Impeachment Excitement.

Washington, May 9.—The Evening Star says: The Bears in Impeachment stock made a tremendous rally last evening, and had it all their own way. At the leading hotels and other points where transactions are carried on, the friends of the President were betting wild on acquittal-two to one, ten to one, and lifteen to one. Later at night the Bulls rallied, swept everything, and seemed particularly anxious to find any party willing to bet on acquittal.

To-day it has been a se saw operation -the Bears being uppermost one hour and the Bulls the next. . bould the excitement increase in the same ratio it has in the past 48 hours, by Tuesday it will be something over fever heat. Tuesday will undoubtedly be the the most exciting day in Washington since the surrender of Lee.

The Express says : There is much talk of the probable result. The public pulse is somewhat excited is and thinks the preponderance of opinion favors ac-

quittal. One who professes to be well informed on current topics, and to have opportu nities of knowing whereof he speaks, stated this P. M. that S nators had disposed of the question of Stanton's removel, and will make the question about the President's right to make the removal. The points about which they are more concerned, relate to the ad interim appointment and the letter of authority to General Thomas. The Senators who are satisfied that there is no cause of conviction by reason of Stanton's removal, are so well satisfied that the President had a right to make the met interim appointment, that the point will

not be considered. [The "well informed" individual above referred to, is undoubtedly a loafer at Downing's bar-room, and cought his brilliant ideas from Sentor Patterson of Tennessee, Saulsbury of Delaware, or some other Copperhead whisky bloat, Salt cannot save Johnson from punishment - Ep. Express.] ,

The reporter adds. "The above paragraphs are telegraphed to illustrate the uncertainty of the result."

In a well-authenticated conversation, the President is reported to have said, in answer to a question regarding Mr. Bingham's suggestions, that he would not obey Senators mandates. "Why should I obey, if the forms of the Constitution are complied with? If Senators do not act justly, they are responsible, not to me, but to the people. The sovereign power has placed me in over one department, with all vits duties and responsibilities, and have placed Senators also with grave responsibilities, and with powers to try impeachment and render judgment. Therefore, if they abuse this or any other power, the people alone can set aside their verdict-it is not for

the party tried." WASHINGTON, May 9-\$50,000 of fractional currency was shipped to New Orleans during the week.

Alta Vela.

The disconnected sentences in our telegrams in relation to Alta Vela have state that General Napier is expected to set all our leaders to inquiring what it livered to me, a Deed of Trust on the above meant. We give the following explananation and the letter alluded to in the Impeachment trial. It seem that Judge Black was the attorney for a sea Captain who had discovered the Island of Alta Vela, and he wanted the President to take some decisive action in the matter. A letter in relation to it was written by Butler and signed by members of Congress. Nelson tried to prove that the letter was written after impeachment had been inaugurated and that it was intended as a threat. He failed to make this point, Judge Black found Johnson

Division of Texas.

An old Texan, who always regarded Texas as bounded by the Sabine and the Rio Grande, savs our feeling is against a division. We have had pride in Texas once. To divide Texas, seems to us like dividing our homestead; but we are powerless against the machinations of the malignant, and would not earnestly urge any preference of our own, for anything beyond the limit of our personal rights as defined by elementary law; and even these are in abeyance now, and liable to be overridden at any time. Once there was something real in American citizenship -something calculated to enlist the fervid feelings of the most earnest patriotism; now there is none so poor as to reverence even the name of that which has no material existence carrying with it the enforcement of rights.—[Clarksville Standard.

The main opposition to division comes from the old States-Rights, Lone-Star, Tom-Foolery notions, and is just one of the strongest reasons for division.

ORGANIZATION OF THE JOCKEY CLUB. -This new organization met for the first time at the Menger Parlor on Saturday

This affair is in the bands of gentlemen who propose to supply a need long felt in San Antonio, and one that is the greatest reproach upon our indolence and

people, situated in the center of the finest pastoral region of the world, has never reached out an encouraging hand to the stock-raisers-not even supplying a place where they can bring in their stock, compare it, and have the benefit of each other's experience.

