This preparation of the great Scientist,
Dr. Gottlieb Fick, of Germany, is based on
the fact that, as all materials of the body
are derived from Food, so all Vital Force,
or Health, is derived from the Force stored
up in Food. Dr. Fick's Bitters enables the
System to liberate and appropriate these
Forces, creates at once appetite, cures Dys-
pepsia, with its resulting Debility, Lassi-
tude and lack of Nervous Energy; so tones
the Stomach and Liver as to make Consti-
pation and Biliousness impossible; acts as
a Preservative and Restorative; Reinfor-
ces the System so it can tide over the ex-
cesses of changing climate, water, &c., and
better endure and meet the demands often
unexpectedly made on its Force and Ener-
gy. Ladies in delicate health, aged per-
sons, and all emaciated and weak after
sickness, will rapidly strengthen by using
this great preparation. (24-6-71d&w-w2m)

When will the End Come.
BY C. W. HOLMES.
When legislators keep the law,
When banks dispense with bolts and
locks,
When berries, whortles, rasp and straw,
Grow bigger downward through the box;
When he that selth house or land
Shows leak in roof or flaw in right;
When haberdashers choose the stand
Whose window has the broadest light;
When preachers tell us all they think,
And party leaders all they mean;
When what we pray for, what we drink,
From real grape and coffee bean;
When lawyers take what they would give,
And doctors give what they would take;
And city fathers eat to live,
Save when they fast for conscience sake;
When one that hath a horse on sale
Shall bring his merits to the proof,
Without a lie for every nail
That holds the iron on the hoof;
When in the usual place for rips
Our gloves are stitfled with special care,
And guarded well the whalibone tips,
Where first umbrellas need repair;
When Cuba's woods have guffa fergot
The power of auction to resist,
And elaret bottles harbor not
Such dummies as would hold your fist;
When publishers no longer steal,
And pay for what they stole before;
When the first locomotive wheel,
Rolls through the Hoosac tunnel's bore;
Till then let Cunning blaze away,
And Miller's saints blow up the globe;
But when you see that blessed day,
Then order your ascension robe.

ders, are dead.
—NEW YORK, July 27.—Curtis F. Gilbert,

—WASHINGTON, July 27.—Gen. Gordon has
been examined; his testimony is generally in
corroboration of other conservative
witnesses. He knew of no Ku Klux as de-
scribed in the papers; he had been invited
by the best people to join an organization,
the object of which was purely self-protection,
disguised under the lead of bad
whites, rising the negroes apprehended,
without some organization on the
part of the whites might be disastrous.
The organization alluded to in the papers,
was never used for political purposes.
Negroes did not essentially sympathize
with the Republican party. They had
equal interest with the whites in good
government. Their alienation on the part
of the South against the government had
been increased since the war by Radical
measures which they regarded as great
wrongs, as well as by military arrests
without warrant or charge and imprison-
ment of innocent men. He did not feel
that he or any of the Southern people had
committed treason.

Execution of a Murderer.
BREMEN, July 25, 1871.
The negro murderer, Henry Miller, was
hanged to-day at one o'clock. About four
thousand people witnessed the execution,
four-fifths of whom were negroes.

Editor of the San Antonio Express:
Pursuant to a call on the 28th day of
July 1871, a mass meeting was held by the
Republican citizens of Victoria county.
After the meeting has been called to
order, his Hon. John Mahon was elected
President and H. F. Kuhne was chosen
Secretary for the meeting.
The President explained the subject of
the meeting and upon motion a committee
of three was appointed to draft resolutions.
The following Delegates and Alternates
were when nominated and duly elected:
Delegates—L. F. Mack and William
Eichholz.
Alternates—E. Shadwitz and Mitchell
Harrison.
The committee then presented the fol-
lowing resolutions which were unanimou-
sly adopted:
Be it resolved by the Republicans of
Victoria county, that they fully endorse
the action of the present honest adminis-
tration of his excellency E. J. Davis and
such measures carried into effect by our
Republican Representatives in the Legis-
lature intended to support him in the
suppression of lawlessness and crime
throughout the State.
Be it further resolved that our former
Representative in Congress the Hon. E.
Degener possesses our full confidence and
esteem by the active and energetic manner
with which he served his constituency
before, and that he shall have their unani-
mous support if he should receive the
nomination.
That while they would prefer the Hon.
E. Degener to any other candidate in the
field they leave their Delegates to the

convention untrammelled being well satis-
fied that their vote will be in correspon-
dence with the true sentiments of the re-
publicans of this county.
And be it further resolved that copies of
these resolutions be furnished to the State
Journal, the San Antonio Express and the
Texas Digest for publication.
Be it resolved that in case one of the
Delegates elected and also the Alternates
should be prevented from attending the
convention the power is hereby delegated
to the other Delegates to cast two votes
for the County.
The meeting upon motion then adjourned
" sine die."
JOHN MAHON,
President.
H. F. KUHNE, Secretary.

