

# Baseball Club To Open Here Against Levelland April 18

The Brownfield baseball team will open its 1948 Oil Belt League season here April 18 against the Levelland Refiners, according to the schedule adopted here Sunday at a meeting of league officials and team representatives.

Candidates for the local squad, which will include 20 players, are continuing work-outs. The new diamond at the Levelland "Y" is being put in shape, and will be used by both the Oil Belt team and the Brownfield high school nine.

Limitations of team rosters, umpiring, eligibility, and other matters were taken up at Sunday's meeting which was presided over by Joe Holmes of Lubbock, league president. Other officers present included E. W. Wilgus of Brownfield, vice-president; Lomer Nelson of Littlefield, secretary-treasurer and Charles Didway of Brownfield, statistician.

Harold Crites, manager, and J. B. Huckabee, business manager of the Brownfield team were also present at the meeting. Others included Clyde Bond, Jr., of Brownfield; C. E. McCoy of Slaton; Paul Duren and Mr. Gardner of Post; Red Horne of Sundown; Lois H. Vestal and Roscoe Jarmon of Levelland; Eddie Gorman of Denver City, and representatives of other teams.

## Calf And Pig Show Dates Changed

The 4-H and FFA Fat Calf and Pig Show had had a time this year setting a date for the show, according to Mr. Lester Buford, Ag teacher in the local schools. The date was first set for April 10th, and that conflicted with a teachers meeting at Meadow. It was then moved to April 17th, and it was found that conflicted with something else, and so finally, the date was set for April 10th, rain or shine.

The final date meets the OK of the Jaycees Agricultural Committee, and so the show will go on. As we understand the matter, the boy and girl club members are making a supreme effort to capture some of the money offered this year, and not a few calves and pigs are being fed and primed for the annual event.

This is one event in the county that all are interested, not only the farmers and farm boys and girls, but everyone likes to look at a fat calf or sleek pig.

## Here Settling Father's Estate

Menard Smith, of Kansas City, Mo., is here this week getting his father's estate in condition so that it will take the minimum of attention from the heirs. In other words, the farm has been rented to a neighbor farmer, the farm implements are to be sold and the farm residence rented to some one, as it is convenient to town.

Menard is connected with U.S. Public Relations section of the engineering division. Their immediate object is to put a lot of dams on the Missouri river, he stated. The farm sale will take place next Tuesday at the farm home, with Kenneth Bozeman, of Lubbock, as auctioneer.

## Sorry, We Can't Print Submitted Poems

As stated in these columns on several occasions, we can't accept poetry for publication. In the first place, our space is limited, on account of scarcity of paper. Secondly, we are primarily in the news and not the literary field. We had a very nice poem submitted by a fine lady this week end very appropriate to the Easter season, and it is with regrets we have to reject it. If we accept one, we must necessarily accept all poetry submitted.

## Lions Governor Visits Here

The Lions Club Wednesday Luncheon was held Tuesday night at the Esquire Cafe to hear John McLean of Hereford, District Gov. of the Panhandle District, who addressed them. A number of Lion members of Plains and nearby towns also attended. McLean was introduced by Frank Jordan, whom McLean succeeded in office. The meeting was presided over by Bill McKinney, vice-president in absence of the President, W. A. Roberson who is in the hospital.

Mrs. Jeff Farley and sons left Sunday by plane for Temple, Oklahoma, to visit her mother.

## Sundown Man Mishap Victim Last Friday

Charley Leo Henderson, a 31-year-old Sundown man, was killed instantly early Friday morning, March 19, when a bulldozer he was unloading from a truck-trailer overturned on him two miles west of town.

Funeral services were conducted at Tahoka at 4 p. m. Saturday in the First Baptist church, with Rev. A. C. Hardin, pastor of the Sundown Baptist church, officiating. Burial was held in the Tahoka cemetery.

Henderson was hauling the machine from Sundown to a construction job at Denver City. He was an employe of C. E. Blake-man Construction company of Sundown.

Two right rear tires of the heavy trailer blew out and he pulled over to the side of the road, investigators determined.

He was backing the bulldozer off the trailer when it toppled over, catching him and crushing him in the upper chest.

A passerby advised Farley Funeral home, who rushed an ambulance to the scene but found Henderson dead.

Sheriff Ocie H. Murry of Terry County and State Highway Patrolman A. A. Eggen and V. D. Atwood cooperated in investigating the accident. Justice of the Peace J. W. Hogue rendered a verdict of death from accidental causes.

The body was taken to Tahoka Friday night by Farley.

## Vaccination Against Rabies Urged

The recent death of a child in south Texas from rabies emphasizes the danger of this disease and its importance to public health.

According to a statement just released by Dr. Geo. W. Cox, State Health Officer, there were 1,099 rabid animals discovered by laboratory examination in Texas last year. There were undoubtedly many more rabid animals running loose which were never examined. Since most of these animals were dogs, children are especially vulnerable to this dreaded disease.

"All dogs should be vaccinated annually as a rabies control measure," Dr. Cox said. "When a child is bitten by an infected dog, the dog should be penned up for observation for 10 days. If he shows no signs of illness in that time he is not rabid, but if he sickens, he should be killed in such a manner as not to injure the brain. The brain should be packed immediately in ice and sent to the State Health Department for examination. If rabies is shown to be present there is still time to begin anti-rabies treatment on the child."

Brownfield should take firm steps to control the presence of stray and ownerless dogs since they remain unvaccinated and are usually the principal source of rabies.

## Levelland Wholesale Forger At Large

Local officers are in possession of over a 10 printed form checks, which they were advised by Levelland officers to be a forgery. These checks with the printed name of Miller-Wells Servicing Co. on the First National Bank of Levelland were reported to have been stolen and the name of Ray Miller is alleged to be forged to them. Business men are warned not to cash them, but to notify officials at once.

## High School Student Council Gives Banquet

The high school student council assisted by Mrs. Moorhead and the girls of the Home Economics department entertained the football boys, their dates, cheer leaders, members of the queen's court, faculty, members of the school board and their wives at the traditional football banquet, Friday, March 19 at the Legion Hall.

Dell Morgan, head coach at Texas Tech, was the principal speaker of the evening. Jackets were presented to the football boys and the coaches were given certificates for suits.

Called around to the Best Yet Cafe in their new location this week. They certainly have a nice place.

## Cowan Discloses Special Committee; Vacancies

### Battleship Texas Headed For Home

Press dispatches last week from Norfolk, Va., stated that the aging battleship Texas, had undergone repairs sufficient to start her on her last journey around the Florida Keys, across the Gulf of Mexico and up the Houston ship canal to her last resting place.

Through the efforts of Texas school children and the Junior Chamber of Commerce throughout the state, all but \$40,000 of the \$225,000 necessary to dig a berth for the old battleship on San Jacinto battlegrounds, has been raised, and it was hoped that all the funds will be in by April 21, which is the anniversary of the day Texas won its independence from Mexico on the field of battle, which was fought on the grounds where the old battleship will rest, and become one of the many shrines at San Jacinto.

Retired Fleet Admiral, Chester W. Nimitz, native of Fredericksburg, Texas, will receive the old ship on that date, an present it to Texas through Gov. Beauford Jester.

### Miss Annie Armstrong Here From Sligo

Yes, this thoroughly Irish lady was here Tuesday, but as it was after the 17th, she had no shamrock or even a shillelagh. Like her uncle, the late Pat McHugh, whose estate she inherited, she still has a bit of the old brogue left that makes one like to listen to her. Miss Annie is raising some fine cattle on her ranch in the Sligo area of Yoakum county.

For many years after the writer came here, Pat McHugh was not only a leading ranchman of Yoakum, but was one of the county commissioners after the county was organized. Everyone liked this genial Irishman, who at that time was rather fresh from old Erie. He never had any children of his own that we are aware of, so Miss Annie, his niece, came over from Ireland to look after his household affairs.

Since Mr. McHugh's death, however, Miss Annie has looked after the affairs of the ranch as well, and has made a success at it. Miss Annie is intensely frank in her expressions. One is never left to guess what she is talking about and that she means what she says.

Perhaps that is just what the world needs more of just at this time. If more of us expressed our opinions in no uncertain language, then allowed the other fellow to do the same, there'd be less chance for misunderstandings.

### Good Neighbor Policy On Lewis Farm

Neighbors and friends of the J. B. Lewis family out on the Dr. Daniel place four miles east of town, believe in the good neighbor policy. Another neighbor, Arnett Bynum quietly notified other farmers in the section, and some 12 or 14 tractors were on hand Wednesday to put up the half section farm of Mr. Lewis.

For several months, Mrs. Lewis has been ill, most of the time confined to her bed, necessitating the constant attention of her husband. So, the neighbors have put up his crop land, and we feel sure that when planting time comes if Mrs. Lewis is still ill, these farmers will plant his crop.

### Corp. Smith Here From Subic Bay

Corp. John A. Smith arrived in Brownfield from Subic Bay near Manila after a flight of 11,000 miles. John is the youngest member of the I. M. Smith family. He has served 18 months in the Marines.

Corp. Smith will be permanently stationed in Honolulu, Hawaii, after a fifteen day emergency leave.

Mr. and Mrs. A. W. Enders are here this week from Fort Worth, visiting her mother, Mrs. S. A. Shepherd and other relatives, and having her physician give her a checkup. She underwent surgery Thursday morning.

### Cotton Mechanization Conference To Be Held In Lubbock

The second annual nationwide cotton mechanization conference will be held October 14-15-16 at Lubbock, Director R. D. Lewis of the Texas Agricultural Experiment Station, announced Tuesday. Decision to hold the conference at Lubbock was reached Monday at the meeting of the 18-member mechanization steering committee of the National Cotton Council held in Memphis, Tenn. An invitation to meet in Texas was extended by the Agricultural Experiment Station and the Extension Service of the Texas A. & M. College, and by the Texas State-wide Cotton Committee.

Director Lewis said the mechanization group adopted as a theme for the 1948 meeting, "the challenges of the mechanization of cotton and related farm crops." He added that initial plans for the three-day program call for a demonstration of the various phases of mechanized cotton production, and for addresses by some of the nation's leading agricultural and mechanization authorities.

Holding the conference at Lubbock will give cotton industry members from other states an opportunity to study the highly mechanized operations on the High Plains of Texas, Lewis said. Already, he pointed out, some High Plains farmers reduced the man-hour requirements for cotton production to 6.9 per acre.

Mechanization demonstrations at Lubbock will be under the supervision of D. L. Jones, superintendent of the Lubbock station. They will emphasize High Plains mechanization practices including harvesting the crops with strippers, Lewis said.

### For Gosh Sakes Don't Start A Fire

From now on until everything is green, the firemen will be called out two or three times a week perhaps, to put out a weed or grass fire. Lots of people don't seem to think about the danger of fire, or how easily it can get out of control. Many times much damage has taken place before the alert firemen can get there.

A lot of people will rake up a lot of weeds and trash, stick a match to it and then go somewhere to gossip with a neighbor, or in the house to read. The wind gets up, and a fire is started along a plank fence, outhouse or something, and maybe they don't even have a garden hose handy.

A good plan is to rake the stuff into a pile, then wet the area around it with a garden hose, and not then, if there is a lot of wind. The Brownfield fire boys are always willing to help you, but you can help them too, by being careful with fire.

### South Plains Masons Meeting Here Today

The South Plains Scottish Rites Clubs are honoring Brownfield with their Semi-Annual meeting at the Veterans Hall here tonight.

It is their Maundy, or Easter service observance. Over 200 members of the Masonic order is expected. B. E. Adair of Lubbock is President of the Club and A. M. Muldrow of Brownfield is vice-president. Clovis Kendrick is in charge of arrangements and program. Temple H. Morrow, a retired business man and high in Masonic work, will deliver the main address.

Following a banquet at the Hall, ritualistic work will be put on. Mr. Kendrick noted that the usual friendliness of the Brownfield people, is making such district wide meetings, among other organizations easily obtained here.

Mrs. Bernadine Grabber, Evelyn Evans, Elva Gillham, and Bennie Wartes visited Carlsbad Caverns over the week end.

Mrs. W. A. Bell phoned us this week that she finally got to see the redbird, and was she tickled.

### "F" In Safety Given School Heads

Texas Highway Patrol Inspector C. G. Conner scathingly told a handful of school officials in Dallas Saturday that school administrators were less interested in safety than any other group in Texas.

For one thing, he said, they allow school children to ride in buses not fit for cattle. "Five days a week, nine months a year, 6,000 motor vehicles carry the 300,000 school children of this state to their classes," Conner said. "Some of them go in what we call jalopies—without windows, and with only canvas to keep out the wind and rain."

"Hogs and steers are not carried to market in vehicles like that. They're too valuable," he continued.

He spoke in the closing sessions of the Governor's Highway Safety Conference at the Baker Hotel. "You are the hardest to arouse," the burly assistant chief shouted. "Industry has long since seen the light. Downstairs in this hotel hundreds are giving their time and money to learn to make their businesses safer."

