around Muleshoe

Visiting in the home of Mr. and Mrs. Woodrow Surrat during the past weekend were three of his aunts.

The sisters visiting in the Surrat home included Mrs. Lou-nett Chiddix, Amarillo; Mrs. Myrtle Allman, Hereford and Mrs. Ludie Morris, Bonham.

Cadet Victor E. Leal, son of Mr. and Mrs. Jessie Leal, a new cadet in his first year at New Mexico Military Institute was among the 67 cadets who earned award distinctions in the Institute's version of an ROTC physical fitness test.

Having scored 400 or above, Victor is one of the cadets now authorized to wear the Physical Fitness Test Award Ribbon.

West Camp Community family night will have their social Saturday night, October 9, at 8:00 p.m. at the community center. Cake, coffee and punch will be served.

Nolan (Trigger) Dunlap was expected to return to his home from Methodist Hospital late this week. He had surgery at the Lubbock hospital last week.

Oklahoma Lane Baptist Church is having the "Gloryland Two" next Sunday night, October 10, at 6:00 p.m. The "Gloryland Two" consists of Mr. and Mrs. O.A. Kennison.

JOHN TYLER

Rotary District Head Schedules Muleshoe Visit

Rotary District Governor John Tyler of Midland will make his official visit to the Muleshoe Rotary Club, holding a Club Assembly meeting at 7 a.m. Thursday, October 7, in the large dining room at the Corral Restaurant and will be guest speaker at the regular Rotary meeting at noon.

He will discuss the program of the coming year for the 45 clubs in this 573rd District of Rotary International, which covers most of Northwest Texas.

A native of Southern California, he received a B.S. degree in Petroleum Engineering from the University of Oklahoma in 1957 and moved to Midland in 1967 where he is the District Production Superintendent for Union Oil Company of California.

Tyler has been an active Rotarian since early 1966 and is a past president of the Midland Downtown Rotary Club. He and his wife, Dede, recently returned from Rotary's International Assembly in Boca Raton, Fla., and the International Convention in New Orleans.

Cont. on Page 3, Col. 3

Absentee Vote Has Changes Now Effective

Absentee voting begins next week, on Wednesday, October 13, and will conclude at the end of the day on Friday, October 29.

Bailey County Clerk Hazel Gilbreath reminds that changes are effective this year including that requests for absentee ballots must be by written request, and have to be mailed from outside the county. Also, the ballot must be mailed by the clerk's office to an address outside the county.

"An exception is the physically disabled, who will be allowed to have a ballot sent to them within the county."

PCA PROMOTIONS...Receiving promotions this week at the Plainview Production Credit Association Office in Muleshoe from left, Mrs. Ronnie Spies, from secretary and receptionist to assistant manager; Richard Kimbrough, center, promoted from assistant manager in the Muleshoe office, to manager of the Dimmitt PCA and Dianne Wiedebush, new secretary in Muleshoe.

Carpenter, Farmer Gold Star Winners

Capping an evening of awards for outstanding members of the various Bailey County 4-H Clubs were the two recipients of the Gold Star Award. The special award is presented annually to the top boy and girl, active in 4-H work in this county. The top awards were presented at the conclusion of an award banquet Monday, October 4, at the Methodist Fellowship Hall.

Top 4-H winner for the girls is Sharla Farmer, daughter of Mr. and Mrs. Charles Farmer of West Camp, and a junior in high school in Muleshoe.

She has been active member in 4-H for the past three years and has had projects in Home Improvement, Food and Nutrition, Leadership, Horse, Agriculture and Recreation.

Sharla has served as an officer in the Progress 4-H for the past two years and at present is a member of the County 4-H Council and District 4-H council. She has attended teen-leader lab in Levelland and Electric Camp at Cloudfroft.

The winner is a member is the first place horse judging team from District Two, who participated in the state contest at 4-H Roundup in 1976 where the team placed sixth out of 28 teams.

She is very active in the horse project group and was a participant in the state horse show where she helped the District Two to win a third place plaque for the whole show. She placed eighth in Halter and 15th in a field of 200 contestants in barrel racing.

Curtis Carpenter, son of Mr.

Girl Scout Leaders To Attend Meet

A basic orientation course for new leaders of Girl Scout Troops and interested adults is scheduled for Tuesday, October 12 in Littlefield from 9:00 a.m. to 3:00 p.m.

The session will be attended by Mrs. Veronica Kropp, Mrs. Stacy Baldwin, first grade leaders; Mrs. Lyndon Huckaby and Mrs. Sharon Berry, third grade leaders; and Mrs. Jan Denton and Mrs. Becky Watson, fourth and fifth grade leaders.

The session is scheduled as part of Caprock Girl Scout Council's ongoing program to provide adults in the organization with the necessary resources to carry out an effective program for the thousands of Girl Scouts registered in this area, according to Beth Johnston, coordinator.

She added, "Leaders will have opportunities to learn and develop skills in scores of other workshops and training sessions throughout the year, covering a variety of topics from dutch oven cooking to backpacking. "This training will focus on the purpose of Girl Scouting and its value in the lives of girls. In addition, specific helps will be given leaders in developing week by week programs for their troops," concluded Beth Johnston.

and Mrs. Jimmy Carpenter of the West Camp Community and a member of the Progress 4-H Club is the gold star award winner for the boys.

The 1976 Gold Star boy has been a 4-H club member for seven years and completed projects in Horse, Swine, Leathercraft, Judging, Recreation and Junior Leadership. He has won many awards with livestock projects and attended State 4-H Roundup and District Two Electric Camp.

He has served as president of his community 4-H club, president of his Horse Project Group, member of Bailey County 4-H Council, delegate to District two 4-H Council, Junior Leader in Recreation, Leathercraft and Horse Promects. He has assisted his community in the youth department of Texas Community Improvement project and has served on many committees in his local club.

He states in his 4-H record book that his biggest thrill in

Oxy-acetylene Short Course Slated Here

An oxy-acetylene welding short course for adult farmers will be held October 11-14 under the sponsorship of the Muleshoe High School Vocational Agricultural Department, according to Bill Bickel and Max Hyatt, teachers of vocational agriculture.

Charles H. Yeates, welding specialist with the Vocational Agriculture division of the Texas Education Agency and the Department of Agri-Cultural Engineering at Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Yeates holds a B.S. degree from Texas A&M University in Agricultural Education. He taught vocational agriculture and farm shop for a period of 15 years. He also taught automobile mechanics, electricity, electrical and acetylene welding and woodworking in the Jasper County vocational school. He has had two years experience as a draftsman, and two years experience as a welder.

"Many oxy-acetylene welding short courses in various parts of the state have been taught by Mr. Yeates and all have met with outstanding success," according to Walter Labay, area supervisor of vocational agriculture for Plainview. Arrangements for the adult education short course in welding and other fields are made through the Plainview office.

The short course in Muleshoe is scheduled to begin October 11 at 8:00 p.m. in the vocational agriculture building. Other meetings in the series of four will be held the 12th through the 15th at the same location. During the dates the short course is in progress, Yeates will be available to assist farmers with individual problems and to provide on-the-farm instruction.

Cont. on Page 3, Col. 1

4-H has been serving his club as president, and that this responsibility has helped him develop from a quiet, shy boy into a true 4-H junior leader.

Following the dinner in the Fellowship Hall, guest speaker was Martha Couch, 4-H Youth Specialist from Lubbock.

She termed her discussion "What If...?" and included the multifaceted activities of 4-H, including boosting parents and adult leaders for their interest in 4-H.

Miss Couch also outlined the varied skills and goals available through 4-H training and the influence on adult lives which could be enhanced by the training.

She reminded that nationally, 4-H is only third in being recognized as top youth organizations, behind only Boy Scouts and Girl Scouts. She also said

Cont. on Page 3, Col. 1

GOLD STAR WINNERS...Curtis Carpenter, left, son of Mr. and Mrs. Jimmy Carpenter and Sharla Farmer, daughter of Mr. and Mrs. Charles Farmer, both of the West Camp community, were named Gold Star Award winners at the annual 4-H awards banquet for Bailey County 4-H members Monday night.

City, County Approve New Ambulance Rate Solution Is Sought For Ambulance

Meeting in joint session Tuesday morning, members of the Muleshoe City Council and Bailey County Commissioners court ratified a proposed rate increase for Singleton-Ellis Funeral Home ambulance.

The rate increase was approved following a discussion on increased repair and maintenance costs and also labor costs to operate the ambulance in the city and county.

A letter from Frank Ellis, co-owner and operator of the funeral home in Muleshoe read in part "On May 1, 1974, you

PCA Promotes Personnel In Local Office

Several promotions have been made in the local Production Credit Association Office in Muleshoe this week, and one new person hired.

Richard Kimbrough, former assistant manager of the local PCA office has transferred to the Dimmitt office and Mrs. Ronnie (Ronda) Spies, who was secretary and receptionist in Muleshoe was promoted to assistant manager.

An employee of PCA for the past six years, Mrs. Spies will be the new credit officer for the local office.

Employed to replace Mrs. Spies as secretary and receptionist was Mrs. Jerri Wiedebush, a former accountant with a local firm.

Retaining his position as office manager is Curtis Walker, who has been with PCA for approximately 13 years.

Mrs. Spies said, "We are looking forward to serving old and new customers in our newly remodeled office and I personally, look forward to serving the Muleshoe area agriculturists with all your credit needs for 1977."

approved a rate increase for the ambulance service provided to Muleshoe and Bailey County. Since that time we have had a considerable increase in cost of gasoline and repairs and a major increase in insurance premiums. At this time, I am requesting from you a rate increase for the ambulance charges in the amounts listed below:

Base Charge from \$25.00 to \$35.00

Mileage charge from 50 cents to 75 cents per mile one way.

