The Oldest City in the World.
Damascus is the oldest city in the
world. Tyre and Sidon have crum-
bled on the shore; Baalbec is a ruin;
Palmyra is buried in a desert; Nine-
veh and Babylon have disappeared
from the Tigris and the Euphrates.
Damascus remains what it was be-
fore the days of Abraham—a center
of trade and travel—an island of
verdure in the desert; "a presiden-
tial capital," with martial and sacred
associations extending through thirty
centuries. It was near Damascus
that Saul of Tarsus saw the light
above the brightness of the sun; the
street which is called Straight, in
which it was said "he prayed," still
runs through the city. The caravan
comes and goes as it did a thousand
years ago; there is still the sheik,
the ass, and water-wheel; the mer-
chants of the Euphrates and the
Mediterranean still "occupy" those
"with the multitude of their wares."
The city which Mahomet surveyed
from a neighboring height, and was
afraid to enter "because it was given
to man to have but one paradise,
and for his part, he was resolved not
to have it in this world," is to day
what Julian called the "eye of the
East," as it was, in the time of Isai-
ah, "the head of Syria."

From Damascus came the damson,
our blue plums, and the delicious
apricot of Portugal, called damasco;
damask, our beautiful fabric of cot-
ton and silk, with vines and flowers
raised up on a smooth, bright
ground; the damask rose, introduced
into England in the time of Henry
VIII; the Damascus blade, so fam-
ous the world over for its keen
edge and wonderful elasticity, the
secret of whose manufacture was
lost when Tamerlane carried the ar-
tist into Persia; and that beautiful
art of inlaying wood and steel with
gold and silver, a kind of mosaic en-
graving and sculpture united—called
damaskeening—with which boxes,
bureaus, swords, are ornamented.
It is still a city of flowers and bright
waters; the streams of Lebanon and
the "silk of gold" still murmur and
sparkle in the wilderness of the Sy-
rian gardens.

The Colored Schools of every de-
scription in the Southern States num-
ber 5,454, with 9,503 teachers and
256,353 scholars. Of those 3,344
schools report their operations regu-
larly, and are attended by 204,353
scholars, of whom 192,227 were
slaves. The colored people sustain
wholly or in part, 1,581 schools, own
759 buildings themselves, and are
furnished 772 buildings by the bu-
reau. In the last year Virginia has
gained fifty schools.

The marriage of the widow of Gen-
eral Griffin, formerly Miss Sallie Car-
roll, a noted belle of Washington, on
her first appearance to Count Este-

hazy, of Austrian Legation, is antici-
pated as the most brilliant affair of
the season.

State Fair.

Texas is to have a State Fair this year. We learn from Houston papers, that the Agricultural, Mechanical and Blood Stock Association have the matter in hand.

Where those grounds are and what time has been determined, we do not know yet, but are satisfied that the Fair will be held in April or May next, when our gardens are in best condition, and an excellent exhibition can be had of flowers, vegetables, small fruits and cereals.

Our Western Texas Agricultural Association have, as far as we know not yet fixed a time for their next fair; we would, therefore, respectfully suggest, that it be held before the State Fair and that a full representation of the products of Western Texas at said State Fair will be provided for. We are fully satisfied, that we can successfully compete in the agricultural as well as horticultural line, not mentioning stock, with any other section of our State. Let Western Texas be heard.

Eclipses in 1870.

The almanacs tell us that there will be six eclipses this year, four of the sun, and two the moon, one of each already counts to the things gone, to wit, a total eclipse of the moon on January 17th, and a partial eclipse of the sun on January 31st.

The rest are of little interest to us, as the following will explain:

- 1. June 28—An eclipse of the sun invisible in America.
2. July 12—Total eclipse of the moon, also invisible in the United States.
3. July 28—Partial eclipse of the sun, visible in the Arctic region.
4. December 28—Total Eclipse of the sun, invisible in the United States.

