## Around Muleshoe

The American Association of Retired Persons will meet at 11:30 a.m. in the Civic Center. A covered dish luncheon will be served and anyone 55 years or over is invited to attend this meeting.

The Muleshoe Study Club will meet today, Thursday, in the home of Lois Witherspoon at 312 West Avenue J.

The President of Caprock District Women's Federation Club will be present at the meeting.

A tea will be held Sunday, March 25, at the Lazbuddie School Cafeteria to honor ten Senior Citizens. The tea will be sponsored by the Lazbuddie Young Homemakers and will be held from 2:30 to 3:30 p.m. Refreshments and entertainment will be provided.

The Young Homemakers cordially invites everyone to come.

In recent Muleshoe City Police activities, officers recovered a stolen tractor from Clovis; investigated a case of criminal mischief and checked two accidents in the city limits.

Building permit activity has been down for the first two and a half months of this year, with a total of \$30,835 being issued through mid-March. Largest permit was to Max King to construct a storage building, with the value being listed as \$20,185.

Eugene Prevo Jr., son of Rev. and Mrs. Gene Prevo, left last Thursday for Dahlgren, Va., where he has accepted the position of Associate Scientific Programmer with Sperry Univac.

He has been visiting his parents since he received a discharge from the Navy last fall.

Absentee voting for the upcoming school and city election began Monday, March 19 and will conclude on April 3.

Persons may vote at the County Clerk's office in the school election and at the city hall in the city election.

The Pleasant Valley Social Club sponsored an after-church basket dinner Sunday at the Pleasant Valley Community Center.

This was followed by a song-fest directed by David Crane, who is head of the music department of the Earth Baptist Church, with Mrs. Crane at the piano.

"More than 60 people participated in this enjoyable affair," said Bonnie Haber.

At the Eastern New Mexico University Invitational at Portales last Saturday, Doug Precure, a freshman student from Muleshoe, won the spelling bee.

## Bailey County Spelling Bee

### Set Thursday

Thursday (today) at 2 p.m., students will take to the stage and listen carefully as they attempt to win the annual Bailey County Spelling Bee.

Last year's winner was Lupe Rosales, who spelled down contestants from Muleshoe and Three Way. At presstime, it was still undetermined as to whether or not the Three Way School would be participating in the Spelling Bee this year.

All entrants will receive a ribbon for participating, and the three top winners win checks. Also, the Bailey County Spelling Bee winner will represent this county in the regional spelling bee in Lubbock in early April.

**YOUR FRIENDLY DRIVE-IN GROCERY...**It wasn't really planned that way, but at approximately 10:40 p.m. last Friday, Gary Ramage was pulling into the parking lot at Allsup Grocery when the brakes failed on his car. No injuries were recorded, but Allsup Grocery lost three of the four doors into the store. Cardboard was replaced by plywood and then new glass was installed Monday, to replace the broken doors. The interior of the store was liberally sprayed with glass from the shattered doors.

## Cotton Production Could Increase 15%

"We can probably expect cotton production to be up approximately 15 percent this year," said Bailey County ASC Executive Director Terry Hill. "At the same time, corn production will be dropping the same amount."

The ASC manager said usually 175,000 acres are planted in cotton each year in Bailey County, but this acreage is expected to have another increase. At the same time, he said he anticipated no appreciable increase in vegetable production.

Hill attributed the anticipated cotton acreage increase to cotton being a fairly inexpensive crop to produce. He said cotton needs a maximum of two waterings and usually no prewatering.

Corn, on the other hand, needs a lot of water in order to produce a yield, as do vegetables.

Hill added that he expected some 13 percent of the county's wheat to be grazed out, and said more

wheat may be grazed if Secretary of Agriculture Bergland's set aside program which would include extended times for set-aside grazing. In Hill's February newsletter to producers, he defined the commodities. Hill said corn and milo are considered grain if they are planted and harvested for grain or silage, they would be counted against the farmer's NCA (Normal Crop Acreage).

He used the following example to explain how acreage is certified: If a producer has 100 acres of wheat for grain; 60 acres of wheat for hay and grazing; 25 acres of corn for silage; 25 acres of milo for grain and 25 acres of cotton for lint, you multiply 175 acres by 40 percent, leaving a total of 70 acres. The producer would be paid for the 60 acres as the formula provides that 40 percent or the nearest to 50 acres to be paid.

