**Muleshoe**

Danny Ellis and Eddy Mardis, both of Muleshoe, were entered in team roping in an intercollegiate rodeo sponsored by Eastern New Mexico University at Portales last weekend. Both are students at South Plains College, Levelland.

Woolley & Hurst Imp., Inc. has instituted a special service called "Stand-By 7". It is designed to provide parts service seven days a week.

On other words, a spokesman said the dealer is available on weekends, and ready to make any part available just as fast on Saturday or Sunday as it would be on a weekday.

They said if they don't have the part needed, there is a special phone number to call to get the part quickly.

**SBA Seminar Set Tonight At City Hall**

Muleshoe will host Robert Prock of the Small Business Administration in a special business seminar to be conducted at 8 p.m. tonight (Thursday) in the council chambers at the Muleshoe City Hall.

The seminar is sponsored by the Muleshoe Chamber of Commerce, in conjunction with the Small Business Administration. Instructing in the seminar will be Prock, CoC Executive Director Tommy Black and Dave Sudduth, local CPA.

All employers, employees, managers, and bookkeepers are especially invited to attend the seminar and learn new laws concerning business with special emphasis on credit laws.

Included will be "What Draws Customers?" "Can Small Stores Compete?" "Turn Shoppers Into Buyers!" and "Emphasize Customer Service."

The second part of the seminar following a coffee break will include a film on "You and Your Customer" concluding with "Effective Advertising" and a detailed discussion on Retail Credit Information.

The Retail Credit Information will include laws on the service charge, different accounts, including revolving charge.

Black said the seminar will help every business and has asked that as many businesses possible be represented at the seminar which is being conducted at no charge to the people attending.

**KIWANIS INSTALLATION BANQUET CEREMONIES**... Charles Zecek, left, Lt. Governor of District 33 of the Kiwanis International, is pictured with incoming Kiwanis President Howard Watson and outgoing President Charles Bratcher at the installation banquet Monday night. Bratcher is shown with a plaque he received as outgoing president.

## Screwworms Confirmed In Samples From Horse County Agent Calls Local 'Red Alert'

### Watson Installed Kiwanis President

Charles Zecek, Lt. Governor of District 33 of the Kiwanis, of Tulsa, was special guest and installing officer during the annual installation banquet of the Muleshoe Kiwanis Club. The banquet and installation ceremonies were in the Corral Restaurant at 8 p.m. Monday night.

Installed as president as Howard Watson; Gary Dale, vice president; Raymond Schroeder, secretary; Glen King, treasurer and directors, Charles Bratcher, outgoing president; Gary Dale, Tom Lobough, Howard Watson, Glen King, Raymond Schroeder.

Recognized as special guests were representatives of various civic and sorority groups in Muleshoe.

Presented an award as Out-Clark Elected

### New President Muleshoe CoC

During an election conducted at the Muleshoe Chamber of Commerce during the past two weeks, John Clark was named president of the Chamber of Commerce. Outgoing president is Ted Barnhill.

Elected vice president is Howard Watson and Gary Dale, secretary.

New directors elected are Merlyn Neel, Don Rempe, Gene McGuire and Royce Harris. Holdover directors are David Hamblen, Ted Barnhill, Charlie Isaac, Bob Finney, Edwin Cox and Pat Shafer.

### Cool And Damp Weather Hits Mercury Drops

Early morning rain on Monday deposited approximately 2 of an inch of rain in the Muleshoe city limits, followed by an afternoon rain which left an additional .3 for one half inch during the day.

Accompanying the rain was a drastic drop in temperature and high wind heralding an approaching cool front which dropped temperatures to 47 by mid-afternoon. By morning Tuesday, the low was 41 degrees.

Despite thoughts to the contrary, the temperature was not the lowest recorded in the area for the past few years. For instance, in 1970, on September 27 the temperature was 27. On September 22 and 23 in 1972, it was a low 36 degrees and also the same temperature on September 28 and 29 in 1973. September 29 and 30 of 1974 was approximately the same as now, 40 and 41 degrees and in 1975, the lows recorded on September 23 through September 26 at night was a cool 38.

It is getting to be long sleeve and heater weather in Muleshoe and the surrounding area as nighttime temperatures will continue to be in the low range of 40s and high 30s.

### City Tournament Entries Accepted At Golf Course

Next tournament scheduled for Muleshoe golfers is the Muleshoe City Tournament.

On October 2, pairings will be drawn and all golfers will be flighted according to their handicap. Competition will be match play with eight players per flight.

First matches will be played October 3-9 with the second match set for October 10-16 and the finals to be on October 17. Entry fee is \$10 and all city golfers are invited to participate. Entries may be made at the pro shop at the golf course in the men and women's divisions.

## Antelope Hunting Slated For Mules

This week, the Muleshoe Mules are going Antelope hunting. That's right, in mid-football season, they are taking time to hunt Antelopes. Of course, these are special antelopes, in fact, they are the Abernathy Antelopes. This special breed of Antelope goes in fits and starts. To date this year, the Abernathy Antelope blocked out the Petersburg Buffaloes 26-10 on September 3; then the Mustangs at Otton stampeaded, they beat out the Antelope 20-8, this was on September 10.

Hale Center felt the fury of the Antelopes on September 17, when they fell before the Antelope's onslaught 49-22 but fell 40-0 to the Slaton Tigers last Friday night. Their season record is 2-2 now.

Passing is apparently their strong point with quarterback Roddy Shipman finding receivers to David Hunt, Danny Nunn and Ken Davenport. Considered top defensive players are end Todd Thompson and linebacker Dale Odum. Antelopes are even sneaky, more than once each game, they try to slip over for a two point conversion, or throw for a two point conversion.

Antelopes have racked up 83 points to date, and have given up 92 points at mid-point in the 1976 football season.

For Muleshoe, the Mules will be minus two starters said Head Football Coach Don Cumpston. Both Tony Vela and Robert Brown will see no action in the upcoming game. They are both sidelined with knee injuries. Coach Cumpston said he was holding them in so they would be ready for district action which starts on October, against Littlefield. Also out with a broken wrist is Robby Young, who is expected to miss most of the season.

"We are still optimistic," said the coach, "and for the young season and inexperience of our players, we don't feel we have played badly at all."

"Mistakes are still hurting us," added the coach, "but with the starters, some who have never played football and some who have not played for at least two years, we don't feel bad about our team at all."

"Billy James has been moved to the end position. He hasn't been seeing much action, but he will be one of the main receivers now. Also, as of this week, a change will be seen in the line-up as many players who have seen very little action will be on the field. We are starting a new style this week, double patrolling, and hope the new way will make up some for our smaller size."

Coach Cumpston said the action was necessary due to the smaller size of the Muleshoe players, compared to the larger teams they have faced to date, and will apparently continue to face in future games.

He also said the cooler weather would help the players, although it would be just a little harder on the fans in the stands. He expressed his appreciation to the group of fans who traveled to Levelland for the game last week and said he hoped the group would remain faithful as the Mules prepare to go into district play after an open date next week.

Head football coach Larry Aldridge, who is starting his second year at Abernathy said Tuesday morning, "We are real impressed with the progress of the Muleshoe Mules. We have kept up with the team since we

### Golf Tourney Results Given

Mr. and Mrs. Bill St. Clair, along with partners Earl Richards and Marlin Mills had a low 61 to take the Florida Scramble Golf Tournament last week.

Other scores recorded were John Lowery, Sam Fox, Mac Brown and Jeri Wagnon with 63; Harold Cowen, Charles Green, Pat Wagnon, Mary Holt and E. Riley had 64; Derrell Oliver, Dudley Malone, Jess Winn and Joan Lowry had 65; Curtis Walker, J. McVicker, Doug Cowen, LaVern Winn and Jama Brown, 67 and Claude Riley, Claude Holt, Charles Lenau and Cookie Bamert, 68.

Winners received golf merchandise. Richards commented, "It was a real team effort and everybody contributed when they needed to."

watched their scrimmage against Petersburg, and have stayed impressed."

Coach Aldridge said he was pleased with the Antelopes four games to date although he did say that quarterback Shipman would probably not play against the Mules Friday night. "He did not play in the 40-0 loss to Slaton last Friday night and will possibly not play against Muleshoe Friday night. We have had to move Ken Davenport to quarterback position, and with that, will have to play a ground game," said the coach.

"I am pleased with the overall game against Slaton," he added, "although a couple of

Cont. on Page 3, Col. 3

JAMES ROY JONES

### James Jones First Place F-B Winner

It wasn't quite all men who took the weekly merchant's football contest this week, although they did latch on to the two top spots. In first place with two top misses in the contest was James Roy Jones. He was followed in second place by W. E. English, who missed three games and was a total of 29 points off on the tiebreaker double score. Third place winner was Beverly Gunter, who also missed three games, but was 33 points off on the tiebreaker scores.

Six other people also missed three games, but were enough points off the total tiebreaker to lose out in the final analysis.

This week will be the mid-point in the annual contest, and it is still anyone's contest. Hazel Gilbreath, who started off with a first place win the first week, followed by a third place win the next week, still leads in total accumulated points. However, as she has not placed during the past two weeks, a first and a second or two seconds and a third, or a combination of place winnings could determine the final winner for the two tickets to the Cotton Bowl on New Year's Day and the \$50 expense check with it.

Get your entries in on time, and be sure to mark your mailed entries. "Football Contest", so they will be counted in time.

**IN THE GAME**... Billy James, No. 84, is now in the regular line-up for the Muleshoe Mules as end. He took to the field in the Muleshoe-Levelland game for the first time to see regular action last week. He caught the pass he is reaching for here.

**ONE INJURED IN ACCIDENT AND RESULTING FIRE**... Blondell Henderson, who was just leaving her place of employment was injured around 7:10 Sunday morning when the car she was driving was struck in the rear after her vehicle stalled after pulling from a private parking lot onto Highway 84 on West American Blvd. She was pulled from her burning vehicle after her gas tank ruptured, igniting her vehicle. Driver of the vehicle shown here was Ismael Anguiano, Muleshoe, who received a citation for failure to control vehicle. Mrs. Henderson is hospitalized with neck injuries.

### District Court Sentences Set In Local Cases

During the first session of criminal court Monday in Muleshoe, two sentences were set on pleas before District Judge Pat Boone, and an appeal was turned down and a sentence confirmed.