"Of the forty to fifty thousand educators in the State of Texas, we speak today to you."

Conner said he had been inspecting school buses for ten years and couldn't count the times that he had marked the same defects on the same bus charts year after year.

"You just don't care," he charged.

### Masons To El Paso For Degrees

Tom May will accompany Rev. Jack M. Lewis and John Dalrymple of Lubbock, and Fletcher Lewis of Brownfield, to El Paso Monday, March 29th, for the conferring of the 33 Honorary Degree in Masonry and the Honorary Degree of the K. C. C. H. John Dalrymple and Tom May, the thirty-third Masons, will attend the conferring of the thirty-third degree on Roy J. Fry of Plainview and Rolla V. Cartwright of Amarillo. Rev. Jack M. Lewis and Fletcher Lewis, K. C. C. H. Masons will attend the conferring of the Honorary Degree of the K. C. C. H. on several thirty-second degree Masons from West Texas.

### Meadow High School Girl Dies In Mayo Clinic

Miss Jean Pendergrass, 17 year old daughter of Mr. and Mrs. Jess Pendergrass, well known residents of Meadow, died last Sunday night at the Mayo Hospital in Rochester, Minn. She had become ill some three months ago, with a head ailment that baffled physicians, and was carried to that hospital three weeks ago. She was a senior in the Meadow high school.

Funeral services were conducted Thursday at 3 o'clock in the Meadow Church of Christ, with burial in the Meadow cemetery.

She is survived by her parents and maternal grand parents, Mr. and Mrs. Hester of Abilene, and paternal grandparents, T. T. Pendergrass of Meadow.

### Local Farmer Dies Here, Burial At Ralls

R. E. Sanders, about 38, died in a local hospital Tuesday forenoon following serious illness of several days. He was living on the Lewis Havran farm, 5 miles south-east of Wellman. He came here from Ralls, earlier this year. Burial is to be at Ralls, Thursday by a Ralls funeral home.

He is survived by a 12 year old boy, and a 15 year old girl. His wife died several years ago.

Mr. and Mrs. Sonny Whitley visited in San Angelo over the week end.

Kyle Graves and son-in-law Slim Schellinger report a very satisfactory opening of their new store at Hill and First, last Saturday.

## Brownfield State Bank Reveals Name Change; Building Plans

### Twin Boy Killed In Shooting Accident

The sad tragedy that happened last week down in the Welch section of Dawson county, and just over the line from Terry, is heart rending to say the least. The twin sons of Mr. and Mrs. Henry R. Russell were out hunting when the accident happened. As the story was told the Herald, it was about as follows:

It seems that Henry P. Russell, 15, was stooped in front of the front fender of their car to shoot a rabbit. The other twin, Kelton, in the car was also fixing to shoot, when Henry suddenly raised up, just as his twin pulled the trigger. The bullet entered Henry's head.

The wounded boy died later at a Lamesa hospital. Funeral at the Church of Christ in Lamesa, with Boy Scout troops from Welch and Lamesa in attendance. Burial in Lamesa cemetery.

We understand that Kelton is almost on the point of a mental breakdown, and his family plan to carry him on a journey far removed from the scene of the accident.

### Teachers Salaries Still Below Others

Texas will continue to have difficulty obtaining the qualified teachers it needs despite salary increases granted by the last legislature, it was predicted in Austin today.

"The high cost of living has more than offset the raises in pay," Miss Emma Mae Brotze of Marshall, president of the Texas State Teachers Association, declared.

"We are grateful because the legislature provided a minimum salary scale of \$2,000 annually for teachers with degrees. That has made the average salary of our teachers \$2,500."

"The fact remains, however, that Texas is still under the average pay for teachers in the United States and that increasing cost of living is forcing many people to look to other lines of endeavor for their livelihood."

"Obtaining a degree which qualifies a person to teach in Texas schools is a costly process. It is quite likely that the fact that teachers receive 12 per cent less than the average pay for all employed persons in the United States, including laborers, is little inducement for persons to train for and enter the teaching profession."

Miss Brotze pointed out that conservative figures of the United States Bureau of Labor Statistics reveal that the cost of living has increased 63.8 per cent since before the war.

"The average salary of Texas teachers, \$2,500, is equal to a paycheck of \$1,526 in the 1935-39 period," the state teachers president said.

"In purchasing power, that means the dollar will now buy only what 61 cents would before the war."

"Take home pay of teachers has also decreased due to the fact that federal income tax is now levied on their salaries. That was not done prior to 1936."

"With income tax deductions, the average salary of Texas teachers is equivalent to \$1,306 before the war."

"So long as high prices continue, so long as the federal government pays larger salaries for persons requiring college degrees, and teachers get less pay than semi-skilled workmen, I do not believe the profession will appeal to the type of person we want to teach our children." Miss Brotze pointed out that teachers' pay has never been comparable to others and that increases have not kept pace.

### CITY ADDS BUILDING TO THE PARK

The City is moving a small building from the Airport to the Coleman Park, for use by the caretaker, who is to assume work there.

The City has also contributed \$2676.00 to maintaining the five county health unit here.

Over at the Tudor Sales Co., Lucky Pace stated that they were now getting two or three Buicks a month.

Supt. J. T. Jones of the Wellman school was up Friday. He is always hinting that this editor never works.

It was announced this week by J. O. Gillham, president of the Brownfield State Bank that contract had been let for the architectural work on a new two story modern building, which will be erected on property recently acquired by the bank at Broadway and Fourth Streets. The building will be designed to carry an eventual 5 story structure and will be modern in every respect. Mr. Gillham stated that actual work on the building will get under way just as soon as possible.

Mr. Gillham also announced that the charter of the bank had been amended to provide for the bank to exercise trust powers and that the name of the bank had been changed to Brownfield State Bank & Trust Co. The par value of shares in the bank have also been reduced from present \$100.00 par value to \$20.00 par value. Mr. Gillham made the following statement with references to the amendments to the bank charter: "We have long considered taking the step to incorporate Trust powers. This will enable the bank to act as Trustee of Court Funds, Guardian of Minors, Administrators of Estates, and to act in any other fiduciary capacity. We have found that there is a definite need and demand for this additional banking function and we want our bank to serve every need of the community. The change in the name of the bank was made to indicate this added banking service. The change in the par value of the shares of the bank was a progressive step and encourages a wider distribution of the bank's stock since it reduces the per share price of the stock. The present share holders will receive five shares of the new stock for each one share of the old stock."

Mr. Gillham stated that changing the name of the bank will not necessitate any change whatever on your checks you are now using. "We will continue to use old Brownfield State Bank checks until checks with new names are available, so you have no worry that your present check book is not usable," Mr. Gillham said.

The plans for the new building are progressing, Mr. Gillham stated, and the actual construction of the building will begin soon. The building will be of the most modern type and will give the bank some much needed room. According to the plans, the vaults will all be in the basement being entered by stairway from bank lobby. The building will be equipped with winter and summer air conditioning and the fixtures of the bank proper will be of the latest design.

"Our new building will take care of the rapid expansion of our business and will also alleviate some of the need for office space which has definitely retarded the growth of Brownfield during the last few years. If suitable lease contracts can be arranged for the rental portion, we might consider building the building three stories to begin with. In this event we will install elevators for the convenience of the tenants. In any event the building is designed to carry a five story structure eventually," Mr. Gillham said.

In this event we will install elevators for the convenience of the tenants. In any event the building is designed to carry a five story structure eventually," Mr. Gillham said.

### Poor Or Average Crops This Year?

There is an old Indian legend that the direction of the wind on the Plains at sunrise on March 22 indicates the good or bad crops for the year. For the past several years, former Judge Clark M. Mulligan of Lubbock, has recorded it. Judge Mulligan having moved away from Lubbock, the Editor of the Avalanche-Journal took over the job and registered the wind last Monday morning.

Posing as old Chief Kickapoo, he claims to have made a camp fire on the prairie, and by the curling smoke, found the direction of the wind. He didn't state, what fuel he used in the campfire, nor how a city editor managed to get up and out by sunrise.

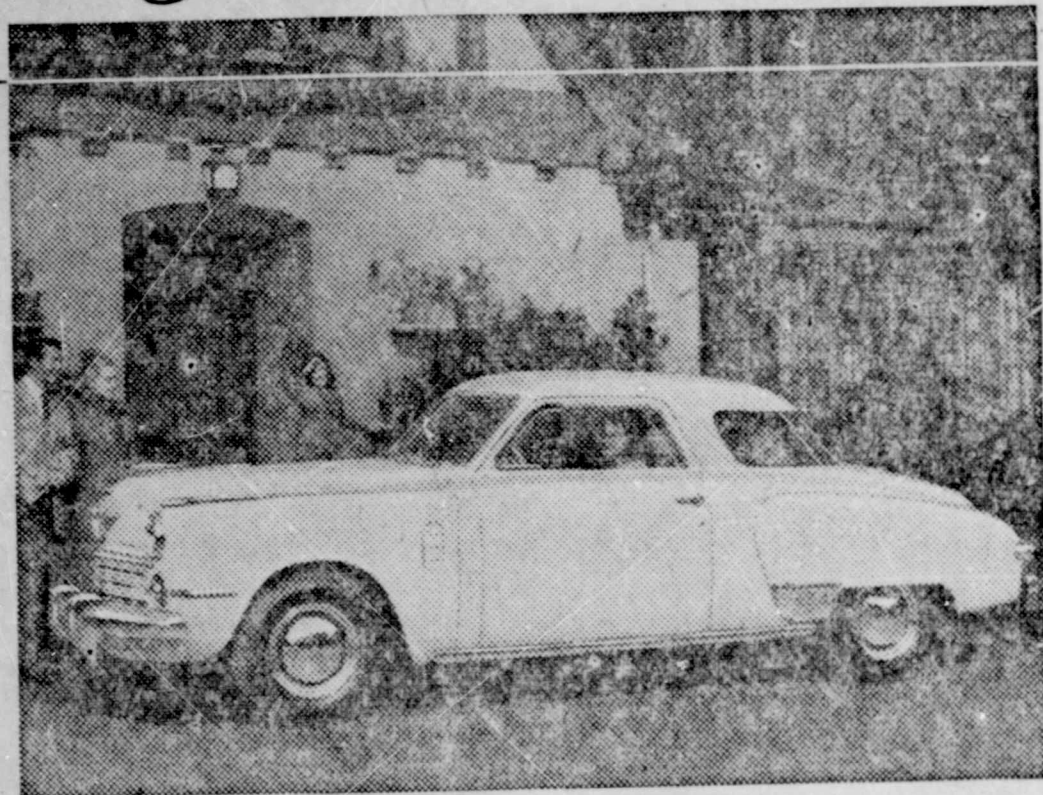

Anyway the wind was variable from the west and northwest, which according to legend, indicates a poor to average crop.

Jerry Kirschner of the Bargain Center, is over at Lamesa this week helping his brother, Martin, get their newest store in operation. Martin will be the manager of the new store. Gordon Alexander will manage the Stamford store.

Mr. and Mrs. M. G. Tarpley spent Sunday and Monday in Lamar, Colorado, on business.

#### ANNOUNCEMENTS

The following named candidates have announced their candidacy for office subject to the action of the Democratic Primaries Saturday July 24 and August 28, 1948:

**FOR STATE SENATOR**  
 RALPH BROCK  
 Lubbock County  
 KILMER B. CORBIN  
 Dawson County  
 DUDLEY K. BRUMMETT  
 (Lubbock County)

**FOR DISTRICT ATTORNEY**  
 H. B. VIRGIL CRAWFORD,  
 Brownfield

**FOR COUNTY JUDGE**  
 H. E. WINSTON

**FOR SHERIFF**  
 OCIE H. MURRY

**FOR ASSESSOR-COLLECTOR**  
 HERBERT CHESSIR

**FOR COUNTY ATTORNEY**  
 GEORGE W. NEILL  
 L. C. HEATH  
 R. L. GRAVES

**FOR COUNTY CLERK**  
 H. M. (Dube) PYEATT

**FOR DISTRICT CLERK**  
 ELDORA A. WHITE

**FOR COUNTY TREASURER**  
 MRS. O. L. (Oscar) JONES

**FOR COMMISSIONER, Pct. 1**  
 W. BRUCE WHITE  
 MARION B. STONE

**FOR COMMISSIONER, Pct. 2**  
 S. H. (Sam) GOSSETT

**FOR COMMISSIONER, Pct. 3**  
 LEE BARTLETT

**FOR COMMISSIONER, Pct. 4**  
 H. R. (Horace) Fox

**FOR JUSTICE OF PEACE, Pct. 1**  
 J. W. HOGUE

**CITY OFFICES**  
 (Election to be held April 6th)

**FOR MAYOR**  
 FRANK JORDAN  
 TOM MAY

**For City Marshal**  
 A. R. (Andy) Brock

Way down in Georgia, following several drives right on each other's heels, the merchants put up a sign reading, "Let Us Alone Week." We too, have wondered if drives were scattered out over more time, that each of them would not be more successful. We have had about three in the last two months. If we remember aright, the Red Cross drive used to be in the fall, now it has been moved to midwinter, along with the March of Dimes, Boy Scout Week, and in some places, Salvation Army Drive.

