City, School Elections Saturday

Bailey County commissioners court will meet in Special session on Friday, March 31, beginning at 10 a.m.

Items on the agenda include approval of minutes of the last meeting, considering the request of General Telephone to lay utility lines in a county right-of-way; paying of routine bills and miscellaneous items.

Jeanie Martin Gant, daughter of former Muleshoe resident Mr. and Mrs. Ira Martin, and Keith Griffin, son of Mr. and Mrs. Melvin Griffin of Muleshoe, were married March 22 in the home of her parents at Chandler.

The couple are both graduates of Muleshoe High School. He is associated with a real estate company on Lake Palestine and Mrs. Griffin is a high school English teacher.

Firemen were summoned Tuesday morning to the third hay fire at Protein Processors in approximately one week.

The latest fire was also found in a haystack at the alfalfa processing company southeast of Muleshoe on Highway 84.

Receiving slight injuries in a motorcycle accident late Sunday afternoon were Martin Nowlin, who had a broken foot; Shae Pena, minor injuries and Esther Lira, a broken arm and a head gash.

The accident occurred on West Railroad Avenue in northwest Muleshoe.

No injuries were recorded in a Sunday night accident at the intersection of North Main Street and Highway 84 between Gilbert Vela and Gary Ramage.

The accidents were investigated by City Patrolman Forrest Williams and Deputy Sheriff Monte Phipps.

Mr. and Mrs. Wayne Clark of the Lazbuddie community, will be honored with a reception of their 25th anniversary Sunday, 2:4-3:30 p.m.

The children of the Clarks will host the reception in the Clark home.

Deadline Near For Entry In Local Pageant

Do you or someone close to you plan to "Follow the Yellow Brick Road?"

Is your entry in as a contestant in the four-phase Miss Tri-County Pageant? And, did you realize it is only a week until deadline for entry?

Muleshoe Jaycees are beginning the count and the count-down in the entries for the large pageant which will feature a winner in each of four age groups.

Members of the Jaycees have said that if a contestant does not have a sponsor, they will acquire one for the entrant, so go ahead and get your entry in for yourself, your daughter, your girlfriend, whoever you want to enter the annual pageant.

It will be staged Saturday, April 29. Deadline for entry is at 5 p.m. on Thursday, April 6.

HISTORY BOOK NEARLY READY--Todd Holt, left, president of the Muleshoe Junior High School Historians, and Mrs. Morris McKillip, instructor, look over a sample edition of the Early History of Bailey County, presently at the printers. Pre-publication sale is being conducted at this time.

Hospital Dedication, Reception Sunday

Marshall Cook, administrator of West Plains Medical Center, has announced the scheduling of dedication ceremonies for the new hospital and clinic facility on South First Street.

After years of planning, and discarding plans, construction got underway on the new hospital and remodeling of the existing facility almost two years ago.

Now, the facility is complete. The hospital portion of the facility was opened late in June last year, and recently, the clinic and x-ray facilities, along with a new pharmacy, offices, Hospital Auxiliary lounge and refreshment center, laboratory and waiting rooms has been completed and opened.

On Sunday, at 2 p.m., Mayor Ken Henry will conduct a ribbon cutting ceremony, followed by Rev. H.D. Hunter with a brief dedicatory address.

Also scheduled will be a short reception and formal welcome for Dr. Bruce Purdy, Dr. Frank Sayago and Dr. Martha Sayago.

Members of the Muleshoe Hospital and Nursing Home Auxiliary will conduct tours and serve refreshments during the afternoon.

Bailey County History Book Being Printed

If you haven't ordered your book from the Muleshoe Junior High School Historians, you are missing out on one of the greatest 'bargains' in this area.

At the printers at this time is their edition of the 'Early History of Bailey County: Paleo-Man to Plowman.'

The pre-publication price of the 156 page, eight and one half by 10 inch hardcover book is \$9.95, plus 50 cents tax. If the book is to be mailed, include an additional \$1 for mailing.

The MJHS Historians said the pre-publication price will only be in effect until the book comes from the printer around April 8. After that time, the price will be \$12.95, plus tax.

In the initial printing, the order was for 200 books to be published, so in order to have a first edition of the book about the county where you reside, you must get your order in early.

Mrs. Morris McKillip, Historian coordinator for the school said, "We are making the pre-publication offer because we feel that those who help us

Twelfth Night Presentation Friday Evening

A planned visit Friday evening at a minimal cost, could provide you with not only an excellent meal of fried chicken, baked potato, and all the trimmings, but the opportunity to see a top-notch play.

Tomorrow, Friday, at 6:30 p.m., the Muleshoe Fine Arts Boosters plan their annual dinner theatre presentation. Serving of the dinner will begin at 6:30 p.m. in the Muleshoe High School cafeteria, followed by the play in the high school auditorium at 8:15 p.m.

Tickets are still available at \$3.50 each and a limited number will be available at the door.

This year's presentation will be Shakespeare's "Twelfth Night." It features a cast of six persons with four of the characters playing a practical joke on one of the household members.

Their antics promise to delight the theatre-patron and provide a delightful evening.

"Only 200 books will be print-and-bound," she added. "If the demand is enough, there may be a later supply, but there is no guarantee that there will be."

The cover of the book will carry the 'Mule-jumping-through-the-shoe' emblem. The hardcover is Cont. on page 3 col 3

REP. BILL CLAYTON
Rep. Clayton Candidate For Re-Election

State Representative Bill Clayton is again seeking election as the District 74 representative to the Texas House of Representatives. In announcing for re-election, Clayton said:

"I wish to take this opportunity to thank the citizens of the 74th District for the privilege of serving as their State Representative."

"Without the full support of the District's voters throughout the years, I would never have been able to assume the responsibility of Speaker of the House and a leadership role in the State."

New Face-Lift Renovation At Piggly-Wiggly

Tommy Merritt, manager of the Muleshoe Piggly-Wiggly, said he wants to apologize to customers for possible inconvenience during the next approximately 60 days during the renovation of the local grocery store.

He said renovation of the large supermarket is presently underway, and it will include new frozen food, meat, dairy and produce cases; retilling the floors; reroofing; adding a new check stand; tearing out gondolas; rearranging some merchandise and new paint.

The store manager said the new, bright store is expected to be completed in about 60 days.

THE FOOL ENTERTAINS ROYALTY--The Fool, Ernie Vela, center, entertains Sir Toby Balch, (Royce Don Clay), left and Sir Andrew, (Martin Nowlin), right, as they enjoy their tankards of brew in a scene from "Twelfth Night" by Shakespeare. Be sure to attend the annual Fine Arts Boosters Dinner Theatre Friday night and see all the Shakespearean comedy, along with enjoying a good dinner.

Nuclear Missile Site Possible In County

Late last year, Bailey County Judge Glen Williams was contacted by the U.S. Air Force, asking to conduct soil tests in Bailey County for a possible missile location site.

