City Manager Dave Marr said the Bureau of Recreation had made an on-site inspection of proposed park improvements and told the city officials that the Department of Interior did not like stadiums with overhead lighting wires. However, in order to have wires put underground for the proposed improvements at Babe Ruth Park, the cost would be approximately \$15,800. It was agreed that the price would not be feasible in order to have the Bureau of Recreation administer a grant to install new fences and a watering system.

The city manager was asked to check into the possibility of the city installing the watering system at the park.

**Farm Bill Discussions Planned**

Choices farmers in the Texas Panhandle can make about the best products to raise and how to market them more profitably this year will be explored at a meeting here Dec. 14 & 15.

A feature of the public meeting, to be held at the Texas A&M University Agricultural Research and Extension Center, 6500 Amarillo Blvd. West, will be an explanation of the 1977 Federal Farm Bill and its implications to farmers in the Panhandle.

Extension agricultural economics and marketing specialists from Texas A&M University, College Station, will conduct the program. Paul E. Gross, district agricultural Extension agent here, said. They are Dr. William

E. Black, Project Leader in Marketing and Economist-Marketing and Policy, and Dr. Ronald D. Knutson, Economist-Marketing Policy and Research. They will analyze the current farm marketing situation and direct the discussion of the future outlook.

The program is arranged so that farm producers, Extension agents and others interested in agriculture can attend all or portions of the meeting. Gross

From 1 to 5 p.m. Wednesday, December 14, Black and Knutson will explain marketing alternatives which are open to the farmers.

At 7 p.m. Wednesday, December 14, Knutson will summarize

the provisions and effects of the new farm bill.

Thursday, December 15, the program will begin at 9 a.m. and adjourn at 3 p.m., with a recess for lunch.

MISS PATRICIA DALE

## Miss Patricia Dale Honored With Shower

A bridal shower honored Miss Patricia Dale, bride-elect of Lyn Eldon Randolph, Friday afternoon, December 2, in the Lazbuddie Methodist Church fellowship hall.

Special guests of the honoree were Mrs. C.W. Dale, her mother and Mrs. Dale Randolph, Friona, mother of the prospective bridegroom. Yellow rose corsages were presented to the honoree and both mothers.

The serving table was laid with a white lace cloth over yellow. Carrying out the bride's chosen colors of yellow and orange were a fall arrangement of orange dried flowers with a large yellow candle as the centerpiece. A two-tiered yellow and orange heart-shaped cake made by Mrs. Lloyd Bradshaw and punch were served from silver and crystal appointments by Miss Dana McDonald and Miss Karen Scott, both of Lazbuddie.

The registering table was laid with a white lace cloth over orange, accented by a small bronze and crystal antique candle holder and one tapered orange candle. Attending the table was Miss Jatonna Bowman of Clovis, N.M. Registering gifts for the honoree was Miss Kim LaRue of Lazbuddie. Hostess gifts were a canister, vacuum and a portable hand mixer.

Hostess for the occasion were Mrs. Lloyd Bradshaw, Mrs. Billy Weir, Mrs. Elvis Powell, Mrs. Bob Templar, Mrs. Vic Benedict, Mrs. Glen Scott, Mrs.

Don McDonald, Mrs. Herbert Clay, Mrs. Preston Cargile, Mrs. Kenneth Johnson, Mrs. Marshall Williams, Mrs. Dalton Mimms, Mrs. Raymond Trieder, Mrs. Gene Rogers and Mrs. Dud Winders.

## Fire Department Auxiliary Plans Christmas Party

The Muleshoe Fire Department Auxiliary met for the monthly meeting, Monday evening, December 6.

The date set for the annual Christmas party is December 17, at 7 p.m. The members will meet January. A heart program has been scheduled for the February meeting.

Members present were Mrs. Owen Jones, Mrs. J.O. Parker, Mrs. Wayne Wauson, Mrs. Alton Parker, Mrs. H.E. Reed-er, Mrs. Ed Edminston and Mrs. Odell Rasco.