Anyway, when the "unorganized" majority wishes to retire on a pension, they have to start back in their young manhood to paying

a premium to some insurance company, month after month, and year after year. But when the "organized minority" wishes a pension, they strike and try to force their employers to provide an easy bed for them in old age.

Some of the scientific men down at the University of Texas, tell us that if some progress is not made in the next few years to get a better pasture grass, of harder variety, and more prolific, some of our ranch and pasture lands are likely to come up barren of grass. Several new varieties of grass have been introduced here in Terry, but just what progress is being made with them, we are not prepared to say. Perhaps the County Agent or the SC men have the answer.

Last week, when we got our County-Wide News of Littlefield, there was a lengthy two column editorial which stated that Littlefield was the "dirtiest town on the Plains," and wanted to know of readers and taxpayers what was to be done about it. The very next paper we opened, the Floydada Hesperian, made the same assertion about Floydada. It seems to us there is room for some kind of contest between the towns, but not very good advertising for either. Up to a time back in the 30's when 10,000 head of cattle were fed in the outskirts of Brownfield, with no extra pens to transfer for a cleanup, Brownfield could have easily entered and maybe won the first prize. That year the flies like to have flown away with the old town. It was then that the city really got busy. They put a crew of men cleaning the alleys of down town and the residences, and armed them with spray guns. Last year, there were very few flies in the business section, and scarcely any in the residence area. The alleys down town are cleaned every day, and in the residence section twice a week.

Invitations have been received here to attend the formal opening of the down town Veterans Administration in Lubbock, Friday. There will be an all day open house and veterans and others are invited to inspect the building. At the same time, newspapermen of the area are invited to be the guests of a luncheon at the Hilton Hotel at 1:30, by the officers of the Panhandle South Plains Fair association.

R. M. Kendrick, president of the First National Bank and State Democratic Executive Committeeman, stated last week that he expected a hot time in the old town at Brownwood, when the convention meets there in May. While we have no particular business there, we could make it convenient to visit the children, fish and set in on the sidelines to hear 'em eat out each other.

We have never been able to understand why the students of the University of Texas, coming as they do mostly from the homes of conservative business men and farmers of the state, develop into "confirmed radicals" after they get there. Recently they endorsed all of HST's so-called "bill of rights program," in the official paper, The Daily Texan. Not only that, but the noisy ones are for Henry Wallace and his bunch. Some 25

 West Side Square  
 Brownfield, Texas

years ago, a hot bed of infidelity and agnostics developed in the institution, and the better Texas people stopped their children from attending the school, and sent them to denominational colleges and universities. In a few years, the attendance ran down to the lowest point in generations. The Godless ones were finally kicked out, and the institution started to make a comeback. One student recently tried to show the other side of the bill or rights matter in a late issue of the U of T daily, and was ridiculed by the editorial staff for his pains. One of them was a woman, and if she prefers a black man for a lifemate, she'll have to leave Texas. Good riddance.

Editor Joiner of the Ralls Banner gave us a slight jab last week for stating that all people are not created equal. We still stand by our guns. We have seen highly intellectual and idiots born of the same family. We have seen brothers given the same opportunities; one turns out bad, the other making a thriving citizen. And harking back to the Bible where Mr. Joiner seems to want to base his argument, will state that we have studied that Old Book quite a bit, too. The two first born mentioned in were Cain and Able. Able was a servant of God; Cain was a murderer, and so on down to Revelations, thousands of times, Master, Slave or Servant are used. Take the extreme case of the Rich Man and Lazarus. The rich man was not condemned because of his riches, but his selfishness and inhumanity to man. The Savior did not ask that the rich man cover himself with rags and sores and sit and beg while the dogs licked him. Paul admonished a runaway slave to return to his master and ask forgiveness. He did and the slave and Paul converted the master to Christianity. While we always try to be courteous and kind to all mankind, we are not ready to hang a red bandana on a pole and march out to the tramp camp "jungle" in the edge of the cities and take pot luck with the coffee made in a tomato can, and bacon broiled over the coals. Nor would we want any truck with such as the black bootlegger who killed the Crosby county sheriff last year, and you was then condemning. Nor do we ask such gentry into our home. We like people in whatever walk of life that tries to make an honest liv-

ing. We have no earthly use for the parasite. And to close, Mr. Joiner, let us just state that we no more believe in helling Hitler than we do licking old Joe Stalin's boots. We hope we make ourself clear.

How would you like to see the return of the KKK to Texas? If the president's civil rights program should be carried out and the segregation measures brought into existence by our fathers is set aside, we are sure to see the KKK or a more vicious organization surely come. The people of the south, white and colored, do not want social equality. Anyone who tries to force it upon us is making a big mistake. It is not good for the colored people. The white people of the South will not stand for it. As for the education of the colored people, we are for it. But let it be done by the State. —Anton News.

### Fish Food For The Farm Pond

It is not too late to start fertilizing the farm pond this year. But it is a good idea to get it done before the hot months of July and August, says R. E. Callender, extension wildlife conservation specialist of Texas A. and M. College.

Fish live on the tiny plants and animals in the pond commonly referred to as "the bloom" or the plankton. The production of plankton means more pounds of fish per acre. Fertilized ponds will grow more plankton than unfertilized ponds, and consequently more fish.

A good fertilizer to use in the farm pond or lake is a mixture of 400 pounds of cottonseed meal and 200 pounds of 20 per cent acid phosphate—a total of 600 pounds of fertilizer per acre of pond area. Scatter 300 pounds of this broadcast around the edge of the pond in the spring; then at 30 day intervals apply the rest of the fertilizer 100 pounds at a time. This means that the fertilizer program for each year covers a three-month period, and should be carried out so that the last application does not run into July and August. It is better to have the first application—the 300 pounds—around the first of March, then by the end of May the fertilizing program is complete, giving the plankton a good long growing season.

Other high grade fertilizers may be used at the rate of 400 to 500 pounds per acre of pond area at monthly intervals. If the farm pond owner carries out a fertilizing program each year, he will have plenty of fish food in the pond. New ponds properly fertilized and properly stocked should be ready for fishing in 12 to 18 months.

That's when the fun begins.

REA recently approved a loan of \$150,000 for 136 miles of electric line for Hidalgo county, Texas.

An earthquake shock was felt in the Texas Panhandle last week, being most severe around Dalhart.

**Fred Bucys Move To Brownfield**  
 Mr. and Mrs. Fred Bucy, residents of Lynn County for 23 years, recently moved to their new home in Brownfield, in order that they might be nearer their Terry county farm.

Fred has sold a half interest in his insurance business here to H. W. Carter, the cotton man, who has a notice over the First National Bank.

The Bucys' have many friends in Lynn county who regret to see him leave Tahoka, but Fred says they will spend a lot of time in Tahoka and do not feel that they have left their old stomping ground altogether. —Lynn County News.

### New Baylor Prexy To Be Inaugurated

The inauguration of Dr. W. R. White as president of Baylor University will be held April 13, announced Dr. Monroe S. Carroll, acting dean of the university. I. his announcement, Dr. Carroll also stated that Dr. Robert Andrews Millikan, noted physicist and Nobel prize winner has been selected as the principal speaker for the ceremony.

The general program for the inauguration will begin Monday night. The inaugural ceremonies will be held Tuesday morning in Waco hall on the Baylor campus. The program will continue throughout the day and will officially end with a reception in one of the University dormitories that afternoon.

Dr. Millikan has seven degrees and has been connected with 27 universities in the United States and in Europe. During the first world war he served as Lieutenant Colonel in the Signal Corps and was chief of the science and research division of the Corps. After the war he was appointed as American member of the Committee on Intellectual Cooperation of the League of Nations.

Besides being author or co-author of 15 books on various phases of science, he has been awarded 14 different medals and honors, including the Nobel prize in physics which was given him in 1924. He is recognized as an authority on cosmic rays.

Exports of grain sorghum to India during the last 9 months approximate 10 million bushels. This includes March shipments which are now enroute.

I am told that the Indians grind the grain and cook it pancake-fashion on top of the stove. In Germany the Germans eat their West Texas grain sorghum in the form of mush or gruel. In Japan the grain sorghum is milled and used as flour or is polished and used in the whole grain as a substitute for rice.

Last year the U. S. production of grain sorghum was 107 million bushels, Texas producing 68 million bushels of that amount.

### Sidelights On Grain Sorghums

The largest portion of the U. S. production will be utilized for stock feed but in excess of 4 million bushels will be used for human food in Japan, Korea and Germany, in addition to the shipments to India.

A good price for grain sorghum is a very important factor in the maintenance of agricultural prosperity in West Texas. This is true despite the fact that grain sorghum production in the Nation is relatively small compared to wheat and corn. Last year the U. S. produced 12 times more wheat and 22 times more corn than the grain sorghum production.

It pays to plant pure, sound, disease-free seed of varieties best adapted to local conditions.

Exports of grain sorghum to India during the last 9 months approximate 10 million bushels. This includes March shipments which are now enroute.

I am told that the Indians grind the grain and cook it pancake-fashion on top of the stove. In Germany the Germans eat their West Texas grain sorghum in the form of mush or gruel. In Japan the grain sorghum is milled and used as flour or is polished and used in the whole grain as a substitute for rice.

Last year the U. S. production of grain sorghum was 107 million bushels, Texas producing 68 million bushels of that amount.

### Scholastic Census Near Completion

The State Law fixes the month of March, for enumerating the scholastic census throughout the State. It is on the number of children, thus counted, the State makes apportionment of school funds for each district. This apportionment is \$55.00 for each child. It is very important for each child becoming six years old by Sept. 1 and will not be 18 years old on that date, to be enumerated. All parents who have not received blank forms will do themselves and the school a valuable favor by notifying the Superintendent of their school before

### CARD OF THANKS

We take this means of thanking the friends and neighbors of our father, I. M. Smith, for the many expressions of sympathy, words of cheer, floral offerings, etc., following his sudden death last week. My God's richest grace and love rest upon each of you in our sincere prayer.

The I. M. Smith children.

April 1st. Those enumerated and move on to some other district may have their funds transferred during the month of August. All parents are urged to attend to this at once.

### Behind the Scenes in American Business

Economists are cautiously voicing the opinion that the steam is escaping from the boom.

Retailers are frankly worried by this year's "early Easter." Manufacturers are showing increasing uneasiness by curbing inventories and instituting operating economies on a broad scale.

But several basic economic "cushions" are being overlooked in these gloomy reckonings. One underlying support is in industry's \$16 billion yearly spending for new plants and equipment. Another is public construction.

Regardless of price flurries in securities, commodities and retail markets, industry for the third straight year is spending more for durable facilities than ever before. Public construction contract awards are up more than 300 per cent over a year ago. State and municipal public works postponed during the war years are expected to keep public construction at high levels.

**EMPLOYEE BENEFITS** Another prop to the boom is the continued high purchasing power of employees generally. In a move that may point the way for another industry to assist their employees in meeting higher living costs during periods when they are disabled, one distiller recently expanded its workmen's compensation program. Under this plan, all their employees are guaranteed their full salary for sixteen weeks when they are absent from work because of a disability incurred on the job. If the disability lasts longer than sixteen weeks, they are assured of two-thirds of their salary for the following thirty-six weeks.

**THINGS TO COME** — Sweet-smelling demise for insects is achieved in a new colorfully packaged insecticide bomb containing scented bug-killers. . . . All-in-one hair trimmer being introduced by large mail-order house combines comb and razor. . . . The "new look" in canned sea food is "bite-sized" tuna, ready for use without flaking. . . . Latest car-cleaning gadget is a spray gun type device which contains a foamy liquid detergent. The device can be attached to the ordinary garden hose to mix water with cleaning fluid. . . . Shoe stores and shoe repair shops are introducing a new device which is said to prevent spread of athlete's foot. . . . Small parts get a fast count and automatic packing of parts is speeded up through a new high-

### Santa Fe Streamliner Chicago to Galveston

The official train sign of the new stainless steel Texas Chief will be the catchet impress on philatelic mail carried when daily service is inaugurated on April 4, 1948. The Santa Fe Railway Company invites collectors to forward stamped and addressed letter covers to both terminals—Chicago, Illinois, and Galveston, Texas—if cancelled cachet covers for both east and west first runs are desired.

All commemorative mail is to be sent to "Catchet Mail, Passenger Traffic Manager, Santa Fe System, 1000 Broadway, New York 10, N. Y." speed electronic counting system developed by a New York manufacturer.

tem Lines, Chicago (or Galveston). Cachetted mail will be post-marked by the originating post office, placed in emergency closed pouches and carried the entire distance of the train to the addressee. Covers must be received not later than March 29, 1948.