Following a meeting with the Bailey County Commissioners Court, permission was given to conduct the tests. At the time, Judge Williams said he forget all about the tests, which were conducted as Bailey County was being considered for the location of powerful missile locations, in case of nuclear attack on the United States.

After no further word was received from the Air Force, the matter had been all but forgotten in the area until Monday, March 27. On that date, the judge was again contacted. Apparently, Bailey County has become one of the four potential sites in this area for the missile bases.

3 Way School Places Six All-District

Congratulations are in order for six of the Three Way Eagles. Selected to the All-District teams for basketball were Albert Rand, Princress Parkman, Lillie Nino, Ken Eubanks, Tammie Davis and Belinda Richardson.

Albert Rand is the senior son of Mr. and Mrs. Ferris Locke. He averaged 15.1 points, three rebounds, two steals and two assists during the district games.

Ken Eubanks, junior post man, is the son of Mr. and Mrs. W.C. Eubanks. He averaged 11.7 points per game, 11 rebounds, two steals and four assists in district games.

Princress Parkman is a senior and the daughter of Mrs. and Mrs. Freddie Parkman. She averaged 22.3 points, four rebounds, two steals and three assists for the district games.

Lillie Nino, daughter of Mr. and Mrs. Ralph Nino played guard for the Eagles. The senior averaged five rebounds and three steals. She is a 'small package' but played a 'big' part in the co-championship for the Eagles. According to a school spokesman:

Tammie Davis is a sophomore forward. She is the daughter of Mr. and Mrs. Doyle Davis. In Cont. on page 3 col 3

School Record Holder Sets New Record

Lee Elder has done it again. During the mile run at the Stamford Relays last weekend, he ran his best time for the year, and the school record holder has another record. He set a time of 4:38.0 in the mile run to break his own record.

Coach Gary Goodin said he had entered Elder in the Stamford Relays because he wanted him to have the opportunity to try Lee out in a very strong field. Coach Goodin said Elder's first place win in that run confirmed the faith he has in his mile runner.

Also entered in the Relays was Doug Precure. He was third in the high jump at six feet, and has been consistent with that jump during competition this year.

Charles Briscoe was sixth in the high jump at five feet, eight inches, and ran in the 440 but did not qualify for the finals with a time of 57:2.0.

Next track meet for the local thin clads will be Friday (tomorrow) at Tula. Preliminaries are scheduled at 12:30 and finals at 7 p.m. The following week, the group will be in competition at Olton.

"We have three more competitive weeks to the district," said Coach Goodin. "We will be Cont. on page 3 col 5

Farmers Asked To Be At Meet In Plainview

Muleshoe American Agriculture office has asked that all farmers possible prepare to attend a very urgent meeting at 8 p.m. Thursday at the Hale County Agriculture Center in Plainview.

An office spokesman said included in the meeting will be reports on how the farmer stands in Washington at this time, and the possibility of sending more farmers to Washington. The spokesman said that presently it looks as though the farmer's emergency bill may be put off for the time being, and will possibly require more farmers in Washington.

All farmers possible have been asked to attend this 'urgent' meeting.

Six Candidates Seek Three School Places

Ronnie Shafer, Terry Field Opponents On City Council

This Saturday, April 1, will be a date for all registered voters in the city and school district to go to the polls and exercise your right and obligation to vote for the leaders of our city and school.

On this date, elections will be conducted to select two city council members and three school board members to serve for the next two years.

Polls will open at 7 a.m. at the Muleshoe City Hall for the city council election and at the Muleshoe High School cafeteria for the school board election.

Registered voters are urged to cast your vote in the election, and the polls will be open until 7 p.m. to give everyone ample time to get to the polls.

Terry Field, incumbent, on the Muleshoe City Council, is opposed by Ronnie Shafer. Max King, incumbent, is running unopposed.

For the school board, all members are elected at large, so the top three candidates will be declared the winners in this election.

In the interest of the upcoming election, each candidate was asked for a brief statement pertaining to their candidacy. They are reproduced below:

City Tourney Will Start This Sunday

Enthusiasm is growing as the City Golf Tournament approaches this weekend.

Jeff Smith, pro at the Muleshoe Country Club golf course, said the practice tee has been crowded and the golf course full as everyone has been getting some last minute practice.

He said it appears at this time this may be one of the biggest City Tournaments in some time.

As of last Sunday, tournament players entered numbered 79 in the men's division and 23 in the women's division.

Tournament entrant Dee Brown, perhaps summed it up best when he said, "The main thing I like about this tournament is the competition that it provides. It makes a golfer play his best."

For persons not already entered, you can still enter with a call to 272-4250. Entry deadline is tomorrow (Friday) at 5 p.m.

Tournament action gets underway Sunday, April 2.

at West Texas State University in 1972.

Initially I had planned to become a city manager, but changed by mind.

I decided this would be one way to use the knowledge I had gained through my college major.

I would like to continue in my position as we have started a number of projects in the city, and I would like to stay to see them finished. Among the projects are the airport, paving, the new labor housing complex. I feel these projects are vital for the progress of our city.

Also, I feel that serving on this governing body is vital to our community. I like to work and be a part of the decisions of what goes on in our city.

I have nothing specific I plan to try to accomplish, and no gripe or 'beef' against anyone. I am just interested in overall good government for our citizens."

School Board Election Slated At Lazbuddie

Lazbuddie School district voters will go to the polls Saturday to elect two new school board members.

Five candidates are seeking the two positions open. Incumbent Alfred Hicks is a candidate, although Jim Roy Daniel, another incumbent, elected not to seek re-election.

Other candidates for the election, which will be from 7 a.m. to 7 p.m. in the Lazbuddie school auditorium are Errol Johnson, Max Steinbock, Robert B. Ivy and Larry Jesko.

Also on the ballot will be Gene Smith, candidate for county trustee and Wendol Christian, candidate for county trustee at large.

3 Way School Election Set For Trustees

Along with other area schools, new trustees will be elected Saturday April 1, at the Three Way School in southwest Bailey County.

Polls will be open from 7 a.m.-7 p.m. and the election will be in the classroom of the new Ag building.

Candidates for election include, Bobby M. Foley; Charles Latimer; Incumbent J.E. Layton; Incumbent Dale Nichols and Frank Stegall II.

ON THE ROOFTOP--Rev. James Williams, pastor of the Calvary Baptist Church, promised his congregation when he came to Muleshoe, that when church attendance reached 100 persons for any services, he would preach the next service from the rooftop. The attendance Sunday morning was 105, so Sunday night, he put his pulpit on the roof, moved the altar, piano and chairs outside, and conducted the Sunday evening services from the roof of the church.

What's Washin' In Washington

by Jan U. Turner

Because the nature of what I am writing is volatile, I want to give the reader the original source of my material and define the source itself:

The source is the "Congressional Record", defined in "The American Political Dictionary" as: "A verbatim record of the proceedings (debates, speeches, and votes) in both the House and the Senate, printed daily. Members may edit their remarks and speeches before printing, and they may also insert material, called 'extension of remarks', which enables a member to record his position on legislation matter even though he had not been able, or did not wish, to do so orally on the floor of his chamber. Many such insertions are aimed at influencing a congressman's constituents and not other members. Permission to extend remarks is required by the member's house and is ordinarily granted."

