FORTY THOUSAND YOUNG SHAD TURNED LOOSE IN THE COLORADO.

Forty thousand young shad were
 turned in the Colorado on the 4th
 of July 1874, by Professor James
 W. Milner, who is acting under the
 United States Commissioner of Fish
 and Fisheries, established by Con-
 gress in '71 to protect and restore the
 fisheries of the United States. Pro-
 fessor S. F. Baird, of the Smithson-
 ian Institute is the Chief Commis-
 sioner.

The appropriation for carrying
 out the objects of the bureau in stock-
 ing the water of Texas was \$12,500,
 but, through the watchful attention,
 and at the instigation of Judge John
 Hancock, our Representative in
 Congress, the amount was raised
 to \$15,000. Professor Milner the
 deputy commissioner, assisted by
 Messrs. J. Mason and F. Clark, ex-
 perts in fish culture brought the
 consignment for the Brazos and Co-
 lorado rivers in twelve cans, with a
 capacity of fifty gallons each.
 About 25,000 were placed in the Bra-
 zos on the 3d inst. They descend to
 the sea every year but return to
 their old haunts to spawn. When a
 stream becomes stocked, millions
 come up annually in schools. Then
 the fishermen are in their glory,
 and the people are furnished with a
 luxury, which one tasted is never
 forgotten, so delicious are they that
 dealers pack them in ice and send
 them by boat and cars in every di-
 rection.

Stocking the waters of Texas with
 shad is a matter of more conse-
 quence than man may suppose. So
 soon, however, as they shall become
 numerous and well known, the good
 work which has been accomplished
 will be fully appreciated.

The waters of Australia have
 been stocked with choice varieties
 from England, where they do well
 But the young fishes should be
 protected till they arrive to matur-
 ity; and it is to be hoped that all
 good citizens will preserve them till
 the waters of Texas teem with this
 most delicious fish.—Statesman.

**Count de Chambord's Mani-
 feste.**
 PARIS, July 3, 1874.

The Count de Chambord has issued
 the following manifesto:—

FRENCHMEN—You have required
 temporary expedients of safety. The
 country now seems to be on the
 eve of fresh dangers. France
 has need of royalty. My birth made
 me your King. I would be want-
 ing in the most sacred of duties if I
 neglected to make a supreme effort
 to overthrow the enterprising bar-
 riers of prejudice. I am aware of the
 accusations against me. I have re-
 mained silent in order not to add to
 the difficulties of the illustrious
 soldier who protects you. Because
 of the accumulation of errors and
 falsehoods silence is no longer per-
 missible. Persons have pretended
 to understand from previous decla-
 rations that I placed the royal pow-
 er above the laws and dreamed of
 unheard-of governmental combina-
 tions based upon absolutism and
 arbitrary ideas. The French Chris-
 tian monarchy is a limited monar-
 chy in its very essence. It borrows
 nothing from governments of for-
 tune which promise boundless pros-
 perity and lead to ruin.

This limited monarchy admits of
 the existence of two chambers one
 nominated by the King and the
 other elected by the nation, accord-
 ing to legally established suffrage.

The union of the people and the
 King enabled the ancient monarchy
 to frustrate for centuries the calcu-
 lations of those seeking to domi-
 near over the people by contending
 against the King. It is untrue
 that my policy is at variance with
 the aspirations of the country. We
 both desire the strong reparative
 powers which a durable alliance
 with the monarchy alone can give. I
 wish the representatives of the na-
 tion to be vigilant auxiliaries for the
 examination of questions submitted
 to them, but will not have barren
 parliamentary struggles, from which
 the sovereign often issues powerless
 and weakened.

In rejecting the foreign and im-
 ported formula with its King who
 reigns, but does not govern, I feel
 myself in harmony with the im-
 mense majority. I am now, as be-
 fore, ready. The House of France
 is sincerely reconciled. Let their
 be a truce to our divisions. Is it
 not time to restore prosperity and
 grandeur to France with the vener-
 able royalty?

FINANCIAL Agent Moody is again ordered to New York.

GEN. BEAUREGARD has received the appointment of Chief Engineer of the Argentine Republic, with a salary of \$20,000 in gold per annum, and he will sail from New York for South America shortly.

A special to the News says: It is stated in Houston that Col. Chan Stewart will be strongly urged for the nomination for Congress, and if nominated will run the race, though no one has authority to even so state.

THE PUBLIC SCHOOL SYSTEM of Texas is in a most unsatisfactory condition. It is a source of general discontent throughout the State.

