THERE is to be held an International Congress to consider the prevention and represent of crime, and penal and reforms wal, acientific, and educational in stitutions, and knowledge him flow. tory treatment, in Londou, July 3, 1872.
In relation thereto, apublic meeting was held in New York Jan. 20th 1875, at which life. Horatio Seymour presided, and which receives to have been largely attended by notable public ment. Letters were read from President Grant, Colfas, Samuer, Seward, Hoffman, and many other distinguished men of the country. A National Committe was chosen, selected from all of the States in the international Congress, and we observe that Ger. Davis was selected from this State as one of the committee.

the work which the Int. Goagress may perform.

But among the letters read in the New York meeting we have observed one which is desurving of special mention; — the one written by Biacque Boy, the Minister from Tarkey to our government. The Christian team, firmly established many centurations of the world are so much in the habit of exalting their civilization above those of the rest of the world, that they are agit to forget that couse this may may perhaps, be learned from these peoples who defind results have been accomplished by the united action of a government and needle, now trees.

What the Japanese want,

The Banquet at San Francisco Got tide Answer to the Tones "Que Die

your kind generosity, I gladly express to you, and through you to the citizens of San Francisco, our heartfelt gratitude for the friendly reception which has everywhere greeted the embassy since its arrival in your State, and especially for the marked compliment paid this evening to our natiou. This is perhaps a fitting apportunity to give a brief and reliable outline of many improvements being introduced into Japan. Few but native Japanese have any correct knowledge of our country's internal condition. Friendly intercourse with the treaty powers has been maintained (first

powers has been maintained (first among which was the United States), and a good understanding on the part of our people has in-creased commercial relations. Our mission, under special in tructions from his Majesty and fine!
That throat whence out-gushes a spirit division.

The structions from his Majestry the Emperor, while seeking to grate a seeking to grate the rights and interests of the seeking to our respective nations, will seek to our respective nations.

unite them more closely in the s will dance like a bubble in amber and beads beads precinte each other more when we shall appreciate each other more when we know each other better. By read-

While she toys with your heart, to your To day it is the carnest wish of both White she tays with your neart, to your head she will go.

Then beware of the widow!—the Widow atrive for the highest points of civil ization enjoyed by more enlighten.

Then is to be held an International Confrom this state as one of the committee.
All this shows the great interest feit by the leading minds in this country in the subjects neutrinoid, and it is reasonable to expect that great good will result from the week which the Int. Congress may perform.

With our material all improvement, they learn to understand their rightsful for ages had been denied them. Civil war was but a temporary result. Our Daimios magnant impossly surrendered their restrictions.

American Washer Saces Money Time, and Drudgery.

one-half longer than by the old plan of the rub board. It will was the largest blanks. St. Three shiets at a time, wearing there could be a supplemental to a Law Curtain or Cambrie Handbaretter, are squalty within the capacity of the LITTLE GEM! It can be fastened to any tub and taken off as will.

No matter how deep-rooted the prejudice may exist against Washing Machina, the mouter how deep-rooted the prejudice may exist against Washing Machina, the moment this little machine is stan to parform its weakers, all daubts of its clasing cheese and utility are handshed, and the douber and derinctor at once been me the fast friends of the machine.

We have lostimediate without and, setting forth its numerons advantages over all others, and from bundreds who have thrown aside the nuwieldy, usaless machines, which have signally failed to accomplish the object promised in prominent and loud counding advertisements.

It is an purfect for washing as a wringer is for wringing. The price another paramount indiscensent to purchasers, has been placed as less that it is within the vench of every boundaceper, and there is no article of domestic edonomy that will rapay the small involument acous. lig.

Bend for Circulars and see our terms, and a full description of the work. Adress, National Publishing Co. Philadelphia, Fa., Atlanta, Ga., or St. Louis, Mo.
