 For Restoring to Gray Hair its
 Original Color

PHALON'S "VITALIA" differs
 utterly from all the "dyes,"

 totally different principle. It
 is limpid, fragrant, and per-
 fectly innocuous, precipitates
 no muddy or flacculent mat-
 ter, requires no shaking up,
 and communicates no stain to
 the skin or the linen. No
 paper curtain is necessary to
 conceal its turbid appearance,
 for the simple reason that it is
 not turbid. It is, to all intents
 and purposes, A NEW DISCOVERY
 in Toilet Chemistry.

PHALON'S "VITALIA" is
 warranted to effect a change
 in the color of the hair within
 10 days after the first applica-
 tion, the direction being
 carefully observed.
 IT IS AS CLEAR AS WATER
 AND HAS NO SEDIMENT.

SPECIAL DESPATCHES TO THE EXPRESS.
 WASHINGTON, February 1.
 Mexican claims commission adjourned
 to 1st Monday in June. The time required
 for rebuilding evidence requires this long
 vacation.
 In a case from Missouri, involving the
 liabilities for seizure of property by offi-
 cers, the Supreme Court holds that a State
 may enact retroactive laws when not in-
 hibited by its established constitution, and
 not in violation of the provisions of the
 Federal constitution in relation to ex-post
 facto legislation.

 The steamers Yantic and Swatara have
 been ordered to the West Indies.
 House—Booker from Virginia was stated
 after a sharp contest.
 The tariff bill was reported.

Schueck explained that the bill was
 merely amendatory of the former bill. It
 converts ad valorem into specific duties,
 wherever possible, also very much en-
 larged the free list, mainly on raw ma-
 terial entering into manufacture. The
 committee endeavored to keep in mind these
 things, revenue, protecting and consump-
 tion.
 Brooks, opposing the bill, said the re-
 ductions in the bill had been ingeniously
 made upon more revenue articles, such as
 Tea, Coffee, Sugar and Brandy. This was
 reducing the revenue in order to have an
 excuse for raising the duty on Iron, Steel,
 jute carpeting and even old type, but
 what was not done in the bill was far more
 considerable than what was done. The ob-
 jectionable duties stood upon Coal, Salt,
 Lard, Lumber, Hides. Finally after much
 squabbling, the bill was ordered to be
 printed and made the special for Tuesday
 the 16th.

The House considered appropriations to
 clean up some Louisiana levee work.
 There has been a remarkable increase of
 small pox within the past few days at
 Harrisburg, Pa.
 The Metropolitan police bill for Phila-
 delphia passed the Senate.
 The Pope had an epileptic fit, though not
 considered fatal.
 SENATE—RANSBY, Feb. 1.
 Senate—Ransby presented and intro-
 duced a resolution, which was adopted, look-
 ing to a mediation of the United States,
 for a settlement of the difficulties between
 Canada and the people of Wisconsin Ter-
 ritory.
 Senators Lewis and Johnson of Virginia
 were assigned positions on the standing
 committee.

Anthony introduced a bill to discontinue
 the publication of books by the General
 Government, for popular distribution, and
 to dispose with newspaper publication of
 laws, except those of general value.
 A joint resolution was introduced by
 Combs, declaring the State of Missis-
 sippi entitled to representation in Con-
 gress.
 The currency bill was amended by in-
 creasing the proposed additional value of
 circulating notes, from forty-five to sixty-
 five millions.
 An amendment by Saulsbury to repeal
 the ten per cent tax upon States bank in-
 surs imported in 1864, was voted down.

SLAVERY IN ALASKA.—The New

made in the Sitka Times about the

 ritory. Slaves can be bought to-day
 from any Indian tribe in Alaska.
 Parents will sell their children for
 three or four blankets or a few dol-
 lars, and have no compunction of
 conscience for the use they may be

In soliciting the patronage of the public we feel confident in our ability to give the most perfect satisfaction not only as to the character of our work, but also as to the prices.

The Ecumenical Council.

A strange impression it makes, to read in the reports of the Roman Council of the many trifling incidents, occurring in that venerable assemblage, and at the same time to consider the celestial authority, which the united fathers claim.