Now comes the time for all the vigilance possible at all the Texas ports against yellow fever.

TELEGRAPHIC. PARIS, July 8.—It is reported that the Bonapartist Deputies, in the Assembly, will support the Cabinet in the important discussion to take place in the Chamber, to-day, if the Cabinet will take anti-Republican ground.

MADRID, July 8.—General Sakala is making preparations to renew the attack upon the Carlists at Estella. The defeat of the Carlists on Saturday last was so complete that they have left that section of the country altogether.

LONDON, July 8.—A special dispatch from Paris to the Pall Mall Gazette, says a complete understanding has been effected between Gambetta and the Legationists for a coalition of the Extreme Left and Right.

people throughout the State to press upon their representatives the importance of decisive action on this matter. Let us not give occasion for our political enemies to say that the Democratic party of Texas know how to destroy but not how to build.

THE International Bond case has been decided by the Supreme Court. The decision is that "the Court has no jurisdiction to issue mandamus against an Executive officer."

Judge Roberts, Gould and Ferris concurred in this opinion; Judges Devine and Reeves dissenting. The decision concludes as follows:

WE shall now see what the Governor will do. The financial reputation and credit of the State are placed in his hands by the Supreme Court of the State, as well as by the law of his own Legislature.

On Tuesday, while the International train was passing Mason Springs, between Longview and Hallville, a little boy, 10 years old, fell from the steps of the sleeping coach, where he had fallen asleep.

Orders were immediately telegraphed to General Pope, commanding the Department of the Missouri, directing him to use the Sixth Cavalry in Kansas and the Indian Territory for the purpose of breaking up the raid of these Indians, and forcing them upon their reservations.

DR. W. BILLE,

New Orleans,

A graduate from the University of Copenhagen, Denmark; Honorary M. D. from the University of Padua, Italy; for several years assistant Physician to the celebrated Prof. Ricord, Paris.

Having been for years a student at the large hospitals of Paris, London, Vienna and Copenhagen, and a thorough, large and varied practice during 15 years, has gained the most thorough knowledge of the nature of all chronic diseases and the treatment thereof, and he has in his extensive practice had an unparalleled success, and very often effected a cure where every remedy had been tried and all hope of restoration of health had been despaired of.

Nobody who ever suffered of the tedious and life debilitating disease—DYSPEPSIA—has ever in vain called on Dr. Bille. In every case he has by his new method of treatment restored the functions of the stomach, and with it the health and vigor of the patient, and many a person does to-day, with gratitude, recall the moment he placed himself under Dr. Bille's care.

For his treatment of LADIES' DISEASES, Dr. Bille is deservedly renowned, and no lady suffering from AMENORRHEA, HYSTERIA, PREGNANT UTERI or any other disease peculiar to the female system, should fail to call on Dr. Bille, as they will quickly be relieved of their suffering and ultimately restored to perfect health.

Diseases of a Private Nature Dr. Bille has made a speciality, and this science of humanity, unsuccessfully treated by most practitioners, is easily and quickly overcome by his new treatment. Being a pupil of the most renowned Physician for syphilitic diseases in the world, Prof. Ricord, in Paris, Dr. Bille will always guarantee a cure in any case of syphilitic disease which may come under his treatment; and hundreds in this city and vicinity can testify that in cases of syphilitic nature, where other physicians have failed, Dr. Bille has always been successful.

NERVOUS DEBILITY, SEMINAL WEAKNESS, IMPOTENCY, either caused by age or abuse, quickly and permanently relieved, and full power restored.

No man is too old and no young man too debilitated that he can not be completely reinvigorated and rejuvenated by the treatment of Dr. W. Bille.

Dr. Bille wishes to call particular attention to his new discovery, by which he can, by the help of microscope and chemistry, discover if there is any syphilitic poison in the blood, which is of the greatest importance, as persons having had venereal diseases often believe themselves cured, and the poison still remains in the blood to break out sooner or later. Dr. Bille has resided in New Orleans for years, is endorsed by the best citizens there, and by his skill, knowledge and successful cures has obtained a great reputation as a specialist.

LOCAL AFFAIRS.

THE jury in the Monjont murder case has not yet agreed, but are in deliberation still.

WATER-MELONS that bring forty cents in Houston and Galveston are now selling in this city at ten cents, and five cents will buy one that sells at twenty-five cents in those cities. They are very abundant and very good.

GENUINE India Pith Hat to be found at PANCOAST & SON, can be sold low.

