Judging will be Sunday night, December 21.

Of the stores with windows ready for judging last Friday night, Latham's won 1st; Shelton's 2nd and Go're Shop 3rd.

### Western Stockyards Feeding Out 2035 Steers

Over at the Western Stockyards this week, Mr. and Mrs. Coy Maroney, who operate one of the largest feeding projects in this section, stated that they now had in process 2035 steers. Some of these have been on feed longer than others. They will be fed about 120 days.

They are now feeding for three different concerns, Porter & Cook of Amarillo; The Safeway Stores of California, and Swift & Co., of Fort Worth.

We were informed that all of these steers are making good gains, and will be in prime order when the 120 days are up.

### Two Teachers Resign From West Ward

Mrs. J. A. Ellis who teaches English in the 7th and 8th grades and Mrs. Jeanne Feeser, math and science teacher in the 8th grade have resigned effective at mid-term. Both are resigning because their husbands are being transferred.

Supt. Cowan stated that he had several applications on hand and that the positions would soon be filled.

He also stated that the fourteen school buses were being painted the new yellow that is required by the department of Public Safety and that the job would be completed by the first of the year.

Mrs. Lon L. Moore, and daughter, Londa Lee, of Ada, Okla., visited Mrs. Moore's sister, Mr. Joe Bryant during Thanksgiving.

### Oil Field Bosses To Weed Out Commies

Our readers were no doubt shocked last week when they read of the Menahans radio station asking to be allowed to refuse communist time over their station. We'll bet that not one in a hundred knew we had a commy in a mile of here. But we have.

Here in the oil fields and right around your door step are two or three little embryo organizations of Uncle Joe's disciples. Most of them are field employees and one oil company superintendent said "You can tell every damned one of them by the way he works—they're all shiftless, lazy and crooked. They all want something for nothing."

Well, they'll get it when and if they get communism. The dumb kind we have out here will get a hoe and a place to use it. No cars, nor radios, no nothing—just work and no pay. That's communism for the dumb ones. It is only the Stains and their cliques that have the luxuries. The rest are slaves.

But you can't tell our local commies that. Being ignorant enough to want communism, they are ignorant enough to believe they will be cracking the whip. They can just picture what they will be doing and saying to their former bosses. But the joke will be on them. They'll be plucked of everything they have "for the great cause" and then they'll be right back where they should be now.

And that is right where a lot of them are going to find themselves before long for the oil companies are going to weed out the lazy, dumb and designing employees and replace them with men inclined to do a more honest day's work for more money than any communist Russian ever drew in a month or even in three months.

Yep, we've got communists right here in our community. And as the oil man said, everyone of them is of the type which would rather tear the community down to his level than to put forth the effort to climb up to the level of those around him.

Communism feeds on ignorance and greed. Remove those and there is nothing left in which communism can take root. —Seminole Sentinel.

### Social Security Man To Be Here

Elliott W. Odams, Social Security Administration Representative, will be in Brownfield at the U. S. Post Office at 9:00 a. m. on Thursday, December 18, 1947, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

Every holder of a social security card who reaches age 65 and the closest relative of a card holder who dies at any age, should get in touch with the nearest office of the Social Security Administration to avoid possible loss of Federal insurance payments which may be due.

### New Service Station Opens Saturday

Charley Beavers and J. L. Newson are opening a fine new—Phillips Station on Lubbock Road, next to the Rainbow Inn. They will have their formal opening Saturday. You are invited to call on them, and they will try to make your call worth while.

This station has just been finished and is very modernly equipped throughout, and two splendid young men are its proprietors.

### Don't Return Christmas Seals

Most every family in the Brownfield area are receiving from 100 to 200 Christmas Seals, which are worth 1c each; more if you feel like paying more. While you are under no obligation to buy these seals, you are not supposed to return them. In view of the fact that these seals sales are to raise money to fight the white plague, if you are financially able to pay for them, you should do so, even if you have to scrimp your Christmas purchases elsewhere. Pay for them. Every penny is used to fight tuberculosis.

Of course you may purchase commercial seals at most any store, and the merchant will be delighted to sell them to you. But they are no prettier than the Tuberculosis Association seals, and the latter will help some poor afflicted person.

Likely as not the merchant who sells you commercial seals has bought his share of TB Association seals. Briefly here is just a bit of statistics about tuberculosis:

Tuberculosis causes the loss of more than 40,000,000 man-days work each year in the U. S. A total of 20,000,000 man days are lost by patients in sanatorium and about an equal number by patients in tuberculosis divisions of general hospitals and by hospital and sanatorium personnel.

### Terry County Has Million Dollar Per Acre Land

From the front portal of our sanctuary, we have noticed, for the past several weeks, an increasing pile of dirt on the hillside corner of Herman's Gin lot. It was obviously of artificial build up, like the Republicans program, which naturally arouses suspicion. So having freedom of the press and inclinations of a congressman, we nosed over to investigate.

We found it to be extractions from cotton brought in, since a certain atmospheric oddity, known to non-residents as a sandstorm, some two months ago. A farmer standing nearby lamented that they paid \$2.00 per hundred pounds for gathering it up besides the ginning.

