1978 Gross Sales Break All Records

State Comptroller Bob Bullock said this week gross sales in Texas during the third quarter of 1978

Around Muleshoe

Late Tuesday afternoon, Gilbert Dale, 31, a farmer who resides on Route Two, Muleshoe, filed his intention to be a candidate in the upcoming election for school board trustee.

He will join Marshall 'Catfish' Williams, and incumbent Don Harmon, who previously filed, for the two open slots on the board.

At presstime, no one had filed for mayor of the City of Muleshoe.

Deadline for filing for both the city and the school board election is Wednesday, March 7.

Mrs. W.M. Underdown, who has been hospitalized in Lubbock since January 26 was released from the hospital Wednesday morning to return to her home in Muleshoe.

While at the hospital, Mrs. Underdown under-

XIT Drive In Sets Opening

This Weekend

Saturday, March 3, the XIT Drive In Theatre will open for the spring and summer season, according to operator, R.L. Pummill.

During the month of March, the drive in will be open on Saturday and Sunday. Starting off the list of movies for the spring and summer will be Born Again, the story of Charles Colson, starring Dean Jones and Anne Francis.

Born Again will show Saturday and Sunday, March 3-4.

Also scheduled in March will be The Big Fix, Bedknobs and Broomsticks, Stingray and F-I-S-T.

surged past second quarter sales by more than \$1 billion, reaching \$45.2 billion during the three month period.

Only on major urban area, Tarrant County, posted a decline in sales over the second quarter, Bullock said.

Tarrant County sales dipped \$100 million from second quarter figures to \$3.1 billion in the third quarter.

In Bailey County, the 198 reporting outlets reported sales of \$18,766,654 for the third quarter. Of this amount, gross taxable sales were \$10,225,295. Deductions reduced the taxable amount by \$5,676,846 and use tax purchases deducted another \$17,054, leaving the amount of sales subject to tax at \$4,565,503.

A total of \$4,848,269 in sales was reported by the 86 reporting outlets in Cochran County. After deductions of \$594,805; gross taxable sales of \$1,889,334 and the use tax purchases of \$3,317, Cochran County's amount subject to tax was \$1,297,846.

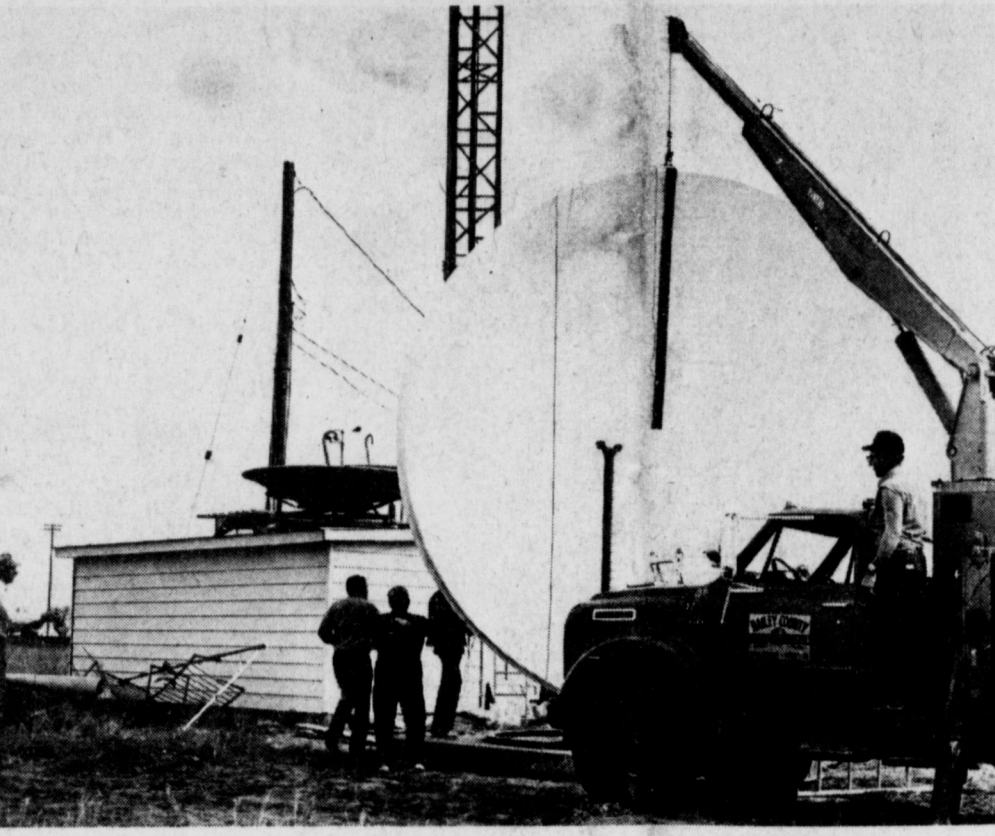

Lamb County, with 387 reporting outlets, said their gross sales were \$52,496,725. Of this amount, gross taxable sales were \$18,576,582, deductions accounted for \$11,175,081 and use tax purchases amounted to \$25,520. This left Lamb County's amount subject to tax at \$7,427,021.

From Parmer County, the 195 reporting outlets said they had gross sales of \$18,414,199. Of this amount, \$9,597,803 was included in gross taxable sales and deductions amounted to \$6,604,932. Parmer County listed \$182,315 in use tax purchases, leaving the amount subject to tax at \$3,075,186.

