PLOWING UP WHEAT--Morris Killough who farms south of Muleshoe, was busy Tuesday afternoon plowing up a wheat crop. He said that of his 530 acres, he planned to plow up 50 percent showing that farmers 'mean business' in asking for 100 percent of parity. Several farmers in the area either have already plowed up to

50 percent of their winter wheat, or will be plowing in the near future. "I hate to do it," said Killough. "But, I feel sacrifices will have to be made to show the people of Washington we really mean business."

Farmers Ask Business For Continued Support

Pay & Save Victim Of Large Burglary

When Harold Maxwell arrived at the Pay and Save Grocery in Muleshoe Sunday morning shortly before 9 a.m., he found that someone had been at the store before he arrived.

In fact, according to what the assistant manager of the store found, and reported to the Bailey County Law Enforcement Center, the persons had entered the store quite early.

They broke a lock off the back door of the store, removed an outside bar, then removed an inside bar on the back door before entering the store. Once inside, they unplugged the burglar alarm system, then spent some time breaking into one safe, removing more than \$3,000 in cans, which included more than \$200 in silver, and packets of \$20s, \$10s, \$5 and \$1s.

Apparently becoming hungry as they worked on the safes, the burglars took all the cooked burritos from a storage oven in the meat market of the store.

Despite attempts to break into one large safe, all efforts failed, and officers checked deep gouges, and a loosened handle on the safe, which did not yield to the burglars' efforts. The second safe apparently opened without a lot of trouble for the intruders.

Assistant Muleshoe City Police Chief J.R. Carpenter checked the burglary and found some 'good prints' on parts of the safes and in other places. He found some evidence at the store, showing that the burglars apparently entered the store sometime after the rain started Saturday night.

The rain started falling around 1 a.m. and the burglars apparently entered the store after that time.

LINDA MULLEN
**Linda Mullen
Bailey County
Home Agent**

Linda Mullen of Silverton, has been named the new Bailey County Home Extension Agent. The announcement was made Monday by Bailey County Judge Glen Williams and Mrs. Catherine B. Crawford of Lubbock, district agent for the Texas Agricultural Extension Service. Miss Mullen has been an extension agent in Briscoe County for the past three years.

The new agent is a native of Lubbock, where she lived all of her life until her graduation from college. She received the BS degree with a double major in home economics education and clothing and textiles from Texas Tech University. She has completed a MS degree in home economics. She has also completed additional graduate courses at the University of Houston.

Miss Mullen has had four years of teaching experience. She was with the Alpine Independent School District and the Pecos Independent School District for two years each.

In her new position, she will work with Extension Agent Spencer Tanksley in 4-H and extension work and will provide leadership to conducting educational programs for homemakers and youth in home economics.

She will begin work in Bailey County on March 1.

Barbecue Luncheon Honors Businessmen

"We want to show appreciation to our businessmen, and to ask for continued support, said moderator Doug Bales Saturday at noon. He was speaking to some 200 farmers and businessmen who met at the Muleshoe High School cafeteria for a barbecue luncheon to honor local business people.

Following the luncheon, several speakers told of the farmer's plight and each asked for the continued support of the business people and consumers in the farmer's attempt to begin getting better prices for their crops.

Parity was explained by one speaker as, "Take your paycheck if you are a worker. Cut it by one-third, and keep your expenses as they are at this time. What you have is parity. Your income is cut by one-third, but your expenses remain the same."

One speaker was by tape. He is Gerald McCathern of Hereford, who spoke Friday to a group of farmers in McAllen, who are recruiting the Valley area of Texas into the American Agriculture Movement. McCathern said, "We are going to rest some land. I know a lot of good people, they lost a bunch. We're plowing up wheat, we're going to destroy it. I can't operate on a cheaper price than I got for my products last year, and you can't either. We need a lot of people."

3-Way School Stock Show Set Saturday

Three Way School Superintendent Bert Grimes said the Three Way School is very proud of their new Ag Shop and Bus Barn.

To celebrate the completion of the facility, a livestock show for Three Way School students is scheduled for Saturday, February 18.

The Three Way FFA Chapter will coordinate the show which gets underway at 11 a.m. with a pet parade, with the stock show to get underway at 1 p.m.

Scheduled tentatively at noon is a barbecue luncheon in the Three Way School cafeteria and the FFA chapter will operate a concession stand throughout the stock show at the Ag Barn.

Superintendent Grimes said they hope to have a good crowd at the show, which is the first show of what is planned to be an annual affair at the school.

Around 60 entries will be judged the afternoon, he added.

I haven't seen a farmer yet who expected other people to do his work for him, and it's up to us to try to get our better prices."

McCathern estimated that approximately two-thirds of today's farmers won't be farming in 1982 if the current low prices continue. "It's our right, it's our responsibility, to do something about it (the price situation)."

Another speaker, Don Kimbell of Amarillo, an agri-businessman, who was a farmer said, "In many areas, businessmen say, I'm afraid to get involved. People, you're involved, whether you realize it or not."

"Who else will work for one percent return on an investment?" he asked. "Farming creates more jobs than anything else in this nation. And, 1973 is the first time farmers came even close to 100 percent parity."

Kimbell also added, "It's not by choice that farmers are roaming the towns and highways on tractors, they're forced to do it. Support your farmers, support our leaders. Don't let their effort fail."

President of First National Bank in Muleshoe M.D. Gunstream also urged more support for the farmer's strike. He said,

Commissioners Name Judges For Elections

Main item of business before the Bailey County Commissioners during a regular meeting Monday was the naming of judges for elections during 1978.

Connie Dale Gupton, Barry T. Lewis and Barbara McCamish were named to the absentee canvassing board; Mrs. Bill Taylor and Mrs. Owen Jones, Voting Box One; Leldon Phillips and Ernest Ramm, Voting Box Two; Ross Goodwin and Doyle King, Voting Box Three and George Tyson and R.L. Davis, Voting Box Four.

Also, Mrs. J.G. Arnn and Charles Mayhugh, Voting Box Five; C.C. Snitker and Bob Newton, Voting Box Six; Mrs. Fred Beene and Lewis Wayne Shafer, Voting Box Seven and Mrs. Jack Schuster and Mrs. W.R. Bowers, Voting Box Eight.

