

# Oil Belt League Schedule To Be Announced At Sunday Meeting

The 1948 schedule of the semi-pro Oil Belt baseball league will be announced and other plans for the April 18 opening made here Sunday at a luncheon meeting at the La Mecca cafe. Attending the luncheon will be league officials, two representatives of each of the eight teams in the circuit and newspapermen.

Teams participating in this season's flag chase will be Seagraves, 1947 pennant-winners; Lovelland, Sundown, Slaton, Post, Littlefield, Brownfield and Denver City. Games will be played every Sunday with the season ending Aug. 29. The four top teams will compete in a Shaughnessy play-off for the league title.

In addition to the schedule, other business to be taken up at Sunday's meeting will include rosters, umpiring, eligibility, etc.

Most of the eight teams in the league began spring training Sunday afternoon. The Brownfield team worked out at the Cub football field, with more than 20 candidates reporting.

Work on the local diamond, which will be constructed on Texas Compress property at the Levelland "Y" will begin Sunday and the ground is expected to be in good shape for the opening of league play.

Harold Crites has been elected manager of the Brownfield entry, for which a name is being selected in a contest sponsored by the Wilgus Corner Drug, sponsors of the team. E. W. Wilgus, owner of the drug store, is vice-president of the league.

Candidates for the Brownfield squad, expected to be limited to 15 men, are:

Crites, outfielder; Wayland (Monk) Parker, first baseman; Buster Hicks, catcher; Dunc Warren, outfielder; Blue Graham, pitcher and infielder; Paul Bish, pitcher; Winford Shewmake, pitcher and in fielder; Lester Warlick, infielder; Prentice Walker, infielder; Leroy Grawunder, infielder; J. O. Burnett, Jr., first baseman; Bayd Miller, outfielder and infielder.

Alvin Vineyard, infielder; Willie L. Coor, outfielder; Teel Rogers, outfielder; Walter Gandy, infielder; Denver Kelly, catcher; R. C. Morton, outfielder; Bunk Stice, outfielder; A. R. Isaacs, infielder; Dalton Warren, pitcher and outfielder; John D. Moorhead, catcher; Pat McMillan, outfielder; O. G. Crutcher, infielder and Mutt Rogers, catcher.

## We Have Wrecked And Sold Our Training Camps

Several times the Herald has stated in these columns that it did not look wise to us to sell for a song in many instances, all our many training camps in Texas, or over the entire nation. But the most of them are now just empty space.

Now the powers that be at Washington are not only talking of reinstating the draft temporarily, but passing Universal Military training law. For some reason hard to figure, we have thought all along that we were not ready for total disarmament. So its build more training camps.

As soon as the UN began to meet, and Russia began using its veto on almost every proposition, we decided we were a long way from world peace. Russia has not at any time during her history been friendly with any nation. She has been hermitish. They don't savvy reason. A show of force is the only language they understand.

## Summer Round-up To Be Held Next Week

The Jessie G. Randal PTA, working in cooperation with the county health unit, will conduct the summer-round-up, for pre-school children at the Randal school March 22 and 23. Mrs. Irene Griffith, county health nurse will conduct the clinic and the examinations are free. All parents having children who will enter school next year should take advantage of this opportunity.

Children whose last name begin with A through G will be examined Monday morning beginning at 9 A. M. Those whose names begin with H through L will be examined Monday afternoon at 1 P. M.

Tuesday morning at 9 A. M. those whose names beginning with M through Z will take the examination. There will be no clinic Tuesday afternoon.

## A Native Son Returns To Scene of Childhood

Dr. Wade Banowsky, was here Tuesday checking up on the vocational educational section of our public schools. Wade works for the State Board of Education as examiner, and makes his home in Fort Worth. Prof. Covert, local vocational man accompanied him to the Herald office.

Wade was born some 37 years ago in what was then the first addition, but now more correctly north Ninth street, and just about the end of it, where it goes into the draw, and better known as the Hastings property. The Banowsky family were near neighbors of the Stricklins, as only a few families lived in the first addition.

His dad, R. H. Banowsky, along with the late E. T. (Dock) Powell, were early day merchants here, and continued to live here until the oil boom around Wichita Falls about 1920, when they moved there and later to Abilene, as the elder Banowskys found some of the children getting ready for college, and selected Abilene for that reason.

In the late 'teens a can of gasoline was accidentally exploded in the Banowsky home, destroying it and burned the eldest girls, then about 6, that she died two days later in a hospital at Post, Texas. She was buried in the old cemetery, and Wade wished to visit her grave.

So, the above is a brief sketch of a boy who was born here in the pioneering days, who stated that he could find nothing here now as the town has changed so much. There used to be a cutlery manufacturing firm known as Wade & Butcher. We sometimes gave Wade both names which was very confusing to the youngster, and we sometimes thought he didn't appreciate it too much. His parents also lived in Fort Worth, and his dad told him to be sure and call on us.

But we are glad to see this young man go up in the world.

## Tech Sets Up 12-Year Crop Rotation Plan

Texas Technological College has set aside 160 acres of land, previously used for pasture, for a long range series of crop rotations and soil treatments, part under irrigation and part dry land, it has been announced by Dr. A. W. Young, head professor of plant industry.

A 60-foot Pacific land leveler with a nine-foot blade is now being used to level two 60-acre plots, preparatory to irrigation. This equipment is being provided in this territory for the first time, Dr. Young stated, and any person interested in renting a similar leveler will probably be able to secure further information about it from his county agricultural agent.

A 12-year period of crop rotation is planned for one of the 60-acre plots, the professor stated, with the land being planted to alfalfa, cotton, grain sorghums and small grains. The other irrigated plot will be seeded with cotton, grain sorghums, small grains and clover. Chemical tests will be run each year to determine soil fertility changes caused by the crops and by various fertilizers.

Forty acres will be farmed dry land with cotton, grain sorghums and small grain. One portion will be fallow each year. Chemical tests will also be run on soil in this plot to determine soil fertility and changes following each crop, but no fertilizer will be used on dry land.

Principal purpose of the rotations will be for class instruction, Dr. Young stated, but information derived from the work will be available to all interested persons.

## West Ward PTA To Sponsor Show

The West Ward PTA is sponsoring Zogi, the Magician, Tuesday March 30 at the High School Auditorium.

There will be a student matinee in the afternoon and an evening performance at eight o'clock for the general public.

Proceeds from the show will be used to pay for a piano for West Ward.

Mrs. Ame Flache returned Friday from a two weeks visit with her brother, C. W. Mitchell in Brownsville, Texas.

## Farmers Implement To Stage Free Family Show

Next Wednesday is the date set for the big International Harvester Family Show, to be staged here under auspices of Farmers Implement Co., IHC implements and farm machinery. Everyone is invited to see the show which is absolutely free, and will be staged at the Rio Theatre, beginning at 8 P. M. Don't miss it.

Alton Webb, of the local firm stated that there would be a big stage show of real living entertainers, plus new color movies consisting of Educational, Travel and Comedy. This Family Party is being arranged for you, so bring the whole family and let all enjoy it. Among some of the stage entertainers will be:

Tiny Grant, Magical Master of Ceremonies and fun. Joyce Anderson, who dances while playing your musical favorites; Joe and Eddie Dayton, "The Craziest Man in the World," and last but not least you will see Patty Ross the Sensational Acrobatic dancer.

The show was staged in Seagraves by the dealer there. Here are some of the extracts given by the News, local Seagraves paper: Family Party held last week attracted great crowd, and was a real fine show... really merited the attendance... local firm being congratulated on giving the people such a great show.

## Blue Birds Seen In Area Recently

We have talked with several lately that have seen blue birds in the immediate vicinity of Brownfield. We have heard of some being here in town, and Mr. and Mrs. Jimmy Bowen, caretakers of the Country Club, property, have definitely seen some. In fact, during the recent frigid weather, some six of the birds flew into their house, and remained until the weather got warmer.

These birds have a very sweet voice and should be protected from animals as well as boys with air guns and rifles. We have had to run boys with airguns off our property several times of late. They claimed to be shooting sparrows, but a robin, red bird or blue bird would be all too tempting to them should they be seen.

Speaking of the redbird or cardinal, Mrs. J. L. Randal stated this week that she had seen not only the old he bird, but his lady too, at her place. Unlike humans, the male of the bird family usually has the gaudy habiliments. The female redbird is a dull smutty brown.

Mrs. W. A. Bell also stated that since we wrote about the redbird, she has kept her eyes open to see them, but so far has not. Like many persons, Mrs. Bell frequently puts out food around her place for birds.

## California Fighting Texas Grapefruit

It seems that the grapefruit production in California has fallen to where some had to be imported and naturally with a surplus, Texas prepared to do the job. First, they had to meet a rigid inspection for fruit disease, and met this with flying colors. Now, the California growers are demanding that the fruit be packed in boxes like California uses.

Wonder if California will now turn back fat beef and porkers that are shipped from Texas? Hardly. If shipments of meat producing animals from other states were stopped for a week, California would be hungry, and would probably agree to meet a trainload of swine at the border with the Chamber of Commerce band.

We would hate to think that Texans will ever get so finicky that they'll turn down California oranges and other fruits we need. Kinder like the butter makers fighting oleomargarine.

Dr. and Mrs. E. C. Davis have returned from Chargin, Ohio, where Mrs. Davis has been under the care of a specialist at the Windsor hospital. We are glad to say Mrs. Davis is now enjoying her usual good health and her many friends rejoice with her.

# The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

## I. M. Smith Found Dead At Farm

I. M. Smith, 66, well known farmer here was found dead at his home three miles northwest of town at 6:30 Monday evening. A colored plowman on the farm coming in from work noticed the livestock unfed and a water tank running over, which Mr. Smith usually attended to. His car was parked in front of the house. Getting no response from calling Mr. Smith, he went in and found him in the bathroom.

The employee hastily notified Roy Sparkman, a nearby neighbor, who went to the Smith home, and then notified officers. Justice of the Peace, J. W. Hogue and County Attorney Virgil Crawford, held an inquest at the home and declared death resulted from natural causes, presumably heart ailment. Mr. Smith had been in ailing health sometime.

Funeral services were conducted Wednesday at 4 P. M. in the First Baptist church with Rev. J. M. Hale, former pastor here, now of O'Donnell officiating, assisted by Rev. A. A. Brian. Intestment was made by the Brownfield Funeral home in the Brownfield cemetery by the side of his wife who died many years ago.

Survivors are four sons, Marnard, of Kansas City; Wilton of Raton, N. M.; Nelson of Perryton and Cpl. John A. Smith with the Marines in the Pacific. Three daughters, Mrs. Bill Burleson of Dallas, Mrs. Esther McDaniel of Dodge City, Kans., and Mrs. Joyce Barnes of Perryton. All of whom except the Corporal, attended the funeral.

Pall bearers were Roy Sparkman, A. A. Sawyer, J. W. Hogue, C. G. Sexton, Earl Brown and C. C. Primm.

## State Continues 4-H Frozen Foods Program

Announcement has been made that the National 4-H Frozen Foods awards program is being continued in Texas this year. It is conducted under the direction of the Extension Service.

The program encourages 4-H Club members to learn the local foods best adapted to freezing and to develop skill in preparing and packaging them for placement in the home freezer or community locker plant to lend variety to the family diet.

