**APPLICATIONS SOUGHT...** With the near completion of the Agriculture Housing complex on East Sixth Street in Muleshoe, the Muleshoe Housing Authority is now accepting applications from future residents at the complex. A total of 48 units are ready for occupancy. Application may be made by contacting Manager Jim Hartline at 301 East Sixth Street or writing to him at P.O. Box 49, Muleshoe, Texas, 79347.

## Champion Mules Will Challenge The Indians

Morton's hapless Indians will probably be on the warpath Friday night when Muleshoe invades their home territory. The Indians, who have a win-loss record this year of 2-7, will be seeking to avenge the Mules narrow one-point, 13-12, victory on their home field last year.

For some reason, the Indians have always proven to be fierce contenders on their home field, and dig in and hold the Mules to slight victories.

The first time the Muleshoe Mules, as Yellow-jackets, played the Morton Indians was in 1933, when Muleshoe won both games. In 1934, the Indians turned that around and won both games.

They switched the leads back and forth until 1952, when the Mules did not play them again until 1956.

Of the 28 times the teams had played in competition prior to 1959, the Mules held a 15-11 edge, with two 0-0 ties, one in 1942, and the other in 1944.

Since 1960, the Mules have won 10 games to

three for the Indians, and for four years the teams did not play. In 1976, the final game was cancelled due to heavy snow on the field.

Last Friday night, in a switcharound game, the Mules defeated Dimmitt to win a berth in the state playoffs regardless of the outcome of the Friday night game.

However, it has been generally discussed that the Mules must maintain their momentum and play a good, hard ball game before going into state playoffs the following week.

At this time, it would appear that Muleshoe will be meeting Idalou again in bi-district playoffs. Idalou's sole defeat of the year was to Abernathy. Muleshoe beat Abernathy 26-20 and Idalou defeated Muleshoe in non-district action, 21-7.

If Muleshoe loses to Morton, the Mules will share co-district honors with Littlefield, so they will be out for that all-important win Friday night. Last year, you will recall that, after a coin toss on a three way tie, Muleshoe shared district honors with Littlefield and Friona and Little-

field won the right to represent the district in playoffs.

Coach Mike Wartes also warned that the Morton Cont. page 8, Col. 1

ANN HALL

## Hall Edges Price; Gets First Place

Tide Products people are really racking in the points in the weekly football contest. However, they are changing the lead back and forth. This week, Ann Hall, who is employed at Tide was the first place winner.

She says she doesn't know anything about football, but she only missed one game, and was 33 points away on the double tiebreaker scores.

Mrs. Hall edged out Larry Price, who also missed one game, but was a total of 45 points away on the tiebreaker scores. Mrs. Hall missed the Oklahoma State-Iowa State game and Price failed to predict the winner of the Nebraska - Oklahoma game.

Fred Bara narrowly eased by Ernest Bara for third place honors. Since they have the same address, they apparently are relatives. They missed the same games, West Texas - Drake and Oklahoma State and Iowa State, but the difference was in the tiebreakers.

Fred Bara was 28 points away on the double tiebreaker; and Ernest Bara was 29 points away.

Also missing just two games was Mona Price, wife of the second place winner, but she was 38 points away on the tiebreaker scores.

Missing three games were Donnie McDonald, Roy Hall, Francisco Torres, Richard Engelking, Ken King, James Whitson, Cherry Estep, Weidon Dennis, Travis Bessire, Randall Stevens and Sue Bessire.

If it would have been a winning entry, one entrant would have been sorely disappointed. One entry Cont. page 8, Col. 1

## Reception Scheduled For Mules

Friday night, following the Muleshoe-Morton final regular game of the season, the Mules will return to Muleshoe immediately following the game, and will not be eating at Morton after the game.

A reception is planned at the Muleshoe High School cafeteria for the team, upon arrival in Muleshoe.

All persons possible are asked to be with the police and crowd to greet the Mules near the south city limits and escort them to the high school where they will be honored for their action during this year.

## School Board Talks About Free Lunches

It was reported to the Muleshoe School Board Monday night that a total of 684 students are enrolled on the free lunch program in the four Muleshoe schools.

This is from a school enrollment of 1,688 students.

Largest number of students on the lunch program are the 597 Mexican-American students who receive free lunches each day, or 74.81 percent of the enrollment in the four schools. A total of 798 Mexican-Americans are enrolled in the four schools.

It was noted that 5.03 percent of the Anglo students, or 42 of the 835 total Anglo enrolled students are on the free lunch program. Also, 45 of the 55 Black students are on the free lunch program for 81.82 percent.

In grades one through 12, the enrollment is 837 Anglo, for 49.58 percent of the enrollment; 796 Mexican-American for 47.16 percent of the enrollment and 55 Blacks, for 3.26 percent of the enrollment.

The board also heard all the current financial and tax reports and reviewed appeals made to the School Tax Assessment Board on the Market and Index Study.