Already do we hear rumors of this and that measure, and this and that ring having their feed champions. These very rumors are shameful and it is a most remarkable circumstance that all Texas is expecting that the most corrupt devices will be resorted to carry measures of pure speculation through the coming Legislature.—Houston Telegraph.

Will you tell us, Brother Webb, where these rumors originate? It is a most remarkable circumstance that Flake, Webb and the balance of the Coalitionists seem to be well informed of all the swindling operations, that lobbyists are going to set in scene, while Republican Journals hear nothing of it.

Have you been approached already by some of the lobbying gentlemen. Your connections with them in former times make your allusions suspicious.

Who will be the first to establish a daily democratic paper at Austin? Let it be done and properly managed, and it will prove a great success. The party should have an organ at the Capital.

This comes from the Houston Telegraph, the main supporter of the Hamilton coalition and the would-be adviser of the Republican party. We thought Austin had as good a democratic paper in the so-called Republican as it could ask for. Change the name and the thing is done.

The following clipped from the Houston Telegraph, is decidedly cool:

The fall of Radicalism is inevitable. The Republicans of Texas headed by Hamilton, Pease, Haynes and their competitors, are masters of the situation in their party. Their integrity will be vindicated against the ungenerous undermining used to pull them down. The Radicals must go over to meet their political death. Their game now is plainly to force the Republicans to come to them with heads down and ask to be allowed to come into their party, but they have mistaken the spirit of the Republican leaders. Tweedle dee, tweedle dum! That

Jackass, that under the Lion's skin, attempted to frighten all animal kingdom notwithstanding his being kicked all over, was about as much master of the situation as Haynes, Hamilton, etc.

We will tell you, Brother Webb, how matters stand. There is only one Republican party now, no matter whether you call them Radicals or Republicans, which forms a solid phalanx against the Democratic party, of which you pretend to be one of the leaders, and there are half a dozen intriguing office seekers besides, for whom nobody cares, who no party wishes to neither force nor induce to join them, such as Haynes, Longley, Hamilton and others, and who would do best to bury themselves forever in total oblivion, for they have been tried and found unworthy.

TEXAS ITEMS.

At Huntsville, three convicts attacked a guard, choked him badly and ran off. They were pursued; one was shot and killed; one recaptured and the third, a negro, escaped.

The Calvert Enterprise reports the assassination of Mr. Buck Farquhar. No cause is assigned for this terrible deed, nor is there any clue to the assassin.

The same paper says a negro, named Hal Check, shot and killed an Irish ex-Confederate soldier in Brazos bottom. The murderer is still at large.

The Bryan Appeal records the death of a child, one year old, son of S. L. Taylor of that place, in a most singular manner. After a short absence his mother went to look for him, and found him drowned, head downwards, in a can containing about a half gallon of water. A small block of wood was found in the can, and it is probable that the child, in playing with it, had dropped it in the can, and in reaching after it, lost his equilibrium.

The Goliad Guard complains, as every other paper does, of the miserable way the mail service is conducted in this State. The last issue contains the following:

Our mail carrier arrived last Tuesday, minus the mail, cause, the mailbag for this place had been sent to some other place. If this is the fruits of our late article on the mail facilities in West Texas, we had better stop.

Several strings of fence on the plantations of J. Carroll Smith, Mr. Montgomery and Mr. Rhinehart, near Independence, were burned a few days since.

We hear an excellent report of the performance of the Chinese laborers on the Central Railroad. That road is now graded into Limestone country.

The Corsicana Observer of the 29th ult. announces the arrival in that town of a company of U. S. cavalry, who took possession of the Courthouse, and planted the United States flag on the top, where it now floats. These troops are from Tyler, where they have been stationed for some time past.

The Dallas Herald says, Haltville 14 miles west of Marshall, is now the terminus of the Southern Pacific Road. A stage company promises to connect Dallas with that point three times a week, time, 36 hours.

The Kaufman Star speaks of the heavy influx of immigrants into that county, and estimates that over two hundred families have settled there within the last year.

Col. A. T. Monroe.