At the end of this column are the actual page numbers and dates of the material from the Congressional Record, so those interested may obtain copies and read them in their entirety. They were inserted by Rep. Larry McDonald of Georgia as extension of remarks.

Hon. Larry McDonald, Monday, October 17, 1977. Mr. Speaker, until recently the policies, plans and operations of the Trilateral Commission established by Chase Manhattan Bank head David Rockefeller were the concern of a relatively small number of expert political analysts. Now thanks to the pioneering examinations by conservative political analysts of this powerful special interest group working to influence our Government's policies, the activities of the Trilateral Commission are beginning to receive a public airing.

In recent weeks several of my constituents have submitted extensive magazine articles and newspaper stories on the Trilateral Commission. Several of these are of particular interest and I intend to submit them for the attention of my colleagues:

"Who Runs Jimmy Carter?" (By Craig S. Karpel): "The President and Vice-President of the United States and the Secretaries of State, Defense and the Treasury are Commissioners of an elite international organization that is on record as being opposed to democracy.

The key strategy of this organization has been to install one of its 67 United States Commissioners in the nation's highest elective office, thus enabling him to choose a Vice-President and Cabinet from its ranks. This strategy has been stunningly successful.

Jimmy Carter was selected more than four years ago to be this organization's candidate for the Presidency. At that time, Carter was governor of Georgia and a political unknown.

This organization has issued a report advocating the limitation of democracy by such means as Governmental secrecy, laws allowing public officials to sue reporters for libel, regulations for the press and reduced higher education.

This remarkable organization is called the Trilateral Commission. It was founded and funded in 1973 by David Rockefeller. Rockefeller is a prominent Republican, youngest brother of Nelson Rockefeller and chairman of New York's giant Chase Manhattan Bank. He is widely considered to be the preeminent leader and spokesman of the international banking community. The purpose of the Trilateral Commission is to weld the corporate and financial sectors of the United States, Western Europe and Japan into a united front to cope with the escalating demands of disadvantaged groups at home and under-developed countries abroad.

Until two weeks before Carter's nomination, the Trilateral Commission was headed by Zbigniew Brzezinski, now the National Security Advisor to the President (the post to which Henry Kissinger was originally appointed)...In contrast to Carter's human-rights campaign, a recent article by Brzezinski in "Foreign Policy", "America in a Hostile World", proposes that the United States stop championing democracy in the world arena.

Before the election, Carter's then-campaign manager and current staff chief Hamilton Jordan said in Playboy that he would quit if Carter were to

appoint Trilateral Commissioners Brzezinski and Cyrus Vance to his Administration. In addition to Brzezinski and Vance, Carter's appointments of Trilateral Commissioners include Harold Brown as Secretary of Defense, W. Michael Blumenthal as Secretary of the Treasurer, Warren Christopher as Deputy Secretary of State, Richard Cooper as Undersecretary of State for Economic Affairs, Richard Holbrooke as Assistant Secretary for East Africa and Pacific Affairs, Richard Gardner as ambassador to Italy and Paul Warnke as director of the Arms Control and Disarmament Agency and chief negotiator at the abortive Strategic Arms Limitations talks with the Soviet Union. Most recently, Carter appointed Gerald C. Smith, North American chairman of the Commission, as ambassador at large for international nuclear

power negotiations. Jordan has not yet submitted his resignation.

Jimmy Carter has presented himself to the American People as, variously, a populist, a conservative, a liberal, a born again Christian and a aficionado by Bob Dylan. In reality, he was chosen to be President by the quasi secret coordinating council of the financial and corporate elite of the United States, Western Europe and Japan. Contrary to his public positions, Carter is expected by this council to preside over the implementation of its basic program: the reduction and limitation of democracy at home and accommodation with undemocratic regimes abroad.

The time has come for the President of the United States to explain his continued association with the Trilateral Commission to the American people.

Does Carter subscribe to the Commission's proposals for limiting democracy? If not, he must explain why he did not resign from the Commission long ago. He must publicly repudiate Brzezinski and dismiss other Trilateral Commissioners from his Administration.

If Jimmy Carter does subscribe to the Commission's proposals, the American public has a right to know how he justifies his participation in a plan to use the Presidency as a vehicle for limiting the democratic process.

Control Now Avoids Garden Pests

Now is the time to think about controlling some of the hard-to-kill pests on trees and shrubs around the home.

"Dormant oil applications are particularly effective for controlling scale insects, mites and certain insects which are passing the winter in the form of eggs," said Spencer Tanksley, Bailey County Extension agent. During the growing season, control of scale insects is difficult because of their hard, waxy covering, Tanksley explained. Other pests also are more difficult to control at that time, requiring careful timing of toxic chemicals, he noted.

Dormant oils kill insects and mites by smothering. When compared to pesticides, the Extension agent said, oils are cheaper, safer to handle and don't harm the environment. Dormant oils also give good covering action when applied

properly. However, he cautioned, dormant oils will damage most leaves and should not be applied to evergreen shrubs and trees.

There are different oils which are less concentrated and can be used safely on several evergreen plants. Dormant oils can be applied

anytime trees or shrubs are in a dormant state. The oil is most effective, however, if applied in late winter or in early spring just before bud break. The oil should be applied when temperatures are between 40 and 65 degrees Fahrenheit. Freezing weather with 48 hours of the treatment may cause the oil to be less effective.

When mixing and applying dormant oils extreme care should be taken to avoid using excessive amount. Tanksley cautioned. Also, thorough coverage of trunks and limbs is necessary for good control, the Extension agent said.

"Some trees and shrubs may be damaged, even with application of normal amounts of dormant oil," he said. "Therefore, you should always read and follow the manufacturer's instructions on the container label."

Youth Director Leaves Church

Kenneth Carter, Associate pastor of the First Baptist Church of Muleshoe, resigned Sunday following the morning worship service. His resignation became effective on Sunday, April 2. He will be leaving Muleshoe to join the staff of the First Baptist Church of Seminole, as Minister of Education and Youth.

He said, "The church in Seminole extended the call unanimously to me and to my family on March 19. I will be working with a group of 800-900 persons who attend the church regularly there."

While serving the past two and a half years in Muleshoe, Rev. Carter has served as Associational Music Minister of Llanos Altos Baptist Association, and as Associational Sunday School Director.

He has also served as the music director of the Bailey County Ministerial Alliance Thanksgiving services for the past two years.

Along with his church affiliations, he has been an avid supporter of athletics in Muleshoe, and a member of the Muleshoe Athletic Boosters.

a lifetime documentary type cover in a rich brown color, with gold stamping of the emblem and the book title. Mrs. McKillip said the book will be a decorative addition to any home, and will be full of factual information, including many maps and photographs. This Early History of Bailey County will range from prehistoric time to the early 1930s, with an emphasis on the 1900 to 1930 period. A total of 139 Junior Historians have written on such varied topics as ranching, farming, wildlife, towns, railroads, post office, recreation and sports, businesses and stores, weather and other topics of historical interest.