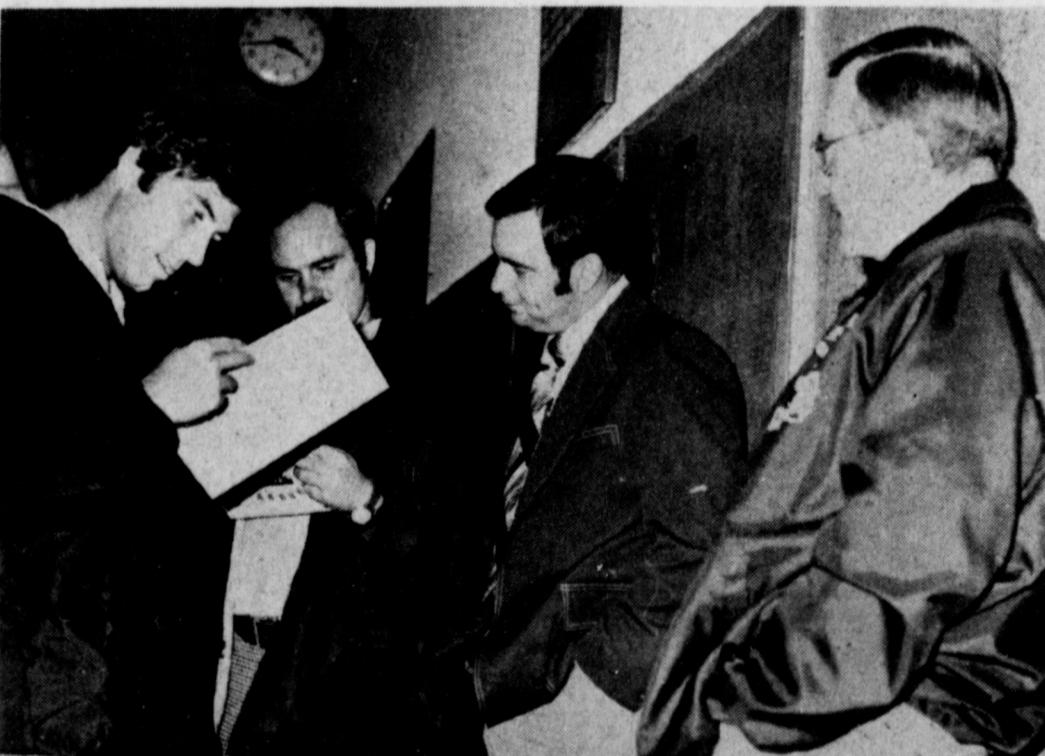

It was noted that all categories appealed by the local board were approved.

Named to the local textbook committee were Ruby Lambert, Pauline Guinn, Fred Mardis, Linda Marr, Mike Richardson, Mary Scoggin, F.D. Rogers, Pat Black, Ruby Lee Kerr, Wayland Ethridge, James Jennings, Keith Taylor, Elizabeth Black, Elizabeth Watson and Neal B. Dillman.

A low bid of \$5,461 submitted by Ready Mix Concrete, was approved for the installation of sidewalks and pipe fence along the west side of the Mary DeShazo Elementary School campus.

Since 1974-75, it was announced that the premiums for workmen's compensation has nearly tripled. In 1974-75, the cost was \$5,777.25 and the

### FFA Pigs Stolen During Weekend

Sunday morning, a group of stunned FFA members viewed their empty pig pens at the Muleshoe High School Ag Farm just north of Muleshoe.

Sometime between the hours of 1 - 8:30 a.m. Sunday, an unknown individual or individuals went into the pens and took ten show pigs. The young pigs were expensive show pigs, which were being fed out by the FFA members.

Taken were animals of several different types and descriptions and of varied colors.

First to find the missing pigs was Bryce Holmes, who sent to the pens to feed his two pigs. Both were missing, along with eight others. Also missing pigs were Jimmy Ware, two; Marty Livingston, two and one each gone from the pens of Curby Brantley, Benton Glaze, Kay Lynn Prather and Jacky Burris.

Investigating the incident were Ray Lynk of the Muleshoe City Police Department and Bud Street of the Bailey County Sheriff's Office.

Unconfirmed reports at mid-week indicated that Muleshoe was just one of several communities to lose FFA show animals, and in some instances, steers were reported to have been taken.

On Monday, November 20, at 7:30 p.m., the Muleshoe FFA Boosters will meet in the ag department of the high school.

As they are beginning their 1978 membership drive, President Robert Hunt said he thought many people would like to be on hand to discuss ways to help the youth who lost

animals from Muleshoe.

Hunt said, "We need your help. The Boosters organized for the primary purpose of aiding financially and in other way with the vocational agricultural students educational opportunities and to provide the department with Cont. page 8, Col. 3

### Youth Vote On Programs Slated Here

Thirteen members of the Muleshoe Youth Activities Committee (YAC) met Monday night and decided to take the proposed youth activities to the students at Muleshoe High School and Junior High School for a vote on what activities they would like to see included in the program.

A ballot was distributed at Junior high at 11 a.m. Wednesday, and at high school at 11:30 a.m. This way, the committee will determine what activities the youth of Muleshoe will be looking for.

Also, a copy of the ballot is on page six of this paper, as input from parents, and young adults will be needed to determine future activities.

Explained was that a lot of time, money and work will be going into YAC and that it will all be in vain if it is in activities youth will not be participating in during the future.

If the youth indicate an interest in the proposed miniature golf course, potential sites were discussed by the committee. Eight different sites were checked and following the meeting, had been narrowed to two sites.

It was announced that a lot of people had indicated an interest in contributing money and materials for the different programs.

Stressed was that any cost for the program should be kept to a minimum as the youth should be allowed to participate in most activities at little or no cost.

### Jim Hartline Named Manager Of Complex

Harmon Elliott, chairman of the Muleshoe Housing Authority, said Jim Hartline has been employed as manager of the new Agricultural Housing complex in east Muleshoe.

Hartline has moved into the housing complex and resides at 301 East Sixth Street.

Elliott also said that the housing complex is expected to open within the next ten days, and that persons who plan to reside in the complex should fill out an application to live in the new housing.

Persons may apply with Jim Hartline at his Sixth Street address or send the application to P.O. Box 49, Muleshoe, Texas 79347.

It will be necessary to pay a \$25 deposit which will be held as long as a person resides in the complex. At the time they move out, Elliott said the deposit will be returned if the apartment is left in good condition.

Rent for an efficiency apartment is \$25 per week; a one bedroom, \$30 per week; two bedroom, \$35 per week; three bedroom, \$40 per week. Rent for the first week is payable in advance.

All utilities, including television cable, are paid. A telephone is not paid for by the housing authority, but will be a choice of the

Thanksgiving Dinner Slated At Needmore

Highway 214 to Needmore will be busy Saturday night for the annual Needmore community Thanksgiving dinner.

Turkey and dressing with all the trimmings, including salads, vegetables and luscious desserts, will be served the people who go back year after year for the popular annual event.

Serving will begin at 6 p.m. and tickets will be 13 for adults and \$2 for children under the age of 12.

Plan now to attend the Needmore Thanksgiving dinner at the Needmore Community Club, just east of the intersection of SH214 and FM298.

