August Brings Heavy Wreck Toll

*** New School Budget Over \$2.5 Million

Members of the Muleshoe Independent District School Board of Trustees tentatively approved a \$2.5 million plus budget for 1978-79 during their regular meeting Monday night. Of the \$2,504,046 budget, the largest amount was for salaries at \$1,677,828.

Saturday, Jose Triana and his son, Loy, 10, entered their first Marathon, the Berger Marathon. They had been practicing running for some time prior to the marathon. In the adult division, Triana finished 12th, and was proud of his achievement in his first attempt at competitive running. Loy was entered in the 18 and under division, and finished sixth.

Mark Lovelady underwent back surgery Monday in Shriners Hospital in Dallas.

Mrs. Sammie Lewis, who is in Dallas with Mark, said he came through the surgery in good shape, and the doctors were able to do more corrective surgery than was first anticipated.

Mark will be moved from intensive care to a private room late this week, according to Mrs. Lewis.

Buford Hunt returned to his home in Muleshoe last weekend after having surgery recently in Wichita Falls.

He is still an outpatient at Medical Arts Clinic in Wichita Falls.

Visiting in the home of Mr. and Mrs. Ernest Caywood this week is their daughter, Mrs. Larry Weaver, Larry Dale, Michelle and Cherie from Gardengrove, Calif. They arrived Monday for a surprise visit.

Also arriving Monday was Mrs. Bill Beery, Terri and Tammy, of Boone, Iowa.

The Caywoods are formerly of California and are new residents to Muleshoe.

Teacher's salaries accounted for \$1,411,751 of this amount, with the other figures broken down. Administration for instruction was budgeted at \$46,241; Instruction Resources and Media (films and other mandatory supplies) \$62,259; School administration (Principals) \$135,984; Guidance and Counseling, \$59,107; Attendance Service, \$3,510; Health Service, \$29,473; Pupil Transportation, \$120,400; Co-Curricular Activities, \$32,185; General Administration, \$182,448; Debt Service, \$142,000; Plant Maintenance and Operation, \$270,020 and Community Services, \$8,468.

Superintendent Dillman said that of this amount, 43.57 percent, or \$1,092,000 would come from local sources; 45.25 percent, or \$1,134,037 would be state funds; 10.90 percent, or \$273,095, would be from Title I and other federal funds, which are not ad valorem taxes and .28 percent would be non-revenue receipts for \$7,000. Dillman stressed that the proposed budget is only tentative, no final figures have been approved as yet. He also said that the Cont. page 6, Col. 4

George Bush, Price Here For Campaign

"We gave up a lot and got nothing," said George Bush, Jr. Saturday afternoon in Muleshoe. Bush, who is a candidate for the soon to be vacated Congressional seat of George Mahon, was speaking of the disarmament agreement with USSR. He also explained that the B1 bomber was very important and deplored the fact that it would no longer be constructed.

Bush was in Muleshoe with Texas Senator Bob Price, who has taken the campaign trail in an effort to help the candidacy of the young Republican candidate.

Bush also contended that the neutron bomb was

FOOTBALL CAPTAINS...Serving as football captains for the Muleshoe Mules this year are from left, Brent Burrows, Mark Harmon and Keith Hawkins. They will be leading the Mules as the season gets underway. Practice has started and varsity players will be designated in the near future. Around 100 players are expected for varsity and junior varsity.

Football Practice Is Underway For Mules

Muleshoe Athletic Director Mike Wartes spoke on an optimistic note Tuesday afternoon when he spoke

about the 1978 Mules. He did, however, caution that the Mules will face stiffer competition this year than they have been.

"I don't think there is any doubt that the schedule will be stiffer and every team improved," he said. "Both Floydada and Idalou are highly respected as far as AA football is concerned throughout this entire area. At the same time, I think our team, with its six defensive returnees, will be the foundation for a sound defense."

"Two things will be to our favor. The first is our player's attitude and perhaps more important, is the character of the boys out for football this year."

"Quickness will be another strength for our team. With these attributes, and a little experience, we are looking for good things from the team."

He said the team does face weaknesses which will have to be overcome. One weakness is the inexperienced offense. "We have only three experienced offensive players," he explained. "I think the inexperience if offense will make our offense a question mark. There is a good point, the kids are already adapting to the inexperience, but it will take a little

time," he added. "Lack of size may hurt us some, but the team's quickness will help."

Coach Wartes was highly complimentary of the physical condition of the boys coming out for two-a-day practice this week. He said, "Their very good physical condition is an indication that they have dedicated themselves and their really good physical condition will really help." Wartes said he sees Littlefield with an established program; Dimmitt with always good talent; Friona with good young players; Olton, maybe the most improved team and Cont. page 6, Col. 5

New Optimist Club Needs 10 Members

Monday night, several persons who have indicated an interest in becoming members of the new Muleshoe Optimist Club met at the Corral Restaurant with Albuquerque and Clovis Optimists.

Larry German, Lt. Governor for New Mexico and West Texas, conducted the meeting, assisted by Al Sass, Optimist New Club Building Chairman from Clovis.

German conducted the meeting as an Optimist Club meeting would be conducted when the eventual club is formally organized in Muleshoe. Following a dinner at the restaurant, he told of some of the goals of optimist and outlined various ways optimist works in a community.

He told of small annual budgets for clubs, up to the \$84,000 yearly budget for the Pecos, Texas club. German explained that Pecos has no Parks and Recreation Department, but they do have the Optimist Club. The Optimist Club at Pecos oversees all youth activities in that community.

The New Mexico Lt. Governor explained that an Optimist Club has an average membership of 45 men and should be conducted like a business with financial reports, minutes and other businesslike activities.

** Papers Served On Judge In Law Suit

Bailey County Judge Glen Williams said he had been served two identical sets of papers, one as Bailey County Judge, and the other for Bailey County. He also indicated that all four Bailey County Commissioners had also been served with identical papers to the ones he received.

The papers were for a lawsuit filed in federal court in Lubbock by Albert Daniel, asking for redistricting of the county voting precincts.

