SITE WORK STARTS... DePauw Construction Company of Amarillo is doing site work at the new Southwestern Public Service Company's multi-million dollar electrical generating plant site east of Muleshoe. DePauw is working on a parking area for construction workers. Local men working with DePauw in the initial phases of construction include Dan Vinson, Bobby Grumbles and Carlos Contreras, all of Muleshoe. W.R. Effer, a vice president of Southwestern Public Service Company told the Journal Tuesday afternoon, "A contract [for construction] has not been signed as yet, but study and details are being worked out. We expect the contract to be signed in the near future."

Muleshoe Sales Up By 16 Percent This Year

Muleshoe was among the 903 Texas cities who received a portion of the record \$236.4 million in

sales tax revenues during the 1978 fiscal year, a 14.8 percent increase over the previous budget year.

According to figures released by State Comptroller Bob Bullock, Muleshoe reflects a 16 percent increase over the same period last year.

Seventeen-year old Aleck Shafer, son of Mr. and Mrs. James (Sonny) Shafer, is still in intensive care in Methodist Hospital in Lubbock. He was injured in an accident near Muleshoe on Saturday, August 12.

Family members report that Shafer is no longer on the respirator, but has not regained consciousness.

A forty-one clock hour course in Nursing Aide Procedure for persons over 18 years of age will be from today (Thursday) through September 6. Classes will meet Monday through Friday at 5 p.m. at West Plains Medical Center in Muleshoe.

The course costs \$38 and enrollment is limited to 12 students. Instructor will be Ms. Linda Bullock, RN.

Muleshoe Junior High School Coach Ronnie Jones said physicals for all seventh and eighth grade boys and girls who have not already had physicals will be at 2 p.m. Sunday, August 27, in the Muleshoe High School gym.

All boys and girls from Junior High School who plan to be involved in sports are required to have the physicals, he reminded.

Randy Lynn Gregory was listed among the 835 University of Texas engineering students who has been recognized as an honor student for the 1978 Spring Semester by Dean Ernest F. Gloyna of the College of Engineering.

Mrs. Gary Goodin of Hereford and Mrs. Roy Wrinkle were in Midland and Odessa over the weekend to attend the wedding of Beth Helburn and Leslie Littlejohn in St. Mary's Catholic Church, Saturday, August 19, in Odessa. Miss Helburn taught in Muleshoe High School during the school term of 1976-77. Mrs. Goodin, formerly of Muleshoe, was a bridesmatron in the wedding. After the wedding

Bullock's figures show that Muleshoe received a check for \$7,352.69 at the end of July of this year, a \$2,553.74 increase over the \$4,798.95 received at the same time last year.

He said Muleshoe's payments to date for this year were \$79,878.28 and last year at the same time, the payments were \$68,577.51.

Morton only showed a three percent increase during the year, with \$23,400.

Church School At Lazbuddie Starts Monday

Classes will begin at Calvary Christian Schools at Lazbuddie on Monday, August 28 at 8:30 a.m. Coordinators of the school said they expect an enrollment of 25-30 students on opening date.

Parent orientation will be Saturday, August 26 from 8:30-3, where parents will become fully acquainted with Learning Center procedures.

A parent-teacher fellowship is scheduled for Monday, August 28, at 8 p.m.

21 received to date in 1978, and \$22,701.26 received at the end of July last year. Littlefield, with checks totaling \$112,234.86, was up seven percent over last year's \$104,669.37. They noted only a slight increase for July, with a 1978 payment of \$8,814.61 and a 1977 payment of \$7,995.95.

At the same time, Olton decreased by three percent showing a total for 1977 of \$22,483.16 and in 1978 the loss to \$21,675.75. Their July 1978 check increased to \$1,770.99 slightly more than the \$1,213.86 received at the same time last year.

Sudan received checks of \$4,282.46 in 1977 and their 1978 payments to date were \$5,659.21.

At Bovina, sales tax figures were down, with that city receiving a check for \$806.43 in July this year and \$623.58 at the same time last year. However, for the year, Bovina was down by five percent with a figure of \$9,582.35 for 1977 payments to date, compared to \$9,092.67 for 1978 payments to date.

Dimmitt had a whopping fifteen percent loss in sales during the past year. At the end of July in 1977, Dimmitt had received sales tax checks for \$84,713.10, but this figure had dropped to \$71,368.30 for the same period of time this year. July sales tax checks returned to Dimmitt for July of 1978 were \$4,592.03, compared to \$6,

343.35 at this time last year.

Earth also showed a three percent increase in sales tax checks during the last year. Their sales tax checks to date in 1978 were \$10,618.66, compared to the \$10,288.81 at the same time last year.

During the past year, Friona had a three percent increase in sales tax with \$37,136.06 received up until July, 1977, compared to \$38,590.36 at the end of July this year. They showed a drop in sales tax for the month of July between 1977 and 1978. In July, 1977, Friona received a check of \$4,041.94, compared to \$3,625.09 for July, 1978.

Police Chief Started Duties Last Monday

L.J. (Johnny) Richards, a former detective sergeant in Terrell, started his duty as the new police chief in Muleshoe Monday. He has 10 years experience as a law enforcement officer and has several law enforcement degrees, and extensive police training.

The new chief explained that he does not expect to be a uniformed officer and will greet the citizens of this area dressed in civilian clothing. He said he believes his first obligation is to leadership and administration.

Chief Richards said he will maintain an open door policy at the police department at all times. He said his family will be moving here from Campbell in the near future. His wife, Rebecca, has been an employee of Southwestern Bell for 15 years and raises seeing eye dogs. He has two daughters, Johnette, 16, a junior; and Janie, 15, a sophomore in high school; and two sons, Ritchie, 12, a seventh grader and Jeffrey, 11, in the sixth grade.

The chief said his children have been attending a Class 'B' school at Campbell. At the present time, he anticipates no great changes in the operation of the Muleshoe Police Department, especially until he has time to get started and study the department in depth.

Mules Face Tough Fall Competition

Take a liberal helping of character; add a double handful of quickness and mix with desire. What do you have, especially when you balance this with an apparently outstanding staff of coaches. This is the basis for the 1978 Muleshoe Mules.