Receiving a four year probated sentence for forgery was Mildred Drake Jacobs; Roger Shipman was sentenced to a five year term to be served concurrently with a sentence received last week in Littlefield for forgery.

A three year sentence was confirmed for James Ray Clayton after his appeal was refused. Tuesday afternoon, the first two witnesses in a case against Harold Bails, charged with burglary and aggravated robbery got underway before a jury in District Court in Muleshoe.

Testimony was expected to continue through possibly the next two days in the case. Bails was one of a trio charged following an incident on the Myron Pool III farm a couple of months ago.

Also charged in the same incident are Larry Wayne Henderson and Ronald Frank Ethington. Their trials have not been held as yet during this term of court.

### Area Library Grant Plan Is Approved

Twenty-four libraries in the 29 counties served by the Lubbock Area Library System have qualified for system membership in the year that began September 1. The system will receive a grant of \$266,756 to carry out programs to improve library service in the area.

Ten regional systems have been organized under provisions of the Texas Library Systems Act that is administered by the Texas State Library. Funds are available to the systems to carry out cooperative activities to improve library service to users of system member libraries.

Like other systems, the Lubbock Area Library System is developing service programs particularly suited to the library needs of its region. These include special consultant services to libraries, books-by-mail for residents of the five counties that have no library service, collection development, and purchase and circulation of films and filmstrip-cassettes.

Lubbock City-County Library serves as the Major Resource Center for the system. Area libraries are Howard County Library in Big Spring, Midland County Library, Ector County Library in Odessa, and Unger Memorial Library in Plainview. Community libraries are Andrews County Library, Kendrick Memorial Library in Brownfield, Crane County Library, Crosby County Library in Crosbyton, Yoakum County Library in Denver City, Floyd County Library in Floydada, Winkler County Library in Kermit, Dawson County Public Library in Littlefield, Upton County Public Library in McCamey, Ward County Library in Monahans, Cochran County Library in Morton, Muleshoe Area Public Library, Yoakum County Library in Plains, Post Public Library, Rankin Public Library, and Gaines County Library in Seminole. ### Jim Reese Appreciation Slated Tonight

According to Derrell Oliver, coordinator for the appreciation dinner scheduled for Jim Reese, 19th Congressional District candidate, tickets are still available. The dinner is set at 8 p.m. tonight (Thursday) at the First United Methodist Church fellowship hall and tickets are \$10 per person.

Oliver said anyone is welcome to attend the dinner and hear Reese speak.

# Producers Prepare For '77 Farm Bill

**COLLEGE STATION** -- "If farmers expect to influence 1977 food policy issues, it is time for them to begin planning, organizing and acting."

The reason for this is that the position of many political decisionmakers will be molded in the upcoming election, notes Dr. Ronald D. Knutson, economist in agricultural policy and marketing for the Texas Agri-

cultural Extension Service.

"In the matter of food policy, producers can no longer be passive. At last count there were 26 agencies involved in decisions affecting food policy," points out the economist.

After the election, time for acting on new farm legislation will be short. "The impact of alternative agricultural and food policies is already being analyzed, and bills will soon be

drafted. Ability to influence begins with an understanding of the issues," contends Knutson.

"The overriding issue is the degree of government involvement in agriculture," he emphasizes. "The Democrats favor increased government involvement on a variety of fronts while the Republicans favor a 'free market', or less government involvement."

"In the upcoming elections,

most changes in farm policy will likely occur if the Democrats win," contends the Texas A&M University System specialist.

"Democrats traditionally have been more willing to involve government in agriculture and have the image of being producer oriented. But if labor and consumer activists play a major role in electing a Democratic President, traditional producer orientation may be neutralized, lost or forgotten. Food reserves, higher target prices, consolidated and subsidized disaster programs, and expanded food aid are integral parts of this program of increased government involvement."

If the Republicans are elected, producers can expect a continuation of present freer market programs. "There is a desire to maintain a minimum of government restriction on production and prices. Price stability is not an objective of the free market approach. Instead prices are

free to move in response to both domestic and international forces. However, when prices become 'too high' or supplies 'too short', government has become involved by means of export controls or price controls," notes Knutson.

As far as specific issues are concerned, the economist lists these -- grain reserves, target prices and loan rates, commodity programs, disaster payments, acreage allotments and food aid.

Advocates of grain reserves argue that these will increase price stability, reduce risk, reduce the need to impose export embargoes, and increase consumer assurance of an adequate and dependable food supply. On the other hand, free market advocates say that reserves will distort market signals, depress farm prices, and discourage importing countries from holding reserves. They also contend that reserves are subject to government manipulation and are costly to manage and hold. Knutson notes that each of the positions has merit. There is no

easy answer.

To many producers, the level of target prices and loan rates is the major farm policy issue. Both target prices and loan rates can be used by government as a partial incentive to either stimulate or reduce production according to market needs. Currently target prices and loan rates are well below production costs. Some producers would like to see more protection from falling prices.

Although few farm commodity programs still exist -- peanuts are of prime interest in Texas -- there is a general trend toward general farm programs that apply to all commodities, explains the economist. Most commodity programs that control production are in trouble, yet there is little debate over the need to retain standby set-aside authority.

Regarding disaster payments, two programs currently cover production disasters due to weather -- the Federal Crop Insurance Corporation program and the Commodity Credit Corpora-

tion. The FCIC is voluntary and self-financing and is available for more than 20 crops although not in all areas of the country. On the other hand, the CCC program covers only five crops -- upland cotton, wheat, corn, sorghum and barley -- and provides disaster protection only to producers with acreage allotments. CCC payments come from the federal treasury. There is concern about federal costs and duplication between the two programs, with some discussion toward a producer-government insurance cost sharing program.

As far as acreage allotments are concerned, producers currently receive target price deficiency payments or disaster payments only on allotted acres. One proposal would eliminate allotments by making all current production eligible for support loans, target price deficiency payments, and disaster payments.

Food aid is perhaps one of the most controversial issues, points out the economist. Key areas of

food aid programs are food stamps, school lunch programs and P.L. 480, the Food for Peace program. "The food stamp issue could be influenced greatly by how serious Washington is about welfare reform. There is the possibility that the school lunch program could change from a commodity to a cash program. With regard to P.L. 480, the commercial market has taken precedent over our willingness to give food aid. The question here is at what level will we continue to give food aid and to whom."

Knutson indicates the possibility that the current farm program may be extended for a year to allow more time for the new Congress to develop specifics of a new program. Yet he urges all producers to study the issues and the candidates seeking election so that they can have a voice in agricultural and food policies in the years ahead.

mistakes gave Slaton easy touchdowns against us."

He concluded, "With the way Muleshoe has progressed, I expect them to be strong contenders by the time district play starts."

Coach Aldridge indicated he was pleased with the overall game with Slaton last Friday, especially during the first half. "Our backfield hurt us," he said, "and a couple of mistakes proved to be costly."

### Boosters Meet; Hear Reports

Muleshoe Athletic Boosters heard during their regular meeting Tuesday night several reports of current football practices.

Coach Lynn reported on the Junior High School A and B games played last week at Farwell. The A team won 28-8, and junior varsity won 33-12.

The Junior High teams play Dimmitt there next week, and the junior varsity, along with the freshman team will play in Hereford next week.

The coaches reported that Tony Vela injured a knee in the game against Levelland and will

data in grown animals also. Producers where screwworms have been confirmed are asked to:

Inspect all animals at least twice a week for wounds. Treat all wounds and navels of newborn animals with a protective material regardless whether they are infested.

Postpone animal surgery until

cold weather when screwworms are inactive. If surgery absolutely must be performed, treat wounds thoroughly with a screwworm protectant and inspect daily until completely healed.

Spray animals every two weeks with a protective and preventative treatment until cold weather, and spray before shipping to another area.

Upon receipt of shipments of livestock from other areas, check each animal thoroughly for wounds or screwworm infestations.

MR. AND MRS. RICKIE ALLEN CLAYBROOK

## Miss Ziegenfuss, Claybrook Exchange Marriage Vows

Miss Betty Jo Ziegenfuss and Rickie Allen Claybrook were united in a double ring ceremony Friday evening, September 17, 1976, at 7:30 p.m. in the Catholic Church of Muleshoe. Father Timothy Schwertner performed the ceremony.

Parents of the couple are Mr. and Mrs. Ed Ziegenfuss of Muleshoe and Mrs. Helen Bickel of Muleshoe.

Given away in marriage by her father, the bride was attired in a cotton dacron polyester with Chantilly lace sleeves and yoke. She carried a bouquet of white carnations and a yellow rose, with yellow and blue streamers.

Miss Sheryl McCamish of Muleshoe served the bride as maid of honor. She wore a yellow crepe long dress styled identical to the bride's dress. She carried a single blue carnation.

Larry Free of Muleshoe was the best man. Ushers were Johnny Ziegenfuss and Steve Claybrook, both of Muleshoe.

Arrangements of white mums decorated the church for the wedding. Miss Judy Dearing played "The Wedding March" on the organ.

Following the ceremony, a reception was held in the Catholic Center. Serving were Nina Pitcock, Hope Free and Sheila Hunt.

Registering the guests was Jenny Ziegenfuss, sister of the bride. There was a centerpiece of blue and yellow carnations at the reception.

The couple took a wedding trip to Lubbock. The bride's traveling outfit consisted of a white pantsuit of crinkle cotton.

They have made their home in Muleshoe, at 714 West Seventh.

MRS. EDNA HENDERSON

## Birthdays Fetes Mrs. Henderson

Mrs. Edna Henderson was honored with a surprise "Birthday Dinner" in her home on Sunday, September 26. Hosting the occasion were her children, grandchildren and great-grandchildren.

Guests helping to make the day a special one were Mrs. Geraldine Henderson of Morton; Mr. and Mrs. Bob Henderson and Kenny of Muleshoe; Mr. and Mrs. Bobby Henderson of Canyon; Mr. and Mrs. Kenneth Henderson, Melissa, Pam and Todd, Gary Henderson, and Mr. and Mrs. Jack Henderson, all of Amarillo; Mr. and Mrs. J.W. Lightfoot and John, of Westbrook; Mr. and Mrs. Randy Griffith of Colorado City; Mr. and Mrs. Marlee Holloman of Slaton and Mr. and Mrs. Alton Ehlo, Alan and Amy and Mr. and Mrs. Dennis Avery, of Lubbock.

