Mr. Barbeck brings energy, talent, pluck, experience and plenty of capital into his new venture.

And The Steel Meeting brow The Stock Raisers' Association of Westera Texas, met parament jo adjournment at Monday, the 3th metant. The President, which was caused by the removal of O. A. McLane, Esq., from this place to Laredo, was filled by the election of Jas. C. Cade, Esq , as Secretary. J. C. Carr was abosen Marshal. The President then addressed the Association in a clear, forcible and impressive speech, zexiswing its past history, commenting upon its present prosperous condition, calling for a still stronger effort and co-operation of its intings and friends to a unity of action o forward the cause in which they were

all engaged, which would prove an henor d themselves, besides a pecuniary bless ny to the country and posterity. The killing and skinning of cattle for their hides was a point on which he made many valuable suggestions, and said that the Grand Jury could put a stop to the crime by taking cognizance of every case and ither send the culpable parties to the Penitentiary or drive them from the midst of the good ettizens.

He announced that, owing to so few of those engaged in buying and driving stock being present, but little business would or could be dense at the present meeting; that the semi-annual fall meeting would be the one at which payments would be made and socounts settled for the purchase

Every year increases the populari-ty of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring that on Fadeo Haus to its youthful color, making it soft, lustrous and silken.

The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING exer used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. A Word of Lavice to Travelers.

The Missouri, Kausse & Texas Railway has become as well known to the people of Texas, as one of the flipest and most confortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught in its praise. Fet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patroid comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's fluest Drawling Room Steeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hamilton or St. Louis. And for Kanass City, Denver, California, or any of Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left undone to render a trip over this line pleas-ant. 28 1-75-w1y L121

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect-ed preparation for restoring Grax on Fapro Ham to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HATE DEESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the East Pauranation for its intended purposes."
