The sentiment of the West in favor of inflation is not so general as the Logans would have us believe. Out of 933 journals in nine of the Western States 514 sustain the President's veto, while 408 oppose it. Eleven take no side. What is more remarkable still is the fact, that the papers sustaining and opposing General Grant's action are about equally divided between the two parties. Of those sustaining the veto 295 a are republican to 217 democratic, and of of those opposing it 234 republican to 174 democratic. Mr. Schurz's Lecture Engage-

The Franklin Literary Society has concluded arrangements with the Hon. Carl Schurz by which he is to lecture in Brooklyn early this fall. Mr. Schurz will select a fresh theme and this will be his first appearance on the lecture platform in either Brooklyn or New York next season. The Franklin Literary Society was organized in 1864, and incorporated by a special act of the Legislature in 1869. It is one of the oldest debating societies in Brooklyn, and has about fifty members-lawyers, merchants, clerks, and mechanicswho meet on Mouday evening at their rooms in Montague street, op posite the United States Court building. The principal features of these meetings are debates upon social, political, lifsforical, and literary topics, selected two weeks in ad vance. The society already deserves well of the people of Brooklyn, and the fact that Mr. Schurz will lecture under its auspices will increase its popularity.

Official Journal of the United States OFFICIAL JOURNAL OF BEXAR COUNTY.

A. SIEMERING & CO., Publishers.

SATURDAY, MAY 23, 1874.

To the Business Men of San Antonio.

We are now prepared to do all kind of Job Printing as cheap and as neat as any firm in the United States can do it. If ordered in quantities, usually ordered by our merchants from New York or other cities we will accept prices noted on their New York bills and promise first rate work. We hope by this means to keep the thousands of dollars for Job Printing in San Antenio that annually find their way to

A SIEMERING & CO. JOB PRINTERS.

The Herald and the Express.

The good people who make up the reading society of San Antonio will doubtless feel pained and shamed by the violent, vulgar, and brutal language of the Herald of yester day in reply to our unanswered and with fire." We call public attention unanswerable statement of the facts to this statement. It may be ne in relation to the city printing. Of cessary to recur to it in the future. course, no gentleman expects us to But if forced into a quarrel, we will reioin in a similar style and temper. fight it a Contrance. In the language Should we defile our columns with of Mr. Jefferson Davis, "Let us the vile excrements which send their | alone"; and in the language of Prepestilential affluvia from the col sident Grant, "Let us have peace." amns of the Herald, poisoning and blighting character and society, we should feel that the EXPRESS would be unworthy to be read in the refined homes of this tair city.

an able, useful, tasteful, tair and courteons journal for all the good citizens of San Antonio, of Western writer that paper ever had: Texas, and of the State; and we not be ashamed for it to be read as wrong—nothing less than that the work parties, with equal courtesy and of State, and Attorney General, were made friendship. With us, difference in politics shall never dumper our friendship for a good man, nor in the business had not been neglected by the Governor's friend and townsman, Mr. terfere with any of the amenities of Downs.

It affords us no pleasure to report these things. We should much have preferred things. We should much have preferred good citizens, regardless of party, reshall have our encouragement and ing and uncompromising waragainst all tricksters, corruptionists, and villains, of all parties.

We have no besitancy in assertmg that there are many bad and corrupt men in the republican party; so there are in the democratic it expects to retain power or popularity it must frown down everything having an party; but neither party, as a body. is corrupt in consequence, and no sensible and honest man or journal will denounce them as such. The treasurer of Christ and his disciples was a "thief." Will the Herald denonnce the New Testament as "the organ of a rotten thieving party" of spostles? The Herald denounces as "unprincipled whelps" those who have criticized Gov. Coke for his conduct in relation to the State printing. If the Herald is correct, the editors of the Galveston News, the Austin Statesman, and three- could do the work for 16 cents ! As far fourths of the democratic press of as we are concerced, we stated three weeks the State are "unprincipled whelps," The Herald is furiously angry because we said that Montgomery, Chief Clerk of the Secretary of State, after committing a crime that would have sent him to the Penitiary, "was allowed to run away be fore he could turn State's evidence against Gov. Coke und bis Board." This is not our statement, but the statement of the leading democratic papers of the State, and the Herald knows it. And then it is true, and the Herald knows that also.

