SAN ANTONIO, TEXAS, WEDNESDAY, JULY 28, 1875.

NO 175

The Two Convention Tickets in the Thirtieth Senatorial District.

The Brownsville Branch has an able and elaborate article in opposition to the Castroville nominees, and in favor of the independent ticket. We make the following extracts:

The names of two of the candidates nominated at Castroville, Judge Howard and Judge Russell, we think should be rejected for many reasons. There is little doubt but that these gentlemen have formed a little judicial confederacy with Judge Ware, and probably others, to regulate and control all the affairs of this district and to select all our officers, present and future, and to relieve the people of all voice except to register their edicts. They have grown a little "too big for their breeches," as the saying is, and we think that the people will permit them to remain at home until they are reduced somewhat in their proportions. There are plenty of good reasons for rejecting them, but this one is good and sufficient.

The other nominee, Col. Santos Benavides, stands upon entirely different grounds. We have what we regard as reliable authority for saying that Col. Benavides regards himself as an independent candidate, but on the contrary, that he does not reject the support of his party friends, but on the contrary, that he desires their votes as well as the votes of the citizens of the district generally, without regard to party. He is the only gentleman of Mexican origin on either ticket. When we take into consideration the fact that four-fifths of the inhabitants and voters of this district are of the same origin, it speaks well for them that they have not demanded a larger representation on both tickets. Col. Benavides is a gentleman of cultivation, and as a good citizen stands the peer of any man in the district. We think Benavides should be elected, and we hope that the Republicans of this district will be actuated by a proper sense of justice and give him their votes.

The different localities of the district should be fairly represented, and this consideration would give the upper portion of the delegates. The people of that portion of the district have selected Mr. Cardis, who is the choice of the Republicans as well as the democrats, as letters to us show, and we advise his support. Two years ago we desired his nomination for the Legislature by the Republican convention, and the reason that then induced us to support him still exist, our understanding of his position being that he is a republican in principle, although co-operating in state issues with the democracy.

The other candidates are Col. Ford, of this city, and Mr. Murphy of Nueces county, both of whom have many friends and supporters. We shall support Col. Ford, and shall advocate his election for the following reasons: We regard the calling of the constitutional convention at this time as being a revolutionary and reactionary measure of the extreme or states rights wing of the democracy of Texas. We know that Col. Ford was never a secessionist in principle, but that he went into the rebellion as a revolutionist and not as the exercise of any reserved rights by the states to withdraw at pleasure from the Union. We know also that he has accepted the results of the war in good faith, and that he does not now propose to enter into any more reactionary or revolutionary measures, and hence we are willing to trust him in the delicate task of reforming our constitutional law, provided the people vote for a convention; which we hope they will not do, but vote solidly against the convention.

The county of Cameron has about one-third of the inhabitants of the district and is justly entitled to one of the delegates. Col. Benavides is a representative man of the county of Webb, Starr and Zapata, which contain about one-fourth of the inhabitants of the district, as he is in fact, of a large majority of the people of the whole district, whilst Mr. Cardis is certainly the representative man of the upper portion of the district, and they, with Col. Ford, constitute a fair ticket, and one upon which the very great majority of the people can unite because it represents a fair, just and equal distribution of the representation among at least six-sevenths of the people of the district according to the last census.

Col. John S. Ford, the candidate on the independent ticket from Brownsville, addresses a letter to the voters of this district, from which we extract the following:

Being convinced that the programme for the campaign in the thirtieth senatorial district was agreed upon by Judge Russell, Judge Howard and Judge Ware, when they met in secret council last spring, at San Antonio; that they and their confederates labored assiduously to pack the Castroville Convention; that to effect their objects they resorted to practices hostile to the principles and the usage of the Democratic party, and in violation of right; that the Castroville Convention was controlled by this "Judicial Ring" and was not managed to advance the interests of an amiable citizen, I have therefore honestly concluded that the acts of said convention are not binding upon the Democratic voters of this district.

I am clearly of opinion, that the proceedings of the Castroville Convention furnish the proofs to sustain the above. Judge Russell was nominated as a can-

didate for two offices, Judge Howard for one. Judge Ware gracefully declined a nomination, and it is known that another incumbent of the bench was solicited to accept a nomination. Quite all the judicial timber of the thirtieth senatorial district was in reach, and the partial workmen attempted to make it available. It is not conducive to the ends of justice and the purity of the judiciary that ambitious and aspiring men should make the judgeship a stepping stone to other offices.

Sincerely believing that a combination of Judges exists in this district, that they have intruded improperly, and wrongfully, to control political affairs, and local elections, and that these practices are opposed to the principles of Democracy and good government, and will ultimately produce corruption, and poison the fountains of justice, I have lent the use of my name to good men of all parties with a view to break up the "Judicial Ring," and defeat their candidates.