Awards for highest rating records of achievement in freezing foods include honor medals to county winners and a \$50.00 U. S. Savings Bond to the state champion. International Harvester Co., also will provide educational trips to the 1948 National 4-H Club Congress in Chicago and \$200.00 Fowler McCormick scholarships to four sectional-national winners selected from the state champions.

Members winning county medals in Texas last year were: Dorothy Faye Terrell, Hale; Charles Holcomb, Camp; Wilburn Bullard, Grimes; Jimmie Johnson, Harrison; James Brown, Lamar; Arnold D. Young, Parmer; Sherry Curry, Yoakum, and Roy Retherford, Potter.

## Terry County Council Meets At Courthouse

A meeting of the Terry County HD Council was held in Miss Dunlaps office Saturday, March 13 at 2:00 P. M.

Mrs. Tres Key gave a report on how the Undulant Fever project was progressing. The Brownfield PTA's will be asked to cooperate in this project. A demonstration on chiro loc glue was given by Mrs. W. J. Moss, president of the Meadow Club. She states this glue will tighten up loose chairs without taking them apart.

Mrs. Roy Moore stated that an Easter baking sale will be held in the Courthouse Saturday, Mar. 27 to raise funds for 4-H girls clubs. Women are asked to bring cakes and girls to bring cookies. The sale is to start at 9 A. M.

Mrs. Frank Sargent, THDA chairman, Mrs. Lee Bartlett, council treasurer and Mrs. Massingale, president of Pleasant Valley Club, were elected delegates to attend District 2 meeting in Plainview, April 28.

Twenty six were present and all clubs of the county were represented.

## Theo C. Adams Now Vice Consul In Berlin

We were handed a pretty lengthy article for publication this week about Theo. C. Adams, who is now with the State Department in the capacity of Vice Consul at Berlin. The burden of the article was about the discourtesy of Russians, when the car operated by Adams and three friends was stuck in the snow, and they wanted to get to Munich for Christmas.

Practically everyone gets a daily digest of the disgusting tactics of the borsome Russians, and his story is just one of the thousands about the mean conduct of our "former allies." Suffice to say that young Adams, now 31, was reared in Brownfield, and received his early day schooling here. He is the son of the late Orel and Mrs. Adams, who moved to Brownwood many years ago, and his mother still resides there.

He was a student of Howard-Payne college, Brownwood, and was communications officer in the navy during the last war. We are always glad to hear of former citizens making good.

## South Plains Fat Stock Show March 22-24

The Fifteenth Annual South Plains Junior Fat Stock Show opens in Lubbock Monday morning, March 22, to continue for three days at the Panhandle South Plains Fairgrounds.

More and bigger fat steers, barrows, and lambs than ever before will be competing for bigger prizes according to Superintendent of the show, Dave Sherrill, and Secretary M. D. Fanning.

Highlights of the three-day program include sifting of steers, barrows and lambs at 8 o'clock Monday morning, with judging of steers at 10 a. m.; judging of lambs at 3 p. m. Monday; a theatre party Monday night; judging of barrows Tuesday morning; open house Tuesday afternoon and Wednesday morning and the auction sale at 1 o'clock Wednesday afternoon.

Premium checks will be presented to the winners at a barbecue at 6:30 o'clock Tuesday night in the Judging Pavilion at Tech. The barbecue will be given for all exhibitors and their parents, county agents, vocational teachers, judges, superintendents and assistant superintendents by the civic clubs of Lubbock. Vernice Ford, general chairman of the Executive Committee for the show, will preside at the Tuesday night meeting.

## C. D. Tyler, Farmer Dies Suddenly

C. D. Tyler, 53, succumbed late Wednesday evening to a heart attack of a few hours before. He was at his farm southeast of town, but was pronounced dead on arrival at the local hospital here.

His home is at 913 South 8th street. The family moved here from O'Donnell in 1941.

Survivors are his wife, two daughters, Mrs. Thelma Taylor and Miss Peggy; three sons, C. D. J., Burley and Ronnie, all at home. A brother, A. R. Tyler resides on north Lubbock Road here. Mrs. Houston Stephens, a sister, resides in this county.

## Red Cross Lagging In Collections

A meeting of the Red Cross collectors held Thursday morning reveals a collection of \$216.00 for the county up to date. This is far short of the goal in present National annual drive.

Committee workers are urged to put forth more effort and the public is requested to aid in the work as well as contribute.

Mrs. Ed Thompson of the Harmony community, who recently underwent major surgery at the local hospital, was carried out to the home of her daughter, Mrs. Billie Errest, west of Gomez Monday, where she will rest up a few days before going home.

Christine Hyman and two daughters, of Hobbs visited her parents, Mr. and Mrs. J. D. Pharr Sunday.

Clay Newberry called a few minutes Tuesday afternoon. He informed us that he had been a bit low in health of late.

# Farmers Adopt Resolution At Plainview Water Meeting

## Concrete Drills Start Whiteway Building

The natives in the neighborhood of the Piggly Wiggly store decided this week that just about all the noise making apparatus in the burg had been turned loose, and all hands and the cooks hastened up to the corner 6th and Broadway to see what it was all about. Well, there stood a red "power wagon" and from it a conduit to a concrete drill.

They were perhaps making the first trench for the cable that is to supply power to the new and beautiful Whiteway on Main and Broadway, from the business section to the Lubbock-Seagraves highway, and all around the county courthouse square.

As we understand it, all or practically all the material is on hand and construction will be rushed to completion. So far as we know there is no set time on the job, but very likely the contractors will want to finish the job and get on something else as soon as possible.

## Vet Farm Owners Making Good

Dennis Q. Lilly, with the soil conservation project here in Terry county, was in one day this week, reporting on the 12 World War II Vets who have purchased land through Farmers Home Administration. Mr. Lilly is very optimistic about these young farmers, and can see nothing but success awaiting them. There are 14 farm owners now, but only 12 have completed their first year.

Recently a meeting of the 12 was held with Mr. Lilly, when a check showed the gross and net incomes of these young farmers. At the outset, let us state that these loans for their farms run 40 years, if necessary, and bear the low rate of 3 1/2 per cent interest. Mr. Lilly stated that these Vet farms are all over the county, but that most of them are in the northern part.

The farms average about 200 acres, but the cultivatable area is around 168 acres. Mr. Lilly stated that "one young farmer planted quite a field of sudan as a cover crop in line of conservation, but that the sudan did so well that the owner grazed and fed out about \$1,000 worth of beef."

On these 12 farms, the average gross income was \$6,770.00 per farm, with a net of \$2,660.00 they averaged one-third bale of cotton per acre. Mr. Lilly stated that they are an enthusiastic bunch of young men, and he expects great results from them.

## Best Yet Cafe In New Location

Messrs. Wayne and Coyt Scott are announcing the removal of their cafe, the Best Yet, to a new location, where they will be able to care for more customers. This new location is at 705 West Main. The Scott brothers are experienced cafe men, and we advise you to drop around to see them.

As stated above, the new location is much more spacious, and better fitted to the needs of a first class cafe. They will be able to seat 52 diners at one time.

Delicious food and a cheery atmosphere will greet anyone who desires to call on the boys.

## Lights Grow Dim— Sometimes Blackout

For the past few months, on several occasions along around 10 or 10:30 at night the lights gradually or suddenly dim, or go out completely. One night they were off for 15 or 20 minutes, while people hunted for substitute lighting material in the dark.

We have not been able to figure out the trouble unless the engineer at the plant figures he can safely cut one or more engines, and after he does so finds the load too great for the others.

## Terry County Has More Unusual Weather

While a racing wind off the snow drifted north last week sunk the mercury to near or perhaps the lowest point of the winter, there was very little moisture during the two day cutup. The snow, if it had not drifted would perhaps amounted to around a half inch, was very dry. It would have taken a dishpan full to have made a drink for a Junebug.

A man over in Lynn county, whose car was stalled in a sand-bedecked, drifted around trying to find a house until he froze to death out in a field. He was found two days later by searchers, and was said to be within a quarter of a mile of the home of his son.

This week has been much warmer. Monday opened with a good old time sandysandy, that reminded West Texans, that they were still in the old location. Spring will be officially with us come Sunday, and we hope it comes in with a little more dignity than usual.

The month came in like a roaring lion; has roared ever since. We are all anxious to see a bit of the lamb part of it.

## We Are Getting Cream Of Immigrants

A local lady who has just returned home sound and well from a hospital in Ohio, stated this week that one of the best authorities on nervous disorders in America, was on the staff of the hospital and was indeed part owner. He is an Austrian, who got tired of living under the heel of first one than another two-bit dictator.

This physician, she stated, can hardly speak understandable English, but his wife can and translates his orders. We are getting many men and women of his quality from dictator European nations, for the same reason, among them Dr. Einstein.

Since the war, many prominent German scientists have come to America to help out in various ways. They were not forced to come. They did it voluntarily and gladly when asked.

And many also went to Russia, and the Moskovites imagine these scientists, who are virtual prisoners, will put out something to help the Kremlin. With the hate they bear Russia, we'll bet what they hand over to the commies will hurt no one.

## Lions District Gov. Here Next Week

Mr. John McLean, insurance man of Hereford and Lion's District Governor of district 271, will be a guest of the local club next Tuesday night, March 23, at 7:30 P. M. The meeting will be held at the Esquire Restaurant, and will take the place of the regular Wednesday meeting.

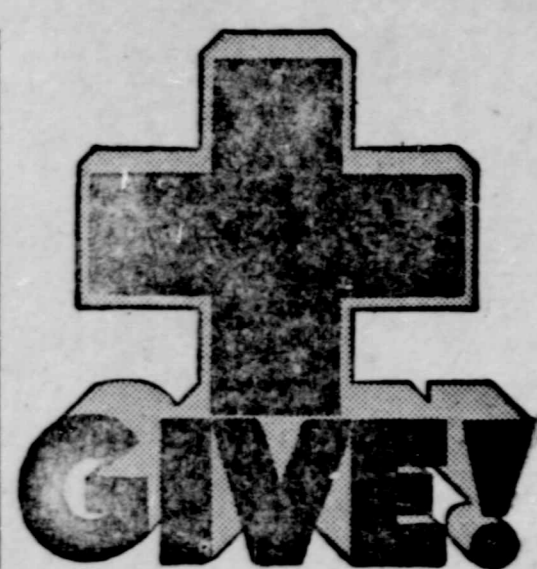

This district is composed of the Panhandle and South Plains from Lamesa north. This will be the first visit of the district governor to Brownfield, according to Dr. W. A. Roberson, president, who hopes this club will give McLean a 100 per cent hearing.

## Kirschners Open New Store In Lamesa

The Kirschners, owners of the Brownfield Bargain Center, Inc., have opened a store in Lamesa under the name of Martins Dept. Store. The formal opening was held Friday morning, K. Martin Kirschner, who has been managing the store in Stamford, is manager of the new store.

The owners extend a welcome to friends in Brownfield to visit them when in Lamesa.

Mrs. Joe Havener had as her guests last week her brother and her mother, Mrs. Kyle Miller of Big Spring.

Some 700 farmers and ranchers from the Plains and Winter Garden areas of Texas unanimously adopted a resolution at a water hearing in Plainview March 8, emphatically setting forth their views "that this natural resource, the same as oil, gas, sulphur and other underground resources belongs to and is the property of the surface owners of the land and that the unconstitutional proposition that underground water belongs to the state be forever forgotten and discarded."

