LOCAL AFFAIRS.

SAN ANTONIO BOARD OF TRADE.-Regular mouthly meeting Tuesday, March 4th, at 7 P. M., at Karber's Turner Hall, Al-me Plaza.

A. KRAKAUER, See'y San Antonie, Feb, 28th, 1873.

THE District Court found Francisco Apadaco guilty of theft, day before yester day, and sout him up two years.

One Sadille tried on two indistments for cattle stealing, was required by the juries who sat to determine his morals, to reside in the county jail eix mouths, in one case, and one month in the other.

W. W. GAMBLE, who has the depot for news, good books, music, mistionery, deci-in this city, is in receipt of a quantity of shoots of new music of superior excellence. Evening before last we listened with delight to a new song, " The Little Pet," by Will S. Hays; "Signal Waltz" by La Hache; "Gracie's Waltz," for little felk, by C. Kinkel; and the "Tender Chord Marsh," by the same author. All of these are simple but exquisitely maledians and charm-ing. Gamble has a lot of other new pieces out these age the only ones we have had opportunity to listen to, and therefore confine praise to them. The music leving will do well to make their selections befere the stock is exhausted.

On the same night that some bold thief stole Mr. John M. Campbell's mars, we have been teld, that, a still bolder thief undertook to steal the Mayor of this city; at least it is so supposed, because some one broke into his Honorahouser but left pre-cipitately, without taking enything with him, so far as is known. It is a desirable thing to do a thriving business, but it would have been exceedingly awkward to have to put into shape an offer of reward for the return of the Mairs of Saint Antomio-with a double reward if accompanied by his thief. It has been a narrow escape, but let everybedy be thankful.

It was stated to us yesterday, with was expected to confine itself entirely to religions topics during the lenten season. Such a source would not be at all surprising, upon the principle of the "swearingseff" process. It is the and within practice,
as well as privilege, of all which diebauchese to have their seasons of repentence, and efforts a veform. This is an
excellent time for the Hersid corpes
and eaver to hutt up its less privilege, the strick being on it, and so contiguous
that all our present buildings can be used
as hersiofore. The upper line is within a
fact lest of our stable. We propose to seentrely fonce this ground, by it off, with

Change in the Agricultural Association.

REPORT OF THE COMMITTEE. As many of the friends of this Associa-tion are not awareful the change that has been made, we have been requested to pub-lish our future programme. Instead of the one dollar donation de-

manded each year from all the members, as heretofore, the by-laws have been changed as prescribed by our Charter, making it a Joint Stock Company, similar to the Agricultural, Mechanical and Blood Stock Association of Houston, and others throughout the United States and England.

Five hundred shares, of \$25 each, have been placed upon the market, with not

more than \$5 per share to be collected in any one year, and it is not likely that more great gravity, that the Herald of this City than two or three instalments will ever be called for.

THE GREAT HASP PRODUCER,— Hair Oils, Pometume und Pomedes have had their day. They belong to the musty past. Nobody that understands the chemistry of the hair and the philosophy of its growth thinks of using them. Instead of clogging the pores of the sealp with thick unquests and thus obstructing the insensible pore-piration which is essential to the health of the fibers, we now tone the surface of the head with an invigorating application which penetrates to the roots of the hair and stimulates them in the same way that the fertilizing agents spread over the mea-dows stimulate the grass roots and cause the blades to spring up in myriads, coating the earth with verdure. The invigorant best adapted to this purpos is LYON'S KA-THARION. It may well be called the ferti-lizer of the head. To the barren scalp it communicates vegetative power. If the withered, it arrests the process of dilapidation or blight. The hair thickens and becomes glossy and flexible under its genial operation, and as a dressing it is unapproached by any preparation that has yet been laid on the toilet of Fashion.

To Physicians!

ELIXIR IODO-BRONIDE OF CALCIUM, COMP. (For Internal Use.)