Bullock said the 1978 three-quarter total for gross sales in Texas climbed to \$131.8 billion with the addition of the latest sale figures.

Bullock's office released a computer analysis showing reported sales for each

SATELLITE ANTENNA INSTALLED... Workmen were busy late last week installing a massive new antenna for Muleshoe Antenna Co. The new antenna will receive signals from 22,300 miles out in space and provide two new stations for local viewers on the optional service. Pictured working on the new antenna are Ray Terrell of Bailey County Electric Co., at the truck; and Carl White, Lesley White, Merlyn Neel, Kenneth Fender and Ray Gullford, technician from Con-Tech in Arizona.

Fire Department May Get County Subsidy

Tuesday night, all members of the Bailey County Commissioners Court and the Muleshoe City Council, along with City Manager Dave Marr and Assistant City Manager Jack Eades met in joint session in the Bailey County courthouse.

Shared Services by the city and county was the only item on the agenda to be discussed. Bailey County Judge Williams presented a list showing how much the county spends on welfare, mental health and the local ambulance service. However, the commissioners were reminded that welfare and mental health service are mandated by law, and counties required to participate.

Members of the city council were at the meeting to request aid for the Muleshoe Volunteer Fire Department. They presented figures again, which show that the Muleshoe

shoe Volunteer Fire Department answers more than 60 percent of the fire calls in this county out of the city limits of Muleshoe.

Council members asked for a water truck to be used for out of city calls, a proportionate share of operating costs, dependent on the number of calls outside the city limits, storage space in the Bailey County Exhibition Center and Coliseum for the water

truck and two smaller trucks to answer county fire calls, and a capital outlay of \$7,500 per year, to be used to help replace equipment.

The commissioners were reminded that in the past, the city bore the entire cost of firefighting in Bailey County, but citing increased costs, said there was no choice but for the county to participate in firefighting costs.

Mayor Ken Henry explained to commissioners that both the city council and the commissioners are elected by the people to conduct their business and to provide needed services.

It was also explained that it was not a matter of if they were to provide services, but how to provide the services in the most efficient manner.

City Manager Dave Marr suggested that the county provide the water truck immediately, then start paying the capital outlay in 1981, and pick up the county's portion of the operating cost in their 1980 budget.

Although the city asked

YCC Program Recruiting For Summer

The U.S. Fish and Wildlife Service announced that applications for the position of Youth Conservation Corps (YCC) Camp Director / Environmental Awareness Instructor and other positions will be accepted at the Muleshoe National Wildlife Refuge.

YCC is a summer program designed to provide boys and girls, ages 15 through 18, from all social and economic backgrounds, with environmental training and employment in conservation work needed on the refuge, said Al Jones, manager of the Muleshoe National Wildlife Refuge.

The camp will enroll 20 boys and girls on a non-residential (commuter) basis.