Commissioners also paid bills and employed a new County Extension Home Agent, Linda Mullen. Miss Mullen will begin her work in Bailey County on March 1, moving here from Silverton.

Basketball Coaches Resign

Meeting in regular session Monday night, the members of the Muleshoe Independent School Board of Trustees

As has become common on Wednesday morning, another frosty white blanket greeted residents when they arose.

However, less than an inch of the snow was on the ground at presstime, although the sky remained cloudy and threatening. National Weather Service predicted a break in the weather by Thursday.

With Ron Shirey, 22, of Clovis turning himself into officers at the Bailey County Law Enforcement Center Saturday, the number of outstanding warrants in the 30 grand jury indictments for organized crime in Bailey County, has dropped to six.

Shirey was in the Bailey County jail this week with a \$10,000 bond assessed.

Ernest Ramm, incumbent on the Muleshoe Independent School Board of Trustees, announced Monday that he is a candidate for re-election to his position.

Incumbent Jim Shafer announced last Friday he will be a candidate for re-election.

Muleshoe FFA boosters will meet on Monday, February 20.

accepted the resignations of both high school basketball coaches. Coach Raymond Schroeder, who was coach of the high school boys basketball team resigned and will be assigned to other teaching duties at MHS.

Also resigning as coach was Bob Graves, coach of the MHS girls' basketball teams. He will also be reassigned to other teaching duties at the school. Coach Graves is also assistant principal at Muleshoe High School.

Norwegian Visitors Happy, Optimistic

Two Norwegian visitors arrived in Muleshoe Sunday night because they saw on a map of Texas that "everybody takes pictures of the Mule." At the Mule Memorial, they were greeted by Mr. and Mrs. Kearney Scoggin of Muleshoe who started a conversation with the two men.

Rolf Tvedten, a farmer and Steinar Wiig, an engineer, ended up spending the night in Muleshoe and the conversation continued. On Monday morning, the 28 year old visitors visited the Muleshoe Chamber of Commerce and Agriculture, and visited some of the area's agriculturally related businesses and scenes before leaving for Albuquerque and Santa Fe. They said they are from the southern part of Norway, a

small town called Larvik, which is about a two hour drive from Oslo, the capital of Norway.

The bachelor duo arrived in New York four weeks ago, and traveled to Detroit, then to Grand Rapids, Mich. to visit a friend. In Grand Rapids, they purchased a car and started south to attempt to escape the snow and winter conditions.

Tvedten and Wiig said that farms in the United States surprised them, as the average farm size in Norway is 15-17 acres and most of the production is grass to feed the large dairy herds there. In the wintertime, farmers cut lumber from the forests on most farms.

Milk production is the mainstay of the Norwegian farmer, they said, and cited the wages, which are approximately the same, or perhaps a little higher than wages in the U.S.

However, for smokers, a package of cigarettes in Norway costs almost \$2, and for persons who own one of the expensive automobiles in Norway, gasoline costs around \$1.50 per gallon.

Most beef is imported, and is very expensive, but bread costs approximately the same as it does here, and milk costs a lot less. Most Norwegians drink a lot of milk and use a lot of milk products, they added.

Clothing is more expensive and \$70,000 is the average price of a Norwegian family would pay for a three-bedroom house. Although housing is quite expensive, heating is a lot less. The houses are heavily insulated, and most are heated by electricity, which is the cheapest utility in Norway. Electricity is very inexpensive, they added, and there is not natural gas in

Special Programs, two year contracts.

Receiving one year contracts were Kathleen Frances, Elementary Counselor; Ben Gramling, High School Counselor and Betty Jennings, Junior High School Counselor.

Also with one year contracts were Charles Faulker, High School Band Director and Kerry Moore, Speech and Drama Director.

Board members heard current financial reports and also heard that 88.31 percent of the 1977 taxes had been collected. They also reviewed new certification requirements for Tax Assessor/Collectors and approved a report sent to the Tax Assessment Practices Board of Property Value.

Ernest Kerr was appointed election judge and Joe T. Gonzales was named deputy judge for the school board election Saturday, April 1, from 7 a.m. to 7 p.m. at the Muleshoe High School cafeteria.

Absentee voting will begin in the county clerk's office at the Bailey County courthouse on March 13 and will conclude on March 28. The terms of Ernest Ramm, Jim Shafer and Royce Turner expire this year.

Victim Moved To Hospital At Big Spring

Tommy Vogann, 34, who was critically injured in a pickup/truck accident in Muleshoe in January, was moved to the veteran's hospital in Big Spring Monday, according to information received Monday by the Bailey County Law Enforcement Center.

The victim lost control of his pickup on ice on West American Boulevard and skidded for more than a block before slamming into the corner of a parked truck.

Members of the Muleshoe Volunteer Fire Department used the newly acquired Jaws of Life rescue tool to release the victim from his crushed pickup in less than five minutes.

He was given emergency treatment at West Plains Medical Center in Muleshoe, then transferred to Methodist Hospital in Lubbock for treatment of severe head injuries, a broken arm and leg. He has been reported to be in a 'comatose' condition, and breathing on his own since the accident.

NORWEGIAN VISITORS--Steinar Wiig, left, and Rolf Tvedten visited in Muleshoe Monday while on a nationwide tour. They said they were most impressed with the very large farms they see in this country. Tvedten is a farmer and Wiig is an engineer.

FARMERS HONOR BUSINESSMEN--Some of the guest speakers at a noon meeting Saturday when local and area farmers honored local businessmen at a luncheon were from left, W.B. 'Buster' Kittrell, Don Kimbell, Amarillo; Doug Bales and Gene McGuire. Speakers included also, M.D. Gunstream, Ralph Roming, Ed Lydon, Johnny St. Clair, Bill Wooley, Gil Lamb and Stan Black.

MRS. ELOISE PREWETT

Teacher Feature

Our teacher of his week is Mrs. Eloise Prewett. She was born in Higgins, Texas and is married to Iven Prewett. They have three children - Dennis 27, Nancy 25, and David 21. They also have a small bundle of joy named Kimberly Risman, their three year old granddaughter. Mr. Prewett is a farmer and also a earth moving contractor. Mrs. Prewett teaches Jr. High and Senior High Science. She has taught six years in Oklahoma, been at Three Way for 13 years. Her favorite color is green and beef and green salads are her favorite foods. Mrs. Prewett spends her spare time bowling and crocheting. She is a co-sponsor of the Sophomore Class.