Emergency calls from \$5.00 to \$10.00.

Use of Oxygen from \$5.00 to \$10.00.

"Your approval of the above rate increases, effective on October 15, 1976, will be appreciated and I feel that they are necessary to continue the ambulance service to Muleshoe and Bailey County on a break-even basis."

For the first nine months of this year, the city and county both subsidized the ambulance service a total combined of \$13,500 and the total estimated miles traveled is 9,620 during the same period of time.

For the first nine months of this year, also, the ambulance made a total of 164 calls, and have \$6,213.75 outstanding on their books.

Both the city and county were unanimous that the day is fast approaching when the ambulance service will be presenting a major problem for both the city and county as maintenance, insurance and other costs increase.

In an effort to find a solution to the ever increasing problem, it was determined that the city manager, Dave Marr and County Judge, Glen Williams, should meet and attempt to start toward a solution to the ever-increasing costs involved with

the ambulance service. Council member Clarence Christian reminded that when an entity gets into the ambulance service, then immediately gets into EMS (Emergency Medical Service) problems, as requirements are strict and demanding.

He suggested that the city and county were considering figures of perhaps \$60,000 in additional wages to consider with personnel who would be required to be trained and on duty at all times.

He also was against the proposal to use current law enforcement personnel in ambulance service operated by either the city or county, or both.

Judge Williams commented, "I don't mean to be critical of anyone, but I don't want to wake up one morning and find we have the ambulance to operate."

His thought was echoed by Marr who said he had a horror of finding the ambulance keys on his desk and being unprepared to meet the emergency service.

Max King, member of the Muleshoe City Council, said "It seems that once the emergency is over, people don't seem to want to pay the ambulance. They pay the hospital and doctor, but seem to forget about the ambulance."

At the same time, both entities will be looking at a more efficient collection service for the ambulance, as they seek a solution to the most efficient Cont. on Page 3, Col. 2

City Tournament Action Underway

Action got underway Sunday in the Muleshoe City golf tournament. Nine first round matches were played in the men's division, with several more to be played later this week.

In the Championship Flight, Dick Johnson came off a one month layoff to defeat Mickey Wilson 1-up. Johnson will meet the winner of the match to be played between Bob Stovall and Bill St. Clair. In the other bracket, Lloyd Gilley, a newcomer to this area and an unknown to most around Muleshoe made his tournament debut by defeating John Lowry 3

and 2. Gilly will meet the winner of the Gene Bartley - Irvin St. Clair match, which could be one of the key matches in the tournament.

In First Flight action: Derrell Oliver defeated Harold Cowan 2 and 1. Stan Wilson defeated Charles Green 3 and 2. Curtis Walker defeated Curtis Smith 3 and 2. J.W. Coppedge defeated Bernard Phelps 3 and 2.

There was no activity in the 3rd and 4th flights.

Perhaps the best match of the day took place in the 5th Flight between James Crane and Chester Yerby. Yerby put together what he believes to be the best nine holes he has ever played and built a commanding 4 up lead at the half way point of the match. Crane then proved to be a fine competitor and put together a string of pars to overtake Yerby and win the match by one hole. Crane commented "I was very lucky to win the match."

In the women's division, one exciting match was played in the Championship Flight between Claudine Elliot and Analita Haley. At the end of 18 holes, both golfers were tied, which called for a sudden death playoff. By Cont. on Page 3, Col. 3

Methodists To Host Programs This Weekend

First United Methodist Church of Muleshoe will have a lay witness mission on Friday, October 8, through Sunday, October 10, with special guests from area towns participating in the meeting. Dr. David Hamblen is local chairman and Mr. and Mrs. Jack Alderson of Lubbock, members of the First United Methodist Church, are coordinators.

Randy Mayes, a senior mechanical engineering student at Texas Tech will be youth coordinator. Around 12 young people are expected to be guests during the weekend to meet with and exchange ideas of faith with local youth.

Included will be a session for children in grades 1-6, junior high and high school students, and adults both Friday and Saturday night and on Sunday morning each Sunday School class will be taught by a visiting witness.

Theme for the weekend is "Expect a Miracle" and a prayer vigil will be held from 6 a.m. until 6 p.m. Friday. Prayer cottages have been held in the homes of members and at the church during the past month in preparation for the miracle mission, according to a spokesman for the church.

The lay witness mission will begin Friday at 6:30 p.m. with a covered dish supper in Methodist Fellowship Hall. Saturday morning at 10 a.m., informal coffees will be held in the homes of members. At noon Saturday, the church women will be meeting for a salad luncheon at the XII Red Room. During the same time, the youth will be meeting to eat together. Saturday night, everyone will meet again at 7:30 p.m. in Fellowship Hall.

Sunday morning worship services will be conducted by the visiting witnesses and Sunday at 6 p.m. the local members will share their experiences with visitors and members. A nursery will be provided at the church during all meeting. Members of the Trinity Baptist Cont. on Page 3, Col. 2

ADELINA GUTIERREZ

Family Shares Top Billing In Contest

The Gutierrez family of Muleshoe at 412 West fifth St., have made the merchant's football contest a family affair. All eligible members of the family enter each week, and it is paying off.

Week before last, Maggie Gutierrez won first place in the contest. Last week, none of the Gutierrez family showed up in the winners column. But, this week, it was rearranged just a bit. Mrs. Gutierrez, Adelina, won first place with a two game loss and only 10 points off on the tiebreaker score. She was a little more conservative than her husband, Maggie, who also missed two games, but was 21 points off on the tiebreaker, for a second place win.

Both Mr. and Mrs. Gutierrez failed to predict the Ohio State-UCLA tie game, as did everyone else who entered the contest. Mrs. Gutierrez also predicted San Diego State would beat Brigham Young, which they didn't; and Gutierrez predicted Alabama would beat Georgia, and Georgia was the victor in the game.

Also in the winner column for the first time this week, Marilyn Engelking missed two games, but was 24 points away on the tiebreaker score. She beat out her husband, Richard, who missed three games.

Other people missing two games but being out of the money on the basis of the double tiebreaker were Hugh Young, 25; James Roy Jones, last week's first place winner,

40; Rosie Gutierrez, 71; Joe Gutierrez, 48; Anna Gutierrez, 56 and Margarito Gutierrez, 62.

As you read down through the list, you realize the Gutierrez family studies long and hard before marking their guesses or predictions in the Saturday college games. They are all trying hard to come out final winners and receive the two tickets to the Cotton Bowl on New Year's Day and a check of \$50 for expenses.

At mid-point in the season, there is no clear-cut winner, since the lead switched again this week. Pointwise, Maggie Gutierrez took the lead away from Hazel Gilbreath who has

At Muleshoe Junior High

FBI

FEEDBAG INFORMATION

Gattis Slips By Mules

Last Tuesday, September 28, the Muleshoe Mules "A" team traveled to Clovis, New Mexico to play the Gattis Cubs. The Mules lost the game with a score of 14-0.

The game started off with the Mules kicking. The Cubs kept the ball by making first downs on long drives. The Cubs then got down to the Mules three yard-line, and brought it on in for the touchdown in the second quarter. The extra points were incomplete. The Mules had the ball only two times in the first half.

The Mules started the second half with Mule Marvin Lewis catching the ball, from the kick-off. When Lewis was tackled, he was apparently hit from the side on the knee, and was put out of the game with a broken leg. The Mule offense held the for five more plays and then had to turn the ball over to Gattis. The Cubs again kept making long drives, and again succeeded in making a touchdown on a run up the middle. The extra point was completed, which made the score 14-0. The Mules didn't get much yardage the rest of the game, so the score ended up, 14-0.

Report Cards Have New Look

This year at Muleshoe Jr. High and Sr. High School we have a new report card. These report cards are much easier for the teachers and the students and they don't have to be returned to the school. They are Carbonized and after each 6 weeks the teachers tear off the sheet for that 6 weeks and gives it to the students. There are six different report cards and six different colors. At the end of the year the cardboard backing is put in the students files. This six weeks the cards are white. Report cards will be coming out October 6.

Unemployment rate highest of the year.

Students Enjoy Day At Fair

This year's fair was just about the same as any other year except for a few different faces, different mud puddles, and lots of rain. If you went you could see happy, smiling faces, mouths full of sticky, sugary cottoncandy, and many people getting sick from the breath-taking rides.

The Muleshoe schools dismissed at 2 o'clock Monday September 27 so everyone could have a chance to go. Also they let the students bring a note Friday to excuse them where they could go all day with friends and families.

Pictures To Be Made

The students, faculty, and administration of Muleshoe Junior High will get their pictures made on Thursday, October 7, 1976. They will be taken in the foyer of the Muleshoe Junior High Gymnasium. They will be made at approximately 12:30 p.m. The pictures will be brought back to be sold in about a month to six weeks. Dark colors of clothing will look best because it will make your face stand out better. Colors like white and other pale colors should be avoided. Look your best and we'll see you then! SMILE! YOU'RE ON CANDID CAMERA!!!!!!!!!!!!!!!!!!!!

Player Of The Week

The 8th grade girls athletic class have been working very hard this week. This week they have started picking out a player of the week. The two coaches of the girls, Coach Flowers and Coach Scott, will be picking the player on how much work and effort they put out. This girl will not do calisthenics on Friday of that week.

The first player of the week is Tyree Wagnon. She is working very hard to become one of the guards this year. She puts out alot of work and enthusiasm. She is an outstanding player.

We would like to congratulate Tyree on her effort. We would like to wish all the girls good luck! Ya'll work hard!

Gattis Trips 'B' Team

On last Tuesday, September 21, the Muleshoe Mules "B" team played the Gattis Cubs at Clovis, New Mexico. The Mules were beat by a score of 14-0.