Candidate To Visit Here This Friday

Tuesday night at the

With fall elections in the near future, candidates are preparing to hit the campaign trail.

Congressman Bob Krueger will be visiting Muleshoe Friday morning, August 25, 1978 for a visit and will see as many people as possible.

He will arrive at the courthouse at 8:45 a.m. and will plan to visit a number of business places. He will be accompanied by two staff assistants. And local supporters will escort him around town.

Congressman Krueger is running for the Senate Seat currently occupied by Senator John Tower. Pollsters Pat Caddell and John Henson recently released polls which show they are running an astoundingly close race. There is, therefore, a very strong possibility that Bob Krueger will be the next United States Senator. So this will be a splendid opportunity to get acquainted, visit, and ask him some questions.

"He will visit the Courthouse, Law Enforcement Center, both banks, the Corral and Dinner Bell Restaurants. The public is urged to come out and see him."

"Krueger is expected to be in town about 45 min."

Immunization Needed Prior To Enrollment

Neal B. Dillman, superintendent of the Muleshoe Schools, said this week that this year schools will be checking immunization records closely, because the Texas Board of Health recently changed requirements for measles immunizations in child-care facilities and schools.

Those immunizations required by the new federal and state guidelines for a 4-8 year old child's admission to school include (1) three doses of diphtheria-pertussis (whooping cough)-tetanus vaccine, and at least one dose being given since the fourth birthday; (2) three doses of Savin polio vaccine, with at least one dose being given since the fourth birthday; and (3) immunization against measles and rubella (German measles) received during or after the month of the first birthday.

Beginning September 1, 1979, mumps vaccine will be required for all students through seven years of age.

New Homes Presently Under Construction

Following a slow pace for the last few years, residential construction is suddenly on the upswing throughout Muleshoe. At the present time, several new homes have recently been completed in the city and seven are under construction.

Apparently taking a long look at Muleshoe's future, the new homes are being built predominantly in the Richland Hills and Country Club Additions, with preparations still underway in the new Park Ridge Addition. New homes are also being constructed West Avenue J and West Ave. K.

E.T. Ford has recently completed one home in the Country Club Addition and is in the process of building another at 906 Juniper. New paved streets are opening up that area.

In Richland Hills, new homes are underway by J and R Construction at 707 West Ave. J and 703 West Avenue J. They recently completed one home at 704 West Avenue K.

Builder Elbert Hamilton has completed new homes at 1911 West Avenue D and 1013 West Avenue D and is presently building a new home at 1716 West Avenue H.

On West Avenue I, Si Stockard is constructing two new homes for Bill Loyd. One is located at 1808 West Avenue I and the other at 1810 West Avenue I. Stockard also has another home under construction for Loyd at 1924 West Avenue E.

All the new homes recently completed or in various stages of construction range from \$28,000 to \$48,000 according to permits received by builders.

Joe Ellis, city employee, who makes inspections and issues permits, said Tuesday morning that although there are still a few vacant lots along West Avenue I, most of the lots in the Richland Hills Addition have now been occupied by new homes.

As Richland Hills Addition fills with new homes, the new Park Ridge Addition has been getting curb and gutter in preparation of paving for several streets; water and sewer lines have been installed,

along with underground electrical and telephone cables.

Fire plugs are in place, and clearing home sites has started. No actual construction of homes is

Overweight Mail Costs Less Postage

Many customers mailing heavy envelopes are not aware that postage is not 13 cents for each additional over one ounce, Postmaster Tom Lobaugh said Tuesday.

Spot checks of large envelopes deposited in the Muleshoe Post Office indicate that families are often using two or more 15 cent stamps in mailing items weighing over one ounce, the Postmaster said he found.

Postal rates effective May 29 call for 15 cents for one ounce or less and 13 cents for each additional ounce through 12 ounces.

Because many families have a surplus of 13 cent stamps on hand, Postmaster Lobaugh suggests that in addition to matching them with two-cent stamps, they may be used for mailing large envelopes or small packages weighing more than one ounce. Also, 13 cent stamps are still available at the Post Office.

Beyond 12 ounces, First Class Mail is called Priority Mail. Packages weighing up to 70 pounds can be mailed.

Priority Mail rates for a five pound package range from \$2.72 for distances of up to 300 miles, to \$4.83 to the most distant cities.

For detailed rate information, customers can call the Post Office at 272-3033, concluded the Postmaster.

PRACTICE TIME, HITTING HARD... While several teammates look on, two Muleshoe colts collide, on order from the coaches, with two-a-days well underway prior to the 1978 football season. Tomorrow night, Friday, the Muleshoe will scrimmage Petersburg, at Petersburg. The varsity Muleshoe are expected to see action around 7 p.m. after the younger teams scrimmage.

Cattlemen Facing Group Losses

Texas cattlemen have lost cattle valued at more than a quarter of a million dollars from prussic acid poisoning caused by drought conditions, reports the Texas Veterinary Medical Association.

"Cattle owners throughout the state need to be alert to the possibilities of prussic acid poisoning," commented Dr. John Reagor, head diagnostic toxicologist at the Texas Veterinary Medical Diagnostic Laboratory at Texas A&M

University. "We've seen cases in Navasota, Pleasanton, San Angelo, Decatur, Burnet, and Ballinger, just to mention a few," he continued, "so it's a wide spread problem."

Grazing drought-stressed pastures of Johnson grass, sudan grasses or common sorghums offer the possibilities of prussic acid poisoning, a type of cyanide.