Patriotic Letter from Col. Monroe.—He Declines the Haynes Consultation, and Supports the Republican Party.

CROCKETT, Houston County, Texas, Jan. 27, 1870.

MY DEAR SIR: I have noticed a call signed by you as "Chairman of the Republican Executive Committee," for a "Republican Consultation" to be held at Austin on the 7th of February next, which is addressed to the "National Union Republicans who supported in good faith the adoption of the Constitution and the claims of Governor Hamilton in the recent election."

It is known to you and many others that I was in favor of holding a convention of the Republican party of the State, and that I urged the necessity and policy of so doing up to the hour of meeting at the Hutchins House, in Houston, and so expressed myself at said meeting when my name was placed on the ticket with General Hamilton for the position of the State. You, sir, as Chairman of the Republican Executive Committee, decided not to call a convention, in which opinion, I believe, you were sustained by a majority of the Committee. From this opinion Judge J. G. Tracy, of the Houston Union, and many other Republicans dissented, and a call was made by Judge Tracy for a Republican convention, which assembled at Houston in the month of June, 1869, representing seventeen out of the thirty Senatorial districts in the State, and nominated General E. J. Davis as the Republican candidate for Governor and a full ticket for other State officers, with a platform liberal and Republican in form, accepting the Constitution which had been framed at Austin by the delegates to the Reconstruction Convention assembled in that city.

Now, sir, we contended that the action of Judge Tracy and the Convention was informal and irregular, but their appeal from the committee of which you were chairman, to the people, has been endorsed and sustained, and I hold that it is the duty of all good citizens to acquiesce in the result; and to abide, in good faith, by the decision.

It has been contended that the convention was not full or fair. It was open to all Republicans, and many refrained from participating in its proceedings, or it might have been better attended.

I hope to be pardoned for remarking that after the letter of Gen. Reynolds, "Personal No. 2" was made public, and the Administration at Washington had taken decided action in favor of the election of Gen. Davis, and the union of all Republicans, in his support. My advice met with no response from the friends with whom I was acting, and I abided by their action against my better judgement, and went into the election, where we were defeated, and submit to the verdict of the people at the ballot box, from which, among a free people, there can be no appeal.

As to the fairness of the election, my observation leads me to believe that we have no just grounds of serious complaint, and I cannot, therefore, join in making any protest against the proper authorities, who were the managers of the election.

Finally, sir, I beg leave to express the hope that we may all conclude to accept the election of Gen. Davis, and the acceptance of the constitution, as a full triumph of the Republican party, and of Republican principles in this State, and that we regard him as the recognized head and representative of the Republican party; and that we recognize the Executive Committee, of which J. G. Tracy is Chairman, as the regular executive committee of the Republican party of this State.

This will be my course, and I hope it will be that of all Republicans of this State, without regard to previous differences. With high regard and esteem, I remain, your friend truly, &c., A. T. MONROE.

Important to all SUFFERING FROM DEFECTIVE SIGHT Improve and preserve your sight by using Prof. N. MANASSE'S PARABOLA LENSES. The Gift of Sight is Inestimable! The value of it is known by the want of it. All persons requiring Spectacles should go to an Optician, that they may be properly fitted with Glasses—the curvature must be correct, the aberration adjusted, the distance studied, the refractive property known, and the focal distance precisely suitable to each sight. These Glasses are made of the finest crystal, and constructed in accordance with the philosophy of nature in form of a concavo-convex mirror, and their transparency is so perfect that the wearer can only perceive that he has them on by the improvement in his sight. The great novelty in these is the focus, which is disposed of in such a manner as to counteract the infirmity which it is intended to remedy. The material of which they are manufactured gives them a superior hardness and polish, which prevents them being defaced by scratches, and their coolness recommends them especially to those having weak and irritable eyes. The experience Prof. N. Manasse has acquired, combined with his perfect knowledge of the Optical Science, enables him to decide with certainty, on the mere inspection of the eyes, what sort of Glasses are best suited to correct their defect of vision, either to give it greater strength, or merely to preserve it as may be necessary. On hand, a complete assortment of Spectacles and Eye Glasses in Gold or Silver, Shell and Steel Frames. Prof. N. MANASSE, Optician. Local Intelligence.