Bailey County voting precincts were changed in 1970 to bring the precincts into voting perspective according to the population in each new precinct.

Jaycees Plan To Give Away Groceries

With the approach of school again, and all the necessary purchases to get your youngsters started, are you feeling the pinch of a low cash flow at this time? Would it help if someone handed you four \$50 gift certificates to use strictly for food purchases? You have your chance.

Between now and the 19th of September, the Muleshoe Jaycees will be giving all interested persons the opportunity to be the winner of the four gift certificates. Starting Monday, August 14, the Jaycees were selling tickets at \$1.50 each or four for \$5 with the lucky winner to be receiving the certificates in a drawing on September 19.

Chairman of the project is Galen Bock and his assistant is Bruce Woods; or check with any Muleshoe Jaycee.

** Injury List Grows; Victim Is Critical

Looking back over the last year, in August, 1977, a sudden rash of severe vehicle accidents were occurring, leaving multiple injuries and even two deaths in this area, along with 16 injured.

This year, at approximately the same time of the month, is a repeat of the August, 1977 incidents.

Starting on Tuesday, August 8, with more than 12 injured in accidents on that date, the accident toll continues to grow.

At presstime, Wednesday, Aleck Shafer, 17, was maintaining a tenacious hold on life in the intensive care unit of Methodist Hospital in Lubbock. He was listed as "critical, but stable."

He was critically injured in an accident around 9:45 a.m. Saturday just south of Muleshoe on Highway 214. According to the officers report, a pickup driven by Manuel Flores veered across the highway, hitting the Shafer pickup headon.

Shafer's pickup then went off to the right of the highway, and according to witnesses from Morton, hit a large highway sign, was airborne for a short distance and came down on its top.

The youth was given emergency treatment at West Plains Medical Center in Muleshoe before being transferred to Methodist Hospital where he underwent brain surgery to remove a blood clot from his brain.

Flores, driver of the other pickup, is hospitalized at WPMC and a passenger, Lupe Flores, San Angelo, was treated and released Saturday afternoon.

Officers reported that the Flores pickup lost a left front wheel 1.3 miles from where the pickup veered across the highway and hit the Shafer pickup. The vehicle had apparently been driven on the hub to the location of the accident, according to the report.

Earlier Saturday morning, two local youth were involved in a one-vehicle rollover, approximately eight and a half miles south of Muleshoe on Highway 214. Driver of the pickup was reported to be John C. Rodriguez, who was released from WPMC Tuesday after being treated for a back injury. Gary Ramage was treated for lacerations and released from the hospital on Saturday.

Mrs. Willis Wood had surgery Monday at Methodist Hospital in Lubbock to repair injuries she re-

ceived to her face in an accident on Tuesday, August 17 west of Muleshoe on Highway 84. Her husband, Willis, was released from the hospital in Muleshoe Friday after receiving treatment of injuries received in the accident.

Mr. and Mrs. Mike Winders, their two children, and Kerry Winders were treated and released from the hospital the night the accident occurred in a light rain.

Earlier on Tuesday, August 8, three young Muleshoe girls were injured in a one-car rollover less than a mile from the night accident. They were struck from behind by another car, causing their vehicle to go out of control and overturn.

Minor accidents within the city included a hit and run reported by Elena Hernandez on Saturday; a minor accident between Jessie Martinez and Wanda Joy Beaton on Sunday. Tuesday, at noon, John Edward Zeigenfuss and

Commissioners Hear Discussion On Road Project

Bailey County Commissioners approved payment Monday to Jake Diel Dirt Moving and Paving for paving work done at the Bailey County Exhibition Center and Coliseum and to Ralph Douglas for engine ring work on the same project.

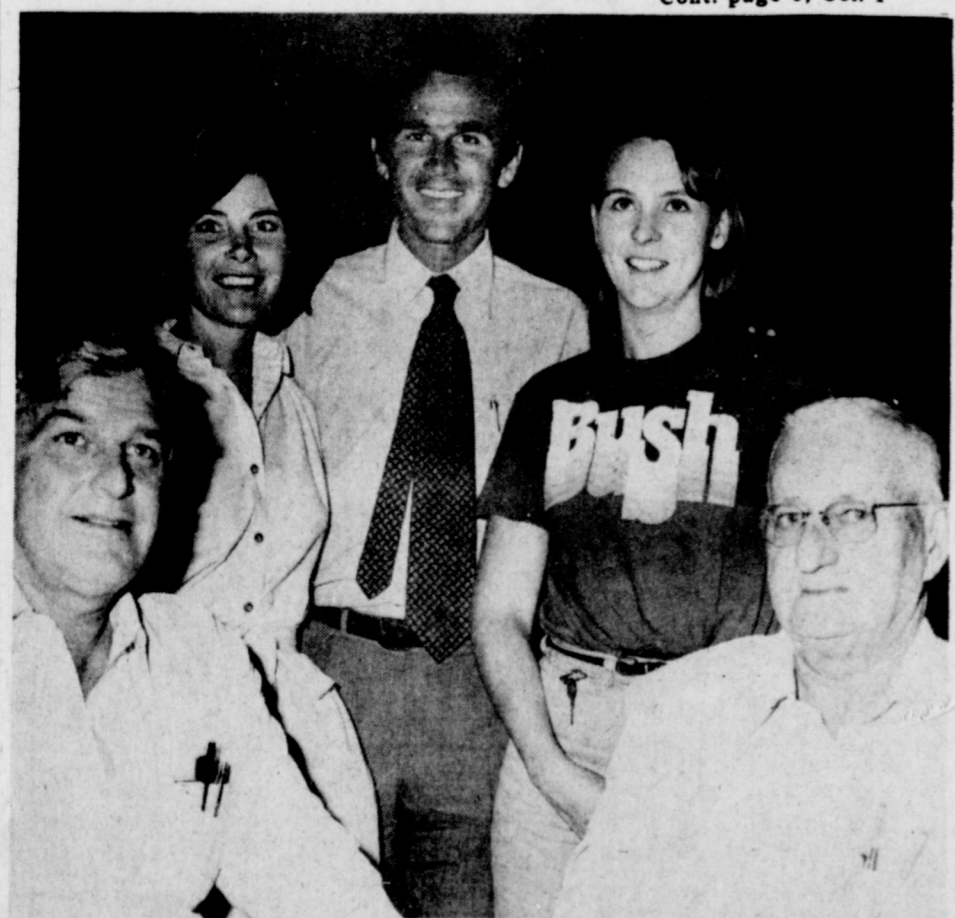

They also hosted a group of people from southeast Bailey County to discuss proposed road work in the Bula area. No motions were made concerning the proposed paving project, said the judge.

