When Fame their relicance keeping;
But the first soft nigh of spring shall

The wild flowers over them sleeping.

THE following very touching piece of poetry was wristen by Robert Emmet Hooe of the United States Favy house years before the war, and well bears republication. It is said these lines were the outpourings of his heart, since in a private difficulty he had taken the life of a fellow man, and the remorse of consci-"MY LIFE."

My life is like a shattered wreek, Cast by the waves upon the shore. The broken mast, the rifted deck, " Talls of the shipwreck that is o'er; Yet from the relies of the storm. The mariner his raft will form, Again to tempt the faithless sea; But Hope rebuilds no burge for me.

CARDINAL The Catholic Telegraph contains a long account of the installation of Cardinal McClockey. We quote the fellowing

"The Architetions were headed by the saintly Archbishop Honni, of Milwankee, whose snow white hair always reminds me of that of Pine 1X., and the courtly Archbishop Williams, of Boston. Next came the Archbishop of Quebec, whose large black eyes and classical features tell of a high lineage. The eloquent Archbishop of Toronto was in advance of the talented Archbishop of Halifax, whose gracious manner and sweet smile make friends by the dozen. Behind him same the beloved patriarch of the West, who, for forty two years, has worn with unexselled honor the mitre and held the crozier of the See of Cinetrinati se Bishop and QAZETTEER Pater State first Archbishop. The buzz of inquiry: "Who is that renerable man ? How pale he looks "" "Plat's Archbishop Purcell, of Cincinnati," are harriedly whispered as he moves toward his seat. The reportorial corps sat in front of me. Their pencils tlaw rapidly over their manuscript paper as soon as they heard who he was. The Herald says: "There was Purcell, from the banks of the Chie, sie hair white with nearly four-score winters, and his form bending under the laboraci more than forty years of his episcopacy. readers of the Telegraph of him. But let me tell them that he has dedicated more churches than any other penlate living, more school houses, convents, and hospitals: that under his eye, in his ewn home, almost, he has trained fourteen priests for the high office of Bishop of the Catholic Church, three of whom the pulsum awaits from the hands of the Ab-Legate of the Holy See, Monsignor Roncetti. He was a Bishop three months, less one day, before Cardinal McCloskey was ordained priest. He has crossed the Atlantic many times than any prelate in the Catholic Church. His marvelous memory and warm heart are still in full vigor. May God grant him many more years.

AUSTIN, TEXAS, April 3, 1875. I have to ask your attention to the call of a State Convention of the Republican party issued by Mr. Adolph Zadeck, Secretary of Ex lommittee, during my absense. I now join Mr. Zadeck in that call and recommend the same for the purposes set forth therein by him. I request Republicans throughout the State to respond to the call by sending up a full representation.

The matters to be considered by the convention are of vital importance to you not only as Republicans but as citizens.

Very respectfully, BOULDS BAKER, Ch'm'n of Ex. Committee.

A Church running over With Wealth

The extravagance which has marked the investure of Cardinal McClosky with his new dignity would signify that the Romish church in this country is running over with wealth. The simple ceremony of conferring the Baretta cost \$30,000, and now we are told on the 20th just., at a ceception given Cardinal McCloskey, by the pupils of the Convent of Mount St. Vincent, in Hudson, he was presented with a basket of flowers, containing a pictorial cross. The cross not included in routes 1 and 2. was of diamonds, with two topaz. It is worth \$20,000, and was the gift of the community of Mount St. Vincent.

Save the Records.

We have called the attention of the county authorities to the imperative necessity for the immediate construction of a fire proof vault amply sufficient to protect the valuable records of this county from destruction by fire. At any moment this may occur, and the records are more exposed than they ever were in consequence of the peculiar position of the building in which they are kept.