I have been told I am receiving the support of men not of the Democratic faith. They have no candidate of their own in the field, and they certainly have the right to choose from among those before them, and to vote for the man of their choice, and the Castroville nominees have not declined to receive their votes.

It has been said that certain men have been prominent in placing me before the people as a candidate, and that their records as Democrats are not without stain. I am confident their records will compare favorably with that of Hon. William H. Russell, once a member of the Loyal League, an apostate of Gov. Davis, a manager of three political conventions while he was on the bench, and since a partisan not over scrupulous in his practices.

Grateful Thousands proclaim
WALKER'S BITTERS the most wonderful
Inventor that ever sustained the
sinking system.
No Person can take these Bitters
according to directions, and remain
long unwell, provided their
bones are not destroyed by mineral
poison or other means, and vital organs
washed beyond recovery.
Bilious, Remittent, and Intermittent
Fever, which are so prevalent in the
valleys of our great rivers throughout
the United States, especially those of the
Mississippi, Ohio, Missouri, Illinois, Tennessee,
Kentucky, Arkansas, Texas, Colorado,
Alabama, Mobile, Savannah, Roanoke,
James, and many others, with their
vast tributaries, throughout the entire
country during the Summer and Autumn,
and remarkably so during seasons of
unusual heat and dryness, are invariably
accompanied by extensive derangements
of the stomach and liver, and other
abdominal viscera. In their treatment,
a purgative, exerting a powerful
influence upon these organs, is essentially
necessary. There is no cathartic for the
purpose equal to **DR. J. WALKER'S VINEGAR
BITTERS**, as they will speedily remove
the dark, colored, viscid matter which
the bowels are loaded, at the same time
stimulating the secretions of the liver,
and generally restoring the healthy
functions of the system.

Fortify the body against disease
by purifying all its fluids with
WALKER'S BITTERS. No epidemic can
take hold of a system thus fortified.
Dyspepsia or Indigestion, Head-
ache, Pain in the chest, Cough,
Tightness of the Chest, Dizziness, Sour
Eructations of the Stomach, Bad Taste
in the Mouth, Bilious Attacks, Palpitation
of the Heart, Inflammation of the
Lungs, Pain in the region of the Kidneys,
and a hundred other painful symptoms,
are the offspring of Dyspepsia. One bottle
will purify the system, and give to the
merits than a lengthy advertisement.
Scrofula, or King's Evil, White
Swellings, Ulcers, Erysipelas, Swelled
Neck, Gout, Serpiginous Inflammations,
Indolent Inflammations, Mercurial
affections, Old Sores, Eruptions of the
Skin, Sore Eyes, etc. In these, as in all other
constitutional Diseases, **WALKER'S VINEGAR
BITTERS** are the only remedy, and their
restorative powers in the most obstinate and
incurable cases.

For Inflammatory and Chronic
Rheumatism, Gout, Bilious, Remittent
and Intermittent Fevers, Diseases
of the Blood, Liver, Kidneys and Spleen,
these Bitters have no equal. Such
Diseases are caused by Viciated Blood.
Mechanical Diseases.—Persons
engaged in Paints and Minerals, such as
Plumbers, Type-setters, Gold-beaters and
Miners, as they advance in life, are
subject to paralysis of the Bowels. To guard
against this, take a dose of **WALKER'S
VINEGAR BITTERS** occasionally.
For Skin Diseases, Eruptions, Tetter,
Salt Rheum, Blisters, Spots, Pimples,
Pustules, Boils, Carbuncles, Ring-
worms, Scald Head, Sore Eyes, Erysipelas,
Itch, Scabies, Discolorations of the
Skin, Hemorrhoids and Diseases of the
Skin of whatever name or nature, are
literally dug up and carried off of the system in a
short time by the use of these Bitters.
Pin, Tape, and other Worms,
 lurking in the system of so many thousands,
are effectually destroyed and removed.
No system of medicine, no vermifuge,
no anthelmintic will free the system
from worms like these Bitters.
For Female Complaints, in young
or old, married or single, at the dawn
of womanhood, or the turn of life, these
Bitters display an influence that
improvement is soon perceptible.

Cleanse the Viciated Blood
whenever you find it impurities brooding
through the skin in Pimples, Eruptions,
or Sores; cleanse it when you find it
obstructed and sluggish in the veins; cleanse
it when it is foul; your feelings will tell
you when. Keep the blood pure, and the
health of the system will follow.

FOR DELEGATES.
E. DEGENER, of Bexar.
WESLEY OGDEN, of Bexar.
A. O. COOLEY, of Gillespie.

Public Meeting.

Hon. E. Degener and Judge Wesley Ogden will speak to the citizens of Bexar County on

FRIDAY EVENING,

at 8 o'clock in Karber's Garden.

All who take an interest in the next election are invited to attend.

ICELAND is well nigh ruined by the ashes from volcanic eruptions on the island, which have covered the earth and destroyed vegetation.

The St. Louis Globe-Democrat suggests a debate in Ohio between Morton of Indiana and Geo. H. Penole too.

