will reach over three hundred millions, on a condition of prosperity prevades through every branch of industry and trade in the State. There is only one explanation for the depressed condition of the State's credit, at home and abroad, and that is the unexpressed dread of Democratic success is securing political control of the State. This s counter-acted to some extent by the fact that a Republican State administration still holds the polit-

ical power, with the prospect of continuance in office. A Republican victory in December would place Texas at the head of the list of States as to credit and

financial standing. Texas has escaped the fate of Louisiana, South Carolina, North Carolina, and in fact, all the reconstructed States, only because an bonest, firm, and faithful Republican Governor held the helm of State, -Journal.

### Truthfulness

It is not what people eat, but what they digest, that makes them strong; it is not what they gain, but what they save, that u them rich; it is not what they read, but what they remember that makes them learned; it is not what they profess, but what they practice, that makes them rights ous. These are very plain and im-portant truths, too little heeded by gluttons, spendthritts, bookworms and hypocrites. Truth is the foun dation of instruction; an habitual regard for it is absolutely necess ry. He who walks by the light of it has the advantage of the mid day suu; he who would spurn it goes further smid clouds and darkness.

County. As Chairman of the Republican Execu-tive Committee of Bexar County, in pur-fuance to the call for the Republican State Convention, to be held at Dallas, Texas, on Wednesday, the 19th day of August, 1873, I hereby call upon the Republicans of Bexar County to assemble in mass-meeting at the Firement Hall, Sar Auto-nio, Texas, on Saturday, the 2nd day of August, 1873, at eight (2) o'clock P. M. for the purpose of electing nine (2) delegates to the State Convention.

A. J. LOCKWOOD,

A. J. Lockwood, Chairman Rep. Ex. Com, Bexar Co

THE Austin Statesman is a monu ment of Democratic inconsistency, It is the offspring of chicken-pie and will die as soon as the appropriation is exhausted. It does not even represent the Democracy.

The EXPRESS is a self sustaining Republican organ of seven years standing and stands fair and square on the Republican platform. It gives unbounded satisfaction to all Republicans who are not as recreant so their party principles as the Statesman is to the Domocracy. For the last two months is has been edited by the individual whose name appears at the head of the local column, and the increase in the number of our subscribers indicates that its present course is sat-isfactory to those for whose benefit it is edited.

### Democratic State Convention.

Col. Winkler has at last taken pity on the sufferer of the Statesman and has come out with his call. Austin is to be the place, Sept. 3rd the day. The call is not a loud an estive of Ku-klux an bile, nor is a sad plaintive call, referring to our down tredden Po land, our "chains and tyrants," but it is a judicious mingling of both, man in the cafe." more remarkable for what it does seems as if that 13th Legislature than that Roklax Revenue Cutter Smith. had taken the wire edge off the Who next?

This Convention will be a very important one for many reasons, One great question which will come up for action, and will not down at enthneisse. The party stopped at a small the bidding of the Statesman eli will be an expression of opintion stands as present the stigma of Repudiation is indebible branded on the Democracy of Texas unless he Convention repudiates Repudiation. If the next Legislature is Democratic, there will be no appropriation made to New Caledonia on the 31st inst. to pay the interest on the bonds even if the Supreme court should declare them legal and valid. These views are not only entertained by Republicans, but the leading Democrats of this section entertain the same apprehensions. But if the West should sent delegates to the Austin Convention, and it is by no means certain that she will, the Prince Aifred to the Grand Duchess Mores 18 semand will be made that the Con-

One sentence in this letter of Gen. Mackenzie is very characteristic, and we hope the sentiment therein contained will be the Indian Policy of the future. It is short but comprehensive, viz: "My own opinion is that the only thing that will do these Indians any good is to go where they live and hart them as much as possible."

"Hurt them as much as possible" is very good.

When used in the beginning, strictly according to directions, and given internally with the food,

it is a harmless but certain remedy for wome. Do not fail to give it a trial: only greene a bottle.

Horse Epidemie, This Liniment and the nearest of horses at the North cured thousands of horses at the North during the prevalence of the horse distemper there. In such cases rub the neck and throat well every evening, and give a table spoonful of it in the horse's food for two or three evenings.