### Cold, Icy Rain Falls On Tuesday

Overcoats and anti-freeze, along with gloves and snow tires, became priority items Tuesday afternoon when a cold, icy drizzle started falling in the area.

Amid predictions of a light snow accumulation and the coldest temperatures to date this fall, moisture accumulations were negligible, as the predicted snow failed to materialize.

Also, the predicted low temperatures hovered around the 30 degree mark, to make an official freeze, but still did not dip into the low 20's as had been predicted.

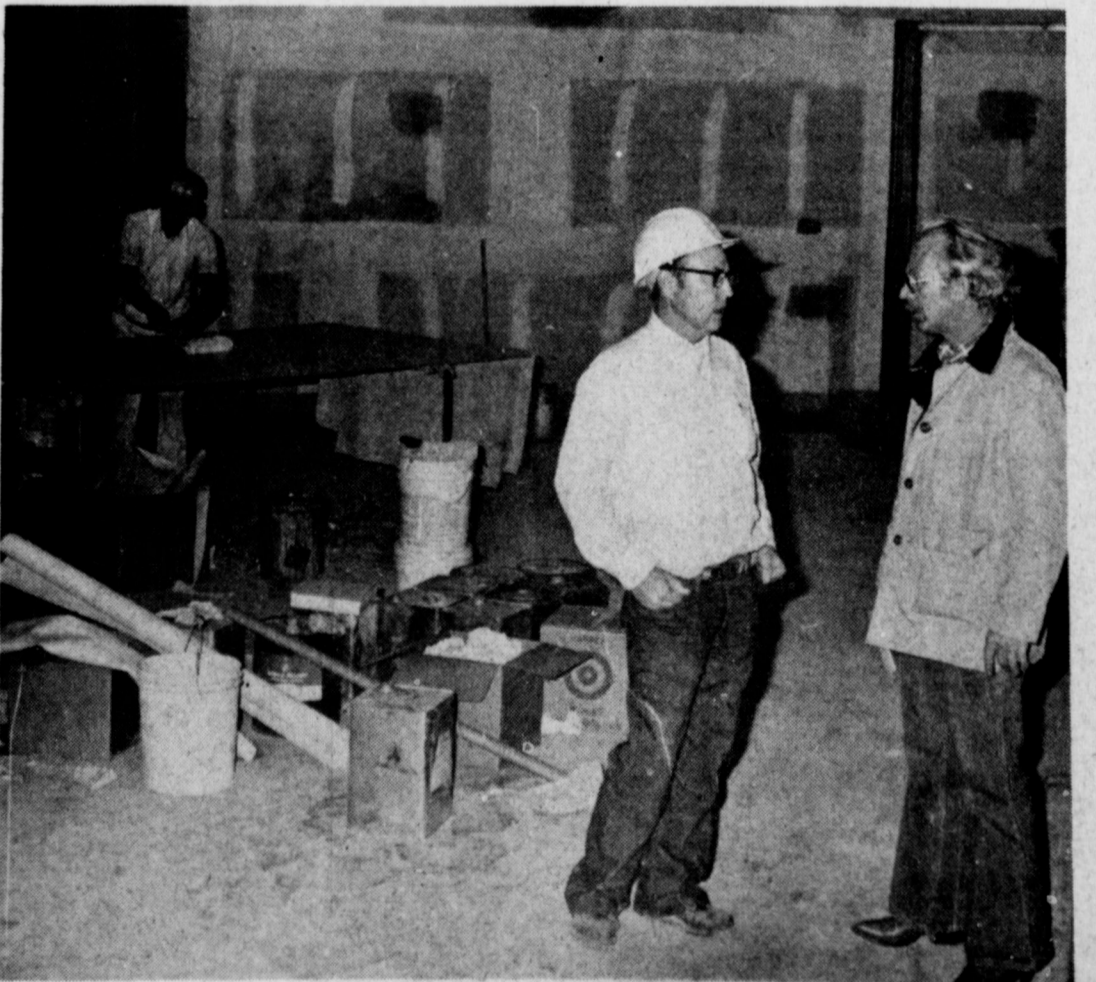

Cold, damp weather was expected to continue through today (Thursday) with little to no accumulations of moisture. Heavy snow fell to the north and west of this area, but did not reach Bailey County.

### Friona-Bovina Group Slates Trap Shoot

Bovina-Friona Knights of Columbus will host a trap shoot on Sunday, November 19, from 1:30 p.m. until dark.

It will be seven miles north of Muleshoe on Highway 214 at Longhorn Spraying Service.

Shells will be available at the shoot.

**WORKING ON THE BANK...** As the different levels of the First National Bank take shape, workmen are busy on the interior, putting in walls, a suede-finish vinyl on office walls and paintwork. The bank has been under construction most of this year, and work continues. The multi-level bank should be ready to open in the near future.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—State government again entered a new fiscal year period with a fat surplus—of \$2.7 billion.

Comptroller Bob Bullock filed with the governor's office a 1978 annual financial report showing the surplus as of last August 31.

The year-end cash balance was \$244.8 million greater than that at the beginning of the year.

Bullock's report indicated state government had total revenues and beginning cash of \$11.1 billion during the year and spent \$8.4 billion.

The comptroller said the favorable position was made possible by record revenues from major taxes. Income included \$5 billion in taxes, \$2 billion in federal aid, \$414 million in licenses and fees, \$665 million from investments of state funds and \$405 million in revenue from state-owned lands.

"The economic environment of Texas government should be the envy of budget-makers in the other 49 states and is closely linked to the state's prospering economy," Bullock said.

Biggest expenditure was \$3.7 billion for public education at all levels—46 per cent of all outgo.

Public welfare ranked second with outlays of \$1.6 billion.

Spending for state high-

ways totaled \$921.8 million.

The report showed Texas population at 12.8 million, an increase of 2.8 per cent over the last year.

Per capita personal income averaged \$6,803 in 1977—a 10.3 per cent jump.

### Data Requested

A legislative committee, assessing effect of the new tax relief constitutional amendment, requested full information on value of property owned by the aged and disabled.