## Consumer Food News

**COLLEGE STATION**--Citrus, vegetables and some meat cuts offer good values in Texas grocery markets--and the pecan crop is large, reports Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**FRESH PECANS**--To figure the most economical buy, remember that two pounds of nuts, in the shell will yield one pound (about four cups) of unshelled nuts, she says.

Also, look for shells free from cracks, holes or scars. Shells well-filled so kernels do not rattle are a good-quality sign. Shelled nuts should be plum and meats with a crisp, fresh taste, and fresh ones will snap when broken.

**FRESH FRUIT**--Items with the most economical prices are grapefruits, oranges, tangerines, tagelos, apples, cranberries, grapes ad bananas.

**FRESH VEGETABLES**--Best values include sweet potatoes, cooking greens, turnips, hard-shell squash, carrots, rutabagas, dry yellow onions, celery, cauliflower, broccoli and potatoes.

**POULTRY**--Turkey parts from large size birds are good values, but egg prices likely will ease upward nearer the holidays.

For egg economy, if there is less than a seven-cent price spread between one size and the next larger in the same grade, the larger offers more for the money.

**BEEF**--Good values include chuck roasts and steaks, round and rib steaks, ground beef and liver.

**PORK**--The pork picture looks good with selections from Boston butts, chops, roasts and liver. Smoked features include hams, picnics, bacon and sausage.

**HOLIDAY WATCHWORDS:** To retain pecan freshness, keep them in a cool dry place in an air-tight container. They keep longer in the shell. If shelled, they keep longer whole and unsalted in vacuum cans.

AMBASSADORETTE--Sheila Hunt, one of the newer Muleshoe Chamber of Commerce and Agriculture Ambassadors, was one of the features of Saturday's Christmas Parade. Other Ambassadors also adorned the parade.

## Epsilon Delta Chapter Meets In Littlefield

The Epsilon Delta Chapter of Delta Kappa Gamma Society International met in Littlefield, Saturday, December 3, in the First Christian Church.

A Christmas Dinner was hosted by the Littlefield members and gifts were exchanged.

The prayer was given by Mrs. Irene Lynn and Mrs. Georgeann Rasco told a Christmas story. Mrs. Oneta Gary, Olton, led the group in the singing of Christmas carols.

Mrs. Jack Obenhaus, president, conducted a short business session.

Muleshoe members attending were Miss Virginia Bowers, Mrs. Dorine Harbin, Mrs. Clifton Finley, Mrs. E.W. Johnson, Mrs. Joe Costen, Mrs. Eric Smith, Mrs. Carrie Lee Bishop, Mrs. John Watson, and Mrs. Jack Obenhaus.

**RECIPE**  
By Sarah Ann Sheridan

To save time in last minute preparations, this pie can be made the day before your holiday meal.

- Pineapple Ambrosia Pie**  
1 envelope of unflavored gelatin  
1/2 t salt  
1/2 c sugar  
1 can pineapple (8 3/4 oz.)  
1/2 c orange juice  
3 eggs, separated  
1 t orange rind  
Coconut crust

In a heavy sauce pan over low heat, stir together gelatin, salt and 1/4 cup sugar. Stir in the undrained pineapple and orange juice. Cook and stir constantly over low heat until gelatin dissolves. Beat egg yolks and stir in, continue cooking and stirring over low heat until mixture thickens slightly. Remove from heat. Stir in orange rind. Cool to luke warm. Beat egg whites in remaining 1/4 c sugar, continue to beat, if necessary until very thick and glossy. Fold in the lukewarm mixture. Turn into cooked baked coconut crust. Chill until firm.

- Coconut Crust**  
1 1/2 c flaked coconut  
2 T soft butter

Mix together the coconut and butter. Pat even on bottom and sides of a 9 inch pan. Bake in a slow oven 300 degrees for 15 to 20 minutes or until light brown. Cool. Put in mixture and chill.