It is estimated a yard square, an inch deep would weigh a hundred pounds. There being 4840 square yards in an acre, amounts to \$15,000. A foot deep brings it to \$180,000 an acre. Two feet deep—well they might strike caliche in places and the market would dip. Oh, heck! let Clinton Anderson and R. W. Carlton figure it out. Still some people complain about inflation.

But what worries us is the eternal changing of our customs. We used to buy apples and bananas by the dozen, now it's by the pound. Most of us on account of prices by the half pound. Dressing by the yard, now it's so many yards from the sidewalk. When we tolerated all these, but when it comes to buying food by the calories and real estate by the pound, we give up.

### Sheriff Apprehends Runaway Youth

Sheriff Murry apprehended a 12 year old boy Tuesday on a down-town street, and restored him to his parents who had come after him.

The boy had been missing from his home in Lubbock several days and had been wandering around towns here with a large toy pistol. No charges were filed against him.

### First Baptist Pastor To Aid Campaign

REV. A. A. BRIAN

Dr. J. W. Marshall has announced that Rev. A. A. Brian, pastor of the First Baptist church of Brownfield has been released from his pastoral duties to give full time for the next two months to an intensive campaign to raise \$300,000 for emergency needs at Wayland College.

District convention president, Rev. M. J. Lee of Dimmitt, has authorized the campaign, and the Wayland College Board of Trustees has requested the Brownfield church to release their pastor for this important service.

Rev. Brian has already started this intensive program with several regular radio broadcasts from stations in Lubbock, Plainview, Amarillo and Clovis, N. M. Other radio stations will also carry this program.

The Wayland College Board requested the district missionary, Rev. Franklin Swanner and Dr. J. Ralph Grant, pastor of the First Baptist church, Lubbock to serve on the committee with Rev. Brian. —Wayland World.

### Last Rites For Crash Victims Held

Funerals were held Friday afternoon for J. P. (Jake) Cox and on Saturday afternoon for Larry Allen Drake, both of whom were killed in an automobile collision Wednesday of last week near Carlsbad, N. M.

Services for Cox were conducted by Rev. A. A. Brian at the First Baptist church at 4 o'clock p. m. A Guard of Honor from the local Veterans organizations, extended military rites at the graveside.

Services for the 13 year old boy, Larry Drake, were conducted by Elder Joe Chisholm at the Crescent Heights Church of Christ, at 2 p. m. Saturday. Members of the Boy Scouts of this city, acted as pall bearers.

Interment for each was made in the Terry County Memorial Cemetery. Brownfield Funeral Home, directing.

Mrs. Cox, the wife, and mother of the boy, with a younger son, Preston Drake also injured in the mishap, were brought to the local hospital Friday and are recovering.

#### Why Did Vets Drop Or Postpone Play

A few weeks ago, a woman called at the Herald office, and was highly indignant when she found that the Herald wanted something in return for labor and material it had to use, even if the proposed entertainment was intended to advance the Vets organization here. Nearly every soul except the Old He and the society editor were veterans, but they did not like the idea of working for nothing that a stranger might carry most of the proceeds out of the community.

For some unexplained reason, the matter was dropped—temporarily, we learned—and that is the last we have heard of the matter. But we have been reading area papers that come to our exchange desk about a similar scheme or the same one, as their descriptions sounds very much like the one that was proposed for Brownfield.

Our exchanges described one that happened in one of the towns which they had a paper, and stated that there was about \$600 net proceeds, and the strange woman went out of the town with two-thirds of that—\$400 for herself, and left the Vets with \$200.

In addition, this paper described the fact that local merchants were expected to pay \$12 for \$1.50 spaces, and that the newspapers were supposed to donate their time, the time of the hired help, as well as materials.

Then that paper asked: "Why couldn't the Vets have selected some local man or woman to direct a home talent play?" Or to put the matter another way, "why not go among the business men and ask for a straight out donation?" It would cost much less money and time.

Business men just do not have time to rehearse plays during the busy season, or hardly time to attend a home talent play. To again quote the paper mentioned above, "why ask local people pay a promoter a big salary to stage a play that they can themselves manage."

#### Cantata To Be Presented Sunday

The Cantata, "Christmas Bells," will be presented by the combined choirs of the churches in Brownfield, Sunday December 14, 7:30 P. M.

"Christmas Bells" is one of the most beautiful and tuneful of all the Christmas Cantatas, and will be presented under the direction of Homer S. Newman, director of music of the First Baptist church, with Elizabeth Herod at the piano. The public is cordially invited to attend and may be assured of an enjoyable evening.

The cantata will be given in the First Methodist church.

#### Minister Agrees On Christmas Spelling

Rev. J. N. Hester, who on account of ill health retired from the pastorate of the Brownfield Methodist Circuit about a year ago, dropped in this week to say that he fully agreed with the article in the Herald last week in which we stated that Christmas should be spelled out—no abbreviation.

He also stated that he had built quite a nice little cottage across the draw on 7th street, partly reconstructed from an old dwelling and stuccoed.

Mr. and Mrs. Delbert Swindle, of Albuquerque, announce the birth of a daughter November 20th. The infant weighed 6 lbs., at birth and is named Francine. Mr. and Mrs. Swindle are former residents of Brownfield.