The Legislative Commission on Public School Finance requested the School Tax Assessment Practices Board to come up with the data to aid assessment of the amendment's impact on school finances.

The amendment grants a \$5,000 exemption from school taxes to homeowners and permits an additional exemption of up to \$10,000 on market value of homes owned by the elderly and disabled.

In their special session last summer, legislators set aside \$450 million to reimburse school districts for revenue lost due to increased exemptions.

The commission will also assess impact of exempting intangible property from the tax base and other factors bearing on school finance.

A report on the exemptions will be made at the commission's next meeting here December 1.

### Bids Taken

The State Department of Highways and Public Transportation accepted bids this week for 44 highway construction projects expected to cost about \$67 million.

Largest project is the \$21.5 million (estimated) completion of the southwest quadrant of IH 820 around Fort Worth.

The department earlier announced federal approval of a 20-project program to provide transportation for the aged and handicapped.

Eleven of the first \$458,115 worth of projects will provide funds for organizations in urbanized areas, nine in non-urban areas. The Urban Mass Transportation Administration offers grants for equipment purchases where local sponsors agree to operate and subsidize cost of special transportation for the aged and handicapped.

### Courts Speak

The Court of Criminal Appeals ordered a new trial for a Yorktown man awaiting execution for murder of a policeman because he wasn't provided a lawyer before he signed a confession.

The State Supreme Court, in a Grayson County case, held a district judge cannot retain authority over a county's tax rolls. The judge blocked a couple from carrying on their suit to invalidate the Grayson County tax rolls, then rescinded the order.

District Judge Harley Clark of Austin turned down a suit attacking an Interscholastic League rule which requires high school athletes

who move to a new school from out of state to wait a year to play in league competition.

In other cases, the Court of Criminal Appeals:

—Ordered a new trial for a Houston man sentenced to life for aggravated robbery.

—Threw out a 15-year-to-life sentence of a Bexar County man for robbery.

—Reversed a 10-year sentence of a Weatherford man for possession of marijuana.

### Appointments

Ben Teague of Austin has been named acting commissioner of occupational education and technology at the Texas Education Agency.

Gov. Dolph Briscoe appointed Dr. William F. Ross of Dallas to the statewide Health Coordinating Council for a two-year unexpired term.

Briscoe also placed Robert J. Cheaney II of Santa Anna and Ross L. Jones of Coleman on the board of directors of the Central Colorado River Authority. They replace Oscar L. Cheaney of Santa Anna and Malcolm B. Kingsbery of Coleman.

### Short Snorts

Bill Clements, elected Texas' first Republican governor in 105 years at the November general election, already is making plans for his transition to the top state executive office. A separate office will coordinate inauguration plans.

Texas Good Neighbor Commission officially frowned on construction of a high fence between El Paso and Juarez—or any spot on the 2,000-mile border.

Port Arthur and Brenham savings and loan associations filed applications for branch offices in Dallas and Harris County. Hearings were set by the Savings and Loan Department December 4.

A Senate committee held another hearing on prospective alternatives to the property tax as a major Texas revenue source.

Texas Education Agency launched a six months intensive study of vocational education administration and programs.

Texas Railroad Commission provided money to local governments for rail planning studies in Dallas, Fort Worth, Houston, El Paso, Bryan, College Station and Laredo.

## Airman King Now Serving At Lackland

## Clemson-Maryland To Highlight Week

The championship of the Atlantic Coast Conference will be on the line Saturday in College Park, Maryland, where the two biggest in the league, Clemson and Maryland, meet for the title. Both teams are undefeated in conference play, but each has been beaten once "on the outside." The Terps were shut down completely by powerful Penn State two weeks ago, 27-3, and the Tigers were up-ended by Georgia early in the season, 12-0. Last year, they met in the opening game of the season, Maryland winning, 21-14. This year we are giving the edge to Clemson by just three points.

And if Purdue can beat Michigan, that would just about settle the championship of the Big Ten. It would also be a fantastic achievement for the Rivet-

ers since they have already whipped Ohio State. Just how long has it been since any member of the "Little Eight" beat both giants in one season!! However, if Michigan defeats both Purdue and Ohio State the following Saturday, the Wolverines and Michigan State would share the title. And that is the way it may happen. The Wolves are favored over the Boiler-makers by twenty points. It has been awhile since we have been able to chortle just a little over our forecasting average, but two weeks ago has a "happening" of sorts. We picked 163 right out of 202 games for a happy .807 average. So season's totals are 1,362 correct and 463 incorrect... average, .746. Georgia Tech and Notre Dame had identical seasons. The Yellow Jac-

kets lost their first two games to Duke and California, then won seven in a row. The Irish have done the same. They were 0 and 2 after losing to Missouri and Michigan, but they have reeled off seven straight victories since then. The two "7-2's" meet in Atlanta Saturday with Notre Dame expected to record its eight consecutive win. The spread is nine points. All the roses and the crown go to the winner of the Pac-10 title game between U.C.L.A. and Southern California. Each has been upset... the Trojans by Arizona State, the Bruins by Oregon State. The Harmon tea leaves pick Southern Cal by ten.

**ARTIST OF THE MONTH...Fern Kelly of Clovis, N.M.** was selected as the Artist of the Month for November. Her work, in watercolors, pastels and oils can be seen at the Muleshoe Area Public Library.

## Fern Kelly, November Artist Of The Month

Fern Kelly, an artist from Clovis, N.M. has been selected as Artist of the Month for November. Her painting can be seen at the Muleshoe Area Public Library.

Mrs. Kelly has studied at Amarillo College with

Clarke Garnsey, Dord Ritz and William Brand; at West Texas State University with Dr. E. Caballero, Clarence Kincaid Jr. and Chris Gikas; at the Chicago Art Institute with John Fabion and Ruth Van Sickle Ford. She has had

workshops instructed by Ruth Tears, Dallas; Danny Gamble, Mary Lena Burke; Dorothy Archer, El Paso; and the late Charlie Bunnell of Colo. Springs. Mrs. Kelly's credits in painting are so many that only certain highlights can be cited here. She was the recipient of 29 awards and honors in one three year span of her art career. Such as Grand and First Prizes, painting accepted for hanging and traveling in juried shows, work featured in art magazines and one man shows.