RAIN is again promised in great abundance in this region. The clouds are beginning to overcast the horizon, and the first droppings of the shower have already fallen. Providence is exceedingly kind to Western Texas this season. The rains come just as they are beginning to be needed. "The kindly fruits of the earth" are given us "richly to enjoy."

For all the styles of spring and summer hats go to PANCOAST & SON. 14-3-dtf

Mrs. HARRIS, on North Flores street, has one of the finest vegetable gardens we have seen in the city, and her vegetables are of a beauty, excellence, and abundance charming to behold. Green corn, squashes, snaps, cabbages, and everything, looking as fresh and tender as is possible to conceive. There is no telling what can be done in the way of gardening in the San Antonio Valley.

GENTLEMEN'S furnishing goods of the very best quality always to be found at PANCOAST & SON. 14-3-dtf

THE trial of one of the men from DeWitt county charged with stealing cattle commenced day before yesterday: The name of the man on trial is A. J. Allen, who is the older one of the five, who were arrested on the charge of having stolen several hundred head of stock in the vicinity of this city. As the stock was of a great many brands, and for other reasons, they were indicted, and will probably all be tried at this term of the court.

PANCOAST & SON are constantly receiving a good assortment of cloths, cassimeres and chevots for emston trade. The New Braunfels cassimeré for sale.

THERE will be a grand concert and tableaux entertainment given at Karber's new summer garden next Tuesday night for the purpose of raising money to purchase musical instruments. Everybody knows that Mr. Karber has spared no expense to make his garden one of the most comfortable places of amusement in the city, and there is no doubt the public will do their share to support his enterprise by a crowded house. 12-7-d3t

LIVING IN SAN ANTONIO.—Beef, of an excellent quality, sells in our market at about four cents a pound, about half the price in Houston, and less than half the price in Galveston. Young chickens, of good size, are abundant at fifteen cents apiece, and full grown ones at twenty to twenty-five cents apiece. Fresh country butter sells at fifteen to twenty cents a pound, and eggs at a bit to twenty cents a dozen. Honey is plentiful at twenty cents a pound. Texas bacon and lard, of excellent quality, can be had for eight to ten cents a pound, so that the increased freight on Western bacon and lard does not effect us. Vegetables of all kinds are very plentiful and very cheap. Rents are low, board is low, schools are good, health is good, the country and scenery are beautiful. Where can this be beaten?

KARBER'S GARDEN.
GRAND CONCERT AND TABLEAUX,
Tuesday night, July 14, 1874,
by the BERTHOVEN SINGING ASSOCIATION.
Admission 50 Cents.
TICKETS to be sold at Pentenrieder's store and Karber's saloon. 11-7-d3t

WHAT IS IT?—We have noticed in this city a small bird, of the swallow kind, which builds in the caves of houses, chimneys, and similar places, just as do that kind of swallow commonly called the "martin." It is very much like the latter bird, though somewhat smaller, brown in color, with dusky white or speckled breast. But it is much gentler in both its movements and notes than the martin, and much more docile. Nor do these birds congregate in such swarms as are common with the martins, nor do they fill the air with their clamor at dawn of day as do the martins. We have never seen the bird we speak of anywhere but in San Antonio, although we have lived in most of the Southern States, and for many years in Texas. We should like very much to know what they are, and where else they are to be found besides this city. They are absolutely new to us, and are a most quiet, docile, and gentle bird, building in the very tops of the doors of dwellings.

Nutrate a Piece of Bread or Meat with gastric juice, and it will dissolve. This is digestion. Add to such a mixture a little alcohol, and it will not dissolve. This is indigestion. Beware, then, of imitations, or tonics, or decoctions containing spirituous liquors. Shun all rum "tonics," and rely solely on DR. SEC. 4. That no such contract or agreement shall be recognized by any officer or employee of the United States until the Secretary of the Interior shall, after full consideration of any such contract or agreement, together with the proofs and papers in this act required to be filed, and such as the Secretary of the Interior or Commissioner of Indian Affairs may require in addition thereto, the Secretary of the Interior shall consider to be just and reasonable, and not tainted with fraud, and not exorbitant in its demands: Provided, That the Secretary of the Interior shall in all cases enter, in writing, on such original contract, on the record in the office of the Commissioner of Indian Affairs when such original contract is recorded, an official statement, showing that the contract or agreement and proofs have been filed in accordance with the provisions of any act and considered by him, and in his opinion said contract or agreement or assignments thereof are not fraudulent, and that they are just, the same shall be valid.
