But the proof of the state of terror and United States office-holders (whom the sub committee virtually disqualified), not on the United States Army officers (whose testimony is almost uniformly to a reign of terror that made a fair election last fall impossible), for the reluctant and prevaricating testimony of those who were sum-moned from and is behalf of the White League, when sifted and critically examined, proves all that has been charged. For example, we take the testimony of Bibers Al Bunter, of Runfider Pariett, editor of the Caucasian, which is published at Alexandria. Harter began his testimony with prevariention - to use a very mild term-but before he got through he was brought out.

Hunter denied that in his parish they had a White League, but he said that they had an organization of a party on the color line, because they had failed to induce any of the blacks to join them. Sevmeets any question on its merits, eral editorials from the Cascasian, counsel ing violence to establish a white man's government, were read to him, which he acknowledged. He stated that he was ready, with armed men, to seat the White League members from Rapides, and that if the United States troops had not interfered somebody would have got hurt. His idea of settlement was that the United States Government should hold off its States Government should hold off its hands and let the people of Louisiana fight it out. He said that at the Colfax massacre fifty-nine colored men were killed, and two white men died; that his paper approved of the massacre, as did most of the people, and that his associate editor partisipated is the Grand Parish massoce.

Huster's testimony was equally significant in to the election of 1878. He was saked how it happened that in the parish Hunter's testimony was equally significant in the placeholder of 1878. He was asked how it happened that in the parish of Rapides, with a white regularation of 1,011, McEnery, the Democratic or White League candidate, had a return of 1,960 vetes. He answered: "I can't tell you anything about 1872 as all, I refused to participate in that companion." Fet a color leyed. participate in that campaign." Yet as he leader so much well-deserved praise. aid he advocated the resort to a party on the color line, because argument had failed to bring any blacks to their side, he virtually declared that these 840 votes in that parish for McEnery, more than the whole number of whites registered, were not east by blacks; that is to say, he virtually declared that this return was by fraud in counting. When further pressed te explain it, he said, "I do not attempt to account for It. Gov. Warmoth had a way of doing things that did not suit me."

He was further pressed with the ques-tion: "Do you not believe there was in pelled him; and yet that paper no Rapides a fraudulent count of at least 900 votes ?" He answered: "I would rather you would excuse me from answering that." nasmood as here was a count of 849 vetes for McEnery, more than the whole numher of whitee registered, from which the conclusion was unavoidable, that they were either colored or fraudulent, the committee pressed him further, to see

Q. Then, if the count on either side could be relied upon, how would you have had Pres. Grant act so as to get a result?

A. I don't believe he could have done so; I blame Congress more than the President.

This man is a specimen brick of the White League conservative. He knew that over 900 votes were fraudently counted for McEnery in his own parish. He knew of the valle of the man apen fraud that would wipe out many times over any that would wipe out many times over any majority ever elaimed. for McEnary, and that he knew that the same Warmoth offithat he knew that the same warmorn of ciaig and Warmoth management kept the pells all over the Sints. Fet he would have the United States hold off their hands and let the color-line party install these swindlers of a people. And his notion of the appreciaion of Louisiana is because this is not permitted.

Consumerates, Taka Notice.—Every moment of delay makes your cure hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Spenchal Pulmonic Syrap, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other madicine. See Dr. Schenokl's Almanad containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenokl's Pulmonic Syrap alone has cured many, as these evidences will show, but the sure of often promoted by the employment of two other remedies which Dr. Schenokl provides for the purpose. These additions, remedies are Schenok's Sea Weed Toole and Mandrake Pills. Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-BATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines.

FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NASHUA, N.E.

Ayer's Ague Cure, For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb-Ague, Périodical or Bilious Fever, &c., and indeed all the affections which arise

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will readicate the disease, and with assurance, founded on proof, that ne hisrme can arise from its use in any quantity.