Mrs. Kelly states that she likes water color painting, both transparent and opaque. She also likes working in various medias. She is a member of the Muleshoe Art Association and is married to W.W. Kelly of the Santa Fe Transportation Department.

Many of Mrs. Kelly's works are displayed at museums, homes and offices.

## Mrs. Farley, Provence Married In England

Mrs. Pat M. Farley of Combs, daughter of Mr. and Mrs. Hubert Swindells of Compstall was married to Phillip D. Provence, son of Mrs. Mae Provence and the late George Provence of Muleshoe on Oct. 20 at the Chapel Register Office in England.

Given in marriage by her brother, C.H. Swindells, the bride wore a cream and fawn silk dress and milk jacket. She was attended by her daughter, Diana, who wore a cream flower-

ed a-line dress with a cream shawl. Her mother wore a navy blue suit trimmed in green.

Best man was Joe Neveill of Tansley, England. A reception was held for twenty guests at the Moor-side Hotel in Disley and the couple are spending their honeymoon touring England.

Sfc. Provence is in the United States Army. The couple will make their home in America early next year.

## O.E.S. Chapter Friendship Night

The annual Friendship Night was observed by Muleshoe Chapter #792, Order of the Eastern Star, with a pancake supper and musical program, Saturday evening, Nov. 11 in the banquet room of Masonic Hall. A cordial welcome was extended by Mrs. Bob Phillips, Worthy Matron of Muleshoe Chapter.

The Invocation was given by Glenn Lust, a Past Patron of Muleshoe Chapter. Grand Officers introduced were Mrs. Vera Armstrong, Clovis, Past Grand Matron of the Grand Jurisdiction of New Mexico; Mrs. Ruth Slough, Chapter Caring Committee, from Dimmitt; and Mrs. Mary Farley, Muleshoe, Chapter Caring Committee.

Frank Joplin, Worthy Patron of Keystone Chapter #27, Clovis, New Mexico, sang two solos. Rev. Wesley Putnam, minister of the LaZbuddie Methodist Church, led group singing, accompanying on his guitar. He also rendered solos, accompanying himself on the piano. His commentaries and admonitions, between solos, were appreciated.

The program was under the supervision of Mrs. Glenn Lust, a Past Matron of Muleshoe Chapter. The arrangements of Fall flowers and appointments on each table, were supervised by Mrs. Wayne Williams, Past Matron of Muleshoe Chapter.

Mrs. Mary Farley presided at the guest register, for the members of Area Chapters and presented each with an identification badge of a "Smiling Face". Two former members, Pat and Bill Johnson, now members of Plainview Chapter #37 attended.

Several talks were made, and appreciation was expressed for this hospitality of the Muleshoe Chapter.

The interest in educational institutions for many will dwindle rapidly after the last football game.

**ALL DAY MEET:** The Y-L 4-H Cooking Group held an all day meeting on October 27 to prepare breakfast, lunch and dinner. Pall bearers were his grandsons.

### Letters To The Editor

Editor of the paper-- If you have a "letter to the Editor" column, could you please print the following letter for me? or maybe you could help me?

Hello there, from a former resident of the Muleshoe area. My folks (Byron and Gorda Jeffcoat) had a farm out north of town back in the late 40's and early 50's, my best friend was Jay Carney, I was wondering if anyone in the area knows where Jay or the Carney Family moved?

I last heard from Jay back in the late 50's but have since lost contact with her and would love to know where and how she is. If anyone can help me please drop me a line.

Thanks loads, Mrs. Ray A. Zimmer (Colleen Jeffcoat) 609 Ortiz SE Albuquerque, N.M. 87108

Army. He had lived in Scurry County for the past 13 years.

### Rites Held For Mother Of Local Residents

Services for Frances Whittenburg, 88 of the Pittit Community were held Tuesday at 2 p.m. at the College Avenue Baptist Church with the Rev. Merle Fulmer, pastor, officiating and the Rev. Fred Blake assisting.

Burial followed in the City of Levelland Cemetery under the direction of Smith Funeral Home of Levelland.

Mrs. Whittenburg died at 11:30 p.m. Sunday in the Levelland Nursing Home.

The Purdon native was a charter member of College Avenue Baptist Church. She moved to the Levelland area in 1926 from Corsicana.

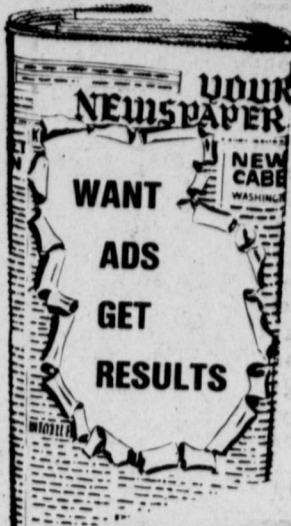

She is survived by three

daughters, Mrs. Leland (Lucille) Yeary of Levelland and Mrs. Glen Splawn and Mrs. B.C. Locke, both of Muleshoe; and three sons, Roy and George, both of Levelland, and the Rev. Harvey Whittenburg of Oklahoma Lane.

Grandsons served as pall bearers.

HIDDEN TALENTS GRAND OPENING...Nelda Hunt and Phyllis Angeley were pleasantly surprised Monday morning when a large group of people showed up for the first day of operation at Hidden Talents, their new store on West American Blvd. across the highway from the Sonic Drive In. Mayor Ken Henry performed a ribbon cutting ceremony and people looked at all the handcrafted items in the store. The store will specialize in handcrafted gift items of all types.

doesn't know as of yet where she is going to college. She is looking forward to graduation, but she looks forward to lots of fun with her classmates throughout the school year.

### Sassy Sophomores

The Sophomore class is going to the dogs: Poodles, that is. We are busy making yarn poodles to sell. They cost \$5.00 and are so adorable, you can't afford to pass one up!!

Lately, our favorite past time is watching all that money roll in! We made \$210.00 at the carnival and much more is due to come in for dogs. But, we are not through yet. We have lots more money making projects up our sleeves, so beware!!!