REPORTS received at the Indian Bureau
to-day show the portion of Kickapoo In-
dians now in Mexico are divided among
themselves as to returning to this country,
but the most influential chief with a dele-
gation of his brethren will visit the trib-
e in Kansas, who together will look for a
reservation for all their people in the In-
dian territory, to be located at a distance
from the Texas border.
The agent who was dispatched to Mexico
in order to induce the return of the Kicks-
apoo, says the Indians are near Santa
Rosa, in Coahuila, and mentions as a sin-
gular fact that a Mexican commission had
arrived at that place but a week in ad-
vance of our agent and his party, and had
been issuing cattle and corn to the Kicks-
apoo.
The Mexicans are anxious to retain the
Kickapoo, for the reason that if they should
leave, the community will be invaded by
the Mesquitaris, Apaches, Lipans, and other
marauding Indians; that the Kickapoo
are the only defence of the Mexicans, and
that their labor and trade are matters of
no mean importance to them.
The report also shows that one of the
Indian chiefs was bribed by the Mexicans
not to consent to a removal, after some of
the Kickapoo, especially the squaws, had
made arrangements to depart. The object
of our Government in desiring the return
of the Kickapoo, and their location on a
reservation, is to break up their depen-
dence on the Texas frontier, in which they
are encouraged by their Mexican friends.

What the unreconstructed say about
the Convention at Austin:
The last resolution put through at the
pou-ow Thursday evening, literally re-
minded Hamilton, Dugan, et al. some
years ago. They were read and voted out
of the party unless called. Newcomb being
master of the situation, delegates in his
interests were elected to the New Braun-
fels Convention, of course. If Newcomb is
the nominee Hancock will beat him three
to one.
At the mongrel county convention
yesterday, the blacks were about the only
residents of the county present who partici-
pated in the exercises. All of the old resi-
dent whites were kicked out."—State

TUESDAY AUGUST 1, 1871.

REPUBLICAN STATE EXECUTIVE COMMITTEE.

Hon. J. G. TRACY, Chairman, Houston. Hon. J. P. NEWCOMB, Secretary, Austin.

Table with 4 columns: Dist., Name, Dist., Name. Lists names of committee members across various districts.

SPECIAL NOTICE.

The San Antonio Weekly Express is the appointed Official Organ for the 23d Judicial District... composed of the counties of Bexar and Wilson.

BLANK DEEDS,

For Sale at this Office.

A contrast between the tone of the Democratic press of 1859 and that of 1870 is amusing. Ten years ago the "Galveston News" and the San Antonio "Herald" were howling denunciations against Yankees...

The New York Riot.

It is difficult for the more phlegmatic American or German to understand or appreciate the feelings of an Irishman, on the subject of the battle of Boyne.

One of our earliest remembrances is of a man taking the bricks off the chimney of a four story house and throwing them down into the street and a prevailing row generally; it was an incident of the celebration of the battle of Boyne in a Northern city twenty-two years ago.

Imagine that the Confederacy had succeeded and that a procession of southern sympathizers, say a northern branch of the Sons of the South were to parade the streets of Boston with a banner, with a portrait of Jeff. Davis on it and the band playing some such tune as "We'll make all the puritan empires lie down," add to this a little exasperation and we have an idea of why it is that the naturally excitable Irishman takes to paving stones and six-shooters on the memorable 12th of July.

The American outside of the Democratic party are a unit on this question, and their opinion is that the law shall be upheld come what may.

The New York riot has awakened the people on this subject and their voice is clear and unmistakable. Every man or body of men that do not violate the law by their acts must and shall be protected.

If the Chinese choose to have a religious procession they should be protected if the whole United States army has to be called out.

We have the criminal law to punish all offenders and there is no necessity for mob law.

It is on the same principle that the Government resorts to extraordinary legislation to bring the southern democratic mob to reason.