## Olton Falls To Boys By 38-18

On Monday night November 28, the 8th grade basketball team traveled to Olton to play the Olton Mustangs. In the 1st quarter the Mules were ahead 8-7. At the end of the 1st half the score read Muleshoe 20, Olton 10. At the end of the 3rd quarter the score was Muleshoe 28, Olton 12. The game ended with the Mules coming out on top by a score of 38-18. Scoring for the Mules were Lupe Rosales with 10, Monty Hysinger

with 8, Larry Norman with 6, Trent Kirven with 4, Jeff Meeks, Ronnie Angeley, Alan Harrison, and Tommy Sexton with 2 points each. Congratulations on your win!

## At Muleshoe Junior High

## Favorites Chosen By Students

This past week we have been electing class favorites and Mr. and Miss MJHS. Each grade has their own favorites and the 8th grade has Mr. and Miss MJHS.

For the class favorites in the 8th grade there was a run-off in the boys between Rennie Angeley and George Vela; in the girls, Jill Turner and Jan Whitt. The winners were Jill Turner and Ronnie Angeley. For the 7th grade, Freddy Vela and Berna Lopez were the winners on the first ballot. For the 6th grade favorites there was a run-off between Mike Pecina and John David Agee; and for the girls, Rachel Hodges, Kelly Hamblen, and Susie Hyde. The winners were Rachel Hodges and Mike Pecina.

The Mr. and Miss were selected by the whole school, but

could only be 8th graders. There were also run-offs in this, for Miss: Robin Burgess and Jan Whitt, Mr. Ronnie Angeley and George Vela. The winners were Robin Burgess and Ronnie Angeley.

The Journalism Staff would like to congratulate all these people for the honors they have just won!!!

## 7th Mules Down Olton For Victory

On Monday night, November 28, the Mules played Olton and won their first game of the season and not their record is 1-1. In the first quarter of the game the Mules did not score any points and Olton led them 8-0. In the 2nd quarter things changed up a little and the Mules scored 7 points and went into the half with the score of 8-7. This made the Mules have high hopes of winning the game. In the third quarter the Mules played great defence and Olton did not score a point and the Mules scored 8. Now the score was 15-8 Mules favor. In the 4th quarter the Mules scored 7 points and Olton scored 2 to make the final score 22-10. Coach Jones said the team still needed to do a lot of work to have a real basketball team.

## Player Of The Week

7th grade player of the week  
The 7th Grade Girls played their second game of the season last Monday against Olton. This was our first win on our home court with a score of 16-13. We could not work very good against a zone and this is what Olton ran throughout the game. This week I would like to recognize Sherry Ellis as Player of the Week. Sherry did a good job bringing the ball down the court and setting it up. She had lots of hustle and enthusiasm which really helps to pick up a team and keep it going.

Everyone really kept going and did not give up at any point during the ball game. The girls realized what they had to do in order to come out on top.

Rhonda Dunham had 8 points, Sherry Ellis 4 points, Denise Wilson 2 points, and Sandra Haight 2 points. Dunham led on rebounds with 7.

The player of the week during the Olton game this week as Lavon Rhodes. Lavon showed a great deal of improvement in her game. Her shooting is getting better and she is a good team player who looks for her team mates to get open and hustles in for the rebounds. Coach Flowers said, "I'm expecting Lavon to become a real tough player for us."

The 8th grade won the game 40-13, which indicates the competition wasn't to stiff. Everyone got to play quite a bit which was good and we ran the press much better than last week. "The way things started out we must have had a lid on the goal," said Coach Flowers, "no one could hit for the first few minutes of the game." It turned out to be quite a contact game since there was 41 fouls called, but only one girl fouled out.

The scoring was shared among most of the players. Jill Turner had 6, Cindy Tunere 6, Lavon Rhodes 5, Kristi Henry 4, Robin Burgess 4, Donna Hawkins 4, Starla Black 3, Delia Shaw 2, Paula Williams 2, Cara Bass and Susie Pierce also did a good job of hustling for us.

SECOND PLACE WINNER-Second place winner in the float division last Saturday during the Christmas Parade was the float entry by the Bailey County 4-H. Santa's House and Toy Factory proved to delight the crowd as it made the parade route.

## 8th Grade Girls B-B Improving

Coach Flowers though that they didn't score as much as they were capable of. Michelle Townsel had 15 points, Delia Shaw 4 points, Starla Black 2 points, and Cindy Turner 1 point. Jill Turner and Lavon Rhodes did a great job of rebounding and hustling for the team Michelle put out a tremendous effort in getting rebounds.

