Whishy Will Fetch 'Em.

SAD HAVOO MADE BY THE DESTROY EL IN ONE "SET,"

The other day two old gents, who had been reared boys together in London county, Va., met by accident at the Bobinson House, in this city, after a separation of fifty years. Their names were respectively Mr. Brown and Mr. Shacklett. After the usual greeting and con gratulations, they fell into a dias follows:

n-By the way, Captain, by old friend, George Glass coke! I havn't heard from him for thirty years.

Shacklett-He's dead, sah, Died at the early age of 75.

He had two charming girls; one was called Pretty Jane and the other Blooming Rose. Don't you remember 'em? How's the old gentleman getting along?

Shacklett-Oh, he's gone too, sah; he was getting a little oudish, and died at 105. Brown -- What! old John Marshall

Brown-Let's see, captain, did you know Major Thompsont He was a great fox hunter, and fond of running horses.

Whereupon they adjourned and took a "nip" of the identical poison that had brought so many of their friends to premature graves. Will our young men take warning by these frightful examples of men cut off in the prime of life, and in the midst of their usefulness? We hope so.

Retract from a letter from Mrs. J. C. Aldrick, Measson, Folios Ca., O., "R. P. My meahant as living recommendation of the results from the use of the Renewer, Being almost seventy years old and having worn a wig dwar thirty years, it seems a miracle to those who have known her se long se bald, snd what little hair she had being perfectly white; now her wig thrown saids, her hair grown out, and a smooth glessy brown as in girlhood. Hoping you may long continue to pour blessings on the heads of the afflicted, I remain, yours traily."

Such evidence, with the indersement of the great chemists of New England, Dr. A. A. Hayes and S. Dans Hayes, should satisfy any one, which of the preparations produce the best results.

Let us recapitulate a little, to the end of throwing light on the situation. It is within the recollection of all, that only a few months ago Western Texas was called upon to send up a Congressman to Washington, and it was but natural to expect that a point so large and im portant as San Antonio should have aspirants for the position. She had them; and we have the very best authority (that of a Democratic of fice-holder,) for the statement, that in the late Golind Convention, when two of these aspirants and their friends came to count noses, it was found advisable by way of strengthening the prospect of either for a nomination, that one of them should withdraw in fower of the other, and hy, ness, the other party and his friends should pledge themselves to cause the withdrawing aspirant to be made THE gives plausibility to this story to for weeks and weeks before the larity. meeting of the late Oity Convention which put forth the ring ticket, it was well naderstood in the community, who was to be their candidate for Mayor, as well as the balance of their ticket, particularly their candidate for City Physician!

Now, we object to having our ofdetale foreted upon us in this man-ner, and are determined to put a Stop to such things if we can. Outrages of this kind were well calculated to create an indignant feeling among our good citizens; but even that indignation was materially increased by the fact of a little time. of wire pulling demagogues at other primes; we hereby declare that the character thus given he arrestres, and the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent with truth, and is calculated to injure, and degrade us in the contact, is not consistent.

It is much to be desired that some mem bers of the Government would take pain to acquaint themselves with the tone and temper of the country. If the Cabinet had been predent it would have put Gen. Sheridan's ferocious message on or under the table, or into the fire, and said noth-Belkuap telegraphed back to Sheridan "the President, and all of the United States thoroughly approve your ourse," which was one of the most onnec essary and foolish blunders ever committed by the present Governmen? We hope that the President's forthcoming message will be a little more creditable to him, his Cabinet, and his party, and to the people of the United States, who, if they also thoroughly approved of Sheridan's course, would stand disgraced before the civilized world."

THE GREAT PHYSICAL COMPLAINT OF SEC Antonio is now the bad weather. An Aphares of the Executive Commit-tee elected by the Citizen's Meeting, held a few nights since at the Hall of the Alame Literary Society, for the nomination of the People's Ticket, for afty officers, has been prepared, and new appears both in the Express and the France Presses to day. It is written with great phingeney, forces and, indeed, power. And it is with great pleasure that we say that it has no party inspiration or aspiration whatever. THE PROPER'S TICKET IS CALTYING SVETY thing before it. The uprising of the people of San Antonio against the Ring icket has astonished even the most sanguine supporters of the Citizen's move. On the streets and in the various stores and places of resert, we hear had one general sentiment expressed, and that is, "Down with the Ring ticket !" We are Cursons. Cookfull, some classics, the People's Tokes will had a seen and the cookfull.

It is true that the Ring leaders are working with might and main, but it wil do no good. They are trying to use all the party machinery, and all the appeals to party fealty, generally used on such occasions. But they are met by both Democrats and Republicans, on every hand, who have come together, without regard to party, to sleet good and anf men to the confrol of the city government There is no resisting the tide. It will swallow up everything.

The Mind Dependent on the Body. Hypochoudria is a far more common malady than is generally supposed, has its degrees, it is true, progressifrom mental depression, or the "blues," mental hallucination; but they are all forms of the same malady. It is a significant fact that this mental ailment is invariably accompanied by dyapopala and nervousness, and the fact that it readily yields to the alterative action of Hostetter's Stomach Bitters, which are peculiarly adapted to the eradication of indigen-tion and nervous debility, proves that it originates in those complaints.
