JOB WORK.

Our patrons are solicited to send in their orders for Bill-Heads, Cards, Circular letters, Checks and every variety of Job Work. We have secured the services of a first class workman from the east, and have made our Job Department as complete as is possible to have it.

FIRST OF THE SEASON.—Some fine mulberries made their appearance in the market yesterday.

MEETING OF THE KICKAPOO COMMITTEE.—The Committee of twenty appointed at the meeting on Saturday night to take in hand the Kickapoo matter, will meet at the rooms of the National Bank at 4 o'clock P. M.

NEW STORE—NEW GOODS.—Messrs. Bloomer & Frank have opened a splendid stock of New Goods, embracing Dry Goods, Clothing, Boots, Shoes, Hats &c. These gentlemen make a splendid show, and deserve a share of the public patronage.

RESOLUTION OF THANKS TO THE MILITARY.—The following resolution of thanks was passed by Rev. Mr. Martin's congregation, (Presbyterian Church South,) on last Sunday:

Resolved, That the thanks of this congregation are due and are hereby tendered the officers of the army and the Post Band, for the entertaining concert giving by the Band for the aid of this church.

MAYOR'S COURT.—Elisha Shaw, for fighting, \$15 and costs.

Robert Lamb, for fighting, \$15 and costs.

Charles Rhodes, for fighting, \$15 and costs.

Picquinta Alvera, exposure of person, \$10 and costs.

R. Garcia, drunk, and trying to run his horse over two ladies, \$3 and costs.

All the above paid up.

The case of the State vs. McPherson, for incendiarism, was commenced yesterday morning, but after taking the evidence of a lady for the prosecution, the case was continued.

PERSONAL.—We have had the pleasure of a call from Mr. A. D. Sheldon, General Agent of the Mississippi Central and New Orleans, Jackson and Great Northern railways. This is the best railway route from New Orleans to the North, making better time with fewer changes than any other road. We can recommend Mr. Sheldon to the business and traveling community of Texas, and hope he will find his visit to Texas profitable as well as pleasurable. Throughout the year thousands of persons travel by way of New Orleans to the North, and the multitude who travel need to be told the best routes, as they become confused in the midst of many rivals for the public travel. The New Orleans, Jackson and Great Northern railway is the best for speed, comfort and cheapness.

A CITY FARM.—Now that the city has secured the property known as the government tannery, embracing the tannery and seventy-eight acres of land adjoining, what will be done with it. Many ideas are suggested. It would make a splendid summer resort and bathing place. But the most practical for the present would be to establish a city farm, or industrial school. This would be a place to put our vagrants at work and to employ those who seek city charity. The irrigating privileges make certain a crop. Corn and vegetables could be raised. The poor house could be established there, and we believe, by proper management, the property could be made to pay all the expenses the city now incurs in the support of the hospital and almshouse. It is an elephant not hard to take care of. We prize it at fifty-thousand dollars if kept and properly managed.

MAX MOBIUS.—Our notice of this individual seems to have raised a howl in certain quarters where his services have been, and are, very useful. Some time ago we charged Max Mobius with being Flake's correspondent at Headquarters, and Flake's editor declared that our exposure of the name of their correspondent was a breach of journalistic courtesy. Now, Flake's editor attempts to deny that Mobius acted as a spy, and a tattler at Headquarters, coloring his communications to suit the mean, timeserving policy of the Bulletin. From the information we have, we see no reason to alter our first assertion that Mobius has no business in the place he holds. His having served in the Union army does not give him license to turn against the Union cause now—or to be the confidential spy and correspondent of such a dirt-eating concern as Flake's Bulletin.

Rhode Island.

The victory in Rhode Island is not simply complete, but overwhelming. Although State officers only were voted for, the Republicans gained upon their last large majority. Impairment was the great question at issue, and it is evident that the anxiety to show to Congress that the Republicans of Rhode Island earnestly demanded the removal of Andrew Johnson contributed to the large Republican vote. The following is the new State government:

Governor, General Ambrose E. Burnside.
Lieutenant Governor, Pardon W. Stevens.
Secretary of State, John R. Bartlett.
Attorney General, Willard Sayles.
State Treasurer, Samuel A. Parker.
The State Legislature will stand: Senate, 27 Republicans, 5 Democrats; in two district no choice. House, 62 Republicans, 8 Democrats; in two districts no choice.

The Bastrop Advertiser has learned from reliable authority that the squad of eight citizens from DeWitt county, under command of Mr. Sutton, who killed Charley Taylor in Bastrop on Wednesday, 25th ult., and captured his associate, James Sharpe, and started with him to DeWitt county, after passing Lockhart shot Sharpe, a short distance from that place, and left the body on the roadside. Citizens of Lockhart buried the deceased soon after the act was committed.

ABILENE, KANSAS, MARCH, 1868.

To the Stock Drivers OF TEXAS.

The undersigned take this method of informing the Cattle Drivers of Texas that our Shipping Yards at Abilene, Kansas, will be open free to all to ship this season, those yards are on the Union Pacific road, 100 miles west of Topeka, Kansas, on the only legally authorized route from Texas to the north-west; and are situated in an excellent grazing region; these yards are extensively advertised in the leading northwestern papers, calling attention of all classes of buyers, where they can come and supply themselves; and this point will, without doubt, be the best one to which to drive and sell the surplus cattle of the Southwest. Once here, you are accessible by rail to all the markets of the country. We would advise to drive only full grown steers; as they are the most wanted. The proper route to drive is via Bolen's Crossing on Red River, thence to Fort Arbuckle; thence to Chismas ranch; thence to the mouth of Little Arkansas; thence to Abilene; total distance from Northern Texas about 350 miles.

We will be at Abilene in the trade, buying, shipping and selling on Commission, &c. We refer to all with whom we dealt the past season.