Onset of the disease is very rapid with bloating and staggering often occurring within 15 minutes from the time cattle begin to graze on stressed plants. Death occurs shortly thereafter unless immediate treatment is begun. "A rancher called me last week reporting ten cows down," commented Bur-

son veterinarian Dr. Harold Putnam. "I got there within 15 minutes and was able to save seven of the ten but he lost a \$2,500 investment within 30 minutes time." Reagor warned cattlemen to beware of grazing herds on milo fields that did not "make" due to drought conditions. He also reminded farmers to let hay lie at least five days after cutting so the volatile cyanide gas can dissipate

before bailing. "The showers we have gotten in the last few days will only add to the problem," Reagor continued. "New growth will come on drought-stricken plants, and cattlemen, who are eager to use every bit of forage available, may turn their cattle on it too soon. The prussic acid content of this new growth is extremely concentrated. They should wait two to three weeks before allow-

ing cattle to graze on the new growth." "We've seen more prussic acid poisoning in the Plains and Panhandle area this year than in previous ones," reported Dr. Ned Brown, director of the Diagnostic Laboratory office in Amarillo. "It's been particularly bad in counties in the eastern Panhandle. While our drought conditions haven't been as serious as those in other parts of the state, we have

certainly had our share of prussic acid poisoning. Ranchers are advised to feed cattle hay before turning them into new pastures. The hay provides a diluting effect should the pasture grass contain excessive amounts of prussic acid. Since onset of the disease is so rapid, the cattle should be observed for about an hour as symptoms will usually appear within that length of time if prussic acid content of

the grass is high. "Hot weather affects the respiratory system in cattle," Brown explained. "Since they do not perspire, the cattle breathe more rapidly to expel body heat. An older animal who has had respiratory problems in the past is more susceptible to prussic acid poisoning because the cyanide derivative of hemoglobin prevents the transport of oxygen by the blood."

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek takes another look at scientists this week.

Dear editor:

I had thought by now scientists had run out of something it could announce that is bad for us.

No use going down the list completely, but over the last few years scientists have stuck their heads out of their laboratories, after first calling in the reporters, and announced that such items as sugar, salt, bacon, saccharin, tap water, white bread, fried eggs, hamburgers, potato chips, etc. are bad for us. The list got so long that I figured scientists finally had run out of something we should not eat or drink and would now have to figure out some other way to get their names in the paper and their research grants increased.

But just last week some scientists announced that, despite the fact that people have been drinking it for hundreds of years, coffee and tea, if used by women, can cause birth defects in babies.

There is just one answer to this. Somebody has got to open up a laboratory to try to find out what causes defects in scientists.

We haven't got much time left. It is not that everybody is going to try to exist on a scientifically-ondensed diet of wheat germs and skimmed milk, but that scientists are going to be laughed out of business, and we need them. For example, if Russia invents a laser beam to knock down our guided missiles, we will need a laser beam to knock down their laser beam, then another one to knock down the one they invent to knock down the one that knocked down theirs.... Make that cup of coffee strong and black.

Yours faithfully, J.A.
**Tri-State Fair
Baby Animal
Show Popular**

One of the highlights of the Amarillo Tri State Fair each year is the Baby Animal Show. This year's display may be viewed during the entire week of the fair, September 18-23.

Exhibits in the Show include baby animals of all types that are 30 days young or less. Horses, cows, lambs, sheep, goats, rabbits, chickens and other birds will be among the species to be displayed.

Prize money totaling \$130 will be awarded to exhibitors of the most attractive and best baby animals in the show.

Superintendents of this event are Ernie Houdashell, John Burrow and Jim Allison all of Amarillo.

For additional information about the Baby Animal Show, contact the offices of the Tri State Fair.

TYPICAL OF CONSTRUCTION... Workmen for Elbert Hamilton are shown working on a new home at the corner of West 18th Street and Avenue H this week. This is typical of the several new homes presently under construction in Muleshoe. For the first time in approximately 10 years, several new homes are under construction.

He introduced each of the new coaches and the three coaches who did not go with former Athletic Director Don Cumpston, when he moved to Hereford.
"Our new staff works as hard as any staff that has ever been at the Muleshoe schools, and a priority for me was to have a Christian staff," he continued. "I think you will appreciate such a fine staff working with your boys."
Coach Wartes was cautiously optimistic about the 1978 version of the Muleshoe Mules, and warned

Required immunizations can be given at physicians' offices or at the Texas Department of Public Health, 306 West Second Street, Muleshoe.

parents and football fans to remember to boost the players if they lose, but don't sympathize with them. "They will have to work hard and we have to demand certain things of them," he said. "We will demand, then hug and kiss them, and tell them we love them."
Discussed was the upcoming Meet The Mules night, which will be at 8 p.m. on Thursday, August 31 at the football field. The coaches will be introduced and each high school football player will be introduced.
Following the Meet The Mules, refreshments will be served by the Muleshoe Athletic Booster Club.
Coach Wartes has also asked for parents of all football players to meet with him in the high school cafeteria at the end of the Meet The Mules session. He said he would like to explain to the parents what he is trying to do and his philosophy. "Our best interest is in their son," he said, "parents need to know as well as the players what we expect from them."

A budget of some \$5,400 was approved by the Athletic Boosters for this year. This included the purchase of a throwback machine for use in basketball; a leaper to be used by all sports to build leg muscles; a new mat for the gym and recover the old mat; drapes for the varsity dressing room; new top on the table in the press box; air splints for football and basketball and an air conditioner for the boys dressing room as well as a reserve of some \$2,000 for the athletic banquet.
The Muleshoe Athletic Boosters will be selling a new vinyl bumper sticker, which was said to be an improvement over the bumper stickers of last year, and window decals designating "Muleshoe Mules." They will sell for \$1 each or both for \$1.75.

MG Clinic Slated At Hale Center

The annual Myasthenia Gravis Clinic will be held September 1 and 2 at the Hi Plains Hospital, Hale Center, Texas. For the past eleven years, Dr. J.E. Tether of Indianapolis, Indiana, has been coming to Texas to conduct this clinic, which is free to myasthenia gravis patients.

Another area town with a drastic reduction in sales tax receipts was Farwell. They reported a reduction of 11 percent. Farwell's 1977 payments totaled \$10,014.20 through July and through the same month this year, the report was \$8,871.84.

Bullock said his office mailed checks totaling \$20.1 million to the 903 cities as their August share of the local option, one percent sales tax. He explained that the city sales tax is collected by merchants, along with the state sales tax and rebated monthly to the cities in which it was collected, by the Comptroller's office.
He added that the City of Houston recorded the biggest percentage increase in sales tax collections among the state's larger cities, with revenues up 18 percent for the year. Houston's total for the year was \$49.3 million.