Human life and liberty have been made sacred by the hundreds of thousands of lives have been poured out to perpetuate them and if this great maxim is not carried out all over the country then the war has been in vain and those who have offered up their lives for their country have died as the fool dieth.

Rail Road Disaster.

Construction train, Conductor Lynch, returning to Navasota in Central Rail Road, went through Navasota trestle bridge, nine cars; killed instantly five, mortally injured two, more or less injured twelve.

Disaster caused by a derrier on the train which the hands forgot to lower, carrying away the top of the bridge, precipitating the train in the river.

Yours, PETERICH.

To the Editor of the State Journal: Are the German voters of this section to understand that you will unequivocally support the nominee of the New Braunfels convention even if he should not be the standard bearer "full of ability, principle and courage, &c.," referred to in the Journal of the 28th?

As the Germans of Western Texas elected Governor Davis, they would like to know how their preference will be treated by the "Official Journal," should he be the nominee.

As a Congressional straw of unusual significance, we publish the following comments on the extraordinary San Antonio letter to the "Union," already published in this EXPRESS.

A DESERVED COMPLIMENT. - The following extract from San Antonio to the Houston Union, expresses the views of the masses of the Republicans of West Texas, and contains a deserved compliment to one of the most earnest, courageous and devoted leaders of our party. - A frank politician, and one more devoid of guile, trickery, and "reserves," does not stand on Texas soil than Mr. Newcomb. - State Journal.

At a meeting of the Republicans of Comanche County, July 22nd 1871; Mr. James Trainer was called to the chair and Mr. J. L. Millsbaugh elected Secretary.

The object of the meeting was stated by the chairman, to be, for the purpose of selecting three delegates to attend the Republican Convention to be held at New Braunfels, Texas, August 14th, 1871.

The following resolutions were unanimously adopted:

Resolved, That we heartily endorse the course of Hon. E. Degener during his term of service in Congress, and recognize in him the man best qualified to represent the will and wants of the people of this Congressional District, therefore we designate him as our first choice.

Resolved, That should any vacancy occur in our delegation to the District Convention, the delegates there present, are hereby instructed to cast the vote of the whole delegation.

The following gentlemen were unanimously elected delegates and alternates: Delegates - James Trainer, James Evans, W. H. Smith.

Alternates - W. S. Veck, J. L. Millsbaugh, Col. Hoffman.

On motion the meeting adjourned sine die.

J. L. MILLSBAUGH, Secretary.

We have among our exchanges the Washington Patriot. The New York Patriot occasionally, but it was as poor a thing as the Washington paper the last time they tried it.

Mr. Degener. - It has been reported in San Antonio that while at Washington you wore a stove-pipe hat, Will you set the minds of your constituents at rest by giving your views on this subject.

If you say you did wear a stove-pipe while in Washington, please state what has become of it, and explain why it is that since your arrival at San Antonio you wear an ordinary straw hat.

Mr. Degener still maintains a painful silence in regard to the questions propounded to him in the EXPRESS, except the fifth, and to tell the naked truth we don't like to publish his answer.

A HINT TO THE DISTRICT ATTORNEY OF BASTROP COUNTY. - Question to Mr. Julius Schuetz. - Guilty or not guilty!

The State Journal of the 28th is before us, and it is gratifying to observe a departure from the Grand Mogul style of previous numbers. We extract the following from its issue of the 28th:

On the 14th of August the delegates to the Republican Congressional Convention from the Fourth District met at New Braunfels. This district is larger than an average American State, and some of its delegates will represent constituents who reside at a distance of nearly six hundred miles from the place of meeting.

There are but two announced candidates in the field, Mr. Degener, of Bexar, and Mr. Deffenderfer, of El Paso. A third candidate from Corpus Christi Gen. Brown, has withdrawn from the contest. But the convention, by its means limited to the avowed candidates in its choice. The Fourth district has no lack of true and tried loyal hearts, full of ability, principle and courage, tried in the furnace of the war, and tested without reserve in all the struggles of our early organization. There is no difficulty in finding a competent standard-bearer in the Fourth district, nor in electing him when found.

A full convention would comprise over 20 delegates from seventeen counties. Every county in the district has, we believe, met in mass meeting, passed resolutions and selected delegates. Many of the counties have expressed their preference for Mr. Degener, but in most instances the delegates are left un instructed and free in the selection of their Congressional leader.