The meeting was called by J. Walter Hammond, president of the Texas Farm Bureau Federation. Principal speakers of the day included Senator Grady Hazelwood of Amarillo; Representative I. G. Holt of Lockney and Sterling Williams of Snyder; W. L. Broadhurst, U. S. Geological Survey district engineer; D. A. Bantzen, manager of the West Texas Chamber of Commerce; and a number of farmer spokesmen who voiced what they believed was the general attitude to the surface and underground water situation.

The resolution was drafted by a committee including A. B. Truwater of Plainview, vice-president of the High Plains Water Use and Conservation Association; Ernest Wehman of Pleasanton, president of the Atascosa County Farm Bureau, who represented the Winter Garden area of Texas; Clyde Bradford, member of the Swisher County Farm Bureau; Joe M. Hatton of Amarillo, state Farm Bureau director, and Fritz Struve of Lubbock.

The resolution further provided that if it becomes necessary to pass legislation to carry forward the conservation and development of the water resources, that the marked differences in the two types of water be recognized and that legislation effecting both surface and underground water should be in separate Acts, one for underground water.

The proposal also asked that agriculture take precedence over other industries in the use of underground water.

## Deputy Collector Hale Down This Week

Deputy Internal Revenue Collector Claude Hale of Lubbock, spent some two or three days here this week helping various people to remake their income reports correctly, and if they can be straightened, Claude is the man who can do it.

Although long in federal employment, he has lost none of the touch of humanity, and is a patient soul, considering what he has to do sometimes. It is not in his line of duty to do this, as income payers are expected to make their own, or hire it done, but he falls in frequently to help a worried taxpayer.

And while Mr. Hale will not stand by and see the government figured out of money due it, on the other hand, he does not wish to see anyone pay one penny more than due.

## Churches To Hold Joint Services

Holy Communion will be observed Thursday evening, March 25th at 8:00 at the Methodist church and Good Friday Service will be observed at the Presbyterian church Friday evening March 26 at 8:00.

Special observance of the Passion Week in these two services prior to Easter invites a full attendance of all interested persons. Rev. J. Preston Murphy will deliver the Communion Meditation in a special candle-light service at the Methodist church on Thursday. Rev. Hershel Thurston will bring the Good Friday Meditation at the Presbyterian church on Friday evening.

Mr. and Mrs. Frank Gray, Mrs. Ruth Lowe and Ed Durkee attended services at St. Elizabeth church in Lubbock Sunday morning. That evening Mrs. Gray and Mrs. Lowe attended a banquet at the Hilton Hotel for dental assistants.

ANNOUNCEMENTS

The following named candidates have announced their candidacy for office subject to the action of the Democratic Primaries Saturday July 24 and August 28, 1948:

- FOR STATE SENATOR**  
RALPH BROCK  
Lubbock County  
KILMER B. CORBIN  
Dawson County  
DUDLEY K. BRUMMETT  
(Lubbock County)
- FOR DISTRICT ATTORNEY**  
H. B. VIRGIL CRAWFORD,  
Brownfield
- FOR COUNTY JUDGE**  
H. R. WINSTON
- FOR SHERIFF**  
OCIE H. MURRY
- FOR ASSESSOR-COLLECTOR**  
HERBERT CHESSHIR
- FOR COUNTY ATTORNEY**  
GEORGE W. NEILL  
L. C. HEATH  
R. L. GRAVES
- FOR COUNTY CLERK**  
H. M. (Dube) PYEAITT
- FOR DISTRICT CLERK**  
ELDORA A. WHITE
- FOR COUNTY TREASURER**  
MRS. O. L. (Oscar) JONES
- FOR COMMISSIONER, Pct. 1**  
W. BRUCE WHITE  
MARION B. STONE
- FOR COMMISSIONER, Pct. 2**  
S. H. (Sam) GOSSETT
- FOR COMMISSIONER, Pct. 3**  
LEE BARTLETT
- FOR COMMISSIONER, Pct. 4**  
H. R. (Horace) Fox
- FOR JUSTICE OF PEACE, Pct. 1**  
J. W. HOGUE

**CITY OFFICES**  
(Election to be held April 6th)  
**FOR MAYOR**  
TOM MAY  
**For City Marshal**  
A. R. (Andy) Brock

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO: J. A. PARRISH AND WIFE, Madeline Parrish, their heirs and legal representatives, W. C. Parrish and wife, Francis Parrish, their heirs and legal representatives: GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of April, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 21 day of February, 1948.

The file number of said suit being No. 3438

The names of the parties in said suit are:

Beryl Crossland as Plaintiff, and J. A. PARRISH AND WIFE, Madeline Parrish, their heirs and legal representatives, W. C. Parrish and wife, Francis Parrish, their heirs and legal representatives as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try title of the southeast quarter of section 82 in Block 4X, ELARR Ry Co survey in Terry County, Texas, for damages, rents, title and possession; plaintiff pleading the five and ten years statutes of limitation.

Issued this 21st day of February, 1948.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 21st day of February, A. D., 1948.

ELDORA A. WHITE, Clerk  
District Court, Terry County, Texas.  
(seal) 35c

The 1947 pig crop in the United States totaled 84,138,000 head, an increase of about 1 per cent over last year.

Most every day we hear some radio commentator or read some where that "you can't do business with the communists." Yep, you can do business with them, but it must be done according to their pattern. In other words there are no grounds for a compromise. They tell you just how you can do business with them and you take it or leave it.

We are going to let several of our fine exchanges do most of our editorials this week. They are all great guys, and don't mind work. On the other hand, there has been a tinge of spring in the air this week, and our mind, soul, and body has been on the drag. Some people get to wanting to write poetry when the weather warns up in spring, but we either want to sleep or go down on the "crick" and watch our wife fish.

And speaking of fish, why not grow your own? Why go to the expense of hiring away to some river or lake hundreds of miles away when you can have your own variety of fish in the back yard on your farm. We have been reading some about the matter in literature sent us by the Fish and Game department down at Austin, and to say the least, the idea is intriguing. Many farmers and ranchmen down in central and central west Texas, where there is considerable runoff of water near a ravine, are damming the brooklets and making ideal fish ponds. Out here where a farmer has a big irrigation well, a bulldozer could execute the same idea in no time flat, and after a few months, a few minutes of pumping each day would be sufficient to keep the tank at an average depth. The F&G department will then sent the applicant a thousand or more fingerlings of such fine eating fish as black bass and blue gill perch, with instructions of how and when to feed them. If several of these should be built and stocked by Terry county farmers, we would not mind coming out occasionally and instructing them how to catch the fish.

That sure was a nasty backhand snap the weatherman gave us last week. Just as we were trying to dream up a bunch of spring weather, with green leaves and grass, birds singing and crickets chirping, here comes one of the coldest, most devastating cutups the weatherman has displayed all winter, and he has had a hat full of tricks ever since middle January. We promised ourself that we'll say very little about the hot, sultry weather this summer. But we may fall from grace.

There has been a load of stuff said and written of late concerning oil and its future possibilities. We of this area, where it is said the nation's greatest oil reserves are located think little about the matter, as one or more new fields are found each year. But further east, even in east Texas, where fields were brought in before rigid proration existed, and the wells were allowed to sput and spew, many of those gushers are now weak pumps. But when oil began to be found in this section, the railroad commission stepped in and not only made the drillers space their wells further apart, but prorated their flow way below their daily potential. As a consequence, our reserves are expected to last years longer than in east and central west Texas. There is only one thing to fear, and that is drastic regulation, which would make it unprofitable to wildcat for new pools. In regulating our oil fields, and putting breaks on needless waste, we should always leave the way open for venturesome souls who are looking for more oil. Oil consumption has had a fast climb in the past few years, and one of the greatest reasons is layed to the door of John L. Lewis and his miners. Thousands of householders in the north and east have switched to oil, fearing they would not always be able to obtain coal.

Millions of Americans of whatever descent—and most of us originated from Europe—will sympathize with Czechoslovakians, as well as the Poles. For hundreds of years, these peace loving middle Europeans have been lovers of liberty. They are honest, hard working race, and like the Poles, were overrun by a hand full of fifth columnists backed up by Russian might. Only about three years ago, the Czech were freed from Nazi domination, to be

gobbled up by the Communists three years after gaining their liberty. It is our prediction that the Russian bear will have a thorn in his side for many years, and at the first opportunity these freedom loving people will strike and strike hard.

The Herald has received a four page extract from Congressional Record of a purported address by Senator W. Lee O'Daniell. Of course, we understand that many of these so-called speeches are never made on the floors of congress; just inserted in Congressional Record. Nevertheless, we took time out to read the folder. The Junior Senator from Texas gave a good outline of President Truman's reason for his ten point civil rights program, which most of us already understand pretty well, but with less detail. Of course it was hatched up mostly to get the vote of minority groups in some of the large northern cities, especially negroes. But the most interesting part of the report to us was the background of the Truman committee that made its report last fall. Some of the people were supposed to be fairly conservative in their views, such for instance as, Mr. Wilson of General Electric. Nor was James Roosevelt any more radical than his father, the late FDR. But the great majority of the committee had records that ran back to real reds, pinkies and fellow bedfellows. And practically all of them were from the north or middle north, and know little about the real conditions in the south, or the progress being made to hasten friendly relations between the races. Let us add right here that Senator O'Daniell was born in Ohio and reared in Kansas, but has lived in Texas long enough to understand what is really transpiring in the south for the betterment of white and black relations. And we have found that northern people who have settled in this area soon come to understand what it's all about, and almost 100 per cent of them have the same idea about race relations that we natives of the south have.

Two candidates for the state senate from this district were in our office during the past week and we were highly impressed by both of them. Each was young, alert and seriousminded about the office. Both were veterans of the last war and both had backgrounds of legal training and practice. It is a good sign for the state and country if district, state and national offices attract candidates of this type. This is no time for fiddle-playing buffoons.—The Gaines County News, Seagraves.

O. B. Ellis, the new general manager of our Texas Prison system, has found the old buildings so run down and so inadequate for the purposes for which they were constructed that he has proposed that the legislature shall appropriate more than four million dollars with which to modernize the system. For years there has been complaint about many things connected with the prison system and the manner in which it is operated. Especially has there been complaint as to the character and unfitness of many of the prison guards. It is now revealed that they are paid very meager salaries. No doubt modern and more substantial buildings and higher-class and more humane guards are needed. French M. Robertson of Abilene, a member of the prison board, is quoted as describing the prison system as a disgrace to Texas. There have been many other criticisms to the same effect. It is a matter that will deserve

## Tom May Defies Derby In Mayor's Race

TO THE VOTERS OF THE CITY OF BROWNFIELD:

I have filed my name as a candidate for the Office of Mayor of the City of Brownfield, Your City with a future.

I do not deem it necessary to make a house to house canvas as I have lived in the City since 1912, and feel that I should know practically ever one in the city. I wish to let my record as a citizen speak for itself. I have served on many boards since coming here and this included 16 years as a City Councilman; this gives me an insight into the problems of the City as a business, and as a representative of the people.

When I retired from the Office of City Councilman the City finances were in healthy condition.

It is my belief that every Citizen should have his right to a voice in the manner in which the business of the City is conducted, and it is my intention, if elected, to conduct my part in the City business in a manner that would give credit to a soundly run and properly conducted big business, as that is what it is—a BIG BUSINESS.