Did not Montgomery run away, as soon as he was exposed, after contessing his crime; and did not the Secretary settle with him and hurry him off; and did not the Governor know and approve what was going on; and were not the Governor and Secretary both blamed by democratic Legislators and journals; and did not this have ing off of Montgomery prevent au investigatioh of the public printing mystery; and was it not to prevent that investigation that he was burried off? These things are believed by threefourths of the people of the State who know the facts, and this the Merald well knows.

But we do not thus criticize Gov. Coke because he is a democrat. We have beretofore criticized both President Grant-and Governor Davis. Nor do we disgrace the State, or insult Gov. Coke's friends, by sweepingly denouncing him as a corrupt man. We merely criticize what we think bad in his administration, and support what is good; and in so doing we shall be better friends to Gov. Coke and the State than the Herald, or any of its stripe, in their indiscriminate landation of everything the Governor does. .

Now, the Heraid and the EXPRESS are both before the people of San Antonio and the State. We shall soon improve the Express in many ways. The Herald indicated its temper, character, and course yesterday; the EXPRESS indicates its taste, style, and future to-day. Let good men judge between us, now and bereafter. We have taken our position and are done with this controversy, nuless compelled to resume it. We did not begin it, and wrote only in self defense. We shall indulge in no personalities, nor invade personal and private life, ex cept when forced to "fight the devil

In order to show who are the "unprin cipled whelps," according to the Herald, who criticize Gov. We wish well to the Democracy; but if appearance of corruption.

We have no high opinion of the men, or some of them at least, that Gov. Coke has called around him; but that he should have given the alightest countenance to the gigantia frand as set forth by his friend Downs, both surprises and morti-

What did the Herald mean by asking 50 cents from the city when he ago that we knew the Herald's bid after e bids were opened, as everybody slass knew them, but we disdained to change our bid after we were acquainted with that of our opponent. Naw York, May 16.—This morning, notwithstanding the bad weather, St. Patrick's Cathedral was crowded by pil
grims and others, devout and curious, who cause to hear mass said at their departure.
The pilgrims were distinguished by the emblem of the Sacred Heart worn upon

Archbishop McClosky was the celebrant, assisted by a number of clergy. At the close of mass the banner for the Church of our Lady of Lourdes, a tribute originated by and successfully accomplished through the labors of Mr. James A. Mc-Masters, of the Freeman's Jonrnal, was blessed by the Archbishop, who then made an earnest address to the pilgrims, alluding to the occasion as one of the most touching in his experience. With the solemp benediction of the blessed Sacrament the services in the cathedral terminated.

At 2 o'clock the pilgrims assembled at the Metropolitan Hotel, and at 3, headed by Dr. John D. Kieley, brother of the Mayor of Richmond, and Mr. McMasters, marched to the steamer, accompanied by a great crowd of people. The banners of the pilgrims were furled during the march, owing to threatening weather, but the pilgrims accept as auspicious the beginning of the journey the fact that no rain fell during the march. When the pilgrims reached the deck of the steamer the banner was unfurled, amid the foud cheers from the thousands on the dock and shipping in the neighborhood.

In the morning Mayor Kieley telegraphed to the Pope for his blessing on the pilgrims. Shortly before the steamer sailed the Papal blessing was received by cable, accompanied by the appointment of Bishop Dwenger as spiritual director of the pilgrims. Six steamboats, each filled, accompanied the pilgrims to Sandy Hook, where Bishop Dwenger tossed to Mayor Kieley a paper bearing the good bye of the pilgrims to their families and friends throughout the United States and Canada.

LOUISVILLE, KY., May 16 -In the Goneral Conference to-day the Committee on Episcopacy made a lengthy report. The report was adopted.

Bishop Doggett expressed the thanks of the body. They had passed through a se vere ordeal, and to have this public quadrennial recognition was a source of grati-

The committee recommended the adoption of the following resolution: Resolved, That we do not concur in the

Resolved, That this General Conference elect two additional bishops during its present session.

An animated discussion followed, most of the Western and Southwestern mem bers supporting the substitute, which was finally rejected, the original report being adopted.

