CORR ON LOUISIANA. -Gov. Coke has sent a special mesuage to the Leighlature asking that body to "come to the rescue of Louisiana and lift from her neck the iron heel of desposio power." We admit that sounds very nice. It makes a sentence that rolls out beautifully. "The iron heel of despotic power" is on Louisiana and Texas must help to take it off. To be sure the governor is not very clear as to how. Texas is to help, but that makes no difference, he had a chance to talk buncombe and did it. Coke thought that some "iron heels was on Louisiana when its capital city was held by federal troops, against the wishes of the citizens, during the fate wan. FILIBUSTERING was denounced by all the Democratic press as outrageous and revolutionary, we remember, when it was resorted to by Republicans before the war to stop obnoxious measures unfairly forced Senator Wood, for Judiciary Committee, upon Congress. Now they justify the same proceeding to prevent the mere consideration of a measure, with ample opportunity for debate and amendment.

News Summary.

The civil rights bill passed the House by 162 yeas to 100 pays. It is the house bill with an amendment striking out the provision refating to schools. The Senate-bill was roted down. The bill now goes to the Senate, where it undoubtedly will pass also.

No result yet regarding the elec tion in Minnesota and Florida.

The Democrats of Louisiana are quarrelling among themselves. It seems there has been a kind of agreement between the Republicans and so-called Conservatives, which was the subject of a debate, in the conservative caucus. The proposition under consideration was that majority of about ten in the House, and that the past action of the Kellogg government should not be inquired into. The vote stood 38 in pretty nearly divided on the ques favor of this compromise, to 27 tion, and allowed themselves to be signation, and Gov. McEnry, who they are drifting to, and that a new was present by courtesy, said by countitation in the true anti-bellumthis action of the caucus it was evident to lifted that this was time to lower the Democratic banner, and he therefore wished to retire.

From Spain it is reported that eight baltalions of Carlists made a furious attack upon Alfonso's troops near Ortso, making a bayonet charge. They were repulsed with a beavy loss.

A decree has been issued by the allitary of Naverre, that the officers abatam from political meetings.

The English parliment re-assembled. The Queen in her speech says the mean of Murope remains unbroken. The recognition of Alfonso is under consideration. The Colonies are prosperous. She mentions the Government has been able to India from famine.

A Day Devoted to Folly.

To morrow, San Antonio enjoysa Carnival, and all the staid and steady going citizens will devote them selves to all sorts of ridiculous, foolish performances, but why not let loose one day in the year - forget our business as well as our prayers?

San Antonio is the only carnival city in Texas,-her mixed population.-largely mixed with the carnival element, -her quaint old buildings, parrow streets, her bridges, and her climate, entitles her to the destinction of being called the Florence of the new world. The Arno finds a more beautiful counterpart in the Ean Antonio, and while our bridges are neither grand or beautiful, they are unique, and our mud paved streets can only be found here. But above us the deep blue sky, rivaling the skies of Italy, can not be discounted.

Then let us have a gay old day; let fun and folly reign.

N. H. Republicans to Speaker

CONCORD, N. H., January 28 .-The Republican State Committee was in session yesterday, and sent the following dispatch to Speaker

The Republican State Committee in convention assembled send greetings to the true Republicans in Congress of the United States who stand by the civil rights bill and by Grant, Sheridan and Sherman in their efforts to protect the con stitutional rights of every citizen of the republic, and the representatives of New Hampshire will stand by you on the second Tuesday of March.

MR. AND MRS. SARTORIS, son-inlaw and daughter of his Excellency Butler & Mcintire, the President, once more set foo public, of the White Star line, which reached her dock at I o'clock. They were met on the wharf by a party of friends, including Fred Grant and Mr. Houere, of Chicago, and at once took carriages and proceeded to the Fifth Avenue Hatel. In compliance with the paternal injunction any special demonstra-tion was avoided, but the returned couple were greeted with the greatest effusion by the friends in waiting. Dinner was immediately served in the parlor of Colonel Grant, and meanwhile the beautiful flower - basket, with the words, "Welcome Home," which had been prepared in anticipation of Nellie's return, was placed in her room as a greeting upon her entrance. The passage of the Republic was a very agreeable one for the season of the year and without incident worthy of mention. The party will remain in New York for a short time, and then proceed to Washington, where a round of social festivities in honor of the returned "Princess" will take place .- New York Herald.

OUR POST OFFICE. - San Antonio i blessed with ppc of the first class Post Offices of the State; and Uncle Sam is supposed to do all necessary to make our Post Office facilities equal to Galveston, Houston or Austin. San Antonio is the second eity in trade and population in the State, tit is venerable in age, noted for its refinement-not indifferent in its literary tastes; the Headquarters of the Army, and the home of fifteen thousand American citizens; and yet this first class Post Althe braild not be considered any thing extra for an eastern village of five hundred inhabitants. It is situated rather out of the business section,-in a build ing that would make a very good pea-nut or apple stand—the interior fittings look as ancient as the old cedar door that faces it, and bears the marks of the bullets fired during the seige when the city was captured by Milam; the standing room inside the delivery would accommodate twenty-five persons, and one clerk bobs about behind two windows - labelled, "Gents Delivery" and "Ladies Delivery," while people stand for hours to bear if they have letters, walting their tarn. He slower than the old mill in grinding one its grist. Whose fault is it?

We want a first class Post Office in San new administration of affairs generally. The Postmaster General would be astonished if some enterprising photographer sent him a sketch of the little one-horse concern he is rensing in our far-famed city. Whose to blame?

THE Pittsburg Commercial says that the new Democratic Senator, McDonald, never drew a loyal breath. There is not a single patriotic impulse in him, and he is as devoid of warm blood as a frog. CONSUMPTIVES, TAKE NOTICE. — Every noment of delay makes your cure hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in of a remedy. The amount of testimony in favor of Dr. Secenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Scheuck's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Scheuck's Pulmonic Syrup alone has cured many, as these evidences will show; but the entries often producted by the employment of two other ramedies, which Dr. Scheuck provides for the purpose. These additional remedies are Schench's Sea Weed Tonic and Mandrake Rills. By the timely use of these medicines, according to timely use of these medicines, according to directions, Dr. Schenek certifies that most directions, Dr. Schenek certifies that most any case of consumption may be cured. Dr. Schenek is professional at his prin-cipal office, Corner Sixth and Arch Sts., Philadelphia, every Monday, where all let-ters for advice-must be addressed.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and care fully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Hemittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or missmatic

No one remedy is louder ealled for by the necessities of the American people than a sure and asfe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will cradicate the disease, and with a serror ance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatle poison of Fevers And Actic from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where Fevers AND ACUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the appeady and reartain cure of intermittents is, that it contains no Quinnine or mineral; consequently it preduces no quinism de other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralge? Rheumatism, Gout, Headache, Blindness, Toothache, Esrache, Catarri, Asthma, Palpitation, Painful Affection of the Spleen, Hysterios, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURB" expels the poison from the blood, and consequently cures them all alike. It is an invaluable pro consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally of daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even—more valuable for protection than cure; and few will ever suffer from Inher-mittents if they avail themselves of the protection this remedy affords.

For Lever Comptaints, arising from torpidity of the Liver, it is an excellent remedy, etiminating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.