Special guest was her sister, Mrs. Minnie Campbell of Oklahoma City, Oklahoma.

## Parents.. Don't Let Your Children Burn

Editor's note: Fire Prevention Week is October 3-9. This is the fourth in a five-part series by Dr. Gary S. Nelson, a safety engineer with the Texas Agricultural Extension Service, designed to help parents teach their children and themselves how to survive a house fire.

**COLLEGE STATION** -- Children must practice fire escape and fire protection techniques if they are expected to react correctly in an emergency. The following is the last of six "fire drills" offered in this series designed to teach children how to survive a fire.

worth the cost of a refill, for an extinguisher is useless unless you know how to work it.

Warn children never to throw water on an electrical fire because of the shock hazard or on a grease fire because it may splatter, spreading the flames. Only an extinguisher designed for electrical fires will work on electricity. To squelch small grease fires, put a lid on the flaming pad or throw on several handfuls of baking soda (never flour; it may explode). For ordinary combustibles such as wood, paper and cloth, water is the surest extinguishing agent.

Teach children exactly what to do if their clothing catches on fire. Let them pretend they are on fire and have them roll up in a blanket, rug, large towel or the quickest thing available to smother the flames. Emphasize that they should never run if clothes are burning because the breeze fans the flames.

In the fifth and last part of this series, a final "rookie" examination will be offered to determine whether your children qualify as "firemen".

### BIBLE VERSE

"A man's life consisteth not in the abundance of the things which he possesseth."

1. Who made the above statement?
  2. To whom was he speaking?
  3. What sin does this verse warn against?
  4. Where may it be found?
- Answers To Bible Verse**
1. Jesus.
  2. A man who had come to him to get Jesus to force his brother to divide the inheritance with him.
  3. The sin of covetousness.
  4. Luke 12:15b.

## Bookmobile Reading Club Over

The Summer Reading Club with the High Plains Bookmobile came to a close the last day in August, 1976. The Bookmobile traveled in Parmer, Lamb, Cochran and Bailey Counties with 132 Children reading in the Reading Club.

Receiving awards for reading more than 12 books in the four counties were: Jethan Bilbrey and Brian Jackson, Cochran County (Bledsoe), Tracy More, (Bovina), Homer Anzaldua (Lariat) both in Parmer County, Tatia Newsom and James Newsom, (Needmore) Bailey County, Teresa Fulenwinder, (Springlake), Edward Elizonda (Spade) both in Lamb County, Teresa Fulenwinder read 71 books, which was the most read, and Tracy Moore read 59 books.

The following enjoyed reading with the Bookmobile this summer:

**Bledsoe**  
Vicki Davis, Jetahn Bilbrey, Ricky Davis, Leslie Glenn, Brian Jackson, Timothy Burns, Luis Guerrero.

**Lariat**  
Isidro Ortega, Homer Anzaldua, Leticia Anzaldua, Jesse Anzaldua, Gracie Orteg, Paula Hull.

**Bovina**  
Melissa Johnson, Teresa Johnson, Mindy Neal, Yesenia Antillon, Nancy Mendoza, Linda Salazar, Donna Beth Lide, Lorena Antillon, Maria Flores, Mona Sue Rocha, Gavina Mendoza, Raymond Rocha, Jose Gomez, Roy Lumbara, Robert Pabledo, Jodi Stone, Todd Schilling, Tracey Moore, Jacque Howell, Marie Pesch, Terry Moore.

**Spade**  
Travis Anderson, Stacy Cox, Traci Davis, Misty Tomlinson, Edward Elizonda, Rebecca Moorehead, Rene Nevaroz, Luis Nevaroz, Jean Decker, June Decker, Mary Trevino, Lisa Trevino, Eric Rickey, Mike Reed, Kim Anderson, Michelle Anderson, Paz Elizondo, Jr., Rhonda Vann, Jimmy Davis.

**Olton**  
Sammy Salas, Carol Williamson, Lydia Sales, Susan Williamson, Edward Gamboa, Jessie Luero, Benita Ansuada, Maria Pedroza, Jana Nafzger, Nick Pedroza, Fred Sifuentes, Angela Hughes, Lynne Hughes, Becky Hughes.

**Amherst**  
Michael Payne, Sherri Payne, Heath Hufstедler, Doug Hufstедler, Sue Morrow.

**Needmore**  
Eugenia Dupler, Susan Dupler, Laura Ramos, Anna Ramos, James Newsom, Taita Newsom, Nicole Newsom, Marissa Newsom.

**Three Way**  
Robin Kindel, Mitzi Stephens, Dyrinda Tyson, Sylinda Tyson, Stacy Kindel, Mitzi Robertson, Michelle Lane.

**Oklahoma Lane**  
Judith Schilling, Jason Schilling.

**Hub**  
Paula Benham, Francis Guerra, Lisa Guerra.

**Whites Elevator & Luzzubie**  
Jeanie Mason, Laura Brockman, Guy Brockman, Laura Jesko.

**Farwell**  
DeAnn Curtis, Jana Been, Cynthia Curtis, Jason Fulenwinder.

**Sudan**  
Sherri Powell, Kathy Powell, Kimberly Powell, Esperosa Salazar, Michele Gaston, Blake Lacewell, Brad Byerley, David Harper, Rachel Brannon, Leanna Conley, Dean Richards, Joseph Salazar, Oscar Salazar, Diana Salazar.

**Circleback and Bula**  
Laurie Ann Gore, Shelley Gore, John Harlan.

**Springlake-Earth**  
Tracy Lackey, Debbie Lackey, Todd Lively, Denise Ray, Amy Gonzales, Kelli Huckabey, Lisa Huckabey, Robert Schoenberger, Jo Letta Schoenberger, John Schoenberger, Cindy Fulenwinder, Cathy Cain, Connie Cain, Teresa Fulenwinder, Timmy Baucum.

## Arthritis Foundation Drawing To Be Held

The Bailey County Branch of the Arthritis Foundation will be selling tickets again this year for a White's Ranger 3 ANL C.B. radio as their special money-making event. The twenty-three channel radio is given in collaboration with Poynor's White's Auto Store, to which the Foundation is grateful.

A contribution or donation of \$1.00 each or three tickets for \$2.00. They may be purchased from any local board member or at Damron Drug.

Tickets will go on sale Thursday, September 30, and the drawing for the radio will be held over KMUL on October 22. The Arthritis Board of Directors urges the public's support in this project.

Treat youngsters to a "Chocolate Orange Blossom." Combine two cups of chocolate milk with one tablespoon of frozen orange juice concentrate.

# Ladies Association Elects New Officers

The Ladies Country Club Association held a meeting on July 28, with vice president, Mrs. Ernest Martin calling the meeting to order.

Hostesses for the meeting were Mrs. Kenneth Hanks, Mrs. Mac Brown, Mrs. Ruby Willman, Mrs. Demp Foster, Mrs. Don Rempe, and Mrs. Gene Templeton.

The three guests attending were Mrs. Helen Lower, Mrs. Paul Hindalung and Beth Beasley. Hi-Plains reported Mrs. Clyde Holt won low net score in Canyon and Mary Sweatman won low gross.

Mrs. Tim Foster, finance chairman, discussed having a putting contest August 7 and 8, during men's tournament. The motion carried and volunteers were asked for to help.

Mrs. Clyde Holt announced winners of Ladies Four-Ball tournament held July 21. They were Mrs. Clyde Holt, Mrs. Tommy Haley, Mrs. Carl Bamert, and Mary Watkins, for first flight. Mrs. Charles Mayhew, Mrs. Ed Kramer, Mrs. Chester Yerby and Mrs. Demp Foster for second flight.

Mrs. Kenneth Hanks moved to have the August meeting on the fourth Wednesday since Hi-Plains met on the third Wednesday. Motion carried.

Playday balls were given to Mrs. Mac Brown, Mrs. Tommy Haley, Mrs. Mike Miller, Mrs. Clifton Black, Mrs. Bill Jim St. Clair, Mrs. Harmon Elliott, Mrs. Ray Precure, Mrs. Clyde Holt, Mrs. Kenneth Hanks, Mrs. Max King, Mrs. Eugene Buhrman, Mrs. Jack Young, Mrs. M.D. Gunstream, Mrs. Houston Hart and Mary Sweatman.

The next meeting was held on August 25. The meeting was called to order by President Mrs. Harmon Elliott.

Hostesses were Mrs. Royce Turner, Mrs. Chester Yerby, Mrs. Ray Precure, Mrs. Willy Moore, Mrs. Roy Whitt and Mrs. Richard Kimbrough.

Three guests attending were Mrs. Hanks, Mrs. Doyce Turner and Mrs. Max King.

Mrs. Harmon Elliott appointed the nominating committee: Mrs. Kenneth Hanks, chairman; Mrs. Clifford Black, and Mrs. Dudley Malone. They are to report in the September meeting.

Playday balls were given to Mrs. Houston Hart, Mary Sweatman, Mrs. Clyde Holt, Mrs. Frank T. Zamora, a son Jeremy, Mrs. Errol Johnson and daughter, Jarah, Mrs. Oville Burnett, Mrs. Ron Mayfield and son, Jason.

The Ladies Country Club Association met for their next meeting on September 15, with Mrs. Annie Nicholson celebrating her 99 birthday Monday. Several of her children came and brought birthday cake and made pictures and visited.

Tuesday is Mrs. Pearl Goodin's birthday. "Happy Birthday Mrs. Goodin." She is 81 years of age.

Louie Norwood visited his mother, Mrs. Nellie Norwood, Tuesday afternoon.

Visitors coming to play "42" Tuesday were Eunice Knoec, Myrtle Anders, and Beatrice Gibson, from Lubbock; Rosie McKillip; May Wilterding, Conner Burford, Royce Clay, Penny Malone and Durwood Head.

We are going to fix up a new activity room here in the home and are in need of a treadle sewing machine. If you have one call Nonnie Howard at 3861.

Mrs. Chaney's daughters, Laura, Burdine and Willie Welch, and granddaughter, Wanda Slaton, are here from Lubbock visiting their mother and grandmother.

Pat Grippando and granddaughter, Brandy Lynn, were visiting in the home Wednesday. Pat was one of the LVNs and she is taking a rest. We hope she will soon be back with us.

Mrs. Johnna Dean, Mrs. M.D. Gunstream, Mrs. Claude Riley, Mrs. Delma McCarty, Mrs. Homer Allgood, Mrs. Dee Chitwood and Mrs. Bob Lee.