Mrs. McKillip said basic sources for the book includes personal interviews of early settlers, courthouse records, early Muleshoe Journal files, the Golden Anniversary Edition of the Muleshoe Journal; June 30, 1963, and at least 20 books that have at least briefly discussed the Bailey County area. ON BALD EAGLES

The bald eagle, the national symbol since 1782, is close to extinction and is being declared an endangered species, the Interior Department said. Authorities estimate there are only 700 active bald eagle nests in the continuous 48 states. Alaska contains an estimated 7,000 to 7,500 nesting pairs. The bird is not native to Hawaii.

Success that is permanent comes slowly, if at all.

counties could become the home of the big new MX system in the early 1980's if the Carter administration approves further testing and development of the missile system.

"They wanted to know what would happen if an enemy missile hit the ground here," said Bailey County Judge Glen Williams. "All they did was drill some holes in the ground and check the density of the soil."

After Air Force officials obtained permission from the four counties to go ahead with the testing, men were sent to the counties for the soil samples.

Holes - about 15 feet deep - were drilled into the ground, and then a small explosive charge was detonated. Several sites were checked in each county.

The density of the soil is determined by how the soil reacts to the blast the testing team set off, Williams said.

Dallam County Commissioner Robert Lockhart said the testing team "just took some soil samples a number of months ago. I really didn't think anything more about it."

Gov. Dolph Briscoe and the Texas congressional delegation, as well as the governors and delegates of the nine other states included in the surveys, were notified yesterday by the Air Force of the testing. But in making the announcement, the Air Force stressed the surveys were "simply a preliminary evaluation of technical feasibility and costs of typical sites."

The Air Force said the chosen sites, including the four in the Panhandle, have "potentially suitable geology and geography" for basing the new MX system.

The missile system, if approved would cost an estimated \$40 billion, making it the most expensive weapons system ever developed in the nation's history. Half that money would build complex underground and aboveground bases.

The other Texas counties included in the surveys are Culberson, Cochran, Reeves, Pecos and Gaines. The other states are Oklahoma, New Mexico, Colorado, Nebraska, Kansas, Arizona, California, Nevada and Utah.

Officials in three of the four Panhandle counties contacted last night, none expressed fear of the planned missile bases that might make their counties targets for Soviet nuclear missiles.

Indeed, said Deaf Smith County Judge Glen Morgan, most of the portest so far has been that the soil sampling teams almost set off charges near an irrigation well.

"The people objected to that," said Judge Morgan. "But that was before anybody found out what it was all about."

process of running for a third Speakership term, I believe I have been better able to serve the District.

"In the largest sense, what is good for Texas is good for our counties. I will continue to hold to that notion, but since my first day in office I have attempted to be responsive to the folks who sent me to Austin in the first place.

"I have undertaken the broader duties of Speaker, but I will never forget my allegiance to this District.

"In the 1979 session of the Legislature, we will again be faced with many challenges both at the district level and those problems that cut across all lines and affect all Texans.

"I want to assure you that whether the issue is school finance, tax reform, energy, crime, our farm situation or how to budget the state's money, I will be working diligently to represent the majority feelings in this District, to what I hold to be right for our people, and to see that all Texans and all Texas are provided the opportunities to which all are entitled.

"To assist you with any problems, please contact either my Austin office number 512/475-3311 or my district office number in Hereford 806/364-7041. Thanks again for your support."

picking up the pace to become mentally and physically prepared.

"Our district is strong this year, but we have individuals who will make a good showing. We have individuals who can really compete in their field."

The coach said that in the three weeks remaining before the district meet, the teams and individuals will try to get better and better and have a top performance at the district meeting.

He expressed appreciation to the people who have kept up with the local track team and have continued to support the teams and individuals.

Spanish Church Plans Revival For Next Week

The congregation of the Spanish Assembly of God Church has issued an invitation to everyone, especially persons without a church home, to attend special revival services beginning Sunday, April 2, through April 9. Guest evangelist will be Rev. Dino Espinoza and his wife, Loida, from San Antonio. Rev. Espinoza is Youth Leader in the Gulf Latin American District of Assemblies of God. He has been called a tremendous preacher and counselor, especially for youth.

Local Assembly of God Minister, Rev. Hipolito Pecina, said of the guest evangelist, "His teachings will open the Word of God to you. He tells it like it is. These services could change your life."

"We especially would like to invite persons who do not have a home church, and those who do not know Jesus as their personal Savior and who would like to know him. Everybody is invited. Our church is located at 413 East Avenue F and our phone number is 272-3890."

Services during the week will be at 7:30 p.m. each night, and on Sundays, Rev. Espinoza will be speaking at 11:30 a.m. and 6:30 p.m. He will also be teaching the adult class at 10 a.m. on Sunday.

FOOD IN RETORT POUCHES

Your favorite food item may soon be packaged in flexible foil pouches, called "retort pouches," says a food technologist with the Texas Agricultural Extension Service. The pouches will not require freezing or refrigeration but will still have the same shelf life as conventional containers such as cans and glass jars. With the pouch, products will have improved texture, color and flavor due to reduced processing times. Foods may be heated in the pouch to eliminate messy pots and pans, and there will be more display area for labels and other information.

MRS. EUGENE LEON JENKINS
(Miss Susan Gayle Gupton)

Miss Gupton, Jenkins Exchange Vows

Muleshoe Community Church was the scene of nuptials exchanged Sunday, March 19, between Miss Susan Gayle Gupton, daughter of Connie Dale Gupton, and the late Mrs. Gupton, and Eugene Leon Jenkins, son of Mr. and Mrs. Bill Jenkins in a double ring ceremony.

Officiating minister was the church pastor, Rev. H.D. Hunter. A program of selected music was presented by Mrs. Dean Sprayberry, organist, and Joe Arellondo, guitarist.

The bride's maid of honor was Sandra Faver, of Portales, N.M., wearing a floor length gown of apricot, with the empire waist, gathered with a velvet bow, long sleeves and a scoop neck. Miss Faver carried a long stem apricot silk rose with babies breath and streamers. Bridesmaids were Beverly Copeland, of Muleshoe, and Cindy Cook, of Columbus. They also wore the floor length gowns of apricot, and carried long stem apricot silk roses with babies breath and streamers.

Senior Citizens Hold Meeting

The Senior Citizens met, March 27, in the fellowship hall of the United Methodist Church. Mrs. Mae Wilterding was in charge, in absence of Bill Moore.

Minutes were read and approved. Approximately thirty members were present. Zeb Robinson led the birthday song for Mr. and Mrs. Shorty Bickel, and Mrs. Simms.

Mrs. Lester Howard was back with us after having fallen and breaking her hip.