The Mules started the game by kicking off to the Cubs. The Cubs kept the ball for a few plays; then, they had to turn it over to the Mules. The Mules couldn't seem to get anything going either and had to turn it back over to the Cubs. The Cubs drove the ball down to the Mules goalline; and then brought it on in for a touchdown. The extra points were scored during the first half.

To start the second half, the Mules ran the ball back for a short gain and kept the ball for a few more plays. The Mules then turned the ball over to the Cubs. Neither team could seem to do anything with the ball until the fourth quarter, when the Cubs made another touchdown on a long drive. The extra points were not completed, so the score was 14-0. No more points were scored by either team in the rest of the game so the score ended up, 14-0.

Happy Birthday

The Journalism Staff would like to congratulate all the boys and girls whose birthdays are in the first part of October.

- October 1 - Gary Cox
- October 2 - Carla Shafer
- October 3 - Johnny Campos
- October - Tony Slattery
- October 6 - Clifford Watson
- October 7 - Diana Saldana
- October 8 - Sandra Agundis; David Pruitt; John Davis
- October 9 - Terrie Martin
- October 10 - Kristi Ethridge; Martina Valdez, Jimmy Gonzalez.
- October 11 - Michelle Bryant, Carrie Hall

PUC Hearing Held Recently On Rate Change

The Texas Public Utility Commission held a pre-hearing conference Monday morning in the Continental Telephone Co. rate request for the purpose of classifying intervenors. PUC postponed for 120 days the effective date of the rate request, scheduled to go into effect October 16. The Commission also granted Texas Municipal League's request to intervene on behalf of several cities for the revenue requirement portion of the case. Intervening cities will be grouped along the 10 rate bands proposed by Continental for the rate pattern and revenue apportionment section of the rate case.

In other action, the Commission accepted a motion from PUC General Counsel John Bell to interplead Southwestern Bell Telephone Co. in the Continental case. The interpleading would allow PUC to examine contracts for long distance toll charges between the two telephone companies to determine whether the charges are proper and in the public interest.

The Commission also took under advisement a motion from Continental to allow company records kept in Bakersfield, California, to remain in Bakersfield. A decision on that motion will be made after the need for additional information is determined by the General Counsel's Office and intervening parties.

Commissioners recessed the hearing until 9:00 a.m., Tuesday October 12, at which time objections to requests for information will be considered.

The Sandhills Philosopher

Editor's note: The Sandhills Phil-grass farm has an idea for the Great Debates this week. Dear Editor:

I listened to the Great Debate the first go-round between President Ford and Governor Carter and when I couldn't tell who won I got hold of all the newspapers I could to see what the columnists had to say and also I listened to the television commentators, and as best I can tell nobody won, it was a tie.

So it seems to me the League of Women Voter, sponsor of the debates, ought to change the rules a little. In case of a tie, just as in professional football, they ought to go into over-time. If after 90 minutes nobody has won, stop for three minutes for the candidates to catch their breath and try to recall their memorized answers and to give the listeners across the nation time to get to the refrigerator and back. Then go for 15 minutes more. If at that point nobody has scored, go another 15 minutes, then if necessary another, and another, etc.

You realize of course the debates might go on all night. If by daylight nobody has won, give the championship to the Dallas Cowboys.

Changing the subject, like a politician does when he doesn't know the answer either, I understand that England is in grave financial trouble. The English pound, which used to be worth \$4.80, has now dropped to \$1.63.

England is in worse shape than she realizes, when you consider that on top of her pound's now being worth only \$1.63, a dollar is worth only 50 cents. Figure it out for yourself.

The British need to be shielded from this awful truth and I hope you won't allow any copies of this issue of the Journal to get into England. Tell your subscribers over there who miss this issue it must have been the post office's fault.

Yours faithfully,
J.A.

Lieutenant Governor Report By Bill Hobby

AUSTIN-I recently had the privilege of speaking at ground-breaking ceremonies for new facilities at the Austin State School and used the occasion to discuss the history and developing philosophy of state care for the mentally retarded. In this and a subsequent column, I would like to share a portion of my remarks with you.

In 1848, Dr. S. G. Howe, an American pioneer in mental retardation, wrote, "It appeared to us certain that the existence of so many idiots in every generation must be the consequence of some violation of the natural laws--that where there was so much suffering, there must have been sin." This attitude and others even more disturbing dominated the thinking of American society, including the medical community, regarding the mentally retarded until well into this century.

These ground-breaking ceremonies reflect society's new attitudes toward the mentally retarded. The retarded are no longer viewed, by the thoughtful citizen, as deviants from the natural order, but as individuals with particular problems who are deserving of care and treatment emphasizing development of potential. In Texas, the careless warehousing of the mentally retarded is no longer acceptable.

Those who have been involved in the evolution of care for the mentally

retarded are well aware that recent years have witnessed a conflict of opinion between those who would rely solely on the large institution as the proper unit of treatment for the mentally retarded and those who would endorse only the small, community-based facility. Fortunately for all concerned, particularly the mentally retarded themselves, these two theories have now met on middle ground which recognizes that both the institution and the community-based facility are requirements of a comprehensive system providing care to all of the mentally retarded.

Each mentally retarded citizen is not alike. Treatment for each cannot be alike, if it is to be effective. Some require institutional care and

always will. The State of Texas has an obligation to provide this type of care in modern, effective, pleasant facilities. Others can best benefit from community-like and/or community-based care. The State of Texas has an obligation to provide this type of care also.

The facilities for which we break ground symbolize these new attitudes of treatment for the mentally retarded. The modernization of the Austin State School Campus, Texas' first state school, is proof of the State's continued support of the state school as an appropriate method of providing care to the mentally retarded.

Someone wants to know why anyone should go to church; it might be better to tell us why anyone should not go to church.

Special thanks was given Bailey County Electric Cooperative who sponsor the annual banquet and for their support of the youth organization.

Awards were presented by Bailey County Agent Spencer Tanksley and Robin Taylor, Bailey County Home Extension Agent, with Bailey County Judge Glenn Williams making the Gold Star presentations.

Star winners in other divisions included: CLOTHING--Shelly Sain, Jana Grumbles, Trina Seals, Beth Harmon, Michelle Parkman, Tamara Gilliland, Keava Roming, Staci Kirby and Twila Beth Downing.

SWINE--Tracy Tunnell, Greg Harrison, Jo Ronda Rhodes, Curtis Hunt, Jason Scoggins, Darin Shaw, Lavon Rhodes, Johnny Puckett, Tori Hunt and Brian Kirby

SHEEP--Ben Harmon LEATHERCRAFT--Kristi Henry, Mike Henry, Monti Vandiver, Kacy Henry and Danny Seales.

HORTICULTURE--Tyrry Vandiver, Justin D. Helton and Mandy Jo Plank.

BEEF--Belinda Wheeler, Jay Gleason, Jerry Gleason, Kelly Harrison and Craig Kirby.

HORSE--Julie Claunch, Shane Claunch, Sharon Carpenter, Kim Farmer and Casey Farmer.

CITIZENSHIP--Staci Vandiver. ACHIEVEMENT--Jimmy Gleason, Jacinda, Gleason, Kenny Henderson, Nancy Ramm, Sharla Farmer.

PHOTOGRAPHY--Sheila Hunt and Brenda Flowers. FOODS--Delia Shaw and Kim Wilson.

LEADERSHIP--Curtis Carpenter. CLOTHING--Pryncess Parkman.

HOME MANAGEMENT--Tim Sain. SAFETY--Perry Flowers. 1976 MEMBERS WHO TURNED IN D-FORMS OR PARTICIPATED IN FOOD SHOW OR DRESS REVUE--Dana Smith, Dorinda Shafer, Ruth Coleman, Teresa Coleman, Staci Schroeder, Paula Snell, Andy Snell, Lincoln Snell, Johnny Maddox, Lance Wenmoths, Missy Baldwin, Courtney Brown, Twila Downing, Latrece Barrett, Michael Barrett, Steven Griswold, David Pruitt, Vana Pruitt, Twila Beth Downing and Many Jo Plank.

Welding...

Cont. from Page 1
Farmers interested in attending the short course should write or call the teacher of vocational agriculture, either Bill Bickel or Hyatt at 272-3457. An entry fee of \$15 will be charged. Oxy-acetylene welding short course certificates will be presented each enrollee who attends all the training sessions. The instructor at the sessions stated that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in oxy-acetylene welding, factors controlled by the operator in oxy-acetylene welding, choosing adjusting torch flames, types of welding rods, preparation of joints, distortion, cutting and hardsurfing.

Education: The understanding that you do not have to believe what someone tells you to believe.

Cont. from Page 1
maintained a slim lead since the first contest of the season. Mrs. Gilbreath was holding her lead due to a first and third place win. However, she has been edged out of the lead for now by Gutierrez, who has come up with a first and second place win. With the season only half over, there may be changes again before a winner is determined.

Remember, there is no Muleshoe game this week, as the Mules are taking a well-earned break, and Coach Don Cumpton is hopeful of having most of the five starters back on the field when district play starts on October 15.

Coach Cumpton said he and all the team and coaching staff very much appreciate the continued support of local people for the team efforts, and his is looking forward to a good district season.

Also discussed, with no action taken, was a 'peddler' or 'salesman' ordinance for the city, and an update on requirements for mobile homes in the city. No action was taken on two applications for the position of municipal judge for the city of Muleshoe.

Rotary...

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN -- Supreme Court Justice Lewis F. Powell Jr. has ruled the name of former U.S. Senator Eugene McCarthy must appear on the Nov. 2 ballot in Texas as an independent presidential candidate.

Secretary of State Mark White said the high court's decision will create chaos for state election officials. White labeled Powell's ruling "harmful" and "expensive."