The daily Texas Chief, luxury Diesel-drawn streamliner, will introduce a new era in passenger travel between the Great Lakes and the Texas Gulf.

**IT'S NICE TO BE A CHAMP**—at least that's what the expression on the face of Tom Adams seems to be in the picture above, made during Tom's final workout at Hardin-Simmons before departing for Chicago to train for the inter-city battles with New York on March 22 in Madison Square Garden. Tom, native of

Brownfield, won the Texas light heavyweight Golden Gloves crown for the second straight time this year and went to the semifinals in the Chicago Tournament of Champions before being stopped by an untimely facial cut. Because of his excellent showing during the first-flinging last month he was selected as a member of

the five-man team in the light heavyweight division. The young ladies admiringly assisting Tom with his gloves are, left to right: Alice Osborne, junior class favorite; Carolyn Hannah, freshman favorite; Jesse Myers, sophomore favorite; and Maewyn Bailey, senior cheerleader.

### G-I Question And Answer Department

**Q.** My son was killed in action during World War II and I would like to know if I am entitled to receive compensation?

**A.** You are entitled to compensation, provided dependency can be shown. Dependency will be held to exist if you do not have sufficient income to provide reasonable maintenance for yourself and your family.

**Q.** I am taking on-the-job training in a hazardous occupation under the G-I Bill. In case of accident, will Veterans Administration pay my hospital expenses at a local hospital?

**A.** No. Any disabilities incurred while training under the G-I Bill are considered nonservice-connected, but you may be able to establish eligibility for hospitalization in a Veterans Administration hospital because of your war service.

**Q.** My son, who is in a Veterans Administration hospital, is trying to get a pass to visit me. Will Veterans Administration pay for his transportation to and from the hospital?

**A.** No. All travel while on leave from a Veterans Administration hospital is at the expense of the

### The Low Down From Hickory Grove

Well, you know folks, for some diversion, we have something to look forward to this coming summer—the election. It will get our minds off "saving the world"—maybe get us back to giving some heed to saving our own U. S. A.

I have in mind—to liven things up even more—a plan to get the South and North together on one ticket. The South has been out in the cold too long.

While Uncle Harry is in a sweat and losing oldtime democratic friends in the South, right and left—and Mr. Wallace is out with his callopie and stirring up the animals—and Mr. Dewey and Mr. Taft and Mr. Stassen are in a Battle Royal, as they say in veteran.

**Q.** Should a claim ever be filed by a veteran who has been dishonorably discharged?

**A.** It is always the privilege of a veteran to file a claim; but, to show entitlement, it must be established to the satisfaction of the Administrator of Veterans Affairs that the veteran was insane at the time of commission of the act for which the dishonorable discharge was issued.

fighting circles—is a good time to slip over a new kind of ticket. As a sample, take a couple of persons like this Southern Mr. Soreback Byrd and you put him on a ticket with this Buckeye feller Bricker, and it might be a long shot to put some money on. What this country needs is not a double or a triple genius candidate. What a candidate should have, it what Mr. Washington had—common sense, or in Hickory vernac, horse sense. My ticket has it.

Now, come on folks, let's have your ticket.

Yours with the low down,

**JO SERRA.**

Mrs. Leonard Chesshir is visiting her mother in Amarillo.

Mrs. Herman Chesshir visited her grandfather, Mr. James Finley, in Meadow Monday. Mr. Finley suffered a stroke Sunday afternoon.

# PONTIAC

A FINE CAR MADE EVEN FINER

GM Hydra-Matic Drive  
optional\* on all models

A greater car... and a greater value!

A year ago today, if you had asked the owner of a new Pontiac what could be done to improve it, he would very likely have told you—"Nothing at all, I like it just as it is."

That's why, for the thousands of people all over the country who have known Pontiac in the past, the 1948 Pontiac is the big news of the year. For here is a fine car made a great deal finer!

There is new beauty—beauty that starts with the re-styled "Silver Streak," and extends from the strikingly handsome grille to the refined exteriors and luxurious interiors of the smart Fisher bodies.

There is new dependability—for the sturdy Pontiac chassis has been improved wherever possible. And there is unbelievably fine performance—for not only have the great Pontiac engines been refined and improved—but Pontiac now offers, as optional\* equipment, the sensational General Motors Hydra-Matic Drive.

With this miraculous mechanism, you just sit back and relax! There is no clutch pedal, and the gears shift themselves. The new Pontiac is now on display in our showrooms. There are fifteen beautiful models—each a great car and a great value.

\*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional at additional cost.

Qualified Voter Rolls At Record 2,250,000

There are 2,250,000 legally qualified voters in Texas this year, more than ever before, State Comptroller George H. Sheppard reported Saturday.

Sheppard's figures came from the official reports of the 254 county tax collectors. Of the total 1,722,333 represented actual poll tax payments before the Jan 31 dead line and an estimated 528,000 exemptions of various classes.

Sheppard estimated 427,000 of the exemptions would be for persons of 65 years of age. The others would be for veterans discharged from the armed forces within the past year and the under age. —Dallas News.

You'll need to serve more fish during Lent. Add this easy-to-prepare Salmon Casserole to your fish recipes file. Drain 1 1-lb. can salmon, flake, add 2 tbs. lemon juice. Put fish and 2 cups cooked peas in alternate layers in greased 1 1/2 qt casserole. Melt 3 tbs. butter in double boiler. Add 3 tbs. flour and blend. Add 1/2 cup evaporated milk, 1/2 cup water or pea liquor, 1/2 tsp salt, 1/4 tsp. pepper, 1 tsp. Worcestershire, 1 cup grated cheese. Cook over boiling water until thick stirring constantly. Then pour over casserole mixture and top with 1/2 cup bread crumbs to which 1 tbs. melted butter has been added. Bake in gas oven at 375° for 30 minutes or until crumbs are golden brown. Serves 6.

If you find raisins sink to the bottom of a cake, first put them into a pan set over a low flame. Stir occasionally to prevent burning. When heated add them to cake batter.

Don't stuff steel wool in the oven's outlet of a gas range because it prevents a free circulation of air. Freshly heated air gives best heat radiation for successful baking and broiling results.

Remember the hungry of the world before you throw out stale bread. Use up dry bread by cutting it into strips, toasting it very dry, for use as a substitute for cracker with soup or salads.

To save fuel, put utensils over the top burner before lighting the gas. Then turn the gas off before removing utensil from the burner.

An iron pipe six feet long at the outlet end of a tile drain will save a lot of trouble in outlet maintenance.

Wilma Baggett is in Altus, Oklahoma, for a two months visit with her brother, J. C. Baggett.

Good House Cleaning Needed In Texas

"A good old fashioned spring house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state," Dr. Geo. W. Cox, State Health Officer, said today, in urging all communities and cities in the state to cooperate in Texas Clean-Up Week April 4-11.

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

"The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises will be, said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the State."

Dr. Cox stressed the fact that many dangerous diseases are filth borne, and the only possible way to control them is to eliminate the insanitary conditions responsible for their spread.

Dispose of any canned food that shows signs of spoilage so that it cannot be eaten by humans or animals. It does not pay to take chances on food that may be harmful.

If the brooder house is given a heavy spraying with creosote or a coal tar disinfectant, the chicks should not be placed in the house for several days. The strong fumes are injurious to chicks.

Call For Better Health Made To 4-H Clubs

An urgent call to boys, girls and leaders of the country's 75,000 4-H Clubs to join the two-way drive for better rural health is issued by state and national offices.

As a group, clubs will seek to improve community health by surveys to determine needs, help with polio, tuberculosis and cancer control programs, first aid and farm safety projects, to name a few of the many.

A substantial increase over the 200,000 who took part in the work last year is expected.

Awards for the program, given again in 1948 by Kellogg, include a certificate to the winning club within a county and \$20.00 cash to the 10 best 4-H Health Clubs in each state. The outstanding individual in a state will receive an educational trip to the National 4-H Club congress in Chicago and national winners, both blue and red award groups, are to get special merit ribbons.

County extension agents will furnish complete information regarding this program.

Mr. and Mrs. Glen Akers and daughter, Toni, visited with his parents last week end at Memphis, Texas.

A little effort to get rid of rats will pay big dividends by preventing damage to stored food, grain, baby chicks and other property. Keeping feed in rat-proof containers and using poison are two things that will aid in the war against rats.

George Stokes, head of the speech department at Wayland college in Plainview will be guest speaker at the WMU senior banquet at the Brownfield First Baptist church, according to Rev. A. A. Brian, pastor of the First Baptist church and former director of emergency campaign at Wayland.

CITIZENSHIP FOR ALIEN VETERANS

A favorable report has been voted by the House Committee on the Judiciary on a bill making it possible for aliens who have served, or are serving, honorably in the Armed Forces during World War I or World War II, to acquire citizenship through naturalization without the necessity of going through the regular detained processes required of non-service people. A similar law, which expired in 1946, provided for the naturalization of over 100,000 aliens then serving in the Armed Forces.

FOUR BUSINESS FAILURES IN FEBRUARY

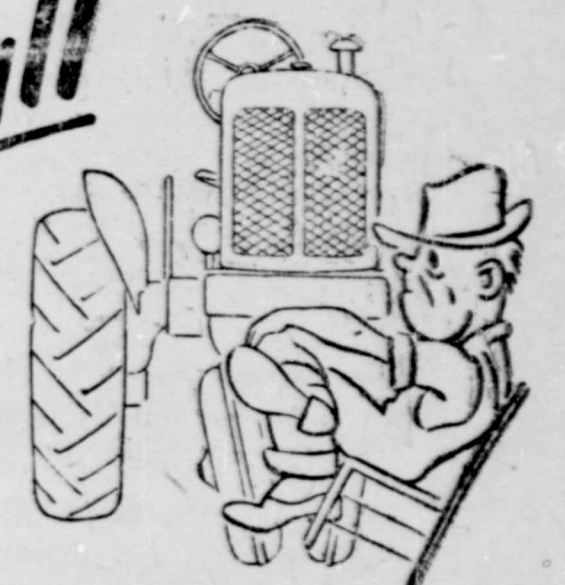

Only four Texas businesses failed in February according to Dun and Bradstreet reports to the University of Texas Bureau of Business Research. Business fatalities for 1948 totaled 12, compared to 5 for the same period in 1947. Average liabilities were \$25,000 in February, compared to \$18,000 in January, and \$40,000 a year earlier.

Today's biggest power bargain

Pay as you drive if you wish

It's a Complete New Buick Engine and We'll put it in Your Car at a Price You'll hardly Believe

WHY WE CAN MAKE THIS OFFER

Out at the Buick plant, engine production is going great guns. It's stepping along faster than complete car output. So we have these brand-new engines ready to put in your car right now.

YES sir, here's a big bargain for Buick owners—a brand-new straight-from-the-production-line Fireball engine. We'll put it in any Buick from 1937 models on up.

We'll take out your old mile-weary engine, put this one in, and make your car brand-new again as far as power is concerned.

Pep and snap come back—right up to 1948 standards. You get new-engine mileage from every gallon of gas. Oil consumption drops. And you enjoy the thrill of the liveliest, most responsive engine on the road today—the same engine that makes Buick the

snappiest car on the highways.

Think what this will mean to you—in comfort of driving—in new dependability—in sheer fun. Think of the extra worth of your car when it comes time to turn it in.

As to cost—it's so moderate it makes this change-over today's best power buy. Installation cost varies somewhat with car model. But we'll be glad to give you the figure down to the dollar if you'll drive around.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

Quick Starts and Driving Zip

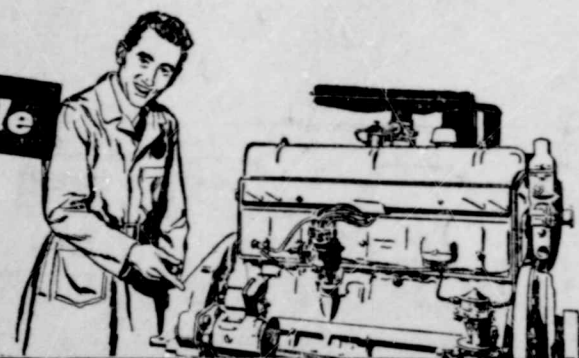

This 1948 ignition system with centrifugal and vacuum automatic control puts snap and go into starting and get-away.

Most for your Gas

An up-to-the-minute, efficient carburetor and air cleaner give new smooth power and most miles from every gallon of gas.

A Delight to Handle

A "smoothie" if there ever was one! This new clutch with its easy, toe-touch response makes driving more fun than ever.

BUICK CARE KEEPS BUICKS BEST

START CHICKS that Day THE CHECKERBOARD WAY

### FIRST NATIONAL BANK

#### Frank Jordan Asks For Re-Election As Mayor

To the people of Brownfield: In arriving at the decision to make the race for re-election as Mayor of Brownfield, I wish to state that it is not made for personal reasons, but because of a sincere feeling of deep appreciation and obligation for the solid support you have given me the past two years.

