The Clipper met some 40 competitors including all the leading machines built, and was awarded the First Promisms bullt, and was awarded the First Promiums and Gold Meda. proves that the proprietors have been able to sustain in the filed their claims of superiority for The Clipper Machine over all others. Its extraordizary lightness of draft takes one-third of the labor off the team. The adjustability of the finger-bar, to cut high or low without stopping the team is worth \$25 on any machine. It is theonly mower that has the true center draft in accordance with correct mechanical principles. In abort, it is the lightest, the most durable, the least complicated, the most symmetrical in design, of any implement of its class.