If the acreage payment is the same as last year, the

payment will be 50 cents per bushel.

Hill commented, "The producer would be paid on the larger of the 40 percent of the NCA crops planted, or 50 acres, not to

## Relief Amendment May Be Misleading

"I am trying to inform the people there is not any tax relief in the proposed tax legislation except for a few, select people," said Muleshoe City/School Tax Assessor Jesse Click Tuesday at noon. He spoke to the Muleshoe Rotary Club in an informational program on proposed tax legislation which presumably will bring reduction in taxes paid by Texas residents.

He explained, using examples, that if the school tax exemption is \$171,550 during the first year the state will make up the entire \$171,550. However, they will not pay anything on the loss to city taxes, which will amount to \$49,500.

Then during the second year, the state will reimburse 80 percent of the school loss, leaving a balance of \$17,155 for the school and the \$49,500 for the city.

So combining the 1979 loss with the 1980 loss, the

## Light Agenda Faced Council For Meeting

Most of the City Council meeting Tuesday was discussion with action taken on a resolution to approve the city budget no later than April 17, following the April 7 election.

The regular meeting of April 3 has been postponed to April 10 to canvas the vote and officially check results of the proposal on the ballot to change the fiscal year of the city from April 1 to October 1 of each year to conform with state law.

Also discussed were proposed improvements at the city airport, and the well being drilled at West 9th Street and Avenue B.

The upcoming Industrial Foundation meeting was discussed and Major Ken Henry reported on a water importation meeting he and City Manager Dave Marr attended recently.

## Lazbuddie Flood Dam Is Completed

Late last week, the third phase of a flood prevention dam system was finalized and formally accepted, with the completion of a massive dam north and east of Lazbuddie.

The dam is located two miles north and a mile and a half east of Foster Fertilizer, east of Lazbuddie, or approximately 20 miles northeast of Muleshoe. Under construction for the last two years, the dam is 56 feet tall and 2,200 feet long. It was constructed with 411,260 cubic yards of dirt fill and more than 10,000 cubic yards of concrete.

Mike Mauldin of the Soil Conservation Service in Friona said the dam is on privately owned land, and the government received an easement to construct the flood prevention dam. He said the lake area around the dam will not be open to the general public as it was not purchased.

He estimated that the lake will be 14,000 acre feet when it is full before going over the spillway at 27 feet. The eight by eight

foot draw down for the main spillway utilized 1,396 cubic yards of concrete. The normal size of the lake area behind the dam will be 4,427 feet of water when it is full, and will be drained of approximately 10,000 acre feet of water if necessary.

Mauldin explained that the dam is from two to four times as large as the flood prevention dam at Bovina. The first dam along Running Water Draw was constructed north of Clovis, in New Mexico, and additional dams will be constructed between the Lazbuddie dam and Plainview to take care of the runoff water and help prevent damage to farmland and cities along the way.

In 1963, Plainview had several million dollars in damage from a flash flood, and the series of dams are expected to eliminate such a problem in the future.

R.J. 'Sandy' Sanderson, who owns most of the land where the dam was constructed said it is approximately one-half mile wide, shoulder to shoulder' and he expects it will back water up approximately 454 acres before it goes over the spillway, which is located 27 feet above the base of the dam.

He said he and the three other owners of land

## Tax Relief Resolutions Proposed

Senator Bob Price, R-Pampa, introduced two joint resolutions designed to provide additional tax relief for all Texans before

the Senate last Friday.

Senate Joint Resolution No. 56 proposes a constitutional amendment to limit the rates of local ad valorem taxes. The amendment would also call for voter approval of new or increased taxes other than ad valorem taxes.

Specifically, the resolution limits the maximum rate of ad valorem taxes as follows:

1. A county may not impose ad valorem taxes at a rate that exceeds .2 of one percent of the fair market value of the property tax;
2. An incorporated city may not impose ad valorem taxes at a rate that exceeds .4 of one percent of the fair market value of the property tax;
3. A school district that provides general elementary and secondary education may not impose ad valorem taxes at a rate that exceeds .45 of one percent of the fair market value of the property tax;
4. Any other political subdivision that imposes ad valorem taxes may not impose them at a rate that exceeds .1 of one percent of the fair market value of the property tax.

It would take a majority of the voters to approve the imposition of a new tax or an increase in an existing tax under S.J.R. No. 56.