Powell also ruled McCarthy does not have to submit petitions bearing signatures of voters supporting his candidacy to the secretary of state.

Officials announced the state will attempt to get the Supreme Court to reconsider its decision. Robert Lemons, director of the election division of the secretary of state's office, said the decision may delay absentee balloting in some areas.

He said printing firms are already having difficulties with the already large Texas general election ballot and some may not be able to add McCarthy's name. One Austin company which prints ballots for 60 counties and punch cards for six others said 240,000 paper ballots had already been printed.

McCarthy's name is now on the ballot in 27 states and he is attempting to get on the ballot in 16 other states.

Justice Powell said he conferred with other Supreme Court justices on the matter, and a majority agreed. However, he said justices Byron R. White and William H. Rehnquist requested that Powell indicate on his order that they do not concur.

Amendment Pushed A Woodville attorney is heading a statewide committee to sell Texas voters on adoption of Constitutional Amendment 2 which calls for a \$100 million addition to the state's clean water bond program.

Josiah Wheat, chairman of the Texans for Clean Water Committee, said less than \$25 million of the

original \$100 million remains in the Water Quality Enhancement Fund approved by voters in 1971.

The self-liquidating state bonding program was designed to aid cities and towns with construction of sewage treatment facilities. Local governments borrow money, on a pay back basis, from the fund to improve or rebuild their facilities when money is not available from other sources.

The additional \$100 million "must be provided if Texas communities are to improve their sewage treatment facilities and the rivers and streams in the state are to be properly protected," Wheat said.

Wheat pointed out that "Citizens Against Water Taxes" and similar groups are not opposed to Constitutional Amendment 2. He said these groups are dedicated to defeating Amendment 1 which would authorize the sale of an additional \$400 million in Texas Water Development Bonds to be used for water development purposes.

Briscoe Eyes UT Budget Despite previous conflicts with University of Texas officials, Gov. Briscoe says he doesn't want to do any "hatchet job" on UT's budget, but he does want to make all universities accountable for their spending.

House Higher Education Subcommittee members seem to agree with the governor. Committee members said they felt demeaned and insulted by educators after the committee called for a limit on the number of teaching assistants at state-funded institutions.

Bell Hearings Set Hearings on Southwestern Bell's rate increase request will get underway Nov. 1 before the Public Utility Commission.

PUC limited the number of attorneys who can take part in the hearings and set

up categories for protests: the Municipal League representing over 90 cities; U.S. General Services Administration; AFL-CIO and consumer groups; Communications Workers of America and Texas Retail Federation. The Commission also suspended Bell's increase for 120 days. Bell proposed the rate hike to become effective Oct. 7.

PUC refused to order Bell to publish a consumer bill of rights in its December directories.

Hobby Irked Senate Secretary Charles Schnabel's retention by the Senate drew Lt. Gov. Bill Hobby's ire. Hobby said Schnabel "absolutely" should be fired.

Schnabel pleaded guilty to a misdemeanor in return for dropping five felony indictments. He received a \$2,000 fine and one year's probation. Some grand jury members weren't happy with the leniency of the sentence.

Meanwhile, Attorney General John Hill issued a report calling for a number of reform measures in the Senate Secretary's office, including closer auditing and accounting procedures, eliminating the use of payroll checks for other services, prohibiting cashing of state warrants by loan companies without employees' endorsements and stricter inventory procedures on Senate property. Hobby and Schnabel agreed on the reform measures. However Hobby said the Senate Administration Committee had already considered and adopted some of the reforms.

AG Opinions The Brenham State School is not a public school and is not entitled to available school funds, Atty. Gen. John Hill has held.

In other recent opinions, Hill concluded: A state-supported institution of higher education is a "governmental agency," and as such its employees are exempt from the Psychologists Certification and Licensing act.

A 1971 act granting Corpus Christi submerged lands for a public beach with compensation to the School Fund is unconstitutional.

tional. The Texas Surface Mining and Reclamation Act does not authorize regulation by the Texas Railroad Commission of surface mining operations solely involving production of clay.

Short Snorts Rep. Dave Allred, Wichita Falls, is in Austin's Brackenridge Hospital recovering from injuries received in a recent auto accident. His son, James, was also injured in the three-car mishap.

Despite rumors to the contrary, Rep. Calvin Rucker of Cedar Hill says he has no plans to quit the House for a state job.

State Treasurer Jesse James reports tourists paid \$10.3 million in hotel-motel taxes in the 10 months ending June 30, an increase of 13.5 per cent.

GOP Chairman Ray Hutchison is trying to persuade Ronald Reagan to come to Dallas and other Texas cities to work for Republican candidates.

Supreme Court nominee Donald Yarbrough says he might not stay on the court for a full term if elected in November.

NEWS VIEWS Robert Griffin, Senate GOP Whip: "Were all our public figures Mike Mansfields, there would be no need to restore public trust in government."

MISS KARLA HALL

Bridal Shower Fetes Miss Karla Hall

A bridal shower Saturday afternoon, October 2, from 2:00 until 3:30, in the home of Mrs. Hilbert Wisian, honored Miss Karla Hall, bride-elect of Trent Stewart.

The decorations were carried out in the bride's chosen colors of yellow and white. A white cloth, edged in lace covered the serving table, and the centerpiece was a floral arrangement of yellow mums. Banana punch and thumbprint cookies were served to the guests by Connie McDonald.

Special guests for the shower were the honoree, her mother, Mrs. Kenneth Hall, Mrs. Charles Stewart, mother of the prospective groom, and grandmothers, Mrs. Luther Hall, Muleshoe and Mrs. Elizabeth Barnett, Clovis, New Mexico.

The hostess gift was a Card-table and Chairs. Hostesses for the occasion were Mrs. J.L. Calvert, Mrs. David Sudduth, Mrs. Don Bruns, Mrs. Butch Cox, Mrs. Roy Whitt, Mrs. Ethel Julian, Mrs. Dale Burden,

Mrs. Betty Bruns, Mrs. David Stovall, Mrs. Roy Locker, and Mrs. Hilbert Wisian.

Study Club Attend Workshop

Members of the Muleshoe Study Club will participate in the seventeenth annual fall board meeting and workshop of Caprock District, Texas Federation of Women's Clubs, October 16, in Ralls.

Mrs. Jack M. Akin of Denver City is president of the district, which includes 63 clubs. Mrs. A.C. Neely is president of the Muleshoe Club.

The Texas Federation of women's Clubs, founded in 1897 and headquartered in Austin, provides opportunities for 100,000 women across the state to serve their communities while expanding their personal interests and education.

It is a part of the General Federation of Women's Clubs, the largest group of federated women in the world. GFWC is headquartered in Washington, D.C.

ESA Held Tea For Pledges

Sunday, October 3, ESA held their Preferential Tea for their new pledges. The home of Mrs. Andy Douglass served as the setting for the tea.

Hostesses for the occasion were Mrs. Andy Douglass and Mrs. Ronnie Barrett. They served banana slush punch and thumbprint cookies, on an arrangement of cut crystal. Various table decorations used were antiques of Mrs. Andy Douglass.

Members attending were Mrs. Ronnie Barrett, Mrs. John Birdwell, Mrs. Ed Cox, Mrs. Jim Crawford, Mrs. Andy Douglass, Mrs. Mack Garrett, Mrs. Terry Hillin, Mrs. Richard Kimbrough, Mrs. Al Martin, Mrs. Terry Parham, Miss Virginia Bowers, Miss Judy Lambert and Mrs. Bill Holman, one of the new pledges.

From The Journal Files

10 Years Ago

Several Muleshoe men are at L.B.J. Lake fishing. Going Saturday were Doc Botkin, Harmon Elliott, Dr. Beaty, Roger Albertson, Frank Ellis, Olan Burrows and Alex Williams. The men will return Friday.

Friday, marks the end of the first six weeks school session meaning the 1966-67 term will be one-sixth through, Neal Dillman, superintendent pointed out Wednesday. Examinations are being given today and tomorrow.

The DeAlgodon Study Club at Maple have re-scheduled their tour of the court house in Muleshoe for Thursday at 4 p.m.

Judge Glen Williams will be in charge of the tour.

30 Years Ago

Mr. and Mrs. Irvin St. Clair attended the football game in Morton Friday night.

Reinhold Steinbock has his irrigation well about completed.

Mr. and Mrs. Sherman Morgan of Lubbock visited in the home of Mr. and Mrs. Harold Weyer Friday. Mr. Morgan is a brother of Mrs. Weyer.

Mr. and Mrs. A.V. Evans and Mr. and Mrs. Al Simms of Taft, Calif., have been visiting in the home of Mr. and Mrs. Ray Griffiths and family. They are the parents of Mrs. Evans.

40 Years Ago

Mrs. Clyde Holt and son, Jimmy, of Morton visited relatives in Muleshoe, Sunday. Mrs. Holt and Jimmy are re-

maining for a few days visit.

Mr. and Mrs. Charles T. Lenau, Sr., of Hobart, Okla., have been visiting in Muleshoe for the past several days with their sons, Charles Lenau, Julian Lenau and wife.

Charley Long purchased a new V-8 Ford tudor sedan for the Muleshoe Motor Co., the latter part of last week.

D.O. Smith made a business trip to Amarillo Thursday of last week.

Progress 4-H Discuss Reports

The Progress 4-H met on Tuesday, September 21, at the Lariat Lutheran Church. The President, Curtis Carpenter called the meeting to order and Jo Ronda Rhodes called the roll. The treasurer's statement was given by Tommy Wheeler.

Sharon Carpenter led the Pledge of Allegiance; Clayton Ramm led the 4-H pledge and Sharla Farmer said the 4-H pledge.