Kindergarten Kut-Ups

We began studying our ABC's and the sounds they make. Six boys and girls who already know their abc's got to start a reading group. They have been reading about Sam. On Thursday, we celebrated Ground Hog Day. We colored a picture and decided he did not see his shadow. We got out early Tuesday to play in the snow. Friday, we saw the movie "Snowball Express." We ate popcorn and punch. It was really good movie. We would like to congratulate Laura Covarrubias on the birth of her baby brother, Oscar. Mrs. Covarrubias was the Head Start Aide for the last two years. Our reading group has read six books already. They can read eight words. Our math group is learning to write and recognize their numbers zero to ten. Our teacher, Barbara Smith, has been using her puppets, Brian and Bethany, to teach us some new songs. We really like the puppets. We have been giving puppet shows with our new puppet stage. We studied about Abraham Lincoln and what a good president he was. We have been making all sorts of Valentine pictures for Valentine's Day. We helped Laura Covarrubias celebrate her 5th birthday with cake and punch this week.

Eagle Report

The Eagles had a full week. They met Pep on Tuesday night and both teams really had to work hard to down a "pesky" Buffalo team. The girls won by a score of 46-43. Prynness Parkman had 31 points. Belinda Richardson 8 and Tammy Davis 7.

The boys had to come from a 7 point deficit in the third quarter to take a 62-51 victory. They outscored Pep 20-11 in the last quarter. High scorers for Three Way was Ken Eubanks with 17 and Albert Rand had 14.

Then on Friday night the girls took a giant step toward the second half championship with a 50-45 victory over Whitharral. High point for Three Way was Prynness Parkman with 26, Belinda Richardson and Tammy Davis had 12 apiece. This brings up a show down with Anton on this Tuesday. If Three way wins there will have to be a play off between Anton winner of the first half and the Eagles. The boys finished the season.

MANUEL VIDALES

First Grade Frolics

The First Grade celebrated Jeanine Robertson's birthday last week with a party and a birthday cake decorated with Big Bird, Cookie Monster, and Oscar. Games were played and there was favors for everyone. The class made her a Happy Birthday Book decorated with Valentines. The Second grade was invited to join the party and everyone sang "Happy Birthday Jeanine."

With all our talk about charity and helping our fellow man, few of us ever hurt ourselves by generosity.

Friday night losing to Whitharral by a score of 13-12. Yes, you read that right, it's not a misprint. It was a very exciting game. At the end of the regulation play the score was knotted at 12-12 as both teams played ball control and waited for the last shot. Whitharral sank a free shot in the second overtime to gain the victory and also the District crown. High scorer for Three Way was Jarrol Layton with 7. The boys were 14-12 overall and 2-2 for the season half.

We all hate to lose our Senior boys who have represented our community and school this year. We are proud of you.

Senior Spotlight

Our senior for this week is Manuel Vidales. Manuel made his appearance in a windy day in March of 1960 to Mr. and Mrs. Perfecto Vidales in El Paso, Texas.

Manuel's favorite subject is Ag because it is constructive. He enjoys repairing engines, the color blue and steak is among his favorites.

Manuel was recently selected for Who's Who for Three Way High. He belongs to F.F.A. is football manager and competes in UIL number sense.

He plans on attending college after graduation. He is looking forward to the Senior Trip and graduation.

Tax Saving on Drought Losses
Farmers and ranchers may be able to save on income tax if they suffered drought losses during 1977, says an economist with the Texas Agricultural Extension Service. A rancher may be able to elect to defer reporting income from the sale of certain livestock because of drought conditions. Farmers may be able to elect to defer for one year and reporting of crop insurance payments from the tax year the crops were destroyed or damaged by drought. The Internal Revenue Service can provide the details.

"I saw a lot of young farmers in Washington who really mean business. I say Thank God for the young farmers, I don't know who will be here tomorrow if they're not."

Gunstream also advocated that a new Secretary of Agriculture should be demanded and that someone needed to stay in Washington to keep reminding the legislators that the farmer's mean business.

The bank president also urged that large businesses and manufacturers be urged to get behind the farmer's strike and support the effort, and asked for everyone to contact the legislators, and keep contacting them, asking for their continued support. He also encouraged the 50 percent plowup for wheat and planting only 50 percent of this year's crop.

Lawyers Form Group To Back Dolph Briscoe

AUSTIN--Beaumont attorney Woodmen E. Dryden was today named chairman of the Trial Lawyers for Briscoe Committee and need a steering committee which includes 5 present directors and 4 past presidents of the Texas Trial Lawyers Association.

The announcement was made in a statement released from the Briscoe campaign headquarters in Austin.

Dryden noted that "the Governor has earned the reputation as a fair and honorable man."

"As trial lawyers we are deeply concerned with the individual citizens in Texas and Briscoe has consistently proven to us that he too is sensitive to their needs by signing into law important consumer legislation."

"He has the respect and support of countless individuals in our profession," Dryden said.

Dryden, a senior partner in the firm, Dryden, Watson, Grossheim and Allen, earned his law degree at the University of Texas. He is a past president of the Texas Trial Lawyers Association and a member of the Texas State Bar Association and the Jefferson County Bar Association.

Governor Briscoe said that the Trial Lawyers for Briscoe Committee "is made up of some of the best-known trial lawyers in Texas."

"I am honored that Woody and the distinguished steering committee of trial lawyers are supporting my reelection effort. "By anyone's standards they are a first class group of attorneys and I intend to listen to their advice and counsel," Briscoe concluded.

Scant clues were found to either of the burglaries which were reported during the past weekend, and officers said investigation is continuing into the incidents.

Local, Area Farmers Get New Survey

Production expenditures nationwide averaged just over \$32,000 per farm in 1976, according to a survey conducted by the U.S. Department of Agriculture and the Texas Crop and Livestock Reporting Service. The total outlay to raise crops, livestock and poultry ran up a bill of \$89 billion, said the services.