The second joint resolution, S.J.R. No. 57, calls for a constitutional amendment restricting the power of a political subdivision of the state to increase taxes. S.J.R. No. 57 says no political subdivision of the state can levy a new tax or raise any existing tax with-

## Crop Outlook Boosted By Added Moisture

Amid National Weather Service predictions of continued rain for the rest of the week, much-needed moisture was being added to the sub-soil by general rains which started falling in the Muleshoe area early Tuesday morning. As pre-watering had already started in the area, farmers hailed the rain as a dollar saving boon to planting spring crops. Corn producers were in the process of lengthy pre-watering in order to plant the crop that requires much water.

According to some early predictions, the rain already received will possibly allow not only corn, but cotton and other crops to be planted without having to use high priced irrigation methods before seeding their land.

Around 6:30 a.m. Tuesday, a booming thunderstorm moved through the area, depositing some .50 in rain before settling down to a steady drizzle that lasted throughout the day. A brief power outage was followed by a complete blackout of the city shortly before 9:30 a.m.

Dave Cavitt, manager of Southwestern Public Service in Muleshoe, said he would like to express his appreciation to the citizens who cooperated and were patient in the outage, which lasted from 45 minutes to three hours in the city.

He explained that a lightning arrester did not operate properly and went directly into the ground instead of exploding, forcing SPS workmen into a lengthy process of checking all power lines to find the problem.

Cavitt said the outage was traced to west Muleshoe at the sub-station. Downtown areas regained power near 10:30 a.m., but residents of west Muleshoe did not have full power restored until around 12:30 p.m.

Small hail peppered down early Tuesday for a few minutes, although no damage was recorded in the brief hailstorm. Most of the hail ranged from pea-size to smaller and turned the ground white for a few minutes.

No wind accompanied the booming thunderstorm Tuesday, but lightning brightened the early morning sky.

Bert Grimes, superintendent of the Three Way School, said the rain moved into that area around 6 a.m. Tuesday, and light rain was continuing throughout the morning. They received another shower Wednesday, with a total of some .50 in moisture.

Despite a brief glimpse of blue sky early Wednesday morning, clouds again darkened the sky with another brief, heavy shower.

According to the National Weather Service, chances for rain will decrease, although thunderstorms can be expected for the rest of the week. NWS also issued severe thunderstorm warnings in the area, but no adverse weather was found in this area.

## Skating Only Slated Friday

It will be 'skates only' for the Muleshoe Youth Activities Skating Party Friday night from 7-10 p.m. at the Bailey County Exhibition Center and Coliseum.

Because of the growth of the activity and the increase in purchase of skates, it has been decided to limit the activity to skates only. In the event there is enough requests for skateboards, a skate-board party will be scheduled at a future date.

The price will be 50 cents per skater, and a concession stand will be in operation during the skating. Also, the beginner skater area will be separated from the regular skating area.

All Muleshoe area youth, regardless of location, will be welcome at the bi-monthly skating party, according to Keith Pate, YAC president.

## Muleshoe Industrial Foundation Meeting Is Scheduled Today

Jeff Smith, of the Muleshoe Area Industrial Foundation, has announced a very important MAIF meeting for Thursday morning (today) at 9 a.m. at the Bailey County Exhibition Center and Coliseum.

He said the meeting will be open to all interested persons, and he encouraged all interested persons to attend the meeting. He hopes to get the Industrial Foundation active again, and urges especially all business and professional people to attend.

Guest speaker will be Homer Tucker, chairman of the Texas Industrial Foundation.

**FREE FORM ABSTRACT ART...**The three dimensional art design classes at West Texas State University are working this semester with laminated wood "abstract" sculptures. Working on his sculpture is Martin Lopez, freshman studio art major. He is the son of Mr. and Mrs. Trinidad Lopez. Each student begins with a four by four piece of plywood. They then glue, chisel, sand and grind until the wood is in its final abstract shape.

# Candlelight Vows Unite Miss Wrinkle, Bolding

Wedding vows were repeated March 10 at 6 p.m. in the Community Church of Muleshoe by Sharon Kay Wrinkle and Bill W. Bolding, both of Midland. The double ring ceremony was performed by Rev. H.D. Hunter.

Parents of the couple are Mr. and Mrs. Roy N. Wrinkle of Muleshoe and Mrs. Beatrice Bolding and the late Roy Bolding of Hurst.