Heart Society Life Saving Class Slated

Tomorrow, Friday, the Bailey County Division of the American Heart Association is conducting a Cardio Pulmonary Resuscitation class in Muleshoe.

Two classes are scheduled during the day in the meeting room at Bailey County Electric Cooperative. The first class will be from 8 a.m. to 12 noon and the second class is from 1 p.m. to 5 p.m.

Mrs. Kenneth McGehee of Lazbuddie will be the instructor for the free class. All persons are asked to join the classes and learn the life-saving techniques.

POLITICOS VISIT...Saturday, George Bush and Senator Bob Price were in Muleshoe boosting the campaign of Bush, who is a candidate for the Congressional seat to be vacated by George Mahon. They met with a group of people at the Corral Restaurant Saturday afternoon. Pictured from left are Senator Bob Price; Mrs. George Bush Jr.; George Bush, Jr.; Mrs. Jerry Gregory, Bush County Co-chairman and Earl Ladd, local businessman.

Police Report

Several offense reports were logged at the Bailey County Law Enforcement Center during the past week.

Mule Team Laundry reported the loss of two large laundry baskets; Bill Hunt reported the theft of a red Handy Man jack; Dudley House reported vandalism with a B-B gun to the windows of a vehicle and Ron Patton said he is missing a Lincoln Welder.

Robert Toscano lost the rear wheel from a 10-speed bicycle and Mrs. Terry Hill reported the loss of a blue 10-speed boy's bicycle.

Arrests included one mental; one for driving while intoxicated; three for public intoxication; one for public intoxication and illegal alien and one no valid motor vehicle inspection sticker and hit and run.

DEMOLISHED PICKUP...This pickup was driven by Aleck Shafer Saturday morning when it was involved in a collision with another pickup driven by Manuel Flores of Morton. Shafer was given emergency treatment at West Plains Medical Center before being transferred to Methodist Hospital in Lubbock for treatment of severe head injuries.

Party To Be Held To Show Book

Hale County Historical Commission is holding an autograph party Sunday afternoon, August 20, to introduce the book "Hale County Facts and Folklore", edited by Vera Dean Wofford. The party will be held from 2 to 5 p.m. in Llano Estacado Museum, on the campus of Wayland Baptist College in Plainview, and Mrs. Wofford will be present to autograph the books that are sold.

The 787-page history of Hale County contains the stories of some 375 families and individuals, an archeological account covering some 8,000 years in time, a history of county and city governmental organizations, churches, financial institutions, newspapers, schools, agriculture, civic organizations and community activities. There is much statistical information, including a census of several county cemeteries.

A unique feature of the book is a 50-page section of never-before published interviews done in the 1930's by Hale County historian Mary L. Cox with 30 of the original settlers of the county, and there are hundreds of pictures spanning the 100-year history of the county.

Mrs. Wofford, who edited the volume, is a third-generation Plainviewian, a graduate of local public schools and Wayland Baptist College, and she has published in numerous newspapers and periodicals, including the Saturday Evening Post, Farm Journal, the Denver Post, and College and Career.

Copies of "Hale County Facts and Folklore", published by Melvin Young of Pica Publishing Company in Lubbock, are available at a pre-publication price of \$13.63, which includes tax and mailing. After August 20 the price will be \$19.40. Proceeds go to Hale County Historical Commission and orders may be sent to them at P.O. Box 1282, Plainview, Texas 79072.

Those who have already placed orders for books with the Hale Co. Historical Commission may pick them up at the Autograph Party.

RECIPE

By Sarah Ann Sheridan

Midday meals that can be served cold are a great help to a busy homemaker.

Macaroni Salad

1 8-oz. pkg. elbow macaroni
1/2 c mayonnaise
1/4 c milk
few dashes Tabasco
1/4 t dry mustard
1/2 c diced celery
1/2 c diced green pepper
1 small onion, diced
1/4 c diced stuffed olives
1/4 c diced pitted ripe olives
1 6 oz. pkg cubed Cheddar cheese
lettuce
paprika

At least 2 hours before lunch, cook macaroni as label directs: drain. Mix mayonnaise, milk, Tabasco, mustard; pour over macaroni; toss. Cover; refrigerate.

Before serving, toss together macaroni, celery, green pepper, onion, stuffed and ripe olives and cheese. Arrange on lettuce leaves; sprinkle with paprika for color as well as seasoning. Serves 6 to 8.

Always remember that, with rare exceptions, you do not have to talk.

Nickels and Belinda Nickels. ********* Everyone is an expert when it comes to making predictions.

Muleshoe Missionary Team To Go To Haiti

A hamburger cookout was held by Mr. and Mrs. Frank Ellis in their home August 12.

The prayer was given by Rev. David Hamblin and an outdoor meal of hamburgers and home made ice cream was served.

Dr. Otto L. Wilbanks of Dallas was invited as an honored guest to speak and show slides of Haiti to members and guests of the First United Methodist Church. Dr. Wilbanks is organizing a missionary through the United Methodist Committee On Relief (UMCOR) program to send to Haiti. Several Muleshoe residents plan to go on the Mission.

Dr. Wilbanks is a member of the Highland Park United Methodist Church of Dallas. Dr. Wilbanks has gone to Haiti six times. Approximately two times a year, he helps to organize a medical team to send to Haiti to work with the doctors in the village clinics.