Reports were given by Keva Roming on August family picnic; Curtis Carpenter, on Horse Club projects; Mrs. Robert Hunt on Adult Leaders Forum; Sharla Farmer, on Electric Camp and Mrs. Robin Taylor on Bailey County 4-H Fair. All who attended Camp at Brownwood were recognized.

All members then signed project sheets for this year.

Those attending the meeting were Curtis and Sharon Carpenter; Michael Davenport; Sharla, Casey and Kim Farmer; Steven Griswold, Greg Harrison; Kacy, Kristi and Mike Henry; Sheila, Curtis, and Tori Hunt; Twila Downing; Connie and Johnny Puckett; Clayton and Nancy Ramm; Dusty, Jo Ronda and Lavon Rhodes; Keva Roming; Jason and Preston Scoggins; Dorinda and Lynette Shafer; Darin and Delia Shaw; Curtis, Paula, Andy, Dennis, and Lincoln Snell; Curtis and Tommy Wheeler; Carla Shafer; Linda Cain; Donna Parish; and Dana and Jimmy Holmes.

Dangerous

As the new barber nicked the one-armed stranger for the second time, he said, "You have been here before?"

"No," said the stranger sadly, "I lost this arm in a sawmill."

MRS. THOMAS E. ALAIR

Mrs. Thomas Alair Is October Artist

Mrs. Thomas E. Alair is the artist for the month of October. Her husband is engaged in agriculture and they live north of Springlake. They have one daughter, Mrs. George T. Denton and three sons. They are Jimmy, Johnny, and Eddie, all of Springlake.

Mrs. Alair's education was received from Springlake-Earth High School; honor's graduate with B.S. Education; all level Art and Secondary English; M.A. Art. She has attended West Texas State University in Canyon and did graduate work at Texas Tech in Lubbock. She had studio classes with Larry Hilburn of Taos, N.M.

Workshops she has attended are Milford Zornes, Watercolorists, of Mt. Carmel, Utah; Emilio Caballero, of Amarillo; Pat Drahn, of Lubbock; Mutt Still, of Littlefield and Paul Solder, of Aspen, Colo.

She has taught studio classes at her own studio in oil painting, water color, and pottery. She does her own glaze formulations and firing at studio.

She has taught her children and teen classes the past June, and July at the Art Loft in Muleshoe. She prefers personal involvement gained from teaching small groups, in an informal atmosphere.

"Art should be personal and an honest expression of the artist's emotions and experience; however, art finds its highest expression when the

works of the artist finds empathy with the viewer and touches emotions which bring the artist and the person seeing the painting close in a shared experience. In this way, art transcends race, language, culture, to bring persons to the humanness inherent in us all. Not only does art have its place in recording history and culture, but also as a universal language which brings all people understanding of other."

She has shown her works in Canyon, Amarillo, Dimmitt, Muleshoe, Austin, Taos, N.M., and has participated in Texas Fine Art Circuit Show.

Mrs. Alair has private collections in Texas, Oklahoma, New Mexico, Colo., Penn., Virginia, Tenn., La., Calif., and N. Carolina.

BIBLE VERSE

1. Who was the author of this verse?
2. To whom was he writing?
3. Just what does it mean for us today?
4. Where may it be found?

Answers To Bible Verse

1. Paul the Apostle.
2. The church at Corinth.
3. Each of us should strive to do our utmost to develop our lives along high ideals and motives.
4. I Corinthians 12:31.

Nursing Home News

By Annie Brown

The ladies of the UMW of the First United Methodist Church gave the September birthday party on Thursday, September 23. Those celebrating birthdays in September were Annie Brown 78, Martha Williams 89, Effie Bray 95, Kadie Newton 84, Authur Perkins 72, Annie Nicholson 99, Pearl Goodin 81, and Ben Kube 75.

The ladies served birthday cake and punch to 30 residents. Entertainment was furnished by Zed Robinson. Red coronation corsages were presented to all the honorees by Beavers Flowerland and a Daisy birthday arrangement was presented by Decorators 216.

The ladies of the UMW of the ses for the UMW were Mae Wilterding, Bea Kent, Doris Wedel, Maude Robinson and Clydetta Mitchell. The party was nice and it certainly was appreciated.

Those participating in the regular Tuesday afternoon "42" game were Durard Head, Mae Wilterding, Walter Damron, Rosie McKillip, Connor Burford, Arthur Perkins, Marie Engram, Opal Talley, Carrie Boydston and Penny Malone.

We want to express our appreciation to the Lazbuddie Baptist Church for the blessings they have brought us in the regular devotionals on Monday and Friday mornings all the month of September. The Trinity Baptist Church is bringing the devotionals for October.

Some of the residents are now involved in making Halloween decorations. It looks like we'll really be ready for the Trick or Treaters

Martha Williams' son, Roy Williams, visits his mother almost daily. She sure enjoys the homemade goodies he brings.

Sybil Simpson from Clovis was here Wednesday to visit her mother, Annie Brown. They had lunch at the Dolly Cup and then toured Muleshoe. Mrs. Brown was amazed at the new homes recently built in Muleshoe.

Arthus Crow has moved into the home. We want to extend our warmest welcome to him.

DEMOLAY LUNCHEON... DeMolay's had their luncheon on September 30 in the Masonic Hall, from 11:00 a.m. to 2:00 p.m. Meats, vegetables, salads, breads and desserts were served to the public. Just a few of the people that were served are Mrs. Pat Bobo, Mrs. Bernard Phipps, Mrs. Charles Lenau and Mr. and Mrs. Jack Hysinger.

Halloween Costume Safety This Year

COLLEGE STATION—As Halloween nears, safety comes to mind—especially costume safety.

Claudia Mitzel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, suggests some ways parents can make children's "trick or treating" safer this year.

—Consider using make-up to decorate the face rather than

wearing a mask which may block vision.

—Sew or glue reflective tape to both front and back of the costume, be creative and incorporate the tape into the costume design.

—Check labels or packaging on purchased costumes for flame retardant finishes. Children may be exposed to many direct sources of fires such as lighted pumpkins, colorful candles or open fires for toasting marshmallows.

—For home-sewn costumes, select fabrics that have a flame retardant finish. Or apply one at home...aerosol or home made. But remember that the commercial aerosol may not be effective on all fabrics, so check the aerosol label.

The specialist suggested a recipe for making flame retardant finish, but cautioned that this solution will work only on costumes made of muslin, bur-lap, old sheets...in other words, items made of cottons, cotton blends or other natural fibers. It is not good on synthetics or resin-treated cottons.

Dissolve three ounces of boric acid in two quarts of hot water and stir in seven ounces of borax (boric acid and borax are available at drugstores).

Soak the costume in this solution for about five minutes, then wring out and hang. When just damp, iron until dry.

"This solution will not appreciably change the fabric, although any fabric that will shrink or discolor in water will be affected by the solution. This treatment will not fire-proof a costume, but will help it to resist ignition and spreading the fire. It will be effective until the costume is laundered."

One birthday a year is enough.

Parents.. Don't Let Your Children Burn

COLLEGE STATION—To determine whether your children qualify as "firemen," put them through the recommended "fire drills" in this series and then give them the paper-and-pencil test below.

You can read the questions to the test while they mark the answers. Don't accept a score of less than 80. When they pass, they might get a toy fireman's badge, fire truck or other reward, symbolizing their new status and achievement.

As a further project, the family can visit their local fire department. Available firemen would be glad to show their equipment to visitors. Even then, don't let this be the end. Children need "refresher courses" and much practice to make escape from fire an automatic response.

FIRE QUIZ—TRUE OR FALSE

1. If you awaken in the night and smell smoke, you should run and open the bedroom door to see where it is coming from.
2. Smoke contains poisonous gases and can kill you if you breathe much of it.
3. When phoning the fire department, say "our house is on fire!" and hang up quick.
4. If there is a fire in your house, you should not tell anyone but should go directly to the phone and call the fire department.
5. If there is a grease fire in the oven or skillet, you should throw water on it.

6. In a fire, stairways are usually filled with smoke and heat.

7. If your clothes catch on fire, you should run for help.

8. You should always get out of a burning building even if the fire is small.

9. If a closed door feels warm to your hand, it means that flames and smoke are on the other side and you should not open the door.

10. You should never go in buildings in which there is a fire.

ANSWERS: 1 (F) Never open the door without first placing your hand on the panel or knob to determine if they are warm.

2 (T) 3. (F) State your name and address and wait until the fire department repeats the address back to you before you hang up.

4. (F) Always get everyone out first, and then notify the fire department if you have time to do so safely.

5. (F) Water will splatter the flames. Instead, toss on baking soda or cover the skillet with a lid to smother the fire.

6. (T) 7. (F) Running is the worst thing to do. Roll up in a rug or blanket or roll on the floor.

8. (T) 9. (T) 10. (T).

A fact sheet summarizing this five-part series on teaching children how to survive a fire may be obtained by calling or writing your county Extension agent.

Money should not be the end sought in life.

Lazbuddie FHA Had Kidnap Breakfast

The Lazbuddie FHA started off the year with a bang. On Monday September 6, the members and incoming members met at the home economics department at Lazbuddie. Eggs, shaving cream, lipstick and onion soup seemed to be the new members favorite.

New members were Terri Clark, Jalayne Collins, Tina Thompson, Nikki Rowton, Lisa Menefee, Angela Matthews, Debra Zamora, Elva Gallegos, Amanda Ambriz, Veda O'Conner and Earlene Burton.

Later in the month, FHA gained another member Tammy Wall. They had 18 regular members attend. Also including the sponsor, Mrs. Gail Morris.

Refreshments were popsicles. Freshman also participated in other activities throughout initiation week.