#### Christmas Is Right Around The Corner

Have you finished your Christmas shopping? If so, you are a very lucky, not to mention unusual person. Have you done any of it? If so, you are making a good start, and ought to be finished by this week end. If you have done none—brother, sister, you are sure laying down on the job that will give you and the clerks just cause for a sick headache some of these days when you really get ready to shop.

We have talked with a number of local merchants of late, and while they are fairly well stocked on some items here in Brownfield, there is still a considerable item of scarce goods yet. And despite back orders, if you have not shopped any, it is going to be increasingly difficult to fill your list. Why not really start today.

Let us drop a gentle hint to town people. Remember that the town is overrun by farm folks and their cotton pickers on Saturdays, making shopping in any store increasingly difficult. The merchants and personnel are doing their deal level best, but there is a limit to human endurance.

So, why not us town folks do our shopping early in the week, when clerks have more time? Sometimes we see the farm folks in late at night doing some shopping, as you are quite lucky to be able to get waited on Saturdays until far into the night. Even rainy days are no time to catch clerks at anything like leisure.

We will not only make it easier on ourselves, but on the merchants and clerks if we town folks will do our shopping early in the week and leave a clear opening for farm families and their help when they come in Saturdays or on rainy days.

The Christmas Holidays are supposed to be a time of good cheer, good will and good neighborliness. In view of that fact, let's take the advice of the Boy Scouts and "do a good turn each day." We can make the Christmas season pleasant for the clerks, or we can by our meanness make things miserable for them.

Let's try to do it to others as we would have them do unto us.

#### Husband of Local Girl Dies In Maryland

Roger W. Clapp, husband of the former Nell Ruth Smith, daughter of Mr. and Mrs. Jesse Smith, well known farmers of this county, died Thursday night of last week, in a Baltimore hospital following a long illness. Burial in a Baltimore cemetery last Sunday afternoon.

Clapp, 34, was stationed at the Lubbock Army Air Field during the war as a ground officer, where he met Miss Smith, a teacher at Lubbock at that time. Maryland was the old family home of the deceased.

Mrs. Smith and Mrs. Esther Ruth Allen of Sudan, mother and sister of the widow, were at his bedside when death came. He left no children.

#### Victims of Car Crash Recovering

Mrs. J. P. Cox who received serious injuries in an automobile collision Wednesday of last week near Carlsbad is recovering in the local hospital. Her husband, Jake Cox and her 13 year old son, Larry were killed in the accident. Another son, Preston was only slightly injured.

Attending the dinner were Messrs. and Mesdames Meyers, Jack Griggs, Gene Gunn, John Butler, Ed Garnett, Dr. T. H. McIlroy, Rev. J. Preston Murphy and the two visitors.

It has been a rule of the Navy for many years to discard its war vessels that have reached the end of their usefulness and supplant them with newer ones, with later developed equipment. The great Battleship Texas, scarred in battle action of World Wars I and II, has been declared "surplus" and is to be scrapped. Sometimes this is done by using it as a target, or selling it for junk.

The Navy has offered to give it to Texas, if the State would provide it a nesting place. A great move is now under way by patriotic Texans, to accept it as a shrine and memorial to its gallant dead of the two wars. It is proposed to anchor it near the San Jacinto monument where it may be visited by the Public. To prepare the ground and initial maintenance will cost about \$225,000. This sum to be raised by public donations in which the school children are to lead.

The Junior Chambers of Commerce throughout the State including the local Brownfield Club are assuming the task of aiding in the project.

The local club is selling tickets for a few cents each and are to soon procure pictures and records and make a drive to put old Terry's name in the pot. Dr. W. A. Roberson is chairman of the committee, with Lester Buford, M. V. Loyd and Clyde Bond, Jr., to further the cause.

An assembly of the school students is to be held soon. It is necessary to raise all funds by January 1.

#### Better Mail Christmas Cards First Class

Postmaster James H. Dallas today emphasized that your cheerful Christmas greetings won't come to grief in the Dead Letter Office this year if your Christmas cards are sent by first-class mail, which entitles them to both forwarding and directory service.

"Each year we have to destroy a large number of beautiful Christmas cards because they are incorrectly addressed and carry only third-class postage," the Postmaster said. "We are sorry to do it, because we know each of these cards is intended to convey Christmas wishes to a special friend, who will be disappointed and puzzled at not receiving a card."

Postal regulations, of course, are the explanation. They do not require that more than one effort be made to deliver third-class mail because it is being carried at a lower postal rate. So if the address is wrong and there's only a 1 1/2 cent stamp on the envelope, your carefully selected Christmas card is carted back to the Post Office and dumped unceremoniously into the dead letter bins.

Undeliverable third-class mail is not returned to the sender, so you never know whether some of your Christmas cards go askew—and whether that's the reason Aunt Lilly suddenly stepped writing to you after last Christmas.

#### Girl Scout Workers Visit Brownfield

Miss Ola Beckett, of Dallas, community advisor of the Cactus region and Miss Melvina Jarratt, of Lubbock, area executive secretary, were in Brownfield Tuesday evening. During their visit several met with them at the La Mecca at 6:30 p. m. for dinner and a round table discussion of the Girl Scout program.