Haiti is one of the 25 poorest nations in the world. Eighty-percent of the population is illiterate and yet they are recognized as among the most artistically gifted people throughout the Caribbean area. Only one-tenth of the school-aged population is able to attend school due to lack of educational facilities. They have only a few hundred miles of paved roads and people have to walk for miles on small tracks, even for a calabash full of water. The country has few doctors and health centers to minister to the sick, so they turn to the voodoo priest for help. Agricultural production decreases, a result of erosion, improper knowledge, lack of money to buy fertilizers and tools, and havoc and destruction caused almost every year by hurricane and floods. Grave malnutrition saps the energy of large sections of the population. Many of their babies die of tetanus and several of the children suffer from a lack of protein which causes their hair to turn pink, their skin to get loose and their stomachs to protrude. With the help of UMCOR, the Methodist Church in Haiti has created clinics and organized immunization campaigns. It is making a special effort to start more schools in rural areas and is the only Protestant Church in the country that trains teachers for rural schools. Drinking water has been provided to villages and irrigation schemes are being developed. Schools and community centers have been built and Christian teachers are trained each year for rural schools. The Methodist Church in Haiti have just organized a Department of Lay Training to train Agricultural leaders and community hunger; foster training of nurses and auxiliary helpers; map out training for lay preachers and evangelists; explore ways of helping the people to express their faith through their own music; teach painting and wood carving; foster literature production; and encourage cooperative efforts with other churches. Dr. Wilbanks spoke at the Sunday morning service at the First United Methodist Church. The members of the church that are planning to go to Haiti will leave October 2.

Guests were Mrs. Bill Franklin, Tosh's mother; Mr. and Mrs. Wayne Ware, Jimmy and Wayne, Jr.; Renee' Tosh; Brian Rudd; Sid Killingsworth; Kevin Harris; Karen and April Franklin; and Mrs. Terry Tosh and son Terry, Jr.

Decorations of green and white streamers and colored balloons added to the festivities. A chocolate cake with green icing and a hunting scene was served with lime sherbert and gingerale punch.

RECIPE

By Sarah Ann Sheridan
Grandmothers of yesterday used to always have a square of gingerbread for the grandchildren. Today tempt your family with this old favorite recipe.

Spicy Gingerbread

- 2 1/2 c sifted regular all-purpose flour
- 1 1/2 t baking soda
- 1/2 t ground cloves
- 1 t cinnamon
- 1 t ginger
- 3/4 t salt
- 1/2 c shortening
- 1/2 c granulated sugar
- 1 medium egg, unbeaten
- 1 c molasses
- 1 c hot water

Preheat oven to 350 degrees. Grease, then line with waxed paper, bottom of 9 inch by 9 inch by 2 inch pan. Sift flour, soda, cloves, cinnamon, ginger, salt.

In large bowl, with electric mixer at medium speed, mix shortening with sugar, then with egg until very light and fluffy-about 4 minutes altogether; beat in molasses. At low speed, beat in alternately, just until smooth, flour mixture in fourths and hot water in thirds. Turn into pan. Bake 50 to 55 minutes or until cake tester inserted in center of cake comes out clean.

To cool cake, set pan on rack 10 to 15 minutes. Loosen cake with spatula; place another rack on top. Invert and lift off pan. Cool completely then cut into squares. Serve plain or with ice cream, a ready-prepared whipped cream or fruit.

Bogard, Rhodes Reunion Held

A joint family reunion of the Charles Bogard and the W.M. (Dusty) Rhodes families, was held Sunday, August 6, at the Patchings Memorial Club House in Clarendon, Texas. This is the first family reunion for the Bogard family.

There were fifteen children born to the late Charles Felix Bogard and Tulula (Burton) Bogard. They moved from Tenaha, Texas to Dodley County in 1906 and settled in the Sunnyview community on a farm, later moving into Clarendon.

Seven children are now living, only five were able to be present. They were Blanche Smith, and Mr. and Mrs. Roy Blackman of Clarendon, Lena Pettit and Eva Peabody from McLean and Mr. and Mrs. Tom Bogard of Bula. The children that were unable to attend were Lela Hammer of Houston and Mellie Childs of Tenaha.

There were sixteen grandchildren, fourteen great-grandchildren, and eight great-great-grandchildren present.

Other family members attending were Mr. and Mrs. Emmitt Bowers of Abilene; Mrs. Pennie Ray Nail, Mrs. Bessie Gill and Mrs. Ruth Byars all of Houston; Mr. and Mrs. Benford Parker, Tenaha, Mrs. Darrell Johnson and Mrs. Mary Lee Browning of Carthage; Mrs. Laverne Carter, Mr. and Mrs. Don Trew, Dean, Jamie, Judy and Jill, all from McLean; Bill Bogard, Mr. and Mrs. Charles Bogard, San and Page, and Mrs. Ila Pettit, all of Amarillo; Mrs. Bill Blackman, Mr. and Mrs. Gilbert White, Matt and Corey all from Fritch; Mr. and Mrs. Monte Kreis, Whitedeer; Mr. and Mrs. Gary Pettit, Goodnight; Mr. and Mrs. Jake Bo-

gard, Brad and Shell, Charlie; Dusty Bogard, Bula; Mrs. Tommie Gaston and Mr. and Mrs. Delbert Roberts, Rance and Kendon, from Junction; Mr. and Mrs. Ray Kennison, Kim and Dusty, Olton; Mr. and Mrs. John Knopp and Regina and Mrs. Connie Robinson, Tish and D'Lich, all of Clarendon.

The late W.M. (Dusty) Rhodes moved into McLean, Texas to make their home after Rhodes retired from the R.O. Ranch in 1945.

Four children were born to them. Two are deceased, Avis and Sims Rhodes. Mrs. Tom Bogard of Bula was the only member of the immediate family to be present. Her brother, Andy Rhodes of Spearman was unable to attend due to illness.