### FFA News

The magazine winner for this year is Doug Dupler. Doug is the son of Mr. and Mrs. Gibb Dupler. He is a Freshman. Doug sold the most magazine subscriptions, and he won the rifle. The Chapter elected the Sweetheart and the Plowgirl. The Sweetheart for the coming year is Jan Simpson. Jan is the daughter of Mr. and Mrs. Billie Simpson. Jan is also a Freshman. The Plowgirl is Shonnee Hodnett. Shonnee is a Junior and is the daughter of Mr. and Mrs. Jack Hodnett.

### FHA Report

The Three Way Future Homemakers are preparing for their annual Bazaar, Nov. 27 and Dec. 5, at Home games.

The freshman class is making felt Christmas ornaments. The sophomores are working on a mouse doll house made out of fabric and lace which they will raffle. The juniors will be baking yeast breads. The seniors are corcheting small stuffed animals.

The freshman members are learning the FHA creed and purpose.

### Eagle Report

The Eagle staff has completed its sale of ads for the 1979 yearbook. They are busy now working up the lay-outs for the Ad Section of the yearbook. They have found this job to be challenging but enjoyable.

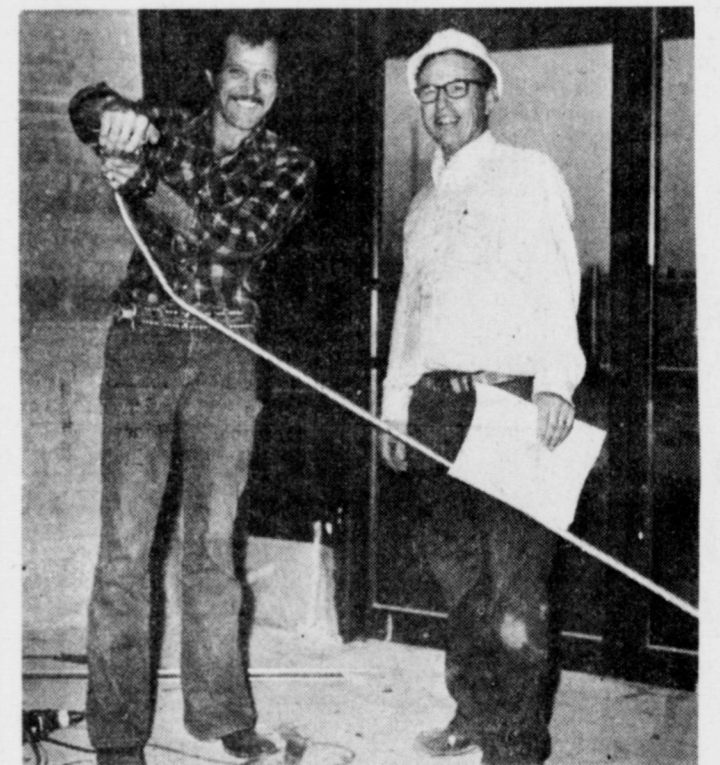

Yolanda Guillen, our photographer is taking lots of pictures, and the staff is eagerly looking forward to working on the layouts using these pictures. There will be many surprises in the 1979 yearbook!

Bob Bergland, Agriculture Secretary, sampling a school lunch: "It's like home cooking. My wife is the world's best cook, and the barbecue is almost as good as hers."

### Jazzy Juniors

The junior class had two suppers on November the third and the tenth. We had a great turnout for the suppers. We want to thank everybody who came out to eat. We would like to give many thanks to the mothers and fathers who helped make the dinners successful. The basketball girls played against Sudan, and both the Varsity and the Junior Varsity won their games.

We are delighted to see Mrs. Prewitt, one of our sponsors, is doing fine. We are happy to have her back.

Most good farmers don't wait until planting time to buy Pioneer-brand seed... not anymore.

The best farmers seem to think that having the seed with the greatest potential is too important to leave to chance. So ordering next year's seed as soon as they've seen this year's results is becoming a habit... practically a tradition.

Why? Because, when you compare Pioneer performance to brands that are always available and compare the advantages of ordering early to the disadvantages, you've got to pick up the phone and call a Pioneer dealer.

Indians' playing record is deceptive, that they have played much better games than their season record indicates.

"The Mules will have to play very good football to defeat Mort..." said the coach. "They have had to play extremely well every week this season, and this final week of regular play will be no different."

He added that he expects the Mules to continue to play well although some of the regular players will see only limited action Friday night. Some of the starters will have nagging injuries to take care of to get ready for the state playoff action.

Coach Wartes said that with 32 districts in the state, the winners of bi-district will compete after that number is cut to 16 following the bi-district action.

The 16 bi-district teams will advance to regionals. After regional action, the number will be cut to

eight. In quarter finals, the number of teams will be cut to four. Two teams will be left to play in the finals following semi-final action.

If the Mules go all the way, they will have an additional five games following the regular season. But, the loss of one game will eliminate a team from the playoff action.

At this time, Muleshoe is in the top 32 teams of the 217 AA teams in the state of Texas, a good accomplishment for the Muleshoe Mules and the entire coaching staff.

Plans to keep up with the Mules, all the way to the state finals.

**Moravec Named Conservationist For Local SCS**

Ernest Moravec, soil conservationist, has been assigned to the Soil Conservation Service field office in Muleshoe, according to Jerry Wenmohs.

Wenmohs said that as a soil conservationist, Moravec will be assisting the Blackwater Valley Soil and Water Conservation District in carrying out conservation planning and in the application of sound conservation practices.

A native of Waco, Moravec is a 1973 graduate of Texas A&M University with a BS degree in Agronomy. Prior to moving to Muleshoe, Moravec was stationed at the Levelland Field Office.

He and his wife, Lonna, are the parents of a four year old son, Ernest Jr.

The president continued, "We would appreciate your input as a member as to how we may help every student in our program."

"A large amount of the funds spent were collected through memberships. This fund is used for the benefit of your son and daughter and any other young person involved in the Muleshoe School Ag activities.