Attending the dinner were Messrs. and Mesdames Meyers, Jack Griggs, Gene Gunn, John Butler, Ed Garnett, Dr. T. H. McIlroy, Rev. J. Preston Murphy and the two visitors.

A large crew of men, who apparently are satisfied with the wages paid them by the city, are constantly engaged in trying to keep the town clean and in approved sanitary condition. These men were not picked because they had nothing else to do. They are practically all, if not all home owners themselves, and we personally know that most of them have always took pride in keeping their own premises clean, and the flowers and shrubbery in fine condition.

Therefore, it is no wonder that these men, taxpayers themselves, take pride in keeping the old town as neat as possible. Up until a few years ago, most of the time there was a lot of paper blowing around over the streets, and the alleys were everything else but presentable. Then the city fathers thought they had better do something about the matter. To be sure, the health department jogged their memory on the matter some, and for the past several years, a full force of men have been on the job every day and sometimes at night, six days a week.

Daily the streets and alleys of the down town section are cleaned. And two or three times weekly the refuse of the residential section gets a dose of the same medicine. Residents are told to put the stuff in their garbage receptacles, and not try to burn it, for two reasons. First, it creates a fire hazard, and secondly, the smoke and odors are not always pleasant.

Going back to the several years ago we spoke of, at that time there was not only a lot of nasty smelling stuff up and down the alleys, but there was a raft of flies swarming around each one of them. During the past summer, a fly was almost as scarce in the residence area as a June bug in December and very few downtown. It was not because the flies had suddenly decided to spend the winter in Florida, or the summer in some mountain retreat, but the boys with the steel paper hauling wagon and the broom had eliminated their breeding places. Not only that, but these boys carried some deadly spray guns around with them, and polished the few live ones off.

To make the matter better, and leave no unsightly trash piles of breeding places for flies, the county employed men not only to keep the grass cut, but to keep all the paper picked up off the lawn around the court house.

Right now the boys are having a pretty hard job of the business with thousands of cotton pickers in weekly, who scatter wrappers of candy, food and what have you to the four winds, and the four winds do the rest.

So, just before Christmas, we think the boys that see to it that we have a clean town, deserve a big hand from all of us.

#### O. E. S. Hold Friendship Night In School

The Order of the Eastern Star met at Jessie G. Randal school Tuesday evening for a Friendship night with visitors from the chapters in Levelland, Sundown, Lubbock, Spur, Kermit, Meadow, Plains, Denver City, Seagraves, Seminole, Lamesa and Tahoka present.

After the regular meeting the acting officers of the visiting chapters were honored in a friendship program and presented with gifts and bouquets of roses.

Spiced tea, cake squares and mints were served from a refreshment table laid with a white damask cloth and lighted with red candles. The centerpiece was a miniature Christmas tree decorated with tiny white bells and red satin bows placed on a mirror reflector. Mesdames John Portwood and J. R. Wright presided at the silver tea services.

One hundred and fifty were present.

Mrs. Bill Redford, Rebecca Ballard and Bill Linder visited Mr. and Mrs. Ben Monnett in Pampa Sunday.

Newsprint is getting both higher and heavier. Newsprint paper such as the Herald is printed on, is supposed to be on a basis of about 14 pounds per 500 sheets of 17x22 paper. But the paper some of the dailies are getting these days will come nearer weighing 18 to 20 pounds on the same basis than 14. When we pick up some of our dailies with 24 pages of late, we would guess off hand that they had nearer 32 pages. It appears to us that the newsprint manufacturers could make the low available supply go much farther if they would cut the weight. But—and here's the rub—paper is sold by the pound or ton. Get it?

Most of us have little trouble remembering where we were six years ago last Sunday, December 7th, when the Japs made their sneak attack on Pearl Harbor. Some of us had relatives, or at least friends there; we had a brother-in-law in the navy there, as well as his wife. Both escaped. But there was one family at least, here, who mourned the loss of a son and brother. Personally the writer and wife had spent the week end in Brownwood, and that morning had made an auto trip throughout Camp Bowie without

being stopped anywhere. We learned after arriving in Sweetwater on the way home, that the Japs had made the attack. There were a lot of soldiers there who were training at Abilene and other places, who had been ordered back to camp post haste, and they were sure thumbing rides just outside Sweetwater. A bit more was learned at Snyder and Post, and upon arrival at home, of course we glued our ears to our radio—far into the night. You readers, probably all had a similar experience, for likely you too were out, as like last Sunday, that was Sunday too.

President Truman and the State Department make it appear that they are afraid they may insult Russia if they cut machinery shipments and probably airplanes from that benighted country. This all brings to mind a very "diplomatic" umbrella carrying Englishman back in 1939, who tried to appease one A. Shicklgruber. Also, we are reminded that no democratic nation could deal with Old Muss down there at Rome. What progress, if any, are we making with Franco of Spain or old Pothooks Tito the Bohunk. We are not so dumb as to forget we read in history that we studied about a guy named King George IV, of England, with whom the Revolutionary fathers of our country had to tangle for eight long years to cut his grabhocks out of our country. Right recently it has been learned by the general public that old Hirohito of Japan knew all about and encouraged the attack on Pearl Harbor. Perhaps the brass have been onto it for some time. With all this in mind why it is that our government can not learn that you cannot deal with dictator nations, and that the only course is to have nothing to do with them—and keep your powder dry.