Mrs. Mae Wilterding ask Mrs. Royce Garth, and her co-worker, Mrs. Margret Calvert, to tell the group how they are able to have their services in their homes. These ladies will help with nursing care, physical therapy, if some had a stroke which left them paralyzed, medical supplies and the use of medical appliances.

A film was shown to better help understand their work.

There was a question and answer period.

May has been designated as Senior Citizen of the Month. A committee was appointed by

Mrs. Mae Wilterding to select the outstanding Senior Citizen of the year. Mrs. Mary Young and Mrs. Eva Ashford were

appointed. The April meeting we will hear about Mr. and Mrs. Doc Goucher's vacation to the Caribbean and other places.

Refreshments were served by the Wesley Guild of the ladies of the First United Methodist Church.

True friendship is based upon service to others, not upon favors received.

There's a time to play, as well as a time to pray, but some people never try either.

Best man was Carl Nelson of Riverside, Calif. Groomsmen were Billy Emberling, of Comanche, Okla., and Joe Arellondo, of San Marcus. Groomsmen and best man wore cream and brown tuxedos, with brown trimmed, ruffled shirts. Boutonnieres were silk rosebuds.

Given in marriage by her father, the bride wore a formal gown of Ivory silk illusion with a tiered skirt enhanced with alencon lace, full sheer sleeves, and scoop neck with self ruffle trimmed in lace. She wore a Juliet cap with waist length veil.

The ceremony was performed before two large branch candelabra, with clusters of lemon, leather, and plumosa leaves on each, with a large apricot bow.

The reception was held in the bride's home, at 1726 W. Ave. C. The table was covered with a lace cloth over apricot. A three-

tiered cake decorated with fresh flowers of yellow and white daisies, apricot carnations, and plumosa adorned the table. Sandra Faver, Cindy Cook, and Beverly Copeland served the refreshments.

After a wedding trip to Ruidoso, N.M., the couple will be residing in San Marcus.

The out of town relatives attending the wedding were: the bride's brother and wife, Mr. and Mrs. David Gupton, of Austin.

Hostesses of the reception shower after the wedding were: Mrs. Rosie Sneed, Mrs. Herbert Griffith, Mrs. J.C. Arnn, Mrs. Jean Lovelady, Mrs. Harold Cowan, Mrs. Jess Winn, Mrs. Carl Bamert, Mrs. Roy Wrinkle, Mrs. Bill Jim St. Clair, Mrs. Clarence Copeland, and Mrs. Dean Spraberry.

Anthony's Ten Year Employee

C.R. Anthony employees honored Mrs. Gladys Wilson, Friday evening, on the Anniversary of her 10th year with the company. Gladys began selling fabrics for Anthony's on April 1, 1968, and it was a very nervous April Fool's Day for her. Things have changed over the ten years. Mrs. Wilson is now cool, calm, and collected, and satisfies customers every day. She is dedicated to pleasing the customer, and has many times gone to great lengths to do so. Her customers rely on her knowledge of materials and sewing accessories.

Mr. Murray, Mgr. of Anthony's presented Mrs. Wilson with a corsage, a cake, and a 10 year pin.

BIRTHDAY PARTY...The Needmore Community Club gave a birthday party for the residents of the Muleshoe Nursing home. Corsages were furnished by Beavers Flowerland, and entertainment was by Zed Robinson. Pictured above are: Dottie Wilterding, Barbara Case, and Horace Brock.

Election...

Cont. from page 1
citizen of a city and not become involved and participating in all the activities.

All citizens should be active and become a part of the activities involving our city and our residents.

As a local businessman and home owner, I am interested in what happens in our city, and believe I could make a useful city council member and make a good contribution to the events which shape our city's growth.

ERNEST HAMM
[Incumbent]

I know the Muleshoe schools are in constant need of improvements. This is because we are all less than perfect, but I believe we have a school for our children to attend that is as good as any in the state, and better than most. This is true because we have had sound management in years past.

My purpose for running for another term as school trustee is to do what I can as a member of the board, and within all the state and federal regulations to maintain such sound management in the future.

JIM SHAPER
[Incumbent]

I have served as a school board member for the past three years and during that time, I have been active in all board functions. I have attended the state school board meetings during the three years in order to keep current on issues coming up and facing the local school district. While attending these meetings, I have been the voting delegate from the Muleshoe ISD.

Our local board has continued to oppose the federal programs and I feel that we have been instrumental in avoiding some of the programs which have been suggested.

By having attended these meetings, I have gained sufficient

knowledge to be of better service to the community and the Muleshoe Independent School District.

I am interested in keeping local taxes as low as possible, yet maintaining the very best education for our young people, that we can provide.

I am interested in all phases of our educational program, in the quality of instruction and teachers. I would like the opportunity to continue to serve on the board, because I feel that this past three years has been learning experience and I am prepared to continue to serve our schools in the challenges we will be facing in the next three years.

MARCIA HENRY

As a woman and the mother of three students presently enrolled in the Muleshoe schools and having one son who is a 1975 graduate, presently attending college, I am very interested and concerned about the kind of education offered and the policies and administration of the Muleshoe Independent School District.

I filed as a candidate for the School Board because I am interested in my own children and all students having the best possible education that we, as taxpaying citizens, can offer to them. I care enough to get involved and to devote the necessary time to serve on the School Board.

I also feel that a woman's points of view could be very beneficial on some of the decisions that the School board must make and that a woman is needed to serve on the Board as a representative for women and mother who are usually more involved in school activities and projects, as well as everyday student experiences, than the men and fathers have the time to be.

As a responsible citizen, business owner, mother and mature individual, I will express my opinions and strive to represent all interested persons fairly and equally on all Muleshoe Independent School Board members.

JAMA MARIETT BROWN

The Muleshoe School District is in much need of a change. Since times are changing, I believe that you can't stay with the same thing and ideas forever. Being a younger person, I think this is where I can

do my best to express new things and ideas.

Even though I have no children presently attending the Muleshoe School, this should make no difference. In fact, this is just one of the many reasons for wanting a position on the Board. Maybe I can help to better the system before my children start attending and going to school.

There are quite a few areas that need immediate help and if I'm elected, I will do my very best to help in these matters. I can relate to the young as well as the older persons and I believe this is very important. Communication is very important in everything you do.

Remember, everyone should get out and vote April 1. Whether or not you have children in school, the outcome will still in one way or another, have an effect on you.

BEN ROMING

I have been asked for the past four or five years to run for the school board, but I have been active over the years on several other boards and consequently, have been neglecting my family. Although I have fully supported the schools without serving, I am now ready to fulfill what I feel is an obligation. I feel it is an obligation for everyone to seek a term on the school board.

If voters have the confidence to elect me to the school board, my main interest is providing the best education we can for our children without placing an undue burden on our taxpayers.

I have lived in Bailey County since 1955 and presently have two children in Muleshoe schools. Benetta is a junior and Keva is a freshman. Our daughter, Jo, graduated in 1977 and is presently a freshman at West Texas State University.

JOE MACK WAGNON

I am interested in the continuation of a good school system for the Muleshoe School District.