They pretend to be the promulgators of divine truth and yet present to the public the issue petty and pitiable spectacle as any other meeting of poor and shortsighted mortals, who from their accustomed surroundings are suddenly placed into a heterogeneous situation. The same difficulties and iliac passions of which we are witnesses, whenever we follow the proceedings of a Parliament, a Legislature, a Congress or a meeting of any kind, are repeated in the midst of Cardinals, Patriarchs and Bishops, who pretend to hold direct communication with the holy spirit and to receive their inspiration direct from the celestial throne.

The object of the present council is well known to be the abolishment of Councils for the future. If the Pope is sufficient to lay down all articles of creed, general councils are no more needed. The personal fancies of one man, whom a dozen Italians elect Pontifex, are to be declared divine laws for all nations, and for all eternity, of course, and no succeeding Pope has the power to rescind the infallible decree of his predecessor. Where to this leads, Pius IX has given us a taste by declaring the divinity of Maria, and by the extravagances of his Syllabus.

It seems that those who have been entrusted with the preliminary arrangement of the great spectacle have acted with a very little prudence; they did not consider that the sight of so many uncelestial details must necessarily lower the feelings of the public, sitting before the curtain with expectations of imposing mysteries.

The advisers of the Pope may refer to proceedings of former Councils. They have probably studied the ceremonial and rules of the Tridentine and accordingly put this council in scene. But this was a great mistake, as they did not take the difference between the sixteenth and the nineteenth century, into consideration. In that good old century, without newspapers, railroads, reporters and criticism, the Church could perform such spectacles as the ecumenical council, without fear of endangering her authority; neither the faithful believer nor the infidel received any information of the proceedings behind the curtain; no comical or offensive details, no palpable contradictions between the finite medium and the infinite object disturbed the impression of the main action; nothing but the results in latin garment, unintelligible and awful, reached the ears of the profane, who had no idea of the

alterations, jealousy and intrigues, that had reigned supreme in Trent before the result was gained.

To-day the church has a more difficult task to perform. It ought to have recalled the council of the outer world within the Vatican, unapproachable to photographs, Times-Correspondents and Reporters; it ought to have performed a spiritual quarantine around the members.

The world ought to have heard nothing, but the meeting of the council and that the council had decided the Pope infallible and science of the devil. The Anathema over all who do not believe in it.

So, we thought, would the priests of the sixteenth century have arranged matters, had they been called out of their graves and asked for advice. They would not have permitted telegraphic information of the every days position of the parties, and how the holy spirit combats with himself.

The light of the Church needs, as any other light, a certain darkness to shine the more brightly, and they would have known it. It is very doubtful, whether they would have called the council at all; but having done it, they would not have admitted stenographers, not even such of the order of priests. The oracle would have sprung up amidst a deadly silence.

Perusing the daily reports from Rome we are reminded of the man who saws off the branch upon which he is sitting. Like the Imperial, so it seems the sacerdotal Rome is doomed to perish by its own actions. The old church knew that upon the narrow basis of the infallibility of a single, very often defective man, the edifice of its power did not rest secure, and therefore placed beside the authority of the Pope, that of the general council, thereby moderating the objectionable monarchical principle. And this support she deemed necessary even in times in which credulity did not easily find anything improbable. The present Hierarchy tends with astounding boldness to cast away this subtle and prudent invention, while mankind to day is a thousand times more inclined to scepticism than in former centuries.

The object of the present council is well known to be the abolishment of Councils for the future. If the Pope is sufficient to lay down all articles of creed, general councils are no more needed. The personal fancies of one man, whom a dozen Italians elect Pontifex, are to be declared divine laws for all nations, and for all eternity, of course, and no succeeding Pope has the power to rescind the infallible decree of his predecessor. Where to this leads, Pius IX has given us a taste by declaring the divinity of Maria, and by the extravagances of his Syllabus.

Deferred Dispatches.

Alabama.

The Supreme Court of Alabama has decided that there has been no property in slaves since 1863; that every judgement given by any of the courts in Alabama, from 1861 to 1865, is null and void, and that all officers of courts and legislature were usurers during that period.

Mississippi.

Rev. H. R. Revels, United States Senator elect for the unexpired term ending March, 1871, is a native of North Carolina, was educated in Indiana and Ohio, is of free birth, and is forty-seven years of age. He is a minister of the African Methodist Church, is of a very light color, and would scarcely be recognized as a colored man.

The legislature adopted a memorial, requesting Congress to remove the disabilities of all the people of Mississippi, and entrusted the memorial to Senator Revels for presentation.

The legislature adjourned to meet the second Tuesday after the admission of the State into the Union.