Sometimes we think the United Nations meeting up there at Lake Success do things more on impulse like a bunch of Cub Scouts than grown people. Recently they voted to partition Palestine between Jews and Arabs, two races that have much in common as to race and kin, but totally different in religion and otherwise. The UN voted this partition knowing full well what would be the consequences, and on top of the fact that England, who had the only troops there, was against the measure, and had already declared she was withdrawing all

troops in the near future. At the same time, even a small boy should have known that the UN did not have a platoon of troops, not a gunboat, or even one out-moded War I airplane to enforce its ukase. It looks to us like a foolish move of the majority of the UN to silently invite Russia in to take over the near and middle East. Watch for the fire works. We are not trying to say the step was wrong, but UN should wait until it has some military force to carry out orders.

Most of us have had more or less headaches trying to work nuts who can't let liquor alone long enough to attend to their business. Sometimes we have help that are well educated and really talented, and could hold the best of jobs on larger papers. But the larger papers can and do get sober, industrious help, and let the soaks go the way of all flesh. The sots then join force with some of the smaller papers, even weeklies, and for a few weeks they do fine. But the love of liquor has already made its enroads and like a dog in the story, return to their vomit. Poor, pitiable, weak creatures, with no control of their life or body.

## Old 1940 Paper Has Interesting Story

Last week the force was cleaning out in preparation to shipping some old wooden cases and stands, when an old yellowed Herald printed February 23, 1940, was found under them. That shows you what a lot of good housekeepers we have had here for the past—nearly 8 years. But that musty old paper was very interesting in many ways. Some not so good. For instance it recorded several deaths, J. W. Lasiter, and Grandpa Baldwin, the latter being 94, among them.

Charley Baker was killed in a collision with another car near Monroe, north of Lubbock. Also noted the passing of Charley Freeman, 55, here in town, and P. W. Smith of Tokio. Some 30 candidates had announced for office, and a picture of Harry Hines was on page one as a candidate for Governor. Well, we could have seen one just like it had we taken the trouble to look in the vault.

Another thing we had almost forgotten was the blizzard of the week before described as the worst since 1917. All east and west highways and roads were blocked with drifts of snow, some said to be 16 feet deep. The Santa had run rescue trains up and down their lines to pick up stranded motorists. A compress truck crew was stalled between Brownfield and Tahoka, and they went back to Tahoka. Supt. A. D. Repp, in his car made it into Brownfield.

**About High Cost of Living**  
Now up at Washington they tell us prices have advanced only about 68 per cent. But we are going to give you some grocery figures that were printed in that issue. You be the judge. Let us say that our groceries, some of which are still in business here had no more to do with advancing prices than you or me. In fact, we suspect they are selling many items on a narrower margin today than in Feb. 1940. Here they are:

One groceryman was quoting Folgers coffee at 24c lb.; hominy at 5c can; potted meat 2 cans 5c; another brand of coffee 14c; dry salt bacon 7 1-2c; pure pork sau-

## Tech Judging Team National Champs

Texas Technological College crop judging team took first place in the National Inter-Collegiate Grain judging contest in Kansas City, Mo., and a team member, James Walter Patrick, took high individual honors.

The Texas Tech team scored 4,917.2 points of a possible 5,400. Other teams in the contest were Oklahoma A&M, Kansas State, Texas A&M, Michigan State, South Dakota State and Penn State.

Patrick, whose home is Quitaque, made 1,700.2 of a possible 1,800 points to take first individual honors. He won first in identification and crop judging contests and third place in commercial grading.

George Dodson and Ray Douglas of HSU, Abilene spent the Thanksgiving holidays with Ray's parents, Mr. and Mrs. C. Y. Douglas of route four.

sage 7c, and Swift's premium bacon at 24c.

Another quoted 10 lbs. spuds for 15c; soap 6 bars for 20c; milk 3 large or six small, 20c.

Another groceryman quoted Texas oranges at 6c per dozen; sugar, 10 lbs. 45c; Crisco 3 lbs pail 49c; butter 29c and oleo 10c lb.

Still another quoted 48 pounds of flour at \$1.25 and pork chops at 12 1-2c per pound; salt jowls, 5c and dressed hens at 18c lb. Carrots 3 bunches for 5c.

J. B. Knight had used almost three-fourths page to tell the readers that he had just received a solid car load of Servels. Could he get that many today?

Now let us have a look at the other side of the picture. Hogs and cattle were bringing from 4c to 6c per pound, cotton around 10c, and everything else in proportion. You may have your choice, dear reader, like it is today, or back to 1940. But whatever your desire may be, you'll lack a heck of a lot changing matters just now.