### Fighting Three Way Eagles

By The Three Way School

Intolerance is the one subject that people write about and then fail to practice.

### Three Way FHA News

The Three Way FHA has been preparing for a Christmas bazaar. They held a bazaar in the foyer of the gym on November 15 and 22. The next bazaar will be during the December 16 basketball games. The Homemaking III class has prepared bread and candies. The Homemaking II class made bread dough Christmas ornaments and macramed pot hangers, jewelry and wall hangings. The Homemaking I class has been making a patchwork comforter. They have also made a felt Christmas wreath, ornaments, and novelty pillows. The FHA chapter had their monthly meeting Monday Dec-

ember 5 after school. Plans for the Christmas banquet were discussed.

### Second Grade Kapers

We enjoyed the Thanksgiving season very much and we are really looking forward to Christmas.

From now until Christmas we will be very busy working on our Christmas program with K-5. Our mothers are busy getting our costumes ready. We will also do several art projects in our room.

We have a new student. His name is Ernie Durfee and he is from Arkansas. We are very happy to have him.

Just because a man is a good sport doesn't necessarily mean that he's a good man.

### Senior Spotlight

Our Senior Spotlight turns to Louie Key. Louie was born on August 15, 1960 in Moses Lake, Washington to Mr. and Mrs. Bill Key.

Louie's favorite color is blue and his favorite foods are sea foods, mexican food, pizza, and steak. His favorite past times are fishing, snow skiing, water skiing and driving his new car. His favorite subject in school is P.E. He likes this best because he loves competitive sports and likes to be active.

Louis was one of the captains of the Mean Green in football, plays basketball, tennis, and runs track. He has been a member of FFA for four years, also is a member of the Avalanche-Journals 200 yard club. He was voted by his classmates as Most Handsome and Biggest Flirt. He also is a member of the Three Way

Rodeo Club. Louis plans on going to college and is looking forward to graduation.

LOUIE KEY

The progress of every community depends upon its public-spirited, unselfish leadership.

**PILGRIMS AND INDIANS**--Three Way Kindergarten students worked all week on Indian and Pilgrim costumes. They made hats, collars, necklaces and drums. In a parade, they showed all the classes their costumes. They are front row, kneeling, D'nae Dewbre, Shannon Johnson, Heather Hutton, Norma Rubalcala, Kristi Risinger, Sheila Tucker and Debra Locke. Back Row, standing, Rosita Guillen, Stephanie Silhan, Sammy Belez, Scott Terrell, Mario Guillen, Chris Locke, Melinda Turney and Laura Covarrubias. Their teacher is Miss Barbara Smith.

## Brewers Dried Grain Valuable Cattle Feed

AMARILLO--An abundant by-product of the brewing industry, brewers dried grains, can provide a valuable, one-package source of roughage, energy and protein for beef cattle feedlot rations, report scientists at the Texas A&M Agricultural Research and Extension Center here.

Not only are brewers dried grains attractive as a livestock feed, they are effective in reducing digestive disturbances and liver abscesses in cattle, Dr. G.B. Thompson, resident director of research at the center, said.

In a paper presented last week at the national Brewers Feed Conference in St. Louis, Thompson reported on experiments involving 275 head of beef cattle to determine the value of the dried grains in

cattle diets. Performance, carcass characteristics and qualitative energy determinations were made in the experiments.

Some of the results of those studies indicate that brewers dried grains have a potential in the center's research on special sick pen diets for feedlots, Thompson said. Research on these special diets is being led by Dr. David Hutcheson, animal

nutritionist with the Texas Agricultural Experiment Station.

Particularly relevant to cattle producers and feedlot operations in the High Plains, Thompson said, are the findings that cattle feed high concentrate rations containing the brewers dried grains produced a low incidence of abscessed livers. The roughage component of the grains also was effective in reducing digestive disturbances in cattle, the tests revealed.