First, you gave me the office by a nice majority two years ago over two mighty fine men. Later, you expressed your confidence in the city government by giving us a nice majority when we asked for the voting of a bond issue in order to make badly needed improvements.

Still later, a highly controversial issue came up over our present zoning ordinances, and at that time you came to the polls and exercised your privilege to speak again.

The contracts for which the bonds were voted have been let and work is in progress now on the sewerage system and disposal plant. I wish to make it clear here that this system will reach a large portion of the oldest sections of Brownfield, heretofore without a sewerage system.

The white-way street lighting system is also under construction, and water mains are being laid. Paving contracts have been let and work on the street improvements will begin in the near future. Here, as in the case of the sewerage improvements, better streets are going to be built in many of the oldest sections of the city. But for a shortage of materials, most of these projects would have been completed months ago.

Nor have we stopped with utilities improvements. The city police department has been brought to higher standards, including the addition of a patrol car and keeping of daily police records at the City Hall. Every effort has been made toward a safer city from the standpoint of traffic law enforcement.

As Mayor, it has been my constant desire to represent every person—not any one group. It never has, nor never will be, necessary for you to guess how I stand on any issue. All you have to do is ask me. I've invited you,

the public, to offer your suggestions and constructive criticisms, and still do.

I've enjoyed every moment of the two years I've served as Mayor and dealings and contacts with the public have been most pleasant. I can truthfully say no man ever served a better, kinder public.

If re-elected, I shall do my utmost to continue serving all the people the same way—justice to all and favoritism to none. No one can please everyone, but I try and try hard.

The city's business in the biggest business in Brownfield. It should be treated as such. I firmly believe that you, the public, should judge how you want it operated. As far as I am concerned, your word is government, and I still believe in a government of the people, by the people, and for the people. I may differ with some in my opinion, but I concede all the right of their opinion.

In all the years of Brownfield's existence, more progress has never been made than is being made now. And, the job, under my administration, has just begun.

My policy and my recommendation has been, and will continue to be, to place the authorities and responsibilities of city government on the duly elected representatives of the people. If we are not satisfied with obeying the laws governing our duly elected officials, let's allow the people to say what they want and whom they want.

We have come a long way, but we still have a long way to go. There is much for all to do. I may not get to see and ask each one personally for his or her support, but I will be grateful for it, and for any courtesies you can show me. If you will continue to give me the cooperation you have these past two years, I think we will continue to progress.

Let me finish the task I have undertaken. If you will, I will try to make you proud of your decision. I have made mistakes and, if re-elected, will make some more—so will anyone else whom you elect. But, with God's help and your cooperation we will go forward.

Thank you,  
FRANK JORDAN.

Good wiring and lighting in outbuildings contribute to safety and efficiency in doing chores after dark.

#### Union Utterings

There were 61 present for Sunday school Sunday morning. Rev. B. H. Baldwin filled his regular appointment Sunday morning and night. It was announced that Carroll Herring will preach at the church each second and fourth Sunday morning and night. However, he is to preach for the Estocado church next Sunday morning and at Foster next Sunday night.

The Home Demonstration Club met Thursday in the home of Mrs. Claude Montgomery. Mrs. Sargent demonstrated the making of soap by the cold method. The members drew names for sum-nights were served to eleven members and three visitors. The Club meets next with Mrs. Cornett, which will be the first of April. The agent will be present.

The Olan Herring family are moving this week. They are moving to South Texas where Mr. Herring has purchased a grocery store. The eighth grade class and the high school students gave Loveta and Farrell a farewell party Friday night.

The R. H. Decker family are moving this week. However, they will still reside in this community. Plans are being made to start on the Sunday school class rooms for the local church next Monday, March 29. Everyone will be welcome to help with this worthy cause. Bring your hammer and saw, etc.

The first, second and third grades and their teachers presented a chapel program to the rest of the school and several patrons Tuesday.

Mrs. Griffin and Dr. Miller will have the pre-school check-up beginning at 9:00 o'clock next Friday morning, March 26. Each parent with a child who will start to school next year is expected to bring the child to the school building at that hour.

#### CARD OF THANKS

We wish to thank each one, doctors, nurses and friends for the kindness and sympathy given us during the illness and passing of our beloved Elmo, and for the lovely flowers.

Words cannot express what we feel, but thank you, you were such a comfort to our sad hearts.

May God bless you all,  
The Sanders Family.

# WHO IS YOUR NEIGHBOR?

## \$50.00

# If You Know

How well do you know your neighbor? You will have the opportunity during the following weeks to test your acquaintance with your fellow citizens (men, women, boys or girls) by selecting whom you think your NEIGHBOR FOR THE MONTH is, from clues which will be available to you from day to day—no coupons to buy, no advertising to sell, no essays or slogans to write.

As our town grows, we see many, many new faces: We all are asked who and what. This public interest drive is open to each individual in Terry County (except personnel and families of Haynes Bakery). And, the interesting thing is that the NEIGHBOR FOR THE MONTH will not be aware of it himself. IT MIGHT EVEN BE YOU! There will be only constructive clues given—things you should already know about your neighbor, such as: Man, woman, boy or girl, occupation or profession, usual wearing apparel, hobbies, special talent, etc. There will be nothing detrimental to the character, social standing or profession of the person selected each time. The name of the NEIGHBOR FOR THE MONTH will be sealed in an envelope for safe keeping. Before the clues are made available to you, ONLY ONE PERSON will know for sure who your NEIGHBOR is.

NEIGHBOR FOR THE MONTH Drive will be governed by the following rules and procedure:

1. A local citizen will be selected each month as your NEIGHBOR FOR THE MONTH.
2. Name will be sealed in an envelope for safe keeping.
3. Telephone numbers will be selected at random the last day of each month and person phoned will be asked to name the NEIGHBOR FOR THE MONTH (basing his supposition on the clues previously given). This procedure will be repeated until correct name is given. Person called will be allowed to give one name only.
4. Person giving correct name will be directed where to receive sealed envelope with name and reward.
5. The final clues of each month will be the most convincing—beware of early conclusions
6. Reward for person giving correct name will be \$50.00 in ANY KIND of merchandise purchased in Brownfield.
7. Clues in your NEIGHBOR FOR THE MONTH campaign will start April 1. There will be at least 8 clues each month—LOOK FOR THEM!

THIS PROGRAM SPONSORED BY—

### CARD OF THANKS

We wish to take this means of thanking our friends for their sympathy and understanding during our recent sorrow and bereavement.

Jimmie and Paul Billings.

Had a letter this week from Mrs. R. F. Quinlan of Robstown, enclosing a check for two years of the Herald. Said we failed to notify her when her time ran out. The former Mary Ann Bell, daughter of Mr. and Mrs. W. A.

Bell stated that "I don't want to ever stop taking the Herald." Well she has read the Herald since she was old enough to read anything, and no wonder she is lost without it. You'll get it regularly from this on, Mary Ann.

### GOMEZ GOSSIP

Mr. and Mrs. Frank Bozeman and son, Shelby of Sprinklake, visited in the home of her parents, Mr. and Mrs. C. J. McLeroy last week.

Merrill Turner and family visited last weekend in Sylvester and Tuscaloosa with relatives and friends.

Fred Turner left last week for a fishing trip on the Rio Grande.

The PTA was well attended Friday night with the first grade room having the largest number of parents present. Rev. H. L. Thurston, pastor of the Methodist church in Brownfield, was guest speaker.

Thirteen members attended the WMU meeting in the home of Mrs. J. C. Wooley Monday afternoon for Bible study under the direction of Mrs. A. B. Buchanan.

Mr. and Mrs. M. C. Wade and family visited with relatives at McAdoo over the week end.

Sue and Jerry Britton of Lubbock visited in the A. V. Britton home Sunday.

Mr. and Mrs. A. B. Buchanan visited their son, W. E., at Plainview and relatives at Silverton last week.

Rev. and Mrs. Fred Lambert and Mesdames R. Whitley, Wes Key, Tyler Martin and W. G. Swain attended the District Nine Convention in Spur last week.

Mr. and Mrs. Bill Swain visited their daughter and husband, Mr. and Mrs. Fayne Clark, at Lubbock Sunday.

The Spring revival at the Baptist church will begin April 9th with the pastor, Rev. Fred Lambert, preaching. Alton Webb will lead the song service. May your plans to attend.

Watch for the date of "LOOK OUT LIZZIE!" It's coming soon; don't want to miss it.

### TOKIO H D MEETS IN COMMUNITY HALL

An all day meeting March 17th, in the community Hall, in Tokio, was enjoyed by 10 members of the Tokio Home Demonstration Club. Two of these were new members, Mrs. Wayne Sherrin and Mrs. Loyd Chenault.

Council report was given by Mrs. G. C. Perry. She reported that Training School for Dairy Workers, will be held April 23rd, in Miss Dunlap's office.

The next meeting of the club will be on April 7th with Mrs. J. W. Couch.

 THE NAME OF THE  
**BROWNFIELD STATE BANK**  
 HAS BEEN CHANGED TO  
**Brownfield State Bank and**  
**Trust Company**

The bank's charter has been amended to provide for the bank to exercise trust powers. This will enable us to act as Trustee of Court Funds; Guardian of Minors; Administrator of Estates, and in other fiduciary capacities.

The par value of the shares in the bank have also been reduced from the present \$100 par value to \$20 par value. This, we feel, is a progressive step and encourages a wider distribution of the bank's stock, since it reduces the per share price of the stock. The present share holders will receive five shares of the new stock for each one share of the old stock.

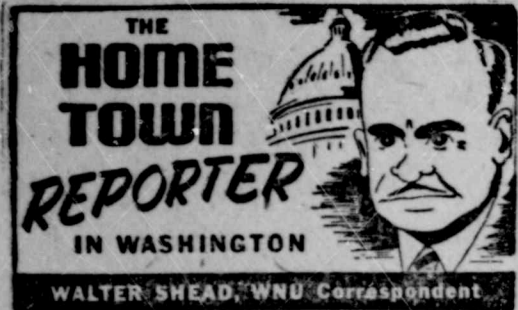

The change in the name of the bank will not necessitate any change whatever on the checks being used now. Old Brownfield State Bank checks will continue to be used until checks with the new name are available.

Member Federal Reserve System     Federal Deposit Insurance Corporation

"Over 40 Years of Continuous Service"

**Attack on Anderson**  
 IN ALL probability the department of agriculture, the largest governmental agency in Washington, needs no bolstering of its defenses from this column. However, recent broadcasts of certain commentators and the statements of certain newspaper columnists, together with those of politicians who know better, all heaping abuse on the department and the secretary of agriculture for action in the purchase and sale of farm produce leads this reporter to remonstrate.

To top it off, we recently sat through the most absurd and utterly ridiculous tirade to our knowledge ever made on the floor of the United States senate. The speaker was Sen. "Pappy" O'Daniel of

Texas and his mouthings were so bitter and so far from the truth that even his colleagues could not tolerate them. Because the secretary of agriculture engaged in the purchase of grain and other farm produce and sold much of it at a loss, O'Daniel called him a criminal and a Communist and, using other epithets, even called upon him to resign.

Senators Scott Lucas of Illinois, Carl Hatch and Dennis Chavez of New Mexico took it upon themselves to answer the Texan. Said Senator Lucas:

"Whatever Secretary Anderson is doing in connection with the buying of grain, he is proceeding under a mandate of the congress of the United States. Week after week I have listened to the senator from Texas occupy the floor of this august body with a tirade of invective which frequently astonishes me. So far as the senator from Illinois is concerned, he has almost reached the saturation point."

Senators Hatch and Chavez spoke in like vein.

The truth is that the secretary of agriculture is under direct mandate of congress to buy and sell, even at a loss, agricultural commodities.

Local counties have been enriched by two of the largest payments in history from government bureaus. As their 25 per cent share of receipts taken in by the forest service, 642 counties constituting national forest land collected \$4,546,723. Another peak payment was the \$7,939,487 distributed by the bureau of land management to 22 states as their share of collections for grazing, mineral leasing, timber and potash fees on public lands.

**'Small' Business Is Right**  
 This reporter is interested in the small business of the Home Towns of the country so we have attempted to follow hearings of the senate and house special small business committees. They have had many hearings but what they have accomplished for the benefit of small business we are unable to report. Both committees have asked to be extended for the balance of this session. The senate committee, which got an original appropriation of \$50,000 and another \$50,000 in July last year, has just received another \$15,000 and has asked for \$50,000 more for the balance of this session. The house committee got \$65,000 at the first session and \$70,000 for this session. That adds up to \$300,000 of your money.