We understand the District Court will adjourn to day to its next term.

WE noticed two wagons with immigrants passing through our town Friday.

A dispatch from Austin to the Express, furnishes the intelligence that both houses of the Legislature organized Friday.

THE weather continues fair and dry; the roads are good, and the Columbus stage arrived in time. This we record as an extraordinary event.

It is said that the Government has decided to locate the Government Depot permanently at San Antonio, and that an offer of grounds for Quartermaster and Commissary buildings, by the city, has been accepted by the Quartermaster General. We hope it is true.

WE again call the attention of the public to the advertisement of Prof. Mannino, who requests us to state that his stay in San Antonio will only be a short one, in consequence of letters lately received calling him home. Persons who wish to embrace the opportunity of procuring first class eye glasses, will do well to see the Professor at an early date, at the Menger Hotel.

THE LATEST ABUSE OF THE HERALD.—By and by we are getting tired of calling to account that villainous sheet, the Herald, for its continued slanders on honest men, and we had pretty near decided to ignore this course on our community, when the following met our eyes:

A PACKED JURY.—There is no doubt in our mind, or in that of any gentleman, who was in the District Court room yesterday morning, that the jury which was in attendance had been "packed" or summoned expressly to try our libel case. Not one of the jurymen were personally known to us, although it is believed by our friends that their political opinions were in direct opposition to our own. We do not believe there was one single conservative or democrat on the jury. For this little "favor" the Herald is indebted to that contemptible individual, known to fame as Christian G. Arret. This person is now one of Capt. Bonnett's deputies, and the jury was summoned by him.

A talented member of the bar, who was not interested in the case, remarked, when he saw the jury, that he had often heard of gamblers "winging in a cold deck," in order to cheat, but the winging in of that jury rather "laid over" any attempt to cheat in open Court, he had ever noticed.

We here publish the names of the gentlemen, who had been summoned on a venire facias to act as jurors:

- Jacob Weber, C. Kreische, Adam Necker, R. W. Bullard, Willis Prescott, Naar Childs, F. Miller, James Duffy, Geo Patching, A. Ewald, C. H. Happers, Henry Cooney, Jacob Kuehn, M. Ruf, H. Nance, M. Meke, G. Uhl, Juan Cortinas, Zach. Sampson, F. C. Jaggy, Fred Hansson, Jas. Barnes, Anton Kemp, Jos. Jagle.

We venture to say, that each of the above-named jurors in point of morals as well as honesty and veracity, is superior to any of the Herald's crew. If the Herald crew expects a jury of their equals, what a pitiable sight it would present.

The above named gentlemen will certainly thank the Herald for the compliment paid them, for a compliment it is, considering the source it emanates from.

The Ghost of King Solomon, if the spiritualists could raise it, would admit that there is something "new under the sun." PHALON'S VITALIA OR SALVATION FOR THE HAIR, is thoroughly original. There has been nothing like it since time began. It is the only transparent, and harmless fluid in existence that will restore the natural color to gray hair, without discoloring the skin.

THE Augusta (Georgia) Constitutionalist of Friday last, in a leader entitled "The Wrath to Come," wants to get rid of reconstruction in the South as soon as possible "in order that the North may have a taste of her own physic." It thinks the enforcement of the fifteenth amendment will be resisted in several Northern States, particularly in California, and reprints with great satisfaction the blood-thirsty bravado of Governor Haight, of California, wherein he advises the Democracy "to provide themselves with pegging awls, and when a negro, or a Chinaman, or possibly a Republican, comes up to vote, we will prig him a little!" "Brave words bravely spoken," echoes the Constitutionalist. When will our Democratic friends learn that there has been a slight change in the legal status of the colored man within a few years past?—Washington Chronicle.

