**Platform of the Republican party of Texas.**  
Resolved, that the Republican party of Texas heretofore accepts the conditions of reconstruction embraced in the several re-construction acts of Congress, and will in the future, as heretofore, fully sustain the same in word and spirit.  
2. That the amendments to the Constitution of the United States, known as the 14th and 15th amendments, are necessary to the pacification of the country and the security of the equal civil and political rights of all classes of the people. The Republican party therefore pledges itself to the prompt adoption of these amendments.  
3. That the resolutions adopted by the Chicago Convention of May 20th 1868, when not modified by the proposed 15th amendment, are accepted by the Republicans of Texas as the embodiment of correct principles of public policy. That the Republicans of Texas especially, commend the spirit of the additional resolution adopted at that Convention at the instance of Hon. Carl Schurz; and we will cheerfully accept the assistance of such of our fellow-citizens as served in the late rebellion, but who now frankly and honestly co-operate with us in restoring the peace of the country, and re-constructing our State Government on the basis of impartial justice and equal rights.  
4. That the payment of the debt incurred in preservation of the unity of the nation to the last dollar, is in our opinion the sacred duty of the American people, and the Republicans of Texas will condemn all attempts to evade in any manner, the payment of this debt according to the intent of the creators of the same.  
5. That the Republican party of Texas earnestly desires the encouragement of internal improvement and immigration, and will as a party, press the adoption of measures having these ends in view. That in Convention herewith, we condemn the demagogical use of the term of "carpet-bagger," and other terms of reproach applied to strangers who may come among us, as designed to keep alive the prejudices of the ignorant and deter immigration.  
6. That while the Constitution submitted to the people is in some respects imperfect and objectionable, it is believed on the whole to propose the main object of Constitutional Government viz: The equal, civil and political rights of all persons under the law. This Convention therefore recommends the ratification of the same.  
7. That the preservation of the unity and the organization of the Republican party is essential to the safe progress of reconstruction in this State, and they believe that to effect this reconstruction, a great work has yet to be performed. They therefore urge the loyal people of Texas that opposition to the organization of the Republican party is the result of an insidious design of the enemy purposing the practical surrender of the State to the disloyal.  
8. That the Republicans of Texas heartily express unqualified confidence in the administrative abilities, and integrity of the honored head of our Government—President Grant, and in the patriotism and wisdom of the majority in Congress.  
P. W. Hall, of Robinson, offered the following independent resolution which was adopted:  
Resolved, That the commanding General of this military district, Maj. Gen. J. J. Reynolds, deserves the approval of the loyal people of the United States, for his activity in ferreting out and bringing to justice the murderers of the patriot Geo. W. Smith, and for the measures he has adopted for the security of life and property, and the establishment of peace.  
Johnson Reed of Galveston, offered the following, and moved that it be added to the resolutions, and be known as resolution No. 9:  
Resolved, That to this end we earnestly invite the co-operation and support of all good citizens, advocates of peace, law and order, and who believe in the principles of the party of union, progress, liberty and reform, which has done so much for the pacification and well being of this country. This resolution adopted.

