MARRIAGE QUIDE, 

Every year increases the populari-ty of this valuable Hair Preparation which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair-grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes."

A Word of Advice to Travelers.

The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost dinnecessary that we should say angletin its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. DR. WHIVYTER MARRIAGE CUIDE,

Every year increases the popularity of this valuable Hair Preparation which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect ed preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a spiendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA BATION for its intended purposes." Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasuatic

No one remedy is louder called for by the necessities of the American people than a sure and safe care for Ferer and Ague. Such we are now enabled to offer, with a perfect certainty that, it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which profescis from or prevents this diserder must be of intmense service in the communities where it prevails. Ferension is better than cure, for the patient escapes, the risk which he must run in violent attacks of this baleful distenser. This "CURE" expels the misamanite poison of FEYER AND AGUE from the aystem, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remody every yet discovered for this class of complaints, but also the cheapest. The large quantity was supply for a dollar brings it within the reach of everybody; and in billoun districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and pre-tection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of lutermittents is, that it contains no Quinism quother injurious effects whatever upon the constitution. Those cured by it are lieft as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the minamatic poison. A great variety of disorders arise from its irritation, among which are Neuralgif Hheumalism, Gout, Headache, Hindness, Toothache, Euroche, Celarri, Asthma, Palylatition, Fainful Affection of the Spicca, Hysterics, Fain in the Bowels, Colle, Paralysis, and derangement of the Stomach, all of which, when originating it this cause, put on the instrument, all the procession of the spicca. A Word of Advice to Travelers. The Missouri, Kansas & Texas Railway

The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aughtjin its praise. Yet we cannot ever got back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed.