**Just for the Record**  
 Senators Taft of Ohio, Brooks of Illinois and Jenner of Indiana comprise the trio at the heart of opposition to the Marshall plan. They would wreck it by making it into a European WPA. Senator Jenner recently made a long speech outlining his stand on the plan. When he had finished, Senator Tom Connally of Texas said:

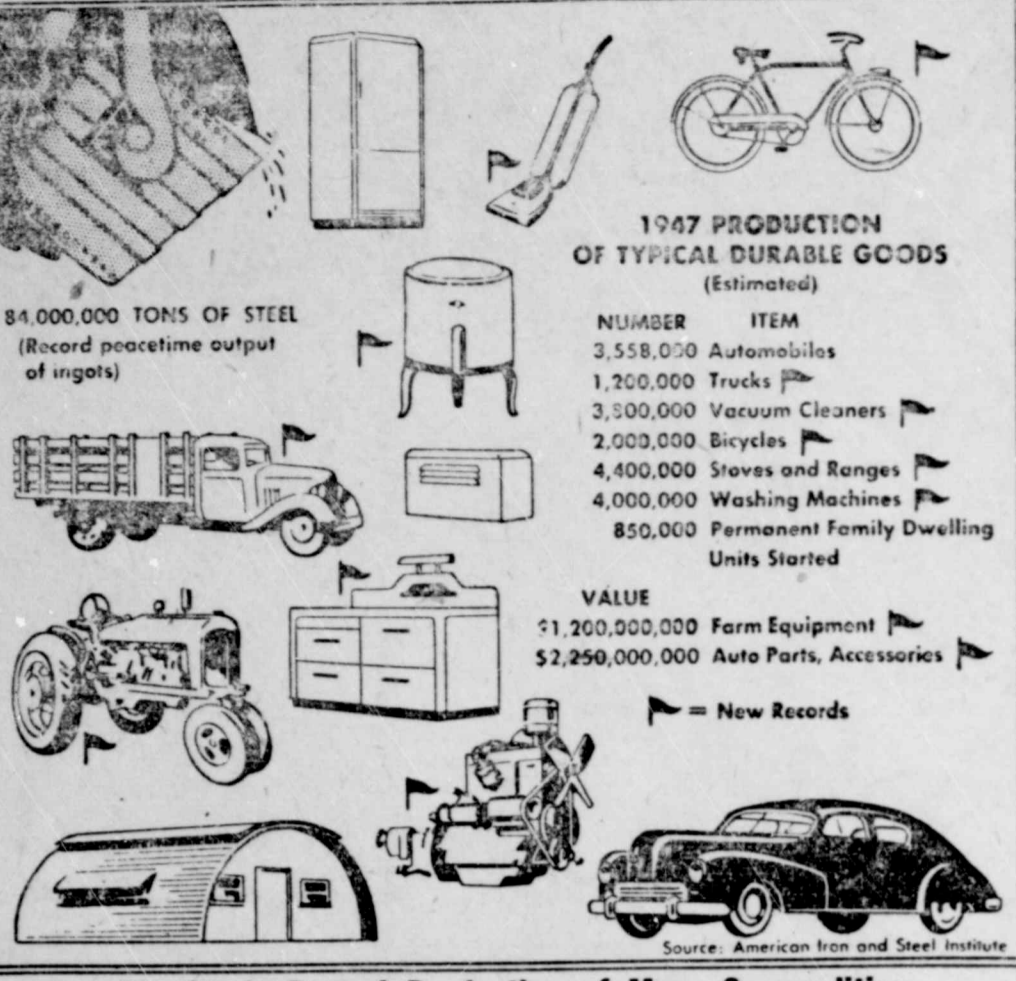

"The senator from Indiana has delivered a very interesting and comprehensive address. I just wanted to inquire whether the senator is for or against the Marshall plan."

**Old Issues Revived**  
 The long drawn out battle between margarine manufacturers and the dairy interests is expected to reach new intensity at this session. Nub of the fight is over federal taxes imposed on margarine. Apparently margarine makers would be satisfied to see colored margarine taxes cut to the same level as the present levy on uncolored margarine. In 16 states revenue from cottonseed and other oils is more than that from butterfat.

Apply dormant sprays to control European red mites, San Jose scale, apple red bug, peach leaf curl and rosy aphid when buds are green tipped and the temperature is above 40 degrees.

Three-fourths of the land under cultivation in the United States is sloping enough to suffer serious erosion.

**PEAK PEACETIME STEEL PRODUCTION IN 1947 FOR DURABLE GOODS**

Results in Record Production of Many Commodities

**New Look Chicks In Maryland Easter Debut**

The Chicken-of-Tomorrow was born here yesterday, making its timely arrival appropriately enough in the Easter season.

More than 25,000 chicks—800 of them representing Texas—picked their way out of the shell at Bradley's Hatchery and found the eyes of the nation's three billion-dollar poultry industry focused in their direction. One of their number will be chosen as the world's champion meat-type chicken on June 24th, and A&P Food Stores will award its breeder a \$5,000 cash prize.

The newborn chicks were greeted by a reception committee of poultry experts headed by H. L. Thruer, senior extension poultryman of the U. S. Department of Agriculture. The original eggs were sent to the incubators on Feb. 28 by 40 finalists among the country's best chicken producers. These breeders qualified for the national Chicken-of-Tomorrow test as winners of statewide and regional trials held during the past three years.

The contest's goal is the development of a chicken with more white meat and a minimum of bone. "New Look" specifications call for a curvaceous chicken with plenty of flesh and fat beneath its fine feathered figure. Poultry geneticists want a meaty fowl well equipped for the roasting oven. The program, sponsored by A&P Food Stores, has the full endorsement of government experts and other leaders in the poultry industry.

Mr. T. A. Wartes attended a grain dealers banquet given by Ray C. Ayers in Lamesa Friday night, March 19.

**Maico Audiometer To Test Children**

A mobile Maico Audiometer to test the hearing of children throughout the State of Texas, is the latest service to be added by the Texas Society for Crippled Children to its program of meeting the unmet need in crippled children's fields. The valuable machine was made possible through the generosity of Retha Martin of Lubbock, director of the Society, and will be known as the Retha Martin Mobile Hearing Unit.

"Statistics show that every four children in 100 have serious hearing defects," Roscoe L. Thomas, president of the Society said. "Day by day children so handicapped are falling in school grades, parents are deeply concerned, and yet not very much is being done to help these children. Texas is one state which does not offer a program of speech and hearing services. Only a few cities, Dallas among them, offer hearing tests through the Schools."

The Retha Martin Audiometer will be available on request to any town in Texas. It is urged that it be used for pre-school clinics since early treatment can minimize and in many cases remove the impairments. Application for use of the audiometer can be made at the Texas Society for Crippled Children's headquarters, 3703 Worth St., Dallas.

The hearing aid program is one of many services to handicapped financed through the annual Easter Seal Sale, now in progress.

**BENZENE HEXACHLORIDE MANGE KILLER**

The high school vocational agriculture boys have been treating their hogs for mange with benzene hexachloride. It has been proved that only one treatment is necessary, if the animals are dipped or sprayed when the mange begins to spread from the flanks. There is no relative comparison of this treatment and the use of oil to rid hogs of the mange mite, because of the sudden cure by the benzene hexa treatment. The treatment is as follows:

Use 1 pound of benzene hexachloride per 5 gallons of water. At close spraying this will treat approximately 20 head of hogs. Dusting the dry powder on the animals gives very successful results but they spray is even better and should be used when the weather is warm.

Mrs. Bill Price and Mrs. Money Price visited the latter's brother, Glen Burson, in Lubbock Saturday night.

**Wayland To Have Temporary Science Building**

An army recreation hall is being converted into a science building at Wayland College, Plainview, to help relieve the strain on facilities caused by increased enrollment there.

Workers are completing two large laboratories in the building. One will be used for chemistry and one for agricultural department. According to business manager J. L. Harden, the chemistry laboratory may be in use before the end of the present semester.

Tentative plans call for making

Mr. and Mrs. Anson Moore spent the week end at Stephenville and McKinney at a family reunion of Mr. Moore's family. Mr. Moore is employed by Stanolind Pipe Line and Mrs. Moore is employed at the Brownfield State Bank.

Mrs. Andrew Cooper and her sister-in-law, Mrs. P. A. Newlin of Lamesa, have recently purchased the Style Shop from Ireba Chaffin.

the building into a two-story structure with the upper floor divided into several small, well-lighted rooms, which will serve as biology laboratories, Harden said.

**'Retonga A Blessing' Says Tennessee Legislator**

**Hon. W. J. Matthews, Father Of Good Roads And School Laws Thanks Noted Medicine For Regained Strength And Tells About His Own Case.**

Happily praising Retonga for his regained strength, Hon. W. J. Matthews, of Algood, Tenn., declares the famous medicine was "a godsend" in his case. Mr. Matthews served many years in both the House and Senate of Tennessee from Overton, Clay, Pickett, Fentress, and Putnam Counties. He is author of many progressive measures, including the good roads system and Tennessee Polytechnic School in Cookeville. For thirty-two years he was a merchant and druggist at Algood.

"Until a year ago I enjoyed splendid health," states Mr. Matthews. "Then I began to have lots of gas pains and acid indigestion. It got so I scarcely want-

ed to eat anything at all. I felt miserably weakened and run-down, I could not get a good night's sleep, and I had a rely largely on strong laxatives for elimination. My weight dropped from 160 lbs. to 135 pounds and I became alarmed.

"Being a druggist I knew the ingredients of Retonga are good, and the relief it brought me was a godsend. I enjoy my meals now with no more worry about what to eat to avoid indigestion. I sleep restfully. I do not have to depend on harsh laxatives, and my weight is back to a normal 158 pounds. I feel good all the time and enjoy looking after my three farms and other interests. I shall be glad to tell anyone what Retonga did for me."

Probably no man in Tennessee enjoys a wider friend-ship or greater respect than Mr. Matthews. Retonga may be obtained at Primm Drug Store and all other good drug stores. Adv.

**HENRY CHISHOLM GROCERY**

**VALVE-IN-HEAD is far ahead!**

in performance and economy... in ruggedness and reliability!

**CHEVROLET** Automotive experts and millions of motorists agree: Valve-in-Head is far ahead because it gives an outstanding combination of performance, endurance, dependability and economy. . . . Chevrolet—master builder of this master motor—has proved this by producing more than 20 million Valve-in-Head engines during the past thirty-seven years—engines which hold the distinction of having delivered more billions of miles of satisfaction, to more owners, over a longer period, than any other power-plant built today! Chevrolet's World's Champion Valve-in-Head engine is another powerful reason why CHEVROLET AND ONLY CHEVROLET IS FIRST . . . another convincing proof that only Chevrolet gives BIG-CAR QUALITY AT LOWEST COST!

- In the world's champion Chevrolet engine, the valves are located in the head of the cylinder, directly over the pistons—hence the name, Valve-in-Head.
- Valve-in-Head design provides faster intake of fuel mixture . . . and quicker and more complete exhaust of burned gases . . . all of which contributes to better performance and economy.
- Valve-in-Head design also permits a more compact combustion chamber; and this, together with Chevrolet's "Blue Flame" combustion, means more driving power for the pistons—less heat loss—and maximum economy.

Valve-in-Head engines are inherently easier to cool; and Chevrolet's individual cooling of cylinders prevents waste of power—promotes efficient operation—prolongs engine life.