To help the center here pursue research on rations for stress cattle, the United States Brewers Association, Inc., approved at the St. Louis meeting a grant of \$5,000 to the Texas A&M scientists.

At the conference, Thompson reported that if the proper minerals are fed in a ration containing from 10 to 45 percent brewers dried grains, the performance grains and rate of conversion are similar to that of a corn ration. This bears out previous findings of the National Research Council, he noted. "Efficiency was increased by using brewers dried grains as

half of the ration without added minerals. There is no statistical difference in carcass traits when beef cattle are fed rations containing brewers grains rather than other commonly used feedstuffs, Thompson said.

### Joe Collins Funeral Rites Slated Today

DIMMITT--Funeral services for Joe Collins, 70, of the Flag community were Sunday in the Primitive Baptist Church in Muleshoe with Elder Bernard Gowen, Elder Hulan Bass and Elder Afton Richards officiating. Burial was in Earth Cemetery under direction of Singleton-Ellis Funeral Home of Muleshoe.

Collins died at 10:35 a.m. Friday in Methodist Hospital in Lubbock following a lengthy illness. He was a resident of the Flag community since moving there from Earth in 1946. A farmer, he was a deacon in the Primitive Baptist Church in Muleshoe. He was married to Katy Pugh in October 8, 1936 in Olton. Collins was born June 14, 1907 at Ranger.

Survivors include his wife, Katy; three sons, Wayne Collins and Ted Collins of Dimmitt and James of Lubbock; one brother, Forrest Collins of Earth and nine grandchildren.

### Cotton Prices Steady, Lower

Prices High Plains cotton growers received were steady to \$1.50 per bale lower the week ending December 2, according to Paul R. Dickson in charge of USDA's Cotton Classing Office in Lubbock.

Growers sold mixed lots of mostly grades 42 and better, staples 30-33, mikes 3.5-4.9 around 43.00 cents per pound. Mixed lots of mostly grades 53 and better, staples 33-36, mikes 3.5-4.9 brought about 44.20 cents per pound, Dickson said.

High Plains Classing Offices graded 265,000 samples this week, bringing the season's total to 1,813,000. This com-

pare with only 593,000 graded by December 2 last year, according to USDA's Agricultural Marketing Service.

Predominant High Plains this week were grade 31 at 19 percent, grade 41 was 27 percent and grade 32 accounted for 27 percent, also.

Staple lengths were mostly staple 31 at 30 percent, staple 32 was 33 percent and staple 33 accounted for 17 percent.

# Grazing Fees--Whats Fair

There's more at stake in the Carter Administration's grazing fee proposal than a simple dollars-and-cents formula; there's the question of what's right for everyone concerned. That includes the rancher who grazes livestock on public lands, as well as those folks who look to the same lands for other needs. Equally important, it includes the public--the more than 200 million Americans to whom the public lands belong.

The grazing fee issue is not new. For many years, fees charged for forage on National Forests lands and the public lands administered by the Bureau of Land Management have lagged far behind what was being charged for grazing rights on private lands.

It's fair to the rancher. He would pay only what forage is worth. Not more. And it's fair to the public. It would receive as much as the forage is worth. Not less.

Of course, there's always the chance that his is not what Congress intended. Perhaps they would subsidize the livestock industry by selling public resources at bargain prices.

Frankly, I doubt it, but if that was their goal, then I think it's up to Congress to clarify the law.

Instead, there is some Congressional activity aimed at once again postponing any grazing

fee adjustments. I hope this doesn't happen, because delay is not a solution--it's just delay. Being a Westerner, I can appreciate the sensitivity of Western legislators to the concern of the livestock industry. I, too, am concerned. This has been a really tough year, what with serious drought, rising costs and uncertain market conditions.

But that's all the more reason for stabilizing the grazing fee situation now, because every year of further delay means the gap between public and private grazing charges grows larger.