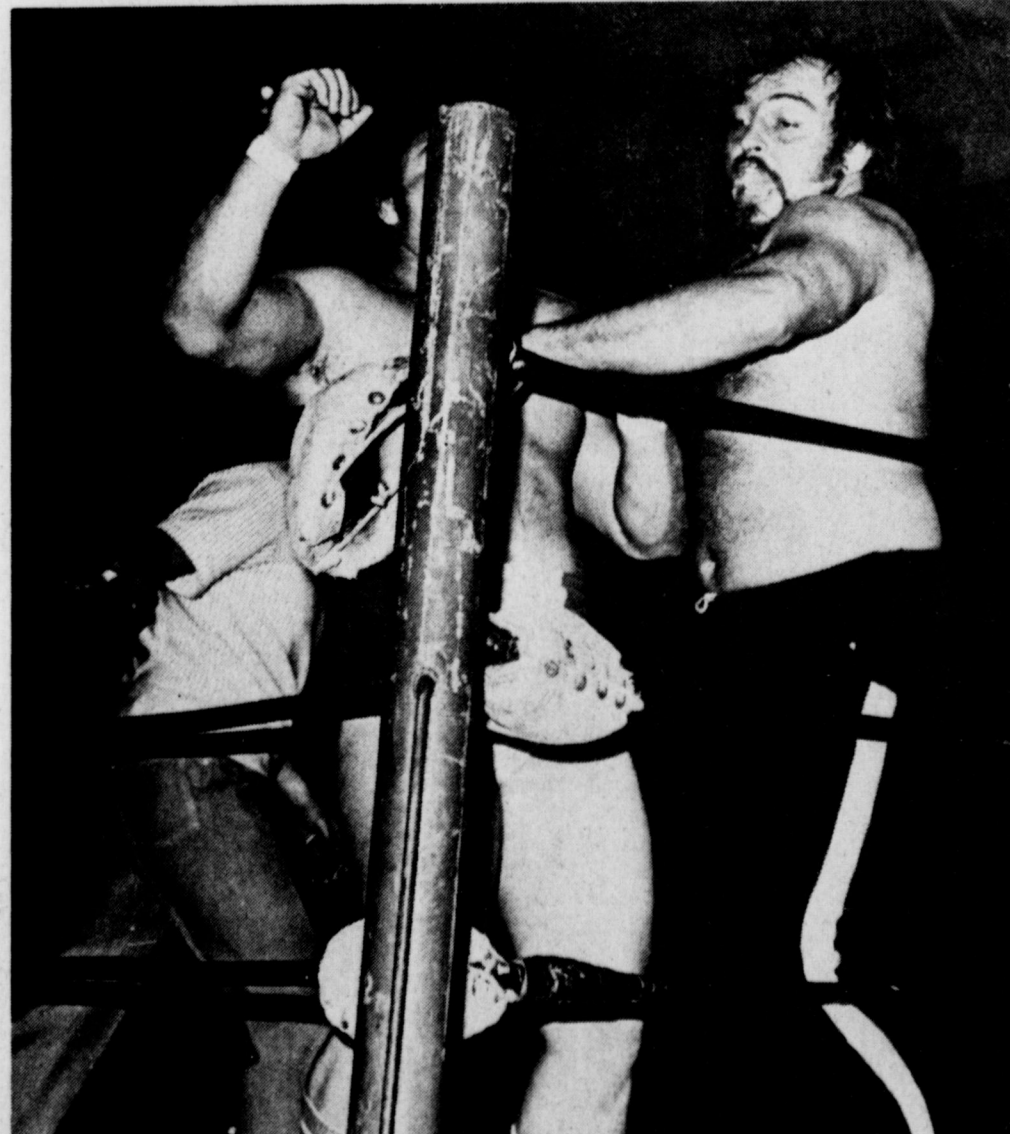

Recruitment period for the positions of Camp Director/EA Instructor and Work Coordinator opened February 12, 1979, and closes March 9, 1979.

The recruitment period for Group Leader positions also opened on February 12 and will close March 30.

Salary for the Camp Director / Environmental Awareness Instructor will be \$250.26 for the eight week period of May 5, 1979, through July 20; \$225.23 per week will be paid to the Work Coordinator, who will work seven weeks, May 29 through July 13; and \$202.50 per week will be paid to the three Group Leaders who will also work May 29 through July 13.

The refuge manager said all applications will be considered without regard to sex, race, creed, color or national origin. For basic qualifications, job duties and training requirements,

HEAD SLAMMING GOING ON... Merced Sells finds himself in much trouble as Ratamys, right, slams his head repeatedly into the corner turnbuckle during the Rotary-sponsored wrestling in the Bailey County Exhibition Center and Coliseum Saturday night. More than 1,000 people attended the wrestling matches in Muleshoe.

Three Way Girls Win Bi-District

Three Way girls, who stretched a season basketball record to 26-4 Tuesday night in Texan Dome in Levelland, slammed Meadow, 49-37 to take the bi-district honors.

Sparking the victory was Tammy Davis, who slammed 13 points through the net as the Three Way girls had a 13-6 margin at the end of the first quarter and held onto a 29-16 lead at the half.

Each team scored six points in the third quarter and Three Way maintained a 35-22 lead at the end of the third, before ending with the final 48-37 score.

Tomorrow night, Friday, at 8:30 p.m., the Three Way girls will play Nazareth in Texan Dome for the District B Regional Tournament honors.

Nazareth had slammed Sudan 68-37 Tuesday night for the right to meet the Three Way team Friday night.

24-Hour TV Installation Is Underway

Muleshoe Antenna Co. is incorporating something new in Muleshoe. On or around April 1, Merlyn Neel said "Showtime" is coming to Muleshoe.

"Showtime" will be the all new movie television station which will be incorporated with the local operation. Also, Neel said WTCG, a 24 hour station from Atlanta, GA, will be included in the new operation.

Workmen have been installing a new antenna in southeast Muleshoe to receive the satellite signal. The antenna will pick up signals from 22,300 miles in space. That, in effect, means that movies will be traveling 44,600 miles from the time they are transmitted until they reach the local antenna for broadcast here.

Lazbuddie United Methodist Plans For Mission Weekend

"Love Reaching Out" is the theme being used by the Lazbuddie United Methodist Church in hosting a Mission Weekend on March 9-11.

Three well known men will be at the church to share their Mission and Evangelical Experiences. Rev. Virgil E. Maybray, executive secretary of the Evangelical Mission Council will be leading and coordinating the event.

From the "we Go" Missions board, Rev. and Mrs. Don Allen will attend the Lazbuddie meeting. They will discuss their experiences as missionaries to India.

Also speaking during the meeting will be John Turnidge. He is a missionary with OMS in Madrid, Spain. His emphasis is on youth work and evangelism.

This will be followed on March 14-18 by a SPREE!, when the Lazbuddie United Methodist Church will host a Spiritual Renewal Encounter.

Leading this meeting will be Rev. Cecil Williamson, an evangelist from Starkville, Miss. Providing special music will be the minister of the Lazbuddie United Methodist Church, Rev. J. Wesley Putnam.

Home Burglary Nets \$1500 In Appliances

Four persons were charged with disorderly conduct following an incident Sunday night that left two persons wounded, one being hospitalized in Lubbock.

Officers were summoned to a cafe in north Muleshoe after the police dispatcher received a "man with a gun" call from resident near the cafe.

First on the scene were Sergeant Wayne Holmes, and Patrolmen J.C. Cruz and Julian Domunguez. The officers found two men wounded.

One of the men, Mentie Lewis, was taken to West Plains Medical Center with a stab wound in his right side. He was hospitalized overnight and released Monday morning.