"Plans have tentatively been made for much needed improvements to the school ag farm. We would also like to help deserving students with scholarships. We would like to have each and every parent attend our Booster meetings. We need your membership to succeed."

Discussed will be the recent theft of the 10 show pigs from the ag farm.

**Carter's Anti-Inflation**

President Carter is to be commended for his current effort, though belated, to save the dollar and check escalating inflation (which he helped cause).  
 What can aid the President substantially is the cooperation and understanding of Americans in using restraint and in understanding the choices available.  
 Likewise, Mr. Carter can build more confidence in his effort if he pledges to end deficit spending, which he didn't do in his recent address to the nation on inflation.  
 Among other things, he told voters he planned to "reduce the budget deficit." He promised to eliminate it by 1980 in the 1976 campaign. It would help, now, if he reiterated that pledge, even if for 1981. Federal overspending is the basic cause of U.S. inflation.  
 The American people should also clearly face the fact that today's economic dilemma offers no easy or popular alternatives. It may be necessary to have an economic slowdown to safeguard everyone's savings and security, and strengthen the dollar. If the majority realizes this, and understands that more and more spending will produce results more harmful than the slowdown, most will be reasonable about wage and price hikes.  
 Mr. Carter is right when he says that the average citizen and business man will decide the success or failure of his anti-inflation and save-the-dollar program. But he must also set an example to inspire confidence, and end deficit spending (overspending) by the federal government.

**The MIG-23's**

U.S. defense officials are putting a good face on the recent arrival of MIG-23 jet fighters in Cuba. After all, that's all they can do. One spokesman said these MIG-23's were probably defensively-equipped fighters. Another said only about twenty aircraft had been delivered to Cuba by the Soviets.  
 Americans should not be lulled into false sense of security about the MIG-23. It is a fighter capable of low-level approach to the U.S. border within minutes of takeoff from Cuba.  
 It's very fast, not as fast as the more advanced MIG-25, the world's fastest fighter, but on a par in speed with present-day U.S. fighters. No one expects Cuba to launch an attack on the U.S., but these fighters, plus the submarine base in Cuba which reportedly handles Soviet missile submarines from time to time, constitute a considerable upgrading of the Cuban retaliatory potential.

**NATIONAL WORK FORCES**

Of nine major industrial nations, the United States is the only country to register a decline in unemployment over the past four years, the Labor Department reported.

**EDUCATION EXTENSION**

President Carter signed a \$50 billion, five-year extension of the Elementary and Secondary Education Act, including a new program to beef up reading, writing and math skills among young Americans.

**WASHINGTON NOTES**

**ON FREIGHT RATES**

The nation's railroads are seeking an average 8.3 percent increase in freight rates that could affect prices of vegetables, electricity, liquor and thousands of other items.

**TRAVELING UP**

A study by the Census Bureau shows that Americans traveled more than ever last year despite steadily rising energy costs. The study indicated that American households took some 394 million trips of 100 miles or more in 1977.

**LABOR REJECTS PLAN**

President Carter's anti-inflation program was rejected

as inequitable and unfair by the AFL-CIO, and the labor federation called for a special session of Congress to impose wage and price controls.

**JOBLESSNESS DIPS**

U.S. unemployment dipped last month from 6 percent to 5.8 percent of the labor force, the lowest rate since June. Much of the gain was attributed to more jobs for adult women.

**ON RECESSION**

A recession is possible, but not probable, as a result of President Carter's new dollar-support package. Treasury Secretary W. Michael Blumenthal said. He said the economy should expand at a rate of

about 3 percent, and possibly even slightly below, for one or two quarters next year.

**ON FOOD PRICES**

Wholesale food prices rose sharply in October for the second straight month, assuring shoppers they'll see more big price jumps at grocery stores and signaling sustained high inflation for the rest of the year, the Labor Department said.

**ON COLLEGE LOANS**

President Carter signed into law a bill that makes virtually every young American eligible for a federal grant or subsidized loan to attend college. It is specifically aimed at providing grants for an additional 1.5 million students from families with incomes of \$15,000 to \$25,000 a year.

**WASHINGTON NEWS REPORT**

**G.O.P. Election Gains - The Senate - The Governors - The Midwest**

WASHINGTON, D. C. -- The recent elections produced expected Republican congressional gains, with surprises. The gain in the House, about 13 seats, is less than G.O.P. leaders had forecast and hoped for—and much less than the off-year average, 34-36 seats. But in the Senate Republicans could increase from 38 to 41, and the result was better than expected. (Privately, some Republicans had been willing to settle for a standoff in the Senate.)

It's, therefore, in the Senate and on the gubernatorial level, that G.O.P. gains were newsworthy. Despite strenuous campaigning by many administration officials, from President Carter down, Republican gains in the Midwest were solid.

There, in 1980, the Republican presidential nominee will have the support of most state administrations. Carter, who twice visited Minnesota, and Vice President Walter Mondale, suffered their worst congressional setback in the Vice President's home state, Minnesota. Democrats lost both Senate seats and the governorship.

The 95th Congress' 62-38 Democratic margin, if reduced to 59-41 will add to G.O.P.

blocking power in the new, 96th Congress. Chief Senate races at the end of a long election night, were those in Texas and Virginia, where Republicans were hardpressed to retain seats and apparently did.

Of importance in the South is the emergence of a young Republican Senator from Mississippi. Overall, however, Democrats came out reasonably well in an off-year, which traditionally favors the party out of the White House. And they often did it by talking fiscal conservatism as loudly as Republicans.

Television network coverage of the election was impressive, generally speaking. But NBC was surprisingly slow this year, in its projections. Jessica Savage, however, obviously isn't knowledgeable enough for a role on the NBC election night team.

Both CBS and ABC outdid

NBC, for a change, in projections—though computer breakdowns slowed reporting at all networks. Dan Rather, of CBS, was obviously badly needed by Walter Cronkite. And, a

surprising number of television's commentators failed to discern decisive trend changes long after they became visible in the returns.

**Tax Cuts? Appearances Are Deceiving**

Don't rush out to spend that big "tax cut" Congress passed in last hours of this session and sent to the President.

