SPECIAL NOTICES.

Delicate Creatures.—This is the phrase applied by His Blackness, the Moore of Yenice, to the fair ladies of Italy. Moore of Venice, to the fair ladies of Italy.

It was the levely complexion of Desdemona, such a radient contrast to his own,
that won his heart: and sooth to say,
every man of discernment considers a fair

which can be seguired. There is a healthful and oderiforous toilet article, known

Instead of elegging the pores, like the sticky enamels, or contracting them, and thus obstructing perspiration, like the setringent coemetics, it cleanses the skin from all impurities and wor.der-fully improves its texture. This psculiarrity is particularly appreciated by our ru-ral belies, who find that the coarseness and roughness, which country air is apt to engender, are speedily removed from their faces, hands, and arms, by this de-lightful preparation.