Maine.

AUGUSTA, Jan. 18. Both branches of the Legislature today voted for United States Senator with the following result:

In the Senate the Hon. M. Merrill received 27 votes, and the Hon. Isaac Reed 3; in the House Merrill received 190, and Reed 20.

The House, by a vote of 78 to 39, tabled the resolution to attend in a body the funeral ceremonies of the late George Peabody at Portland, and received the report of the com-

mittee that it was inexpedient to attend.

Mississippi and Texas.

The Washington correspondent of the Baltimore Sun, in his letter of the 16th inst., says the Reconstruction Committee will soon be able to report a bill for the admission of Mississippi without further conditions. He adds: Thus far no reason has appeared to the majority against the immediate admission of the State, and there will probably be no delay in that particular. But in the case of Texas some opposition will be made, though that is a matter of considerable delay, as the full official returns are not expected here for at least one month.

Ohio.

COLUMBUS, Jan. 20. The House has adopted the resolution ratifying the Fifteenth Amendment, completing Ohio's ratification. The vote stood yeas 57, nays 55. The reformed Republicans voted in the affirmative.

Kansas.

ST. LOUIS, Jan. 20. The Kansas Legislature, yesterday, adopted a resolution memorializing Congress to provide for an early apportionment under the new census. Also a resolution recommending the removal of the national capital to the Fort Leavenworth military reservation.

Immigration.

The Galveston News says: The mailboats continue to land crowds of immigrants on the wharf. The great majority of those who arrived last week were from Mississippi and Alabama. They met no detention here, passing up the road immediately.

The McKinney Enquirer of the 18th inst. says: "Movers" continue to arrive here from the old States in large numbers. They are renting land, and express themselves delighted with our rich black soil.

The Calvert Enterprise says that immigrants to Texas would save time and money by locating in Robertson county. They will be nearer a market and have a more uniform climate, than can be found farther north. This portion of the State has never failed to raise at least half crop in the worst season; is comparatively free from the pest known as the cotton worm, is not subject to drouth, and is far healthier than many points either to the north or south.

THE IMMIGRANT-BLESS US-They pass every day in great numbers. They come from almost everywhere. Generally their appearance indicates that they are well to do and substantial farmers. They are just the people we want. We bid them welcome, we wish them success.—Salphur Springs Gazette.

The Gonzales Inquirer, of the 22d inst., says: The arrival in town last Saturday of a wagon load of emigrants, direct from Mississippi, with two well defined cases of small-pox in their midst, produced no little consternation among some of our citizens. Dr. Winn, after examining the cases, unhesitatingly pronounced it genuine small-pox, and prescribed accordingly. The emigrants rented a farm some few miles above town, on the Guadalupe river, where they design making a crop this year.

TEXAS ITEMS.

HOMICIDE.—On Monday night last a man by the name of Peter A. Brown was assassinated about 12 miles from town on the Hodgkin's Ferry road. He was returning to his old home on Sander's Creek, and was set upon by two men who after a short altercation, fired four shots at him, two of which took effect, one ball entered the back part of the head and another passed through his left hand. He was found dead by Mr. Jno. Lee, a short time after he was murdered. An inquest was held the next day, and the above facts were elicited. We understand that suspicion has attached to two brothers-in-law of the murdered man, with whom he was not on friendly terms.—Paris Press.

The Corsicana Observer says: Jno. T. Barnaby killed a hog last Thursday, of his own raising, weighing six hundred and fifteen pounds.

The Kaufman Star estimates that at least \$75,000 worth of beef cattle have been driven from that county the past year.

The Shreveport Southwestern, of Jan. 14, has the following: During the holidays and a few days after, immigration by the river fell off to almost nothing, so to speak, but within the last three or four days it has arrived, and is now making up for lost time. The steamers Bart Able, Texas, Lulu D, and Era No 9, on their last trip up were literally crowded with men, women and children, en route to the promised land. They had every appearance of being of the better

class, being neat and tidy in their dress, and well provided with household "plunder."

A FAST WESTERN STATE.—Gov. Merrill, of Iowa, in his annual address is "bewildered" at the extraordinary strides the State is making. He is astounded to think that "with the density of Massachusetts, Iowa would have six and a half millions; with the density of France, eight and a half millions; with that of England, sixteen and a half millions; and with that of Belgium, nearly nineteen millions."