Dallas recorded a nine percent increase for the year, with collections of \$27.7 million. San Antonio received \$13.5 million, a 10 percent hike, and revenues for Fort Worth totaled \$9.8 million, up 13 percent.

The last three years, the clinic has been known as the Melba Bandy Masters Clinic, being funded by a Trust set up by the Wesley Masters family of Amarillo, and the E.E. Masters family of Cotton Center in memory of Mrs. E.E. Masters who died with the disease in 1960. The Northwest Texas Chapter of the Myasthenia Gravis Foundation sponsors this clinic annually. Appointments are required and may be made by calling Hi-Plains Hospital 806-839-2371 Ext: 36. Dr. Tether will be seeing, beginning at 10 a.m. each morning, those patients who have been diagnosed as having myasthenia gravis or those whose illness is suspected, by their doctor, as being myasthenia gravis.

"The administrator of Hi-Plains Hospital, Gordon Russell, and his staff are making every effort to make the patients and visitors feel welcome and comfortable during the 2 day clinic. As a courtesy of the hospital, meeting rooms will be provided and beds will be available for those who need to rest."

"Dr. J.E. Tether is well known in this area, and all over the United States as a noted authority on the disease, myasthenia gravis. He is Professor of Neurology at the University of Indiana School of Medicine, and physician in charge of the Myasthenia Gravis Clinic at the Indiana University Medical Center. His private practice is devoted exclusively to the diagnosis and treatment of myasthenia gravis."

He is the author of several textbooks and articles on myasthenia gravis. One of his papers, "Current Therapy" is relied on by his patients as a valuable guide to the daily problems that exist with this disease," according to J.E. McVicker, chairman of the Northwest Texas Chapter, of Muleshoe.
"Myasthenia Gravis is a neuro-muscular disease characterized by spells of extreme, sometimes fatal weakness. It's name is taken from the Greek word...myasthenia...meaning muscle weakness and the Latin word gravis... meaning severe. Thousands have died of it without ever having had it diagnosed. It is one of the most insidious afflictions known to man, a crippler and potential killer that may masquerade as a vitamin deficiency, anemia, neurosis or psychoneuroses. It can strike anyone at any age. Today you feel kind of droopy, seem to have trouble keeping your eyes open. Tomorrow you can't seem to chew your food properly. And all of a sudden it is awful tough to breathe."

"While it is called neuro-muscular, myasthenia gravis is not a disease of either the nerves or the muscles. It literally lies between the two. In this baffling affliction, it is communication between nerve and muscle that is lacking. The healthy nerve cannot send its message to the healthy muscle, because the myasthenia's body lacks a substance which acts like an electrical conductor between

nerve and muscle. Some of the symptoms are: drooping eyelid; double vision; loss of balance; difficulty walking; abnormally high nasal voice; difficulty swallowing; difficulty chewing," he added.

J.E. McVicker of Muleshoe is Chairman of the Northwest Texas Chapter, John Dunbar of Clovis, New Mexico is Vice Chairman, Kathryn Carlisle of Plainview is Treasurer and Jenne McVicker of Muleshoe is Secretary. Serving on the Board of Directors are: E.E. Masters of Cotton Center; Mr. and Mrs. Wesley Masters, and Brac Biggers of Amarillo; Frank Barnhill of Canyon; Don Hutton of Dalhart; Emmitt Green, H.A. Tilson and Lyndal Black of Plainview; Gordon Russell of Hale Center; Dr. George Payne, Jr. of Levelland; Bill McAlister of Lubbock; James Mason of Burkburnett. Serving on the Medical Advisory Board is: Dr. Hugh Wilson, Jr., Dr. Nguyen Van The, Dr. Phieu N. Tran all of High Plains Hospital Staff, Hale Center; Dr. Gilmer Johnson of Plainview. Dr. Dee R. Foster served faithfully for many years, until his death recently.

"The Northwest Texas Chapter supports an annual free clinic for myasthenia gravis patients, a Drug Bank that has been set up through the Pharmacy at the Hi Plains Hospital where the vitally important medicine can be purchased at the least cost to the MG patient. The Chapter distributes important educational literature on request. They raise

funds for research, and are currently collecting 'cans for cash'. The Chapter would appreciate help on this from any interested persons, also, memorials may be sent to honor someone still living, or to pay tribute to the memory of a loved one," concluded McVicker.

On Friday evening, Sept. 1, 1978, at 7 p.m., the Northwest Texas Chapter will meet for their regular annual meeting. At this time, Dr. Richard S.A. Tindall of the Southwestern Medical School, Dallas, will be the guest speaker.

There will be a question and answer period to follow.

All interested persons are invited to attend both the clinic and the Chapter meeting.

underway, although it is not expected to be very far in the future.
In the first phase of construction in the Park Ridge Addition, more than 80 lots will be open for construction of homes in the area south of the West Avenue D City Park.
Developer Don Harmon had explained earlier, that as soon as the lots start to fill, two other sections of the addition will be opened. Early this year, Park Ridge Addition was annexed to the city limits, and all city utilities will be available.
Construction is booming in Muleshoe, the largest building surge since approximately 1967.