In answer to a memorial relating to the matter the committee did not believe, under any proper administration, any one preacher could be kept more than four years in one charge, except in violation of

The committee did not justify an action of this kind. This awakened some discussion but the

report was finally adopted. A resolution, instructing the Committee on Books and Periodicals to inquire into the cause of the high price of books of the publishing bouse, was adopted.

FISH. - Many citizens of San Antonio are longing for the arrival of the railroad, so that they may be supplied with the excellent fish of Galveston Bay.

THE festival of the shooting Company of this place will, to judge from appearances, be a grand affair. Proparations are made for the entertainment of guesta; good music and singing will be a part of it. The distribution of prizes takes place about sunset.

READY made clothing in style and make not to be surpassed, always on hand at PANCOAST & SON. 14-3-1tf

WE were glad yesterday to meet Major Purdom, the graceful and talented editor of the Calvert Texan, who is on a tour for the restoration of his health, which is much impaired by leng and hard work. May be soon recover.

KARBER'S GARDEN is now open to the public at all times of the day, and will be illuminated every evening. Ladies and gentlemen will find all kinds of accommodations and good, cool beverages of every description.

SCARCELY a day passes that the Herald does not call the Republican party a par ty of thieves, rascals and renegades. And yet Republicans do principally support that vite sheet, and the vile sheet is always willing to pocket Republican, id est, stolen money.

PANCOAST & SON are constantly receiving a good assortment of cloths, cassi-meres and chevoits for custom trade. The New Braunfels cassimere for sale.

MARKET. - The San Auronio Market abounds in the fattest and juiciest beef and mutton, and the greatest variety of most delightful vegetables; and they are all very cheap. Living is better, and much cheaper, than in Galveston, Houston or Austin.

THAT was the old confederate style of billingsgate the Herald let loose in his issue of day before yesterday. It sounded almost like the "sic semper tyrannis" he flourished in his columns at the news of the murder of Lincoln, and like his christian prayer for the slaughtering of all Yankees and the burning of their principal cities. It is the old wolf in sheep's clothing.

For all the styles of spring and summer bats go to PANCOAST & SON. 14-3-dtf

THE following Amociations of San Auto nio have been invited to send delegates to the meeting of the board of directors and trustees of the Agricultural, Stockraising and Industrial Association to be held on Saturday, May 23rd : Beethoven Singing Association, Turners' Association, Laborers' Association, Alamo Literary Society, Shooting Company, Benevolence Society, Harmonia, St. Joseph Association, Fire Cos. No. 1 and 2, Hook and Ladder Co., Casine, Board of, Trade and Jockey Club.

GENTLEMEN'S furn'sbing goods of the rery best quality always to be found at PANCOAST & SON. 14-3 dtf

PICNIC ON MONDAY, - The Society of St. Joseph, (German Catholie) will give a splendid entertainment, in the shape of a pie nic, on Monday next, at Abat's place, on the river, above the city, where a temporary bridge will be constructed. It will be a delightful time, and everybody is invited. The Society will march out at about 9 o'clock, A. M., and make a day of it. Refreshments will abound, and the day will be devoted to innocent amusement and pleasure. No entrance fee will be charged. The proceeds will be realized wholly from cooling beverages and good things to eat, and will be devoted to the benefit of St. Joseph's Church.

SAN ASTONIO GARDENS .- While the gardens throughout all other portions of Texas, lately so luxuriant, are now parched and dying under the burning heat, the gardens of San Antonio are as green, and the vegetables as tender and juicy, as in the early spring. This is because our whole city is covered with the net-work of a most admirable system of irrigation, The San Antonio river first, and south of is the San Pedre, both run through the sity, meandering in every direction, sometimes describing an immense letter s, and sometimes an immense letter W. From them, above the city, numerous canals lead out and wander everywhere, and from these camals small streams of water are led by little disches into every garden in the city whose owner wishes it. The San Antonio and San Pedro both issue from immense and exhaustless eprings just above the city, and flow with a rapid current; and thus all our gardens are nourished by clear, living spring water. With our rich sell and mild climate, and these wonderful facilities for irrigation no imagination can now compass what may be done in the fature in cultivating the valley of the San Antonio, and the immense and fertile plains adjacent. This section can be made a very garden of Eden.

THE American Sardine Co.'s Boneless Sardines are much better, and less than half the cost of imported Sardines. 26-2-dly