The altar of the church was graced with an arch candleabra in the center with seven branch candleabras on either side entwined with lemon leaf, plumosa fern, leatherleaf and baby's breath, accented with blue satin bows and white tapers. The aisle of the church was decorated with aisleabras decorated with crystal globes, white tapers, lemon leaf, plumosa and blue bows. In the foreground was a unity candle in a setting of greenery, baby's breath and blue bows.

Mrs. Gary Goodin of Hereford presented musical selections on the organ. Escorted and given in

## Revival Begins Sunday At First Methodist

Rev. David Hamblin, pastor of the First United Methodist Church of Muleshoe announces plans for a revival beginning with the regular Sunday morning services, at 10:45 a.m., March 25. The services will continue through Monday, Tuesday and Wednesday evenings.

Rev. William D. McReynolds, pastor of the First United Methodist Church, Hereford, will be the guest speaker for the revival.

Rev. McReynolds is a graduate of McMurry College, Abilene and has served several churches in the Northwest Texas Conference of the Methodist Church, among them, Dumas, Quannah and St. John's Methodist Church in Santa Fe, N.M., before going to Hereford where he has served for nearly two years.

Don Bell of Muleshoe will lead the singing at each service which are scheduled to begin Sunday morning. A service will be held at 6 p.m. Sunday and at 7:30 p.m. Monday, Tuesday and Wednesday.

Rev. Hamblin cordially invites everyone to attend these services.

marriage by her father, the bride wore an A-line silhouette gown of silk chiffon and alencon lace. The fitted empire bodice was overlaid with lace highlighting the sheer brussels embroidery yoke. Bridal pearls enhanced the design, with lace highlighting the waistline. Layers of chiffon formed caplette sleeves encircling the shoulders flowing into soft folds. The A-line skirt fell to the hemline in circular folds forming a full chapel length train in the back.

Her picture hat was covered with silk chiffon with a veil of illusion attached to the back. She carried a cascading bouquet of white marguerita and killion daisies, baby's breath and plumosa fern accented with white streamers.

A handkerchief belonging to her maternal grandmother, Mrs. Emma Schuster of Tulsa was carried in her bouquet as something old.

Mrs. Schuster carried the handkerchief at her wedding on October 19, 1916 and Mrs. Wrinkle carried it at her wedding, March 25, 1951. Something new was her wedding dress, something borrowed was her hat and she wore the traditional blue garter.

Cynthia Ott, sister of the bride, of Denton, served as matron of honor. Attending as bridesmaid was Donna Lambert of Amarillo.

They wore blue polyester magic knit gowns fashioned with empire waists. The bodices were matching Venice lace. Their gowns were complemented with silk chiffon jackets with caplet sleeves. They carried bouquets of blue and white marguerita daisies, baby's breath, plumosa fern and leatherleaf, accented with blue satin bows and streamers.

Angela Wells, niece of the groom of Hurst, served as flower girl. She wore a dark blue knit dress with white lace edging the full sleeves. She carried a basket of blue love knots, accented with white daisies and blue streamers.

Best man was John A. Bolding, brother of the groom of Arlington. Gary Wrinkle, brother of the bride of Muleshoe, and Phil Richards of Midland, served as groomsmen. The groom and his attendants wore black tuxedos with black satin lapels and blue ruffled shirts.

The groom's boutonniere was blue daisies with baby's breath and plumosa fern. The attendants boutonnières were blue daisies.

Phil Richards ushered the guests. Candlelighters were Gary Wrinkle and John Bolding. Brad Bolding, son of the groom of Midland carried the rings.

The mother of the bride wore a blue knot gown with beaded Venice lace. The full skirt was accented with a polyester chiffon capelet. She carried a cattleya orchid atop a pearl beaded evening bag.

The groom's mother wore a sea blue gown fashioned with a diamond neckline. The softly gathered gown was caught at the waist with a self-belt. Her gown was complimented with a white cattleya orchid.

A reception followed in the home of the bride's parents. Members of the house party were Mrs. Eric Smith, Mrs. Kenneth Precure, Mrs. Vic Benedict, and Mrs. Jimmy Skipworth, all of Muleshoe.

Mrs. Gale Wells, sister of the groom registered the guests. Serving were Linda Lambert, Amarillo; Mrs. Mark Barnes, Miami; and Mrs. Jeff Skipworth, Muleshoe.