Pools Honored On 45th Anniversary

The children of the Lee R. Pools hosted a reception Sunday, August 13 in the Muleshoe State Bank Community Room, honoring their parents 45th wedding anniversary. The guests were greeted by the honorees while their children renewed old acquaintances and made the guests feel welcome. Before guests arrived, Roger Pool said a prayer as family members formed a circle. The registry table held a basket of scrolls tied with silk cords, and accented with tissue butterflies, giving family history, theme verses and "thank you's". An earth-toned silk floral arrangement in clustered crystal column vases was the focal point of the main table, in the center of the room. The table was laid with a floor-length skirt of an original screen-print featuring butterflies and flowers in earth colors, to set the theme and the color scheme of the reception. It was overlaid with an antique lace cloth, caught in swags to the tables edge by apricot bows. Marzyson frogs were added interest. An open wicker treasure chest held rounds of Armenian cracker bread, to be broken and spread with the smoked oyster roll. Colorful fruit kabobs were impaled on an inverted watermelon rind. There were trays of cucumber sandwiches, stuffed cherry tomatoes with parsley sprigs, and crystalline pickles. Snowballs, coffee and punch were served from silver and crystal appointments, on a side table, with a runner of the screen print, decorated with a basket of silk flowers and a metal sculptured butterfly. On the memorabilia table were the couples college freshmen photographs, accompanying an artists enlargement. A packet of love letters tied with apricot bows, streamers, and love knots holding the first wedding ring; fire ravaged marriage license; the wedding announcement; and a clipping from the Sudan News of 1933. The table was apricot covered with an overlay of lace, enhanced by silk flowers in an antique vase, and a trio of enamel on copper butterflies. Out of town guests were from Sudan, Littlefield, Lubbock, Levelland, New Home, Plainview; Friona, Bandera and Kermit; Clovis and Portales, N.M. and Edmond, Oklahoma. Hosting and catering the reception were Mr. and Mrs. Roger Pool, Seminole; Rosemary Pool, Muleshoe; Mr. and Mrs. Charles Pool, Denver,

Mrs. Copley and Baby Feted With Shower

Mrs. Don Copley and her son, Travis Wayne, who was born August 2, were feted with a baby shower, August 18 in the Community Church mobile home. Mrs. Copley was presented a corsage of white daisies, and blue bows. The serving table was covered with white lace over white satin. It was centered with an arrangement of white and blue daisies, blue bows, blue baby's breath and greenery atop an infant potty seat. Crystal appointments were used to serve punch and cookies. Special guests and out of town guests were Mrs. J.R. Copley, Travis' paternal grandmother of Muleshoe; Mrs. Herbert Welch, Mrs. Copley's grandmother of Levelland; and Mrs. Ronnie Kemp of Albuquerque, N.M. Travis was given money and the table arrangement as a hostess gift. Hostesses for the occasion were Mrs. Arnold Prater, Mrs. Willis James, Mrs. Polly Birdsong, Mrs. Bud Street, Mrs. Dale Griswald, Mrs. John McCormick, Mrs. Henry Malong, Miss Judy Lambert, Mrs. Johnny Williams and Mrs. Tom Burgess.

MRS. JOHN BLACKMAN

Mrs. Blackman, Writer For 25 Years

Mrs. John (Nannie) Blackman of Littlefield started writing the "Bula News" as a correspondent 25 years ago for the "Muleshoe Journal." Mrs. Blackman had to give up writing the "Bula News" in July, three months after moving to Littlefield, when her husband became ill. She says she misses writing the news because she was able to achieve close contact with her friends and neighbors in the community and the Journal office through writing. During her 25 years of writing, Mrs. Blackman strived to write stories that would help to build and better the Bula community.

Aside from writing, Mrs. Blackman assisted with the school taxes for 15 years in Bula before the school closed. Last year, Mrs. Blackman helped to write and publish the "Bula-Enochs and Bula School History Book". She stayed up late every night working on the book and she said that it was a very humorous and interesting project and she wouldn't take anything for the book.

In July of 1976, Mrs. Blackman helped in restoring the Bula cemetery.

During our bi-centennial Fourth of July, Mrs. Blackman participated in the burial of the time capsule at the Bula cemetery. Various things of the Bula Community, such as family histories, stories of the Bula School, all of the church's histories, Cotton and seed prices at the gin, grocery prices, prices and pictures of hair styles from the beauty shop, the July 4 issue of the "Bailey County Journal" and several other items from the residents of Bula were buried. A monument was placed over the site and it is to be dug up and opened July 4, 2026.

Blackman and the former Nannie Dever were married in Clarendon, December 22, 1928. The Blackmans moved to Bula in 1903 and started their home on a farm three miles west of Bula.

Mrs. Blackman has one daughter, Mr. and Mrs. Dudley (Patsy) Cash of

Portales, N.M. Mrs. Cash graduated in 1952 from Bula High School and married in 1953. She has three children, Dennis, who is working on his Masters at New Mexico A&M; Darryl, who is a senior at Portales High School and Patty who is a sophomore at Portales High School. Mrs. Cash teaches in the third grade at Portales and her husband teaches agriculture at Eastern New Mexico University.

The Blackmans were members of the Bula Church of Christ before they moved to Littlefield. They are presently members of the Crescent Park Church of Christ.

Mrs. Blackman's hobbies are canning, when vegetables and fruits are in season, baking, crocheting, reading and working in her flowerbeds and garden.

Blackman retired in 1973 when his health failed and they left their farm. They moved to Littlefield, April 1, 1977.

Mrs. Blackman said that she didn't want to leave Bailey County because of all their friends and acquaintances but although they no longer reside in Bula, they still listen to Gil Lamb on "KMUL" radio and subscribe to the Muleshoe paper.

Ruth Sunday School Class

The Ruth Sunday School Class of the First Baptist Church in Sudan met for a salad supper, Monday, August 14, in the home of Zetha Young.

Following the supper, a business meeting was held. The August birthday party for Amherst Manor was planned for Thursday, August 17.

Present were Elsie Seymour, Sue Whiteaker, Rosemary Seymour, Edna Seymour, Gwen West, Marge Cardwell, Geneva Glascock, Sara Wood, Nuetta Hanna and the hostess, Zetha Young.

The test of sincerity is the willingness of an individual to do something without compensation.

Bradleys Honored On 50th Golden Wedding Anniversary

A reception was held for Mr. and Mrs. A.M. Bradley by their children and grandchildren to honor them on their 50th Golden Wedding Anniversary at their home at Rt. 2, Muleshoe, on August 20.

Before the reception, Bradley hosted a buffet dinner for friends and relatives at the Corral Restaurant.

Hosting the reception were the Bradley's sons and families, Mr. and Mrs. Sam Bradley, Alton and Jacqueline of Douglas, Wyoming; and Mr. and Mrs. Gene Bradley, Beckey and Paul of Dallas, Texas; also a grandson and his family, Mr. and Mrs. David Bradley and David, Jr., of Amarillo, Texas.