Interior and Agriculture have been reaching toward fair market value in grazing fees since 1969, when the present regulations went into effect. Those rules, by the way, would set the 1978 fee at \$2.08 to \$2.15 per animal unit month (AUM). Our new formula would work more gently than that, setting next year's fee at \$1.89, with modest raises each year until fair market value is reached in 1980 or

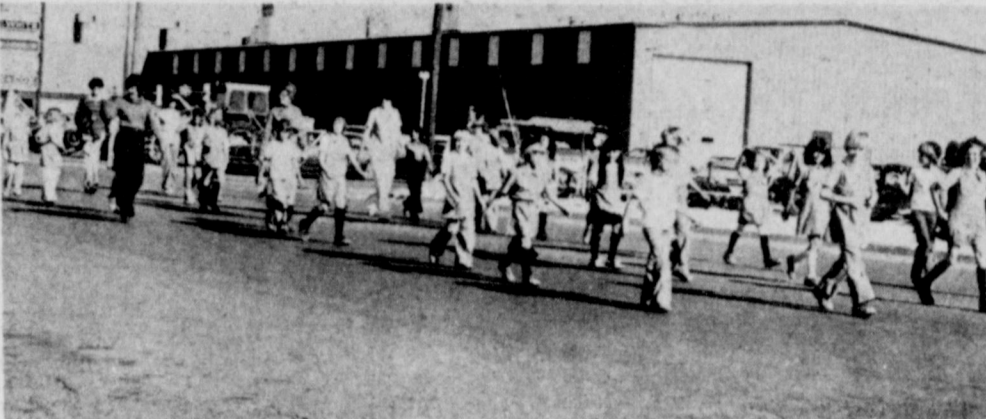

1981. So our proposal would soften the burden by making the increases gradual. In fact, for most operators who graze their animals on public lands, the impact would be minimal, because Federal fees are only a small part of their overall

operating costs (the average annual increase would be only \$60).

The Livestock industry would, in fact, benefit from our proposal because it would help solve the critical problem of deteriorating rangelands.

Under our proposal, as directed by Congress, one-half of all

fees collected would be earmarked for investment in range betterment projects. That's urgently needed now--not another 20 years down the road. And making the range more productive will bring greater stability to the livestock industry in the long run.

SCOUTS MARCH IN PARADE--Brownie Scouts, along with several troops of Cub Scouts, marched in the Christmas Parade in Muleshoe. Combined were the Brownie Troops in Muleshoe as several other Scouts troops were also featured.

What is now is that today we have a mandate--the Federal Land Policy and Management Act of 1976--to protect the public by insisting on a fair return on resources taken from its property.

That law required a joint effort by the Departments of Agriculture and Interior to study grazing fees and propose a reasonable fee structure; one that is "equitable to the United States and to holders of grazing permits on public lands."

The key word here is "equitable," although I recognize the difficulty of achieving this lofty ideal, to everyone's satisfaction, in every case.

In this instance, for example, the law itself contains some apparent ambiguity. It says, on the one hand, that we should consider the cost of livestock operations in establishing fees. This could have the effect of holding fees artificially low, thereby subsidizing the rancher.

On the other hand, the law quite properly requires us to obtain "fair market value" for grazing rights. The question is, which of these requirements is paramount?

I believe that basing the fee structure on fair market value was the overriding intent of Congress in enacting this legislation. It is also the best way to resolve this issue--at long last--in a way that is fair to everyone.

### Water Imports See Problems With Cities

Water problems in other sections of Texas may ultimately help see that water is imported to the High Plains. Harvey Davis, executive director of the Texas Department of Water Resources, told directors of Water, Inc., Friday (Dec. 2).

Noting the subsidence problem in the Houston area, Davis said, "Houston is about to fall in a hole. This may be conducive to a greater statewide effort than we have ever had before. We will be working on it and, of course, you (Water, Inc.) will have to continue working on it with all the vigor you can."

Davis, who assumed on Nov. 1 the top position in the state's new water agency, said, "We know that the water situation is crucial to this area and we are going to give it the best we can... (It) is not a simple problem, as everybody knows that anything about that kind of activity."

"It is inconceivable for me to think," Davis continued, "that an area like this country out here, as important as it is literally to the world, would ever be ignored with the problem it has."

Water, Inc., is a non-profit organization founded 10 years ago to promote water importation and this insure the continued productivity of High Plains agriculture.