In the Western States, Missouri, Illinois, and even the newest, not an organized county exists but has its "Fair Grounds," with buildings for Floral, Industrial, Agricultural, and all other classes of exhibition.; and above all, the Trotting Park, where stock is exhibited, and the best blood, the animals best adapted to the condition of the country, are determined upon by judges selected for their experience.

dition to the invariable improvement in every class of production that always follow the introduction of Annual Fairs, these exhibitions draw crowds numbering from one to ten thousand. If they should all camp out, not one would leave without spending \$5—the smallest amount, \$5,000—left in the city. Suppose the Sheep Associations meet at San Antonio "because there are conveniences at that city. Suppose the politi cal parties meet in San Antonio, because "they can find conveniences for holding meetings." These are only the most apparent advantages of Fair Grounds and Trotting Parks.

The Jockey Club intend to purchase a lot of ground, lay out a Park, enclose it, and offer the free use of the enclosure to an Agricultural and Stock Association. The shares number one hundred, at \$100 each, amounting to \$10,000; already \$3,000 are subscribed, and the remainder will be taken within a short

Police Items.

MATOR'S COURT-May 9, 1868 .ose Maria Peris, for trotting his horse a stranger, and unable to read, was dismissed

The police found a drunken soldier, Saturday night, sleeping it out on the Main Plaza, and carried him a lalog to the lock-up. When he swoke Sunday morning, he imagined himself in

John D. Thien, a butcher, was arrested for killing a calf with a mutilated brand bound over in the sum of \$200 to appear. before His Henor the Mayor to-morrow morning.

A man named Peay became unruly Saturday night, and made the night hideous shooting off his pistol, and swearing and cursing in an awful manner. He seemed to be crazed with anger, and his reason had flown. The police very properly took him to the lock-up; the public thoroughfares are for the peaceable, not the disorderly.

zales with aggravated assault and battery; case to be tried this evening.

HORSEMEN-BOTH HORSES KILLED, AND ONE RIDER'S LEG BROKE -Jacob Kalamaza and - Shider, who happened to be riding at a fearful pace from opposite directions, in the lower part of the city yesterday, collided with such teriffic force that Kalamaza was thrown a long distance and his leg broken in two places, and his horse instantly killed. Shider was not injured, but his horse will probably die. .

Gunther's Mill.

Horse Tamino. - Professor Allen who announces himself ready to teach the art of horse taming, has already won the highest admiration of a class of San Antonians. It is potorious that Texas horses are tamed by brute force and thus their hearts are broken and their spirit gone. One horse tamed by this plan would more than compensate for time

THE DRAMA .- Until a Hall is built and the proper stage scenery provided, it is useless to attempt to cultivate taste for tragedy in San Antonio. It is too great a draft on the most fertile imagination, to point to a slit in a piece of ten cent muslin and call the attention of Alphonzo to "youder delightful nook," or to strut across a dry goods box and give a dissertation spon the "vast Halls of Prince Nincompoop."

San Antonio owes it to herself to build a spacious Hall, and if Mr. Crisp fails to realize his expectations, he must blame the lack of enterprize on the part of our city. The troop certainly deserve better luck than they have met

JOCKEY CLUB -The club will meet at the parlor at the Menger Hotel on Thursday night next, (14th inst.) to effect a permanent organization and appoint a Committee to select grounds and negotiate for their purchase.

The shares of \$100 each, are not expected to be paid down in cash. As, sessments of not over 10 per cent, will be made from time to time, thus the payment will be made easy, and with proper management the shares will be worth in two years, ten times their original cost. All persons wishing to know the objects of the club, are invited to be present on Thursday night.

THE RACES.—The race on Saturday commenced and concluded with the run-

The first race, mile and repeat, was won by Lt. Eckel's sorrel stallion in two heats-time 2:14.

This is quite a reflection on the Cavalry Corps, allowing their best horses to be beat by a-Doughboy.

The second race one-half mile and epeat, was won by General Ed. Hatch's sorrel gelding Jerry-time 55 seconds. The trotting race failed owing to

failure of entrees to come to time. The grounds were in perfect order and a large crowd was in attendance.