WARTIME-QUALIFIED CADETS MAY BE reinstated. Wartime qualified Aviation Cadets whose hopes for pilot training with the Air Force were ended by the curtailment of the Aviation Cadet Program in 1944-45 may be reinstated, Billie J. Stephens, Recruiting Sergeant said today. The United States Air Force estimates that there are approximately 35,000 young men who had qualified for Aviation Cadet pilot

training during the war who were either awaiting assignment to or actually undergoing flying instruction when the program was curtailed in 1944 and 1945 because of the successful progress of the war, he said. The acceleration of the Aviation Cadet Pilot Training Program to a total of 3,000 Aviation Cadets during 1948 will make it possible for the Air Force to fulfill its obligation to many of these men who volunteered during the war.

Men in this special category, Sgt. Stephens said, may be reinstated merely by passing the required physical examination, if they are unmarried, between 20 and 26½ years old and have had two or more years of satisfactory college study. Formerly qualified cadets interested in resuming pilot training should write direct to the Headquarters, United States Air Force, Attention: Aviation Cadet Section, Washington 25, D. C. for information and instructions.

FORMER ZILPHA GIST DIED IN CALIFORNIA. Few others than real old timers will remember Zilpha Gist as a small girl, daughter of Mr. and Mrs. W. H. Gist, prominent settler of the Needmore section, and at one time County Commissioner. Zilpha, who went to California with her parents, and later married John O. Marvin, died recently and was buried at their home town cemetery, at Pomona. Mrs. Marvin paid a visit to old

friends here several years ago, the only time we remember her visiting here since the family left in 1913. However, her eldest brother, Brock, who married the eldest daughter of Mr. and Mrs. Noah Bell, will be remembered by many, as they did not move to California until up in the twenties, and make casual visits back here yet. Zilpha was born in 1897 at Frisco, Mo., and the family came here when she was just a child.

"Milestone Model" and the Men Who Made It

Twenty men whose combined crafts and skills are representative of the myriad trades contributing to production of a motor vehicle, pose at Flint, Mich., with a "milestone model"—the 20,000,000th unit produced by Chevrolet in its 35-year history. From the engineer with his designs and blueprints, to the polisher with his buffing tool, from the chemist to the hooded welder, these are the men who keep the nation's traffic arteries humming. Despite production difficulties, Chevrolet has produced its latest million cars and trucks in almost exactly a year.

# Glena Winston Reports On Los Angeles Trip

We were to board a plane, a Braniff, at the Lubbock Airport Monday November 17. James T. Bowman, Mrs. James T. Bowman my mother and myself to Lubbock to eat breakfast at the Hilton Hotel with Mr. Hiram Parks. But when we got to the port, we could not take off on account of the fog. So Mr. Parks consented to take us to Amarillo where they said the ceiling was high enough for planes to land.

For traveling, I was wearing a brown, green and tan striped suit of botany wool, soft green crepe blouse, brown toque felt

hat with tan, grey and brown pon-pon. My purse was dark brown leather, my gloves dark brown. This was a part of the \$500 wardrobe furnished by The Go're Fashion Shoppe.

We took off from Amarillo at 1 o'clock the next evening and arrived on Los Angeles at 7:45, by TWA. Save for being a little airsick, the trip was thrilling. We were a day late, but went to the Town House located on Wilshire. This was a lovely suite of five rooms. We found two lovely bouquets of flowers in our rooms, sent there by Mr. Parks and Mr.

Linn Unkerfer, a friend of Mr. Parks who was to entertain us.

We went to Ciro's a night club for dinner at 8:30. Now we had to hustle to make this engagement. I wore a brown and gold combination dinner dress for this occasion. It was styled with a bustle back and ripples draping the sides, and made of crepe. I wore brown accessories, and a sapphire pin.

My escort for the evening was Walter Reed, a very nice fellow. He had just returned from Mexico making a picture. There were about eight in our crowd that night, Mr. and Mrs. Unkerfer, Mrs. James T. Bowman, Mr. Jerry Berry, mother and three friends of Mr. Unkerfer's.

We saw Kay Thompson and the Four Williams Brothers. Well they were so good, we saw the show twice. We didn't get too much sleep that night. But it was a wonderful evening. We saw Ann Sothern, Charles Russell, Eve Arden, Jack Carson, Joan Davis, Toni Martin and Gen. Meyers. They were all better looking, than on the stage.

Next day we ate breakfast in Cape Cod Room of The Town House. It was an antique looking room, with brass decorations. We had lunch at The Brown Derby, with Mr. Conrad and Mr. Alingsby of the NBC. I wore my grey gabardine suit, with dark brown accessories. We ate the famous Cobb salad, with our lunch. We saw Red Skelton, Joan Leslie, Gildersleeve and the Lone Ranger. I couldn't eat for gasping and twisting my neck to see every-

thing. I guess they knew I was from Texas. One of the men asked me if I really liked Hillbilly music?

At two o'clock we were guests of The Hunt Tomato program, "Whats doing Women." They gave away gorgeous things, it was so exciting.

At 8:15 we went to dinner with Mrs. Unkerfer at the Town House in The Zebra Room. It was such a beautiful place. I wore a black crepe dress, trimmed with black lace.

We were guests of Mr. Crawley, manager of The Town House at 9:00 p. m., when we went to The El Capitan Theatre. This is Ken Murray's Blackouts. Now this was the funniest and most entertaining show I have ever seen. It was a variety show, with Marie Wilson the star of movies as leading lady.

As you know, Friday we were guests on the Tom Breneman's Show at 9:00 a. m.