SPECIAL DESPATCHES TO THE EXPRESS.  
WASHINGTON, Aug. 2.  
Public debt shows a coin balance of sixty-six millions; coin certificates thirty-six millions five hundred thousand; balance of twenty-three millions sinking fund; other bonds twelve millions; purchased fifteen millions.  
Mississippi—Editors of the Canton Mail, Yazoo Banner, Wagon Democrat and Grenada Sentinel visited Dent with assurance of support.  
A delegation from Norfolk, Va., headed by the members of Congress from that district are at Navy department urging the removal of Conservatives from the navy yard.  
NEW YORK, Aug. 2.  
Cuban Junta have advised that Jordan captured Gen. Latorre, after routing his forces.  
PARIS, Aug. 2.  
The Moniteur has information that Don Carlos has quitted France, and General Prim is about to leave Madrid on a trip to Vevey for his health. This statement of the Moniteur is generally believed, and is regarded as proof that the Carlist movement is ended.  
MADRID, Aug. 2.  
The Carlist forces have disappeared from the province.  
The party in Leon is hemmed in by the troops, with no chance of escape.  
The floating bath house of Villena suddenly sunk yesterday and many persons within the structure were carried down and drowned.  
HAVANA, Aug. 2.  
On Wednesday five thousand negro insurgents attacked Puerto Principe and raided the city. Four hundred Spanish troops attacked them, and after a severe struggle the insurgents retired in good order, having captured and destroyed provisions to the value of \$50,000. The Spaniards lost 11 killed, and the insurgents left 34 wounded in the town.  
A detachment destroying fortified plantations defeated the Spanish Colonel Canara, wounding him, and compelling him to retreat.  
A negro raid in Puerto Principe enabled many Cubans to escape from Spaniards.  
Captured correspondence has led to further confiscation.  
More troops are demanded for the interior, where the insurgents are increasing in numbers and activity.  
NEW YORK, Aug. 2.  
Ship Pauline David from Liverpool took fire on Southwest Pass bar this morning. Wrecking boat and tug: Republican and Perry filled her with water and saved the burning ship with but little damage; the cargo is seriously damaged, chiefly by water. The fire originated aft between the decks. Cause unknown.  
The Mexican bark Noufouvent has on board the captain and crew of the schr. Sterren, whom she picked up from a long boat, within 25 miles of Southwest Pass. Capt. Hennessy of the Sterren, reports that on the 23d of July, in latitude 23, longitude 86, the schooner sprung a leak and sunk. She was from Trinidad bound for Tobasco. The crew were eight days in the long boat when rescued.

THE CATHOLIC CHURCH AND SOUTHERN BLACKS.—It was stated at the late international Young Men's Christian Association at Portland, Maine, an association of various denominations—that the Catholics were educating colored priests to work among their race at the South; and the delegate making this announcement gave a hundred dollars for a similar enterprise on the part of the Protestants, and that this roused the enthusiasm of the convention so that a considerable sum of money was raised on the spot. Very good. There is room enough for Protestants and Catholics for a great work among the blacks of the South. They are universal believers in the New Testament; but they need much in the way of practical instruction, and to Catholics and Protestants the field is open and the grain is ripe.—N. Y. Herald.

**SOCIAL EQUALITY IN WASHINGTON.**—The mixed jury, six negroes and six whites, which is sitting at the criminal court here trying a murder case, seems to get along very well in the matter of social equality. They are quartered at one of the third-class hotels, where they occupy a suite of rooms and eat at the same table without any exhibitions such as disturbed the peace of Mayor Bowen and the committee of Radical Councilmen at Gettysburg on account of the presence of the irrepressible African, Hutton. The black and white jurors pass their evenings together playing euchre, and, it is said, they take a walk together without wincing. The Washingtonians, who have had more of the nigger than any other portion of the American people, are evidently becoming accustomed to him socially as well as politically.—N. Y. Herald Dispatch.

**ALEXANDER VON HUMBOLDT.**—The centennial anniversary of the birth of Alexander von Humboldt, which falls on the 14th of September next, is to be appropriately observed in Boston. The Boston Society of Natural History, under whose auspices the exercises are to be held, have secured the co-operation of Professor Agassiz for the most important service of that day—a discourse on the life and character of the illustrious man. Agassiz was Humboldt's fellow-student and intimate friend. The purpose is to contribute towards founding at Boston a perpetual scholarship as the most suitable monument that can be raised in honor of the common services they have rendered to science.