Throughout the entire section every county and mass meeting has passed resolutions of unreserved and hearty support and endorsement of the State Administration. There is absolutely no exception to this statement. The so-called Republicanism that attempts to evade State issues, and by an odious neutrality disarm Democratic opposition, or invite Democratic support, will meet with no sympathy from any quarter. The painful silence hitherto preserved by Mr. Degener on the question of State issues, has been a source of weakness to his many friends, and has given aid and comfort to the bolters, malignants and sore heads in our ranks. We trust that this silence will continue no longer, and that Mr. Degener will speak without reserve on the vital theme of our State policy. Be that as it may, no man can or should receive the nomination at New Braunfels who hesitates to cast in his lot and row in the same boat with the Republican party of Texas.

By way of comment on the above, we have to say, that the statement that every county in the district has selected delegates, and that in most cases they had been left without instructions, is rather premature. The following is a correct statement, and we commend it to the careful perusal of all whom it may concern before another onslaught on Mr. Degener is attempted. In our issue of the 26th ult., we gave the names of 13 counties, representing 31 votes, for Mr. Degener. The following 3 counties have since that date elected delegates, with similar instructions: Victoria, 2 delegates; Medina, 1 delegate; Concho, 1 delegate, giving Mr. Degener 37 counties, with 35 votes.

By the above it will be seen that, although Mr. Degener has been silent, his Republican constituents have spontaneously given expression to their views on the soundness of his principles.

Headquarters Dep't of Texas, (Texas and Louisiana.) SAN ANTONIO, TEXAS, July 27, 1871. Special Order No. 151.

I. Captain Edward M. Heyl, 4th cavalry, will proceed to Fort Richardson, Texas, and join his company.

The Quartermaster's Department will furnish the necessary transportation.

II. Paragraph VI, Special Order No. 220, current series, is modified as to direct Captain William T. Howell, Assistant Quartermaster, to proceed from San Antonio to Fort Richardson, and report in person to the Colonel of the 4th cavalry, for duty in connection with the purchase of horses for that regiment.

The Quartermaster's Department will furnish the necessary transportation.

World-Renowned

SEWING MACHINES

ARE LEADING ALL OTHERS.

SALES FOR 1870

Larger than any other Sewing Machine manufactured in the United States.

Received the Cross of the Legion of Honor and Gold Medal at the Paris Exposition in 1867,

And the Gold Medal at Amsterdam Exhibition, in 1860,

And have invariably obtained the Highest Honor at all the great exhibitions; also, received, successively, the highest Premiums at our Texas State Fairs, in

1870 AND 1871.

The "HOWE"

is the most durable, simplest, most complete in all its parts, uses the shortest and smallest needle, for the same sized thread, than any other Machine, which is far less liable to break; it is so perfect in all respects that with ordinary care, it will last a life time without repair.

THEREFORE SELECT

"Elias Howe's"

NEWLY IMPROVED

FAMILY SEWING MACHINE

which for simplicity and superiority of mechanism, beauty and excellence of stitch, economy of thread, strength of seam and variety of work is unsurpassed by any other Machine.

It will sew, quilt, gather, hem, fell, cord, braid, bind, and perform every species of sewing, plain and ornamental, making a beautiful and perfect stitch, called the "Howe" Lock Stitch, which is formed by two threads, one upon each side of the material, sewed and locked together in the centre, forming an elastic seam, and presenting the same appearance on both sides.

A stitch of this character commends itself as especially appropriate for sewing woven material, and if suitable thread be used the seam will prove as strong and elastic as the fabric itself.

At the present time no less than 400 Machines are turned out daily, and each and every one is guaranteed perfect, and made of the best material.

We have constantly on hand a full assortment of these celebrated Machines.

Call and examine before purchasing elsewhere.

A LITTLE girl of eight years of age, the daughter of Geo. Noell living on the Medina at Carr's crossing, was ravished by a Mexican on Sunday.

Sheriff Bonnet has sent men in pursuit.

SAD ACCIDENT.—On Sunday evening last, two young lads of this city, Phillip Scheibel and John Stappenbeck, went bathing in the river below Mrs. Elliot's place in the lower part of the city. The elder one of the two, Phillip Scheibel, ventured beyond his depth and was drowned, despite the manly efforts of young Stappenbeck. The body was recovered yesterday morning, whereupon an inquest was held by Judge Klocke and a verdict rendered in accordance with the above facts.