Medically used in Scrofula, Scrotulous Abcesses and Swellings, and all diseases of the blood traceable to a scrofulous diathesis; in Cancer and Cancerous Tumours, Caries or diseased bone; Bronchial and Throat Affections; Pulmonary Degeneration, Erysipelas, Salt Rheum, Scald Head, and Cutaneous affections; in Neuralgia and Rheumatism, and particularly efficient as an anti bilious remedy to combat what is commonly called "Liver Com-

plaint." D_T . L. Rogers states that in his practice he was called to see a patient who was at-tacked with pain and swelling of the hip, simulating acute rhenmattam, which flually culturnated in a large abscess which required opening. Abscess after abscess appeared, five in all.—Suppuration profuse, and portions of the dead bone extracted from day to day—suffering intense. At this state he commenced the reservish. this stage he commenced the use of the Elixir, and when fully under its influence patient made a rapid recovery. He says: I gave him no other medicine, only as was accessary to correct the disturbed con-lition of the secretions; consequently the ombatment of the disease must be attributed to the influence of the 'Iodo-Brom

"I have since used this new agent in a large number of cutaneous diseases, and am highly gratified with its effect. I consider it a rainable acquisition to our thera peutical agenta, and could not think of being without it."

In Rhommation and Piles.— Dr. X. T.

Barns, is a comunication to the "Journal Materia Medica," says: "I have found the Elixir Iodo-Bromido Calcium, Compound, by far the most satisfactory alterative I ever used. In the treatment of Rheumatism used. In the treatment of Rheumatism and Piles it has proved itself a powerful and useful remedy and a valuable acquisi

and userui remedy and a variance acquisi-tion to the 'Materia Medica.'
Is Neuralgia and Otorrhou. —8. R. Niss-LY, M. D., Pemberton, Ohio, says: "I have recently used the Iodo-Bromide of Calcium, Compound, and have been highly gratified

with its action."

In Chronic Irritable, Ulcer.—Dr. S. H. POTERS, mays: "It has proved itself in every case a very valuable and potent remedy. I have been using it on a Chronic Irritable Ulcer on my own person, arising from a severe concusion five years since. Singular as it seems, nothing else promotes hea thy granulations, nothing else can be to erated, and yet this acts like a charm. "Both internally and externally, I have found it more efficacious than any other medicine that an experience of forty years

enables me to select."

In a Case of Scrolulous Abscess.—Dr. F. M. Harvky, Ontario, Canada writes: "The Elixir of Iodo-Bromide Calcium, Compound, is a magnificent remedy, I am using it with marked success in a case of Scrofulous Alsecess in the upper part of the femur. I think more of this remedy than of mur. I think more of this remedy than of all the many alteratives I have noticed in medical journals for the last two years."

In a Case of Cancer.—H. H. PRENCE, M. D., Rutland, Vt., writes: "I am using the lode-Bromide of Calcium, Compound, as a

lotion, and the Elixir of the same internal ly, with the happiest results. They have far exceeded my expectations. My patient is greatly improved, and able to walk Prepared only by TH.DEN & CO., 176 William St., New York.

Lodo-Bromide Calci um, Comp.

(Solution for External Use) Medically used externally, in Itch, "Prarie Itch," or "Prarie Mange"; Psoriasis, Herpes, Prurige, Scabies, Gangrene, Scrotalons Swel lings or sores, Cancerous Swellings or sores, Sloughing Sores. It also possesses superior efficacy in Chronc Rhenmatism, giving often almost immediate relief

The above should be used concurrently with the ELIXIR in all cases of Rheuma-fism, Piles, Scrafnia, Elephantissis, Psor-lasis, Eczema, Scald Head, and every des ription of SORES and ULCERS The Elixir is strongly recomended also in cases of Secondary and Tertiary Syphilis, (to be taken internally); and the IODO-BROMIDE (to be appled externally) in Syphilitic Swellings and Uleers. Prepared only