Bobby Williams was found to have gunshot wounds to his feet, and a broken shoulder from being struck by a shotgun, with the force of the impact breaking the stock of the shotgun.

Williams received emergency treatment in Muleshoe, then was transported by Singleton - Ellis ambulance to Methodist Hospital in Lubbock for surgery and additional treatment.

Williams received emergency treatment in Muleshoe, then was transported by Singleton - Ellis ambulance to Methodist Hospital in Lubbock for surgery and additional treatment.

Warrants were issued for Williams, Mentie Lewis, Clarence Lewis and Myrtle Chester following investigation by the local City Police Department.

Other officers assisting with the investigation included Police Lt. Jerry Hicks, Officers Ray Lynk and Hal Bynum and Constable Tommy Black.

Bruce Slayden, a local school teacher, reported Sunday morning that his home had been entered sometime Saturday night or early Sunday morning and several appliances were missing.

He reported the loss of more than \$1,500 in appliances and clothing, including stereo, slide projector, microwave oven, stereo cassette, electric clock, battery clock and various items of clothing.

Following the latest home burglary, Chief of Police Johnny Richards reiterated a warning for local residents. He said that is some instances, persons are apparently calling by telephone to see if there is an answer.

Chief Richards said that in many instances, where there is an answer, a non-existent person is asked for. The chief suggests that if the calls are received, the police department be contacted.

He also urges every

neighborhood to become "snoopy." Most neighborhoods are familiar with the cars normally seen around the neighborhood. He said when strange vehicles are noted, along with strange people, that the police department be notified so they can check the persons.

Chief Richards said door to door solicitors are also suspect. A good rule of thumb to follow, says the chief, is to know who the person is before allowing them into your home. Report door to door solicitors and have them checked out.

By becoming increasingly suspicious, the chief believes the home burglaries may be cut down, especially when police are notified and start checking out persons and vehicles.

According to police reports of incidences, five warrants were issued for an incident that occurred at the Agricultural Housing complex over the weekend. The persons charged will also have to pay for a broken window at an apartment in the complex.

Wildlife In Watercolor At Meeting

The Muleshoe Art Association met February 13 at the Muleshoe State Bank Community Room for their regular meeting. President Mrs. Jack Schuster called the meeting to order and welcomed guests and members.

Mrs. Tommy Alair gave a report on the upcoming Annual Spring Show to be held April 26 at the Art Loft.

It was announced that there will be a watercolor workshop held in March with James Ivy Edwards. Anyone interested in this workshop should call Rheata White.

After a short business meeting Mrs. Tommy Alair introduced the guest artist, Carolyn Stallwitz from Dumas, Texas who gave an informative demonstration of Birds in Watercolor. She stressed the importance of discipline, research, practice in drawing and hard work to improve ones ability as an artist. Mrs. Stallwitz has many exhibitions and awards to her credit, including Best of the Southwest, Amarillo Fine Art Association Citation Show; Texas Fine Art Citation Show and Traveling Circuit. Paintings in private collections throughout the Southwest, including actor Andy Devine, Pioneer Natural Gas Co., Amarillo; Amarillo High School; First State and First National Banks of Duman; Lovell, Renfer, Minkley and Moore Law Firm, Dumas and a buffalo painting was presented to West Texas State University Athletic Department and Coach Bill Yung.

Paintings donated to Panhandle Division of the Arthritis Foundation "Art for Arthritis" Art Auction, Moore County Girl Scouts Building Fund and the Moore County Senior Citizens Fund Drive.

Mrs. Stallwitz has exhibited all across the state of Texas, Kansas, Oklahoma, New Mexico, Colorado and Arkansas. She is a graduate of West Texas State University, Canyon and has studied with Dr. Clarence Kincaid, Jr., at Lubbock; Dr. Emilio Caballero in Canyon; Chris Gikas,

Portales; Stefan Kramer, Amarillo; Lee Simpson, Taos, N.M.; Conny Martin of Lubbock and Ben Konis of Amarillo.

Carolyn Stallwitz' name has become synonymous with watercolor and wildlife painting in the Southwest. Birds of the area, as well as the wildflowers and grasses have become her trademark. The beauty of

an old broken windmill or a fallen barbed wire fence does not escape her loving eye. Carolyn's rapport with nature and the Panhandle "scene" is evident when one studies her work.

Since January 1977, Carolyn has served as the first woman county commissioner of Moore County. She is a part president of the Moore County Art Association and a founder of the annual Moore County Art Bazaar. She is a deacon of the First Presbyterian Church in Dumas. Carolyn is a past member of the Board of Directors of the Amarillo Art Center and presently on the Board of Directors of The Panhandle Regional Planning Commission. She is a member of Texas Arts Alliance and Texas Watercolor Society.

Eddie Stallwitz, Carolyn's husband, farms five miles southwest of Dumas where the family home and studio is located. He does most of the framing of his wife's work. Their sons, Darren and Kurt, farm with their father and work in the studio for their mother in between school and football activities.

Seventh Grade Girls Down Morton, 29-23

Monday, February 12, the 7th grade girls went to Morton to play their last game of the season. The girls were ready to play and showed a great deal of determination.