Our City must go forward—we are still growing; but our money MUST BE SPENT WISELY so that we may get dollar value for dollar spent.

I am positive I can cooperate with the City Council in ever way along these lines.

My business will allow me sufficient time to devote all the time that is necessary for the conducting of the office of business—it is not a full time job and it should not be.

Not too long off I will have earned a retirement from the Company for whom I have worked for the past 30 years.

I will appreciate your trust with the Office of Mayor, and I feel confident that you will never regret your trust in me.

TOM MAY 36c

the most careful investigation and consideration by members of the next legislature. Let us be slow to give any candidate a promise of our vote until we have acquainted ourselves with his ability and his character. We hold that a member of either house of the legislature should have the qualifications that we demand of our congressmen, and that we should encourage only this type of men to run. ## Behind the Scenes in American Business

Few people fully understand that that high cost of living goes higher for industries as well as for individuals under inflationary conditions.

Notwithstanding last year's record earnings among manufacturing industries, corporations, too, are finding that a dollar for wages, materials, and maintenance of facilities does not go nearly as far as it used to. Most large companies are finding they must plough abnormally high proportions of their earnings back into the business to pay for increased operating costs to avoid excessive new borrowing.

Industry's increased costs of doing business are proportionately greater than the individual's, according to a recent study by the National Conference Board. The study reveals that the purchasing power of the individual consumer's dollar was 66 cents in August, 1947, as compared with 45 cents for industry's raw materials dollar and 53 cents for the construction dollar. And manufacturers now pay more than twice for an hour of labor as they did between 1935-39.

THINGS TO COME—New showmanship for display windows can be achieved by using a new color-shifting system with controls to provide more than 500 different hues of colored light and

**Margaret Glandon  
Bride of Hoyt  
Maroney**

Miss Margaret Glandon, became the bride of Hoyt Maroney in a single ring ceremony read Monday at 8 P. M. in the First Baptist Church. Rev. A. A. Brian officiated. Miss Glandon is the grand daughter of Mrs. O. D. Rhea and Mr. Maroney is the son of Mr. and Mrs. S. E. Maroney.

Mrs. James Snow, of Levelland, cousin of the bride, and Mr. Snow attended the couple.

The bride wore a two piece blue crepe dress with taffeta bustle drape over a slim skirt. Her hat was white milan straw and her accessories were black. She wore a corsage of white carnations and a strand of pearls belonging to Mrs. Snow.

Mrs. Snow is a graduate of the Brownfield high school and attended Texas Tech. She is now employed as bookkeeper at the Tri-County Clay Co. Mr. Snow is also a Brownfield high school graduate and is employed with his brother, Coy Maroney at the Wes-

**MRS. BARNES SHOWER  
HONOREE**

Mrs. Jammie Barnes was named honoree at a coffee and shower Friday morning at the home of Mrs. C. F. Simes with Mrs. Bill Richmond as co-hostess.

The refreshment table was laid with a lace cloth and centered with pink and blue sweetpeas and snapdragons and pink candles. Coffee and rolls were served to Mesdames Whitey Reasnor, Chester Dodson and daughter, Jean, Joe Miller, Chas. Wilson, Phil Gaasch, Don Byers, Sam Sayers, Elvy Lowe and the honoree.

The daughter of Mr. and Mrs. Pete Crump underwent an appendectomy at the T-D hospital, Sunday. Mr. Crump is the meat cutter at Kyle Grocery.

Mr. and Mrs. Ross Black and son Mike, left Monday for Quemado, Texas to visit her mother. They will return Saturday.

Mr. and Mrs. Ross Black and son Mike, left Monday for Quemado, Texas to visit her mother. They will return Saturday.

**Miss Lela Durham,  
Joe Merritt Wed**

Miss Lela Durham, daughter of Mrs. M. M. Durham and Joe A. Merritt, jr., son of Mr. and Mrs. Joe A. Merritt, sr., were married Tuesday March 9. Mr. Joe Chisholm read the double ring ceremony. The bride's mother and sister, Lena, were the only attendants.

The bride wore a grey suit with white blouse and black and grey accessories. Her corsage was white carnations. For something old she wore her birthstone ring and something borrowed and blue was a handkerchief belonging to her mother. Something new was a strand of pearls, a gift of the bridegroom. For luck she wore a penny in her shoe.

The couple will make their home in Brownfield.

The C. J. Smith family informed us this week that Mrs. Claude C. Cotter, who formerly lived in Brownfield, had passed away March 5, at Erick, Okla. The Cotter had two children, both now dead. Her husband survives.

You are invited to the Terry County Singing Sunday afternoon at the Nazarene church in Brownfield.

**Inez Ervin And Lewis  
Besinger Married In  
Littlefield**

Miss Inez Ervin, daughter of Mr. and Mrs. M. L. Ervin and Lewis Besinger, son of Mr. and Mrs. L. C. Besinger, of Littlefield were married Saturday at 3 P. M. in the home of the groom's parents. Rev. Meers, of Littlefield read the double ring ceremony.

The bride wore a two piece blue suit with brown accessories and a corsage of pink carnations.

Prior to her marriage Mrs. Besinger was an assistant in the office of Dr. Wayne C. Hill. Mr. Besinger is employed at the Travis Bakery.

The couple will make their home in Brownfield.

Mr. and Mrs. Bruce Zorns were hosts Friday night to their bride club. Guests were Messrs. and Mesdames Tommy Hicks, T. C. Williams and Phil Gaasch. Mr. Gaasch scored high for men and Mrs. Williams for women. Mrs. Gaasch won bingo.

Mr. and Mrs. L. M. Lang left last week with Mr. and Mrs. Ches Gore for a two weeks fishing trip to Galveston and Corpus.

**GOMEZ H D CLUB  
REPORT**

Members of the Gomez Home Demonstration answered roll call with a good health hint Thursday afternoon when the club met in the school lunchroom with Mrs. Wes Key hostess.

Mrs. Kenneth Hodges was in charge of the program on Isolation and Care of the Sick.

Committees for the year were appointed by the club chairman, Mrs. Tress Key. Members have started rehearsal on the play being directed by Mrs. H. H. Covert. Watch for the date.

Present were Mesdames Wes Key, K. Hodges, K. Sears, Alton Webb, Tress Key, H. H. Covert, Jinks Key and Jack Mason.

Next meeting will be Thursday, March 25 at 2:30 P. M. in the lunchroom.

The Bagby Circle of the Baptist church met with Mrs. F. G. White Monday afternoon for a Royal Service program. Those present were Mesdames Stell, K. W. Howell, E. D. Yeatts, W. M. Adams, D. P. Carter, L. C. Heath, Robert Hodge, Jim Jones, A. R. Tyler, W. E. Steen and Ame Flache.

Mrs. Ruth Friend, of Los Angeles, is here visiting her father at Floydada, and the Brown family at Lubbock. She was here Sunday visiting the Bob Browns at the La Mecca, and a short call with the Stricklins.

Herald Want Ads Get Results!

**NEARLY KIN TO TEXAS  
COTTON MAID**

Several times in these columns we have set up some "Texas Brags" of our own, concerning some of our (wife's) rich kin folks. Perhaps we have "regusted" a lot of our readers with this tripe, but as we are poor and we have lots of poor kin our brags come natural. You know the Savior said, "you have the poor with you always." Bless 'em.

We have been seeing a picture lately of a comely maiden of Fort Worth in the dailies by the name of Miss Matilda Nail, who was recently elected or selected as the Cotton Maid of 1948. Well, folks that gal don't like a long sight being kin folks.

Our brother Tom, of Fort Worth writes us that Miss Nail is a niece of his son-in-law, Thornton Burgess, and that he (Tom) has been in the Nail home many times.

See how close we come being kin to the Cotton Maid? Her picture will appear in this or an early issue of the Herald, complimentary of Southern Cotton Council, Memphis, Tenn.

Gail Bennett, of Salinas, Calif., is here visiting her grandmother, Mrs. Ben. J. Hill and other relatives.

Lindsey Brothers have run their hardware store on Main back several feet. They are growing.

**Retonga Far Ahead  
Declares Mrs. Shaw**

**Famous Medicine Did So Much For Her She Is Recommending It To All Her Friends, States Well Known Resident. Discusses Her Case.**

More praise for Retonga comes in every day from happy and grateful men and women who have found relief through its use, often after years of suffering. For instance, Mrs. C. C. Shaw, well-known resident of 325 Arcadia Ave., South San Antonio, Tex., happily declares:

"Retonga did so much for me I am recommending it to all my friends. Poor appetite, sluggish elimination, gas and headaches kept me feeling miserable for months. I got so high-strung I could not even get a good night's

sleep, and I felt so run-down and miserable most of the time it was an effort to turn my hand, as the saying is.

"Retonga gave me such splendid relief that I now enjoy every meal, my sleep is refreshing, and I don't feel tense and high-strung. The constipation and those terrible headaches are also relieved, and I feel lots better and stronger. Retonga is far ahead of any medicine in my experience."

If the first bottle of Retonga does not bring gratifying relief its small cost will be refunded without question. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Primm Drug Store and all other good drug stores. —Adv.

### Opposes Popular Vote For President

G. W. N.

While our mode of electing the President by Electors, instead of direct vote seems rather odd, it is a protective check for the smaller states and sparsely settled area of the nation against a few populous centers. A small group, or even one populous state, could for selfish sectional reasons, throw a preponderant majority for a candidate, by a direct vote. It is possible, and happened twice in our history, for a minority popular vote to legally elect a majority of electors.

Electors hold an implied trust, but have consistently voted for the nominee of the party electing them. One purpose of the Constitution, law and government is to protect the weak against the strong.

Now that a Texas Congressman, is pushing a bill for direct vote, recently endorsed by the States Young Democrats, it is well to ponder it.

Congressmen are selected from districts, of approximately same population throughout the nation. Two Senators are allowed from each State regardless of size of population. Thus Nevada, with a population of 150,000 has a many Senators as New York, with 13,000,000. There are ten states with less than half a million population, yet each has as many Senators as the ten largest ones. Each state is allotted as many electors, as it has Senators and Representatives. This is a just, though slight advantage to the smaller states.

Twelve states of the Plains and Rocky Mountains area, with population of eight and one-half million, with three million votes has 54 electors. New York, with six million votes, has 47 electors. By direct vote New York alone could double the vote of this vast area, and equal it with Washington, Oregon and California thrown in. Every state west of the Mississippi river, including Minnesota, but excluding Texas, Oklahoma, Arkansas and Louisiana (in the south) east ten and three-fourths million votes, with 129 electors, while New York, New Jersey, and Pennsylvania polls 12 million votes but has only 101 electors.

By popular vote these three States could out vote the 18 western states. The Ten States east of the big river, including Wisconsin and north of the Mason & Dixon line to New York and little Delaware inclusive, cast 26 million votes in the last two Presidential elections. Over half of the Nations total, but with 206 electoral votes. With New England's six states and 40 electoral with 3 million votes they would have 246 electoral, being less than necessary to elect a President. It requires 266 to elect All the other 32 states, including the solid South, cast only 17 million votes, but has 285 electorials.

### ELECTRIC POWER LINE BEING EXTENDED

W. S. Anglin, manager of the Southwestern Public Service plant at Tahoka was here this week procuring the last of right-of-way deeds, for extension of the Company's power lines.

The extension is to be from their present line, just west of town, east a mile north of the Tahoka highway to the towns of Tahoka and Post which are now served by this company. They also furnish electricity to the REA of this area, and will be prepared to serve all its extensions.

