REPUBLICAN STATE CONVENTION.

CHANGE OF TIME ORDERED.

A Delegate Convention of the Republican party of Texas is hereby called to assemble in the city of Houston on the second and Tuesday of May, 1872 for the purpose of electing Delegates to the Philadelphia National Convention, for a thorough organization of the party, and for the transaction of such other business as may properly come before the body.

The basis of representation is fixed at one delegate from all the counties, even five hundred votes in each county.

County mass meetings called by state committees are authorized to nominate candidates for regular conventions as impractical.

Friends to the objects herein expressed will please copy this call.

Our Republican State Executive Committee.

J. P. NEWCOMB, Secretary.

TO THE REPUBLICANS OF BEXAR
COUNTY.

After consultation with prominent Republicans, it is deemed advisable to modify the original plan of convening the Republicans of this country, as originally ordered in yesterday's Express. Instead of present conventions delegating delegates to the State Convention, it is now deemed preferable to hold a General Mass Meeting of the Republicans of the whole county at the time and place named.

The time and place named, make full representation of the Republicans of this county, from all its precincts, at the Finance Hall, in the city of Houston, to the State Convention, for the purpose of electing delegates from this county to the State Republican Convention to be held in the City of Houston on the 2d Tuesday of May, 1872. A full representation is requested, in order that delegates may be chosen who will express the opinions of this country in the State Convention.

A. SIEMERICK,
Chairman of the Executive Com. of the
2d Judicial District.

Texas Republicans.

We have heretofore done the Houston Union injustice in our strictures upon what we deemed its want of independence in its treatment of public and political affairs in this State. We are more than glad to be able so soon to tender our apologies, and make amends, as far as we are able, to one of if not the best conducted republican newspapers in the State. A friend of ours, in whom we have entire confidence, recently visited Austin, and was assured by Mr. Quick of the Union, whom he met there, that his views concerning our State political matters were in perfect harmony with those heretofore expressed in the columns of this paper. He stated that "there is a growing feeling of the State, and throughout the capitol, and the people of the State, that the policy of flooding Texas with Canadians, and robbing the United States Army of all its Majors, to supply the State with office holders, has played off." That hereafter there must be a more general expression of opinion in regard to the management of the Republican party of Texas, and unless the little ring of egotistical office-holders at Austin devote more of their time hereafter to their official duties, and refrain from attempting to teach better masters, and more comprehensive men than themselves their political antitype, a hornet's nest will be booted over their heads and no quarters whatsoever will be given them."

But we publish below conclusive evidence that the Union has advanced towards—if not quite to, as we are certain it will, the stand point of party journaling that it is in motion by the Express;—namely, its comments upon the platform adopted by the Austin county convention. In the main, its criticism of that platform accords with our own views, and the slight variance theron which we shall take occasion to point to-morrow, will perhaps appear unimportant; but there can nothing be lost, and there may be much gained by a frank interchange of views before the meeting of the Houston Convention. In every expression of our own views, we mean to be guided solely by the desire to promote the welfare of the people of this State, which, in our opinion, can be promoted only by purifying the Republican party here, and thereby rendering its influence certain. The whole republican press of the State will sooner or later fall into line with the Express, or, if they do not, will lead a brief and inglorious career. The little ring of upstarts at Austin which has arrogated to itself political infallibility so long, which has treated with disdain and insult the voice of the republican cause whenever they have undertaken to make themselves heard, which has sought among the most impudent and traitorous demagogues, who were only willing to "harbor" in their narrow beds-to-make-war for the members of the ring, as well with them which has brought, in due, the republican party in this State near to dissolution, may as well pull off its patent leather shoes bought on a false credit, off its ill-fitting glossy stove-pipe hats, between two frequent railroad and stagecoach rides, who a little day long, in aversion from its narrow, forced attend, so far as it had capacity, to its legitimate duties and observe for a while the work accomplish good works when they have a fair opportunity.

TEXAS REPUBLICAN PLATFORM.

The following preamble and resolutions were adopted at the Republican Convention of Travis county held at Austin last Saturday:

WHEREAS, it is determined, that the administration of the government be always for the people and made by the power of the people alone;

Therefore, the friends of the Democratic party, in view of the conduct of the Republicans, without regard to condition, be it therefore resolved, That in the future, as in the past, our Republican national and State administrations shall have our earnest and zealous support in their efforts to secure the adoption of the platform, securing them in all their rights of life, liberty and property.

Second, That the general education of all the children of the State, under the charge of the school tax, be maintained, and that the funds arising therefrom be used for the support of the schools, by interfering with the collection of the school tax. We are willing to let the school tax be collected by the State, and the private enterprise of the State, not one dollar or cent should be taken from the public school fund.

Third, That the general education of all good citizens to co-operate with us in the promotion of the good system where this defective, and that the State, in the same manner, as the national, should be compelled to make up the deficiency of the State heretofore entered into, but we are unwillingly compelled to settle with the State, who now know all the power of our Government.—Houston Union.

GENUINE LIBERAL REPUBLICANS will be found at the approaching State Convention.

All men in the State, of whatever class or party, in the public service, to whom the State, or the nation, or the world, owe a debt, will be entitled to a free education, and that the State, in the same manner, as the national, should be compelled to make up the deficiency of the State heretofore entered into, but we are unwillingly compelled to settle with the State, who now know all the power of our Government.—Houston Union.

SANTANA.—The notable Indian Chief in the Peninsula, with Big Tree, sentenced for life to the galleys, in company with Mrs. Boris, wife of the ex-Secretary of the Navy. The question arises whether this can be done under the Constitution and laws of the country—whether a President, during his term, can make a speech, or a letter, to the Congress?—Big Tree is the Chief of the Kowas, one of the tribes in Santana's confederation. He has proposed to the Congress to give Big Tree a hostage for his freedom, and let the Government send men with him, and he promises to give up all his lands to the government, and that they shall keep the peace hereafter. He is represented by all old friends as a man of honor, and there is nothing to lose and much to gain by accepting the proposition; we incline to favor it. The frontier tribes might be settled by this means.