Now there is no excuse for the county authorities delaying this matter. A special meeting should Oats-Thos. The Voice of the Great West. The voice of the great West accords to Tostetter's Stomach Bitters the foremost place among specifics for malarial disease and this opinion is echoed wherever upon this continent the Bitters have been introthis continent the Bitters have been intro-duced as a remedy for intermittent and remittent fevers. These mainties being the peculiar accuracy of vast regions of country in the Western and Souths waters States, it is no surprising that the Bitters, should be the great modicinal staple of such localities, or that their inhabitants should regard this article as indicavents. should regard this article as indispensable in the household. The experience of the western emigrant proves that it is the very best means of acclimating him to un-aconstomed air or water; and old residents of fever and ague regions say that it is the only thing that protects them with cer-tainty against the visitation of missmatic disease. An equally high estimate is plac-ed upon its virtues as a remedy for stemach, bowel and bilious complaints, and as a general tonic and corrective.

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, The Howe Machine Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark, a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Elias Howe, Jr., Inventor and Maker, New York, U. S. A." This medallion is embedded in each Machine, and none are a production of the Howe Machine Company unless they hear this distinguishing. Trade Mark.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., tate Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Bust PREPA-BATION for its intended purposes." Sold by all Druggists, and Dankets in Medicines. Price One Bollar. Buckingham's Dye.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Bumb Ague, Feriodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or missmatic

No one ramedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Agne. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and wilk a surance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense, service in the communities where it prevails. Preventions is better than cure, for the patient sease; the risk which he must run in violent attacks of this basical distemper. This "CURE" expels the missmatle poleon of Fevers and Actra from the system, and prevents the development of the disease, if taken on the first approach of its preining of the property of the class of compilants, but also the chempest. The barge quantity we supply for a dollar brings it within the reach of the class prevails, everybody; and in bilious districts, where Fivers KND Actra prevails, everybody should have it, and use it. Recely, built-for sum and prevent apperiority of this remedy over any other ever discovered for the speedy and corrisin cure of Intermittents is, that it centains no Quinism or intermittents is, that it centains no Quinism or other injurious effects whatever upon the constitution. Those cured by it associate as healthy as if they had server had the decesse.

Fever and Ague is not alone the consequence of the missmalle poison. A great writty of this received to the speedy and corrisin cure of Intermittents is, that it centains no Quinism or other injurious effects whatever upon the constitution. Those cured by it associate as healthy as if they had server had the disease.

Fever and Ague is not alone the consequence of the missmalle poison. A great writty of this orders arise from its invitaition, whom or injusting in this catioe, put on the intermittent type, or become general problems. A This orders, and a persona travelling or temporarily replaing in the mathematical predection to immigrants and persona travelling or temporarily replain valuable protection to immigrants and persons travelling or immportantly residing in the maintenance of the property districts. If taken occasionally or daily while exposed to the inflection, that will be exceeded from the system, and cannot accumulate in sufficient quantity to ripon into discusse. Hence it is even more valuable for protection Hence it is even more valuable for protection than cure, and few will swee suffer from internitients if they avail themselves of the protection this remedy affords.

For Liver Considerately, which the troubly of the Liver, it is an excellent remedy, standulating the Liver into benithy activity, and producing many truly remarkable cures, where other medicines fail.

For the relief and cure of all derangecure of all derangements in the elonach, inver, and howels. They are a mild aperient, and as accellent purgative. Being purely regelable, they contain no mercury or minaged the second property with the property of the prop

merious elektress and suffering is prevented by their timely use; and every family should have these to have for their protection and relief, when required Long experience has proved them to be the askest, narrest, and best of all the Fills with which the market abounds. By their occasional size, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleanaed by Aper's Fills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes then pleasant to take, and preserves their virtues unimpaired for any length. of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

The Missouri, Kannas & Texas Railway has become so well known to the people of Texas, as one of the finest and most confortable Reads on the continent to arrayal on, that it seems almost unnecessary that we should say aught in its praise. Fet we cannot ever get back from a trip over this line without saying something in grains of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and is always in the best possible condition and trains are at all times was at an inorm speed. Pullman's facet.