This Company, one of the largest in the nation, creates their own product in their own large plant at Denver City, and serves Carlsbad, Roswell and Pecos Valley. A main line from Denver City to Abernathy, where it connects with others to the north, passes just west of Brownfield, was completed last year.

Material for the new line is being unloaded here and a large crew are beginning construction.

Elective majority. By popular vote, those ten states could easily out vote the rest of the nation, including New England.

New York and New Jersey, with 63 electoral votes, cast more popular votes, than the entire south counting Kentucky and Oklahoma, with 156 electoral. Ohio and Illinois, with 53 electoral, poll more votes than the entire south.

It is plain to see from whence would come future Presidents, and dominance of government if we elect by popular vote. The South and West better be thankful it is as it is and let it remain so.

The debacle arise largely from the fact that the South with 40 million people cast less than seven million votes, or about 15 per cent of its population, while all the other states poll 40 per cent of their population (N. Y. nearly 50 per cent). Mississippi with a population of over two million, polled 175 thousand, or less than 10 per cent. Iowa with the same population polled over a million. Texas with near seven million people voted a scant one and one-fourth million or 15 per cent. Ohio with the same population voted over three million. Wisconsin with half our population, cast little more votes than Texas. The South has 30 per cent of the nation's population and electoral votes, but casts only 12 per cent of popular votes.

Now change it to direct vote, and the first ten states West of New York could out vote the rest of the nation as a whole. Or with a normal scattering vote, as usual, one or two or them, could throw the majority. Instead of the South having near a third electoral power as now, it would have only one-twelfth of popular vote.

What are the changers trying to do, sell us up the North river?

Everett Zant, local sign painter, has been redecorating the front of Herron & Sons grocery. He did a fine job, too.

Mrs. W. A. Roberson and daughter, Lynn returned Wednesday from a two weeks visit in Dallas with her mother.

Mr. and Mrs. Milton H. Hughes, of Abilene were week end guests of her parents, Mr. and Mrs. M. G. Tarpley.

Mrs. Bill McGowan and son are in New Braunfels visiting her parents.

Material for the new line is being unloaded here and a large crew are beginning construction.

### SHOWER GIVEN FOR MRS. BYERS

Mrs. Phil Gaasch complimented Mrs. Don Byers with a pink and blue shower Monday afternoon. Guests included Mesdames Sara Sayers, C. F. Simes, C. E. Wilson, Andy Campbell, Jizmie Barnes and Bill Richmond.

Contests furnished diversion and Mrs. Campbell and Richmond were the winners, presenting the prizes to the honoree. Pink ribbons leading from the dining table to the concealed gifts directed the honoree to her gifts.

Coffee and cake squares were served from a table centered with an arrangement of snapdragons and sweetpeas flanked with pink candles tied with pink satin bows.

### We Get Fretted At Weatherman Again

Just about the time that we were expecting to enjoy a little spring weather last week, the Weatherman got sore about something, and before we hardly knew what was happening, here came a roaring, rushing, mighty wind headed out of the Rockies, breathing out frost and froth, and with his habiliments festooned with icicles.

And for the third time in two months, the cry came to conserve precious gas. This time, however, the schools did not close, nor the stores, but the pressure got rather low one night. This could be seen and felt, as the gas just did not seem to have its usual pep in heating a room. Never does when the temperature hovers around zero.

The West Texas Gas Co. reported that the low was reached Wednesday morning about 7 A. M., when it registered 5 above zero. And that folks was the 10th of March, and just about the record low for the winter.

Now, if the weatherman can think up any meaner trick to play on us poor mortals, we just can't figure what it can be. We wish he would go fishing or somewhere for about two month's.

### YOAKUM COUNTY H D COUNCIL MEETS

The council met in regular session March 8. Reports from the club presidents were given.

Parliamentary drill was discussed.

Mrs. Buland of Denver City was elected THDA chairman. Three delegates were elected to attend district meeting.

Mr. and Mrs. Bill McKinney visited relatives in East Texas and attended to business in Dallas last week.

Mr. and Mrs. Ed Whitfills, of Lockney visited Mrs. L. B. Floyd and Mr. and Mrs. J. L. Newsom Sunday.

### Free Enterprise In Hawaii

There is no lack of evidence that the free enterprise system has achieved a higher standard of living for the masses of the people than has any other system. And that evidence isn't found within the continental limits of the United States alone. A fine example of it exists 2,000 miles out in the Pacific—in the Hawaiian Islands.

Hawaii, with a population of 523,000, produces 90 per cent of our pineapple products and one-seventh of our sugar. It is primarily an agricultural region. And it pays the highest farm wages in the world—over \$8.00 a day. It maintains a standard of living unparalleled on plantations anywhere else.

This wasn't the result of a happy accident of abundant natural resources. The Islands are of volcanic origin, are not very fertile, and present special and difficult development problems. Nor was it the result of an influx of foreign capital—until relatively recently the Islands were not attractive to mainland investors. It was, instead, the result of local free enterprise. Most Hawaiian businesses have been developed by saving and hard work, and by plowing profits back in. The great bulk of them are locally owned.

We've heard a great deal of talk about domination of the Hawaiian economy by a few concerns. Yet there are 1,000 different corporations in the Islands, owner by 25,000 stockholders, and new enterprises are warmly welcomed. Admittedly, many social and economic issues have yet to be solved. But free enterprise in the Islands is doing what it has done on the United States mainland—raising the living standards of the people to the highest known level.

### The Low Down From Hickory Grove

For something refreshing, you know, I kinda believe it would be great to just squint over the front page some morning, and not see a story where Uncle Sambo is fixing to dive into a few more 100 million buck ventures, projects, uplifts, programs. That would be, sure as shootin', a novelty.

It will take a lot of different kinds of vitamins to get us back half-way on our feet and in fair health, once we discover and decide we are getting too near the money barrel bottom. Spending has gone chronic. There in Congress—also at the City Hall and Court House—we gotta tell 'em we have a wish for a change. We need a "New Look" in public officials. We need folks who savvy what 6 bits looks like and understand how sometimes, to get same, you may have to perspire a bit. Tell 'em lots of other voters are commencing to get a little agitated to, about this spending, and wondering where we will come out. That kind of talk will make them listen—voter talk.

It will be a great day—and refreshing—when more gents in public office stand up and say, "no boys, we can't do that—too expensive." Sisters and brothers, for a "New Look," that would be champion.

Yours with the low down,  
JO SERRA.

### Expanding National Cemetery At Ft. Sam Houston

All the Texas dead of the past war, returned for permanent burial, could be buried in the national cemetery at Fort Sam Houston and still leave plenty of space

officials of the American Graves Registration Division here declared today.

The statement was prompted by recurrent rumors in various sections of South Texas that the national cemetery at Fort Sam Houston is now filled to capacity and that no more war dead can be buried there.

American Graves Registration Division officials estimate that approximately 7,000 Texans, killed during the past war, will be returned to this country for reburial. The national cemetery at Fort Sam Houston is now undergoing an expansion program that will provide space for about 10,000 graves.

### HIGH, WIDE and HANDSOME

Smartly streamlined, sturdier and stronger, GMC Truck's new medium duty cab-over-engine line is now in production. Two series offer 11 basic models with wheelbases up to 197 inches and gross combination weight ratings to 34,000 lbs.

LEFT: The new C.O.E. cab features all of the comfort and convenience advancements found in GMC's 1948 conventional models. All-steel and 6 1/2 times stronger than prewar, it provides a revolutionary ventilation system, 22 per cent more vision, 8 inches more seating

width with nearly twice the number of seat springs and complete insulation. RIGHT: In addition to the wide hood opening, easy accessibility to the engine is made possible by the removable one-piece insulated engine cover and right and left side floor boards.

### G I Question And Answer Department

Q. When I was discharged from the Army two years ago, I was advised by Veterans Administration to enter job training under Public Law 16. Due to conditions beyond my control, I was unable to enter training at that time. Is it possible for me to enter training now?

A. In all probability, you can enter training now, but you should contact your nearest Veterans Administration office where your first advisement will be reevaluated for you.

Q. I dropped my \$10,000 National Service Life Insurance term policy and later reinstated only \$5,000 of it. Is it possible for me to reinstate the other \$5,000 at this

late date?

A. Yes. You have until July 31, 1948 to reinstate without physical examination if you certify that your health is as good as when the policy lapsed. You need pay only two monthly premiums. Q. I am going to school under the Vocational Rehabilitation Act (Public Law 16) and would like to know what medical treatment is available to me?

A. Under the Vocational Rehabilitation Act, you are entitled to any type of medical treatment needed to prevent the interruption of your training.

Q. I am a veteran of the last war, but while in service I did not take advantage of National Service Life Insurance. May I file application and get National Service Life Insurance now?

A. Yes, but you will be required to pass a physical examination.

Mr. and Mrs. J. L. Cruce left Thursday for Possum Kingdom where they will spend a week or ten days fishing.

## The Woman Listener

By Sally Welles

RALPH EDWARDS, by turning over proceeds of "Truth or Consequences" contests, such as "Miss Hush" contributions to the March of Dimes, and "The Walking Man" donations to the American Heart Association, is constantly aiding worthy causes. However, he has also helped individuals. Betty Wright, mezzo-soprano, of Topeka, Kansas, is one.

Ralph Edwards

Betty appeared as a contestant on NBC's "Truth or Consequences" show more than four years ago. Since she was a music student, Edwards asked her to sing. Her "consequences" that evening was a four-year scholarship to Juilliard, the famous New York music school. She has just recently graduated from Juilliard, and has begun her musical career, with Bob Shaw's Collegiate Chorus and with the Viner Chorus, both in New York.

Tom Breneman is now in his eighth year as emcee for one of America's leading daytime audience participation shows, ABC's "Breakfast in Hollywood." The year-end mark was passed last month without fanfare. Said Breneman: "I hope to keep 'Breakfast in Hollywood' as entertaining as it has ever been for another eight years and another and another..."

There's good reason for the complex which actress Terry Rice, of NBC's "Road of Life," has about modeling. In her early trouping days, when she was a struggling, would-be actress, Terry was constantly being eased out of casting offices with the advice, "Why don't you try modeling?"

Eccentricity Dept.: David Driscoll, author of the CBS daytime serial, "Young Dr. Malone," is unable to remember names of characters, even though he has been writing about them for years. He constantly gives them names, and later unscrambles them with the aid of cast lists.

**GOMEZ GOSSIP** — Mrs. Lee Howell and daughter, Miss Colleen Howell visited in Hagerman, N. M. Sunday and Monday.

Mr. and Mrs. O. H. McKee of the Foster community visited in the Cliff McKee home Sunday.

Miss Gwyneth Doss, telephone operator in the Brownfield office is spending her two weeks vacation with home folks.

Mr. and Mrs. Arron Fox and daughter visited his brother Felix Fox in Amarillo Sunday.

Mr. and Mrs. Richard Whitley honored their son, Larnce (Sonny) with a birthday dinner at their home Sunday. Guests were Mr. and Mrs. Andy Anderson and son, of Lubbock, Mr. and Mrs. Paul Auburg and son, Mr. and Mrs. J. J. Whitley and Miss Lois Whitley all of Brownfield.

Mr. T. P. Oliver underwent major surgery in a Lubbock hospital Monday.