Other members of the Rhodes family present were Mrs. Modena Rhodes, Floydada; Mrs. Roselee Thornberry, Clarendon; Jackie Rhodes, Dallas; and Mr. and Mrs. Donny Houser from Canadian and Mr. and Mrs. Tom Bogard's children, Dusty of Bula; Jake of

Charlie; Barbara of Olton and Tommie and Opal of Junction.

Several friends were in attendance: Jan Champion, Dallas; Mrs. Dossie Webb, Floydada; Mr. and Mrs. Bob Williams and Mr. and Mrs. Glenn Adkins, Clarendon; Lee Ann Pharris, Charlie; and Coach Jones from McLean, Texas.

The group of 71, enjoyed a lunch spread at the noon hour, lots of reminiscing of family stories, singing, reading letters from family members not present and visiting.

Epsilon Delta Chapter Met

The Epsilon Delta Chapter of E.S.A. met Tuesday, August 8 for a called meeting in the home of Pat Young, president.

A bake sale was discussed and plans were made for the fall rush.

Members attending were Sherry Barrett, Jo Blackwell, Virginia Bowers, Jan Crawford, Terri Douglas, Beverly Kimbrough, Magann Rennels, Kay Swint, and Pat Young.

Letters To The Editor

Dear Editor:

There has been a meeting with the Commissioners to discuss right of way for the proposed new road connecting Farm Road 54 to Farm Road 298 or from the Bula Community to the Circle Back Community. There will be full cooperation from this group on the right of way if the east road is chosen (north from Bula). We will cooperate on the west road (south from Circle Back) only if one of the following conditions is met:

1. A fair and impartial jury decides the west road is the most feasible.
2. A majority of the people directly concerned prefer the west road.

Actually from a common sense standpoint only the east road deserves consideration. It is the only one now in use from end to end, we believe it is preferred by a majority of the people directly concerned and will have the most reasonable cost of construction.

Failure to meet either of these conditions will result in withholding right of way on a large segment of the west road. According to counsel this can easily and cheaply be done for about two years. We do not believe the state will hold up this long to build a farm road.

We would also suggest to any supporters of the west road that would prefer the east road to no road at all, let Commissioner Moraw know about it.

Soil, Water Meet August 22

Carl Spencer, executive director of the Texas State Soil and Water Conservation Board will be the principal speaker at the South Plains Association of Soil and Water Conservation District's meeting, announced R.H. Farris, Jr., president of the organization.

The meeting will be held August 22, in Paducah at the paducah Country Club. Registration will begin at 10 a.m. with the meeting to start at 10:30 a.m. Spencer is expected to address the group on the status of current soil and water conservation district programs relative to their involvement in the Federal Clean Water Act as it

applies to agriculture and silviculture, the Great Plains Conservation Program, the watershed program and the Resources Conservation Act of 1977. Other items of interest to SWCD directors will include discussions on the annual state meeting of soil and water conservation district directors which is scheduled for October 17-19 in Corpus Christi.

Though Spencer assumed the executive directorship of the TSSWCB in Jan., 1978, he worked for the agency on two previous occasions. He was planning engineer for the TSSWCB for four years and later served as execu-

tive director of the agency for seven years.

Prior to heading the TSSWCB in Jan., Spencer served as vice president, executive vice president, president and director of

the Huntsville National Bank.

Twenty-one soil and water conservation districts are members of the South Plains Association of SWCD's. They include: Floyd County, Rio Blanco, Lubbock Co., Blackwater

Valley, Upper Colorado, Lynn Co., King-Stonewall, Dawson Co., Hockley Co., Lamb Co., Hale Co., Cochran, Yoakum, Terry, Duck Creek, Garza, Foard Co., Lower Pease, Cottle Co., Upper Pease and Gaines Co.

Senator Discusses Health Planning Act

Senator John Tower (R-Tex) expressed mixed reaction to Senate passage Thursday of the Health Planning Act Amendments of 1978, although the approved measure contained five amendments offered by the senior Texas senator which did much to improve the Act.

"I am pleased with the adoption of my amendments which go a long way in removing many of the potentially onerous aspects of P.L. 93-641. The original Act too often destroyed local initiative and flexibility in health planning. It is time for the planning law to move more in the direction of responding to our citizens' needs by limiting federal power and shifting more of the authority and responsibility for health planning back to the local community. I am very disappointed, however, that the

Senate has seen fit to expand federal bureaucratic control over individual physicians," Tower stated.

Tower said the provision in the bill which would require physicians to submit so-called Certificate of Need applications when desiring to purchase major items of equipment, or other significant improvements, was an unwarranted intrusion on the rights of physicians to determine the best way to conduct their practice.

Tower has long been an outspoken critic to another provision in the law which resulted in the issuance of National Health Planning Guidelines by the Department of HEW in September 1977. Tower called the Guidelines an attempt to usurp local and state control over health care planning decisions and

reinvest the power in a federally controlled regulatory network. The first of his five amendments approved by the Senate removes the inflexible language that mandates the National Health Planning Guidelines be considered obligatory standards rather than as desired targets.

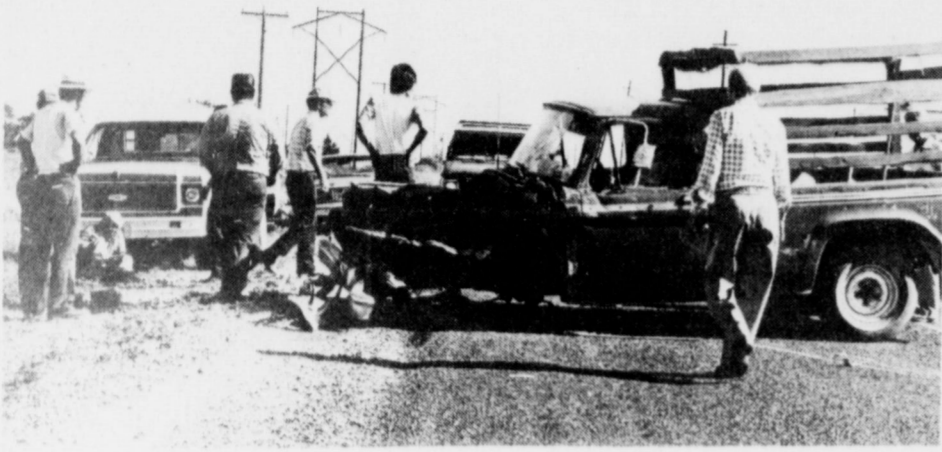

"I do not believe the Congress national standards. Although mandatory or to be inflexible specific benchmarks, targets, or objectives are worthwhile, the determination of such benchmarks must be left to the local area which has the understanding of local resources and needs," Tower said.