On this program, I was interviewed, gave one hundred pounds of bacon to Tom Breneman from Brownfield, Texas. We had pictures made of all of us, and then I had my picture made with Tom Breneman. It was all so thrilling.

At eleven o'clock we were guest of "Bride and Groom" program. This was a lovely program, such a lovely couple to get married and they were given such lovely things. After the ceremony, I caught the bride's bouquet. Now this was exciting. I was interviewed and hope to get a record spot to play for those who wish. We had pictures made with John

Nelson, the master of ceremonies. He was a grand fellow. This program takes place in the El Morocco Hotel.

We ate lunch with Harry Mines at the Green Room at Warner Bros. This Mr. Mines is publicity manager for Shirley Temple. Mr. L. Poole took us on the set where Betty Davis was making "Winter Meeting," with Jim Davis as her leading man. We had our picture made with Mr. Davis, he was from Texas, and was so friendly, and plenty handsome. We also saw Janis Page. Saw sets for "Adventures of Don Juan," Errol Flynn picture, but didn't see him at this time.

Saw the sets for "Mr Blanding Builds His Dream House," a Cary Grant and Myrna Loy picture. We saw Cary Grant at the Green Room, met Robert Ryan and got his autograph and had a friendly talk with him, as he was from Texas. He is plenty good looking. We saw him and Merle Oberon making a scene on the "Berlin Express" picture. Saw Rosalind Russell with 750 extras making a scene of "The Velvet Touch" with Leon Ames. This theatre costs \$100,000 to build. We saw one whole street scene of the picture, "I Remember Mama," of San Francisco. We saw the miniature room, the music room where the music is made to fit the picture. We went into the property room, saw beautiful and costly paintings and such valuables unheard of.

We went to Earl Carroll's Night Club for dinner and the show. My escort was Eddie Reed publicity agent for the Santa Anita race

track. Mr. and Mrs. Unkerfer, our most perfect host and hostess, were with us. This is the theatre of the most beautiful girls.

I wore my black outfit, this last evening. We all had gardenias given us by Mr. Unkerfer. They were lovely. This was the most lavish, the most gorgeous show I ever expect to see. We had pictures made and enjoyed a delicious dinner.

We left California Saturday morning at 7:15 and saw the football game between the University of New Mexico and Texas Tech. We arrived home Sunday night at eleven o'clock, coming home by plane.

I would like to thank everyone that voted for me and made me queen, which I shall treasure all of my life. I want to thank The Go're Fashion Shoppe of which Mrs. J. T. Bowman is owner, for sponsoring me, for the lovely wardrobe she furnished me. Also the Beta Theta club, chapter of Epsilon Sigma Alpha sorority, The Rotary Club for staging the Festival, Mr. Hiram Parks for the lovely trip, Cave's Variety for my luggage, Nelson Jewelry for the lovely hand tooled hand bag he gave me. I want to thank the Cinderella Beauty Shop for Beauty Treatment and services they rendered me.

It was all too wonderful to put into words. I want to thank you from the bottom of my heart.  
Glena.  
Mrs. May Gafford of Woodson, Texas was a week end guest of Miss Doris Lang.

## HOSPITALITY CENTERS 'ROUND PUNCH BOWL

NOT only for your New Year's Eve party, but for all your holiday festive evenings, there is nothing nicer and easier to serve than a fruit punch. With it pass small sandwiches, the popular Anise drops, cookies and, of course, fruit cake cut in tiny squares.

Perhaps you have a recipe for a fruit punch that is a favorite with your family. Try adding sparkling water to it to give it a new flavor and pep. It is important to have the sparkling water well chilled, and be sure there is plenty of ice in your punch bowl. A punch that should be served cold and is allowed to become warm is insipid. Here are two excellent holiday punches you might like to try.

**Cranberry Punch**  
1 cup sugar  
1/2 teaspoon ginger  
1 cup boiling water  
6 lemons, juice  
2 cups cranberry juice

1 quart apple cider  
1 quart sparkling water  
Combine sugar and ginger. Add boiling water; bring to a boil; stir until sugar dissolves. Cool. Add lemon juice. In punch bowl combine sugar-lemon mixture, cranberry juice and cider. Just before serving add ice and sparkling water. Yield: 25-30 punch cup servings.

**Apricot Ambrosia Punch**  
1/2 pound dried apricots  
1/2 cup honey  
1 cup orange juice  
1 cup lemon juice  
1 cup apple juice  
2 quarts ice-cold sparkling water

THE **TOY CARNIVAL** IS OPEN  
Santa Claus IS ON HIS WAY

Again this year we advise an early selection of the kind of gifts boys and girls like best... things they can use and play with all year around. Bicycles, velocipedes, doll buggies... in fact all metal wheeled goods are still on the hard-to-get list. We think we have an ample supply of most of these things, yet—in order to make sure of the gift of your choice, come in early, make your selection and we'll be glad to lay it away for you.

### Veteran's News

The Veterans Administration has announced that prima facie evidence will not be accepted as sufficient proof for veterans to establish service-connection for medical and dental treatment after December 31, 1947.

On this date, veterans will have had a full year after the President announced the end of hostilities in which to secure treatment on the presumption of service-connection, based on prima facie evidence.

