BUNKER HILL. Reception of Visiting Bilitary Bodies-Fraternal Intermingling of People From Various Sections of the Union.

BOSTON, June 16 .- To-day has been giv en up to the reception of visiting military bodies, and from early morning the streets have been alive with gay uniforms, and resonant with stirring strains of martial music. The people of Boston, with much of the enthusiasm of the war period, have given themselves over to hospitality, and have welcomed military and civic bodies with an ardor quite in union with the patriotic spirit of the day, forgetting the differences of the past. The crowd who throughd the principal streets through which the visiting military paraded on their way to their hotels bestowed the heartiest applause on men from the South, and a wave of cheers swept along the mayses crowded on the sidewalks and filling every available space from roof to pavement. The arrival of the Norfolk Artillery, escorting as their guest General Fitzhugh Lee, afforded the gratifying spectasle of the people of Boston paying ap ovation to an ex-Confederate officer. Gaw. Lee bowed again and again, as the mp-

planse greeted him on every corner. The tattered battle flag of a Pennsylvaals regiment, as it passed up State street. was also sainted with rounds of applause, and the spectacle of such an era of renaion and fellowship was one never to be

forgotten. A formal reception was given the different military organizations at Columbus Square, Hon. Josiah Quincy making the address of welcome. Colonel Thos. Y. Simmonds, of Charleston, S. C., responded, promising henceforth and forever that Massachusetts and South Carolina will be one and inseparable for the perpetuity of the cause of liberty, His remarks were

received with rounds of cheers. At the conclusion of the address, the band played Dixie. The fifth Maryland regiment was reviewed on the common by Governor Gasten. While review was in process the Norfolk Blues marched within the enclosure amid rounds and rounds of applanse, and, being formally presented to the Governor and staff by Major Follett. they also passed in review. The 5th Mary, tand regiment during the afternoon presouted as a tribute to Massachusett's dead soldiers, a magnificent floral design which was placed on the soldiers and sailors' monument at Charleston by the commanding officer of the regiment, Colonel J. Stricker Jenkins. There had been no publicity whatever given to the affair, and when the line was formed the command was ordered to fall in without being informed where they would march to. The regiment was then without escort, and marched to Charlestown, their appearance exciting curiosity in the streets. They were drawn up at the Soldiers' Monument, after bringing the command to a parade rest. Colonel Jenkins received from a florist a beautiful and costly shield, composed of white and pink flowers, about six feet in height, and placed it on the face of the monument, the Marine Band playing tones, arranged in flowers, "Maryland's tribute to Massachusetts." Several thousand persons had been attracted to the monument, after the regiment was drawn up, and were naturally gratified at the

sentation speech was made by Gen. N. P. Col. Jenkins responded, and in the course of his remarks said : "This standard will be received with enthusiasm by our people, as a tangible evidence of your brothserie love, and honceforth, under its protion, Massachusetts and Maryland will be

Welcoming speeches were made by Mayor Cobb and Governor Gaston, which were responded to by Colonel Andrews, of South Carolina, and General Fitzhugh Lee, of Virginia. The speeches abounded with expressions of good will, and were received with storms of applause. The men threw their 15-5-dtd

hats in the air and yelled themselves hoarse, while the ladies in the galleries waved their handkerchiefs and clapped their hands in patriotic fervor. Speeches were also made by Vice-President Wilson Has just received a large stock of and Generals Sherman, Burnside and Kilpatrick, after which an informal leveewas held by the Mayor. ### THE ORIGINAL HOWE!

The World-Renowned Elias Howe Sewing Machines are the oldest established of any in the world, they being the FIRST SEWING MACHINES ever made, and having been manufactured by the original inventor and under his own supervision, Elias. Howe jr., since 1845.

#### The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions at the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIENCE OF M LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, The Howe Machine Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark, a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Elias Howe, Jr., Inventor and Maker, New York, U. S. A." This medallion is embedded in each Machine, andnone are h roduction of the Howk Machine Company unless they bear this distinguisher ELIAS HOWE, Jr., President of the Howe Machine Co

Every year increases the populariy of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D. State Assayer of Massachusetts, says, The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes. Buckingham's Dye.

FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NASHUA, N.H.

### Ayer's Ague Cure,

For Fever and Ague, Intermittent Pever Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or missination

No one remedy is louder called for by the necessities of the American people than a eure and safe sure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will cradicate the disease, and with assurform its use in any quantity. That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Precention is better than cure, for the patient escapes the risk which he must run in violent stracks of this baleful distemper. This "CURE" expels the missmatic poison of FEVER AND AGUE from the system, and prevents the development of its preunouitory symptoms. It is not only the best resuch years and prevents the development of its preunouitory symptoms. It is not only the best resuch years yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in billious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and proa cure in every case where the directions are followed, or genewill refund the money.

2,309 CERTIFICATES OF CURE

use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleanased by Ager's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fre and perfectly reliable. For Bheumanisms, Goust, Ggavel, Falpitation of the Bissryhers, Gravel, Falpitation of the Bissryhers, Fain in the Bide, Back and Leins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Breensy and Breenseal Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purgs.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

As a cocasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often selvantageous where no acrious derangement exists. One who feels tolerably, rell, often finds that a dose of these Pills major him feel deddedly better, from their cleansing and renovating effect on the digestive apparatus.