It is a curious fact that one of the paragraphs in Rochefort's *Marsellaise* which so greatly excited the indignation of Prince Pierre Napoleon was the following: "Prince Pierre Napoleon published on the 15th of December, a volume entitled, 'Le maillot de Venise' (The elements of swordsmanship simplified as much as possible). When, then, may we expect from a Prince of the same family another book on pistolshooting?"

Local Intelligence.

THEFT.—A man by the name of Charles Smith was arrested last night for horse stealing; also a Mexican, name unknown, for stealing a yoke of oxen.

WEATHER.—The weather is still pleasant, although a fierce west wind sprang up about noon yesterday, driving the dust off of our streets.

MURDER.—We have again to record an atrocious murder which has been committed in our immediate neighborhood. A man by the name of Kossups, probably a Poleander, left town yesterday evening in a little wagon. He was seen in town selling fodder, and after having finished his business, started for home. He was found this morning eight miles from town, on the Bandera road, shot through the head with a pistol-ball, apparently from a six-shooter. His pockets were cut open and all their contents robbed, even his coat was taken away, and the provisions from the wagon. It is generally believed that a Mexican committed the foul deed; and the authorities will do all in their power to ferret out the murderer.

DRUNK AND DISORDERLY.—We learn that the same lawyer who was lately fined by Judge Klocke for contempt of court, was yesterday before his honor, the Mayor, and plead guilty to the charge of drunkenness and disorderly conduct; fined \$10.

COURTS.—In the Criminal Court several gambling cases were tried and some of the offenders fined from ten to twenty-five dollars, others dismissed. In the case of the State vs. Foster, the criminal not appearing, the bond was declared forfeited. In the District Court, Lewis Grant & Co. obtained judgement against C. J. Cook & Co. for \$3000, with interests from 1902. In J. A. and M. V. Ferris vs. Eva Schmetz the Court decided in favor of Eva Schmetz.

SUNK.—Yesterday's Herald has reliable information that the Express during the last twelve months sank \$900. If he means that the proprietors have invested that amount in improving their office, he is pretty near correct; but if he really believes the story as told by him, he is more easily imposed upon than a man of common sense ought to allow himself to be deceived. The Express establishment is improving from year to year, as every San Antonian knows, while that of the Herald is getting smaller and smaller, and struggling to make capital by coarse language and contemptible personalities. Go on, neighbor, stick to your business, and let others business alone.

At length it may be hoped that the concocters of schemes for swindling the public by means of lotteries and gift enterprises will be punished as they richly deserve to be. The House Postal Committee, we are informed by our Washington correspondent, has authorized its chairman to report the bill lately introduced by General Farnsworth to prevent and punish certain grievous abuses of the Post Office establishment. This bill especially provides that the Postmaster General, if convinced that any persons engaged in a fraudulent lottery or gift enterprise or scheme for the distribution of money, may forbid the payment by postmasters of money orders drawn in favor of such persons. It provides, moreover, that parties detected in such dishonest practices—as, for instance, sending out confidential circulars proposing to exchange twenty dollars of fac simile bank notes for ten dollars in legal tenders—shall be imprisoned eighteen months and fined five hundred dollars. The sums that have been extorted by swindling operations of this kind throughout the length and breadth of the land are almost incredible. There is no doubt that the bill to prevent and punish the authors of so great an evil to individuals and to the community at large will become a law, and we trust that it will be rigidly enforced.

To ascertain the number of children in a street—beat a drum. To ascertain the number of loafers—beat a dog fight.

An Ordinance.
 Re-enacting and amending an ordinance concerning payments made in Confederate money, or other worthless paper, on account of the principal and interest due upon lands sold by the city of San Antonio to divers persons, &c., passed on the 16th day of January, A. D. 1866.

Be it ordained by the City Council of the City of San Antonio:

SECTION 1. That the ordinance passed on the 16th day of January, A. D. 1866, and hereafter published, in reference to payments made in so called Confederate currency, &c., be re-enacted with the following modifications and amendments thereof, to wit:

That all persons interested, their agents or assignees, are hereby required to settle with Messrs. Davis & Murphy within ninety days, from and after the publication of this Ordinance, the entire amount due to the City of San Antonio, on principal and interest on lands purchased from said city on fifty years credit, the payment of which having been made in so-called Confederate currency, since the 1st day of April, A. D. 1861, with whom, said Davis & Murphy, the claims as above stated are placed for settlement; and upon the presentation of their receipts for the payment of said principal and interest, in U. S. currency, the city will execute the final title to said parties.