The serving table was covered with a white lace cloth with an orange underlay. An arrangement of white daisies, baby's breath and greenery accented the table. The white three tiered columned cake with orange flowers and green leaves was made by Mrs. Laverne Blackman of Rogers, N.M. Crystal appointments were used to serve mints, cookies, punch, coffee and cake by Miss Beckey Bradley and Mrs. Gene Bradley of Dallas and Mrs. Carrol Davis of Muleshoe.

Mrs. Bradley was presented with a corsage of white daisies, baby's breath and gold bows.

Bradley was given a white carnation boutonniere. Gene Bradley sang and played the guitar for entertainment.

Special guests attending were Mr. and Mrs. Woodrow Montgomery, Mrs. Bradley's brother from Grand Plains; Mrs. Lenny Hawkins, her sister from Arlington; Mrs. Marjorie Montgomery and Pat of Eloy, Ariz., her sister-in-law; Mr. and Mrs. Jason Bradley, his brother from Lubbock; Mr. and Mrs. Harold Odle, his sister of Dennison; Ruth Ray, a cousin from Oklahoma; Mr. and Mrs. O.D. Montgomery of Kingsland; Mr. and Mrs. Tom Hilton from Briscoe; Mr. and Mrs. Joe Moyer of Friona, who has known the Bradleys for 55 years; Mr. and Mrs. Pete Vanalsdale of Albuquerque; and Mr. and Mrs. Lorin Leibfried of Floydada.

Auther Bradley and Chelie Montgomery were married by a rural pastor near Portales, N.M. on August 23, 1928. The Bradleys moved to Portales in 1943 and in 1952 they moved to their present address, north of Muleshoe.

They have two sons, five grandchildren and one great-grandson.

Bradley was active in farming until 1975 when he retired. Mrs. Bradley retired from teaching school in 1960.

Bill Clements Boosts New Tax Relief Bill

Gubernatorial candidate Bill Clements today said he will vote for the tax relief constitutional amendment adopted by the Texas Legislature, but blamed his opponent for spearheading efforts to block other key constitutional amendments that would have given Texans long-term safeguards against excessive taxation. "I will vote for this measure, but I still feel the action of the Legislature is woefully inadequate," Clements said. "The majority of legislators were acting responsibly and in the best interest of Texas in trying to pass meaningful tax relief measures; a minority of legislators on the John Hill team were successful in thwarting these efforts. Now, I again urge Governor Briscoe to call another special session immediately and urge the legislators to put these other key constitutional amendments on the Nov. ballot and at least give the people the right to vote on them."

"The demagoguery exhibited by my opponent in the closing hours of this session is appalling. He came in at the last minute loudly proclaiming tax relief and trying to cover up the fact that he and his legislative backers have actively and vehemently fought any meaningful tax relief for Texans," Clements said.

"He gave lip service to the more cosmetic tax relief measures because they didn't impair his ability to pay off his campaign promises to special interest groups. He opposed the long-term safeguards because he knew they would close his escape hatches—his way to raise taxes to meet free-spending campaign promises," Clements said.

"The big government advocates, led by my opponent, say they are satisfied by the results of this special session. And, they are, because they have successfully short-changed the people of Texas by denying them long-term safeguards against excessive taxation."

"The public record of me and my opponent on tax relief is clear. I took an active role urging Gov. Briscoe to call the session; applauding his decision when he did call it; testifying for tax relief before a

legislative committee; urging that the call be expanded to include a ban on corporate or personal income tax; and urging that a second special session be called if the first one failed to include vital constitutional amendments on the November ballot," Clements said.

"The work of the legislature is beneficial to the taxpayers of this state, but it is a shame that the legislators did not go further. As Governor, I will work to give the people the right to voice their opinion at the ballot box on the 'Taxpayer's Bill of Rights,' which includes constitutional amendments that would:

1. Allow Texans to initiate binding referendums.
2. Ban any personal or corporate state income tax.
3. Require a two-thirds record vote of both Houses of the Legislature to enact any new tax bill or increased tax measures.
4. Require a majority vote of the people voting in a locality to validate any new or additional tax.

Ticket Sales Underway For Shows

Tickets for stage attractions slated during the 61st annual Panhandle South Plains Fair went on sale at five locations here Friday, August 18, 1978.

Six different shows have been carded for the eight-day fair run, slated Sept. 23-30.

Tickets will go on sale at Sears and Hemphill-Wells stores in South Plains Mall, at Luskey's Western Wear, Ed's Wagon Wheel and Dunlaps, according to Steve L. Lewis, general manager.

In addition, tickets may be purchased by mail, P.O. Box 208, Lubbock, Tx. 79408, or at 105 E. Broadway from 9 a.m. until 5 p.m. on weekdays, Lewis said. Mail order reservations should include a stamped, self-addressed envelope. Ticket information may be obtained by calling 744-9557.

Plans for this year's exposition already are well underway. Officials of the women's division will meet at 10 a.m. August 22 at the Hilton Inn to further map detailed plans.

The lineup includes: the Charley Pride Show with Dave and Sugar, 5 p.m. and 8 p.m. Sept. 24; the Statler Brothers, 5 p.m. and 8 p.m. Sept. 25; the Johnny Rodriguez show, with Linda Hargrove, 8 p.m. Sept. 26 only; the Jim Ed Brown show; also featuring Helen Cornelius and Wendy Holcombe, 8 p.m. on Sept. 27 only; Eddie Rabbitt and Jerry Clower, 8 p.m. Sept. 28 only; and Mel Tillis, 8 p.m. Sept. 29 and 5 p.m. and 8 p.m. Sept. 30.

Tickets for all shows are \$4, \$5 and \$6. All seats are reserved.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—While three U.S. balloonists set a record by crossing the Atlantic, the late Onassis' sole heiress returned to her new Russian husband and two would-be record-setting distance swimmers gave up crossing from Cuba to Florida—the State of Texas quietly went about holding hearings and listening to the public's voice.

All last week Representative DeWitt Hale (Corpus Christi) and his House General Investigating Committee heard witnesses on the Committee's move to make some changes in the state's insurance program.

This investigative committee is an on-going, hard-working committee which delves into much of the state's business to find out if any hanky-panky is going on.

