Water.

Water is not only a necessity but a blessing. To a city, a plentiful supply of good, pure water becomes Science and invention has been put to the test to overcome natural ob stacles in order to accomplish this

San Antonio is happily situated, being at the fountain head of two magnificent crystal streams, of never failing water; but these streams have worn channels below the surface, and the old Spaniard conceived and carried out the idea of taking out the water from its natural channels and utilizing it to irrigate the land and to run before the door of every dweller in the valley. These canals dug by those old tollers a huadred years ago, are good to-day, and are their purpose well; But seeing and investion and Yaukee engaging has devised plans for for-cing this same water to a perpendicular height of one hundred and fifty feet above the level of our ditches and even of making it climb hills, regardless of the well established principle that "mater will not run up hill.

Our city has recently been cuter-tained with a proposition from the New York National Water Works Company who have been very succonstal in possing in operation water works for several western cities. We have not examined this proposition yet but regarding the erection of water works an enterprise of great importance to our city We shall discuss the matter thoroughly pre and cen, and se far as we are able, place the matter before our readers in all its pleases.

The plan of reducing rates and adjusting erican for beard according to the floor or the location of the room opcupied is now recognized everywhere as the best one This plan, the result of tast, rare enterprise and a keen insight into the unstatus of hotel management, was originated by H L Powers, the proprietor of the Grand Contral Hotel on Broadway, New York, From tral Hotel on Broadway, Naw York. From the start the plan worked to well that it has placed the Grand Central in the lead of the Brat class betels in New York and hope it there. To illustrate this, the Grand Central, although the largest hetel in New York, (It is really the largest hetel in New York, (It is really the largest in the world containing 630 rooms,) and the most elegantly-furnished, scales its rates from \$1 to \$2 per day less than any other first-class hotels that approach it in ctyle and rank. Many puople will be surprised to learn that 5 or 6 meals per day are considered necessary at first-class hetels in New York. The Grand Central furnishes els coperate meals each day, from early more 'til closs night, and is fast becoming celebrated for its tuble.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HARR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D. State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I counder it the Best Purra-RATION for its intended purposes."

Frevention is better than eurs, for the patient secapes the risk which he must run in whome the takes of this besteristic temper. This "CURR" expels the minamatic poison of FRYER AND AGUE from the system and prevents the theretopusest of the discount it takes on the treat approach of its premonitory symptoms. It is not only the heat remody very yet discovered for this class of compliants, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in billous districts, where FEVER AND AGUE prevalls, everybody should have it, and use it Preval, both for cure-and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superfority of this remedy over any other ever discovered for the speedy and certain cure of intermitteents is, that it contains use Quinisms or mineral; consequently it greckees no quinisms or other injurious effects whatever input he constitution. Those cired by it gre left as healthy as if they had never had the disasses.

Fever and Ague is not alone the consequence of the minamatic poison. A great surgery of disorders arise from its irritation, mnong which are Neuralge Rheumattein, Gout, Headache, Billedness, Toothache, Earache, Catarri, Aschma, Palpitation, Painful Affection of the Spices, Hysterics, Pain in the Bowers, Othe, Parlywis, and derangement of the Stomach, all of which, when originaling, in the same, put on the intermittent type, or become periodical.
