THE ORIGINAL HOWE!

The World-Benowned Elina Howe Sewing Machines are the oldest established of any in the world, they being the FIRST SEWING MACHINES ever made, and having been manufactured by the original inventor and under his own supervision, Elias Hawe Jr., since 1845.

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete ayatem, combining perfection ofworkmanship with the largest productione at the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MYLIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, The Howe Machines Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The cuviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark; a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Ellas Howe, Jr., Inventor and Maker, New York, U. S. A." This medallion is embedded in each Machine, and none are h production of the Howe Machines Company unless they bear this distinguisher. reduction of the Howe Machine Company unless they hear this distinguisher rade Mark.

MARRIAGE GUIDE,

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring Gray on Faded Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA RATION for its intended purposes." Sold by all Bruggists, and Dealers in Medicines Price One Dollar.

Buckingham's Dye. FOR THE WHISKERS.

It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NASHUA, N.H.

That which protects from or prevents this disorder must be of immense, setrice in the communities where it prevails, *Presention* is better than one for the pattent composed the fish which is the pattent composed the fish which is better than one few and the temper. This "Crice" expels the minamatic poison of Fevent AND AGUS from the system, and prevents the development of the disease, if taken on the first appruhen of its pasnonitory symptoms. It is not only the best remedy every et discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in billous districts, where Fevent and Agus prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor os well as the rich. A great superiority of this remedy over any ofter ever discovered for the speedy and certain cure of intermittents is, that it contains no Quinine or mineral; consequently is produced no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Agus is not alone the consequence of the minematic poison. A great variety of disorders arise from its irritation, among which are Neurally? Heumatism, Gout, Headache, Blindness, Toothache, Earnche, Catarrh, Ashma, Palpiation, Palmiul Affection, the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike, It is an invaluable prefection to immigrants and persons travelling or temporarily residing in the malarious districts. Long experience has proved them to be the safest, surest, and best of all the PHIs with which the market abounds. Internal organs which become clogged and sluggish are cleanased by Ayer's Pills, and stimulated into action.