In order to update these expenditure figures, Wilda Millican of the Texas Crop and Livestock Reporting Service will be contacting several farmers in Bailey County during February and March in an effort to establish expenditure levels for 1977. Some producers will be asked a series of questions about their marketing practices for livestock, field crops, fruits and vegetables.

Mrs. Millican said all answers secured during the interviews will be confidential and used only in state and national summaries.

CHECKING NEW MACHINE--Mrs. R.A. Bradley looks on a Marshall Cook, administrator of the West Plains Medical Center, shows her how the new fetal monitoring machine works. The piece of equipment was purchased for the hospital by the Muleshoe Hospital and Nursing Home Auxiliary.

Fetal Monitor Saves Life Of Baby

For their Christmas Card Project in 1977, the Muleshoe Hospital and Nursing Home Auxiliary chose to purchase a fetal monitor machine for the hospital.

The fetal monitor machine has been received and training has been instituted in use of the new machine. Marshall Cook said the piece of equipment is used during the labor stages for the expectant mother, and he added that the machine has already been credited with saving the life of a baby at the hospital.

Mrs. R.A. Bradley, chairwoman of the Christmas Card Project for the Muleshoe Hospital and Nursing Home Auxiliary, said she would like to thank all the contributors to the project for making this vital piece of hospital equipment possible for the hospital.

Teachers Attend Convention

The Texas Classroom Teachers Association, representing over 40,000 teachers throughout Texas, will convene its annual convention in Fort Worth, February 16-18, 1978.

The Convention will mark TCTA's 51st year in existence as a professional education association for classroom teachers only. Governor Dolph Briscoe has designated the week of February 13 as Texas classroom teacher week.

Over 1,000 delegates, representing more than 250 communities in Texas will be in attendance. Among those attending from the Muleshoe Classroom Teachers Association will be Mrs. Bob Finney and Mrs. Roy Wrinkle.

The Texas Classroom Teachers Association exists to advance education in Texas by promoting professional excellence, by serving to have the public recognize the importance of the teacher in the learning process, continuing to improve instruction and curriculum, protecting the professional rights and interests of teachers, and by uniting teachers for effective citizenship.

Miss Schumann, Beedy Married In January

Miss Mary Michele Schumann, daughter of Mr. and Mrs. D.L. Schumann, formerly of Lazbuddie and Jeffrey Lane Beedy, of Spearman were united in marriage on January 21, 1978, at 2:00 p.m. Bill Osborne, minister of the Church of Christ, performed the doubling ceremony.

The setting for the wedding was in the sanctuary of the First United Methodist Church of Spearman.

The ceremony was performed before two large greenery arrangements with an arch covered with white mums, lemon leaf and emerald greenery. Other decorations included two large bouquets of white mums and white daisy poms. The aisles were tied with rose colored bows and greenery.

Eddie Gail Martin played traditional wedding selections. He accompanied Debbie Green, soloist, who sang, "Whither Thou Goest," and "Follow Me."

Given in marriage by her father, the bride wore a formal gown of candlelight English net and satin designed with a high neckline and empire bodice. Her bodice of English net, was enhanced with reembodyered alencon lace and seed pearls.

Her long sheer sleeves of English net tapered to her waist and were enhanced with alencon lace appliques and seed pearls. Her long A-line skirt of satin swept to back fullness and cascaded into a full chapel length train. She wore a matching Juliet cap enhanced with reembodyered alencon lace. Her mantilla veil of bridal illusion fell to fingertip length and was completely edged with matching scalloped lace.

For something old, the bride wore her late grandmother's gold wedding band; for something borrowed she carried a white silk handkerchief from her mother; and for something blue she wore a garter. She also wore a penny in her slipper with the date of her birth.

The bridal bouquet was made up of Forever Yours roses and pink carnations with wax flowers.

The maid of honor was Teresa Booth of Amarillo, formerly of Spearman, Matron of honor was the bride's sister, Mrs. Vernon Pipkin of Route 1, Perryton.

The attendants wore matching floor length, empire waist dress featuring butterfly capes over sleeves and back. The dress were made of burgundy velvet. The attendants carried nosegays of dusty rose carnations.

The flower girl, the bride's niece, Melissa Schumann, wore a matching dress of burgundy velvet and carried a white basket of burgundy and dusty rose flower petals.

The best man was Butch Reed, of Amarillo. Groomsman was Scott Beedy, brother of the groom, of Houston. Ushers were Craig and Victor Schumann, brothers of the bride and Kyle Beedy, brother of the groom, all of Spearman.

Mrs. Craig Schumann, sister-in-law of the bride, registered the guests. A nosegay of pink miniature carnations, forever yours roses, and white daisy adorned the registrar table.

For her daughter's wedding, Mrs. Schumann chose a long gown of dusty rose and burgundy made of knit and chiffon. Mrs. Beedy, mother of the groom, wore a floor length gown with a tiered skirt and cape of Nile green chiffon over knit. Both mothers wore white cymbidium orchid corsages.

Honorary guests were Mr. and Mrs. Lew Bruni, of Stratford and Mr. and Mrs. Bill Beedy, of Floydada. They are grandparents of the groom. The grandmother wore white carnation corsages.

The reception was held in the fellowship hall of the Methodist Church. The bride's table was covered with a white, crocheted table cloth over white. The four-tiered wedding cake featured small clusters of roses of dusty rose and burgundy colors. The cake was topped with four small wedding bells. Deep red almond punch, nuts and pink rose mints were served at the bride's table with crystal appointments. Misses Jayne Godfrey and Janyth Lackey served at the bride's table.

The groom's table was covered with an ecru lace cloth over burgundy featured with silver appointments. A chocolate cake topped with mounds of chocolate roses was served. Also served were nuts, mints and coffee. Presiding at the groom's table was Misses Linsae Snider and Beth Ann Lidwell.

The members of the house party were E.J. Callaway, Mrs. I.V. Pierce, Mrs. Johnny White, Mrs. Sam Wysong, Mrs. Ollie Allen and Mrs. Vera Mae Hayes.

For a wedding trip to Acapulco, Mexico the bride wore a navy and gray suit with gray accessories. The couple will be at home in Spearman. The groom is employed at Beedy Furniture.

The bride attended Texas Tech University. She is a member of Alpha Chi Omega social sorority. The groom also attended Texas Tech University and is a member of the Sigma Nu social fraternity.

