

## LOCAL AFFAIRS.

**RELIGIOUS.**—There will be a meeting at the First Presbyterian Church, on Main street, by Rev. J. W. McElroy, at 11 o'clock; Sunday School at half past nine.

We are indebted and thank you, to Mr. H. C. Thompson, Secretary of the Agricultural Association, for a copy of the minutes of the proceedings at its last meeting.

A LARGO mail was received last night; but a portion of the newspaper and papers late in distribution that we had no time to read the Governor's Message, nor to compile the proceedings of the legislature for this issue.

Very respectfully,  
JULIUS BERENDS.

**WHAT** with the horse disease, the cessation of travel, and some other losses which need not be named, business was never before so dull since the beginning of the year. It is so dull that the police and other officers might as well close up their shops as the wagons now make the only persons who find no rest from their labors.

Mr. MOYER, the cattle and horse doctor, has been instructed by District Attorney Green, to furnish us with a certificate of hides in this city previous to inspection. The inspector will find it difficult to enforce any such rule because of imminent difficulties; however, this difficulty will note the time.

Those who are in arrears to this Office will confer a great favor by settling their accounts promptly. There is small encouragement in advancing.

**CHICAGO.**—That.—An intelligent Mexican gentleman came to Brownsville during the pending of the Diaz revolution. He has sent his family. He says:

I am laboring under the painful conviction that we Mexicans are all going to be citizens of the United States. I have sent for my family, with a view to have them properly educated to play their new parts. I am compelled to see it. The Mexican do nothing but fight and destroy each other. They are like Don Quixote's lambs, they batted each other until there was nothing left but their tails.

The men of property in Mexico are in favor of American occupation. The masses are in deadly opposition to anything of the sort.

**SENATOR SUMNER.**—who is perhaps as well versed in history as any other living man—never believed in the legitimacy of the late French Emperor's descent. Speaking on French topics in the Senate one day, about four years ago, he referred to the First Napoleon as the "reputed uncle of the Emperor." He was then chairman of the Committee on Foreign Relations, and, on reflection, that the expression would appear improper coming from such a source, he sent an autograph note to the reporter of the Associated Press, after the debate had concluded, requesting him to suppress the word "reputed." The reporter complied, but kept the note as a possible curiosity of the future.

To day about noon, a party of ten ladies entered the house of Moore, an elderly widow, who resides in a quiet miles above town, and, after a short conference, made arrangements to have the vest and assist to make the lives of youthful Americans useful, truthful and happy.

The February number, just received, is a real gem. *Young America*, 2000 Address, Jennings Deneuve, 825 Broadway, New York.

BANDERS, Jan. 20th, 1873.

**ERROR.**—To day about noon, a party of ten ladies entered the house of Moore, an elderly widow, who resides in a quiet miles above town, and, after a short conference, made arrangements to have the vest and assist to make the lives of youthful Americans useful, truthful and happy.

Capital letters were used in the paper of rangers and Indians, and the same have started in print, and the editor, and the return of the paper will correct the full particular.

On December 20th,

We find the following in the State Journal:

**SPECIAL NOTICES.**

Twenty Years Longer.—Today that hundreds of miles, and wider back 20 years younger than they are in consequence of the complexional brightness derived from the use of Dr. T. C. H. Morris' oil, prepared for fencing off the skin, certain liquids read a most interesting and somewhat lengthy paper, showing the great advantages to be derived, and all classes of men will shortly become interested to confirm.

On meadow, the right will be adopted and the committee, who are authorized to have a thousand copies printed and circulated at the expense of the Association.

In view of the fact that the Association is to be formed after the first week in August, a committee consisting of the following names, gentlemen, was appointed to circulate among our friends for the purpose of soliciting contributions:

Colonel G. Grant, Dr. M. H. Bassett, Dr. Fred. Petersen, Jas. Davis and Edward Stevens.

A list will be made in the meeting and thirteen names more taken by those present.

A description will be given in the proportion for holding the next meeting, and it was the unanimous will of those present that it be held, without the first and tenth of June next, and to supplement the new association to be organized will sit open that time.

A very liberal premium will be given by the association to be organized, for the best oil acre, grown in Western Texas. The amount of the premium cannot be fixed until the re-organization.

There being no further business, the Association adjourned.

R. W. PRAY, President.

M. C. THOMAS, Secretary, Salina, Kansas. Remained to consider the health of the members outside of Kansas, and, in order to do justice to them, recommended, that the Association should do twice a day.
