From the N. O. Republican, The Cutrages in Grant Parish.

SAN ANTONIO, TEXAS, SATURDAY, NOVEMBER 22 1873.

Additional particulars have been received which fasten the Lacour outrage in Grant parish, upon one "Hamp" Henderson, a former slave, and of late years the confidential agent, toreman, friend and associate of Tom, Peter, John and Denny Hickman, who own a plantation a bout twelve miles below Colfax, on the river bank. These brothers have been known for years as bad characters, and the colored man from his intimate association with them has become permented with their peculiarities. He is known to all the neighbors around as a desperado, a wicked, dangerous man

POLITICAL NOTES.

JUDGE COKE made his speech at Houston, on Wednesday night. We have a report of it in the Galveston News. It is astonishing that we have candidates running for the highest offices in the State uttering such sentiments at this late day. He contended that the power of the people had been ignored in the reconstruction acts, and said that the power of the people, "once lost, was ever recovered but by blood." Judge Coke is one of the men who will never be satisfied again in the Union He will never torgive it for preserving itself against bis efforts to destroy it. If calamity and disruption do not fall upon it, it will not be his fault. We do not believe there is a party in any State in the Union, unless in Texas, strong enough to hold together under such speeches as Judge Coke is making: There would be a falling away. There would be some not prepared to plunge blind into another dark aby ss of revolution. If
