LOCAL AFFAIRS

FRESH OYSTERS! OYSTERS!!—A. Safford has made arrangements for the receipt of choice, selected fresh Oysters, three times a week, which he will serve by his waiters at the St. Charles Hotel, in every style. They are brought in ice and warranted fresh. 47-10-1912

The election returns come in slowly in this District, and it will be at least a week before we shall be able to procure them complete. 47-10-1912

The weather is as bright and charming as any could wish. It must be the absence of those which would lead to the sunburn and heat some little hope-some little gloom.

The next meeting of the "Orange County Teachers' Institute" will be held in the Sabon Building on Saturday, Saturday, Nov. 16th, at 10 A. M. Per order, J. T. BRIGGS, Secretary. 47-11-1912

YESTERDAY the Sheriff called and adjourned the District Court, his Honor, Judge Noonan not having yet arrived from Eagle Pass, where he has been holding court. There seems to be an impression that the Sheriff will only adjourn from today in the absence of the Judge for three days; and that the term will then go by default. We believe this a mistake when, as in the present case, the Court has already been organized. It is in opening the Court that the Sheriff is limited to the three days; but when it has adjourned ever during term time, the Sheriff may keep it open, upon the accidental absence of the Judge, until the end of the term if necessary. However, Judge Noonan, who is generally prompt to time, will doubtless be here this morning and resume the business of the term. It is to be hoped that attorneys will be ready, and that there will be no unnecessary delay in the dispatch of business.

CAPT. W. G. TORIN has done this City a public service in opening a new Hotel of the first class. The Vance Hotel on Houston street, corner of St. Mary's, has been entirely over-hauled and fitted up for the purpose, and is now one of the most attractive and comfortable Hotels in the State. The rooms are superior in size, and more comfortable in position than any in the State. They are not only larger, but more airy, better lighted, and in every way more attractive than are to be found elsewhere. Besides, they are fitted up in the very best style, with new furniture throughout, and we do not believe a more comfortable or satisfactory entertainment than this can give to either the regular tourist or the transient traveler, can be had in any of our Hotels. He has the best dining and breakfast water in the State; and when the whole improvements are completed, he will have a charming home of a Hotel. The public dining room is large and pleasant, and in addition there is a hall, or family dining room, still better ordered. Connected with the establishment is a bar and a billiard room which will shortly be fitted up. Last night the Hotel was opened by a large assemblage of invited guests, music and dancing, and a supper with ample refreshments worthy the best of his enterprise. We wish Captain Torin every success, and congratulate the City, as well as its citizens who may pay a visit upon being able to secure those comfortable and desirable accommodations at the Vance Hotel.

THE newly elected City Officers were fully installed day before yesterday, but did not enter upon their active duties until yesterday, except the City Recorder, Deane, who held his court with as much regularity and activity as he could have done with a long term of experience at his back. Yesterday the City Council had a meeting confining its labors to the election of the following subordinate City Officers: Dock, A. Ansell, City Physician; H. Barber, City Marshal; J. Lyons, Assistant Marshal; G. W. Wenzel, Attorney; T. F. Howard, City Clerk; Julius Hoyer, Collector; G. French, Assessor; O. Frazier, Surveyor; J. M. Pennington, Market Master; F. Paschal, Assistant; A. Menchaca, Dish Collector; J. T. Wenzel, Assessor; Thos. Dunbar, Assessor; Wm. Heiser, Sexton.

The famous Buffalo Bill, who accompanied the Grand Duke Alexis on his hunting trip, has been elected a member of the Kansas Legislature. His colleagues had better look out for their scalps. In case of an animated discussion, Bill may take a fancy to "hit him" from some advertisement.

Switzerland has 268 head of cattle to every 1000 acres, while Spain has the 39 head of cattle to the same territory, and most of those cattle for Sunday services.

The Harvest of the Head. When the combats as a rake, bringing away a roll of parted fibers every time it passes through the hair, business would soon be inevitable. But even in this case, fortune may favor, the mischief can be arrested, the hair repaired. Lyon's Emulsion, aided by a brisk application of the brush to promote the absorption of the fluid by the scalp, will stop the thinning-out process in forty-eight hours. The roots from which the dead filaments were shed will soon be re-empowered with vitality, and a new growth will speedily spring upon the denuded places. This work of re-empowerment will go on until the damage is completely repaired, and the luxuriant crop of hair thus produced will never wither or fall out as long as the vitalizing application is regularly continued.

Seasonable Suggestions. The heavy mists and cold night dews which characterize the present season are very trying to delicate organizations, and in low-lying and swampy localities they produce an enormous crop of intermittent fevers of various types and degrees of intensity. At this very time there are probably half a million of people in the United States suffering from periodical fevers by miasmatic fogs and exhalations. What makes the prevalence of this evil the more deplorable is the fact that it might in all cases be easily prevented. Malaria and damp prostration little or no effect upon the system proffered by a course of Hatcheron's Stomach Bitters. Every fall and spring hundreds of letters are received from persons residing in fever and ague districts, who state that while their neighbors are incapacitated for labor by that debilitating disease, they have been happily exempted from attack by the regular use of the great vegetable antidote to miasma. As a prophylactic or specific for intermittent and remittent fevers the Bitters may be justly accounted infallible. They eradicate the complaints in their most obstinate forms; but the wisest course is to forestall attack by taking the preparation as a preventive. The amount of productive labor withdrawn from active service during the year by the use of Hatcheron's Bitters is incalculable, and the pecuniary losses to individuals, families, and the nation from the cause is incalculable. Bear in mind that by using and regulating the system with Hatcheron's Bitters before the miasmatic comes, it may always be avoided; and let it also be remembered that indigestion, general debility, biliousness, constipation, nervous complaints, and indeed almost all disturbances and derangements of the physical system are controllable by this general restorative.