September 17, the freshman were surprised with a "Kidnaping". They were picked up at 1:00 in the morning and were taken to the school house and had a slumber party. During the party there were refreshments to munch on.

Sponsors for the night were Mrs. Don McDonald, Mrs. Bill Jennings, and Mrs. Don McGuire. After an hour of sleep, they had breakfast and delivered the sleepy freshman home.

Then on September 20, was installation for new members. At the meeting, the new members and regular members found out what's in store for the new year in FHA.

A miser isn't as bad as those who don't know how to give of themselves.

ABOUT YOUR HOME

By April Rhodes

For a colorful effect next spring, plant tulips, hyacinths and daffodils in clumps during October.

To get the maximum amount of heat from your heating system put in new filters.

Early fall is a good time to prepare new flower beds. Spade 8 to 10 inches deep now and again in spring before planting.

Clean and refill your bird feeders. Some of the migrating birds may spend the winter in your yard.

Before storing your small yard tools, clean off any accumulated dirt and rub the metal parts with oil to prevent rusting.

Brisk walking, an excellent exercise, is most enjoyable at this season when mother nature has displayed so much beauty.

INTRODUCING Kent Kelley

"Car Capital Of The West Plains"

LUNCHEON DRAWS A CROWD... On Thursday, September 30, the DeMolay Mothers served a luncheon at the Masonic Hall from 11:00 to 2:00. They served over 200 people, sold over 200 tickets and brought in around \$368.00. The money made will go to the DeMolay boys for their trip to Conclave later on.

Delta Kappa Gamma Workshop

Lubbock Chapters of the Delta Kappa Gamma Society International of Alpha State were hostesses for an Area IX Workshop held at Mackenzie Junior High School, Saturday, October 2.

Mrs. Mary Rowlette, Lubbock, Area Director, presided and directed the Workshop. After the presentation of the colors, directed by Dr. Madge Davis, and the singing of the National Anthem, led by Miss Ruby Lee Bevell, Dr. Doyle H. Ragle gave the invocation. Dr. E.C. Leslie, assistant Superintendent for Lubbock Public Schools gave the welcome.

Mrs. Lagina Hale, State Corresponding Secretary, brought greetings from Alpha State. Workshop directors were introduced and the participants adjourned to the eleven miniworkshops. They covered all areas of the Delta Kappa Gamma organization, programs, membership, finance, research, publicity, scholarships, music and projects.

Lunch was served in the cafeteria to more than 350 members from 25 counties in the region.

Miss Jessie Sim, International Treasurer and past Alpha State President, gave the keynote address "...And I will Leave a Trail." She reviewed the accomplishments of the Society during the past 50 years relative to trail blazing and then projected on some ways the purposes of Delta Kappa Gamma may be implemented in 2026.

Adjournment came after singing the official Delta Kappa Gamma Song.

Members attending from Muleshoe were: Miss Virginia Bowers, Treasurer, Mrs. Joe

Costen, Mrs. Clinton Finley, Mrs. Kathleen Francis, Mrs. Dorine Harbin, Mrs. James Jennings, Mrs. E.W. Johnson, Mrs. John Miller, Mrs. Jack Obenhaus, President, Mrs. W.O. Rudd, Mrs. Eric Smith, and Mrs. John Watson.

Other members from Epsilon Delta Chapter attending were Mrs. Kenneth Lynn, Mrs. Charlene Reast, Mrs. Daphene Smith from Littlefield; Mrs. Jimmie Jenkins, Mrs. Melvin Rape and Mrs. Oneta Gary, Secretary, Olton.

Sometimes it's profitable to turn down a bargain.

big-kid look

For fashion-wise small fries! Bouncy, bendable and super tough bottom looks really neat... just like big brother's and sister's.

RECIPE

By Sarah Anne Sheridan

If your family has a sweet tooth and you are always looking for a different recipe, try this one. The Autumn Fruit Cake may suit your family even better than the overly rich Christmas fruit cakes.

Autumn Fruit Cake

- 2 sticks oleo
- 2 c sugar
- 5 eggs
- 1 lb. box Graham cracker crumbs.
- 1 can coconut
- 1 can crushed pineapple (drained)
- 1 c chopped nuts
- 1 t baking powder

Cream butter and sugar.

Add eggs one at a time, beating well after each addition. Add other ingredients except nuts. Mix thoroughly, add nuts. Bake in a greased tube pan for one hour and ten minutes at 325 degrees.

Topping:

Cream together 4 ounces cream cheese and 2 tablespoons softened butter. Add 1/2 box confectioners sugar, 1 teaspoon vanilla and 1/2 cup chopped nuts.

It's not what a man makes but what he saves that gives him security.

TDHR Records Change Location

Some 20 million vital records of the lives and deaths of Texans moved to their new home recently. The Bureau of Vital Statistics of the Texas Department of Health Resources left its residence of 33 years, moving into a brand new 32,000-square-foot facility headquarters in north central Austin.

The new facility is part of the Department's \$6.7 million construction program, authorized by the last Legislature and now nearing completion. An eight-story office tower and a 40,000-square-foot service building also have been added to the complex.

For the Bureau of Vital Statistics, the move was the culmination of years of planning. Now, at last, the millions of records of Texans' births, marriages, divorces, and deaths will be housed on one level, carefully designed to afford maximum protection and practical accessibility. The

Bureau routinely provides some 1.1 million services to the people of Texas each year, including searches for records and certification of copies.

According to Don Carroll, State Registrar of Vital Statistics and chief of the Bureau, the great bulk of the Bureau's work involves recording births and deaths. For every child born in Texas, the attendant at the birth must file a certificate of birth with one of the one thousand local Registrars of Vital Statistics. Similarly, funeral directors file a certificate of death with the local Registrar. The original records are then forwarded to the State Bureau.

Marriages are reported directly to the Bureau by the County Clerk in each county, and divorces are reported by the District Clerk for the court where the divorce is made final.

There are, however, other kinds of important records that receive special handling. Carroll

explains. For example, when a child is adopted, the District Clerk forwards a Certificate of Adoption to the Bureau. A new birth record is then created, showing the child's adoptive name and the names of the adoptive parents. Carroll says, "The new certificate does not mention the fact of adoption."

At the same time, the Certificate of Adoption and the original birth certificate are placed in a sealed file. According to Carroll, "Any person wishing to examine the instruments contained in such a file must obtain an order from a court of competent jurisdiction."

Legitimations—where the parents marry subsequent to the child's birth—also are recorded by creating a birth record.

Amendments sometimes must be made to birth records, when a person discovers that the record on file is inaccurate or incomplete. All that is necessary, Carroll says, is for the

person to file an application to amend the record, stating clearly what information is to be added or corrected. These amendments are extremely important, since an inaccurate bit of information on the birth certificate can lead to all sorts of problems later in life.

Obtaining a copy of one's own birth certificate is relatively simple. Anyone who wants a copy of his own birth certificate, or that of his child, can write to the Bureau of Vital Statistics or to the County Clerk or local Registrar in the county where the birth occurred. The request should include the name, date and place of birth, and the names of the parents (including the mother's maiden name). A two dollar fee must be enclosed with the request.

Anyone who has any questions about these records should write to the Bureau of Vital Statistics, Texas Department of Health Resources, 1100 West 49th Street, Austin 78756.

Ag Chemicals Conference Draws Near

Speaking on the future of corn, sorghum, wheat, cotton, water and natural gas, a lineup of six noted agriculturists will kick off the 24th Annual Agricultural Chemicals Conference at Lubbock's South Park Inn Wednesday morning, October 6.

Actually, registration and exhibits will be set up the evening before at 4 o'clock, with a social hour beginning at 6:00 p.m. The gathering gets down to business, though, on Wednesday morning with registration at 8:00 a.m. and welcome at 8:45. Dr. Phillip Gramm, economics professor from Texas A&M University, will keynote the morning session, speaking on the subject, "Political Answers to Producers Headaches."

The executive secretary of Texas Agricultural Chemicals Association, Harry Whitworth of Austin, concludes the morning session with a speech on fertilizer and agricultural chemicals.

An economic analysis of High Plains crops, a review of greenbug problems and a discussion of fuel costs in production highlight the afternoon portion of the program. A corn symposium featuring presentations on weeds, fertility, insects, diseases and water will round out the day's discussions.

An awards banquet that Wednesday evening will feature as speaker Reagan Brown, assistant to Governor Dolph Briscoe. During the evening ceremonies, West Texas Agricultural Chemicals awards will be presented.

On Thursday morning, a multi-screen slide presentation will retrace and spotlight developments of the fertilizer industry over the last 100 years. A business meeting, including election of officers of West Texas Agricultural Chemicals Institute, concludes the three-day event.

The West Texas Agricultural Chemicals Institute is an organ-

ization encompassing individuals from all facets of agricultural chemicals and agribusiness industries. Their purpose is to promote West Texas agriculture.

A question which defies an intelligent answer is: "How are things in Washington?"

Smart business men are now making plans to get the Christmas shopper's cash.

Home-making may be a lost art but there's much to be said for the ancient custom.

About half the people of the world are busy trying to direct the lives of the other half.

Money multiplies the power of man for either better or worse.

Enochs News

By Mrs. J.D. Bayless

Rev. and Mrs. Charles Vanlandingham of Raton, N.M., spent Wednesday night with his mother, Mrs. Josie Vanlandingham.

Mrs. J.E. Layton and son, Jarrol, was admitted to the Littlefield hospital Monday. Mrs. Layton had minor surgery. They were dismissed Wednesday.

Mrs. Bill Burris of Willman and daughters, Teresa and Janace, spent Monday and Tuesday with her father and cleaned his house for him.

Jake Henderson was admitted to the West Plains hospital in Muleshoe last Sunday.