Mr. J. A. Guest has moved to Brownfield.

Rev. H. L. Thurston, pastor of the Brownfield Methodist church will be guest speaker at the Gomez PTA meeting tonight at 7:30 in the school.

WMU met in the home of Mrs. R. Whitley Monday to practice the Royal Service program for the brotherhood meeting. Those attending were Mesdames G. Carter, F. Lambert, Fletcher, Wes Key, Harris, J. C. Wooley, Nellie Carter, Blake, W. G. Swain, A. B. Buchanan, R. Wiggins, A. V. Britton, L. Guest, Lucy-Kent, Tyler Martin, J. Metcalf and Jinks Key.

Mrs. W. G. Carter and daughter, Mrs. J. C. Wooley were honored with a birthday dinner in the Carter home Sunday. Guests were Fred Payton and family, of Roswell, Mr. and Mrs. W. F. Porch and children, Mr. and Mrs. Julius Gage and son, Jim Payton and daughter, Mr. and Mrs. J. Payton, Mr. and Mrs. Oscar Payton, all of Sudan, Mr. and Mrs. J. L. Berryhill and daughters, of Seminole and Mr. and Mrs. J. C. Wooley.

Seventy-five attended the Brotherhood meeting at the church Thursday evening when the WMU ladies entertained members of the Brotherhood and their families. The inspirational program was presented in the form of a playlet, "Shower for Miss Ima Christian" gifts were aids for building a Christian home. The men's quartet sang, "Old Rugged Cross." A fellowship hour followed the program with refreshments of sandwiches, pie and cold drinks served.

J. A. Ellis of Route 3, Levelland, writes in to renew for another year and says he doesn't get his Herald till middle of following week. It is just part of that messy mail connections we can't do anything about until we get an official out of Fort Worth to come out and see what can be done about the matter. Postmaster Jas. H. Ellis, and all of us hope for some radical action.

Mr. and Mrs. J. C. Lewis and Patsy visited her parents in Plainview Sunday.

Mrs. Georgia Smith of Tulsa, Okla., is visiting in the home of her sister, M. S. W. D. Winn.

**Meadow Musings**  
Mrs. Nellie Babb, Miss Genell Babb, Mr. and Mrs. W. A. Oden and Mr. and Mrs. W. S. Johnson and sons all of Post, Texas visited in the home of Truett Babb last Sunday.

Miss Freda Walker of Rankin, Texas visited her parents at Meadow over the week end of last week.

Mrs. Elsie Della Davidson and little daughter visited relatives at Meadow last week. Mrs. Davidson teaches school at Crane, Texas.

Mrs. Arnett visited at Lubbock over the week end.

Arnett Hill, little daughter of Mrs. C. V. Hill, is visiting her aunt, Mrs. Ed McCharg, at Chillicothe, Texas.

Mr. and Mrs. John Cadenhead visited at Plains last Monday night.

Mrs. Wanda Nell Ashburn visited her parents, Mr. and Mrs. T. E. Verner, on Monday afternoon of this week.

The Meadow pre-school round-up will be held on Monday March 29, 1948 at the elementary school building. Registration will begin at 1:00 P. M. This is a Health Examination to be made by the Health Department (Dr. Miller, assisted by Mrs. Griffith, Health Nurse) in cooperation with the school administrators. This clinic is for all children in the Meadow School District that will start to school for the first time next September. All parents who have children in that category are urged to bring them to this clinic.

Happy Jack Davis and his "Sons of the Golden West," stars of the radio and screen from Hollywood, Calif., will present a musical program at the Meadow High School, March 22 at 8:00 P. M. This program will feature "Fiddlin' Slim, Dusty, Joe, Leon and Jack." The admission will be 20c and 40c. The program is sponsored by the Meadow FFA and the proceeds will go to help pay the expenses of the Leadership Team to the State Meet. Everyone is invited to attend this program and help the Meadow FFA chapter.

The Junior Class play, "Her Emergency Husband" will be presented on March 26 at 8:15 p. m.

**PLAINS NEWS**  
Mr. and Mrs. Joe McLaren and Annie Jo visited relatives in Lubbock Saturday night and Sunday.

Laverne Lusk underwent an appendix operation in the Brownfield hospital last Tuesday, she is reported doing nicely.

Mr. and Mrs. Jim Story spent the week end in Lubbock visiting her mother.

Mrs. S. McDonald spent the week end visiting her sister in White Sand, N. M.

Plains chapter No. 862, Order of the Eastern Star held its regular Friendship Night Monday night March 15th in the high school gym. Visitors were from Seagraves, Seminole, Brownfield, Denver City, Meadow, Morton, Levelland, Tahoka and Belton chapters.

Mrs. Mabeth Moreland and Mrs. June Mabry of Levelland were down over the week end visiting their parents.

Mr. and Mrs. John Cadenhead, of Meadow visited her mother, Mrs. Mary Lackey Sunday.

Mr. and Mrs. Creg Mays and son of Odessa were guests Sunday in the home of her parents, Mr. and Mrs. C. F. McCargo.

**GIRL SCOUTS OBSERVING SCOUT WEEK**  
All Girl Scout troops in Brownfield are observing Scout Week by working on their world knowledge badges. Troop 2 under the leadership of Mrs. Vivian Forbus and Mrs. Miles met Monday and planned a full schedule for the week. Activities include folk dancing on Tuesday afternoon in the music room of the West Ward school, a cook-out in Coleman Park Wednesday evening, a sing-song Thursday afternoon in the home of Mrs. Miles and a backward party Friday evening with

Jane Anderson and JoAnn Zant as hostesses.

Saturday morning the group will meet in the home of Mrs. Forbus for brunch and attend the Rialto at 1 P. M. Sunday the group will attend services at the Crescent Hill church.

Mr. and Mrs. L. M. Rogers and Norma Ruth visited friends in Lamesa Sunday.

Mrs. Vera Mattocks, of Oklahoma City is here visiting her sister, Mrs. Gordon Lemon.

in the high school auditorium. Laurence Renfro visited his father at Littlefield last Sunday afternoon.

Mr. and Mrs. J. E. Peek visited Mr. and Mrs. B. C. Horton last Friday night.

The Baptist WMS had 12 women present in their Day of Prayer at the Baptist church last Monday. The Annie W. Armstrong program was well presented and was very interesting. All of the women on program were present, except one. Each lady brought a covered dish for lunch.

Mr. N. E. Mackey has not been feeling well for the past week.

Mr. James Finley had a light stroke last Sunday, but is improving. He is 83 years old and will be 84 in May.

The teachers in the Meadow schools attended the District Meeting of the Texas State Teachers Association at Lubbock last Friday afternoon.

Mr. and Mrs. Boyce Verner and Rev. R. L. Shannon attended the Baptist Associational Training Union meeting at Tahoka last Monday night.

The Meadow FFA Father and Son Banquet will be held Friday of this week at 8:00 p. m.

The FFA poultry judging team has been selected and is composed of the following: Eddie Bingham, Jerry Lee Roberts and Neil Barber. Alternates are Lawrence Joplin and Joe Williams. This team will enter the contest to be held at Tahoka on March 17.

Marshal Loyd wrote in this week from San Angelo to get his Herald started to his new address. He is now interested in the San Angelo Leather Co., wholesale leather and shoe shop machinery. Loyd says give his regards to all his friends and customers in this area, whose memory he will always hold dear.

Mrs. Ruth Huckabee played the wedding music for the Griffin-Shaw wedding in Littlefield Sunday.

Mr. and Mrs. Hogue's Father Passes Away

Mrs. T. C. Hogue was called to Bowie March 2 to be at the bedside of her father, Mr. E. A. Boyd who was seriously ill. He passed away Monday the 8th at the age of 83.

Mr. Boyd had owned land in this county for years, and made many visits here until his health began to fail 8 years ago. He was born in South Carolina but had resided in Montague county for the past 70 years.

Burial was in Solona cemetery following funeral services at the B-wie Baptist church. All children and grandchildren were present for the services.

**Union Utterings**  
A good crowd was present for Sunday school and church Sunday. Carroll Herring filled the pulpit at the eleven o'clock hour and again Sunday evening. Rev. Baldwin is to preach at the regular time next Sunday morning and evening. Everyone is invited.

The H-D Club met Thursday in the home of Ethel Stone. There were eight members and three visitors present. Mrs. Frank Sargent was elected possible delegate to the state convention. (She was made delegate in a meeting of the County Council Saturday.)

The 4-H Girls are sponsoring a baking contest the 27th of March to raise money for the girls to take the yearly trip to A&M. The H-D ladies are asked to bake cakes for this and help put it over. The place for the contest is to be announced later.

Honor roll for the past six weeks include: Seniors, Wanda Wood, Nathalene Golden; Eighth, Yvonne Herring; Seventh, Glen Sargent; Sixth, Jean Sargent, Cora Riley;

Mrs. Juanita Lanious spent Friday night and Saturday at the bedside of her sister, Mrs. J. L. Swope, of Lamesa. Mrs. Swope is in a Lamesa hospital for major surgery.

Mrs. Carl Cabe, who was a patient in a Lubbock hospital last week has been dismissed. She is reported as getting along as well as could be expected.

**IT PAYS FARMERS TO MAKE EVERY BIT OF WORK COUNT AND TO GET FULL SERVICE FROM OIL**

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

**150-HOUR VEEDOL**

SAVES FUEL by reducing power blow-by. SAVES TIME by avoiding breakdown delays. SAVES REPAIRS through greater heat and wear resistance. SAVES OIL — stands up 150 hours in gasoline-burning tractors, cuts oil consumption in all tractors. SAVES TRACTORS — assures long, economical service.

**NO SHORTAGE OF PROTEINS Let Milk Serve What You Need**

Mothers, no doubt, worry more over the lack of beef in their children's diet because of the protein value they're missing rather than the taste. But your worries are unnecessary. For milk contains as much protein as steak in addition to other vital body building materials. And what's more children love it—in fact every one loves our creamy, rich, delicious milk—especially during the warm weather days. Be sure to serve it daily.

### Tech Places Third In Okla. Judging

A livestock judging team representing Texas Technological College took third place in the recent inter-collegiate contest held in Oklahoma City in connection with the Oklahoma Fat Stock show. The team placed second in judging sheep and horses, third in cattle and fourth in hogs.

Clinton Ritter, Lawn, took third individual honors in judging sheep

and fifth in cattle. Robert Cox, Lubbock rated fifth individual in judging horses. Other team members included Jack Burkhalter, Seymour; W. D. Hancock, Jayton; Ed McLeroy, Brownfield; and Robert Mims, San Angelo. Oklahoma A&M placed first in the contest, Texas A&M second and Kansas fourth.

Mr. and Mrs. Henry Chisholm left this week for a ten day visit in Hot Springs, Texas.

### RUPTURE Shield Expert Here

H. M. SHEVANN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock Sun. & Mon. only April 4 & 5, from 9 A. M. to 4 P. M.

Mr. Shevann says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevann will be glad to demonstrate without charge. 6209 N. Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

Dr. and Mrs. T. H. McIlroy were in Lubbock Monday evening to visit his father, Dr. T. A. McIlroy who suffered a heart attack the latter part of last week.

### Texas Forestry Making Progress

The A and M College Texas Forest Service now has a printed circular which answers the multitude of questions people are always asking about its tree nursery program.