A Word of Advice to Travelers. The Missouri, Kansas & Texas Railway

has become so well known to the people of Texas, as one of the finest and most com-fortable Roads on the continent to travel on, that it seems almost unaccessary that we should say aught, in its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping' Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left un-done to render a trip over this line please

prign of Visiting Milliary Hodies-iderical Intermingling of People on Various Sections of the Union

Bosros, Jane 16. To day has been givon up to the reception of visiting military badies, and from early morning the streets have been alive with gay uniforms, and resonant with stirring strains of martial music. The people of Boston, with much of the authorizon of the war period, have given themselves over to hospitality, and have welcomed military and civic bodies with an ardor quite in union with the patriotic spirit of the day, lorgetting the difforestees of the past. The crawd who througed the principal streets through which the visiting military paraded on thelr way to their hotele bestowed the heartlest applause on men from the South, and a wave of sheers sweps along the mases crowded on the sidewalks and filling every available space from roof to pave ment. The arrival of the Norfolk Artillery, escorting as their guest General Fitzhugh Lee, afforded the gravifying spectacle of the people of Boston paying an ovation to an ex-Confederate officer. Gen. Lee bowed again and again, at the ap-plance greeted him on every conser.

The tattered battle flug of a Pennsylvaain regiment, so it passed up State street, was also assisted with rounds of applause, and the spectacle of such an era of to naion and fallowship was one never to be

A formal reception was given the differout military organizations at Columbus Square, Hon. Josiah Quincy making the address of welcome. Colonel Thus. Y. Simmonds, of Charleston, S. The World-Renowned Elias Howe Sewing Machines are the oldest established of any in the world, they being the FIRST SEWING MACHINES over made, and having seen manufactured by the original inventor and under his own supervision, Elias Howe jr., since 1845.

#### The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sowing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, THE HOWE MACHINE Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark, a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Ellas Howe, Jr., Inventor and Maker, New York, U. S. A." This medallion is embedded in each Machine, andnone are h production of the Howe Machine Company unless they bear this distinguished. Trade Mark.

The Commissariat of the Body.

The stomach is the commissariat of the ledge of taking your place in line and physical system. It furnishes the natural awaiting the chances to be waited on sustenance of every organ. If disordered, with which I remain, within an hour, there being but one little the whole body languishee; but, however window for gentlemen, and one for ladies to peep through.

Helical the whole body languishee; but, however affected, its tone and vigor may always be restored by a course of Hosteter's Stomach Bitters. The regularity in its operations Mails matter is unnecessarily delayed in the distribution, and our ancient Barnacle lishes is the most direct means of obviating physical debility, impurities of the blood and affections of the discharging organs. We know that if digestion or the habit of the body is obstructed, the entire make rad in consequence of biabit of the body is obstructed, the entire physique is weakened in consequence of insufficient conversion of the food into blood; and it is equally certain that the refuse of the system not being wholly threwn off is sure to contaminate the vital fluid and surcuarge the bowels and kid ness with vitiated matter which weakens and inflames them. The Bitters, by strengthening the organs of discharge, enables them to act rigorously, and thus liberates the pent up waste which would liberates the pent up waste which would otherwise work incalculable injury.

Wholesale Agents,

To Butchers, Stockraisers, and Farmers: It has been the general complaint is It has been the general complaint in past years by tanners who regularly work Texas Hides, that a large part cured during the hot season, work badly, turning out a large proportion of badly damaged sides and only samall proportion of good leather. They assert that the hides, being exposed to the sen get

exposed to the san, get SUNBURNED, and that such hides, by bending them short, will break. From this fact, Texas Summer Hides cannot be sold to any advantage; tanners buying them hesitatingly only and generally low prices. To make the Summer Hides more desirable should therefore be the endeavour of all connect-ed with this branch of business.

The easiest way to accomplish this object is, "to stretch the hide in the shade immediately after its skinning without having it exposed to the sun for at least twenty four or thirty-six hours, and where twenty-four or thirty-six hours, and where this cannot conveniently be done, to spread a few handsfull of salt and ashes over the freshly skinned fride, rolling it up with hair outside and leaving same in this con-dition for about twenty-four hours." The great danger exists when the hide is green-the flesh thereon, which is moist, coming in contact with the hot sun, will necessari-ty cook and weald it.

DR. WHITTIER No. 617 St. Charles Street, St. Louis, M MARRIAGE CUIDE,

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." Buckingham's Dye.

FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NASHUA, N.H.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Bemittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with a service from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the comminities there it prevaits. Freechison is better than cure; for the patients escapes the risk which he must run in violent attacks of this buildid distemper. This "Cure "expels the minimum the expelse in the comminities the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy everyet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and is bilious districts, where Feven Asp Acture prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had nover had the disease.

Fiver and Ague is not alone the consequence of the minamatic poison. A great variety of disorders arise from its irritation, among which are Neuralge Rheumatism, Gout, Hasdache, Blindness, Toothache, Earnethe, Caitarrith, Asthma, Pulpitation, Painful Affection of the Spleen, Hysteries, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURIN" expels the policy of the produces in the reach of the produce the minimum of the manner of the stomach, all of which, when originating in this cause, put on the intermi consequently cures them all alike. It is an invaluable protection to immigrants and persens travelling or temporarily residing in the maintenes districts. If taken occasionally or daily white exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from intermittents if they avail themselves of the protection this remody affords.

For Liver Completists, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

A Word of Advice to Travelers.

The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost numecosary that we should say aughtin its praise. Yet we cannot ever get back from a trip ever this line without saying something in praise of the management, who always seem to be striving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannibal or St. Louis. And for Kansas City, Denver, California, or any ef-Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a trevelor could wish for, and in fact there seems to be nothing left un-done to render a trip over this line pleas-ant. 28-1-75-wly 121
