t-would not be a bad idea for even whose sight is perfect to get a pair of these spectacles, as the circus will be likely to dazzle us for a few days yet, and there is no telling when the city administration will cease throwing dust in the eyes of the tax payers. Let every man, woman and child get a pair or so, and perhaps somebody might be able to see what that \$300, was spent for, or be able to look far enough ahead to say what city script will be worth when this city administration resigns of its own accord. But this last would be asking too much of a forty foot telescope.

THERE was no meeting of the City Council yesterday because of sickness in the family of one of the aldermen. It has been hinted to us, however, that the real cause of their net being a querum present was that the circus with its miles of glittering magnificence straggled across the Plaza just before the meeting was to have taken place. If this is not strictly so we are willing to give the injured parties the use of the columns of the Herald in which to insert an explanatory card.

There will be a meeting very probably this evening, unless that counfounded circus spoils it again, when a city physician will be elected. The Proje Presse predicts that it will stand four to four between Bennett and Hasenburg, and then the Mayer will reach in the hat and take out accidentally a ticket with "Bennett" on it, and that he will of course be elected, provided none of the Republican aldermen should unfortunately be absent.

WE HAD a conversation yesterday with a fireman. We think from some remarks he made about Fire Co. No. 1 that he must THE STATE OF TEXAS, have belonged to Fire Co. No. 2. He gave us a great deal of information of inestimable value to the public generally, but it was so mixed up that we hav'nt time to put it in order. In the first place it was the Germans that got up all the fire companies and rou the machine generally and the State and absent therefrom, by making some panies and rou the machine generally and was so mixed up that we hav'nt time to panies and ron the machine generally and if Ed. Braden had minded his own business there would be no bloody chasm be- 4 weeks previous to the return day of this tween the two fire companies. They, the Americans, stands on the corners on the 4. of July and make fun of the German firemen (That's because you voted for them in the City election). When Ed. Braden's birthday comes around on the 22nd of February then it is the same thing over definings, J. J. Giddings, W. Annie Giddings, again, and when Schorge Washington had consulted with the committee of Fire Co. No. 2 then there would not be so much I. A. Paschal dec'd, and as surviving wife humbugs

Said we: Look here, George Washing ton was not an American.

Said he: O Hail! what you says! Said we : He was a German. Said he : Perhaps a was a Jew.

Said we: Exactly so, his name before he came over wasLavanburg, which he changed into Washington which means the same thing (By Tam). You remember he could'nt lie. He was first in war, first in peace and first in the hearts of his country men, looking out for No. 1 and hicself in particular.

Subsequently while standing near the door of Dr. Hoerner's Insane Asylum, (we were inside in fact) we were grossly insulted by a gentleman inquiring if Prickly of June, A b. 1873. Pear had not been bought up by the gentlemen whose names appeared on "that ticket." We rebuked him with proper severity, accusing him with jeniousy because

the court house we investigated the matench in arm chair, while several excited lawyers were evidently laying down the law to him about something he had been doing. His Honor must be bard of hearing judging from the loudness of the conversation. It seems that there is a divorce suit between Mrs. and Mr. Winff. Judge

Noonan allowed Mrs. W \$25 a month ali mony, which said Mr. W. had failed and refused to pay. The lawyers for Mr. W. asserted Mrs. W.had \$1500 belonging to Mr. W. This the other party denied. Mr. Dittmar was willing to swear to the truth of what his client said, but as Mess. Then we talked politics for a little fortunate as to find the missing animals while. There will have to be a great deal of diplomacy expended during the coming ra, a few m. o from towiron the other side campaign, as the crop of candidates forall the offices is becoming heavier every The locality mentioned is noted for be- day. There seems to be a great desire to serve the public in the capacity of Sheriff. It is supposed that Bonnett will run again, on the third party ticket, however, this time. Jno. Dobbin and Hiram Mitchel are. spoken of as rivals for the Democratic nomination. If Hiram, however, should be elected City Physician, he will proba bly not be a candidate. The friends of a 'prominent merchant" are working quietly that there had been no killing worth for his nomination by the Democracy, and speaking of down that way last winter, it is expected he will yield to the solicitations of his friends shortly and "come out.