"Forests in the Making" is the title of the attractive green and black publication. Within its eight pages is told the story of the Indian Mound tree nursery near Alto, its purpose, source of seed, problems of production and shipping. Even the cost and how to order seedlings is included. Pictures and charts support the story. The Indian Mound nursery is one of which Texans can be proud. Producing a million seedlings in its first season (1940), the nursery has expanded until this year it shipped 18 million, a quantity equalled only by Georgia in the South.

Mr. and Mrs. Harvey Gage spent Sunday with her mother, Mrs. S. J. Billings, who is a patient in the hospital in Amherst.

### Fires Slow Up Peace Recovery

"Fire is slowing down the peace effort in this country," said Marvin Hall, State Fire Insurance Commissioner, in commenting on Governor Jester's proclamation of Spring Clean-Up Week in Texas for April 4-10.

In urging citizens of this State to participate in this program by removing fire hazards from their homes, institutions and places of business, Hall said that fire was destroying valuable property, raw materials, foodstuffs and other materials vital to the recovery of this nation from a devastating war.

"Almost 550 persons were killed by fire last year," he said "and nearly 21 million dollars in property was destroyed. The 1947 property loss was the highest in the history of this State."

Commissioner Hall hopes that every Texan will consider it his individual responsibility to cooperate in helping Spring Clean-Up Week to be a success and in preventing fires, to build an even greater and richer State.

### Why Communists Work For Aims

Why do Communists work so hard to accomplish their political aims?

As nearly as the Review can give an answer, it is owing to the fact that this is not a communistic government and if there are any members gained for the foreign party they will have to be recruited from the established order we have in this country. Generally speaking our people are well enough satisfied with our system. If there is dissatisfaction it must be started by an enemy.

This may be done by the enemy complaining about the income of business compared with the wages received by the laborers. Yet if the business suspends they could not start one.

Such is the argument usually made. After a man who has been won over to the idea has worked until he has a life pension and retires he continues to complain about the man who was able to feed him while working and then give him old age pension.

Common sense is greatly needed in all walks of life.— Yoakum County Review.

R. H. McCormack, local retired contractor, celebrated his 79th birthday Monday. In his younger days, Mr. McCormack was a railroad fireman. He came here in the early 'teens, and built many houses, including one for the editor of this paper.

MIRROR OF OPINION

SPEAKER of the House Joe Martin recently told members of the American Small Business organizations meeting here that there was an "insidious campaign" to undermine the prestige of congress in the minds of the people. The canny New Englander, a newspaper publisher himself, resents criticism of congress. Speaker Martin has been in the public eye for many years, and we cannot believe that he is so complacent, or naive as to believe that the 80th congress has not given grounds for honest criticism, even for abundant criticism.

The trouble with most politicians who grow old in the profession of politics, is that to disagree with them is to criticize . . . and that seems to be the basis of Speaker Martin's plaint. This writer believes that the one single group of men in the country who most accurately mirror the opinion and thought of the home towns of the country and rural America are the publishers of the weekly newspapers of the country.

So it is with deep interest we note that a poll of country editors by a trade magazine shows a large majority of the country editors favor 7 of the 10 major proposals made by President Truman to congress. On one of the 3 which they oppose, the sentiment is almost even.

The results: 65 per cent of the editors favor universal military training; 65 per cent approve a long range housing program including public housing for low income people; 54 per cent favor the \$40 tax cut for each taxpayer; 61 per cent approve the Marshall plan and \$6,800,000,000 outlay for the first year; 66 per cent favor extension and strengthening of rent control; 60 per cent approve extension of social security benefits; 80 per cent favor granting statehood to Hawaii and Alaska; 51 per cent oppose the President's civil rights program by law, but seem to approve it by education or other means; 74 per cent oppose a national prepaid health program, and 61 per cent oppose tacking the \$40 individual tax cut onto the corporation taxes.

Surely Speaker Martin and the GOP majority in congress who oppose most of these proposals do not consider this attitude of rural editors a part of the "insidious campaign" against congress.

Carroll Reece, chairman of the Republican national committee, wrote to Eugene Hensel, general counsel for the National Association of Farm Cooperatives, declaring that his party was proud of its long record of support for the cooperatives. The chairman's face must have been red indeed when the majority committee report of the house ways and means committee on Chairman Harold Knutson's \$6,500,000,000 tax cut bill contained the statement that "small businesses are being bankrupted by competition of tax-free cooperatives." GOP members of the committee deny authorship and are seeking to pin it on Chairman Knutson himself.

### Cushion for Depression

While many here both in and out of government are jittery over the break in prices, fearful of a depression, this reporter's opinion is that there never can be a depression comparable with the 1929-1930 crash.

The truth is, the administration is doing everything possible to stave off a recession until after election, and the Republicans are doing everything they can to bring it on before election.

But many economic and social reforms will serve as cushions to prevent a catastrophe such as happened 18 years ago.

The private power lobby continues to get its foot into the door of congress and whittle away at public power. Latest instance is on the Rockwell bill, HR 2873. As it came out of committee, the bill would modernize the reclamation law and encourage development of western resources. For two or three days it withstood amendments from the floor seeking to weaken the bill. All failed. Then majority leader Charles Halleck took a hand and the bill was recommitted. It came out mangled and mutilated. It increased power rates on public reclamation projects and deprived irrigation farmers benefit of financial aid from power revenues.

### Housing Issue

Housing will be a hot issue in the presidential campaign. Congress is awaiting a six months study by a committee headed by Rep. Ralph Gamble of New York, due March 15. In the meantime plans are to grant a moratorium on rent control, which ends February 29, preparatory to ending all control. Housing expediter says rents will rise 50 per cent if controls are removed. Congressmen will feel effects in hotel bills at Philadelphia conventions.

Mrs. Jack Bailey underwent major surgery in the West Texas hospital in Lubbock Wednesday of last week.

## In Ping Pong or GASOLINE IT'S CONTROL THAT COUNTS!

PHILLIPS 66 IS CONTROLLED\* FOR  
QUICK STARTS AND PLENTY OF POWER!

It takes a pretty neat touch to keep that little white ball on the table . . . and it takes plenty of control to build a gasoline as good as Phillips 66, too!

The trick we use is to control the blending of the high-quality components that go into Phillips 66 to fit your driving needs in hot weather or cold!

Give your car a break with Phillips 66 Gasoline next time. The proof's in the performance!

\*VOLATILITY CONTROLLED\*  
TO GIVE YOU FAST STARTS!

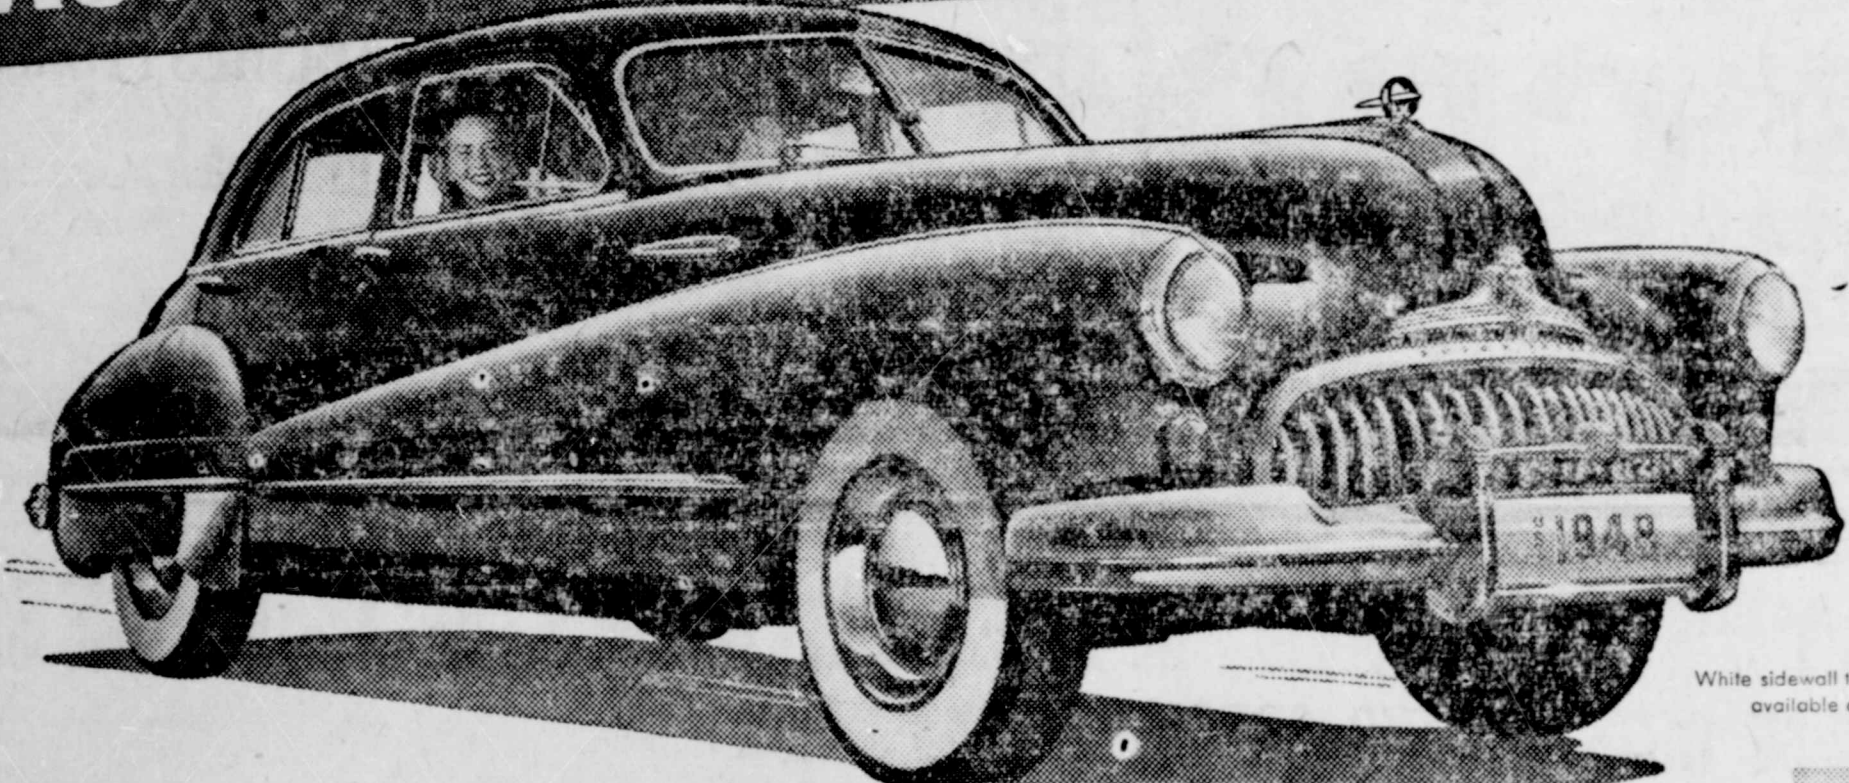

### WELLMAN GIRL ACTIVE IN RELIGIOUS WORK

Abilene Christian College, Abilene, Texas, put emphasis on the "Christian" in its name. Both students and faculty members attend daily chapel services. In addition, students hold regular devotional services at night on the college administration building steps and in the dormitories. Student groups meeting weekly include an evangelistic forum, a mission study class, and a girls' training class. Such religious activities help the college realize its goal of "preparing its students for Christian living, while at the same time teaching them how to cope with the problems they will meet in the world."

