REPUBLICAN STATE CONVENTION.

A Delegated Convention of the Republican party of Texas will be called in assembled in the city of Houston on the second and Tuesday of May, 1872, for the purpose of nominating Presidential Electors for the State of Texas at the National Convention, for a thorough reorganization of the party, and for the transaction of such other business as may be deemed necessary before the body.

The date of representation is fixed for the 20th of May, 1872.

Papers friendly to the whole South will please send to Mr. H. D. Gray, 101 Congress Street, Boston, Mass., Executive Committee.

Plates for the Public Schools.

What tests books and the different kinds of apparatus for public schools was being discussed by the Board of Education, the Attorney General, Mr. A. W. Tamm, and the Adjutant General, Mr. B. Schwarz, in the adjourned session, as being far preferable, as is the law, much more safety to the spectator at a distance, — although it is believed that nobody will be hurt. It will come off in about ten days without further notice — as the people will please keep their eyes on the Press Office. We are going to blow up clean out of the water higher & higher! Editors, composers, long-legged news-boys, Americans and D— Dutch will all be going up — way up! — (and then we are coming down again). And who do you imagine is the genius who is going to accomplish all this at his own expense? You know him!

Talk about the great Alexanders and Teutsch, the great Napoléons and Jim Fiskers! — they are just now newsmen compared to the great men who "grew" right here in our midst, sprang up in a night, like a toad-skin, as it were, and still lives, and has invented a *Terpsichore*, a paper-torpedo which is going to blow us "higher & lightning". He said himself, and the man is one who would bring it if you the man saw the paper — the paper that is going to blow us up! — there can be no doubt of it in the world. Come and see us as we go majestically up among the stars, and the lightning, and the stars, and admire the great man, who is able to do us this great service! Incomparable man! We shall bleed, and the people shall say "Hail to us so no!"

FATIGUE. — Recently a \$500 fatigued bond of 1863 was issued by the State at the bidding of the Comptroller of the Treasury, and on the back of it was written the following under date of 1863:

"I take the management of my business with my greatest care, always doing my best to serve the public, and I would like to inform the office of the State of Texas, that I am a member of the Democratic party, and I would like to make another list comprising those who are members of the same, and who have not received the \$500 fatigued bond."

Mr. Townsend wanted a cen-

tury ago to undertake the work.

FAIR POINT. — The National Republican makes a fair point. A list of bonds held under the Administration have been made, and the Republi-