In the first quarter the Mulettes were hustling, but couldn't keep up with the Morton girls, but kept right behind them. At the end of the quarter the score was 6-8. In the second quarter the Mulettes played great defense,

Morton did not score, but Muleshoe scored 6, making the score 12-8.

During the third quarter the Mulettes were still putting out all they had, they let Morton girls score 8, but the Mulettes scored 11. In the fourth quarter the girls let the Morton girls tie the game, but not

Del Toro Wins Grand Prize At Muleshoe Junior High

Wednesday, February 14 Muleshoe Junior High had their annual Valentine raffle. Student Council sold a total of 1130 tickets, and cleared about \$220 dollars!

First prize was a three

for long. They scored 4 pts. at the end, to Morton's 9 at the first. The final game of the season was a victory for the 7th grade Mulettes, with the score 29-23.

The scorers in the game were -- Dee Kinard - 14; Marylin Lewis - 6; Erna Oliva-

rez - 5; Kelly Hamblen - 2 and Carolina Pacheco - 2. The Journalism Staff would like to congratulate the 7th grade Mulettes on their last victory of the season, and good luck in track.

Many Israelis still perplexed about peace.

And also five dollars attached to the heart. The ticket was sold by Connie Puckett, she also won a dollar.

Michael Isaac won five dollars for selling the most tickets. He sold 240 tickets.

eyes and answers
Weston A. Pettey, O.D.

Dear Dr. Pettey: Is it true that a person's eyes turn gray, like their hair, as they grow old?

We said in an earlier column that vision undergoes natural changes as we age. The eyes themselves do too. The iris, the colored part of the eye, gradually loses pigment in a process not unlike the graying of the hair. But just as each of our bodies reacts differently to advancing age, the rate and extent of pigment loss is an individual thing.

Readers with other questions about eye care may address Dr. Pettey in care of this paper or the Texas Optometric Association, P.O. Box 2242, Austin, Texas 78768.

The top 8 corn hybrids on the Irrigated Plains are all from Pioneer.

That's a pretty bold claim, we admit. But in farmers' fields, county agent test plots, wherever they're grown, these Pioneer brand corn hybrids consistently out-perform competitive hybrids. Each hybrid has its own particular strong points that make it especially well suited for certain conditions. When thoughtfully selected and managed to meet the conditions, each of these hybrids delivers winning performance that's head and shoulders above the competition.

Don't take our word for it. Ask your Pioneer dealer about yield data in your area and see for yourself. The top 8 performers are all from Pioneer!

- 3195** High-yielding, full-season powerhouse! 3195 gets off to a good start with high seedling vigor, then makes the most of High Plains conditions.
- 3183** Contest winning yield potential with excellent disease tolerance makes 3183 an ideal companion for 3195.
- 3305** A silage grower's dream come true (even if your plans change mid-season)! Tall with good standability.
- 3780** The corn you can manage almost like sorghum. Total fertilizer, water and insecticide requirements similar to sorghum.
- 3184** Steady corn maker, popular for excellent yields and consistency.
- 3311** A new hybrid you can trust like an old friend! It delivers top yields and is an outstanding companion for 3195.
- 3541** Very early silking, a long kernel fill period, and fast drydown help 3541 produce high yields for its maturity.
- 3360** Plant this one for your banker! It has the consistency to be the high-yielding workhorse hybrid you can rely on.

Mullettes Win In Last Game

Monday, February 12, the 8th grade Mullettes traveled to Morton for the last game of the season. The girls were fired up and ready to play basketball! In the first quarter the girls put out a lot of hustle and determination, and played good defense. At the end of the quarter the score was 8-0, Mullettes leading. In the second quarter the girls let Morton score 6 pts., to their 6, making the score at the end of the first half, 14-6. In the second half the

Mullettes were even more ready than before, they ended the third quarter with the score 24-8. At the end of the game the girls were still putting out all they had, they ended their season very well. At the end of the fourth quarter the score was 32-10. In the victory over Morton the scorers were -- Rhonda Dunham - 18; Sherry Ellis - 9; Kelly Bayless - 4; and Berna Lopez - 1. The Journalist Staff would like to congratulate the 8th grade Mullettes on their victory over Morton, and their great season with a record of 10-5.

Older Sellers May Exclude Tax On Sale

Taxpayers age 55 or over have a once in a lifetime chance to exclude from gross income up to \$100,000 of the gain from the sale of their home if they sold it after July 26, 1978. Taxpayers can exclude all or part of the gain on the sale of their homes if it was the principal residence for at least three of the five years prior to the sale. Those age 65 or over have the additional option of

using a principal residence test of five years out of the eight years before the sale. This option is available only on sales prior to July 26, 1981. The new exclusion takes the place of the \$35,000 exclusion previously available to taxpayers 65 or over. However, taxpayers who took this \$35,000 exclusion previously available to taxpayers 65 or over. However, taxpayers who took this \$35,000 exclusion on homes sold before July 27 can still qualify for \$100,000 exclusion if they sell their current home after July 26, 1978.

The new law also modifies the rule that taxpayers must keep a new principal residence for 18 months if they deferred gain from the sale of their old house. If the taxpayer must sell the new residence before 18 months because of a job-related move that qualifies for the moving expense deduction, he or she is exempted from the requirement. More information is available in IRS Publication 523, "Tax Information on Selling or Purchasing your Home." The booklet is available from local IRS offices.