Tower's other amendments would: prevent the veto of a Certificate of Need application by failure of the reviewing agency to act on it within the 90 day period provided; eliminate the 10 percent bounty incentive payment to Health Service Agencies for any hospital facility or service discontinuance in their areas; and provide a

statutory due process approach, to the renewal or termination of Health Service Agencies and State Health Planning Agencies by requiring consultation with state officials and holding of

public hearings.

"Approval of these amendments," Tower said, "greatly improves the Act, and reaffirms the Congressional commitment to restore the local emphasis to health planning."

Bush Asks Approval To Lower Capital Gains

George Bush, candidate for the Congressional seat being vacated by George Mahon, Tuesday told a Midland gathering of realtors that Congress should approve a reduction in the capital gains tax as outlined in the Steiger amendment now before Congress.

"Anyone selling a home, property, stocks or other assets is hit hard by the tax," said Bush. The current tax system is not encouraging persons to invest. It is discouraging the formation of capital."

Bush pointed out that the private sector is being limited in its growth and individuals are not getting ahead because of inflation.

"It is the duty of Congress to find a way to ease rising inflation and soften the impact of higher social security taxes that will soon go into effect," said Bush.

He called for Congressional approval of a measure sponsored by Wisconsin Congressman, Bill Steiger, that would set a single ceiling of 25 percent on the capital gains tax.

Capital gains are the profits from the sale of stock, real estate or other assets which have been held for a year or longer.

The proposal would cut almost in half the current capital gains tax in most brackets.

Bush illustrated the impact of the tax cut by showing how a couple in their late 50's, with an income of \$50,000, who decide to sell their home and move into an apartment, would benefit from the proposed reduction.

"Assuming long term capital gains of \$100,000, the present tax would be \$48,283. Under the Steiger plan, the tax bite would shrink by \$6,403. The tax would be \$41,880," said Bush.

"As it is now, a couple who have worked and invested in their home could see any possible retirement fund dwindle away," said Bush.

Congress is scheduled to take up tax cutting proposals this week. The measure before lawmakers includes a provision that would reduce capital gain taxes, but not to the extent of the Steiger amendment.

"Congress must restructure the entire capital gains tax system to its fullest possible means, not handle just a portion of the problem."

"The watered down tax measure before the House and backed by the Congressional leadership is inadequate and will not provide the full incentives possible under the Steiger proposal," said Bush.

Grain Sorghum Team Reports On Markets

The potential market for grain sorghum in Southeast Asia is great but cultivating that market will necessitate a strong well-coordinated educational program. This is the opinion of a grain sorghum promotional team just returning from 2 weeks of meetings with grain buyers in that area.

The group, sponsored by U.S. Feed Grains Council and led by Elbert Harp, Grain Sorghum Producers Association's executive director, held seminars and meetings with grain buyers in Hong Kong, Taiwan, Malaysia, the Philippines and Korea.

Accompanying Harp were John Brethour, livestock nutritionist of Kansas Agricultural Experiment Station and Dr. Lloyd Rooney, cereal chemist and nutritionist of Texas A&M University.

The goal of the mission was to explain the tremendous difference between U.S. #2 yellow sorghum and the high tannin varieties of sorghum grown and sold by other countries. An important part of each meeting was the demonstration of a simple bleach test that can be used "on the spot" to distinguish high tannin sorghums from U.S. #2 yellow.

Feed manufacturers in Asia have resisted the use of grain sorghum because of their unsuccessful experience with the high tannin varieties, many of which are grown in that region. They expressed surprise at being shown the greater nutritional value and palatability in U.S. sorghum.

"These buyers are looking for a bargain in feed grains," Harp stated. "They are interested in grain sorghum and are eager for more information about it, but it will take more than these seminars to convince them."

"They want to see demonstrations in their own countries under local conditions. This type of research demonstration has proved successful in Europe and this mission confirms that the potential is just as great in Asia."

"The market is there," concluded Harp, "but the buyers expect us to prove our product to them. It is up to the producers, through their organizations, to provide this proof. No one else will do it."

EARLY ACCIDENT...Two young men were treated for injuries from an early morning accident last Saturday. John C. overseas markets and the Agriculture Department has failed in the overseas markets.

Speaking for the candidate, Senator Price said, "I feel we are very fortunate in having a man like George Bush running for Congress. We should all realize we are fortunate that he was willing to come out on the campaign trail and has the integrity and good business sense he has, and who is young and could represent us a long time.

"It concerns me," said the Senator, "that more people are not here or at the other meetings we have attended to meet the people who will be spending their money.

"I feel that people should take part in the total political process, whether it is on the local, state or national political level."

Price likened the United States at this time to England in 1965, headed for more and more federal controls. He said past elections have proven that American people have lost

interest and concern in voting and the issues facing them.

Some of the issues he mentioned included the Gun Control Law. Right to Work law and cuts in defense spending.

Price explained that through a special session of the Texas legislature that cost \$330,000, more than a billion dollars in tax cuts were approved.

Getting a tax break in the session were older people, farmers and persons on fixed income, explained Price.

Coordinating the meeting Saturday in Muleshoe were Dr. and Mrs. Jerry Gregory, Bush's county co-chairmen.

Attending the meeting with Bush and Price were Mrs. Bush, Neil Bush and Ed Upshaw, campaign worker.

Budget...