Mrs. Clyde Holt, tournament chairman announced the City Tournament will be held October 2 through 17. Entry fee will be \$7.50.

Mrs. Kenneth Hanks, nominating committee chairman, announced these committees nominees for 1977 officers. They are: President, Mrs. Ernest Martin; Vice President, Mrs. Tim Campbell; Secretary, Mrs. Travis Bessire; Treasurer, Mrs. Joe Pat Wagon; Tournament, Mrs. Mac Brown; Hi-Plains, Mrs. Houston Hart; Hi-Plains Alternate, Mrs. Tommy Haley; Parliamentarian - Mrs. Bill Miller.

Mrs. Clyde Holt moved these be accepted by acclamation. Mrs. Carl Bamert seconded the motion and was carried.

Mrs. Clyde Holt presented playday balls to Mrs. Joe Pat Wagon, Mrs. M. D. Gunstream, Mrs. Clyde Holt, Mrs. Mac Brown, Mrs. Dick Chitwood, Mrs. Charles Mayhew, Mrs. Eleanor Yerby, Mary Sweatman, Mrs. Tommy Haley, Mrs. Ray Precure and Mrs. Harmon Elliott.

Inez Bobo returned home this past weekend from Indianapolis, Ind., where she attended the National meeting of Bank Women.

Mildred Davis was in Lubbock on business, Tuesday and Wednesday of this week.

Mr. and Mrs. Buck Wood spent Saturday and Sunday in Dill, Okla., with his father, S. C. Wood.

Mr. and Mrs. Harold Wyer and Mrs. Cooper Morgan were visitors Sunday in Hereford with their sisters and daughter, Miss Mary Jane Morgan.

LaVerne Roberts of Portales spent the weekend with Rex and Max Steinbock.

That's Something Customer: "Have you anything for gray hair?" Conscientious Druggist: "Nothing but the greatest respect, sir."

Mr. and Mrs. Jearl Petree of Muleshoe are the proud parents of a new baby girl born September 24, 1976, at 3:48 p.m. in the West Plains Medical Center in Muleshoe. She is the couple's first child and was named Tera Renee.

Grandparents are Mr. and Mrs. B.J. Ragan, LaLuz, N.M., and Mrs. Billy J. Petree, of Hagerman, N.M.

## Miss Agundis Wins Crown In Contest

MISS LUPE AGUNDIS

On September 16, the celebration of Mexico Independence was held in the Catholic Church of Muleshoe. Lupe Agundis and Eva Guana of Earth were the two candidates for queen. They both were selected from their own church. Which ever girl won the most money, in a time limit of two months, won the honor of being queen.

Each one made their money by bake sales, record hops, dances, raffles and other money-making activities. Each girl was assisted by her family and five family sponsors that helped in making food, and assisting in all of the money making projects.

Lupe Agundis, daughter of Mr. and Mrs. Malaquias Agundis of Muleshoe is the queen, winning with an amount of \$3,900. She is 18 years old and a senior at Muleshoe High School. She is active in FHA, FTA and CYO.

Eva Guana, of Earth, is the daughter of Mr. and Mrs. Eluterio Guana. She is the runner up with over \$2,400 and she is sixteen.

MISS EVA GUANA

Prepare Sticky Biscuits for breakfast, and your family will think you were awake at the crack of dawn. No fear of that when you keep a can of refrigerator biscuits handy. Arrange the biscuits in a buttered 8-inch pan with edges overlapping. Drizzle them with 1/2 cup pancake and waffle syrup and one tablespoon melted butter or margarine. Bake as directed on biscuit package until golden brown, brushing once with syrup during the last few minutes of baking. Makes 10 biscuits.

## Weyerhaeuser To Fund Awards In 4-H Woodworking Program

CHICAGO--Beginning this year, 4-H members who enjoy woodworking projects will have the support and encouragement of Weyerhaeuser Company, Tacoma, Wash.

The "Tree Growing Company" recently assumed sponsorship of the national 4-H woodworking program, which provides a full schedule of awards to 4-H'ers at national, state and county levels.

Young people enrolled during 1976 in a 4-H woodworking project or activity may be eligible for recognition if they meet requirements set by the Cooperative Extension Service, which conducts the program.

## Do Activities Yourself

COLLEGE STATION -- Halloween is a children's playday that should be fun and practical. Instead of buying Halloween paraphernalia, consider letting children make their own, suggests Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

She suggested some do-it-yourself projects.

Halloween Cat -- cut a large cat's head, body and tail from black construction paper. Glue egg carton cups with glass marble centers on the cat's head for wide eyes. Attach the head, body and tail with brass brads. Change the cat's position to make him look as if he is falling, running, frightened or just scary.

Jack-o-lantern mobile -- cut an irregular ring out of heavy orange paper. Cut three triangles and one moon-shape out of heavy black paper for the eyes, nose and mouth. Don't forget the stem for the pumpkin.

Hang the eyes, nose and mouth on strings to dangle inside the orange ring. Hang the mobile by a longer string attached to the stem of the pumpkin.

Paper plate mask -- draw a scary face on a heavy paper plate. Cut out and/or paint the facial features on the plate. Use rug yarn or straw for hair. Punch a hole above the ears on each side of the plate. Attach a

shoe lace on each side and tie around the head.

Noise makers -- large, dried gourds painted with scary faces make excellent Halloween noise makers. The seeds inside the gourd make a nice "shushing" sound.

A small paper bag painted or decorated in a Halloween theme can be filled with dry beans, pop caps or jingle bells and attached to a stick. This a great hand rattle.

"And for Halloween, every child yearns for a Jack-o-lantern. There are a few rules to follow in making this Halloween favorite."

--Select a fresh pumpkin. The size will depend upon your needs and the amount of money you want to spend.

--With a sharp knife, core out a small lid at the top (large enough to get your hand in the pumpkin).

--Remove the seeds and fiber from inside the pumpkin.

--Draw the desired face on the pumpkin with a pencil or crayon.

--Carve the Jack-o-lantern, following the design you drew.

--Place a votive candle in a candle glass or small can inside the pumpkin.

--When the candle is burning, remove the pumpkin top to prevent scorching the top. Burn your Jack-o-lantern and enjoy its glow a long time.

TEXTILES... Displaying textiles at the Bailey County 4-H Fair Saturday, were Sheila Hunt, Sr. helper, and Tamara Gilliland, displayer.

**RECIPE**  
By Sarah Anne Sheridan  
Baked Fish

1 3 or 4 lb. striped bass.  
1/2 c chopped onion  
1/3 c chopped green pepper  
1/4 c chopped celery  
1/2 c chopped parsley  
6 T butter or margarine  
1 1/4 c soft bread crumbs  
1 dozen oysters or shrimp (fresh or frozen)  
Salt and pepper

Cut cleaned fish along back bone--being careful not to cut through skin. Cook onion, pepper and celery 5 minutes in butter --do not brown. Add crumbs, oysters or shrimp and parsley, seasonings and oyster liquid or hot water to moisten crumbs. Heat thoroughly and fill cavity in fish with mixture. Place on greased, heavy tin foil in broiler pan--crushing tin foil around fish to hold dressing in cavity. Dot butter over fish and add a few drops of lemon juice. Bake in oven 400 degrees about 30 minutes or until fish flakes easily with fork.

*Fashion*  
The slim figure seems to be the goal of men and women, alike, in this era. But this dieting can be carried too far. As persons get older they are supposed to gain a few pounds and there is no beauty in boney shoulders and wrinkles where the fat has been.

Versatile, easy-to-prepare lunches start with Oven Toasted Sandwiches. Combine 1/4 cup pancake and waffle syrup with 1/4 cup melted butter or margarine and brush about half the mixture on one side of four slices of bread. Spread with any of the following fillings, top with four slices of bread and brush the tops with remaining syrup mixture. Bake at 400 degrees for 10 minutes, turn and continue baking for eight to 10 minutes or until golden brown. Makes four sandwiches.

A matter of principle is often a cloak to conceal an exhibition of selfishness.

**The most important time for proper fitting shoes is in their early years... We introduce Jumping-Jacks**

Those first steps are very exciting and they are very important. Proper fit is the primary concern for growing feet and Jumping-Jacks shoes are functionally designed for each growth stage. The butter-soft leather construction doesn't get in the way of growing feet --there's no stiffness so there's no discomfort. Our experts will fit each child to perfection. They measure both feet. They know how to allow room for growth and they skillfully check the fit after the shoe is on. Come in and let us introduce you and your baby to Jumping-Jacks.

Pictures - Needle Point - Senior: Sheila Hunt - a blue ribbon and three red ribbons.

Pictures - String - Peewee: Steve Griswold - blue ribbon.

Pictures - String - Junior: Brenda Flowers - red ribbon. White ribbons - Brenda Flowers and Stacy Vandiver.

DOG SHOW

Most Original Costume: Jacinda Gleason - blue ribbon.

Shortest Ears: Jacinda Gleason - red ribbon, and Susan Whatley - white.

Smallest Dog: Sharon Carpenter - blue ribbon, Chad Griswold - red ribbon, and Susan Whatley - white.

Best Trained Dog - Sharon Carpenter - blue ribbon, Jimmie Gleason - red, and Steve Griswold - white.

Funniest Costume - Jacinda Gleason - blue ribbon.

Largest Dog: Delia Shaw - blue ribbon and Jimmy Gleason - red ribbon.

Dog With The Most Spots: Jimmy Gleason - blue ribbon, Steven Griswold - red, and Jana Grumbles - white.

Dog With The Longest Tail: Jana Grumbles - blue ribbon, Darin Shaw - red ribbon, and Delia Shaw - white ribbon.

FILLINGS:

--Tuna. Use one cup prepared tuna salad mixture and white bread.

--Cheese and Tomato. Use four slices process American cheese, four tomato slices and white bread.

--Cream Cheese. Use 1/2 cup softened cream cheese, topped with jelly, if desired; use raisin or white bread.

--Ham and Olive. Use four slices boiled ham and top with sliced stuffed green olives; use white bread.

\*\*\*\*

Impromptu Sunday night suppers start with waffles, pancakes, crepes or French toast -- made from "scratch" or the many frozen and packaged varieties. Provide added interest when you serve them with Jiffy Blueberry Sauce. Combine 1/2 cup pancake and waffle syrup with 1/2 cup fresh blueberries (or use thawed and drained frozen blueberries). Makes about one cup. Prepare the sauce as directed, substituting the following fruits for the blueberries:

--drained diced canned pears.