Bula News By Norma Bellar

Mrs. John Latham stayed in Hobbs, N.M. last week with Mrs. Beulah Wardlaw while in the hospital in Hobbs. Mr. and Mrs. Jeryl Bellar drove to Lubbock to visit Mrs. Gwen Jones in the Health Sciences Center Hospital at Texas Tech, Saturday. Mr. and Mrs. Rodney

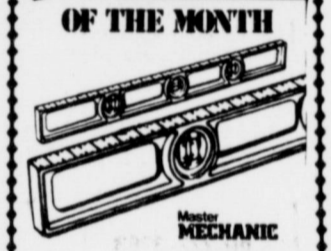

Marshall and Melanie of Clovis visited her parents and brother Mr. and Mrs. Nolan Harlan and John, Monday. Snow fell again over the area, Friday, leaving about a four inch white blanket. Mrs. John Latham died after a lengthy illness. Funeral services for Joan Johnson, 46, of Muleshoe were held at 2:30 p.m. Friday in the First Baptist Church in Muleshoe with Rev. J.E. Meeks, pastor, officiating. Burial was in Bailey County Memorial Park under direction of Singleton - Ellis Funeral Home.

and even more in spots. Mrs. Faye Jones celebrated her birthday, Friday, February 2, with a few of her friends gathering at the Post Office to have cake and coffee, those attending were Cecil Jones, Mr. and Mrs. John Latham, Chester Setliff, Mr. and Mrs. Nolan Harlan and John, Mrs. Virginia Davila, Mrs. Jeryl Bellar, Cheryl Ann and Jeryl Jr. Happy birthday to everyone who is having a birthday in the Bula community during the month of February.

Carolyn Lees Funeral Held Here Tuesday

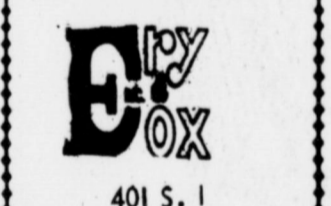

Funeral services for 28 year-old Carolyn Faye Lees, of Borger, were conducted at 2 p.m. Tuesday in the Richland Hills Baptist Church in Muleshoe with Rev. Roy Sikes, pastor, officiating. Burial was in Bailey County Memorial Park under direction of Singleton - Ellis Funeral Home. Mrs. Lees was pronounced dead at her parents' home in Muleshoe, Sunday morning, by Justice of the Peace K.B. Martin, who officially ruled her death "accidental." Mrs. Lees was reported by family members to have come to Muleshoe to visit her parents while her husband was in Kansas attending his father's funeral. She was born June 16, 1950 in Lubbock and moved to Borger from Albuquerque, N.M. one month ago. She was married to Donald John Lees on November 16, 1967 at Venice, Calif. Survivors include her husband, Don; two sons, Donald J. Lees, Jr. and David Rays Lees, both of the home; her parents, Mr. and Mrs. Ray Bevers, Muleshoe; grandmother, Mrs. C.E. Bevers, Lubbock; and four sisters, Mrs. Kaye Kendall, Littlefield; Mrs. Sharon Marlow, Marshall; and Mrs. Donna Guinn and Miss Regina Bevers, both of Muleshoe.

Charleson Steinbock
Nominated For Team

A Lazbuddie High School
Senior has been nominated
for the 1979 McDonald's
All-American High School
Basketball team.

Charleson Steinbock, a
5-10 guard, will be con-
sidered by a panel of
basketball experts for a
spot on the 25-member
team. Players named Mc-
Donald's All Americans
for 1979 will participate in
the second annual Mc-
Donald's All American
Game, scheduled for
March 23 at the Charlotte
Coliseum in Charlotte,
North Carolina.

Steinbock, the son of Mr.
and Mrs. Max Steinbock,
has averaged 12 points and
five rebounds per game for
the Longhorns this year.
He leads the district in
steals. Steinbock has been
named to two all-tourna-
ment teams this season.

Steinbock also excels in
football and track. He has
been named to the all-
district and all-South
Plains football teams and
qualified for the state track
meet two years. He is an
officer in the Letterman's
Club and is also active in
the Future Farmers of
America.

"We are proud to have a
tri-state area player nomi-
nated for the McDonald's
All-American team," said
Ron McVean, owner-
operator of the tri-state
area McDonald's fran-
chise. "Charleson Stein-
bock has had a fine career
with the Lazbuddie basket-
ball team, and we hope his
contribution will earn him
All-American recognition,
too."

Steinbock was nominated
by Longhorn Coach Hardy
Carlyle. Nomination forms
were sent to more than
22,000 senior high school
basketball coaches in
December.

Players on the 1979 All-
American team will be
selected by a panel of eight
coaches named 1978 dis-
trict basketball "Coaches
of the Year" by the
National High School Ath-
letic Coaches Association.
Morgan Wooten, coach of
DeMatha High School in
Hyattsville, Md., is chair-
man of the selection com-
mittee for the third year.
Wooten is considered the
"dean" of high school
basketball coaches.

Chairing the advisory
committee will be former
UCLA Coach John Wood-

en, who led the Bruins to
10 national collegiate
championships, assisted
by a panel of basketball
experts.

