Bost Boors.

The Granz Brown Tack means. It Aleans here come the American towards with the American Location A. the American Location A. the Commission of the Commission tist had failed to accomplish. Montaine in one of his ease, a tells this story to show that helt or accident often does better for men than their own designs; and the old synic adds, as an illustration to the same happy effect from his own experience, that he once knew a man to throw a stone at a dog and hit and kill his mother in law in stead. That very expressive ag in the Happy carroons was the result of omission on the part of Nast in preparing his first carcoon after the cincinnal convention. He had sketched, as he thought all the principal figures, and was ready to commission.

hand his drawing over to the en-gravers, when a friend called his attention to the fact that he had omitted B. Graha, when of accuses, omitted B. Grain, when of adures, should have been one of the principal figures. Nast was greatly troubled, he could not dany the unperfection to which his attention had been called and yet if was too lake to remedy it; for his time was upand the workmen were waiting on him. He hadn't in his studies picture of Brown, and even if he had there was no room for it in the cat. there was no room for it in the cat there was no room for it in the cat toon, every inch of mom being all toon, every inch of mom being all ready occupied. At the very last it I think Mexico would be too it.

Brown, When the picture came out some admired the happy hit, and others inquired what it meant.

peal of registration in our county this politics for your consideration, hop and city have heretofore, in our opinion, transcended the authority intended to be conferred upon them. by the law of the late city board | Bisenses of Sheep in Oregon. has not been an exception, but, if possible, has stretched its powers as fellowers but illimitably. The day estimate contemplated that this board should be confined to the appendix of Section in the liver," is prevalent and those who deemed themselves detail The liver is alled with lesses, representating those found in water, which appear to be at home in sheep, deep, and wrongfully excluded from registra-tion by the Magistrate to the spition by the Maghiner to the spi peals of those who presented names in our State from their presents. Symp-deemed by them improperly ragio.

The sheep blooms stupid, legit her-tered, and asking inter-inverse to the series of the skin of the jaw lange be attricken from the register; and be stricken from the register; and down like a suck or bladder filled with lastly to the registration of such persons as were material cause, water. "Staggers," another disease which I have not found in the books, is attended with the following symptomat: The short to present themselves before the ear with its head, and secateh its Registrar for registration. The gase, round and round, falls down, gets up, manifest restrictions upon the falls again and eggin, looks wildly out of power of the board have been to the eyes, and some in he on a ragular. tally regarded. Instead of sitting in judgement as a court of appeal and revision it has sittent in the same seems of the days. I am told that constitues sheep did of "staggers" but cannot reach for the administration of your correspond to the same of th tally regarded. Instead of sitting who would take the oath of the month of the country Board or the Registrar to a super- tion ?" He thinks we have, and that it is Board or the Registrar is a super-finity—an unnecessary and expen-sive inxury.

Every Citizen in the City who

There is just enough, truth and error in his position to suffice it to consideration.

wished to register might have kept

the members of the Agricultura! Association of Western Texas. It stock-owner, out of 44,000 has lost 30,000 did and enlighted discussion of the the past year, and that a flock of 3,000 fluimportant subject proposed for ledeavor by the people who are most tigate the matter and seek for a comedy, THE venerable Peaksniff of the deeply interested to consider the Herald of this city, in its issue on questions involved, and lend their Sunday, acquire the being weven aid to the Legislature in forming a law which shall be supported by public sentiment, and secure "the Station The public would greatest good to the greatest nami ber;" and there with an advancement trodden and appressed relic ot a of the best interests of the State. past age, if he were to earn Air It is not contemplated by the origbread by withing like an uprignit instors of this movement towards man, instead of stumping over the progress to include the whole State columns of his paper on his flabby within the provisions of a general cheek. While our brother (sic) Jore- law, but to leave it, in some degree miah Pecksniff has expended his for the counties to decide for them harmless wind in almos of all our selves their own wants and necessi-governments, except those which the in this regard. That it will be are defunct, misleads people abroad a popular measure in this county concerning the affairs of our State there can be little doubt when the and city, greatly to our detriment, subject is fully anderstood. We we have carnestly and seriously shall discuss the matter fully from time to time, and invite, from those who are interested and well inform ed, communications to which our