According to Hale, the insurance hearings will be taken up again in a few weeks and recommendations will be made in early fall in a special insurance report to the State.

Meanwhile, Hale's Committee goes this week to the state school in Corpus Christi for an investigation of alleged abuses there. Recently, both the state

schools at Richmond and Mexia have been investigated by Hale's Committee, and his office says a final state school report is due also in early fall from the busy committee.

As usual, about this time of year, when everyone turns to "back-to-school," the State Textbook Committee listened to citizens tell how textbooks proposed for public schools are too supportive of sexism, too supportive of feminism and capable of inciting such crimes as murder and rebellion. Hearings continue this week.

Mauzy To Object
Meanwhile, Senator Oscar Mauzy, Dallas, has begun a move to beat the newly passed Tax Relief Amendment to be set before Texas voters in the November election. His office says he will set plans in motion in the early fall.

Grant Trimmed
Texas Adult Probation Commission, preparing to spend \$18 million on local probation services, voted to trim its per capita grant maximum.

Commissioners will spend \$0 cents a day on each probationer under direct su-

pervision. They postponed a decision on auditing of local probation offices.

All but 27 counties are in probation districts approved by district judges. Many are multi-county setups. There are 111,000 adults on probation, including 86,000 under direct supervision by about 700 probation officers.

Probation departments last year collected \$3.5 million in restitution for victims of crime.

Officials Named
Lt. Gov. Bill Hobby will serve as chairman of the State Democratic Convention in Fort Worth September 15-16.

Republicans, who will meet in Dallas a week earlier, announced appointment of Ricardo H. Hinojosa of McAllen as chairman of the temporary committee on platform and resolutions for their 1978 convention.

Primary business of the conventions will be naming party executive committees and adopting official platforms for state candidates.

In addition, Democrats will elect 60 delegates to the National Democratic Party mini-convention in Memphis next December.

Billy Goldberg of Houston is due to succeed Calvin Guest of Bryan as Democratic state chairman. Ray Barnhart of Houston is seeking re-election as Republican chairman.

AG Opinions
The Department of Mental Health and Mental Retardation may furnish housing, meals and laundry service to employees who

are interns in non-medically related fields, Attorney General John Hill said.

In other opinions, Hill concluded:

—A family district court judge who transfers retirement credits from the county and district retirement system to the Judicial Retirement System should pay to the state treasury six percent of the state's portion of a district judge's salary for the full period of his tenure on the domestic relations or juvenile court bench.

—Prior to passage of constitutional amendment in November, use of tax increment financing for urban renewal must be approved in a city election.

—An employee can exercise the option to participate in the Optional Retirement Program for college faculty members only once.

Aged Helped
Twenty-five grants totaling \$3.7 million in federal funds will go to support meal programs and other social services for older Texans.

Awards provided funding for 23 nutrition projects for the elderly and refunding for two of the 28 Agencies on Aging, which function as focal points for the state-wide network of services administered by the Governor's Committee on Aging.

The Committee on Aging also authorized reservation of \$642,000 in federal money for the future development of nutrition projects for elderly Texans living in seven of the state's planning and service regions.

Short Snorts
Texas Education Agency will hold a series of five public hearings over the state August 24-30 to gather opinions on its program plan for education of handicapped children.

Public hearings on proposed bag and size limits of spotted sea trout will be held during late August in 12 coastal locations.

Polly Sowell of McAllen will not seek re-election as vice chairman of the Republican Party of Texas. She will work fulltime for re-election of U.S. Sen. John Tower.

Texas Democrats scheduled a leadership conference here August 26.

Sen. Bill Meier of Eules is new president pro tempore of the Texas Senate.

Bright plastic bangles are being seen on the arms of the younger set to highlight costumes. Wear several of different colors and widths.

CURBS AND GUTTERS INSTALLED...K. Barnett of Clovis has installed curb and gutter along new streets in the Park Ridge Addition in southwest Muleshoe. In the near future, the Addition will be opened for the construction of new homes. Sewer lines and water mains have already been installed, with electrical and telephone cables being placed underground.

ATTENTION: Parents, Children, Crewleaders, Farmers & Other Employers

The compulsory school attendance law provides that all children who have attained the age of seven (7) before September 1 shall attend either Public or Parochial School on a regular basis until they have reached their seventeenth (17) birthday and have successfully completed the ninth grade. All parents have the responsibility to see that their children do attend school, and are subject to prosecution if they fail to do so. Children can be held accountable at law for failing to attend. Crew leaders, farmers, or other employers that employ such children during school hours are subject to prosecution for so doing. We respectfully request the support and cooperation of all concerned, including the children.

Predicting where oil spills move

AUSTIN, Texas (Spl.) Work being done by atmospheric scientists at The University of Texas one day may help predict where an oil spill will move and how long it will take to disperse.

Researchers in the Civil Engineering Department are devising an atmosphere boundary layer model to predict atmospheric stress at the ocean surface which moves an oil slick along. Key factors in the model are wind direction and speed, and the interaction between the ocean surface and the atmosphere which helps to break up a slick.

Although the study concentrates on the Gulf of Mexico, it is believed the model could be applied to the open oceans.

Passion vines vs. butterflies

AUSTIN, Texas (Spl.) — "War-game" tactics that are engaged in by plants and the insects that eat them are the subject of a University of Texas study that may provide basic data leading to the management or control of insect pests.

The battlefield which zoologist Lawrence Gilbert observes is in a tropical research laboratory at UT Austin, where the opposing forces are the passion vine genus *Passiflora* and leaf-eating caterpillars of the butterfly *Heliconius*.

One of the defenses the passion vine throws up to thwart the enemy is the development of a variety of leaf shapes to confuse the insects as they search for a familiar leaf.

Cattle Auction Will Help Arthritis

The Panhandle Division of the Arthritis Foundation is staging its third annual Cattle Roundup.

Farmers, ranchers, and feedlot managers in the 26 counties of the Panhandle are being asked to donate cattle to be auctioned off at the Amarillo Livestock Auction beginning at 1 p.m. on Monday, August 28.

