FOR PRESIDENT,
Wm. S. Grant,
OF ILLINOIS.
FOR VICE-PRESIDENT,
Henry Wilson,
OF MASSACHUSETTS.
EMIGRATION.
We extract the following from a letter dated Liverpool June 20th written by Mr. W. Hurley to Gov. Davis, and which we published in the State Journal.

By talk and the influence of my friends I formed a company here to buy Texas lands to assist any man of family that would emigrate to give them a small farm to build their homes for their five years credit. This company has half a million of money if I can only show them that Texas will do their part we will be sure of success. We are going to give them a trial. We have engaged five hundred families out of London, and have seven hundred agents in the British Isles. We have also established an agency at Christiania, Norway. This agency will establish sub-agencies all over Norway; and we are having one little book translated into their language, also into German. At Hamburg we have established an agency who will look after all the German States. We have made arrangements to bring people from America to the United States. We take them from here direct which is \$40. I will leave again for a trip in the north of England, and from there to the north of Ireland which I think will take me two weeks, when I shall return home, and will call on you as soon as possible to report in person the fruits of my labors. We shall open a house here and in Galveston to receive the emigrants and take care of them, so that they will be under our care from the time they leave their homes until they are sent forward to their homes in Texas. We thus devote trouble and expense on us that is not taken by any other people in this business, but we think it will be better for the State that first impressions shall be favorable. To make this thing a success we shall have to open and keep open a regular office, and will be under our care from the time they leave their homes until they are sent forward to their homes in Texas. We thus devote trouble and expense on us that is not taken by any other people in this business, but we think it will be better for the State that first impressions shall be favorable.