If elected as a trustee for this district, I will try to make all decisions in the best interest of each student.

Also, I think the school business should be conducted in a sound, businesslike manner.

If elected, I will try to conduct myself in a manner that will not betray your trust in me.

Document alleges Korean spy plan.

Church Plans Celebration

Around March 1, 1977, a group of some 15 people met together. In common, the people all expressed a desire to form an inter-denominational church in this area. They named it Muleshoe Community Church.

On April, the group called Rev. H.D. Hunter as pastor, and purchased the former Presbyterian Church building.

Now, one year later, Rev. Hunter, said the congregation has grown beyond all their dreams. They had to take out the kitchen and office at the church to accommodate the congregation and this Sunday, they will celebrate their first anniversary.

In the one year, the congregation has grown to some 150 members, and Rev. Hunter said they want to share what God has done for them during the past year.

Regular services will be at 10:45 a.m. Sunday, followed by a Pray Service on Sunday afternoon at 2 p.m. and evening worship at 7 p.m. The Boatwright Family and the Pound Family will provide special music and dinner will be served at noon at the church.

Rev. Hunter said for Wednesday night church a double wide

trailer is utilized as an educational building, along with using the parsonage to accommodate the large congregation.

He explained that the Muleshoe Community Church is a church where people of all denominations and all faiths can worship. He added that the church is for Christians, and it is not anti-denominational.

Membership in the Muleshoe Community Church is from Muleshoe, Portales, Farwell, Friona, Sudan, Amherst, Three Way, Stegall, Needmore and West Camp, said the minister.

ON MILITARY PAY

A presidential commission was reported near agreement on most controversial issues in its overhaul of the multibillion dollar military retirement system. It agreed tentatively to propose that those now in service be allowed to draw military retired pay while working for civil service, but to prevent future military personnel from participating in the practice.

For farmers, spring is the time for work, not fever.

"Providing Alternatives" will be the theme of the annual Title I Migrant Program for parents to be held on April 3 at 7:30 p.m. in the Muleshoe High School cafeteria.

Richard Ybarra, principal of Jackson Elementary School, Lubbock will be the main speaker during the full evening. He will speak on "Migrant Education-Past, Present and Future" and will show a slide presentation concerning Parental Involvement in the schools.

During the meeting, there will be an election of Title I Parent Advisory Council members to serve on the council for 1978-79. All parents of school children are entitled to vote on these people and are urged to attend the program and cast your vote.

Entertainment and refreshments will be provided and all interested people are urged to be present.

Minimum Wage Law Cuts Workers' Hours

Skeptics and critics could hardly wait. Where, they demanded, are the layoffs, higher prices and other dire consequences which were predicted by critics if Congress voted a sharp increase in the federal minimum wage.

A new law, raising the minimum from \$2.30 to \$2.65, had hardly gone into effect with a stroke of 12:01 a.m. Jan. 1, when spokesman for the AFL-CIO and other supporters of the wage boost began their chant.

Exaggerating the warnings, the skeptics were eager to discredit arguments made against the increase. Despite the new law, they proclaimed, the nation had not been suddenly plunged into economic chaos.

Of course, no one had made such predictions.

Nonetheless, the AFL-CIO spoke too soon.

The evidence, unfortunately, is starting to come in and no doubt will get worse, rather than better, as the full impact of the increase from \$2.30 to \$3.35 an hour by 1981 -- almost 50 percent -- sinks in.

In January, the Consumer Price Index (CPI) shot upward by 0.8 percent -- "a new shot of inflation," said the Washington Post -- or more than double the average monthly increases for the preceding six months. On an annual basis, if it persists, the rate could trigger double-digit inflation such as helped bring on the 1975 recession.

Dr. Jack Carlson, chief economist of the Chamber of Commerce of the United States, who had predicted job losses and other adverse economic effects if the minimum wage was raised

excessively, points out that the cost of "food away from home" -- which closely reflects wages aid to people at or near the minimum -- shot up at the annual rate of 14.4 percent during January.

These costs covering restaurants and meals and snacks account for nearly a third of the average family's food budget. There also was a significant decline in the average weekly hours worked.

"Employees have apparently begun to adjust to higher minimum wages and have cut back

Consumers Confused By Nutritional Fads

Consumers are getting lost in a "waist land" of fat and fables, the Texas Medical Association (TMA) says. Junk food and nutritional fads are increasingly available to lure people away from healthy habits.

For instance, nutritional theories abound that push intake of large amounts of various substances. These theories, stressing substances ranging from rice to vitamins, may have a grain of truth buried in them somewhere. But they often go too far, sometimes to the point of being dangerous, TMA says. Often theories are just useless, such as the diet that stresses eating mostly grapefruit. This diet can deplete body supplies of almost everything except fat.

We people think their bodies are lacking nutrients, they often turn to vitamin pills or tonics. If

on hours employees work," Dr. Carlson said.

No one, of course, welcomes such bad news as higher prices, cutback in hours, layoffs and the loss of jobs while is yet to be fully measured.

At the urging of the Chamber, the new minimum wage law includes provisions for a federal commission to study the effects of constantly rising minimum wages on the economy, including such factors as inflation and unemployment.

Its findings are to be welcomed. Perhaps they will convince the skeptics.

Meanwhile, remember when you take the family to the drive-in or the fast food eatery, prices will be higher. And the wait for service a little longer.

Helpful Hints For Hurried Farmers

COLLEGE STATION -- You've heard the expression -- "The harder I work, the farther behind I get!" Well, most farmers and ranchers can relate quickly to this dilemma. However, a little planning and organizing can help keep the situation in hand.

Elizarraraz Deployed To West Pacific

Navy Aviation Electrician's Mate Third Class Carlos C. Elizarraraz, son of Mr. and Mrs. Jose T. Elizarraraz of 318 East Ave. F, Muleshoe, is currently on an extended deployment in the Western Pacific.

His serving as a member of Tactical Electronic Warfare Squadron 131 (VAQ-131), based on Whidbey Island Naval Air Station, Oak Harbor, Wash. His squadron is embarked aboard the aircraft carrier USS Kitty Hawk, operating as a unit of the U.S. Seventh Fleet.

During this deployment, VAQ-131 has participated in exercise "readier 1-78" off the Southern California coast and is scheduled to be included in various other exercises with Seventh Fleet units and those of allied nations. Thus far in the cruise, squadron members have visited Japan, Korea, Hong Kong and the Republic of the Philippines. Flying the EA-6B "Prowler", an all-weather electronic countermeasures aircraft, VAQ-131 conducts electronic warfare (jamming) operations.

A 1975 graduate of Muleshoe High School, he joined the Navy in June 1975.

When faced with more than one operation that should be done at the same time, farmers may be able to save on both time and expenses by following some of the suggestions offered by Cecil Parker, an economist with the Texas Agricultural Extension Service:

- Have equipment ready when the time comes to use it. When buying a new machine, get it early enough so it can be checked out, tried and adjusted well in advance of use.
- Increase field efficiency. Reduce time lost in the field by

having machinery adjusted as much as possible before starting an operation. Save time by planning fields for long rows and few turns. Devise ways to fill seed and fertilizer boxes and sprayer tanks with the least possible amount of lost time.

