LOCAL AFFAIRS.

BOB TAYLOR is in town. Look out Democrats—for shearing is the go.

GOLD 104. That is in Lockwood's Bank, otherwise it is quoted at 0,0005 and no buyers.

MAL G. B. RUSSELL and lady have arrived in our city. Gen. Angur is expected daily.

We were informed yesterday morning that Judge Whitehead was in a dying condition. He has been sick for a long time.

GERMAN Democrats are very scarce, and like all specimens of a nearly extinct species; they are generally snuffed in alcohol.

PANCOST & SON have received a splendid assortment of goods to make up to order.

The City Council meets on Tuesday. The misunderstanding begins at 4 sharp, in the afternoon.

The condition of the streets in Ward No. 3 prevents the candidates for aldermen from stamping their districts.

G. P. BRIDGMAN has no interest whatever in our firm.

GRAVES & HUPPERTZ. If you want to buy cheap and best clothing and hand made shoes, boots, stylish hats. Go to MOKE & BRO., at the marble store.

On Sunday night there will be a concert in the Harmonia Hall for the benefit of the Calvert sufferers. Let every body buy a ticket whether he goes or not.

MR. DUEBLES of the San Pedro Springs has not received the \$50 allowed him by the city, for these many months, and the police have not been paid.

DISTRICT COURT.—The suit styled "The Trustees of the A. M. E. Church vs. Larkin Carper et al.," involves the ownership of a lot and a clerical edifice. Much interest is manifested by the colored people, as a religious-fund of long standing lies at the bottom of it.

CALL ON PANCOST & SON to see the latest style of hats, just received.

The Democracy proposes to elect their alderman in Wards No. 2 and 3, and thus have sufficient force in the City Council to oust all those officials who do not vote the straight Democratic ticket. If they succeed there will be positions to fill, and he that is worthy will be chosen, of course.

We have never been able to understand how the Democracy came to leave all those bills rotting in office.

Our paper goes to press too soon to make any report of the speech of Col. Bob Taylor, the Republican candidate for Lieutenant Governor. From the flattering notices of our Republican exchange, and the squinting of the Democracy, we have no hesitation in pronouncing in advance his speech in front of the Meager last night a grand success.

If the weather, which is rather threatening, should occasion a postponement the people will be duly notified.

The Herald's "Republican" says in the issue of Oct. 30th:

"They, the Germans, say in effect, in a resolution, that their sympathies are with the Republican party—but mark you, they do not say in plain words 'we are Republicans.'"

Now, come here, Mac, and let us know, where you saw any such resolutions as you quote above? Where has the Austin Convention ever said that their sympathies were with the Republicans? Don't base your malicious conclusions on such false statements.

The peace officers of Medina County recently had a big fight in Castroville. It was between the Justice of the Peace and the Sheriff of the County, and they fought about three hundred blows. One of them smiled a fat greasy smile as the other waddled past. The one that passed knew it couldn't mean anybody but him and came back, and retorted him. That's the end. It was like the Milton's battle between the ambassador and the gentleman who keeps the Satan House. One would punch the other on his broad back and the result would cause the aggressor to sit down and rest himself. Then they fought boulders of each other, until it became ridiculous, and they both were exhausted, hungry and sleepy. Then came the 4 o'clock.

If the Sheriff made affidavit against the Justice of the Peace before that officer then it becomes contempt of court in him to entertain it. On the other hand the Justice of the Peace could not make affidavit before himself against the Sheriff, and if he did, the Sheriff could not and would not arrest himself.

Here is a chance to apply the Kirtur law, as none other will meet the condition. The other one of them had his eye in a sitting or a slice.

Messrs. MANDELBAUM & BILLING keep the largest stock of leather and furs in the State, they only keep such brands of French and German calf skin as have already gained a reputation; they also manufacture high quality shoes of all kinds and styles; Mercantile, shoemakers and saddlers would do well to examine their stock before buying elsewhere.

Messrs. MANDELBAUM & BILLING respectfully call the attention of country merchants to their large stock of boots and shoes of their own make, offering them special inducements.

If you want a pair of real good French calf skin boots of show, go to MANDELBAUM & BILLING, on Commerce St. They will make them for you out of the best French calf skin at shortest notice and fully warrant their work. They employ 100 workmen, and are therefore enabled to fill orders quicker than their competitors. They also keep on hand a large stock of boots and shoes of their own make and are certain that they can fit and satisfy everybody.

Go to PANCOST & SON for your Flannel and Merino under wear.

TWO candidates for the same position were seen arm in arm in Karber's night before last.