An Ordinance,

Re-enacting and amending an ordinance concerning payments made in Confederate money, or other worthless paper, on account of the principal and interest due upon lands sold by the city of San Antonio to divers persons, &c., passed on the 16th day of January, A. D. 1866.

SEC. 1. That the ordinance passed on the 16th day of January, A. D. 1866, and hereafter published, in reference to payments made in so called Confederate currency, &c., be re-enacted with the following modifications and amendments thereof, to wit:

That all persons interested, their agents or assignees, are hereby required to settle with Messrs. Davis & Murphy within ninety days, from and after the publication of this Ordinance, the entire amount due to the City of San Antonio, on principal and interest on lands purchased from said city on fifty years credit, the payment of which having been made in so-called Confederate currency, since the 1st day of April, A. D. 1861, with whom, said Davis & Murphy, the claims as above stated are placed for settlement, and upon the presentation of their receipts for the payment of said principal and interest, in U. S. currency, the city will execute the final title to said parties.

SEC. 2. That all persons who owe interest for lands purchased from the city of San Antonio, on fifty years credit, and have failed to pay the same, are hereby notified that the aforesaid firm has been employed by the city of San Antonio to institute legal proceedings against all delinquents on said interest, from and after the 1st day of May, A. D. 1870, in case such interest have not been paid in U. S. currency, to said city, up to said date.

SEC. 3. That this ordinance shall take effect from and after its passage. Passed, January 31st, A. D. 1870. Published February 2d, A. D. 1870. WM. C. A. THIELEPAPE, Mayor of the City of San Antonio.

Attest: MARTIN H. CAMPBELL, City Secretary.

The ordinance above referred to and passed on January 16th, 1866, reads as follows:

AN ORDINANCE. Concerning payments made in Confederate money or other worthless paper, on account of the principal and interest due upon lands sold by the city of San Antonio to divers persons, declaring the instrument of writing purporting to be deeds from the city of San Antonio for said lands, to be null and void, and allowing credits on account of said principal and interest for the market value of the amounts paid at the time of payment.

SEC. 1. That the City Council of the city of San Antonio:

SECTION 1. That the city of San Antonio does not recognize the act or acts of any person or persons, claiming to act as officers of said city, from the 1st day of April, A. D. 1861, until the ninth day of October, 1865, in receiving in the name of said city, the Bonds, Treasury Notes or currency of the late Confederate Government, worthless paper, purporting to be city scrip or scrip of said city, issued during that time in payment of the principal and interest, or either of them, due to the said city upon lands sold by said city, or in assuming to act in the name of said city in signing or executing instruments of writing purporting to be releases or conveyances from said city for such lands, or receipts for such pretended payments, and that all such pretended releases, conveyances and receipts, are hereby declared to be null and void.

SEC. 2. That to avoid any seeming injustice to those persons who have acted innocently and in good faith in making any such payments since the 1st day of April, A. D. 1861. All such persons as have paid to any person or persons acting as officers of said city, any such bonds, treasury notes, currency or scrip on account of the principal and interest, or either, due upon the lands heretofore sold by this city, shall, upon presentation and delivery to the Mayor of his, or their receipts, for such payments, together with such instruments of writing purporting to be releases or conveyances from this city, within three months after the passage of this ordinance and shall at the same time surrender such instruments of writing for cancellation, shall receive from the Mayor of this city a receipt on account of the actual market value of the bonds, treasury notes, currency or scrip so paid by such person or persons at the time of the payment thereof, provided that such person or persons shall at the same time execute and deliver to the Mayor, an instrument of writing wholly cancelling and annulling the writings heretofore executed and delivered to such person or persons by persons acting in the name of this city, as aforesaid, and putting this city in the same position, with the same price and charge upon such lands as before such payments.

SEC. 3. That in case any person or persons having delivered to, or their receipts, and instruments of writing as mentioned in the 2d. section of this ordinance shall be dissatisfied with the amount of credit allowed him or them by the Mayor thereon, and shall refuse to receive from the Mayor a receipt for such amount, and to cancel such instruments of writing; then in that case the Mayor shall deliver back to such person, or persons, the original receipts, and instruments of writing so delivered by him or them, as aforesaid, and that thereafter such receipts and instruments of writing shall be null and void.