The bride's table was covered with a dotted swiss cloth with lace inserts. The centerpiece was an arrangement of blue daisies, white spider mums, baby's breath, plumosa and leatherleaf with blue tapers designed in a three tiered silver candleabra. A tiered wedding cake was decorated with blue and white daisies. Pineapple slush punch was served from a silver punch bowl.

The groom's table featured a collection of seven brass candle-sticks holding blue and white candles with a basket of philodend-

ron. The table was covered with a blue cloth. Mrs. Gary Wells served finger sandwiches, cheese puffs, mints and ham rolls. For her traveling ensemble, the bride wore a cranberry knit pantsuit with a cream silk blouse and camel accessories. A corsage of white carnations, pearl clusters and bows complimented her outfit.

Following a wedding trip to Denver, Colo., the couple will make their home in Midland.

Mrs. Bolding is a 1974 graduate of Muleshoe High School and a 1976 graduate of South Plains College. She served as a presidential hostess at SPC and was elected as who's who. She also served on the student council. She is presently employed at Equifax, Inc.

The groom is a 1967 graduate of El Dorado High School in El Dorado, Ark., and a 1971 graduate of the University of Arkansas. Bolding is employed as office manager of G.A.B. Services in Midland.

Out of town guests were Mr. and Mrs. Elmer Schuster, Clay Schuster and Denise Tice of Tucumcari, N.M.; Mr. and Mrs. Robert Brown of Tennyson; Mrs. Emma Schuster, Tulsa; and other from Canyon, Hereford, Amarillo, Earth, Miami and Midland.

**REHEARSAL PARTY** Mr. and Mrs. Roy Wrinkle and Gary hosted a rehearsal buffet in their home Friday, March 9 honoring their daughter, Sharon Wrinkle and her prospective bridegroom, Bill Bolding.

Members of the wedding party and immediate mem-

bers of the family attended.

Brass and crystal serving pieces were used on a table covered with a blue cloth. An assortment of breads, hams, and cheeses were served with fruit salad.

**BRIDESMAID LUNCHEON** Sharon Wrinkle, bride-elect of Bill Bolding was honored with a bridal luncheon and lingerie shower, Saturday, March 10, in the community room of Tri-County Savings & Loan.

Guests were served a buffet menu of chicken

tetrazzini, broccoli almondine, fresh garden salad and pineapple icebox cake.

Silk flowers in bud vases centered each table with a silk flower arrangement at the serving table.

Special guests included members of the bride's family, Mrs. Roy Wrinkle, Mrs. Emma Schuster and Cynthia Ott.

Members of the groom's family attending were Mrs. Beatrice Bolding, Mrs. Gale Wells and Angela.

Donna Lambert of Amarillo and Mrs. Gary Goodin of Hereford served as hostesses.

**Muleshoe Singing Group Meets**

Zed Robinson opened the Muleshoe Singing Group with the theme song, "Showers of Blessings". The group met Saturday at 7 p.m. in the fellowship hall of the Trinity Baptist Church.  
 The invocation was given by John McIntosh of Clovis.  
 There were forty present including visitors from Clovis and Farwell. Mr. and Mrs. John McIntosh attended with their grandson, Mike Mitchell of Clovis. Mitchell played a solo on the piano, "When My People Pray" and also played several numbers led by Zed Robinson.  
 Ralph Miller played the electric guitar accompanied by the guitar by Mr. Aradale and Cecil Rundell on the harmonica.  
 Visitors from Muleshoe were Mr. and Mrs. R.C. Day.  
 Several special arrangements were given along with congregational singing.  
 One member, Fred Wilbanks was in the Metho-

dist Hospital in Lubbock recovering from open heart surgery. A get well card was signed by the group.  
 Jess Pruitt closed the meeting with the benediction.  
 The Singing Group invites everyone to attend, Saturdays at 7 p.m., in the Trinity Baptist Church.

**Letters To The Editor**

3/15/79

Dear Editor:  
 There will be a documentary on the Farm strike, Saturday, March 24, 1979 at 8:30 a.m. on KRLB Radio, 580, Lubbock, Tx., with John Holliman, USDA reporter.  
 While W.I.F.E. was in D.C., John was very helpful. He did a 40 minute interview with June Saylor, Texas W.I.F.E. President.  
 I urge everyone to tune in for this program.  
 Sincerely  
 Joyce McGehee (s)