It's a deceptive package and average taxpayers aren't the beneficiaries they were supposed to be.

In fact, you may discover that come January 1, those tax cuts you thought the President promised will disappear like a whiff of smoke.

It shouldn't come as a surprise. Not if you think back on some of Congress's other legislative handiwork for the year, due and payable beginning January 1.

Remember the new Social Security law, tripling payroll taxes for everyone? Against the strong objections of many of us that such a measure would be a springboard to more inflation, Congress passed and the President signed into law an unwarranted \$227 billion Social Security tax measure.

That's why more than 80% of the nation's more than 88.5 million taxpayers will get in effect a larger tax bill—not a smaller one—next year, because the one more than offsets the other.

The Treasury Department reports that regardless of the \$18.7 billion reduction, the tax measure won't nearly be enough to counter steeper Social Security taxes or the impact of inflation pushing individuals into higher tax brackets.

In fact, about the only good thing to be said about the tax cut bill is that it will come just in time to soften the one-two punch taxpayers are assured next year from Social Security and double digit inflation.

Consider a few examples. Married couples with two dependents in the \$20,000 income bracket will receive a tax decrease under the new measure amounting to \$167. But new Social Security taxes will cost that family \$82 and inflation will add still another \$97 to the total. Net to this family: an increase of \$12.

Married couples with no dependents in the same \$20,000 category would receive a \$98 income tax cut under the measure. Social Security, however, would add \$82 and inflation another \$91. Net increase to the unsuspecting couple: \$75.

Singe taxpayers in that income category will receive a \$117 tax cut. But Social Security will wipe out \$82 of that amount, and another \$100 will be lost to inflation. The result: \$65 net loss next year, despite a "tax cut."

Provisions of the new tax measure affecting business won't have the desirable effects on hiring either, particularly for minority youth, because Congress also passed at the President's insistence a highly inflationary minimum wage increase. It will raise this country's wage base next year to \$2.90, eventually amounting to a 45% increase over three years.

Government's standing with the taxpaying public has never been high. Taking back with one hand that which it promises with the other won't improve that estimation one nickel's worth.

At Muleshoe Junior High

Student Council Activity

November the 16, 1978, four Muleshoe Jr. High Students from the Student Council will be traveling to Austin, Tx. for the Student Council Convention. These students are Fred Vela, pres. John David Agee, vice pres., Beth Harmon, reporter and Abbye Kennedy, historian. These students will be going to Austin with the Student Council sponsors, Mr. Mike Richardson and Mrs. Mary Scoggins. In their trip they plan to tour the capital, the LBJ library and the University of Texas campus. At Austin they will be staying at the Villa Capri Motor Hotel, 2300 N. Interregional. The students and their sponsors plan to leave early Thurs. morning and attend the first session at 10 Friday morning. They will return to Muleshoe late Saturday night.

Each year the Student Council elects four students to go to Austin, and they learn ways of making their Student Council better, such as projects, and programs. This year these students will learn new things and meet many

Eighth Grade

On Thursday night Nov. 2, the 8th grade Mules played the Olton Mustangs here in a very exciting game with the Mules barely pulling it off with a final score of the game, 28-21. In the first half of the game, it looked pretty bad for the Mules, letting Olton score 21 and only letting the Mules get 6 points for the final score of the first half, 21-6. In the second half of the game things changed a little bit. In the third quarter, Hector Orozco made a touchdown running a sweep. About a minute later the Mule defense forced the Mustangs to punt. Then a few plays later Chris Kirven ran up the middle for another Mule touchdown. Then another turn over happened for the Mules. Chubby Ramos made a interception from a Mustang pass giving the Mules the ball. Then again, a few plays later, Sammy Gonzales threw a pass into the endzone to Rene Reyes for the last Mule touchdown. Making the final score of the game, 28-21.

8th Grade

Last Thursday night, Nov. 9, the 8th grade Mules traveled to Dimmitt to get badly defeated 32 to 6. In the first quarter things didn't look so bad for the Mules with Dimmitt scoring 12 and the Mules scoring 6, with Hector running right up the middle for the Mules only touchdown of the game. In the second half of the game, things really got out of hand with the Dimmitt Bobcat offense coming on very strongly. By the end of the game the final score was out of sight. Making the 8th grade Mules record for this year 4-2-1. They play their last game of the year tonight after the 7th grade game which starts at 4:30 at Morton.

Teacher Feature

The Muleshoe Jr. High Student Council voted on Teacher of the Week for the week of October 30 - November 3. The teacher who got it was Mrs. Beddingfield. She teaches six classes of 7th grade English. For the week of Nov. 6-10 the teacher chosen was Mrs. Northcutt. She teaches four classes of 6th grade Math and two classes of 7th grade Math. Both teachers were given an apple by members of the StuCo. The Journalism Staff would like to congratulate both Mrs. Beddingfield and Mrs. Northcutt on being chosen Teacher of the Wee. They are very deserving of this honor!!!!

Seventh Grade

On Thursday night, Nov. 2, the 7th grade Mules played Olton here and won 8-0. Mules defense kept them from scoring any points during the entire game. Mules scored when Dennis Ruthardt ran the reverse for the only score of the game. Mike Pecina ran a quarterback sneak for the extra point making the score 8-0. Tonight they will play Morton there.

7th Grade

Last Thursday night the 7th grade Mules also traveled to Dimmitt and were defeated 6-0. Dimmitt scored their touchdown in the second quarter. In the second half of the game, Mule defense kept Dimmitt from scoring any points. Mules next and last game will be at Morton at 4:30.

Cheerleaders Hold Rally

The MJH Cheerleaders had their second pep rally Thursday, Nov. 2. It really turned out to be better than the first one. Everyone was really fired up and had a lot of spirit. Chris Kirven gave the 8th grade speech and Dennis Ruthardt gave the 7th grade speech. The 8th graders won the spirit stick. The band played real well.

That was the last pep rally until basketball season starts, then we will have another one. The cheerleaders would like to thank everyone for coming to their pep rally and having so much enthusiasm!!!!