SEC. 4. That it shall be the duty of the City Attorney, after the expiration of three months from the passage hereof to commence all necessary suits in the proper courts, for the cancellation of such instruments of writing as have not been surrendered up and cancelled according to the provisions hereof, and for the recovery of the principal, and interest, due to this city upon such bonds.

SEC. 5. That this ordinance shall take effect from and after its passage. Passed Jan. 16th 1866. Mayor's Office San Antonio Jan. 16th 1866. (Signed) D. CLEVELAND, Mayor.

M. SLOCUM, City Secretary. Mayor's Office City of San Antonio Texas, December the 4th, 1866.

I hereby certify that the foregoing and above is a true and correct copy from the original Ordinance, on file in the Mayor's Office of this City. MARTIN H. CAMPBELL, City Secretary.

The Waters' Pianos are known as among

We can speak of the merits of the Waters'
Pianos from personal knowledge as being of
the very best quality.—Christian Intelligencer.
The Waters' Pianos are built of the best
and most thoroughly seasoned material.—
Advocate and Journal.
Our friends will find at Mr. Waters' store
the very best assortment of Pianos, Melodions
and Organs to be found in the United
States.—Graham's Magazine.
Merritt D. Damon.—Since Mr. Waters gave
up publishing sheet music, he has devoted
his whole capital and attention to the man-
ufacture and sale of Pianos and Melodions.
He has just issued a catalogue of his new
instruments, giving a new scale of prices,
which shows a marked reduction from
former rates, and his Pianos have recently been
awarded the First Premium at several Fairs.
Many people of the present day, who are
astounded, if not confused, by the flaming
advertisements of rival piano makers, prob-
ably overlook the modest manufacturer like
Mr. Waters; but we happen to know that
his instruments earned him a good reputa-
tion long before Expositions and "honors"
connected therewith, were even thought of;
indeed, we have seen of Mr. Waters' Pianos
factories now in our residence (where it has
stood for years), of which any manufacturer
in the world might well be proud. We have
always been delighted with it as a sweet
toned and powerful instrument, and there is
no doubt of its durability; more than this
some of the best amateur players in the city
as well as several celebrated pianists, have
performed on the same piano, and all pro-
nounce it a superior and first-class instrument.
Stronger endorsement we could not give.—

Testimonials.
The Waters' Pianos are known as among
the very best.—N. Y. Keeganist.
We can speak of the merits of the Waters'
Pianos from personal knowledge as being of
the very best quality.—Christian Intelligencer.
The Waters' Pianos are built of the best
and most thoroughly seasoned material.—
Advocate and Journal.
Our friends will find at Mr. Waters' store
the very best assortment of Pianos, Melodions
and Organs to be found in the United
States.—Graham's Magazine.
Merritt D. Damon.—Since Mr. Waters gave
up publishing sheet music, he has devoted
his whole capital and attention to the man-
ufacture and sale of Pianos and Melodions.
He has just issued a catalogue of his new
instruments, giving a new scale of prices,
which shows a marked reduction from
former rates, and his Pianos have recently been
awarded the First Premium at several Fairs.
Many people of the present day, who are
astounded, if not confused, by the flaming
advertisements of rival piano makers, prob-
ably overlook the modest manufacturer like
Mr. Waters; but we happen to know that
his instruments earned him a good reputa-
tion long before Expositions and "honors"
connected therewith, were even thought of;
indeed, we have seen of Mr. Waters' Pianos
factories now in our residence (where it has
stood for years), of which any manufacturer
in the world might well be proud. We have
always been delighted with it as a sweet
toned and powerful instrument, and there is
no doubt of its durability; more than this
some of the best amateur players in the city
as well as several celebrated pianists, have
performed on the same piano, and all pro-
nounce it a superior and first-class instrument.
Stronger endorsement we could not give.—