VA takes the position that this should have been ample time for emergency or clearly defined service-connected cases to have received treatment.

The discontinuance of determination on prima facie evidence in no way denies veterans any rights they are granted by law, nor does it limit services given those whose conditions are rated as service-connected.

Applications for treatment received on or before December 31 or after that date with a December 31 postmark, will be determined on prima facie evidence. After December 31, applications will have to be formally adjudicated under the Regulations before treatment other than emergency can be given.

This ruling in no way affects

### Texas 4-H'ers Win Chicago Trips

**SUPERIOR** records of achievement in 4-H Clothing, Garden, Girls' Record and Tractor Maintenance have won 1947 state championship honors for four Lone Star State club members. Each receives an all expense trip to the 26th National 4-H Club Congress in Chicago, Nov. 30-Dec. 4. The winners, who were selected by the state club office, and brief outlines of their records follow:

Louis Muniza, 15, of Wharton, is the state winner in the 1947 4-H Tractor Maintenance awards program. His Chicago Congress trip is provided by Stanolind Oil and Gas Company. He has been a 4-H'er for four years. His record shows that he has instructed other 4-H club members in lessons on tractor maintenance. Louis has found that a tractor with proper care and operation results in greater efficiency, more dependability and lower costs. He uses his tractor in the work on his father's farm and in carrying out his corn and cotton projects.

Helen Kolaja, 17, of Damon, is the state's top 4-H homemaker in 1947. Her achievements during seven years in club work as shown in the National 4-H Girls' Record activity include preparing and serving 600 meals, sewing, making over or mending 86 garments, and canning 3,617 jars of foods. Helen also made 45 home improvement articles. In five years of gardening she raised enough vegetables and fruits to can 2,917 pints valued at \$769.25, and store, 23,514 pounds of vegetables for home use. She helps with milking, butter churning, cheese making and keeps a record of the stock. Helen has made 125 exhibits and was named grand champion exhibitor at Houston Youth Fair last year, winning a \$100.00 scholarship. Helen has won many awards, including \$261.25 in prize money. Her estimated total income from all her 4-H projects is \$3,064.32. Her Chicago trip award is provided by Montgomery Ward.

Ella Keith, 18, of Whiteface, a club member for seven years, was named state winner in the 1947 National 4-H Clothing Achievement activity for having the top ranking record of sewing, making over or mending 179 garments for herself and other members of the family. She also made rag rugs, quilt tops, curtains, dish towels, pot holders and many other things for the home. Ella made a scrapbook of costume history going back to 2000 BC. She has won many awards, including \$94.30 in cash prizes and has been junior leader of her club for four years. Her Chicago trip award was provided by the Educational Bureau of the Spool Cotton Co.

Henry Schacht, 17, of Lockney is the state winner in the 1947 4-H Garden Activity in which Allis Chalmers provides the awards. His record shows that during eight years of club work he raised 2 1/2 acres of garden, from which 257 bushels of vegetables were produced. His garden exhibits won many prizes, including \$50.00 in cash prizes. Henry sold \$1,089.11 worth of his garden vegetables after his family requirements had been met. He served his club as junior leader for three years and is now a freshman at the Texas Technological College.

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating

### City Installing New Engine

Under the personal supervision of a representative from the factory, the 70-ton engine for the city's light and power plant is being set on its foundation, at the plant.

A huge dynamo is also to be set up, which may take weeks yet before they are in service. The new engine develops 1600 horsepower.

### Santa Fe Railroad Makes Much Progress

Recently we received a nicely edited, illustrated and printed brochure. It was printed on a fine stock of book paper, and was interesting reading matter from cover to cover.

We might also mention the fact that we have received our 1948 Santa Fe Calendar. It is quite a departure of the past few years, as no Indians are in the scenery. It is a very beautiful painting of San Francisco mountains in Arizona, looking from foothills across a beautiful valley to the mountains in the distance.

### BROCKS HERE ON VISIT RECENTLY

Mr. and Mrs. L. L. Brock of Roy, N. M. were here recently visiting relatives and friends. L. L. dropped in to get his papers up another year although it lacked several months being out. And of course he just wanted to chew the fat with us a bit. Both of us are kinder turned that way.

He says he is doing nicely on his ranch, but the burden of his conversation was the amount of progress made in this area. Says he: "Jack, you that are here all the time just can't realize the progress that is being made on the south Plains of Texas."

### GIRL SCOUT ASSOCIATION HOLDS GENERAL MEETING

The Brownfield Girl Scout Association met in the Presbyterian church last Monday for a general meeting which included the board of directors, troop leaders and committee members.

Reports were given from the chairman of the registration, and program committees and Mr. Wilgus, treasurer, gave a financial report.

The national project for Girl Scouts for the coming year is to send 100,000 clothing kits to needy children in Europe and Asia. The Brownfield troops have planned to carry out their share of the project.

We had a letter this week from our two little friends, Jonelda and Becky Oakley, down at Kermit, Texas, addressed to Daddy Jack. As this is their old home, they want their Santa Letters in the Herald. By the way kids, we are going to hold your Santa letters until next week and maybe some others will join you.