McDonald's announced
its first All-American
Basketball team in 1977.
The first squad of All
Americans competed as
the United States All Stars
at McDonald's Capital
Classic. Some team mem-
bers also represented the
United States at the 1977
Albert Schweitzer Games
in Germany. In competi-
tion with 11 European
countries, the McDonald's
All Americans went un-
defeated to capture the
championship.

Communicate
Or Confront
Told Kiwanis

Is it confrontation or com-
munication? This question
was presented by Robert
Montgomery to the Mule-
shoe Kiwanis Club Friday
morning. Montgomery
presented a film on "Com-
munication or Confronta-
tion" which explained the
difference between just
talking with friends, fellow
employees and family and
showing hostility and true
communication.

True communication was
explained as trying to un-
derstand the other person
by listening and trying to
make things better with
the persons we are in
contact with.

It was brought out that
each person could find
himself somewhere in the
film at one time or the
other.

A goal of 100 percent
membership present for
the March 2 meeting was
set by Kiwanis.

Terry Bouchelle present-
ed the friendship coin to
Gary Dale. The Kiwanis
expressed their pleasure in
their President, Bouchelle,
being named Citizen of the
Year during the Muleshoe
Chamber of Commerce
and Agriculture banquet
Thursday night.

Members also praised Ki-
wanis Sweetheart Fran-
tonya Berryhill who is
winning speech prizes in
tournaments.

If you can have but one
possession, character is
still your best bet.

Yetter
3400 SERIES
TOOL BAR ROTARY HOE
THIS TOOL BAR ROTARY HOE IS MANUFACTURED FOR YEARS OF DEPENDABLE FIELD
WORK. AT YETTER WE CONTINUE TO BUILD OUR REPUTATION IN YOUR FIELD.
The Yetter 3400 Series Rotary Hoe is the most flexible, and
one of the most versatile rotary hoes on the market today.
If you're looking for a durable piece of equipment that can
take the hard knocks of field use, then this is it. Yetter's
Rotary hoe features arms made of high strength ductile iron.
Each spoon-billed tooth is hardened, drop-forged, and self-
sharpening. All bolts are zinc plated and hardened.
Other features of this new Yetter Rotary Hoe include
independently spring-cushioned arms. This feature permits
the 3400 Series Rotary Hoe to follow the contour of any
field and it insures rock protection. Yetter engineers built
this hoe so there is only one wheel per arm, rather than
two or more. They are riveted for durability and turn on
sealed ball bearings. There are 16 rugged teeth per wheel.

Senator Now Seeking Senior Citizen Input

Believing that senior citizens should be more closely involved with Federal programs affecting them directly, Sen. John Tower, Republican from Tx. again this year will sponsor two Texas senior citizens for a two-week Washington internship.

Tower's internship program, designed to broaden understanding and further communication between the state's retired persons and their representatives in Congress, is entering its third year, and Tower, who initiated the senior citizens internship program in Texas, expects another mutually rewarding two-week program.

The two Texans, selected from applicants across the state, will spend May 7-18 in the Nation's Capital, meeting with congressional representatives, officials from departments and agencies, and observing the legislative process in Tower's office. They will have the opportunity to represent the interests of all senior citizens on a wide range of legislative issues from social security and consumer problems to transportation and employment.

"The senior citizens selected for the internships in 1978 contributed a great deal to my understanding of the needs, concerns and opinions of our senior Texans," Tower said, "and I am anxious once again to benefit from those with first-hand understanding of the impact that Washington's regulations and laws have on the retired community. At the same time, I am counting on the two individuals selected to share with their peers the ex-

periences and insight they will gain from the time spent in Washington."

After their two-week stint in Washington, Tower said, the two interns selected will be asked to prepare a report on the program and on their experiences. This will be followed by three additional reports during the coming year evaluating the ways in which the interns have been able to utilize their experience to benefit senior citizen groups, and on their efforts keeping Tower apprised of viewpoints shared by other retired persons and groups.

Tower has asked senior citizens organizations in Texas to solicit qualified applicants and forward to him their names. Groups are the American Association of Retired Persons, the National Retired Teachers Association, the National Association of Retired Federal Employees, the Service Corps of Retired Executives, and the Texas Senior Citizens Association. Applicants should be 65 years of age or older, active in their communities and with other senior citizens, interested in legislation, and committed to working to fulfill the goals of the program.

Interns will receive their airfare to and from Washington, as well as a stipend to cover living expenses in Washington. Re-elected to his fourth term, Tower is ranking Republican on the Senate Armed Services Committee and second-ranking GOP member of the Banking, Housing and Urban Affairs Committee. He also serves as Chairman of

the influential Republican Policy Committee, and is a member of the National Transportation Policy Study Commission and the Committee on Rules and Administration.

Burning lignite

AUSTIN, Texas (Spl.) — University of Texas engineers are engaged in a major research effort to study the conditions necessary for successfully producing gas by burning lignite underground.

The process of underground coal gasification (in situ — or in place — gasification) has the potential for recovering energy from deep deposits of coal at least 200 feet below the surface where it is not economical to mine by conventional methods. Dr. Tom Edgar, a UT chemical engineer, believes commercialization of the process may be possible by the mid 1980's.

Gas produced by burning lignite underground could be used to generate electric power or in the manufacture of chemicals.

Grow 200-bushel corn? You can with TXS115A

With good management, soil and conditions, you can expect TXS115A to produce 200-bushel corn, or better.

