ARRIVAL OF PRISONERS IN HAVANA, Hayana, June 2 .- The Argentine transport Paig, with seventy-two political prisoners, arrived here Sunday from Mentevideo. The prisoners comprised those who were implicated in the Flores rebellion. Among them, it is reported, are two sons of Flores, and several persons who had been banished from Cuba in former years as enemies of Spain. The government refused to permit the prisoners to land alloging as a reason for this action the informality of the ship's papers, the Paig being in reality a Spanish merchant brig which had been chartered by the Argen-tine Government. Captain General Valmeseda has telegraphed for instruction to Madrid, and the Paig remains under the guus of Spanish iron-clads. Twenty-five of the prisoners were allowed to embark on the steamer City of Mexico, which left for New York to-day. Some of the prisonors are represented to have been men of wealth and position is the Argentine Re-

Instantly, on reaching the sought-for number, the windows were raised and they recognized their friends. This incident is being recalled as portinent to the Coutennial tital wave of patriotic sentiment new awaeping over the country. Pride in the homely melody of "Yankee Doodle" will always remain a bacitage of the loyal American people; but where is the Southern Democrat who can erhiatis it now with any such feeling ?

DR. KENEALY has learned a lesson in the House of Commons. In a late number of his paper he says that so far as inquiry is concerned the elemant must be left to ais fate; all that could be done for him has tsen done, and all meetings on his behalf are maless and must come to an end.

The undersigned begs leave to inform the public that he has taken charge of the well known business of Mr. James Wood, and that he will continue the same:

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital or-

gans wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colerado, Brazos, Rio, Grande, Pearl rado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably se during seasons of unusual heat and dryness, are invariably accompanied by extensive derange-ments of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these vari-ons organs, is essentially necessary. There is no cathartic for the purpose There is no eathartic for the purpose equal to Dr. J. Walker's VINEGAR BITTERS, as they will speedily remove the dark-colored viseid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Eructations of the Stomach, Bad Taste in the Month, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lange, Pain in the region of the Keisneys, and a hundred other painful symptome, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swelling, Ulcers, Erysipelas, Swelled, Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, Walkers Visseas Bitters have shown their great curative powers in the most obstinate and intractable cases.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plunibers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of Walkers.

For Skin Diseases, Emptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Ryes, Erystpelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermitinges, no anthelminities will free the system from worms like these Bitters.

For Fermile Complaints, in young or ald, macried or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Villated Blace whenever you find its impurities busiting through the skin in Pinnelse, Eroptions, or Sores; cleanse it when you find it obstructed and singuish in the veins; cleanse it when it is four; pour feelings will tell you when. Keep the blood pure, and the health of the system will follow.

THE telegraphic dispatches con vey the intelligence that Col. Flornony slapped U. S. Dist. Flornous evidently wants to become a democratic candidate for the Constitutional Convention.

AT THE afternoon session of the National Jemperance Association Convention in Chicago recently the nomination of Vice President Wilson for the Precidency was re ceived with much commendation. There is little doubt that Wilson and Colfax would make the strongest temperance nominees in the country.

EVEN PARSON BROWNLOW is "after" Sherman's Memoirs: In the Knoxville Chronicle he quotes the prayer, "Oh! that mine enemy would write a book," and applies it pertinently to the book in question. Many of the Parson's opponents render it, "Oh shat mine enemy would not write a paragraph;" and General Sherman will probably coincide with them.

"FIGHTING JOE HOOKER" is among the latest critics of the Memoirs of General Sherman. He promises to write a book also, but contents himself for the present with the pithy remark that Sher-"made war like a brigand, while many other generals never forgot that they were making war one for Hooker.

The merchant should seize the time to enlarge and improve his establishment, in order that he may be able to meet extra demands; -the means of receiving and shipping goods should be improved, which may involve the opening of streets, the widening of alleys, the building of bridges &c .- while the additions in the many particulars for the attraction and accommodation of customers should tax his taste and enterprise. WASHINGTON, June 1 .- The President said to day that he had been reading the book of General Sherman with much interest, and he thought it was a very good book. So far as he had progressed in the reading be did not think the work properly subject to as much criticism as he had expected from what he had heard of it. There was a no doubt appeared extraordinary but the portions of the book which be had perused did not exhibit as many inaccuracies as he had looked for. (From the St. Louis Times.) following very interesting letter from Jefferson Davis, in answer to a charge made by Gen. Sherman in his lately published book of memoirs :

MEMPHIS, Tenn., May 27, 1875. W. F. Mellen My DEAR SIR-Please accept my thanks

for your kind letter of the 19th isst., and the accompanying copy of a St. Louis paper containing an extract from the forthcoming work of Gen. W. T. Sherman. My absence delayed the receipt of your letter and this reply to it.