Helpful Planning Hints  
from the Food Editors of  
McCall's Magazine

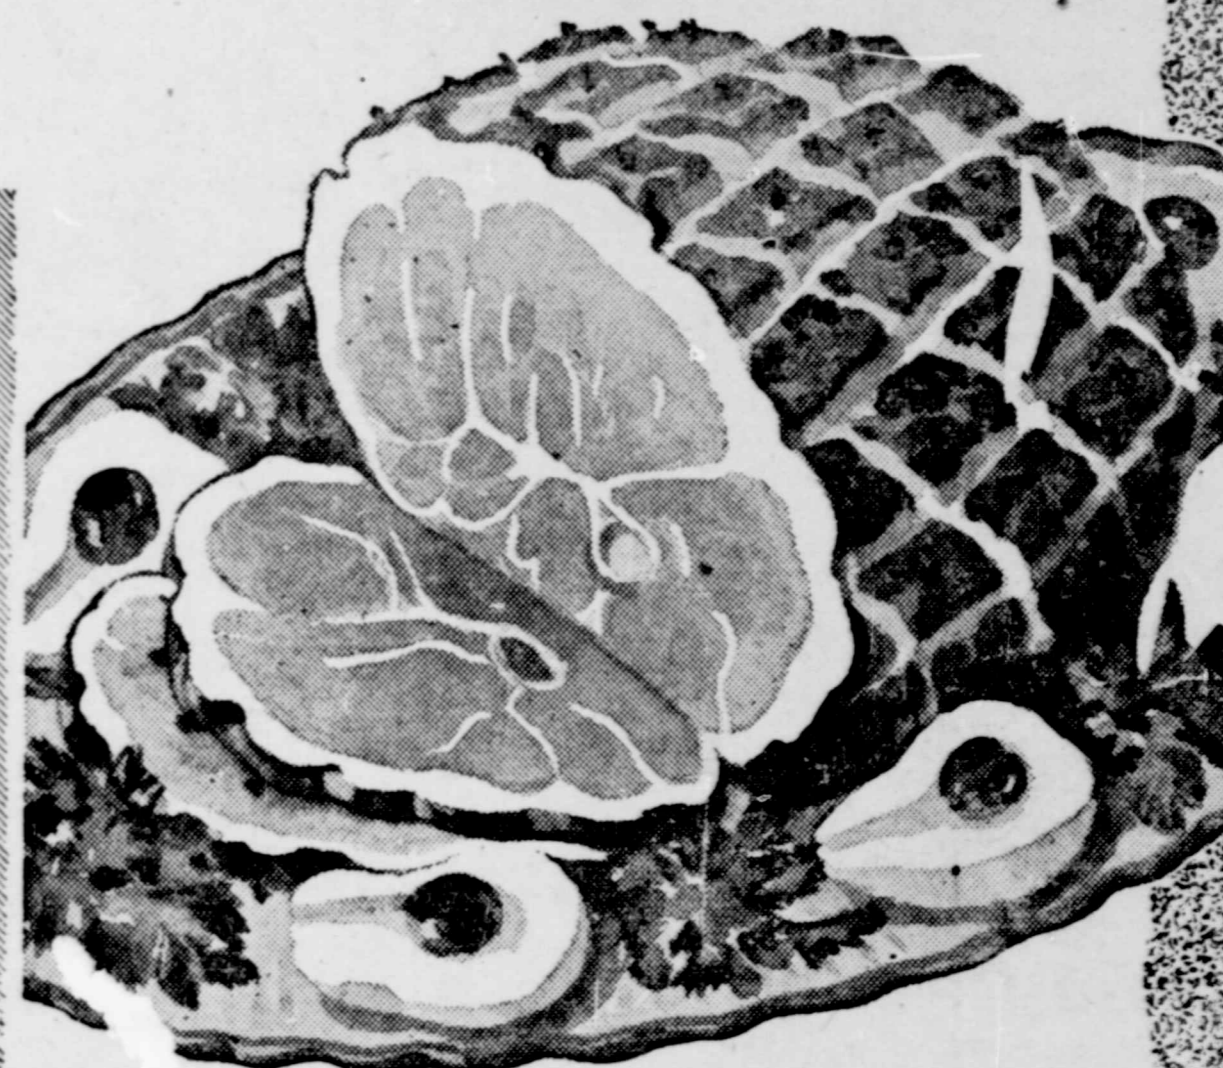

The festive spirit that be-  
longs to Easter deserves special  
attention by the way of  
food. Start the day with a  
wonderful breakfast: broiled  
grapefruit, cereal and cream  
hot cross buns or feathery  
waffles and steaming cups  
of coffee.

Plan dinner around a baked  
ham or a leg of lamb and  
serve a lush dessert like An-  
gel Pie. A basket of colored  
Easter eggs makes a center-  
piece that is pretty and prac-  
tical, too. The eggs can be  
used for supper salad or  
lunch the next day. Use  
hard cooked eggs for dyeing;  
dry and chill them before  
decorating.

Assorted pure food colors  
are packaged especially for  
Easter eggs, together with  
pattern for fancy designs  
or hard water add 1 tea-  
spoon vinegar when dis-  
solving the dyes.

Social Events of the Week

Mrs. L. W. Bownds, Editor

Phone No. 1

Mrs. Homer Moorhead Shower Honoree

Mrs. Homer Moorhead, the former Wanda Hendricks, was honored with a bridal shower at the home of Mrs. C. E. Ross Tuesday afternoon.

Guests were greeted by Mrs. Ross, Mrs. Moorhead, Mrs. Gladys Moorhead and Mrs. G. D. Hendricks.

The table was covered with a Maderia cloth and centered with yellow jonquils and yellow candles. A miniature bride and groom on white satin flanked by white candles enhanced the buffet. Mrs. Wisdom and Mrs. Johnson presided at the punch bowl. Lime sherbert punch and cookies were served to about thirty-five callers.

Guests were registered in the bride's book which had white satin ribbon and yellow jonquils on the cover.

Hostesses for the event were Mesdames A. R. Tyler, L. C. Heath, Ame Flache, Woodrow Wisdom, Hugh Holmes, E. L. Redford, R. I. Moorhead, C. E. Ross and Carl Johnson.

MRS. G. G. GORE CELEBRATES HER BIRTHDAY

With most all the children and grandchildren gathered around the family table Sunday noon, Mrs. G. Gore was celebrating her birthday. Which one? You ask her. She still gets about well, though.

Among those present were Mr. and Mrs. Bruce Casey and son, and Mr. and Mrs. Harry Cornelius, of Ruidoso, N. M.; Mr. and Mrs. Jake Gore, Mr. and Mrs. C. E. Gore, and Mr. and Mrs. Alfred Gore, Keith Gore, Mr. and Mrs. James Bowman, all of Brownfield; Mr. and Mrs. Ollie Bruton and children of Cisco, Ches of Lovington, N. M. could not attend.

BARBARA CHESHSHIR OBSERVES BIRTHDAY

Barbara Cheshshir, daughter of Mr. and Mrs. Herman Cheshshir celebrated her tenth birthday with a party Sunday.

Cake and grappettes were served to Nancy Sue King, Patty Woods, Dorna Jane Newsom, Betty Faye Dawson, Beverly Brown, Maurine Webb, Wanda Joyce Cornelius, Melba Willis, Rena Faye Cheshshir and Barbara.

OFFER GIVEN BY ALATHEAN LASS TUESDAY NIGHT

The ladies of the Alathean class of the First Baptist church honored their husbands with a supper Tuesday night. The tables were decorated with Easter baskets filled with Easter eggs.

Those present included Messrs. and Mesdames K. D. Miller, Dale Brown, Sonny Walls, J. E. Smith, J. W. Corbell, Charles Auburg, Stuffy Moorhead, Tom Kizer, Milton Bell, Ted Fox, R. D. Shewake, Jake Geron, and Mesdames Ewis, Elton Baggett and A. W. Urner. Rev. and Mrs. A. A. Brian were guests.

MRS. WALKER HOST FOR LAS AMIGAS CLUB

Mrs. Prentice Walker was hostess for the Las Amigas bridge club Tuesday night at the La Lecca Cafe.

High score went to Mrs. Al Mulrow; second high to Mrs. Buran Hackrey; with Mrs. Roy Wingerd gaining high score for the guests. Mrs. Frank Ballard and Mrs. Sam Privett won bingo.

Mexican food, pie and coffee were served to sixteen guests: Mesdames J. T. Hev, Orb Stice, Joe Shelton, Jack Stricklin, Jr., Chad Tarpley, Lal Copeland, N. L. Mason, Thelma Crites, Hiram Parks, Ike Bailey, Jack Shirley, Sam Privitt, Frank Ballard, Roy Wingerd, Burton Hackney, and Al Mulrow.

WESLEYAN SERVICE GUILD MET TUESDAY IN CHURCH

Tuesday evening the Wesleyan Service Guild met at the Methodist church with Mrs. Joe Harden and Mrs. George Steele as hostesses.

Mrs. Sales, from the Wheatley School in the colored district, presented the problems that the teachers from that school are confronted within their classrooms. Mrs. Charles Wilson and Mrs. Clarence Simes sang a duet. A most interesting talk on "Christianity in Our Every Day Life," was given by Mrs. Simes. Mrs. H. L. Thurston gave the devotional, followed by group singing.

Others attending the guild meeting were Mesdames S. F. Boruk, Harvey Gage, Dennis Lilly, Joe Miller, R. L. Reasoner, H. E. Schwartz and Griffith.

NEWLY-WED WELLMAN COUPLE TO LIVE HERE

Juanita Bradshaw, daughter of Mr. and Mrs. A. A. Bradshaw and John Spencer Bevers, son of Mr. and Mrs. Clay Bevers, of Wellman were married in the home of Rev. Sparkman, pastor of the Westside Baptist Mission, March 18.

The bride's dress was aqua crepe with black accessories; for something old she carried a handkerchief belonging to Mrs. Mattie Smith of Wellman; something borrowed were pearls belonging to Mrs. Marie Lewis of Wellman.

Mrs. Bevers was a 1946 graduate of the Wellman High School. John Spencer served three years in the Navy. The couple will be at home in Brownfield.

ALPHA OMEGA CLUB MEETS WITH MRS. PORTWOOD

With "Hobbies" as the program topic, the Alpha Omega Club met in the home of Mrs. Johnny Portwood with Mrs. James Sadler as hostess.

Mrs. V. L. Patterson presided as program chairman. Talks on Creative Arts, by Mrs. Clarence Lackey; Radio Listening, by Mrs. Lee Brownfield; Collections, by Mrs. Patterson were heard by the group. Following this program an open forum was held.

Those present included Mesdames Brownfield, Cates, Crawford, Goodpasture, Jake Gore, Hamilton, Tommy Hicks, Lackey, Mason, McKinney, Newman, Odell, Noble, Patterson, Teague, Tarpley, Rogers, and Greer.

LADIES OF THE COUNTRY CLUB ELECT OFFICERS

At the last meeting of the ladies of the Brownfield Country Club the following officers were elected: President, Mrs. J. M. Teague; First vice president, Lois Wingerd; Second vice-president, Vivian Parks; Secretary, Mrs. Homer Winston; Treasurer, Mrs. Lackey. Thirty-seven attended the covered dish dinner luncheon.

There will be another covered dish luncheon on April 14, at 1:00 p. m. which will be followed by games of bridge, rummy and forty-two.

Fern Sawyer attended the Cattlemen's Convention in Albuquerque, N. M. last week end.

Introducing The New Society Editor

We are pleased to introduce the new society editor of the Herald, Mrs. Billie Jo Bownds, wife of the linotype operator and back shop foreman. This is a new vocation for Mrs. Bownds, as she has spent most of her time since graduating from Tech college as a school teacher. But she is ambitious to learn.

Mrs. Bownds is a quiet, unassuming person, who seems always to be in a good humor. She will be in and out of the Herald office most of the work hours from Monday morning until the paper is published each week, and perhaps most of the other time.

She will appreciate your news items phoned to No. 1, the Herald office.

METHODIST WSCS HAS LUNCHEON

The Women's Society of Christian Service met for a covered dish luncheon in Fellowship Hall Monday at 1:00 p. m. with Mrs. W. B. Downing and Mrs. Terrell Isbell as hostesses. An Easter theme was expressed in table decorations with Easter lilies and ivy. Candles and small Easter rabbits were used as plate favors.

Mrs. G. S. Webber conducted the study after lunch, taken from chapters five and six of "Great Prayers of the Bible." The study was opened with the song, "Sweet Hour of Prayer," followed by a devotional led by Mrs. Lee Walker. Those assisting with the program were Mesdames C. L. Williams, A. E. Proctor, Sam Park, B. L. Thompson, H. L. Thurston, W. B. Downing, J. H. Carpenter, M. O. Longbrake, Tobe Power and Glen Harris.

Mesdames Ed Tharp, J. W. Hogue, Craig, Mote and Hill also attended the study.

D. W. Allmon and son, Jackie, were in San Angelo Saturday where they visited with Sgt. and Mrs. Bob Allmon, who are stationed there.

BIRTHDAY CELEBRATION FOR MRS. S. W. JONES

Mrs. S. W. Jones celebrated her seventy-sixth birthday Sunday with a dinner in the Legion Hall dining room. The table was decorated with a huge birthday cake. Mrs. Jones opened many nice gifts after dinner.

Five of Mrs. Jones' children were there to make her birthday a happy one; Mr. and Mrs. Douglas Jones, Mr. and Mrs. Eunice Jones, Mr. and Mrs. Ned Self, all of Brownfield, and Mr. and Mrs. L. E. Tankersley and Mrs. Mae Williams of Roswell.

Other Brownfield guests were Mr. and Mrs. Tobe Howze, Mr. and Mrs. Bobby Jones, Mr. and Mrs. Truman Bishop, Mr. and Mrs. Clifton Jones, Mrs. Jim Jones, Mrs. O. L. Jones, Wynell Jones, Sammy Jones and Miss Joyce Dunagan.

From out of town were Mr. and Mrs. Kenneth Jones, Slaton; Mrs. James Allen, Denison and Mr. and Mrs. Bud Patterson of Seminole.

Mr. Will Ed Harris was in town last week on business. Mr. Harris ranches near Carizozo, N. M.

Sewell Dean and dad were up Tuesday from Wellman, shopping and swapping yarns.

P. F. Bruce reports that Mrs. Bruce does not seem to be improving in health.

**ANNOUNCING**  
Change Of Ownership

The Style Shop, located at 114-A North 6th St., joining Fox Paint Store, has been purchased by Mrs. Andrew Cooper and Mrs. P. A. Nowlin. They invite all to come to their pretty little shop and see their new line of dresses, (GAY'S) in cottons, and sheers, also bags, gloves, lingerie, skirts, lovely hose in 51 gauge, 15 denier.