The out-of-town guests attending the wedding were Mr. and Mrs. J.K. Pemberton and Steve, of Dumas; Mr. and Mrs. Kenneth Calstrom and Debbie Gurski, of Adrian; Misses Beth Ann and Michell Tidwell, of La Mesa; Mr. and Mrs. Scott Beedy, of Houston; Mr. and Mrs. Bill Beedy, of Floydada; Mr. and Mrs. Jim Beasley, of Amarillo; Randy Beedy, of Amarillo; Carlen Young, of Floydada; Mr. and Mrs. Lew Bruni, of Stratford; Mr. and Mrs. Gay Cornelsen and Justin, of Liberal, Kansas; Joy and Sue Smith of Stratford; Kay Sullivan, Jennifer Sword, Karen Halpin, Clara Martinsons, Kay Davis, Linsae Snider, Dana Copp, all of Lubbock.

Mr. and Mrs. Brad Beedy hosted a rehearsal dinner at Martin's Steak Garden on Friday, January 20, 1978. The theme of the dinner was "South of the Border." The candlelight table was decorated with bird of paradise flowers and a 28 pound Halibut. The Halibut was baked and served with butter sauce, shrimp and all the trimmings.

MARCH WEDDING SET...Mr. and Mrs. Preston Cargile, of Lazbuddie announce the engagement and approaching marriage of their daughter Karen to Mark Barnes son of Mr. and Mrs. Sam Barnes, of Lazbuddie. Wedding vows will be exchanged March 24, at 7:00 p.m., at the Primitive Baptist Church in Muleshoe. The bride-elect is a 1974 graduate of Lazbuddie High School and South Plains College and is currently attending West Texas State University. The bridegroom is a 1973 graduate of Lazbuddie and a graduate of West Texas State University. He is currently teaching in Samnorwood, Tx.

To remove fusible interfacing or fusible web once it has been set in place, cover with a damp press cloth, steam for 10 seconds with an iron and carefully pull apart while still warm, says Becky Culp, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

If a residue remains on the fabric, remove by laying a damp cloth on top of the residue and repeatedly steam until the cloth has absorbed the residue, she adds.

EDITORIAL PARITY

GUEST
EDITORIAL
By Herb Karner
Tulsa World Farm Editor

editor's note: The following article, originally printed in the Tulsa (Oklahoma) World, was handed us by Eddie Forbau of Higgins. We agree with Forbau that it is a good explanation of the often misunderstood term. "Parity" and with permission of the author, are pleased to reprint it in The Lintelight.

[The following guest editorial was printed in The Childress Index and brought to The Journal Office by J.G. [Dolly] Arnn, a local farmer.]

Recent stories concerning a strike by farmers for fair prices leaves the impression that 'parity' is exclusive to agriculture. Parity is a much misunderstood word. Mention parity and immediately 'farmers' springs to mind. Truth is our entire economic system operates on parity. Not just agriculture.

We've long contended that the teaching of economics should begin in the first grade. Those who study journalism should be required to take a minor degree in economics before being allowed to write or broadcast. Because this is not the case, we are a nation of economic illiterates.

WEBSTER DEFINES PARITY: "The quality or condition of being equal or equivalent; a like state or degree." When a company grants an increase in wages to cover the rise in cost of living, that worker has parity. When a labor union fights for an increase in wage and fringe benefits to bring earning power in line with the cost of living, the struggle is for parity. Rarely, however, is 'parity' ever used in this fashion. Why not? All that is being done is to create the condition of being equal or equivalent.

Currently Oklahoma teachers are demanding \$1,000 annual salary increase. Why? To be equal. They want parity.

NOR DOES THE comparison end with labor and the professions. Public utilities faced with increased cost go before the Corporation Commission and ask for a rate increase to cover those added costs...and they usually get what they ask for. Why? So they can be equal; so they can show a return on investment and make dividend payments to shareholders, but is request for a rate increase ever called a request for parity? Not to our knowledge.

It goes into industry. Auto makers begin early in the year to warn buyers that the next model will cost several hundred dollars more. The reasoning is that they must have an increase to cover costs and return a reasonable profit for stockholders. That's economic parity. It's never called that.

The only time the word 'parity' appears is when it is applied to agriculture; when farmers say they believe they, too, should be able to pass an added cost. But when farmers talk of parity, it becomes a dirty word because people do not understand the working of a free, competitive enterprise system.

CURRENT MISINFORMED stories say farmers are striking for guaranteed profits. Spokesmen for American Agriculture say this is not true. All farmers want parity for what is consumed and exported—they want parity. Equality; they want to be equivalent with the rest of the economy. They believe what they have to sell should have equal buyer power. They are seeking nothing more than the worker, the utility company or the manufacturer of motor cars, tractors or whatever.

When an auto maker raises the price of his product, he is not asking for a guaranteed profit; merely the opportunity to make a profit. If because of poor management and increased price does not show a profit, he has several alternatives. Borrow money, merge with another company, or go broke.

That's all farmers want...the opportunity to make a profit which is being denied them when they are denied parity for what the public uses.

CARRYING THE comparison further. Currently parity of wheat is a little more than \$5 a bushel. Parity is 49 percent which means cash price is around \$2.48 a bushel. If wheat was selling for parity, there are some farmers who would go broke, and they have the right to do so. That's the free, competitive enterprise system at work.

At best, the explanation of parity is simplistic. What we tried to do is put into proper perspective the word 'parity' and inform readers no matter what part of the economic arena you occupy, you're dealing with parity—the state of being equal. When you ask the boss for a raise; when you ask more for what you have to sell, you in fact are asking for 100 percent parity.

Farm machinery makers are bitterly aware of this fact. Sales of farm tools are way down; and a bad year is predicted for 1978. Why? Farmers faced with 64 percent parity do not have the money to spend. It appears farm machinery makers are going to operate below parity. They have alternatives. Cut back on the number of machines built; increase the price of those sold; merge with another company. Or quit. That's the way our system works.

BROWN & DEFENSE

Secretary of Defense Harold Brown said that the United States must increase its defense spending by \$56 billion over the next five years in order to keep up with Russia.