--one can (8 oz.) crushed pineapple, drained. Makes 1-1/4 cups.

--sliced or crushed drained thawed frozen strawberry halves or whole strawberries, or sliced or crushed fresh strawberries.

FAIR WINNERS . . . Those winning in the annual Bailey County 4-H Fair Saturday, September 25, were Grand Champion exhibitors in the Peewee, Junior and Senior Classes. They are l to r, back row, Keva Roming, Junior; Sheila Hunt, Senior; Jimmy Gleason, Junior; Curtis Hunt, Junior and Kelly Harrison, Senior. L to r, front row, Tamara Gilliland, Junior, Carrah Black, Peewee; Mandy Plank, Peewee; Chad Griswold, Peewee, Reserve Champion; and Steve Griswold, Peewee Grand Champion. Not pictured are Pryncess Parkman, Senior Reserve Champion and Wayne Parkman, Junior.

CLOTHING . . . There were several different varieties of clothing displayed at the fair Saturday. These two girls are displaying their sewing to everyone. They are Twila Downing and Mandy Plank.

VEGETABLES . . . There were a variety of vegetables displayed Saturday, September 25, at the Bailey County 4-H Fair. There were squash, tomatoes, corn, and many other vegetables. Delia Shaw is displaying her tomatoes, as well as one of her entries.

CANNED GOODS . . . These two boys have worked hard this year getting their canning done before winter sets in. Displaying their cans of goods are Curtis Hunt and Kelly Harrison.

HOBBIES AND CRAFTS . . . Observing the many belts, billfolds, buckles and other hand crafted items, Mrs. Alton Carpenter and Mrs. Ted Harrison were assisting the judges on their decisions.

BAKED GOODS . . . Those baking and assisting at the Bailey County 4-H Fair Saturday were Staci Vandiver, Jr. helper; Jerry Lionel Gleason and Brenda Flowers, bakers.

# 1977 Oldsmobile Improves-Economy

Oldsmobile continues to make significant engineering advancements in fuel economy, driveability, serviceability, safety and corrosion resistance. Among the many engineering improvements for 1977 are the following:

**Fuel Economy:** Lighter components and new power train features have enabled Oldsmobile engineers to further improve gas mileage while lowering emissions with performance comparable to 1976 (except California).

Smaller, more fuel-efficient engines are standard on all 1977 Oldsmobiles. The 140-cubic-inch (2.3 litre) four-cylinder is standard on Starfire, while the Omega, Cutlass S, Supreme, Brougham and Deltas get the 231 (3.8 litre) V-6. The 260 (4.3 litre) is standard on Salons (except California) and the 350 (5.7 litre) V-8 is standard on all station wagons and Ninety-Eights. The Toronado is equipped with the 403 (6.6 litre) V-8.

Oldsmobile's V-8 engines have been redesigned for weight savings. Lightweight block and head designs are used. The 260 (4.3 litre) V-8 weighs approximately 59 pounds less than last year, the 350 (5.7 litre) V-8 52 pounds less and the new 403 (6.6 litre) V-8 saves about 90 pounds compared to the 455 V-8 previously used.

The lighter Turbo Hydra-matic 200 transmission will be used on some Starfires, Omegas and Delta 88s with specific engines. This transmission is 35 pounds lighter than the Turbo Hydra-matic previously used in Star-

fires and Omegas, 55 pounds improved on V-8 engines with thermostatic controlled new air lighter in Delta 88s.

Cold start driveway has been cleaner thermal control unit. This unit monitors air temperatures and keeps cold air from entering the carburetor during warm-up. Once the engine is fully warmed up, it modulates hot air with cold outside air for optimum performance and economy.

**Serviceability:** New Eighty-Eights and Ninety-Eights feature a diagnostic system that simplifies analysis of the electrical system. It contains two connectors in the engine compartment that can be attached to a read-out box and will check the engine electrical system and the electrical portion of the air conditioning unit. This simplifies analysis for the dealer by bringing all connector points to one location instead of checking each separately.

A new fuse block on Eighty-Eights and Ninety-Eights improves reliability by eliminating internal connections in the fuse. This is accomplished by making the fuse and terminal all one piece. These fuses have been designed to be more easily removed than the tube-type fuse.

A new concept for mounting instruments in the instrument panel is being introduced by Olds in 1977. On 88 and 98 models, major instruments will be removable from the passenger side of the panel simply by removing the trim cover which is attached with two screws, snap-in clips and alignment pegs. The opening in the instrument carrier is large enough to permit the instrument to pass through. Some of the items involved are the radio, light switch, air conditioning controls, wiper switch, cluster and clock. The speedometer, fuel gauge and telltale bulbs are serviced easily by removing the lens and trim plates which are secured with exposed screws.

Air conditioning utilizes a new modular assembly that provides easier serviceability and better quality checking before installation. This system uses a cycling clutch that operates the air conditioning compressor only when it is required. This can provide added fuel savings.

Tempmatic air conditioning controls have been redesigned for faster response, closer temperature control and better compensation for outside temperature changes and sun radiation. The reminder package group, which includes a high/low voltage indicator, key warning, headlamp-on reminder, engine hot, seat belt buckled, low-coolant warning and low-fuel indi-

cator, has been redesigned and most of the components have been integrated into a single module. This will provide an audible signal (except for low washer fluid) as well as a visual indicator.

A new rear window defogger incorporates a 10-minute timer to shut off automatically. This system does not reduce heater blower speed when the rear defogger is in operation. The option is available on 88, 98 and

Toronado models.

**Safety:** The 1977 Oldsmobiles contain all safety features developed in past years.

In addition, 88 and 98 models have a new seat belt design that eliminates the sliding clip and permits the driver and passenger to easily adjust the shoulder belt tension. The lap section of the belt will not "cinch" up on

the occupant after the original adjustment. The system also eliminates the retractor next to the door sill.

All coupe seat backs incorporate an inertia lock that permits moving the seat back for entry and exit without manually releasing a lock. Any sudden deceleration automatically energizes the lock and prevents seat back movement.

**Corrosion Resistance:** Oldsmobile engineers are continuing to make corrosion resistance improvements. Sheet metal and body areas have been further protected for 1977 with increased use of wax coatings, zinc plating, zinc-rich primers, zinc-rometal and improved paint systems.

**Russell Long, Senator (D-La),** on compromise tax bill:

"The biggest effort is directed at balancing the minimum tax on the wealthy with changes in laws governing tax shelters."

## Sunset Bill Fails To Pass Congress

Senator Lloyd Bentsen Thursday expressed regret that the "sunset" bill will not become law this year and called for a commitment to consider the bill as one of the first pieces of legislation in the next Congress.

The "sunset" bill, cosponsored by Bentsen, provides for regular congressional review of all federal programs except for a few specified programs such as Social Security and Medicare.

"It is called the 'sunset' bill because it means the sun will set on wasteful and outmoded government programs," Senator Bentsen said in Senate remarks.

"We will look at all these federal programs, and those that are serving no useful purpose will be cut out. Those that are costing too much money will be cut back."

The legislation includes two provisions initially proposed by Bentsen. One of them requires that congressional committees analyze the costs and the value of reporting requirements and record keeping requirements imposed by new federal programs. This is intended to reduce unnecessary government paperwork.

The second provision proposed by Bentsen requires Congress to make a strict accounting of the number of federal employees any new program would require.

"A measure as important as the 'sunset' bill deserves careful consideration by the full Senate. I regret that the remaining few days before adjournment do not leave the kind of time this bill requires," Bentsen said.

"I urge my colleagues to make a commitment that this bill will

be one of the first pieces of legislation we consider in the next session so we can see it signed quickly into law," Senator Bentsen said.

## Veterans Q & A

Editor's note: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q -- I am a widow of a veteran and a veteran in my own right. Can I receive a veteran's pension and a widow's pension at the same time?

A -- Yes; however, eligibility requirements must be met for both benefits.

Q -- I am a World War II veteran covered by a National Service Life Insurance Policy. In the event I become disabled, must I continue making premium payments on this policy?

A -- All NSLI policies issued beginning with World War II, provide for a waiver of premium payments for policy holders who become totally disabled before age 65. If you become totally disabled and are prevented from working for at least six consecutive months, you should apply for a waiver of your premiums.

Q -- My first home was purchased with a GI loan. I am now selling this home. May a purchaser assume my GI loan?

A -- You should obtain a release of liability from the VA if a purchaser assumes the loan. Otherwise, you may be held financially liable should the purchaser default on mortgage payments.

# EDITORIAL

## Unemployment Statistics

There is a growing realization among economists that the current government method of measuring the nation's unemployed is of limited meaning.

With Democrats pointing to Bureau of Labor Statistics figures on unemployed in major political attacks, a growing number of economists say the Bureau's figures have become increasingly misleading.

This is true, they argue, because of the growth in recent years of the number of families with two wage earners and the growth of cushions and aids to the unemployed—by local, state and federal agencies.

The result is that today many families with one wage earner unemployed are not suffering hardship and some with the only wage earner unemployed are not. What economists like Sar Levitan of George Washington University and Robert Taggart of the National Council on Employment Policy propose is a new measurement. A new formula would be used to measure economic hardship in families (not just unemployment numbers). Such economic hardship could result from unemployment, low pay or part-time employment.

By the old method of measuring, unemployment has risen sharply in recent years but employment has also risen. Many of today's unemployed are not suffering unduly, the new theory holds, because there are other wage earners in the family (perhaps the father) and because of so many built-in cushions or aids for the unemployed today.

Officials at the Bureau of Labor Statistics admit the validity of much of the new theory and it may be that a new measurement will be inaugurated after the election, perhaps retaining the old system as a relative measurement also.

### MANSFIELD RETIRES

Sen. Mansfield, retiring after 34 years in Congress, has gone on a trip to China—a country that has intrigued him since he served there as a young Marine. Congress will have adjourned for the year by the time he returns.

### NEW RULES

The Civil Aeronautics Board has approved new rules that will let Americans take low-cost charter flights to any part of the world without having to join a group or buy ground accommodations such as hotels.