The Trojan people say that "TXS115A is the highest yielding hybrid on the market. During 1976, in 1,500 yield tests against the best competitive hybrids, TXS115A won 92% of the trials."

A real winner! Test weight, stalk strength, drydown, drought tolerance, emergence, leaf disease tolerance — TXS115A is at the head of the class in all departments.

If you want to grow great corn... order TXS115A now. There's still some left, but it's going fast!

Plant a winner. Plant Trojan.

Consumer Food News

Best buys at Texas grocery markets this week include potatoes, poultry and processed fruits and vegetables.

Also, specials on rice, pasta and some beef and pork cuts, says Gwendolyn Clyatt.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends are the following:

Fresh Vegetables -- Potatoes have three things going for them this week: low prices, abundant sup-

plies and high nutrition. Consumers should go for them.

Other economical vegetables are carrots, sweet potatoes, eggplant, cucumbers, rutabagas and squash.

Cabbage prices are slightly higher, while lettuce prices and quality vary due to wet, cold California weather.

Poultry -- Fryer chickens still have attractive prices in spite of general price increases. Low prices appear on turkeys -- 10 pounds and up -- and turkey parts. Eggs are an economical protein choice.

Grocery Market Aisles -- Processed fruits and vegetables offer shoppers real opportunities for savings. Also look for features on rice and pasta products. Budget prices appear on

some frozen vegetables and on frozen grapefruit juice.

Beef -- Features include blade chuck roasts, ground beef with soy protein, round steak, ground beef and liver.

Pork -- Features are scattered among various markets, but good values will appear on quarter port loins, some brands of bacon, frankfurters, liver and Boston butts.

Fresh Fruits -- Most economical choices are apples, bananas, oranges, pears, pineapple -- and grapefruit "by the bag."

Consumer Watchwords -- Two budget - easy items are fish (look for specials in frozen food sections) and cooked whole - grain cereal such as oatmeal and whole wheat.

Lockett 77

Cotton like you've never seen!

This great new variety was introduced for wide-area planting only one year ago. And already it's becoming one of the most popular cotton varieties in the Southwest! Farmers who've seen it are excited about its performance. Here's what they liked about Lockett 77:

- "Disease was not a problem." Multiple disease tolerance includes protection against the fusarium wilt-nematode complex.
- "It came out of the ground real fast." Excellent seedling disease escape and cold tolerance provide good early-season vigor.
- "It fit my conditions exactly." Early maturity makes Lockett 77 a good choice for short season production.
- "The lint tested out real well." Fiber qualities are outstanding with good strength and uniformity ratings.
- "Lockett 77 was a beauty in the field." Foliage is sparse on short- to intermediate-size plants. Short, close-fruited branches make Lockett 77 ideal for stripper harvest.
- "The field looked white with my narrow-row planting." An excellent stripper cotton.

If you weren't among the farmers who planted Lockett 77 last year, talk to your ginneer. If he doesn't have a supply on hand, he can get it for you. You're going to be really excited about the first field of Lockett 77 you see. It might as well be yours.

Price Against New Proposal For Primaries

In a letter to county chairpersons and both party state executive committees, Sen. Bob Price, R-Pampa, restated his opposition to a Senate bill which moves the Presidential primaries up to March. Senator Price joined with twelve other members of the Senate in signing the letter stating his opposition to SB 602. The bill would move the Presidential primaries to March and move primary elections for other offices from May to June.

"As an elected official, I feel I have a responsibility to all the citizens of Texas and spending an additional \$2 million for holding separate primaries is not reasonable. A separate primary would create twice the workload for the people who run the elections," said Senator Price.

"As a Republican, I think it is in the best interest of my party to tie the Presidential party election to the regular May primary," said the Pampa Republican.

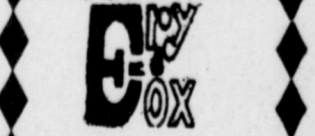

Joining with Sen. Price in signing the letter were Democrats Carl Parker, Ron Clower, Chet Brooks, Lloyd Doggett, A. R. Schwartz, Bill Patman, Glen Kithman, Carlos Truan, Oscar Mauzy and Bob Vale, and Rep. O.H. Harris and Betty Andujar.

Up And Down Prices

Mark Cotton Sales

High Plains cotton prices were around \$2.50 per bale lower the week ended Feb. 22, according to Paul R. Dickson, Area Director at Lubbock's Marketing Service Office.

Growers sold mixed lots of mostly grades 42 and better, staples 30 - 33, mikes 35 - 49 around \$2.40 cents per pound. New crop lots of mostly grades 43 and 53, staples 30 and 31, mikes 35 - 49 brought about 47.10 cents per pound, Dickson said.

USDA's High Plains Mar-

keting Services Offices graded 17,000 samples this week, bringing this season's total to 1,887,000. This compares to 2,933,000 graded by February 23 last year.

Predominant High Plains grades this week were grade 42 at 33 percent, grade 52 accounted for 19 percent, grade 43 amounted to 10 percent and grade 53 was 13 percent. Forty percent was reduced one grade because of bark.

Staple lengths were staple 30 at 11 percent,

staple 31 - 35 percent and staple 32 - 39 percent, according to USDA's Agricultural Marketing Service.

Micronaire was mostly in the desirable 35 - 49 range at 54 percent of the total. Forty six percent was lower.