Two horse thieves from Guggers' precinct were brought in by a special policeman. After a hearing before the Recorder they were bound over and in default of bail were committed to jail. Their names are Mouches and San Miguel. They will be tried at the February term of the District Court.

MARRIAGE.—Lieut. Gasman of the 10th Cavalry was yesterday united in the bonds of matrimony by the Rev. W. Richardson to Miss V. C. Winston of Brazoria County.

We tender the usual congratulations.

In a carefully written article in the New York States Zeitung, treating of the different kinds of newly discovered food for man, is a very flattering reference to the Texas meat extract, which is manufactured by our San Antonio Meat Extract Company.

The States-Zeitung says: "The most extract from Texas has been found, on chemical investigation, to be quite equal to that of Prax Bentes in point of strength, and is besides of a milder taste, and has the genuine roast beef smell."

It is gratifying to know that Texas enterprises and skill is so properly appreciated at the Vienna Exposition, where the display of non-seasoned meats and fruits gave occasion for the favorable mention quoted.

WARD No. 3 needs an alderman and there was a meeting held night before last to select a candidate. McCormack was elected Chairman and A. W. Huston, Secretary. The meeting was non-political altogether. All first the nominations were to be made in one room, which resulted in the chair declaring Maj. Kampmann elected over Sam. Maverick. This was dissented to and a division called for, the result of which was not ascertained. Balloting was then resorted to, and the result furnished us is

Kampmann ..... 82.  
Maverick ..... 60.  
Paull ..... 33.

The Chairman declared Kampmann the nominee, but this was dissented by others who alleged that he had not received the majority of the votes cast. The Chairman adjourned the meeting.

Afterwards Col. Upson and others called a meeting and nominated Sam. Maverick. Hence there are two Richmonds in the field.

It is our cheerful duty to report considerable malaria in the democratic camp. The patient is growing weaker and weaker and the doctors are scratching their head like they were paid for it.

The great mass of the people are convinced of the inevitability of the Democracy; hence they refuse to vote for it.

But that is not an serious, if it were not for Panchito Paludo. Paludo is a representative man. He believes in the sacredness of the Union-honored principles, and has always been a democrat—yet—nevertheless, he says he can care more skimming mavericks, than roping and branding voting cattle. He wants credit at a bar room and \$5 a day per se.

Then there is Herr Saucker, a staunch Democrat. He gets drunk every day for the party and is doing good service. Democratic orators refer to his dejected condition as a warning example to Germans.

He can't afford to loose so much self-respect for less than \$5 a pay and an official position.

Then the Democratic colored vote is split. To induce a colored man to assist in elevating his race to the level of the Mexican requires many funds. Sambo Democratic complains that to make a colored man a Democrat he has to keep him drunk and that thus keep alive on the altar of the sacred fire of the Democracy is hence Scipio is discouraged.

Hence the need of money. It is no use trying to make the Confederate cotton agents disgorge, as they threaten to compromise some of the most respectable gentlemen in the party.

The City Officials refuse to disgorge until the result of the election for aldermen is unknown; besides they are not Democrats when it comes to subscribing to campaign funds.

The candidates and all their friends have been bled as much as they can stand.

The only thing left is to put in the bar rooms and churches little charity boxes with the following printed on them:

PITY THE POOR DEMOCRACY, AND CONTRIBUTE FIVE CENTS TO THE CAMPAIGN FUND.

Mercurious as summer dew, yet in the highest distillation and preservative, SOZODONT keeps the teeth always healthy and spotless, and the gums red and free from canker.

"A Drop in Time," etc. It is equally certain that a dose of a healthy tonic like Hostetter's Stomach Bitters taken at this inclement season of the year saves many an unpleasant twinge. A drop, however, is not sufficient. The system should be thoroughly charged with this genial vegetable stimulant and invigorant. Commence taking it with strong movement of the atmosphere changes which distinguish the winter from the summer. Thereby you will avoid those disturbances of the digestive and secretory organs, and those painful diseases of the muscles and the nerves of sensation, which often render the period of the winter the most trying and the most dangerous season of penury and disease. The extraordinary vigor and regularity which this exhilarating restorative imparts to the most impeded functions of the body, render it an invaluable remedy for nervous debility, constipation, indigestion, torpidity of the liver, and other ailments.

WATCHDOG'S BARKER. This species they say is the best in the world for hunting and catching thieves. It is a dog of the name of a watchman. He barks and bays. He is a dog of the name of a watchman. He barks and bays. He is a dog of the name of a watchman. He barks and bays.