That which profects from or prevents this disorder must be of immense service in the communities where is prevails. Free-mison is better than cure, for the pertails. Free-mison is better than cure, for the pertails. Free-mison is better than cure. This "CURE" expels the missmatic polacin of FRYER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory aymatems. It is not only the best remidy ever yet, discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and is billous districts, where FRYER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rick, A great superiority of this runedy over any other ever discovered for the speedy and eartis cure of Intermitients is, that it contains no Quinism of other lapitious effects wisaever upon other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinisme or unineral; consequently it precluces no quinism de diblor injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease. Force and Ague it not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgi? Eheumatiam, Gout, Hendache, Bilindness, Toothache, Earsche, Culiarrit, Asthma, Palpitation, Palainia Affection of the Spices, Hysterics, Pain in the Bowels, Coile, Paralysis, and derangement of the filomach, all of wifeth, when originating in this cause, put of the historian districts. If taken occasionally of dish consequently curse them all alike. It is an invaluable protection to immigrants and persons are wellings on temporarily residing in the maisrious districts. If taken occasionally of dish while exposed to the infection, that will be exceed from the systems, and unamot accumulate in sufficient quantity to ripen into disease. Hence it is given more valuable for protection than copy; and few will ever suffer from intervaluation of the later than one to be a fixed to the protection than copy; and few will ever suffer from intervaluation than copy; and few will ever suffer from intervaluation than copy; and read that the protection than copy; and producing many truly remarkable cures, where other than copy; and producing many truly remarkable cures, where other medicines fails.

By their occasional use, the blood is purified, the corruptiona of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and singgish are cleansed by Ager's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them piesanant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or sick, or coorpation.

A Word of Advice to Travelors The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most com-Texas, as one of the finest and most com-fortable Roads on the continent to travel on, that it seems almost nuncessary that we should say aught in its praise. For we cannot ever get back from a trip over this line without saying something in praise of the management, who, always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and is always in the best possible condition and trains are at all times run at uniform speed. Pullman's fuest Drawing Room Sleeping Cara accompany all through passenger trains, and if you are going north or ass, by making year wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Taxas. Their Dining Stations and Honre for Meals are all that a traveler could wish for, and in fact there seems to be nothing left undone to render a trip over this line pleasure.

out. 28-1-75-why Little of Waters' Concerto Partor Drain' possesses a beautiful and pecamely soft tone. The Concerto Stop is witherly seft tone. The Concerts Stop is with-out doubt, the best ever placed in any or-gan. It is preduced by an extra set of reeds, peculiarly voiced, from which the sflect is most charming, and its imitation of the human woice is supberb. For sweet-pess of tone and orchestral effects it has no equal."— N. Y. times.

First Mortgage Premium Bond

N. Y. Industrial Exposition Co

These Bonds are issued for the purpose of raising funds for the erection of a building in the City of New York, to be Perpetual World's Fair, permanent home, where every manufac

turer can exhibit and sell his goods, and every patentee can show his invention; a every patentee can show his invention; a centre of industry which will prove a vast benefit to the whole constry.

For this purpose, the Legislature of the State of New York has granted a charter to a number of our most, wealthy and respectable merchants, and these gentlemen have purchased no less than eight blocks of the most valuable land in the City of New York. The building to be created will be seven stories high (150 feet in height) surmounted by a magnificent dome, and will cover a space of 22 acres. height) surmounted by a magnificent dome, and will cover a space of 22 acres. It will be constructed of Iron, Brick and Glass, and made tre-proof. The bends, which are all for \$20 each, are secured by a first mortgage on the land and building, and for the purpose of making them popular, the directors have decided to have constraint drawings of \$150,000 each; this

quarterly drawings of \$150,000 each; this money being the interest on the amount of the whole loan. Every bondholder must receive at least \$21.00, but he may receive \$ 100,000 ! Or \$35,000 or \$10,000 or \$5,000 or \$3,000 &c.