The Arthritis Foundation reports that agricultural workers, farmers, ranchers are hit hardest by this number one crippling. In fact, one in every eight of the people involved in agriculture is a victim of

arthritis. The cause and cure of this hard hitting disease is still unknown, but it is suspected that exposure to the elements can trigger arthritis.

It is also thought that hard physical labor is a possible cause.

Added to the pain and suffering is the financial burden that occurs when the farmer or rancher can no longer work, due to arthritis.

There is hope, however, if the victim will seek help from a qualified rheumatologist.

The magic number for

this year's roundup is 100. The Arthritis Foundation's goal of 100 head of donated cattle underscores the fact that there are more than 100 kinds of arthritis. Panhandle Division director, Vivian Madewell said for more information about the cattle auction and arthritis contact the Arthritis Foundation, Panhandle Division, at 804 South Bryan, phone 374-2922, or write P.O. Box 3096, Amarillo, Tx. 79106.

NOTICE

Pioneer Natural Gas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for residential and commercial, small industrial and air conditioning customer classes in the 63 cities and towns on its West Texas Distribution System, effective September 15, 1978. It is anticipated that the new rates will result in a 26.4% increase in Pioneer's gross revenues on its West Texas Distribution System, which increase is a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S.
A Statement of Intent to change said rates was filed with each of the cities and towns (listed below) on or about August 11, 1978, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

NOTICE

Pioneer Natural Gas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for residential and commercial, small industrial and large gas air conditioning and/or electric generating gas service customers in the rural environs of the 63 cities and towns on its West Texas Distribution System, effective upon the date and to the extent that such rates are finally approved for the said cities and towns. It is anticipated that the new rates will result in a 1.7% increase in Pioneer's gross revenues on its West Texas Distribution System. The increase in Pioneer's aggregate revenues will not constitute a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S.
A Statement of Intent to change said rates was filed with the Railroad Commission of Texas about August 18, 1978, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

Farmers, Schools To Get New Tax Package

Instructions from the special tax session that the members of the 66th Legislature meeting in 1979 shall write a formula for taxing farmland on productive values and a substantial increase in the inheritance tax exemption look good. So says the Texas Farmers Union. But there are other questions unresolved according to the statewide organization.

WTSU Registration Slated September 1

West Texas State University students will register for fall semester classes Sept. 1 and 2 in the WTSU Activities Center.

Freshmen and seniors will enroll Friday morning according to the alphabetical order listed in the WTSU fall schedule of classes. Graduate students, sophomores, and juniors register that afternoon and Saturday morning.

Evening only students and late arrivals begin enrolling Saturday at mid-morning, with regular registration ending at 1:20 p.m. Students may then late register until noon, Sept. 9, at the WTSU Registrar's office in the West Texas State University Administration Building.

Classes begin Sept. 5, following a University student holiday for Labor Day. Final examinations are scheduled for Dec. 18 to 21.

West Texas State University is also offering off-campus classes in Pampa, Amarillo, Dumas, Canadian, Perryton and Lubbock.

Students taking only off-campus classes may register at the first class meeting. Those who wish to enroll in both on-campus and off-campus classes must register on campus during regular registration Sept. 1 and 2, or during late registration until noon on Sept. 9.

To register, a student must present a WTSU identification card, or Social Security card to secure an ID card, at the time of registration.

West Texas State's residence halls open Aug. 29. Beginning freshmen who

alterd process. It is critically important that the legislature has set aside \$450 million for reimbursement to districts due to exemptions. But no formula was written as to how the state's money will be distributed. Rural school districts must place confidence in legislators to do the right thing in January. It is up to individuals and organizations like Farmers Union to watch over the next session and see to it they do the proper thing."

Texas Farmers Union has been one of the organizations seeking an increase in inheritance tax exemptions, and the increase to \$200,000 up to \$300,000 by 1985 is praised "for the ability it will provide farm families to hold onto hard earned equity through

generations." TFU spokesmen say they also applaud the exemption on utility sales taxes and the increased relief for homeowners and a freeze on taxes paid by the elderly. "The most disappointing thing," says Naman, "is that large corporate interests, already paying far less than their fair share, hovered over the capitol to assure they, too, had their big bite of the tax relief pie."

TFU has opposed the inclusion of large corporations, speculators and huge timber interests in the productivity tax designed for farmers. The farm organization has also supported suits brought by taxpayers in Gainesville, Leander and San Augustine which claim that all properties (real and intangible) are not being taxed equally. With a clause in

the tax package that says the legislature "may" exclude intangible property and erase existing laws that are intended to tax all property, the Farmers Union says it fears that the issue in the law-suits may be ruled unsupportable.

"There is nothing black or white about this package," concludes Naman. "We need to underline the good in it. We also must see to it that rural school districts benefit on equal terms with urban districts if and when the bits of relief get passed around. But the final measurement against real reform must leave us with the ultimate conclusion that those who hoped that Texas lawmakers would provide worthwhile tax relief are doomed to disappointment."

- Stuffed Squash
- 4 extra-large acorn squash
 - salad oil
 - 2 c chopped onions
 - 2 pounds ground beef
 - chuck
 - 1 medium green pepper, seeded, diced
 - seasoned salt
 - 1/4 t pepper
 - 1/8 t cayenne
 - 1/2 t oregano
 - 2 garlic cloves, minced
 - 1 8-oz. can tomato sauce
 - 1/2 c chopped stuffed olives
 - 3 eggs, beaten

Slice tops from squash and reserve; remove seeds. Place squash into boiling salted water; boil 10 to 15 minutes or until almost tender when pierced with fork. Remove from water; drain.

In skillet, in 3 tablespoons hot oil, saute onions until golden; add chuck and brown. Add green pepper, 2 teaspoons seasoned salt, pepper, cayenne, oregano and garlic. Saute a few minutes, then add tomato sauce and olives; simmer, covered, 15 minutes.

Preheat oven to 350 degrees. Cut thin slice from bottom of each squash so it stands upright; sprinkle insides with seasoned salt. Stuff with meat mixture; cover with squash tops; arrange in greased shallow pan. Bake 1 hour. Let stand 15 minutes before cutting in half. Serves 8.

The filling makes enough to fill 8 to 12 individual small squash. Prepare as above; bake 30 minutes.