### Report On Civil Rights

BY GEORGE MAHON

The first test vote of the Session on the so-called civil rights question came in the House of Representatives last week. This question has provoked more hot words than any recent political issue.

Congressman Keefe of Wisconsin had succeeded in placing a rider on an appropriation bill at a subcommittee meeting which would prevent the segregation of whites and colored in certain vocational schools and hospitals. When the full committee on appropriations met to give final approval to the measure, I joined with other Democrats on the committee in an effort to strike the obnoxious language from the bill. We were able to get enough Republican votes to win the motion and amend the bill.

The next contest came on the floor of the House. Congressman Marcantonio of New York offered a motion to restore the language which we had been successful in striking from the bill in Committee. Democrats voted against the motion almost solidly and we were able to win sufficient Republican support to defeat the Marcantonio amendment.

The so-called civil rights program includes proposals for the passage of Federal antipoll tax and antilynching legislation, plus a so-called FEPC law and legislation which would prohibit the segregation of whites and colored in interstate travel, and eventually in the schools. In previous years we have been confronted with parts of this program and by voice

and vote I have always opposed it and I am continuing my active opposition.

I maintain that a federal antipoll tax law would be unconstitutional because Art. 1, of the U. S. Constitution, provides that "the States, not the federal government, shall fix the qualification of voters. The people of Texas, if they desire, can amend the Texas constitution which provides for the poll tax and substitute a system of registration, but the U. S. Congress has no authority to indirectly amend the Texas constitution.

Lynching is a crime which is local in character and should not be handled by Washington authorities but by local and state officials. As to the FEPC and the proposals to prevent the segregation of the whites and colored on railroad trains and in schools, I take the position of those who say that the federal government has no right to interfere with local laws and customs in this regard, and that our system for segregation of the races is necessary and in the best interest of both races.

But many of the northern Democrats and many Republicans are loudly advocating the so-called civil rights program in an effort to get the negro and minority votes in the doubtful states of the North and East.

The Republicans have a majority in both the House and Senate. Therefore, the only chance to stop this program is through a non-partisan fight against it by both Democrats and Republicans such as proved successful in our effort to eliminate the so-called civil rights rider from the appropriation bill.

### Local Group Hears Lamesa Speaker

A group of young people from the Presbyterian church attended a lecture in Lamesa Sunday evening by Mr. Clifford Taylor. Mr. Taylor was a delegate to the International Youth Meeting in Oslo, Norway, last summer. He spoke about the trip and the meeting. Those from Brownfield who attended the lecture were: Judy Griffin, Dorothy Henderson, Jean Craig, Ann Snedeker, Nancy Weir, Frank Gorton, Tommy Hamilton, Bill Tichman, Mrs. Tom May, Mrs. Bill Telford and Mrs. J. P. Murphy.

Recently a Texas farmer was asked what was the best part of his farm. And his sad reply was, "The part down in the Gulf of Mexico."

### CITATION BY PUBLICATION THE STATE OF TEXAS

TO: J. A. PARRISH AND WIFE, Madeline Parrish, their heirs and legal representatives, W. C. Parrish and wife, Francis Parrish, their heirs and legal representatives GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of April, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 21 day of February, 1948.

The file number of said suit being No. 3438

The names of the parties in said suit are:

Beryl Crossland as Plaintiff, and J. A. PARRISH AND WIFE, Madeline Parrish, their heirs and legal representatives, W. C. Parrish and his wife, Francis Parrish, their heirs and legal representatives as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try title of the southeast quarter of section 82 in Block 4X, EL&RR Ry Co survey in Terry County, Texas, for damages, rents, title and possession; plaintiff pleading the five

### FORMER RESIDENTS HOLDS OPEN HOUSE

Mr. and Mrs. Jack Greene entertained their friends on Sunday afternoon with an open house at their new home, 906 East Third street in Sweetwater. Mrs. Greene is the former Ola Brown before her recent marriage.

Friends were greeted at the door by Mrs. Dock Scott, and Mr. and Mrs. Greene were assisted in receiving by Mrs. Bill Kennedy and Miss Emma Jo Phillips.

Refreshments of punch, cookies and mints were served by Misses Theda Kerby and Joy Linn.

Members of the house party took turns showing the guests through the newly-decorated rooms of the Greene home. About 50 friends called during the afternoon.—Sweetwater Reporter.

The above clipping was sent to the Herald by Mrs. Greene who was known as Ola Belle Brown in Brownfield. She operated a concession stand in the Post Office for a number of years.

and ten years statutes of limitation.

Issued this the 21st day of February, 1948.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 21st day of February, A. D., 1948.

ELDORA A. WHITE, Clerk District Court, Terry County, Texas.

(seal) 35c

Mr. and Mrs. Albert Bateman of Altus, Oklahoma, visited in the home of Mr. and Mrs. Ben Baggett over the week end. Mr. and Mrs. Bateman are moving to Bakersfield, California.

### Here's One for the Book!

Something new has been added to the morning scene! Along with Dad and his newspaper, Mother is reading too! What? Well, it's a Better Breakfast Story and everybody needs to read it. Better breakfasts are getting lots of attention these days as people learn more and more about nutrition needs. A simple but well-planned breakfast can mean the difference between a good or bad day, feeling so-so or feeling tip-top. And such a breakfast is easy—a glass of fruit juice, cereal with milk, toast and butter, or fortified margarine, coffee if you wish. Why, it's a positive pleasure to enjoy a good breakfast! And so, to help you and your family enjoy more Better Breakfasts, a Box Top Book Club has been started to help spread the good news. Here's how it works: a boxtop from a well-known brand name cereal will bring you two exciting books for about the price of a magazine. One of these books is "The Sign of the Ram" which has recently been made into a popular movie, and the other book may be chosen from a list of ten. For instance, there's "Treasure Island" to delight any child, "Our Hearts Were Young and Gay," and many other best selling titles. Your local grocer has all the details—he is a book-dealer these days too! So get enrolled with him in the Box Top Book Club and have fun with your family and your friends. Get enrolled in the Better Breakfast Club, too, and feel like having fun.

**IT PAYS FARMERS**

...TO MAKE EVERY BIT OF WORK COUNT AND TO GET FULL SERVICE FROM OIL

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

**150-HOUR VEEDOL**

SAVES FUEL by reducing power blow-by. SAVES TIME by avoiding breakdown delays. SAVES REPAIRS through greater heat and wear resistance. SAVES OIL — stands up 150 hours in gasoline-burning tractors; cuts oil consumption in all tractors. SAVES TRACTORS — assures long, economical service.

**HERE'S THE MOST UNUSUAL OFFER EVER MADE IN THE TIRE BUSINESS!**

**YOUR MONEY BACK**  
If Super-Cushion Tires Don't Give You The Softest Ride You've Ever Had!

**YOU RIDE....THEN YOU DECIDE!**

We mean every word we say—we'll put a set of Super-Cushion tires with new tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace them with your own tires and give you money back.

The Super-Cushion is a remarkable new kind of tire. It is bigger and softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we make this amazing trial offer... for a very limited time only due to the great demand for Super-Cushions.

*Super-Cushion*  
**TIRES BY GOOD YEAR**

**SUPER-CUSHIONS** give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

**SUPER-CUSHIONS** soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

**SUPER-CUSHIONS** consistently average more mileage than the best standard tires. More—they make small cars ride like big ones... make big cars ride better.

**SUPER-CUSHIONS** run cooler; and because they're softer, they "roll with the punch", are harder to cut, bruise or blow out.

Arrange now for a Super-Cushion test run on your car.

**MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS**

**Thanks A Lot, Lois  
 For the Fish**

If Mrs. Roy Wingerd had been  
 studying over the matter for a  
 month, she could not have hit  
 the jackpot better on our appet-  
 ite and craving than Monday,  
 when she called and left a nice  
 crappie, which she and their party  
 had taken from Possum Kingdom  
 lake over the week end.

And the cook had it fixed just  
 right. So, when we marched in  
 the dining room expecting either  
 pork or beef as usual, man, we  
 had a happy surprise. They must  
 have been quite lively last week  
 end as Mrs. Wingerd (just Lois  
 to oldtimers) was distributing a  
 nice mess around to other friends.

By the way she stated that some  
 twelve Brownfield people now  
 have cabins down there on the  
 lakeshore. And most of them are  
 quite cute "cabins."

**PLAINS NEWS**

Mr. and Mrs. R. L. Whitehurst  
 and children of Hobbs, were visit-  
 ing her mother, Mrs. S. McDonnell  
 over the week end.

Mrs. Sallie Forrest had as her  
 guests Sunday all of her children,  
 Miss Sallie Lynn Forrest of Dal-  
 las, Mr. and Mrs. T. J. Miller of  
 Lubbock, Mr. and Mrs. Jimmy  
 Glover and daughter of Odessa  
 and Harold.

Mr. and Mrs. John McKee were  
 in Lubbock Thursday.

Mr. and Mrs. L. D. Camp were  
 called to Lamesa last Tuesday  
 because of the sudden death of his  
 brother.

Mr. and Mrs. Duane Dumas and  
 children of Andrews were visiting  
 in Plains Sunday.

John Camp, Grace Rushing and  
 Mr. and Mrs. Walter Anderson at-  
 tended the funeral of their uncle  
 in Lamesa Sunday.

Grandmother Ward is in the  
 Brownfield hospital recovering  
 from pneumonia.

Mr. and Mrs. Bob Wright and  
 daughter of Childress were week  
 end guests of her parents, Mr. and  
 Mrs. S. F. Pride.

Mrs. Don McGinty was in Dal-  
 las last week on business.

**Wellman Whisperings**

Work on improving the Baptist  
 church building is being resumed  
 since the weather permits. The  
 building when finished will con-  
 tain class rooms and an enlarged  
 auditorium.

Paula Don Foster, small daugh-  
 ter of Mr. and Mrs. Loyde C.  
 Foster, is improving after a ser-  
 ious illness.

Mrs. Mildred Ford of Denver  
 City visited her sister, Mrs. Anne  
 Roberts over the week end.

Misses Juanita and Johnny  
 Newby, teachers in the Wellman  
 high school, were called to the  
 bedside of their mother near Fort  
 Worth last week.

Mrs. A. L. Rogers and Mrs. Anne  
 Roberts visited in the home of  
 Mrs. W. A. Holt in Brownfield,  
 Monday.

Mrs. D. H. Griffin left for Kan-  
 sas City and Dallas Thursday for  
 an extended visit with her son  
 and daughter, Wallace Griffin of  
 Kansas City and Mrs. F. W. Little  
 of Dallas.

Mrs. Clay Bevers has been visit-  
 ing her brother and family of  
 Wadsworth, Kansas the past two  
 weeks. Her sister-in-law is very

ill.  
 V. L. Hudson has returned to  
 Wellman from Bivins, Texas,  
 where he and his son, Troy visited  
 relatives and friends. Troy stop-  
 ped over at Odessa and went to  
 work in the oil fields there.

George Tipton visited his father  
 at Altus, Oklahoma, last week.  
 Several brothers and sisters were  
 home to help their father celebrate  
 his birthday, March 17.

The Methodist people of Foster  
 presented a very interesting and  
 timely film at the Wellman high  
 school auditorium Sunday night.

A large group of the Wellman  
 younger set went skating at the  
 Seagraves roller rink Friday and  
 Saturday nights.

Peary Paul Brackett, four year  
 old son of Mr. and Mrs. Ira Brac-  
 kett, sr., celebrated his birthday  
 March 18 with a party for the  
 little folks of Wellman. Games and  
 refreshments of cake and pop were  
 served to the large number of  
 children attending.

Mrs. Gertrude Colemand has re-  
 turned to her home in California  
 after spending the winter with her  
 parents, Mr. and Mrs. A. M. Crews.  
 She writes that the California  
 weather is fine and had rained

**YOUTH CHOIR FEATURE  
 IN BAPTIST EASTER SERVICES**

Rev. Alfred A. Brian, pastor of  
 the First Baptist Church announce-  
 ed today that the theme of the Res-  
 urrection will be central in all  
 services Sunday in First Bap-  
 tist church. Then senior choir will  
 bring special music in the Morn-  
 ing Worship hour, which will be  
 followed by a special message by  
 the pastor on The Meaning of the  
 Resurrection.

The Youth choir of the church  
 will present the evening music  
 program. The 32 voice youth choir  
 directed by Norwood Heath will  
 sing "One Day," "Christ Arose,"  
 "Christ The Lord," "He Lives,"  
 "He Lives On High."

**EASTER EGG HUNT SUNDAY  
 AT COUNTRY CLUB**

The younger set of the Country  
 Club will be entertained Sunday  
 with an Easter Egg hunt at 2:30  
 p. m. All children from ages one  
 to ten are invited. Each child is  
 asked to bring twenty-five cents.

there recently.

Mr. and Mrs. John Smith were  
 called to Oklahoma by the illness  
 of his father, who lives at Hobart,  
 Oklahoma.