The malice that seeks to revive the nefariously concected and long since exploded slander which connected my name with the assassination of President Lincols, is quite in character with the man who so conducted his invasion of the South as to render "Sherman's bummers" the helpless, and murder of non-combatants, and who closed his career of arson with a false accusation against Gen. Hampton In regard to the burning of Columbia, S. C. But the question arises, why did Gen. Sherman at the date of his reported conversation with Gen. J. E. Johnston supcourt was held in New Braunfels because pose me capable of complicity in the assassination of President Lincoln ?

Gen Sherman never was personally ac quainted with me; and from those who be reproduce 1 at the Casino next Sunday | knew me, either in the U. S. Army or in civil life, surely learned nothing to justify such suspicion. In the conduct of the war between the States, despite of many baseless accusations, we can proudly point to a record, which shows a strict adherence to the usages of war between civilized nations. On what, then, did the suspicion of Gen. Sherman rest ? Was it not that, UPPER LABOR DITCH.-The faulty ma- proceeding on the rule of judging others by eneself. he ascribed to me the marder and the Alegan Ditch has produced the ous and malicious traits of his own nature He reports a conversation with President Lincoln, from which it is to be infer red a desire to have authority for departcity authorities is respectfully called to lie must have known was usual and proper towards prisoners of war. Did he hope to get instructions for the slaughter of the Confederacy's president and cabinet officers, as set forth in the orders of Col. Dahlgren, when he made his raid against Richmond f If the good-natured characteristic reply of President Lincoln taught him that murder was not the approved measure, it seems not to have inspired him with the generosity and charity which is ever found in noble minds, or with the

The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out as it stimulates and nourishes out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Ham Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. A Word of Advice to Travelers.

The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught, in its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Lonis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the heat route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left undone to render a trip over this line pleasant.

It is related that four Bostonians were in Berlin a number of years ago, and, having received an invitation to an evening piano recital et a young American, forget the number of their host's dwelling, although they remembered the street. With true Yankoo ingenvity they marched down the street whistling "Yankee Doodle" as sliritly as they could. Instantly, on reaching the sought-for number, the windows were raised and they recognized their triends. This incident is being recalled as pertinent to the Gentennial tital wave of patriotic sentiment new severing over the country. Pride in the homely melody of "Yanken Doodle" will always remain & heritage of the loyal American people; but where is the Southern Democrat who can

whistle it now with any such feeling ! Dg. KENHALY has learned a lesson in the House of Commons. In a late number of his paper he says that so far as inquiry is concerned the claimant must be left to his fate; all that could be done for him bas been done, and all meetings on his behalf as and must come to an end,

THE telegraphic dispatches convey the intelligence that Col. Flornouy slapped U. S. Dist. Flornouy evidently wants to become a democratic candidate for the Constitutional Convention.

The President's Views on Sher-

WASHINGTON, June 1 .- The President said to day that he had been reading the book of General Sherman with much interest, and he thought it was a very good book. So far as he had progressed in the reading he did not think the work properly subject to as much criticism as he had expected from what he had heard of it. There was a great many statements in it which no doubt appeared extraordinary, he had perused did not exhibit as many inaccuracies as he had looked for. There were no doubt a great many people who would assume to give different versions of Sherman, and this was naturally to be expected, as a work of the kind was certain to tread upon some ones toes. The President, of course, which he now speaks of it will be somewhat of a surprise to those who would have imagined that he convinced that it is beyond the power of General Sherman or any one else to take from him the laurels with which he has been decked.

A Word of Advice to Travelers.

The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught in its maise. Yet we samed ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their paterus comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run as uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hammibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Mesle are all that a traveler could wish for, and are all that a treveler could wish for, and in fact there seems to be nothing left nu-done to render a trip over this line pleas-ast. 28.1-75-wty-f.121
