Maxima Photyshop for the Puture.—
In one of the slide atreods of our flourishing city, resides a hard working mechanic, who assess to combine with industry and cheerfulness, a remarkable amount of pradence and flowesight. Passing by his work about a respective of the same was decoposed in and found him hard at work on an iron coffit of fabulous dimensions, and on our coquiring the object of this apparently secentric work, he informed us that knowing his day was not far oft, he had determined to make himself a metal codie in which he should be buried; and in order that he might not be pressed for room he had constructed it large around "to turn over in."

Congratulating the worky man on his happy thought and expressing the hope that the day was fur distant when he would have to accupy his less resting place built by his own hands, we took our departure cogitating on the extraordinary freshs and inexplicable mania that sometimes uninessing whether we would have the nerve to build our owl coffin, and increase the product of the large would have the nerve to build our owl coffin, and increase the product of the large that the first around the first search and keep them in a hope that the day was fur distant when he would have to accupy this less resting place built by his own hands, we took our departure cogitating on the extraordinary freshs and inexplicable mania that some times united by the product of the large the hards of the large that he would have the nerve to build our owl coffin.

New York Tribune,

trusted correspondents stationed at all points in Europe where great movements are in progress or imminent, aims to present a complete and instructive panorama of events on that continent, and to mirror age Foundaism and Ecclesiasticism on the one hand and Kinetcenth-Century skepticism and secularism on the other. Recognizing—a Divine Providence in all that proceeds and sait looks hopefully on the great conflict as destined (like our own recent convusion) to evolve from strife, diameter, and secularism chick for the solling masses of mathind.

In our own country, a war upon corruption and rascality in office has been inaugusted in our City, whereby the government of our State has been revolutionized through an initial triumph of Reform which carpasses the most asngaine anticipations. It is morally certain that the novement thus inaugurated caunot, in its gress, he circumscribed to any locality or any party, but that its purifying influence is destined to be fold in every part of the Union, recombing tensility, exposing robers, and successing it in those worthical and fiftee the wield it. To this belieficed and