Cont'd from page 1

\$1,972,768 for salaries, debt service, transportation and utilities, estimated at \$85,690, would only leave \$258,633 or ten percent of the budget for all other school expense. Included in other expense will be plant maintenance; insurance, instruction and maintenance supplies; administration; libraries; health services; guidance and counseling; co-curricular activities, instructional resources and media and all other educational costs.

According to the predicted 1,560 ADA (Average Daily Attendance) this will make the cost per pupil for the ensuing year \$1,450.70 with \$1,284.22 of this amount coming from state and local funds.

Also during the meeting, new school personnel were hired. They include Stephen R. Johnson, Title I Migrant Tutor for High School. He is a graduate of Kaufman High School and has a BA degree from Texas Tech University.

Mrs. Stan (Patricia) Black will be high school English teacher. She is a graduate of Muleshoe High School and Texas Tech University and taught last year at Nazareth.

Graydon L. Eiland will be high school biology teacher and assistant coach. He graduated from Hereford High School and is a graduate of Hardin-Simmons University. He has taught nine years and comes to Muleshoe from Albany.

Mrs. Judy Ruth Eiland will be a third grade teacher at Mary DeShazo Elementary. She is a graduate of Merkel High School and received her degree at Hardin-Simmons. She has six years teaching experience.

Mrs. Phyllis Kay Woods will be Title I Migrant Tutor at Junior High School. She is a graduate of Monterey High School at Lubbock and Texas Tech University. She has eight years teaching experience and comes to Muleshoe from Bovina.

Mrs. Steve Taylor will be secretary to the junior high school principal. She is a graduate of Angelo Business College with a degree in Business education.

Mrs. Peggy Burnett will be third grade teacher at Mary DeShazo Elementary. She is a graduate of Texico High School and Eastern New Mexico University. She previously taught at Muleshoe for four years and taught last year at Gaston, Ga.

Mrs. Donna Kay Mayberry will be fifth grade teacher at Mary DeShazo Elementary. She graduated at Port Lavaca and Southwest Texas State University at San Marcos. She taught the last two years for the Ector County I.S.D.

Mrs. Jana Wartes will teach second grade at Richland Hills Primary.

She is a graduate of Canyon High School and West Texas State University. She has four years teaching experience and comes to Muleshoe from Hereford.

Resignations include Mrs. Billie Carlyle, who was a second grade teacher at Richland Hills Primary Schools. She accepted a position in the Farwell Schools.

Also resigning was Coach Raymond Schroeder who accepted a position in the Hereford Schools. His wife, Mrs. Janet Schroeder, also resigned from Mary DeShazo Elementary School for the move to Hereford.

The school board approved the continuing use of the vending machines on all school campuses, provided that the changes from last year would still be in effect this year.

Approved was a two year contract with McCreary and Huey to collect delinquent taxes and a change on the Bailey County Live Stock Show from February 2, to January 26.

Financial reports were heard on all school funds and summer maintenance projects were discussed.

Aides employed included Margaret Alarcon, Cordy Aguirre, Olga Chavez, Mrs. Dorothy Hanes, Janie Hughes, Frances Perez, Diane Skipworth and Christene Gonzales.

Also Englandina Gonzalez, Toni Eagle, Frances Minckler, Olga Perez, Janie Balderas, Mary Nell Bleeker, Ann Oylar, Matilda Reyna, Mary Frances Perez and Lois M. Washington.

Morton getting a good program off the ground.

The athletic director reminded that Morton was much improved by the end of last season, and Muleshoe only beat Morton by one point. "Morton may help decide the district winner," he affirmed.

Wartes predicted a very close race for the district championship this year, but said that following the first two days of two-a-day practices, predicted that Muleshoe will definitely be in the contention for district honors.

Two scrimmages are coming up for the team. The first will be Petersburg at Petersburg on Friday, August 25, with the younger players starting at 4:30, with the varsity scrimmage expected around 6:30-7 p.m. On Friday, September 1, Lockney will scrimmage in Muleshoe, with action getting underway at 5 p.m. for the younger players, followed by the varsity around 7 p.m.

"They're going to give the townspeople and town everything they've got," said the athletic director, "and all the coaching staff sincerely hopes the townspeople will stay with our team."

The 19 returning senior lettermen include Charles Briscoe, Brent Burrows, Doug Cowan, Mike Dale, David Dominguez, Mark Harmon, Keith Hawkins, Lary Hooten, Dan McVicker, Abel Ontiveroz, Dave Poynor, Clayton Ramm, Terry Shafer, Wade Wilson, Jeep Shanks, Gaylan Strahan, Dickie Sudduth, Steve Turner, George Villarreal.

There are five returning juniors, including, Terry Burton, Mike Northcutt, Ruben Orozco, Zeke Pecina and Sam Whalin.

Bush Names Gregory Duo Co-Chairmen

George Bush, candidate for the Congressional seat being vacated by George Mahon, announced the appointment of Dr. and Mrs. Jerry Gregory of Muleshoe as co-chairmen for the Bailey County George Bush for Congress Committee.

Dr. Gregory is a general practitioner in Muleshoe. He graduated from Howard Payne University, completed his pre-med work at Texas Tech and received a degree in Osteopathy from Kansas City School of Osteopathy and Surgery.

He is active in the Optimist Club. Both Dr. and Mrs. Gregory are active in the Methodist Church.

Mrs. Gregory is a graduate of West Texas State University. She is a member of Epsilon Sigma Alpha.

In naming the Gregorys to the post, Bush said, "I'm extremely proud that

New Secretary For HPUWCD

Clayton Williamson, city manager of Bovina, will become the new County Secretary in Parmer County for the High Plains Underground Water Conservation District No. 1, effective August 21, according to an announcement made Tuesday.

He will be at the Bovina City Hall at 323 North Street, from 8 a.m. to 5 p.m. Monday through Friday. The phone number is 238-1116.

All business pertaining to well permits, or other such activities, will be handled at the new office in Bovina, according to Webb Gober, president of the Board of Directors.