Mr. and Mrs. Dennis Newton and sons, of Stinnett, came Friday for a visit with his

parents, Mr. and Mrs. Bob Newton. They went to the Farmers Co-op Gin fish fry, Saturday evening.

Mr. and Mrs. Gene Autry and children, of Dimmitt, spent Saturday night with his parents, the Edd Autry's.

W.M.U. met at 9:30 a.m. Tuesday for their monthly business meeting with Mrs. Harold Layton in charge. Mrs. Dale Nichols gave the call to prayer and Mrs. Alma Altman gave the benediction.

Those attending were Mrs. Alma Altman, Mrs. Charlie Shaw, Mrs. J.W. Layton, Mrs. Dale Nichols, Mrs. L.E. Nichols, Mrs. C.C. Snitker, Mrs. J.D. Bayless and Mrs. Harold Layton.

Mr. and Mrs. Orbe Phillips are at home after a visit with her uncle, Mr. and Mrs. George Henderson, at Azle. They also visited Rodney Jarvis at Rising Star.

Mrs. Winnie Byars drove to

Welch Thursday afternoon and spent until Saturday at her son's, Mr. and Mrs. Tom Byars.

Sherrri Henderson came down with a case of the mumps last Sunday.

Mrs. J.W. Layton went to the Medical Arts Hospital Thursday and took her sister, Mrs. H.H. Snow home. She spent the day with her and Mrs. Edward Crume went to visit her Friday.

Mr. and Mrs. J.W. Layton drove to Crosbyton Tuesday and spent the night with a grandson, Mr. and Mrs. Clyde Ellison. They visited his daughter, Mr. and Mrs. Eldred Mize Wednesday before returning home.

Mr. and Mrs. Raymond Austin visited with an Uncle, Mr. and Mrs. Royce Shelly and daughters, from Bentonville, Ark. at the home of her brother, Mr. and Mrs. Clarence Moore, at Clovis, N.M. Thursday.

Dinner guests in the home of Mr. and Mrs. Bob Newton

Sunday were all of their son's, Mr. and Mrs. Dennis Newton and sons, of Stinnett; Mr. and Mrs. Tom Newton and son, of Three Way; and Mr. and Mrs. Steve Newton, of Lubbock.

Also her parents, Mr. and Mrs. L.G. Fred of Enochs and a sister, Mr. and Mrs. Benny Frey and daughter, Mr. and Mrs. Bill Roger, Connie and Roger of Levelland.

Mr. and Mrs. Ray Seagler drove to Midland Tuesday for a visit with their daughter, Mr. and Mrs. Royce Lane. They spent Friday night with their son, Mr. and Mrs. Charles Seagler, at Wilson.

Mr. and Mrs. Junior Austin and sons, Carey, Grey and Jeff, of Lubbock visited his parents, Mr. and Mrs. Raymond Austin Saturday afternoon. They went to the fish fry at the Co-op Gin.

There were 167 registered for the annual fish fry at the Farmers Co-op Gin Saturday evening.

Mr. and Mrs. Donal Grusendorf of Plainview spent Saturday night with her Mother, Mrs. Rowena Richardson and her aunt, Miss Vina Tugman.

The Peterson family had their family reunion at the Club House in Idalou. There were eight of the Peterson children present. They were Mr. and Mrs. Charlie Meyers, of Ralls; Mr. and Mrs. Buford Peterson, of Enochs; Mr. and Mrs. G.H. Montgomery, of Ikalou; Mr. and Mrs. M.L. McAfee, of Idalou; Mr. and Mrs. M.G. Hazel, of Lubbock; Mr. and Mrs. L.B. Peterson, of Slayton; Mr. and Mrs. E.G. Peterson, of Cooper; and Mr. and Mrs. Earl Peterson, of Muleshoe, and Cousins of his father attending were Mr. and Mrs. Howard Francis, of Miss., and Mr. and Mrs. Robert Peterson, Amarillo. There were 46 in attendance, with one brother, unable to attend. They had a basket lunch at noon.

Cattle Feeders' Seminar Slated At Feedyard

A morning seminar, a complimentary barbeque and an afternoon tour of Olton Feedyards comprise a special field day for cattle feeders and other interested persons at the Olton Community Center on Hwy 70 Thursday, October 14, beginning at 10:00 a.m.

Dip vat management techniques, costs and regulations will be discussed during the morning seminar. That afternoon, guests will tour Olton Feedyards, Inc. where the Hydrasieve cattle dip recycling system will be demonstrated, according to Dr. John M. Sweeten, agricultural engineer for the Texas Agricultural Extension Service, College Station.

Feedlot manager, yard foremen, veterinarians, entomologists and suppliers will be interested in attending this unique event," says Sweeten, who is coordinating the field day. "We will discuss water pollution controls, state and

federal requirements for cattle dipping vat management and cattle economics."

Sweeten says the Hydrasieve system which will be highlighted during the afternoon tour proved successful in reducing pesticide cost and disposal requirements in an Extension result demonstration supported by the Texas Cattle Feeders Association.

Speakers for the one-day event, besides Sweeten, are Dr. James C. Christy, scabbies epidemiologist with APHIS-USA, Amarillo; Dr. Gene C. Cope, a veterinarian, Texas Agricultural Extension Service, Amarillo; Dr. Richard P. McDonald, executive assistant, Texas Cattle Feeders Association, Amarillo; and Dr. Wayne Rose, manager of chemical research, Cutter Animal Health Laboratories, Division of Bayvet Corporation, Shawnee, Kansas. Also, Dr. James B. Young, staff veterinarian with the Texas

Animal Health Commission, Austin; and Ms. Peggy Test, engineering technician, Texas Water Quality Board, Amarillo.

The field day is sponsored by the Texas Agricultural Extension Service, Texas A&M University, in cooperation with Texas Cattle Feeders Association.

The man who earns what he gets will be under obligations to no man.

Most people are optimistic when they consider their own good points.

There are many ways in which people try to have their cake and eat it, too.

Apropos the presidential campaign, how many speeches have you listened to?

SHOULD A CHRISTIAN WORRY? - Philippians 4:6 "Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God." There are at least three things found in this Passage of Scripture that should keep a Child of God from worry. (1) "Be careful for nothing." (2) Under every circumstance pray to God the Father (3) "Take your burden to the Lord and let it with Him." Someone has said that the human family is the natural object of worry - but no more false statement has ever been said. The person who persistently and habitually worries about things over which they have no control is by reason below standard or he fails to trust the Lord completely. I am by no means any kind of example on this particular subject - maybe I'm not smart enough to worry - but my motto is "If you can help it, help it, but if you can't, there is no cause to worry about it."

THIS PASSAGE OF SCRIPTURE SAYS FIRST OF ALL: "BE CAREFUL FOR NOTHING." The word "Careful" fits in perfectly with the English language, because it has almost completely changed its meaning. Originally it meant: "To be full of anxious care." Today it means: "To exercise extreme caution." Here is an example of what I mean: "I am writing in haste to prevent your being anxious, for I will see that you are not worried." Actually the words worry and anxious are synonymous terms - that is having the same meaning. So the writer is warning his people against worry or being anxious. In Matthew 6:25 we have the same sentence in a different expression: "The writer says: "...take no thought." In other words: "Stop perpetually worrying." It is easy to recognize that an unsaved human heart would worry about the problems and difficulties of life - but never a Christian - he has too much going for him. God commands that we "...be careful for nothing." And when we worry we commit sin - because we are not fully trusting the Lord. I remember when I was a child. My father and I would sometimes walk together at night. As we walked along I felt much better and was less afraid of the dark if I could hold his hand. It was just as dark and there were just as many dangers as before - but when I could touch his hand - it brought a comfort and peace within that nothing else could bring. It is just so between the Christian and God the Father in the face of trial, difficulty and heartache.

UNDER EVERY CIRCUMSTANCE PRAY TO GOD THE FATHER: Did you know that the lack of prayer on the part of a Christian opens the door to worry and to every other sin in the book. Name one sin that doesn't come to you through temptation. God said: "Pray, let you enter into temptation." Many say today: "I don't want to go to the Lord with every little problem - I don't want to bother Him." Did you deny the petitions and requests of your children because they were small and insignificant? If a parent knows how to give good gifts to his children - how much more would God understand and give. When I was in High School - I prayed outside the class room door before I entered the room before every examination. I failed on some of those tests - but I could never bring myself to cheat in order to pass. If a problem is too small to go to the Lord with - chances are - it is too insignificant to worry about anyway. Let me say this to you - "Many times we do not receive answers to our prayers when we worry because we are not trusting the Lord for His answer." There is one thing that I like about the Bible. There are many things -

View From The Plain
by J.D. Peer
I & E Field Officer

LUBBOCK - Several hundred ducks have been affected by toxins from ingested bacteria along the western counties of the Texas Panhandle and South Plains.

Type "C" avian botulism affects the bird's peripheral nervous system causing a loss of control in wings, legs and paralysis of the respiratory system. This type of toxin has not been detected in humans and contact with infected birds will pose no threat to the area landowners or hunters.

"It is not unusual to have botulism during this time of year with warm temperatures, heavy rains and incoming waterfowl to Texas," said Max Traweck, assistant waterfowl biologist.

"This same type of botulism occurred last year on lakes with exposed mud flats and the same conditions are present now," Traweck continued.

Landowners, birdwatchers, and sportsmen are asked to report sick or dead ducks to the Texas Parks and Wildlife Department or state game warden in your area. Traweck can be contacted by calling 806/655-3631 in Canyon.

FARMERS

Joint-Venture Sunflower Production Contracts are being offered to Sunflower Producers on the High Plains by a European Firm thru a Joint-Venture agreement with John F. Herzer & Associates of Lubbock.

Cash price to the producers shall be determined on the date of delivery of seed by using the combined price of Sunflower Oil and Sunflower Meal in Rotterdam.