## WASHINGTON NOTES

### DEMANDS ACCOUNTING

President Ford has demanded that North Vietnam provide a full accounting of Americans missing in action in Southeast Asia, saying release of only a partial list was "callous and cruel."

### DENIES LEAK

Twelve House Intelligence Committee staff members have testified that they did not leak the panel's secret spy agency report to CBS reporter Daniel Schorr.

### ON GULF FUNDS

The Senate Ethics Committee has voted not to recommend action against Republican leader Hugh Scott and most other senators who allegedly received illegal Gulf Oil Corp. funds.

### INFLATION CONTINUES

Inflation held at a steady pace during August, as lower meat prices took some of the sting out of spurts in the cost of gasoline, clothing and medical care, the government reports.

## WASHINGTON NEWS REPORT

### The Debates—The Networks—Commentaries—TV Power

WASHINGTON, D.C. — At stake in the recent haggling over the format of the presidential debates was the enormous power to influence public opinion now enjoyed by the television networks.

Since they have the best and the most channels, the commercial networks have awesome power to sway public opinion. Network execs know they have that power, use it, and jealously guard it.

They also know their commentaries have an enormous ability to influence public opinion by telling millions of Americans what they just heard and saw immediately after they saw it.

Some perceptive Americans have recognized the ominous danger in this power, including some in the

League of Women Voters, and fought to keep such things as audience reaction shots barred from the debates.

Audience reaction shots are not desirable. First, the audience probably won't be typical of a cross section of U.S. voters and second, cameras and crews can be partial in such work, intentionally or unintentionally.

The Federal Communications Commission should have set these debate standards and should bar the networks from instant analysis by network commentators on the same program.

That won't be done, of course. The F.C.C. has recently proven to be more a protector of network power than a guardian of the public interest.

### EXTENDED TAX CUTS

A tax revision bill including an extension through 1977 of the income tax cut, has been sent to President Ford as House and Senate leaders pressed to meet the Oct. 2 target for adjournment.

## NEWS NOTES

### BOUSTED FROM POWER

STOCKHOLM, SWEDEN — A nonsocialist coalition has scored an upset victory in Sweden's parliamentary election, ousting the Social Democrats from power for the first time in 44 years, Swedish media said.

### MONEY FOR SALE

BLOOMINGTON, MINN. — Bob Koppang has about \$13 billion in U.S. currency in a small warehouse in Bloomington, and he will sell you an eight-ounce jar of it for \$5. The only trouble is that it has been shredded by the Minneapolis Federal Reserve Bank.

### CAR MEMORIALIZED

MIDDLETOWN, PA. — When, Chunky, her car died, Edith Crow just couldn't say goodbye. She had a junk dealer squeeze it into an 1,800-pound block of metal, a memorial that now sits in her driveway.

### ON MEAT PRACTICES

WASHINGTON — A federal judge has temporarily blocked government regulations which permit food processors to add bone bits and simmered fat to meat products, including hot dogs, canned beef stew and lunch meats.

### HEALTH VS RELIGION

OKLAHOMA CITY — A healthy, 3-year-old boy has been made a ward of the court because his parents say their religious beliefs would forbid medical care if he became ill. The boy's infant sister died of pneumonia after his parents refused to call a doctor.

### PANEL OKS PROBES

WASHINGTON — The House Rules Committee has voted to reopen the investigations of the assassinations of President John F. Kennedy and Martin Luther King through a special House committee.

## TOWER TALKS

by U.S. Senator for Texas JOHN TOWER

## Dreaded Questions

WASHINGTON—There are two questions that politicians dread.

The first is: how much does it cost? The second is: who is going to pay for it?

It is important that you ask these questions in any election year, but it is especially important that you ask them this year. Because never before have so many extravagant promises been made, with so little likelihood that they can be successfully carried out.

There is no such thing as a "free" government service. Government has no resources of its own, and thus has nothing of its own to give away. All that it has is what it takes from somebody else, and that somebody else, in most instances, is you.

Most people substantially underestimate the cost to them of government services. Opinion surveys reveal that the under-estimates run as much as one-half to two-thirds of the real costs.

In other words, if the actual cost of a government service to a person in a particular income bracket was \$1,000 a year, that person believes that the cost to him was no more than \$330 to \$500 per year.

The widespread misconceptions about the true cost of government has led to an artificially high demand for government services. These misconceptions have been fostered by vote-seeking politicians who have artfully contrived devious means by which to conceal the true cost of government services from those who have to pay for them, which is to say the taxpayers, which is to say you.

The behavior of voters in opting for even more government programs is understandable. If I believed I could buy filet mignon for \$1.25 a pound instead of \$3.50, I'd eat steak for breakfast. So would you.

The behavior of politicians is equally understandable, although reprehensible. The vote-getting benefits of the promises they make is in the present, while the costs of those promises in taxes and inflation is deferred until sometime in the indefinite future. Very often voters do not make the connection between the programs and the taxes they have to pay.

Americans pay a great deal for the government they have today. Government at all levels now consumes 37 per cent of the gross national product, up from about 10 per cent in 1929. A single proposed new program—the national health insurance scheme—would raise that to 45 per cent.

The great bulk of this increase has come in spending for social services. Between 1952 and 1972, the budget for the Department of Health, Education and Welfare jumped from \$1.9 billion to roughly \$100 billion, and increase of 4,837 per cent.

Americans have been paying more and more for government services, and getting less and less in return. It is time for a sober reassessment of these programs, to see if they are worth what they cost. That assessment will take place all the more quickly if voters will ask politicians how much their proposed new programs will cost, and who is going to pay for them.

## Anthony's "3 FOR" SALE!

Happy Birthday

The Journalism Staff would like to wish a belated Happy Birthday to all the M.J.H.S. students which had birthdays in September.

Those students are:

- September 1 - Yolanda Rodriguez and Sammy Rosas.
- September 2 - Lupe Rosales.
- September 3 - Annie Hawkins and Stacey Schroeder.
- September 4 - Dale Hughes and Sandra Quesada, and Tammy Huckabee.
- September 5 - Eddie Alavardo, Johnny Maddox, and Robert Reynaro.
- September 6 - Kimberly Merit.
- September 7 - Eddie Black.
- September 8 - Curtis Wheeler and Mary Mata.
- September 9 - Jimmy Jaramillo.
- September 10 - Marsha Williams.
- September 11 - Diana Lemons.
- September 12 - Sylvia Lopez, Felix Norman.
- September 13 - Berna Lopez, Johnny Ybarra.
- September 14 - Christina Olivarez.
- September 15 - Rosemary Lo-

'B' Team Shellacks Farwell

Thursday, September 24, the eighth grade "B" team went to Farwell and beat the Yearlings 30-0. The game was very interesting.

The first touchdown of the game was scored by Benny Pena on a double reverse lay. The extra point was completed. The next touchdown was made by Quincey Kirvin on a long run to the side. The extra points were again completed by Pena. The next T.D. was completed by Freddy Jaramillo on a run up the middle. The extra points failed for the first time. The next and last touchdown was again made by Kirvin on another nice run to the side. The extra points were completed by a pass from Jimmy Gleason to Micky Long. So the final score ended up 30-0. The "B" team defense did a fine job of holding the Yearlings to no score.

Muleshoe 'A' Team Rips Farwell Team

Last Thursday, September 23, the Muleshoe Mules "A" team traveled to Farwell, to play the Farwell Yearlings. The Mules played a fine game; and, a few of the outstanding players were Marvin Lewis, Charles Walker and Felix Norman.

The game started off when Felix Norman kicked off to the Yearlings. The Yearlings didn't keep the ball long; and, they had to hand the ball over to the Mules. After the Mules made three first downs, Felix Norman ran a double reverse around the left end and made the first T.D. of the game. The extra point was incomplete.

In the second quarter, another touchdown was made by Marvin Lewis on a run up the middle. The extra point was completed by Charles Walker. Soon after that, the Yearlings made a touchdown on a good drive and made it from the one yard line. The extra point was good, so the score ended up 14-8 at the half. During the second half, Felix Norman made another fine run around the end for another touchdown. The extra point failed. Again in the third quarter, another touchdown was run up the middle by Charles Walker. The line did a fine job of blocking. The extra point was again no good. The final score of the game ended up, 28-8 in the Mules favor.

Junior High 4-H Students Show In Amarillo

Recently several Muleshoe Jr. High 4-H students went to Amarillo to the Livestock shows. Jimmy Gleason had the Reserve Grand Champion feeder calf and a third place slaughter steer.

Jacinda Gleason showed two steers. She placed seventh and 12th.

Kelly Harrison showed two steers also. He placed 13th and 15th.

Alan Harrison showed one steer and placed ninth.

Eddie Black showed three steers and with one he placed third and the other took 11th.

Belinda showed one steer and placed 11th.

The Jr. High Journalism Staff would like to say congratulations to these 4-H livestock exhibitors.

'77 Muletrain Sale Underway

M.J.H.S. Journalism Staff will be selling annuals for the next two weeks. The cost of the annual this year is \$6.50. You can make a deposit of \$3.00 and pay the rest when they arrive.

The Journalism Staff has been working really hard to improve the annual. It is full of junior high activities. The sales start Monday in front of the office. If you would like to buy an annual contact one of the Journalism Staff members.

Sending a bill and collecting the money are seldom synchronized.

Former Resident Funeral Held In California

Funeral services for Boyd Burelsmith, a former resident of Muleshoe, and brother of D.O. Burelsmith of Muleshoe, were conducted on Saturday, September 25 in Long Beach, Calif.

He was 53 at the time of his death. Mr. Burelsmith was married to the former Loreta Roddam, also of Muleshoe.

Survivors other than his brother include his wife; a son, Randy, of San Jose, Calif.; two daughters, Mrs. Bill Graham of Long Beach and Debbie of the home.

Jimmy Carter, Democratic presidential candidate: "If elected President I will delay the populist spending programs until the money to pay for them is available."

Robert Murray

Robert Murray Funeral Rites Held Monday

Funeral services for Robert Murray, 56, were conducted at 3 p.m. Monday at the Primitive Baptist Church in Muleshoe. Officiating was Elder Kenneth Martin of Muleshoe, assisted by Elder Bernard Gowen of Friona. Burial was in Bailey County Memorial Park under direction of Singleton-Ellis Funeral Home of Muleshoe.