- Change cropping system to

avoid competition between crops. For instance, is the hay ready to cut at the same time grain should be planted? The choice may be between lower grain yields or lower quality hay. Even though weather influences farm operations, a

Emergency Telephone Usage

Remember four vital pieces of information when making an emergency telephone call -- yelling "help" is not enough, says the Texas Agricultural Extension Service.

- (1) Tell where the emergency occurred. Give the street number, the street name and the house or apartment number. Then, repeat the information.
- (2) State what happened--a fire, serious bleeding, a heart attack, an accidental poisoning or a drug overdose.
- (3) Identify the caller -- this is important, especially when an emergency is not avious to an outsider. A neighbor asked for directions will recognize a name more readily than a house number.
- (4) Tell what kind of help is needed--for example, a fire truck, an ambulance or the police.

Also, prepare for an emergency -- have important telephone numbers posted near the telephone: such as, fire department, police department, local poison control center, office and home numbers of the family doctor, a hospital, ambulance service, drug store and one or two reliable neighbors.

In addition, make sure that everyone in the family--including children and baby sitters -- know how to give vital emergency information quickly and clearly.

Comptroller Says Hill Unrealistic

Comptroller Bob Bullock warned Tuesday that spending proposals already made by Att. Gen. John Hill in his race for governor far exceed foreseeable income and would put the state in the red.

OSHA Enters Timber Company Disagreement

Claiming the presence of hunters on woodlands creates an "unsafe workplace" for employees of Louisiana timber company, a citation against the firm by the Baton rouge office of OSHA has opened an issue which the National Rifle Association says could "prove at disastrous threat to the nation's sportsmen."

The OSHA citation against Olinkraft was issued in December, reportedly after one worker complained that hunting presented a possible hazard to workers in the timberlands. A spokesman for OSHA in the Baton Rouge office refused to comment to NRA, and suggested that if information on the case is sought, that the Institute use the Freedom of Information Act. NRA-ILA has filed for release of the information.

Neal Knox, the executive director of NRA Institute of Legislative Action, warned today that OSHA move "is another very clear indication that the bureaucracy is implementing a national policy opposed to hunting. If allowed to stand, this action in Louisiana could have a staggering effect on hunters all across the nation. It opens the pursuits of the shooting sports to all varieties of harassment by the Federal bureaucracies." Most hunting, he said, is done on private timberlands, on farms, and on some Federal property where OSHA has authority over business and industry. Knox said the NRA Institute for Legislative Action is pledging full support for legislation by U.S. Sen. James A. McClure, R-Idaho, which would prohibit OSHA from dealing in any way with the shooting sports, or from implementing a direct or indirect ban on hunting. McClure called the Louisiana action, "a first step toward an OSHA-imposed ban on hunting," and said that "every sportsman in the nation should be deeply concerned over this development."

NRA's Knox warned that "the bureaucrats within this administration think they can open the door to what will amount to prohibitions against hunting and harassment of landowners who allow and encourage hunting. They couldn't be more wrong. This back-door attack on the rights and pursuits of sportsmen will not go unchallenged."

statements in the hopes of bringing "some reality to all the political talk about state spending."

The Comptroller said that his office has estimated that a \$750 million surplus will be available to the 66th Legislature in January.

However, Bullock noted, four of Hill's firm promises already add up to \$1.4 to \$2.2 billion above current spending levels. Hill promises:

- To increase Texas teachers' salaries to the national average.
- Depending on what you think he meant," Bullock said, this would cost form \$400 million to \$1.2 billion.
- To improve equalization of Educational Opportunity in public schools...\$400 million.
- To eliminate the sales tax on utility bills...\$500 million.
- Reduce the inheritance tax on small estates...\$100 million.

"But lets not stop while we're only \$650 million to \$1.45 billion in the hole," said Bullock. "Hill didn't. He has also promised to spend more on law enforcement, provide property tax relief, create a State Commission on Human Rights and change our natural gas tax to a flat rate based on quantity--which would drastically reduce future income."

The Attorney General, Bullock said, "must think that the taxpayer's pocketbook is a horn of plenty and that no matter what he promises, the money will somehow magically appear."

Since Hill has also promised that there will be no new taxes, the Comptroller added, "it looks as though he's going to have to break a promise. I call upon him at this time to be open and candid with the people of this state and tell them which one is it going to be."

Super Second Soundings

Several people in our room went on a trip during the Easter vacation. Dane Dewbre went to Lubbock and saw the Holiday on Ice show and the movie, Candle-shoe. Bryan Kindle went to Carlsbad Caverns, then to El Paso. Cornell McCormack also got to go to Carlsbad Caverns. Bobby Gilley went to Lawton, Oklahoma to see some cousins. Eugene Heflin went to Amarillo to see relatives. The rest of the class reported that they had a wonderful vacation just enjoying being home. Our teacher attended the T.S.T.A. convention in Dallas and had a wonderful time.

We had our Easter egg hunt and party on March 17. Cornell McCormack got a prize for finding the most eggs. Saul Guillen and Todd Lowe tied on finding the least number of eggs and received consolation prizes. Albert Belez found the prize egg. We all had an exciting time and would like to thank Mrs. Guilley, Mrs. Lowe, Mrs. Heflin, and Mrs. Newton for helping with the party.

We are now busy practicing for the U.I.L. storytelling contest to be held this week. We hope some of the pupils in our class will be good enough to go to the contest.

Far Out Freshmen

The Freshman class is planning a party for Saturday, April 1. We are planning to go skating from 5:00 until 7:00 at the Skate Ranch in Lubbock, out to eat, and then go to a movie. We will be taking cars.

The whole class reluctantly returned from the Spring Break.

Snazzy Seventh

Too Bad! Friday, March 3, we would have gone on our class party. But the weather turned out so snowy we had to postpone the party. Now the skate ranch is so booked up we have to wait far into April to get in, and we refused to wait so long.

Now we are all thinking about going to the movies this Friday. Lets keep our fingers crossed that we have no more bad weather.

Teacher Feature

Mrs. Donna Gavle Robertson teaches the second grade. She has been teaching for 8 years and all these years have been at Three Way. She is married to Darwin Robertson and he is a farmer. They have Mitzi 12, Jeanine 6, and Larry 3.

Mrs. Robertson's favorite food is anything fattening and tegu-tas. Her favorite color is green and she likes to bowl, help her husband farm and working with animals. After looking several hours for a lost lamb she acquired her CB handle "Little Bo-Peep".

Both Mr. and Mrs. Robertson are active in showing animals and working with young people. She is President of the local chapter of Classroom Teachers and delegates to the national convention.

Texas Calendar Shows Full Year Of Activity

Texas ain't just cowboys 'n injuns...though many cut-of-staters think so. Folks from almost anywhere (even Texans) are sure to find some more than they expect, if they use a current Calendar of Texas Events available free from the state's foremost travel authority, the State Department of Highways and Public Transportation.

