Medicated & Hot Vapor Baths.
This is to certify that my wife seven months ago was afflicted with what physicians called MILK-CRUST. They treated it lightly, and made but feeble attempts to cure it, thinking it only a skin disease. The child grew worse, until the arms, legs and face were entirely covered with sores, attended with an itching which very nearly drove her mad. She was almost worn out from loss of rest and sleep. I called on Mrs. HENRY; she immediately began her treatment, and in two months the babe was entirely well. Many thanks to Mrs. HENRY, and I recommend her to the public. I have also found her Salve an invaluable remedy in the household.