The producer is guaranteed a base price of \$0.09 cents per pound which is correlated to a combined Ex-Tank Sun Oil and CIF Sun-Meal price of \$747.00 per metric ton at Rotterdam. The Joint-Venture Contract offers the producer a \$.50 per metric ton for each \$1.00 fluctuation up or down above the \$747.00 combined price of Sun Oil and Sun Meal.

This Joint-Venture Contract gives the High Plains Sunflower Producers who contract with John F. Herzer & Associates the assurance of a strong Local Market determined by the World Market demands for Sun Oil and Sun Meal based on the Rotterdam prices.

Producers interested in discussing Sunflower marketing through Joint-Venture Contracting or Direct Selling on an open market at harvest are asked to call 792-4418, or 747-0014, or 1-894-3598. JOHN F. HERZER & ASSOCIATES. "THE SUNFLOWER PEOPLE OF WEST TEXAS."

Three Way News
By Mrs. H.W. Garvin

Three-Way football team played WTCA Friday night on the home field, with Three-Way winning the game.

Mr. and Mrs. George Tyson was in Amherst Tuesday evening to entertain the Senior citizen group at their dinner.

Mr. and Mrs. H.W. Garvin visited their daughter, Mrs. Kenneth Fox and children in Clovis N.M. Sunday afternoon. They visited their son-in-law, Kenneth Fox, who is a Medical patient in Cannon Air Force Base Hospital

Mr. and Mrs. D.S. Fowler were in Lubbock Tuesday to be with their cousin who underwent open heart surgery.

Mike Sowerd brought a sermon in song at the Three-Way Baptist Church Sunday evening.

Jimmy Hodnett, a student at Sol Ross College at Alpine spent the weekend visiting his family, the Jack Hodnetts.

The community received a big rain, high wind and hail Monday. Several crops in the community were badly damaged by the hail.

Mr. and Mrs. D.S. Fowler are on Vacation in Dallas and other towns in East Texas.

Mr. and Mrs. Floyd Roland and family and Mrs. Floyd Roland Sr. all from Morton attended church at Enoch Sunday. Roland brought the morning worship sermon.

Sunday, October 17, the Enoch Methodist Church will celebrate their 50th anniversary with former pastors and members helping. Lunch will be served at noon and all former Pastors and members are urged to attend.

On Wall Street
By Bob Hill

The five day, 40 hour work week became the standard for industry and business back in the 1930s. Since that time, reducing the number of work hours below 40 a week has not been a problem, until recently, that is. The United Auto Workers in their negotiations with, and the subsequent strike against, Ford Motor Company has made the reduction in the work week a key issue, which in turn makes it a key issue for the rest of the country.

The U.S. auto industry is one of the most productive in the world, but reducing the work week in the auto industry would sharply accelerate the inflation rate. So, the UAW isn't pushing for a shorter work week, but more vacation time off during the year. The idea is to spread the work around to more employees and give better job security. For offers additional time off but as a reward for a good job attendance. Ford has one of the highest absentee rates in the auto industry. On any given day, absent ceism at Ford runs an average of 5%.

The four day week is a popular idea with workers and a number of companies have used it as a means of increasing productivity. I talked about this in an earlier article. But the four day week now being tested is still a 40 hour week. Workers merely get in 10 hours a day in order to get a three day weekend. The UAW isn't pushing for less than a 40 hour week, but industry still fears the trend, convinced that what the UAW gets from the auto industry is soon to be standard in all U.S. industry.

The outcome of the shorter work week isn't clear. Experts differ as to whether it will increase the number of jobs or merely preserve existing ones. The UAW has always been opposed to the loss of jobs through automation, but has not fought automation by demanding rigid work rules as have other unions. Consequently, the auto industry has decreased the number of hours of labor per car by an impressive margin over the past 20 years. The growth in productivity of the auto industry is substantially higher than for the entire economy over the past 20 years. The UAW estimates that productivity in the industry will increase 47% by 1990, but the number of workers employed in the auto industry will rise only 5% in the same period.

The Speaker Reports

by Bill Clayton

AUSTIN—Every day of the year there are an additional 175 automobiles and trucks taking to the freeways and roads of Houston, that number is magnified many times when we consider Texas as a whole.

That statistic can be interpreted in any number of ways. It gives an indication to what extent the Texas economy is booming. It tells us that our highways are going to become more crowded. It tells car thieves that the pickings are getting better.

I am sending this report at this time because October is the leading month in which vehicles are stolen.

Motor vehicle theft in this state has become a major problem. According to the Texas Department of Public Safety there are over nine million registered vehicles in the state. During this year we can expect more than 60,000 of them to be stolen.

One bright spot is that this rate of theft is below the national average. Nationally one out of every 130 vehicles registered is stolen.

This represents a staggering financial loss of \$75 million yearly to Texans. More than 90 per cent of all crime committed in Texas is property crime, and in that category motor vehicle

theft accounts for the highest dollar loss figure. It is easy to figure why the losses are so expensive when we consider what inflation has done to the cost of the automobile.

Records of auto rip-offs show that almost 60 per cent occur in neighborhoods at night. Half of those stolen are recovered in 48 hours, but 25 per cent of the recoveries have already been stripped clean so the parts can be sold. That makes sense when we are told that if we bought a car, part by part, a standard auto would carry a \$20,000 price tag.

More than half of the persons arrested in stolen vehi-

Airman DeLeon At Lowry AFB

Airman Juan F. DeLeon, son of Mr. and Mrs. Frank C. DeLeon of Earth, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

During the six weeks training at Lackland AFB, Tex., the airman studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman DeLeon will now receive specialized training in the supply field.

The airman is a 1976 graduate of Springlake-Earth High School.

cles are youths under age 18. Statistics show that persons under age 21 account for 75 per cent of the offenses. I found it interesting that there were so few females arrested for this crime that they do not show up in the statistics.

Law enforcement officers say one reason our theft rate is so great is our long border with Mexico. The total number of stolen U. S. vehicles entering Mexico continues to escalate. A pick-up stolen in Austin can

be in Mexico before the owner knows it is missing. The pick-up, and I say pick-up because the demand for pick-ups is so great, can be driven across the river at any point and easily disposed of for about \$500.

The DPS is making efforts to increase the number of recoveries. One program gives officers proficient in recovering stolen vehicles a special recognition. Attempts are being made to alert the public to the seriousness of the situation.

Our enforcement people now have the Texas Crime Information Center under their control and are better able to set rules and regulations.

There will be some proposed changes in state statutes, brought to the Legislature in January, which those in law enforcement think may aid in easing the situation.

Citizens could assist these efforts by making it harder for would be thieves to gain access to their vehicles.

Food and Fiber Pavilion

DALLAS—Exhibits in the Texas Department of Agriculture Food and Fiber Pavilion will emphasize a "Wonderland of Texas Agriculture," according to Agriculture Commissioner John C. White.

The State Fair will be held October 8-24.

Thousands of plants will decorate the entire Pavilion, which will be

decked out in fall colors.

A replica of an old-fashioned butcher shop, and incubator hatching live chicks and a glimpse at the latest wool, cotton and mohair fashions are only a few of the sights awaiting visitors to the Pavilion.

White noted that something free will be given away at each booth.

"At some exhibits, prizes will be given away

daily," he added. "This is one of the few places at the Fair where visitors can get something for nothing."

More than 20 large exhibitors will display their Texas-produced wares in the Pavilion.

Getting along amicably in life is largely a problem of getting along with people just about as good as you are.

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

The fourth and final hearing on a proposed amendment to the Cotton Research and Promotion Act was held September 30 in Phoenix, Arizona, completing another step in the direction of increased funding for Cotton Incorporated (CI).

The U.S. Department of Agriculture held the four hearings to gather cotton producer views on increasing their current \$1 per bale contribution to research and market development through CI.

USDA earlier heard grower statements in Memphis, Tenn., Atlanta, Ga., and Dallas. The overwhelming balance of producers testifying at all four hearings favored the calling of a producer referendum on the proposed increase in December of this year.

Plains Cotton Growers, Inc., Lubbock, gave its views at the Dallas hearing September 28. Current PCG President W.B. Criswell of Idalou told the hearing examiner that PCG "fully supports the Cotton Board's recommendation to the Secretary," and "urges the issuance by the Secretary of an order conforming to that recommendation."

The Cotton Board, a producer group charged with collecting funds and contracting for their use in research and market promotion, held its own hearings earlier this month. Its recommendation calls for a referendum on increasing the producer's CI assessment by four-tenths of one percent of each bale's gross value, beginning with the 1977 crop. The Cotton Board also would provide that the assessment could be increased to a maximum of one full percent after 1977.

One percent is the maximum collection permitted in the legislation authorizing the Secretary of Agriculture to call a referendum. Producers on the Cotton Board are quoted as saying the assessment would not be raised after 1977 "without an in-depth examination of the need, economic conditions and producer sentiment."

The National Cotton Council of America has accepted the responsibility for a complete educational campaign prior to the referendum. Meetings of producers are being scheduled for that purpose across the Cotton Belt.

A meeting is scheduled in Lubbock on October 13, beginning at 10:00 a.m. in the Southpark Inn, Loop 289 and Indiana. The meeting will conclude with a luncheon, and all High Plains producers and agri-businessmen are being urged to attend.

"The final decision on this matter will be made by producers who vote in the referendum," stresses Criswell, "so it is important that every producer make the effort to obtain complete and accurate information before his vote is cast."

The outcome of the referendum will not affect the status of the current \$1 per bale CI collection. The supplemental four-tenths of one percent assessment, if approved by producers, will be subject to refund on request as is the \$1 collection.

OCTOBER 8, 9-10