ON DRILLING LAWS

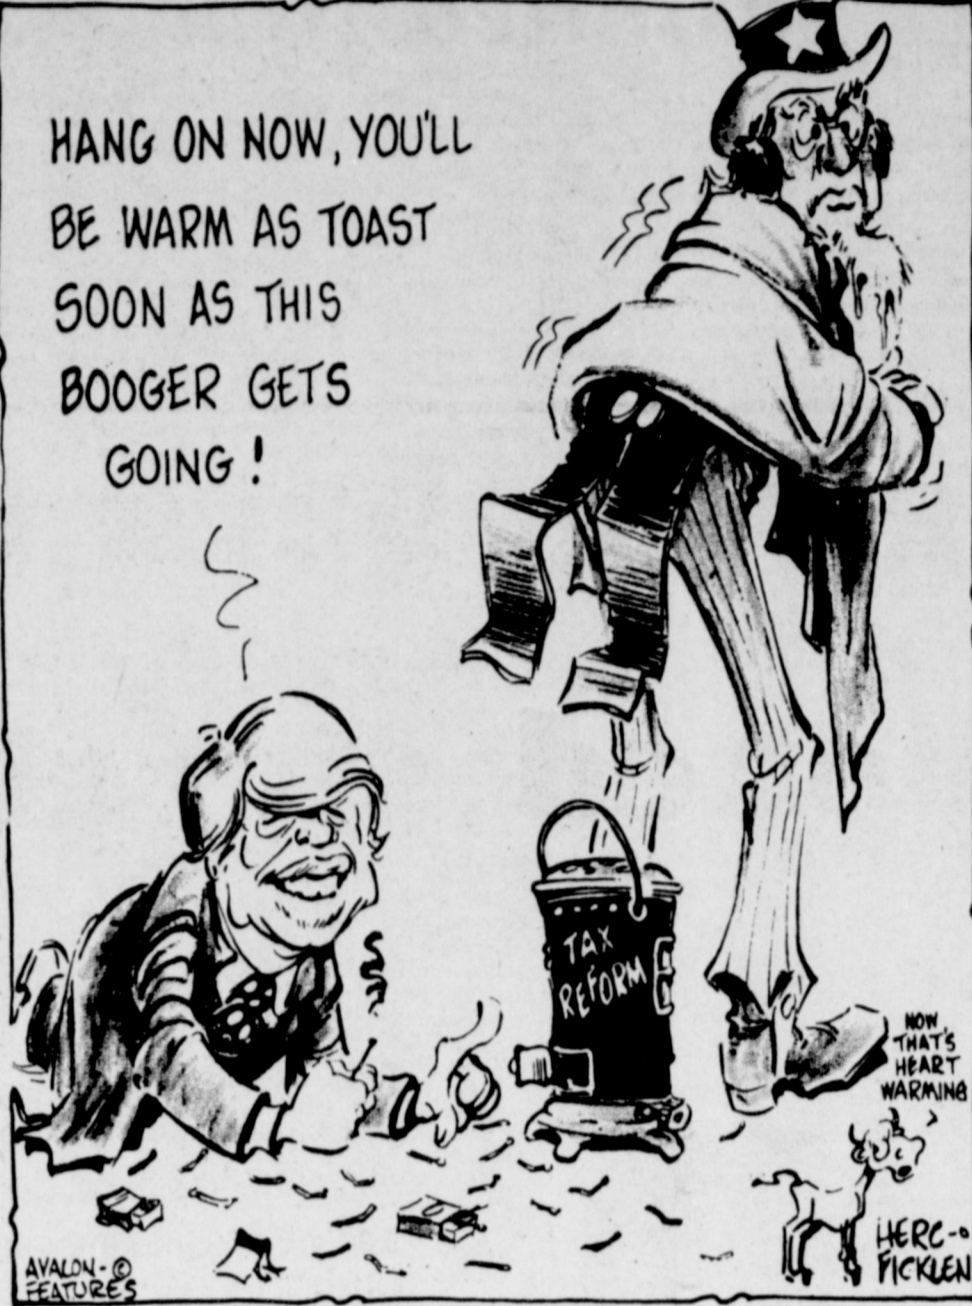

The House has approved revisions of offshore drilling laws to govern stepped up U.S. exploitation of its offshore oil and natural gas reserves.

ON ECONOMIC TREND

The government said its index designed to signal economic trends rose sharply in December, lending support to administration and private projections of healthy economic growth through mid-1978.

ON WELFARE PASSAGE

Prospects for passage of President Carter's \$32 billion welfare plan this year was dimmed further when two key Democrats said they saw no way the House could pass it by April 1.

NEWS REPORT

The New Tank—Six More Years—Sixty Billion Deficit—Too High?

WASHINGTON, D. C. — The army unveiled its new (under-gunned) battle tank earlier this month—and some were unimpressed. Instead of doing what would have solved a dangerous problem—buying the German Leopard tank, the Army in 1976 and 1977 persisted with its own.

Now the Chrysler-produced tank is just getting into production with only a 105 mm cannon. The Army says it will be 1984 before it begins to receive XM-1's with 120mm guns. They'll be bought from Germany.

The world's trouble makers thus have six years before the U.S. Army has a really competitive, modern battle

tank with adequate fire power. It's estimated also that in the immediate future Russia will be outbuilding the U.S. in tanks 4 to 1 or better.

The XM-1 has impressive mobility, speed, maintainability and other new features. But the Russians already have in production today a new battle tank with a 120mm gun, which both the British and Germans feel to be the tank gun requirement of the future. Therefore, it's disquieting to some in Congress to note the Army's complacency in leisurely scheduling acquisition of 120mm firepower for 1984.

President Carter's new budget, which contains another estimated sixty billions in overspending, is receiving criticism in Congress. With January business indicators better than expected and unemployment down to 6.3 percent, some solons are suggesting reduced spending or less

tax reduction.

White House aides and Administration economists are arguing that a slowdown of the economy could be felt this fall if massive borrowing and tax cuts aren't enacted. But there's nevertheless a chance Congress will balk at another sixty billion dollar budget deficit when unemployment levels are now more acceptable, and business good.