Murray died at noon Saturday in the Veterans Hospital in Amarillo where he had been a

patient for several days. He had lived in Bailey County since 1954, moving here from Lamesa, Robert Murray was born September 14, 1920 in Novice, Coleman County, Texas. He was a welder and blacksmith and a member of the Primitive Baptist Church of Muleshoe. He was a veteran of World War II, having served in the U.S. Army.

Survivors include his wife, Ethel; a son, Truman Trim of Bovina and a daughter, Mrs. Deborah Smith of Olton; three sisters, Mrs. Oda Cook, Glen Rose; Mrs. Ruth Eubanks, Channelview; and Mrs. Mary Snyder, Winrock, Washington; four brothers, Walter Murray, Corpus Christi; Charles Murray,

Brownwood; Joe Murray, Stephenville and Roy Murray, Tulia and five grandchildren.

Between now and election day the candidates will be courting the favor of special groups and there's no telling what will be promised.

John Vorster, South African Prime Minister: "It is up to the people to decide what type of government they want, even if it displeases me."

# Head smut this year?

# WHAT ABOUT NEXT YEAR?

For the most part, head smut occurs in fields that have been planted to corn for several years. It appears that farmers with a head smut-infested field have a choice for the use of that field next year. They can plant the field to another crop or can, with reasonable safety, plant corn hybrids that offer resistance to the disease. Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these is well known to area farmers and is the most planted variety in much of this area... Pioneer brand 3306. Two other Pioneer varieties... 3184 and 3195... which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369A.

\* This smut resistance cross is offered under various variety names by many suppliers.  
 \*\* Widely advertised competitive smut resistant corn hybrid planted in this area.

## A RECOMMENDATION

If you have a field that shows signs of head smut infections, plan to switch to one of the three Pioneer varieties that provide resistance to the disease and, at the same time, give you a shot at the best corn yield you have ever had. You should also consider Pioneer brand 3780. It's an earlier hybrid which shows moderate resistance to head smut and demonstrates extraordinary yield capability.

Talk to your Pioneer dealer now about ordering Pioneer varieties 3306, 3184, 3195 and 3780. It makes a lot of sense to plant all four.

## Thunderbird, LTD II Head '77 Ford Lineup

Two new automobiles -- the Thunderbird and the LTD II -- head the lineup of Ford Division's 1977 cars, which are on display at Muleshoe Motor Co. From subcompact to full-size, Ford dealers in 1977 will be offering customers the widest choice of car sizes available.

Heading the list are two all-new mid-size cars -- the luxurious Thunderbird, a two-door hardtop, and the LTD II, offering sporty-looking two-door models as well as elegant four-door models and station wagons.

The new Thunderbird is a luxurious mid-size car, and the LTD II is a stylish intermediate-size family car.

Other 1977 entries include the Granada, Ford's hot-selling "swing" car; Pinto, America's most popular subcompact; Mustang II, a small specialty car sales leader; Maverick, the proven, durable compact and the highly popular Econoline Club Wagon.

"For 1977, Ford cars are uniquely in step with the market," said Robert Hooten, owner. "Our cars give customers the opportunity to select the right size car to meet his or her driving needs."

The 1977 Thunderbird, for example, is a specialty car on a 114-inch wheelbase. Overall length is 215.5 inches. The two-door hardtop Thunderbird offers high levels of standard equipment, a quiet, comfortable ride and excellent handling -- all at an affordable price.

Ford Division's other new mid-size entry, the LTD II, comes in three series. The base LTD II "S" and mid-series LTD II each feature a distinctive two-door hardtop, a four-door pillared hardtop and a station wagon. The top-of-the-line LTD II Brougham offers a two- and a four-door model, and the elegantly appointed LTD II Squire is Ford's high-series mid-size station wagon.

All LTD II models have a lean, sculptured look, yet offer six-passenger comfort.

"Both of these cars will greatly strengthen our position in the largest segment of the automobile market," Mr. Hooten said.

"The Thunderbird and the LTD II two-door models give Ford Division a powerful one-two punch in the specialty or upper end of the segment, and the four-door LTD II models and station wagons are ideal for buyers seeking six-passenger comfort and other full-size car attributes -- at a smaller price."

For 1977, all Pinto models have a new, sportier-looking front end. A new all-glass third door (a no-extra-cost option) gives three-door Pinto models a fresh, modern look and, two- and

### Enochs News

By Mrs. J.D. Bayless

Guests in the home of Rev. and Mrs. Charlie Shaw Saturday night were their daughter, Mrs. James Crocker and sons, Jimmie and Teddie and Mrs. Charlie Day, all of Tucumcari, N.M.

Mrs. Sarah Seillian was able to return back to the rest home in Morton after being a patient in the Morton hospital for several weeks.

Mrs. Winnie Byars visited her daughter, Mrs. Jack Parr and family in Lubbock Saturday.

Mrs. J.D. visited her brother and wife, Mr. and Mrs. Claud Coffman in Muleshoe, Friday afternoon.

Dinner guests in the home of Mr. and Mrs. Bob Adams Sunday were Mr. and Mrs. John Gunter, Sr. of Muleshoe.

A.P. Fred was admitted to Methodist Hospital in Lubbock Tuesday. His brother, Mr. and Mrs. L.G. Fred visited him Thursday and Mr. and Mrs. Bob Adams visited him Saturday.

Mr. and Mrs. E.C. Gilliam visited their son, Mr. and Mrs. Gilbert Gilliam last Saturday and Sunday at Friona.

Mr. and Mrs. Bob Newton drove to Stinnett Friday to visit a son, Mr. and Mrs. Dennis Newton and family. They spent the weekend with them.

Greg and Jeff Austin of Lubbock spent the weekend with their grandparents, Mr. and Mrs. Raymond Austin.

Monday, September 27, the Association Preachers met at the Enochs Baptist Church, with a noon fellowship at the church.

Glen Price was able to attend church for the first time since his surgery.

The rain fall Sunday night was from a half inch to .7 of an inch in the Enochs area. The wheat farmers were proud to see the rain.

Willie Welch returned home Saturday from the Littlefield Hospital.

peal in the youth segment of the automobile market. Other new Pinto options include a flip-up open air roof, a Sports Rally Package with tachometer and gauges and a four-way manual driver's seat.

In 1977, Granada becomes the first domestic car to offer a four-speed manual overdrive transmission as standard equipment.

Ford LTD remains full-size for 1977. The top-of-the-line LTD Landau has been repositioned into the price class of the LTD Brougham -- which has been deleted from the lineup -- but continues such standard luxury features as hidden headlamps, wide, color-keyed bodyside moldings and a high level flight bench seat with a fold-down center armrest.

Mustang II for 1977 offers a host of improvements, including added standard equipment on 2+2 models at no added cost.

## TFB Quotes Cattle In Crisis Situation

The president of the Texas Farm Bureau said beef producers are in a crisis situation now that may affect future beef supplies.

"There'll never be a better time for housewives to fill their freezers with bargain beef," the Dalhart grain and beef producer said.

"Many cattlemen will be forced out of business unless there is an upturn in cattle prices soon," said the farm leader.

"There's been a gradual decrease in cattle prices all summer, but the situation in the past three or four weeks has become disastrous," he said.

Chaloupka said there is a disappointing lag in the pass-through of lower prices at the retail level.

"However, beef is selling in the stores for about 13 percent less than a year ago. This is a real bargain, and we want to let the housewives know about it so we can move some of the present glut of beef off the market," he said.

The president of the 190,000 member general farm organization said that efforts are being made by Farm Bureau to bring "more efficiency and fairness" into marketing of beef.

"The American Farm Bureau Federation has asked Secretary of Agriculture Earl Buttz for a step-up in ongoing investigations into factors affecting the farm price of beef," Chaloupka said.

"For example, we want to know whether or not labor unions are blocking the movement of boxed beef into markets

the flip-up open air roof and four-way manual driver's seat, a Ghia Sports Group and other exciting new options and money-saving packages that group popular optional items.

Maverick also offers new options and convenience features, including four-way manual seats, wire wheel covers and wide bodyside moldings.

New exterior paint, vinyl roof and interior trim colors add sparkle to the appearance of 1977 Ford Division cars.

To meet the U.S. government's more stringent 1977 model year emission control standards, most Ford cars have revised emission control systems that include a larger volume catalyst and Ford's new Duraspark high-energy solid-state ignition system which provides increased voltage at both starting and running speeds, allowing leaner air-fuel mixture and even longer spark plug life.

and if so, what effect is the blocking having on beef prices," the farm leader said.

Boxed beef involves the breakdown of beef carcasses at the packing plant and packaging the meat cuts for shipment to retail outlets. It means a savings over shipping whole carcasses and reduces labor costs.

Labor contracts with meat cutters either prohibit or severely limit the movement of boxed beef into at least 12 major cities, including Chicago, St. Louis, Kansas City and Houston.

Another issue relating to labor unions involves labor contracts with meat cutters unions which prohibit the sale of meat after 6 p.m. in some large cities.

The Farm Bureau is also asking the U.S. Department of Agriculture to find out what can be done about the lag in "passing through" lower cattle prices at the retail level.

Chaloupka said USDA statistics show that retail beef prices never come down as fast or as far as cattle prices.

He said that the farm value of beef dropped about 25 percent in the past year while the retail value is down only 13 percent.

According to USDA, the spread between cattle prices and consumer beef prices has widened nine cents a pound since July, 1975, and is now at a near-record spread of 64 cents a pound.

## Agricultural Chemicals Meet Slated

Under the theme "Agricultural Politics and Agricultural Chemicals -- A Volatile Tank Mix", some of the state's top ranking agriculturists will gather at South Park Inn on Loop 289 South, in Lubbock October 5-7 for the 24th annual agricultural chemicals conference.

West Texas Agricultural Chemicals Institute sponsors the annual confab which this year will feature several noted Texans, among them Dr. Phillip Gramm, economics professor from Texas A&M University and recent candidate for a U.S. senatorial post, and Reagan Brown, assistant to Governor Dolph Briscoe.

Corn, sorghum, wheat and cotton producer organization heads also are listed as speakers. These include Carl King, president of Texas Cotton Growers Association, Dimmitt; Elbert Harp, executive secretary, Grain Sorghum Producers Association, Lubbock; Bill Neilson, Texas Wheat Growers, Amarillo; and Don Johnson, executive secretary, Plains Cotton Growers, Lubbock.