A good suggestion is like a crying baby at a concert—it should be carried out.  
The Presse, official organ, says M. Buent

intends to publish all official dispatches with Prussia to justify the late assertion made in regard to the delegation.  
NEW YORK, Aug. 2.  
The Herald's special Havana dispatch says the steamship Cleopatra, from Vera Cruz, brought Sonora Morical, Mexican Minister to the United States, and Sonor Palacios, Claim Commissioner of Mexico. Both leave for New York to-morrow.  
A telegram from the capital of the 14th, reports the arrest of several persons implicated in an attempt to kidnap Juarez and Tejada.  
The courts are engaged examining some Americans on a charge of complicity with Lopez and others in a conspiracy against the public treasury.  
Election returns show that nine-tenths of the Congressmen chosen are supporters of the present administration.  
The excitement in relation to the American claim continues.  
Gov. Ignacio has been appointed Minister of Justice temporarily.  
Tamaulipas is in a disturbed condition.  
Cortina at the head of 300 men reached Victoria. Cuadra, Vargas and Canales had united, the latter for revolutionary Governor.  
There is a disturbance in Tuxpan; some officials were killed.  
The people of Yucatan were dissatisfied with the Governor's pronouncement. Insurrection imminent.  
The Indians were within fifty of Merida. They were very troublesome and created much alarm among the people.

Senator Cole of California, has no fears of the consequence of Chinese immigration. There is room for them—they are needed. The distance across the Pacific is too great, and the outlet on this side too extensive. They will be apt to find their way into Mexico, and there, in his judgment, is the proper home for this class of immigration; and they will find it in due season. They possess just the virtues the Mexicans lack. Their habits of labor and thrift would convert the fertile wastes of that country into gardens. The Mexicans will not work, the Chinese will not be idle. They are as opposite in habits as possible. The one would keep that country forever poor, the other speedily enrich it. Mexico, though abundantly endowed by nature, is noted for its poverty and insecurity, and so it will remain while it depends upon the Indian and Spanish races for its prosperity.

DOGS.—Up to August 3rd, 161 dogs were impounded; 14 were redeemed; 72 killed; leaving 75 awaiting sentence.

OFF FOR THE NORTH.—Mr. Pentenrieder leaves for New York to-day, Wednesday, on Merchantile business.

ICE.—Guenther's wagon, loaded with ice keeps running from street to street, refrigerating the city.

THE ASSESSMENT.—The assessment of city property has been completed. Thirty days will be allowed for the inspection of the roll; then collection will begin. The city needs money very badly to carry out some much needed repairs and improvements.

VEGETABLES.—The heavy fall of rain in the beginning of July did great damage to the vegetable gardens, still we see that the stalls make a very good display of cabbages, tomatoes, corn, beans, okra, sweet potatoes, onions, peppers, beets, and other vegetables, but prices are quite high. Peaches are offered on all hands, the very finest in the world, at low figures.

THE OPERA.—The Mexican Opera troupe will give another performance at Mueuch Hall to-night. The programme is a very attractive one, and our citizens who languish for amusement should not miss the opportunity to witness a novel performance, as well as enjoy a real musical treat. Prof. Plagge will assist at the piano. We speak a full house for the strangers.

RESIGNATION OF MR. ARTZ.—At the last regular meeting of the city council the resignation of Mr. Artz, alderman from the 13th ward, was read and accepted. Mr. Artz has been an earnest worker in the best interests of the city; a man of noble impulses and good practical sense, his services as a councilman were always valuable. A staunch Republican and a gentleman; we regret his resignation, which is caused by his contemplated removal to the country.

The following is given as a sure cure for felon on the finger: Take common rock salt, such as is used for salting down pork and beef, dry it in the oven, then pound it fine and mix with the spirits of turpentine in equal parts. Put it on a rag and wrap it around the finger, and as it gets dry put on some more, and in twenty-four hours you are assured the felon will be healed.

The Legislatures of the following States have ratified the Fifteenth Constitutional Amendment: Alabama, Florida, Nevada, Maine, North Carolina, West Virginia, Arkansas, Illinois, Kansas, Massachusetts, Missouri, New Hampshire, Pennsylvania, Wisconsin, Connecticut, Indiana, Louisiana, Michigan, Nebraska, New York, South Carolina. Of these twenty-one States, two—Missouri and Kansas—have done so imperfectly, having based their action on incorrect copies of the amendment. The defect will doubtless be remedied at the earliest opportunity. The affirmative vote of seven more States is required. Nine Legislatures have not taken action as yet—Ohio, Rhode Island, Iowa, Tennessee, Texas, Mississippi, Virginia, Vermont and Minnesota.