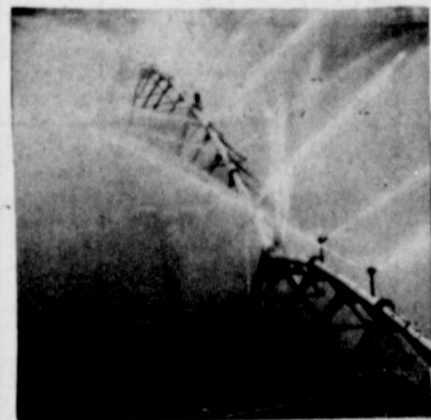

Carter's budget is for the year beginning October 1st (the fiscal year's start has been changed from July 1st to October 1st) and the question bothering some lawmakers is whether anyone can be sure now what business conditions will be in the coming fiscal year. Only if the economy needs priming badly is there justification for another huge deficit, which would probably rule out any hope of balancing the budget—despite Mr. Carter's continuing claim to achieve that by 1980.

The Speaker Reports

by Bill Clayton

AUSTIN—Children who are both delinquent and mentally retarded have in the past posed a difficult problem for the juvenile courts. A new law passed by the Legislature allows a court to order an examination of a child by an approved diagnostic center, consisting of a comprehensive diagnosis as defined by the new Mentally Retarded Persons Act.

If the child is found to be mentally retarded with 2.5 standard deviation from the norm or more, the juvenile court is given the authority to order the Texas Department of Mental Health and Mental Retardation (TDMHMR) or the appropriate community center to ad-

mit the delinquent juvenile to a residential care facility.

If the child is less than 2.5 standard deviation from the norm, the Texas Youth Council must accept the child and place him or her in one of their centers.

Previously, these two agencies used different standards and divergent examinations to determine mental deficiencies. There have been instances where a child was shuffled between the two agencies because his mental capacities were borderline.

With a prescribed set of tests and an established mean and with the new court authority, such unfor-

unate situations will no longer occur.

This law, which went into

effect January 1, 1978, makes it unlawful for TDMHMR to turn down these juveniles. In preparation, TDMHMR has set up a 40 bed special unit near Rusk State Hospital which will be devoted primarily to these children.

This new law brings into harmony the work of two notable state agencies—TDMHMR and TYC—and its chief goal is to provide for certain children in our state who have serious problems which require special care and concern.

ENERGY WARNING

America must solve its energy problem within four to five years or go through its worst crisis, John F. O'Leary, deputy secretary of the Department of Energy, said. O'Leary said that the Carter administration's energy program is trying to avoid the predicted 1980s crisis.

STRAUSS ON TRADE

U.S. trade negotiator Robert Strauss said that despite a major change in policy direction it may take as much as eight years to achieve a trade balance with Japan.

ON FARM PRICE BOOST

Agriculture Secretary Bob Bergland has warned Congress that any move to boost crop support prices sharply would mean foreign market losses and higher American grocery bill.

NAMATH & TV

Joe Namath, who recently announced his retirement after 13 years in pro football, has begun rehearsals for an NBC-TV comedy pilot, "Waverly Wonders." Namath will portray a basketball coach.

Mules Lose, Morton Winner

Last Monday night Feb. 6 the Mules 7th grade Mules played Morton Indians there and lost in a double overtime by the score of 33 to 30. In the 1st quarter of the game both teams scored 6. In the second quarter of the game Muleshoe did not score any points and Morton scored 8 to go into half time with the score of 14-6. In the second half of the game the Mules had a hard time keeping up. By the end of the third quarter the

Mules had nearly caught up by scoring 8 points and letting Morton only score 4 points. In the fourth quarter the Mules scored 14 points and Morton scored 10 to have a tie of 28-28. From the score of this they went into overtime. At the end of the first overtime the score was again tied and they had to go into another overtime. By the end of this the Indians finally won by the score of 33-30.

"We're going back to old fashioned storekeeping"

I'm Wally Williams the new president of Piggly Wiggly. Today at Piggly Wiggly there's a new spirit in store for you. We are returning to the careful service and efficient storekeeping you remember from the past. We're a fresh team and we are making changes. Changes we think will win us new customers and keep our old ones coming back. We are offering quality where it counts...in meat and produce.

We are, in fact, staking our reputation on giving you the finest, and so I'm announcing two new programs that insure freshness and quality.

1. I pledge that the side of meat you can't see is as good or better than the side you can see.

2. I pledge that our meats and poultry will be fresh when you buy them. Each cut will be dated or coded to let you know for sure that your meat and poultry are fresh and tasty.

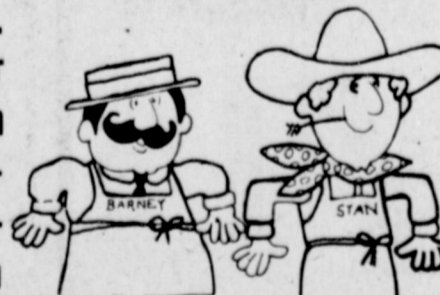

And, if there's any question about quality, Piggly Wiggly assures you a double your money back guarantee. You won't find this in any other grocery store.

In Piggly Wiggly's Produce Departments there are baskets and baskets of the country's finest fruits and vegetables. All of it is carefully selected and maintained by our produce men. The people in our produce department know their business. They are anxious to help, to answer your questions.

And we are going to have a new feature in our weekly ads. Each ad will carry a recipe, one that's easy to fix and economical. The recipes will feature either fruits or vegetables found in our Produce Departments or meat dishes that use our quality meats. We think they will be interesting and useful to you.

Finally, I'd like you to meet two new Piggly Wiggly helpin' hands, Barney the Butcher and Stan the Produce Man.

They symbolize our new emphasis on guaranteed satisfaction in meat and produce. Barney and Stan are going to win a lot of new Piggly Wiggly customers. Look for them and their helpers in our stores.

At Piggly Wiggly I am so sure of our excellence in meat and produce that I guarantee it, personally. If you are not satisfied with both our meat and produce I'll double your money back.

Piggly Wiggly wins your affection with meats and produce to perfection.

BARNEY'S BEEF & BEER STEW

My stew recipe will take the chill right out of your bones on a cold winter's eve. Now, the beef is the main ingredient - so be sure you get the best (at Piggly Wiggly, of course). The beer will add gusto and bring out the superb flavor of the beef. You'll find this recipe tastes even better the second time around.