Also featured are Duncan Ellison, executive secretary, Water Inc., Lubbock; Bob Mills, vice president for public relations, Pioneer Natural Gas, Amarillo; Don Anderson, cotton producer, agribusinessman and executive committee member, Plains Cotton Growers, Lubbock; Harry Whitworth, executive secretary, Texas Agricultural Chemicals Association, Austin; Cal Metts, manager, Northwest Grain Company, Hereford; and Ray Joe Riley, cotton producer and executive committee member of Plains Cotton Growers, Hart.

A corn symposium Wednesday morning of the three-day conference will touch on weeds, fertilizer, insects, diseases and water, featuring five speakers. Among them are Dr. Allen Wiese, professor of weed science, Texas Agricultural Experiment Station, Bushland; Andy Curry, Occidental Chemical Company, Tuxline; Richard Franks, manager, Tide Pro-

ducts, Inc., Lubbock; Dr. Robert Berry, plant pathologist with the Texas Agricultural Extension Service, Lubbock; and Leon New, area Extension irrigation engineer of Lubbock.

Marvin Sartin, area Extension Service economist also from Lubbock, will provide an economic analysis of High Plains crops.

On Thursday morning, a multi-screen slide presentation will retrace and spotlight developments of the fertilizer industry of the last 100 years.

An awards banquet and business meeting Thursday morning provide other highlights for the event.

According to Dr. Calvin Orr, one of 12 directors of the all-encompassing West Texas Agricultural Chemicals Institute, most of the topics will deal with the future of major High Plains crops, an update on fertilizer and chemical situations and political solutions to producers' headaches.

The West Texas Agricultural Chemicals Institute is an organization encompassing individuals from all facets of agricultural chemicals and agribusiness industries. Their purpose is to promote West Texas agriculture.

## Reese Charges Mahon Fails In Voting

Conservative Congressional candidate Jim Reese said today, "Obviously our candidacy has helped George Mahon improve his voting record. In a recent news release, Mahon said he was rated 95 percent by the American Conservative Union. What he didn't say was that the 95 rating was a 31 point improvement over his 64 percent rating by the American Conservative Union for 1975." Reese continued, "The A.C.U. used 30 key votes to determine their 1975 rating. Of those 30, Mahon voted the same as radical liberal Bella Abzug on 10 of the 30 issues." Reese issued the statement Thursday from his Odessa headquarters.

## Comment On Sports

### FOOTBALL

By Pete Fritchie

WASHINGTON, D.C.-- One can understand the resentment of many Buffalo players at the special treatment given O.J. Simpson. O.J., out for all he could get, said all year he would never again play for Buffalo.

He was seeking to force owner Ralph Wilson to trade him. Wilson wouldn't do it. At the last minute O.J. changed his mind and even played a bit in Buffalo's first game--but not enough to help much. Had he been in shape and gone all-out, Buffalo could have won.

O.J., in the eyes of some, didn't go all out in many of last year's games.

He seemed to be holding back. What brought him back to Buffalo was a reported \$2.5 million for three years' play.

That was such favorable treatment (other players were fined for not reporting on time, were refused multi-year contracts, etc.) and O.J. was given so much more money than anyone else (after apparently not going all-out last year) a morale problem is sure to affect Bill play this season.

O.J. is probably the best running back in the game; but like so many other superstars of late he's forgotten team spirit in going straight out for O.J.

## AVISO PUBLICO

RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976

### NUMERO UNO EN LA BOLETA (S.J.R. 49)

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Rio Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

La enmienda remueva el requerimiento constitucional que ciertas rentas deben de ser usadas para retirar bonos para el desarrollo de agua y el encaucamiento de la calidad de agua y remueva el limite constitucional de la tasa de interes en tales bonos.

La fraseología de la enmienda propuesta tal como aparecerá en la

boleta es lo siguiente: "La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas."

### NUMERO DOS EN LA BOLETA (H.J.R. 99)

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

Day Of Reckoning Set For Top Teams

October second may well be another day of reckoning for many of the super powers. Alabama and Georgia meet face-to-face, and Florida plays L.S.U., both top games in the Southeast Conference.

the spread is one point ... and Florida gets a weak nod over L.S.U. The Gators should win by an extra point.

WHO KNOWS?

- 1. Name the capital of California.
2. When did women win the right to vote?
3. Which amendment was this?

Answers To Who Knows

- 1. Sacramento.
2. In 1920.
3. The 19th Amendment.

The Harmon Football Forecast

Table with 4 columns listing football teams and predicted outcomes for Saturday, October 2 - Major Colleges, and Other Games—Midwest, South and Southwest, Far West.

Presented in the public interest by ... TEXAS SESAME

Contact: Bill Jim St. Clair, Rt. 3, Muleshoe, Texas 806/272-4630

**OUTSTANDING KIWANIAN** . . . R.A. Bradley was honored Monday night as the Outstanding Kiwanis member for 1975-76 by the Muleshoe Kiwanis Club. He was presented a plaque during the annual installation banquet.

**Three Way News**  
By Mrs. H.W. Garvin

Debbly Furgeson of Canyon spent the weekend visiting her parents, the Jack Furgesons.

The community received a good rain Monday. It amounted from one-half inch to two inches.

Three Way football team played Whitharral Friday on the home field, with Whitharral winning the game.

Three Way Booster Club had a fried chicken supper before and after the football game, Friday night.

Mrs. Jack Furgeson and Mrs. Ed Neutzler were in Lubbock Tuesday on business.

Rev. Royce Womack of Morton visited the H.W. Garvins, Thursday evening.

Mr. and Mrs. George Tyson had as their guests over the weekend their daughter, Mr. and Mrs. Tommy Durham, from Lubbock.

Debbly Furgeson, a student from West Texas College, spent the weekend visiting her parents, the Jack Furgesons.

We wish to express our sympathy to the C.A. Warren family on the death of Mrs. Warren's father. R.L. Clark of Levelland was buried Tuesday at Levelland.

We are proud of the 1976 graduates of Three Way School. Eight seniors graduated last May and all eight are enrolled in college.

Mr. and Mrs. D.S. Fowler attended singing at Causey, N.M., Tuesday evening.

Three Way school turned out early Monday so the students could attend the South Plains Fair at Lubbock.

The community received light rain Friday and Sunday nights.

Mr. and Mrs. Gib Dupler were in Lubbock, Friday on business.

Kathy Wittner, daughter of Mr. and Mrs. Adolph Wittner of Maple, is the new manager of Skeybells ladies ready to wear store in Plainview.

Mirex suspected as cancer cause.

Three Way football team played Cotton Center at Cotton Center Friday evening with Three Way winning the game.

Mr. and Mrs. H.W. Garvin were in Lubbock Wednesday on business.

Mr. and Mrs. Jack Furgeson spent the weekend in Silverton with their daughter, the Jim Greens. Their granddaughter, Krista, came home with the Furgesons to spend the week.

Mr. and Mrs. Lamar Pollard and boys from Whitharral spent Sunday with her parents, the Rayford Mastens.

Mr. and Mrs. Johnnie Wheeler from Comanche spent Saturday night with the H.W. Garvins.

Mr. and Mrs. D.S. Fowler spent the weekend in Lubbock visiting their sons, the James Fowler family, and the Ray Fowler family.

Several families from the community are on a fishing trip.

Mrs. Dutch Powell from Clovis, N.M. was visiting friends in the community Wednesday.

Farmers in the community are busy sewing wheat this week.

Mr. and Mrs. Bill Key and Bonnie Long were in Lubbock Friday to see their doctors.

Mr. and Mrs. S.G. Long spent the week visiting relatives in central Texas.

Mr. and Mrs. H.C. Toombs and Mrs. Bulah Toombs visited the Gary Toombs family, in Muleshoe, Sunday.

Three Way Baptist Church had a watermelon feast after church services Sunday evening.

Mr. and Mrs. Ike Jenkins and children from San Antonio spent the weekend visiting the Tommy Terrells.

**Time For Brown Patch In Lawns**

**COLLEGE STATION** -- Cooler temperatures and rainy weather spell trouble for homeowners as these conditions boost brown patch disease in lawns.

"Brown patch is a fungus disease that occurs on St. Augustinegrass, bermudagrass and Zoysiagrass in late spring and early fall," points out Dr. Walter Walla, plant pathologist for the Texas Agricultural Extension Service.

The disease is characterized by three different types of symptoms in turf, the most common being a circular pattern of dead grass that may range in diameter from 1 to 50 feet. The second type of symptom of brown patch is a diffused type of pattern of which small patches of grass will turn brown mainly in shady locations. Another sign of the disease is leaf blades turning yellow in turf; this usually occurs in Floratam St. Augustinegrass.

"In each of these symptoms, both the grass blades and leaf sheaths may be easily pulled from the stolons (runners) because of deterioration in the attachment area," explains Walla. "Stolons often remain green. New leaves may emerge in the center of circular diseased areas within two to three weeks, giving the disease a doughnut-shaped appearance. Entire spots may eventually become green during a long growing season."

Brown patch develops most rapidly when air temperatures are between 75 and 85 degrees F. and free moisture is present, notes the Texas A&M University System specialist. Fungal activity stops when air temperatures reach 90 degrees F., which explains seasonal development of the disease.

**FARMERS**

Joint-Venture Sunflower Production Contracts are being offered to Sunflower Producers on the High Plains by a European Firm thru a Joint-Venture agreement with John F. Herzer & Associates of Lubbock.

Cash price to the producers shall be determined on the date of delivery of seed by using the combined price of Sunflower Oil and Sunflower Meal in Rotterdam.

The producer is guaranteed a base price of \$.09 cents per pound which is correlated to a combined Ex-Tank Sun Oil and CIF Sun-Meal price of \$747.00 per metric ton at Rotterdam. The Joint-Venture Contract offers the producer a \$.50 per metric ton for each \$1.00 fluctuation up or down above the \$747.00 combined price of Sun Oil and Sun Meal.

This Joint-Venture Contract gives the High Plains Sunflower Producers who contract with John F. Herzer & Associates the assurance of a strong Local Market determined by the World Market demands for Sun Oil and Sun Meal based on the Rotterdam prices.

Producers interested in discussing Sunflower marketing through Joint-Venture Contracting or Direct Selling on an open market at harvest are asked to call 792-4418, or 747-0014, or 1-894-3598, JOHN F. HERZER & ASSOCIATES. "THE SUNFLOWER PEOPLE OF WEST TEXAS."