A GREAT DIAMOND.—The great diamond found in South Africa, and valued at £40,000, has been forwarded to England. A copy of Good Hope newspaper says the diamond is about the size of an ordinary diamond, with an unspotted surface though irregular outline, but no flaw to detract from its value. At first sight it does not appear especially brilliant—not so bright perhaps as other diamonds which have come down from the same neighborhood; still, when it may rival even the far-famed Koh-i-noor for beauty, although not equaling it in size.

The dog constable of Dudley, Massachusetts, means business; his proclamation reads as follows: By virtue of a warrant to me directed, dog days will commence July 10, and all owners of dogs not licensed, residents of Dudley, will do well to call at the town clerk's office forthwith, as there will be howling in the dog family after that date.

VALUABLE SECRET.—A luncheon gives the following recipe for

doing up shirt bosoms. Any lady who desires to make home happy will do well to try the experiment. It will be found a sovereign antidote to that perilous stuff which weighs upon the heart—an ill ironed, ill fitting shirt bosom: Take two ounces of white gum arabic, powdered; put into a pitcher and pour on a pint or more water, and then, having covered it, let it stand all night. In the morning pour it carefully from the dredge into a clean bottle, and cork and stopper it. A tablespoonful of gum dissolved in a pint of starch, made in the usual manner, will give to lawn, either white or printed, a look of newness when nothing else will restore them after they have been washed.

How to Make Bread.

The following directions we find in an exchange, given by a lady seventy-seven years old, who still bakes her own bread: I take a large earthen pan, put in about two quarts of flour, and if I have any cold potatoes, I grate them, if not I boil say eight or ten, mash and strain them through the colander, put lukewarm water to them and add one cup of yeast, then I beat it till it looks quite light, then cover it and stand it away until morning, when I take a tablespoonful of alum and as much salt, put them in half a pint of hot water, stand it on the stove until it dissolves, then pour it in the pan of rising, then put more flour in it until it gets very thick and beat it a great deal; then I put some flour, say five quarts, in the dough tray, and pour the rising in; I then knead it until it does not stick to my fingers, then cover it until it rises very light; then I work it up considerably and add a very little more flour and make it into loaves, about six, then cover it and let it stand until it gets very light, when I have the stove hot it bakes in forty minutes.

I think all who use this recipe will agree with me that they will not require either milk, lime water or butter, and will always have good bread. I use the best red flour. I make my yeast in this way: Take a handful of hops, boil them about ten minutes in a quart of water, then strain, add a quart of flour, have it boiled when the flour is put in, stir it well and stand it away; when partly cooled, I add a teacup of yeast.

The special telegraphic correspondence of the Courier Journal, under date of Washington, D. C., July 21, says that "the Government will take immediate and decided ground against the introduction of Chinese laborers in the Southern States. An investment in the kind of stock is regarded here as of doubtful value."

A SPECIMEN of the White Sheen species of oats is on exhibition at the Department of Agriculture at Washington, D. C. said to be the finest ever raised in that section of the country. It is four foot eight inches high, heads twelve inches long, and will average forty-nine pounds to the bushel.

THE TEXAS AND MISSISSIPPI ELECTIONS IN THE CABINET. In the dispatches last evening a brief statement was given of some of the proceedings of the Cabinet meeting yesterday. To-day many additional facts concerning the same subject were made public. It seems that Secretary Boutwell made a long speech against the Administration giving aid and comfort to the movements of the politicians in Virginia, Mississippi and Texas, who style themselves "Conservatives."

HON. L. D. EVANS made a speech at Marshall at the reception's celebration of the Fourth of July, on the 5th inst. In alluding to the gubernatorial race between Davis and Hamilton, Judge Evans advised the negroes to vote for Davis.