SEC. 2. That all persons who owe interest on lands purchased from the city of San Antonio, on fifty years credit, and have failed to pay the same, are hereby

notified that the interest fund has been employed by the city of San Antonio to institute legal proceedings against all delinquents on said interest, from and after the 1st day of May, A. D. 1890, in which interest have not been paid in U. S. currency, to said city, up to said date.

SEC. 3. That this ordinance shall take effect from and after its passage.

Passed, January 21st, A. D. 1870.
 Published February 2, A. D. 1870.
 WM. C. A. THEELEPAPE,
 Mayor of the City of San Antonio.
 Attest:
 MARTIN H. CAMPBELL, City Secretary.

The ordinance above referred to and passed on January 16th, 1866, reads as follows:

AN ORDINANCE.
 Concerning payments made in Confederate money or other worthless paper, on account of the principal and interest due upon lands sold by the city of San Antonio to divers persons, declaring the instrument of writing purporting to be deeds from the city of San Antonio for said lands, to be null and void, and allowing credits on account of said principal and interest for the market value of the amounts paid at the time of payment.

Be it ordained by the City Council of the city of San Antonio:

SECTION 1. That the city of San Antonio does not recognize the act, or acts of any person or persons, claiming to act as officers of said city, from the 1st day of April, A. D. 1861, until the ninth day of October, 1865, in receiving in the name of said city, the Bonds, Treasury Notes of currency of the late Confederate Government, worthless paper, purporting to be city scrip of said city, issued during that time in payment of the principal and interest, or either of them, due to the said city upon lands sold by said city, or in assuming to act in the name of said city in signing or executing instruments of writing purporting to be releases or conveyances from said city, for such lands, or receipts for such pretended payments, and that all such pretended releases, conveyances and receipts, are hereby declared to be null and void.

SEC. 2. That to avoid any seeming injustice to those persons who have acted innocently and in good faith in making any such payments since the 1st day of April, A. D. 1861. All such persons as have paid to any person or persons acting as officers of said city, any such bonds, treasury notes, currency or scrip on account of the principal and interest, or either, due upon the lands heretofore sold by this city, shall, upon presentation and delivery to the Mayor of his, or their receipts, for such payments, together with such instruments of writing purporting to be releases or conveyances from this city, within three months after the passage of this ordinance, and shall at the same time surrender such instruments of writing for cancellation, shall receive from the Mayor of this city a receipt on account of the actual market value of the bonds, treasury notes, currency or scrip so paid by such person or persons at the time of the payment thereof; provided, that such person or persons shall at the same time execute and deliver to the Mayor, an instrument of writing wholly cancelling and annulling the writings heretofore executed and delivered to such person or persons by persons acting in the name of this city, as aforesaid, and putting this city in the same position, with the same price and charge upon such lands as before such payments.

SEC. 3. That in case any person or persons having delivered his, or their, receipts, and instruments of writing as mentioned in the 2d section of this ordinance shall be dissatisfied with the amount of credit allowed him on them by the Mayor thereof, and shall refuse to receive from the Mayor a receipt for such amount, and to cancel such instruments of writing; then in that case the Mayor shall deliver back to such person, or persons, the original receipts, and instruments of writing so delivered by him, or them, as aforesaid, and that thenceforth such receipts and instruments of writing shall be null and void.

SEC. 4. That it shall be the duty of the City Attorney, after the expiration of three months from the passage hereof to commence all necessary suits in the proper courts, for the cancellation of such instruments of writing as have not been surrendered up and cancelled according to the provisions hereof, and for the recovery of the principal, and interest, due to this city upon such bonds.

SEC. 5. That this ordinance shall take effect from and after its passage.

Passed Jan. 16th 1866.
 Mayor's Office San Antonio Jan. 16th 1866.
 (Signed) D. CLEVELAND,
 Mayor.
 M. STOCUM, City Secretary.
 Mayor's Office City of San Antonio Texas, December 24th 1865.

I hereby certify that the foregoing and above is a true and correct copy from the original Ordinance on file in the Mayor's Office of this City.

 This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Wherever it is introduced it becomes a standard article—a medicinal staple. It is to-day the best and purest tonic, and the most popular medicine in the civilized world—be sure and get the genuine. Sold by all **Druggists, Grocers and Country Stores.**
