He held to the scriptural injunetion, 'Heal thyself,' and he always was 'heeled' you bet. But he made one mistake. He killed several Texans, but he killed one Texan too many. That man had a brother, and when that brother heard of his death, he started from Texas in a hurry for he had important business in Kansas. On arriving at Salina he inquired where Mr. Hick-ox, United States marshal, might be found as was directed to a saloon where Wild Bill was holding one of his levees.— Tying his horse at the door, the Texan went in the saloor Mrs. Catherine A. To the Republicans of Bexur County.

As Chairman of the Republican Execu tive Committee of Bexar County, in pur suance to the call for the Republican State Convention, to be held at Dallas, Texas, on Wednesday, the 19th day of August 1873, I hereby call upon the Republicans of Bexar County to assemble in mass-meeting at the Piremen's Hull, San Auto-nio, Texas, on Saturday, the 2nd day of August, 1873, at eight (8) o'clock P. M. for the purpose of electing nine (9) delegates. to the State Convention. A. J. LOCKWOOD.

Chairman Rep. Ex. Com. Bexer Co. That Secret Petition.

We have good reason to believe that a petition is being circulated, on the sly, among our citizens,

In this petition the assertion is recklessly made that Gev. Davis does not represent the Republican party of Texas.

It is perhaps unnecessary, but we take the precaution, nevertheless, to warn our citizens against this piece of circulating mendacity, although the object of the originators of this document is visible on the very face of it.

It is simply the petition of a few disappointed office seekers who sheer desperation.

The visit of the Governor to Washington has caused a rattling among the dry bones, and the Ring, of which Senator Flauagan is sup posed to be the head center, has been thrown into a spasm of alarm, and we must say, not without reasou, as their little dividends are most certainly threatened.

The Kerrville Affair.

friends.-Freie Presse.

The various ramors in relation to the killing at Kerrville are so con Ricting that it is impossible

the actual circumstances were.

One account is substantially that band of robbers attacked the store of Mr. Schreiner, but being expected were bloodily defeated, eight killed and others besieged in a block

The ofher statement' seems to indicate that the people of that vicin ity made a raid on supposed robbers, killed several, and that one man, Eastwood, was taken from iail and shot.

When the affair is finally ventilated it will probably resolve itself into what is generally as "a neighborhood quarrel," like those which so frequently prevail in different parts of the State, and which have done so much to bring Texas in bad repute abroad.

THERE has been, and still is, a pressing demand for the location of a U. S. District Court for Western Texas at Sau Antonio. If any non-resident has a private spite

to gratify or wishes to jayhawk or blackmail a citizen of Western Texas, he can sue him on some trivial pretext in the Federal Court at Austin and be gratified to his heart's content. In nine cases out of ten the accused will plead guilty and pay District Court in matters of Probate, to the blackmail rather than undertake the various pilgrimages to Austin that are necessary to establish his innocence.

San Antonio is the natural center of Western Texas, and we think the United States Federal Court should be established here from motives of public policy.

The following petition has been signed by nearly all our prominent citizens and speaks for itself :

To the Hon. Senate and House of Representatives of the United States of America in Congress assembled