Young Scheibel was 17 years of age, has a mother living in Germany, and has only been in this country two months. He has been working as an apprentice at carpentering with Mr. Louis Wank.

SUNDAY affords an opportunity of observing the variety of nationalities and races of which the population of our city is made up and the peculiarities of each. In the fore-part of the day the churches are crowded with devout hearers but the good advice is treated in about the same way it is done everywhere else—it goes in one ear and out the other.

It is but a capitulation of St. Anthony's (St. Antonio's) fish sermon.

It is reported that one day he found the church empty so he went down to the river and preached to the fishes. The carp (always carrying) the pike, the sharp biters, eels and sturgeons, crabs and mud turtles, all attended and pronounced the sermon most excellent but

When the sermon was ended To his business each wended The pike to their thieving The eels to good living The sermon found favor They remained just as ever.

In the afternoon, fast young men with fast horses ran the dirt and dash past in a cloud, and the doors of the bar rooms on Commerce street were seen by picturesque groups of young men holding small canes and smoking cigars, smiling alternately at the fair damsels that pass and the accommodating bar tender inside. Occasionally a caballero, on a fiery steed, with fancy hat and sash, and spurs to match, ambles past, while the sidewalks are crowded by colored people of both sexes, in holiday attire and in the best of spirits.

The San Pedro and other places of resort are filled with well-dressed crowds of Germans, discussing cigars and lager, their conversation often interspersed with the names of Degener, Newcomb, Governor Davis and the Express. (If a man doesn't say something about himself nobody else will.)

We ASKED a gentleman recently from Austin why the Journal was so premature lately. He said it was a little quick.

Science Advances.

As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powders, &c., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length Hostetter's Stomach Bitters made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them.

There have been many spurious bitters palmed upon the community, which, after trial, have been found perfectly worthless, while Hostetter's has proved a blessing to thousands, who owe to it their restoration to health.

For many years we have watched the steady progress of Hostetter's Stomach Bitters in public estimation, and its beneficial effects a cure for all complaints arising from the stomach of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation after years of careful study and sitting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and it therefore demands the attention of the afflicted.

The engineers on a strike at New Castle, England, held a meeting and resolved to make no compromise with their employers.

Dispatches from the East represent that the cholera prevails alarmingly in Persia, and that the ravages caused by the disease are dreadful.

Consumption,

Its Cure and its Preventive,
By J. H. Schenck, M. D.

Many a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friend are sleeping the dreamless slumber into which, had they only adopted

Dr. Joseph H. Schenck's simple Treatment,
and availed themselves of his wonderful medicinal medicines, they would not have fallen.

Dr. Schenck has in his own case proved that wherever sufficient vitality remains, vitality, by his medicines and his directions for their use, is quickened into healthful vigor.
In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-evident, self-convincing. The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two thirds of the cases of consumption originate in dyspepsia and a functionality disordered liver. With this condition the bronchial tubes "sympathize" with the stomach. They respond to the morbid action of the liver. Here then comes the culminating result, and the setting in, with all its distressing symptoms of

Consumption,
The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophyllum Peltatum. They possess all the blood-searching, alterative properties of calomel, but unlike calomel they

"Leave no Sting Behind."
The work of cure is now beginning. The viscous and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts resolutely, and the patient begins to feel that he is getting on his feet.

A Supply of Good Blood.
The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impure and diseased portions of the lungs. In the form of pathologies, it prepares them for expectoration, and to it is very short time the malady is vanquished, the rotten throns that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was.

Given up as Lost.
The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased, and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear; to get up a good circulation of blood. The patient must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:
Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws, I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon dispersed the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

As soon as that began to subside my cough, fever, pain and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since."

"I was weighed shortly after my recovery," added the Doctor, "then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Boston. He and his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 13 North Sixth Street, Philadelphia, every Saturday from 9 a. m. to 3 p. m. Those who wish a thorough examination with the Respirometer will be charged \$5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the ample instructions that accompany them; first create appetite. Of returning health, hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood at once follows, the cough lessens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation; while the Pulmonic Syrup, as a curer of coughs and colds, may be regarded as a prophylactic and a compensation in any of its forms.

Price of the Pulmonic Syrup and Seaweed Tonic, \$1.50 a bottle, or \$7.50 a half dozen. Mandrake Pills, 25-cent boxes. For sale by all druggists and Dealers.