- 2 lbs. boneless stew beef
- 1 clove garlic, finely chopped
- cut into 1 inch cubes
- 1 12-oz. bottle of beer
- flour for dredging
- 1 T. chopped parsley
- salt & pepper to taste
- 1 bay leaf
- 1/4 cup vegetable oil
- 1/4 t thyme
- 6 medium onions, sliced

Combine flour, salt & pepper. Dredge the meat in seasoned flour. Heat oil in skillet; add onion & garlic. Cook until tender but not brown. Remove onions from skillet. Add meat & brown, adding a little more oil if necessary. Return onions to the skillet. Add the remaining ingredients. Cover and cook over low heat until meat is tender, about 1 1/4 hours. Serve hot with boiled potatoes and a salad.

LOOKING OVER SAFE--J.R. Carpenter of the Muleshoe City Police Department, looks at a safe that burglars didn't get into at Pay and Save Grocery Saturday night. Despite deep gouges around the handle, and a loosened handle, the burglars failed to get into the safe. They did however, take money from another safe in the store.

COTTON FARMER'S CORN...

So different from ordinary corns we call it "the other crop."

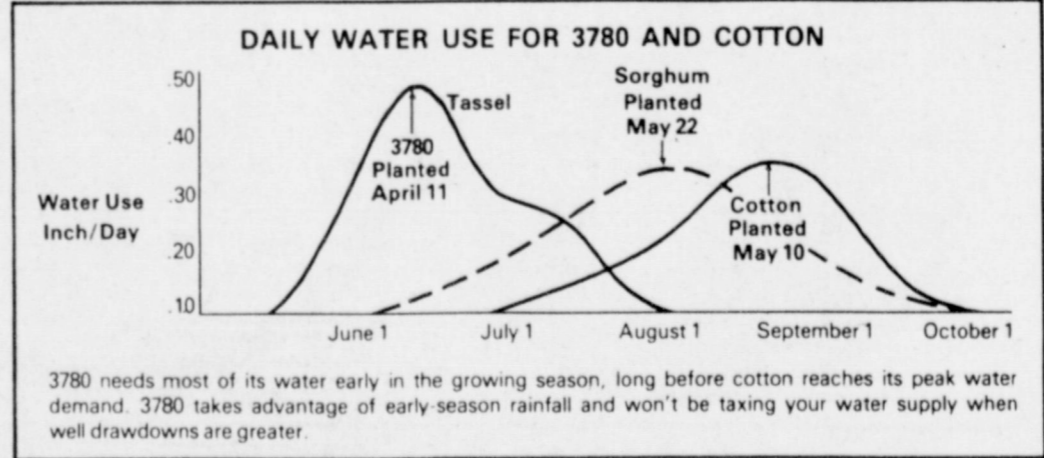

- Yields more than sorghum for greater income potential under similar field management
- Early water use makes it the best companion to cotton
- Dries fast to reduce harvest, hauling and moisture dockage costs
- Requires less fertilizer and insecticide
- Excellent standability

PIONEER
BRAND

3780

Pioneer brand 3780 corn is an ideal companion to cotton because it uses water early in the growing season... long before your cotton needs water. (See chart below) And because of its unusual water use pattern, 3780 won't need water later in the season when wells begin to drawdown. Compared to other corns or sorghums, 3780 matures sooner, dries faster and requires less fertilizer and insecticides. It'll be harvested and in the elevator long before your cotton is ready to harvest, so you'll use machinery and manpower more efficiently. If you're looking for an ideal companion crop for your cotton, consider "the other crop"... 3780 the cotton farmer's corn.

Methodist Children's Center Presents Tom Thumb Wedding

The Muleshoe Methodist Children's Center announces the Tom Thumb wedding of Little Miss Marcia Blackwell, daughter of Mr. and Mrs. John Blackwell, and Master Zack Farr, son of Mr. and Mrs. Phil Farr of Muleshoe. It will be held Friday night, at 7:30, in the Chapel of the First United Methodist Church of Muleshoe. Marcia and Zack, both five year old students, in the nursery school, will solemnly vow to obey God, their parents, and teachers. Furthermore, they will pledge to share their toys, play fair with their playmates, pick up their rooms, say their prayers, act in a christian manner, so to always set a good example. The bride will be given in marriage by six year old Jeremy Carpenter, son of Mr. and Mrs. Jim Carpenter. Jeremy is a first grade student and attends the Children's Center after school. The service will be performed

by Jeff Combs, a Muleshoe Junior High School Student and the 12 year old son of Mr. and Mrs. Larry Combs. The wedding music will be provided at the piano by Melanie Blackwell, 11 year old daughter of Mr. and Mrs. John Blackwell. Maid of honor will be Heather Mills, five year old daughter of Mrs. Barbara Mills. Best man will be David Palmer, five year old son of Mr. and Mrs. David Palmer. Bridesmaids will be four year old Tanya Wilcox, daughter of Mr. and Mrs. Phillip Wilcox, and Lucy Anguiano, daughter of Mr. and Mrs. Ismael Anguiano. The groomsmen will be Kevin Morris, son of Mr. and Mrs. Eddie Morris, and Greg Combs, son of Mr. and Mrs. Larry Combs. Both boys are five years old. The flower girl will be three year old Jennifer McMannis,

daughter of Mr. and Mrs. Kenneth McMannis. Shannon Bomer, three years old and son of Mr. and Mrs. Mike Bomer, will be the ring bearer. The candles will be lighted by Michelle Clayton, daughter of Mr. and Mrs. Randy Clayton, and Christa Wilcox, daughter of Mr. and Mrs. Phillip Wilcox. Christa is seven years old and in the second grade. Michelle is six and in Kindergarten. Ushers will be Michael Nunez, five years old son of Mrs. Linda Nunez, and Jodie Mills, son of Mrs. Barbara Mills and a first grade student. The public school students all attend the Children's Center after school, on Holidays, and during the summer. After the wedding all the children who attend the center will participate in a chapel time similar to what they have each morning.

PREPARING THE BRIDE...Miss Jackie Williams and Miss Kristel Albertson are helping Marcia Blackwell, center, straighten her veil as she prepares for the Tom Thumb wedding to be held Friday night, at 7:30 p.m., in the Chapel of the First United Methodist Church in Muleshoe.