Taking an active part in the girls' training class is Ada Sue Dean, daughter of Mr. and Mrs. Sewall Dean of Wellman.

## Road Master for a new reason

White sidewall tires, as illustrated, available at extra cost.

### - Dynaflo Drive

PUT your mind's eye to measuring the makings of a truly masterful car — and you certainly can't overlook this one, especially this year.

Here you find the distinction of taper-thru styling—the regal comfort of an all-coil-spring ride, now newly shielded against vibration — the Fireball action of a great straight-eight engine that boasts the quietest purr and pulse in a motordom.

Already you have reason to grant that it sets a new measure of motorcar excellence, regardless of price. Now look at something where comparison ends — at Roadmaster's Dynaflo Drive.\*

For no automobile drive ever developed makes driving so

effortless, yet gives you such near-miracle performance.

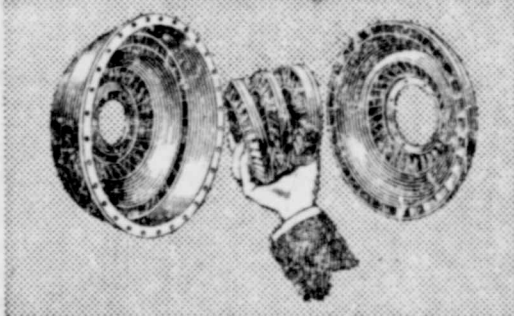

Here you not only drive without a clutch pedal and without manual gearshifting — but also without any break in your Roadmaster's gait, as it accelerates between all speeds. That is because no gears ever shift anywhere in the car — not even automatically!

Here the power plant itself does what gears used to do — responding to the touch of your toe on the treadle through all speed ranges — without trace of lag or halt or hesitation.

So though you've already decided there was no surpassing the

Roadmaster's super excellence in terms of its 4400 pounds and 18 feet of top styling, luxury and power — just boost your expectations still higher.

See the Roadmaster — try Dynaflo — and you'll find more reason than ever to get your order in — with or without a car to trade.

### WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE?\*

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

\*Optional at extra cost on Roadmaster models only.

### BUICK alone has all these features

- \* DYNAFLO DRIVE (Optional)
- \* TAPER-THRU STYLING \* FLEX-FIT OIL RINGS
- \* VIBRA-SHIELDED RIDE \* SAFETY-RIDE RIMS
- \* HI-POISED FIREBALL POWER
- \* ROAD-RITE BALANCE \* RIGID TORQUE-TUBE
- \* QUADRIFLEX COIL SPRINGING
- \* SOUND-SORBER TOP LINING (Super and Standard)
- \* DUOMATIC SPARK ADVANCE
- \* TEN SMART MODELS \* BODY BY FISHER

One of the events of National 4-H Club Week in Terry County, was the awarding of the gold star pin to Patsy Anne Moore, the 1947 winner. Miss Dunlap, county home demonstration agent, presented the pin at the close of a training school for 4-H leaders, held in her office on March 6. In observance of the week, the girls wore play suits and dresses they had made since January first. Attention was drawn to the individual garments, as one member from each club told of the activities of her club members. Patsy Anne has been interested in learning to weave rugs, and last year made two. She also showed thirty-six 4-H girls and five adults how to do it. In addition, she showed her smaller sister how to make hot mats by the same method. Besides the rug work, Patsy Anne earned the money for her clothing last year, by picking cotton and by caring for two small children. For this work she received a total of one hundred seven dollars and two cents. Mr. and Mrs. R. V. Langford announce the birth of a daughter March 16. The infant weighed 5 lbs. and 13 ozs. at birth and is named Sheri Kaye.

**WELLMAN H D CLUB HOLDS MEETING**  
 The Wellman Home Demonstration club held its regular meeting Friday afternoon. Theme of the program was "Isolation" with Mrs. Horace Fox as leader. Instructions for using the Score Sheet on Radio listening programs were handed out. All members had the answers to their questions and this part of the program is interesting, as well as educational.

## MRS. CRUCE COMPLIMENTED WITH SHOWER

Mrs. John L. Cruce was complimented with a coffee and pink and blue shower Tuesday morning in the home of Mrs. G. G. Gore with Misses J. T. Bowman and Paul Bish as hostesses. Coffee and cinnamon rolls were served from a table laid with a blue linen cloth centered with yellow jonquils. Guests were Mesdames N. L. Mason, Mike Barrett, C. C. Primm, Jack Hamilton, J. L. Cruce, Lee O. Allen, Joe Shelton, Paul Young, Tom Harris, Buell Price, Sam Teague, C. L. Truly, Lee Brownfield and Emma Bish.

## MRS. HUDDLESTON HOST TO POOL HD CLUB

Mrs. Allie Huddleston was hostess to the Pool Home Demonstration Club when they met for a demonstration on making soap. Mrs. Asborn conducted the demonstration. Pamphlets on radio programs were distributed among those present. The next meeting will be with Mrs. Ollie Chestman, March 23, and will be an all day meeting. A demonstration on retying and reupholstering used furniture will be given. All members are to bring a covered dish. **REBEKAH LODGE TO HOLD "SOCK SUPPER"**  
 The Brownfield Rebekah Lodge will hold a "sock supper" in the IOOF Hall Friday, March 26. The affair is for all members of the Rebekah and OJL Fellow lodges and the general public is invited. Other lodges in the surrounding towns have been invited. Bring your supper in a sock and join in the fun.

## Religious Fanatics Dangerous Citizens

When a one track mind gets on a one track idea, whether it be political, religious or otherwise, that person is likely to lapse into such an unreasonable train of thought that he may decide that the best route to accomplish his ideas is to eliminate all who disagree.

Quite often we see such persons about town. Heard one in a vociferous argument only recently; his eyes were blazing, his muscles shaking, and he was almost frothing at the mouth like a mad boar. Which reminds us of an article in Tuesday's dailies about just such a guy passing a Catholic school in New York, and when they told him what kind of a school it was he began shooting. One student was killed and three wounded. The man was finally cornered and arrested. Of course his lawyers will plead insanity—which he is or was.

*Announcing*  
**THE STAR MAXI-TRAC A NEW TRACTOR TIRE COMBINING ALL THE MOST DESIRABLE FEATURES**

**CLEAN AS A MOLD BOARD PLOW—**  
 The STAR MAXI-TRAC semi-curved traction bar sheds dirt like a mold board plow. This "Flow Action" leaves a clean, deep hiding surface that gives perfect traction at all times.

**BITES LIKE A SPADING FORK—**  
 The open center construction of the STAR MAXI-TRAC allows the traction bars to bite deep in all kinds of soil and give maximum traction. In mud, sand, clay or on pavement—the STAR MAXI-TRAC holds its grip.

**TALL TRACTION CLEATS—**  
 The traction bar cleats on the STAR MAXI-TRAC are taller than on any other tractor tire. The large end knob on the cleats provides extra padding of rubber in the center of the tread for longer wear, smoother rolling. Cleats are of buttressed construction—will not tear or pull off.

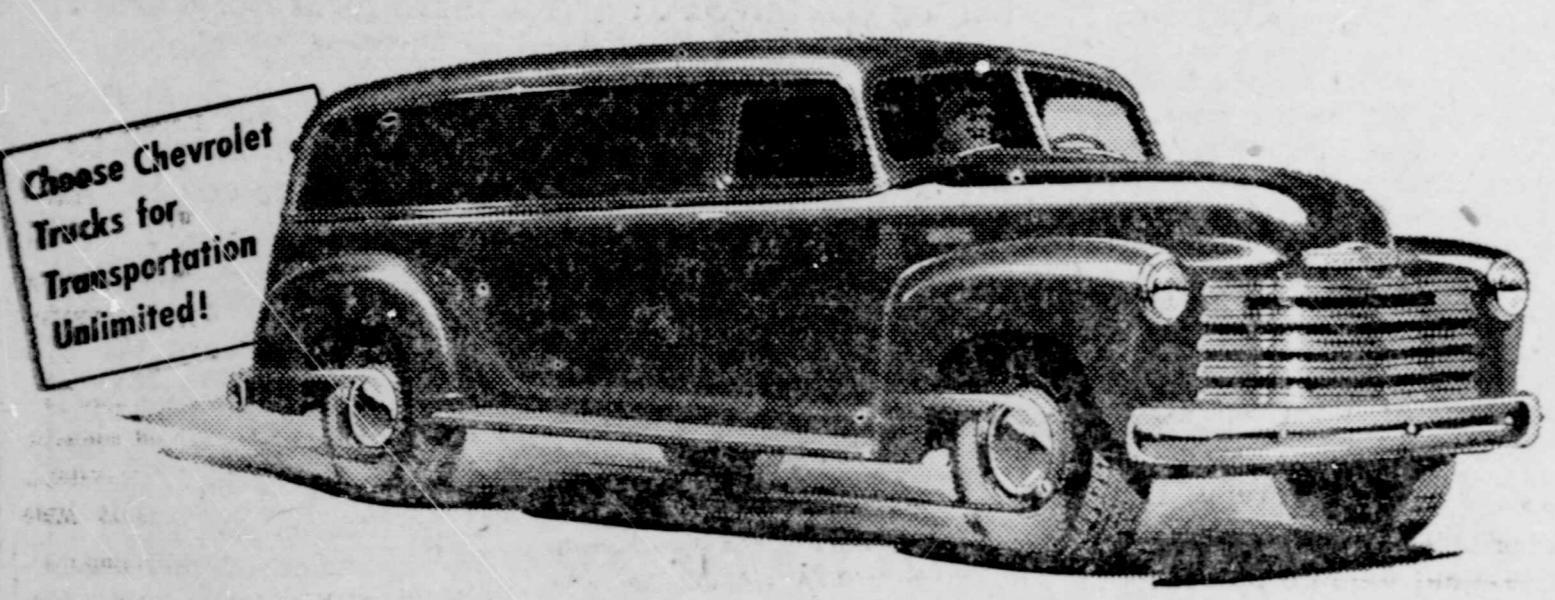

**STAR TIRE STORE**  
 708 West Main Phone 34

**THE TIRE WITH THE GRIP THAT HOLDS**

- THE CAB THAT "BREATHES"**—Fresh air—heated in cold weather—is drawn in and used air forced out!
- Plus** • Unwelded, all-steel cab construction • New, heavier springs • Full-floating, spindled rear axles • Specially designed brakes • Ball-bearing steering • Wide base wheels • and many others!

\*Fresh air heating and ventilating system optional at extra cost.

Among all truck producers, only Chevrolet brings you Advance-Design with the latest and greatest features of advance engineering, plus this matchless premium of production and sales leadership—the lowest prices in the volume field! Here are trucks with comparable equipment and specifications that list for less than competitive makes—some models as much as \$150! See these trucks now in our showroom.

In order to better serve our customers, from the standpoint of quality, price and service, we have become affiliated with the South Plains Association of Grocers, which maintains a warehouse at Seagraves. In order to bring you this better service, it is necessary for us to pay cash on wholesale grocery purchases. For that reason, we find it necessary to carry no charge accounts at either store for longer than 30 days—all bills payable on 10th of following month. Your credit is still good at Kyle's, but we ask your cooperation in helping us to carry out our new charge-account policy. We appreciate your past patronage and hope to merit its continuance.