SHREDDED TIRE...This shredded tire and wheel were 1.3 miles from where a pickup, being driven on a hub, veered across a highway and hit headon with a pickup driven by Aleck Shafer, 17. The accident occurred around 9:45 a.m. Saturday.

Jerry and Charlene have agreed to head up our Bailey County Committee. Their confidence, hard work and enthusiasm will provide an unbeatable, quality organization throughout the county."

In accepting the chairmanship, Dr. Gregory said, "George Bush has shown me he can represent West Texans in Washington. He under-

stands problems facing West Texas and will not have to answer to the White House or the Democratic leadership in Congress. He can provide us with the leadership West Texans need."

Getting along amicably in life is largely a problem of getting along with people just about as good as you are.

ATTENTION HORSE PEOPLE

Your cooperation is needed. Am in the process of trying to get a County Horse Show organized. It will be for Bailey County residents. All types of horses, from shettland ponies to draft horses, broodmares to using horses will be eligible. Halter classes and performance classes. Trophies will be awarded and the secretary has already been hired. All we need is the high sign from you the horse minded public. If you would like to see this in our County, or if you don't think it would go, please take a minute to clip this ad and return it to the Muleshoe Journal, Box 449, Muleshoe, Texas 79347. You may mark the convenient box below and if you have any remarks they would be greatly appreciated. Please mark the outside of the envelope "jo".

PRACTICING...It's that time of the year again. Football fans are getting ready to follow the practice and games of the Muleshoe Mules for another year. Two-A-Days started Monday for all prospective football players in high school. More than 85 boys started the season for junior varsity and varsity play.

**On Wall Street
By Bob Hill**

Federal Reserve Board Chairman G. William Miller has had an uphill battle with his fellow governors over which way interest rates should go. Miller has been a proponent of lower interest rates. The majority of governors on the Fed have been staunch proponents of higher interest rates as a tool to slow down inflation. The question is: are higher interest rates slowing down the inflation rate?

There are two schools of thought. The most conservative approach to curbing our inflation ills calls for much higher interest rates. The opposing view maintains that holding interest rates at too high a level for too long will cause the economy to "flip" and go into a major recession.

Thus far the higher interest rates do not seem to have had the desired effect. Our inflation rate is still headed higher and there seems to be no way of stopping it, short of going into a sharp recession or even a depression. Both of those alternatives are politically unattractive, even impossible.

The Federal Reserve Board has always followed a tradition of harmony so board members have been upset with all the publicity about dissension and bickering. The need for unity in the Fed is even more important at this time because of the confusion in the Carter Administration and the opinions of leaders of foreign governments that the U.S. just can not seem to get it together.

The strength of the economy has been a blessing to the Fed. Despite sharply higher interest

rates which have caused mortgage loan rates to hit 10 percent, the housing industry continues to boom. Savings flow has held up better than expected and the Administration leaders have withheld any loud criticism of the Fed up until now.

There is no question that Miller is the dominant personality on the Fed. Although there is plenty of opposing viewpoints to his monetary philosophy, the opposition has no real leader and the very nature of the Fed makes it unlikely that one will appear.

Highway Use Tax Return To Be Filed

Most owners of large truck, truck-tractors, or buses are required to file a Federal Highway Use Tax Return, Form 2290, by August 31.

The tax generally applies to single unit trucks weighing 13 thousand pounds or more, to 2-axled truck-tractors weighing 5,500 pounds or more, to three or more axled truck-tractors regardless of weight, to trucks of 9,000 pounds or more equipped for use in combinations, and to buses with a gross weight of more than 26,000 pounds, the Internal Revenue Service said.

Revenue from the Highway Use Tax Program assists states in financing the Interstate Highway System; but the tax is imposed on those vehicles using any public highways, city streets, state roads, and interstate roadways.

The tax year for the Highway Use Tax begins July 1 and runs through the following June 30. For vehicles placed in service after July, Forms 2290 must be filed with the IRS Service Center by the last day of the month following the month a vehicle is used on a public highway for the first time, the IRS added.

Form 2290 and further information on the proper filing of the Federal Highway Use Tax returns can be obtained free at local IRS offices. A handy reference is the free IRS Publication 349, "Federal Highway Use Tax on Trucks, Truck-Tractors, and Buses."

Jimmy Carter, President: "While some material must be classified, the government classifies too much information, classifies it too highly, and for too long."

Texas Joins Others States In Venture

Attorney General John Hill said today Texas is one of 12 states participating in an agricultural grain marketing conference called by the Kansas legislature to investigate the possibility of forming an interstate compact of grain producing states.

Hill sent a representative to the initial meeting last month. A second meeting will be held in Topeka in October.

"Texas was one of 12 states represented at this conference to explore the problems in grain marketing practices," Hill said. "My representative, who was the only Texas at the meeting,

reported to me that the conference is exploring the possibility of joining the grain-producing states together in an interstate compact to give the states additional powers to solve grain marketing problems.

"The participants in the meeting expressed concern that their chances of relief from Congress do not appear good, and that individual states are powerless to address these marketing problems which extend across a number of states.

"The early discussions centered on transportation problems, such as railroad freight car shortages, and inspection re-

gulations, which have sometimes proved inadequate to maintain a high reputation for American grain in the world market.

"There also is strong resentment against the speculation in the futures market, and a feeling that farmers should be able to create a mechanism to allow them to set an asking price for their crops in order to combat the effects of futures speculation.

"I will continue to take part in these very important discussions on behalf of the grain farmers of Texas."

Consumer Food News

Best buys at Texas grocery markets this week include eggs, bananas, some fresh vegetables, store "features" and dry milk products.

Also, fryer chicken features offer low-cost meat choices, according to Mrs. Gwendolyn Clyatt, a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends are the following:

FRESH FRUIT
Along with bananas, watermelons have reasonable prices. Peaches have moderate prices. Lower prices appear on Thompson seedless grapes and nectarines.

FRESH VEGETABLES
Most economical choices are carrots, cabbage, corn, cucumbers, squash and dry yellow onions. Onions from the Texas