Naturally the cowboy is still very much a part of Texas, evidenced by the number of rodeos listed in the Calendar. More than 100 rodeos are scheduled during the six-month Calendar period, and they're all over the state. Mesquite, San Antonio, Junction, Bridgeport, Marshall, Abilene, College Station, Sinton, Del Rio, Overton, Stephenville, and Belton are only a few of the towns that will be bustin' and broncin'.

Next to rodeos, Texans may like eating (and cooking) best. The state hosts more than thirty cookoffs from April through September...and chili isn't all that's brewing! Pinto beans in Kingsville, black-eyed peas in Athens, chicken in Gonzales, seafood gumbo in Galveston, along with hushpuppies, oysters, goat, rattlesnake, armadillo, shrimp, and menudo will simmer in pots from San Angelo to Orange and down to Aransas Pass.

And festivals! Texans in Grand Saline celebrate salt, in Pasadena it's strawberries, Sulphur Springs residents opt for dairy products, Luling pays homage to the watermelon, and other towns in the Lone Star State lionize pecans, wurst, oleanders, rice, shrimp, azaleas, bluebonnets, peaches, cotton, and the lunar rendezvous.

Not a stone is left unturned in the cultural arts either. Major outdoor dramas include "Beyond the Sundown" at the Alabama-Coushatta Indian Reservation; "TEXAS" in Palo Duro Canyon, and "The Lone Star" at Galveston Island State Park. Symphony concerts in the parks of Dallas, Victoria's Bach Festival, theatrical presentations in the Old Opera House in Grandbury, the Shakespear Festival in Odessa, performances in Temple by the Los Angeles Ballet and the Salzburg String Quartet, and Cisco's "Life of Christ" pageant are among the varied cultural activities throughout the state. Port Arthur and South Padre Island

will even present symphony concerts afloat!

Musical festivals abound... anything from country-western to jazz. And Texas is THE place for a good fiddler: and Calendar of Texas Events lists more than 20 fiddlin' frolics.

Pick a sport, and Texas is sure to accommodate. Sporting events from April through September include a rattlesnake hunt in Archer City; a karate tournament in Commerce; auto races in College Station; kite flying in Tulla and Rankin; an international swim meet in Laredo; motorcycle races in Bridgeport and fishing, tennis, and golf tournaments just above everywhere.

The Byron Nelson Golf Classic in Dallas and the Colonial National in Fort Worth are major tournaments, and Austin's Governor's Cup Sailing

Regatta is the state's largest for freshwater yachtsmen. A bridge tournament in Corpus Christi and dominoes in Big Spring garnish the sporting activities.

The State Department of Highways and Public Traction lists more than 900 events in its April through September Calendar of Texas Events, which is available free from any of the Department's 11 Highway Tourist Bureaus, or from the Department, Box 5064, Austin, Texas 78763.

J.O. Crawford Funeral Held

Funeral services for longtime area resident, J.O. Crawford, 87, were conducted at 4:30 p.m. Saturday in Singleton-Elis Funeral Home Chapel of the Chimes. Officiating were Rev. Glen Smith of the Springlake Baptist Church and Rev. Pat Ridley, pastor of the Nazarene Church of Muleshoe. Burial was in Bailey County Memorial Park under direction of Singleton-Elis Funeral Home.

Crawford was pronounced dead on arrival at South Plains Hospital in Amherst on Friday, March 24. He moved to Earth from Muleshoe in 1969. He had been a resident of Muleshoe since 1917, where he was farmer and a well driller.

J.O. Crawford was born February 15, 1891 in Nashville, Tex. He was married to Dilla Likely on March 6, 1966 in Portales, N.M. He was a member of the Baptist Church at Hollene, N.M.

Survivors include his wife, Dilla; three sons, Ben Crawford, Littlefield; Elmer Crawford, Cartwright, Okla.; and Hudson Crawford, Ft. Worth; two daughters, Mrs. Doug Ruby, Earth and Mrs. Agnes Frye, Sherman; 12 grandchildren and 28 great-grandchildren.

BICYCLE SQUAD
WINTER PARK, FLA. -- Police in this community put a group of seedy-looking men on bicycles to patrol the city from 9 p.m. to 5 a.m. "Nobody pays any attention to them," Police Chief Ray Beary said. But the chief said he believes petty crime and robberies have decreased since the bike patrols started around Thanksgiving, although no statistics are available yet.

LEGAL NOTICE
General Telephone Company of the Southwest has filed tariffs with the Public Utility Commission of Texas to implement the Federal Communications Commission's telephone equipment registration program (FCC Docket 19528). The tariffs have an effective date of April 15, 1978. The proposed changes will reduce rates for extension telephones and 25 foot long cords; will restructure one-time charges for service connection, moves and changes, increasing some and reducing others; and will offer reduced monthly rates for one-party business and residence customers who provide their own primary telephone instrument. The proposed changes in rates, with some increasing and others decreasing, will reduce General's gross revenues from its Texas operations by \$2,565,000.

GSP Advises To Prepare For Planting

Final changes in the 1977 Farm Bill—if there are any—will not be forthcoming for a couple of weeks, and farmers are wondering what to do about planting.

Grain Sorghum Producers Association recommends that farmers thoroughly prepare two-thirds of their land for planting. None of the programs being considered calls for more than one-third layout of land. Proposed layouts range from one-fifth to one-third. By leaving one third of his land idle (the maximum that could be required), a farmer is ready for all possible changes in the farm program. If the adopted changes call for less than one-third, the producer will have only a small amount of additional acreages to prepare and plant.

"In the meantime, producers should stay as flexible as possible," advises Elbert Harp, Grain Sorghum Producers Association's executive director.

GSPA, a big proponent of the flexible parity concept (one of the proposed changes in the farm bill), is concerned not only about the Administration's attitude toward this concept, but its attitude toward any farm bill changes.

Secretary of Agriculture Bergland stated last week that he felt it was necessary to hold large grain stocks to prevent "disaster" in years when yields were low. GSPA contends that the government needs to make adequate provisions for holding off the market whatever stocks are necessary to prevent "disasters" so that they (the stocks) will not seriously affect grain prices.

Grain Sorghum Producers Association strongly disagrees with the Administration's continued encouragement of over production based on the fear of inadequate supplies in the case of a crop failure. "If it is in the national interest to maintain surplus stocks for the bad years, then it is also in the national interest to carry these stocks at parity price levels. Otherwise, GSPA feels it is in the farmer's interest to cut production to scarce levels so prices will rise," said Harp emphatically.

have been vacationing during the spring break at Lake Brownwood. Mr. and Mrs. John L. Henderson, of Whiteface visited last week with their daughter, Mr. and Mrs. Bob Neldon.

Mr. and Mrs. Bobby Jack Markham and Lee, have been vacationing this week in Longview with her aunt, and in Dallas with their daughter, Renee. Also at Toledo Bend.