MR. DEGENER AND JUDGE OGDEN returned from Boone and Fredericksburg last night. They speak in New Braunfels to-morrow, and in San Antonio on Friday night at Karber's garden. They have been met with great cordiality by the people, and are sanguine of success. They will be elected.

WILLARD RICHARDSON, the venerable founder and senior editor of the Galveston News, died on the 25th instant. His history is almost the history of Texas; the history of his paper is really the history of Texas. He lived and died in an honorable and useful vocation, and departed full of years and full of honors.

PLATITUDES always form the staple of the utterances of those who either have no decided principles to make known to the people, or who, if they have them, wish to keep them secret. They generally announce a few general axioms as old as the world, which nobody denies, but which have no application to the subject in hand. Maj. Waelder is a master of platitudes.

THE COMMISSIONERS for the location of the Penitentiary were agreed upon the choice of San Antonio when they left here a few days ago for Austin. This is well known here. How does it happen that they changed their opinion, and violated their word, as soon as they got to Austin, and began to confer with Gov. Coke? We have heretofore defended him against the miserable charge of the Jefferson Leader of being actuated by mercenary motives; but we know he can be actuated by malice. San Antonio is not friendly to his administration, and he would defeat her in the matter of the Penitentiary, if he could, as readily as he did in the matter of the International railroad. The action of the Commissioners, with the exception of Maj. Dwyer, is open to the gravest suspicion, and their conduct needs lucid explanation.

A CENTENNIAL ASSOCIATION, to take steps to have this city and Western Texas properly represented at the Centennial Anniversary of the United States at Philadelphia next year, ought, as it seems to me, to be organized in this city at once. Houston and other cities have taken such steps, and San Antonio should not neglect her opportunity. It will be the grandest occasion and assemblage ever known in the history of this or any other country, and those of us who now live are fortunate in being able to be there either in person or by representation. Every nation on earth will furnish its representative men and women, and every production, improvement, custom, characteristic, all art, all science, and all knowledge, of all countries and all people, will be represented and illustrated. And the whole will be in honor of the first hundred years of the history of the only free nation upon earth.

Preliminary steps might now be taken, and the whole matter completed at the meeting of the Fair in October next. Let this important matter be attended to at once.

The Location of the Western Penitentiary.

In our local column of Monday's issue, we said that the citizens of San Antonio had lost the location of the Penitentiary by their supineness and selfishness. This remark has been complained of. We have to say that it was applied to the mass of the citizens generally, and had no reference to the few public-spirited gentlemen who exerted themselves in the matter. These gentlemen, on the first visit of the Commissioners to our city, assembled and resolved themselves into a committee, to act on behalf of our citizens, in entertaining the Commissioner, and in representing the interests of San Antonio. The different eligible sites on the river below the city were visited and critically examined by the Commissioners in company with our prominent citizens. At this first visit, all the questions in regard to the location of the penitentiary were fully and freely discussed. The commissioners declared openly that they were not seeking a donation, but were determined to select the location having the greatest advantages. Particular stress was laid upon this point, as the gentlemen who acted for the city desired to know precisely what was necessary to be done.

After the Commissioners left, a careful survey was made of all the sites visited, and an able, fair, impartial report accompanied the topographical sketches.

The Commissioners returned to the city about a week ago and were met by the citizens above named, whom they informed, that San Antonio was to be selected as the site of the Penitentiary, and that they were prepared to visit the site selected before giving their final award. They were taken in charge and went to the San Juan Mission, the place selected. Two hundred and fifty acres of land were selected, embracing 60 acres of irrigable land, in a high State of cultivation, and one hundred and ninety acres, not irrigable, but of the very best quality of farming land. The water power is unrivaled, being a natural fall of over twenty three feet. All the material for building is within easy reach, and the situation cannot be surpassed. So much for the site.

As to a donation, it was not made a consideration, by either the Commissioners or the citizens. The State was interested in selecting a site as central as possible. This was one of the chief considerations, as the transportation of prisoners for long distances is a great expense to the State. San Antonio is the most central point of the West; it will be a great railroad center; its population, and commerce make it the best market for all manufactured articles in the West, to day; and it would be money in the pocket of the State to locate the penitentiary here even if the whole town of San Marcos, including the San Marcos Springs, were thrown in as a free gift. The idea of making a donation to the State, where the creation and maintenance of a penitentiary involves the expenditure of millions of dollars, was not thought of by the Commissioners, so far as their expressed opinions were concerned. To obtain the best location, at a fair price, was all that the State could ask, and was all that the Commissioners did ask.

The Colorado river is considered the Eastern boundary of Western Texas. San Antonio stands nearly in the center of Western Texas, and is the center of its commerce; San Marcos is a small village, situated within thirty miles of the Colorado, and is only the centre of a very limited region, with a small traffic and small population. And the water power and the site donated are not to be compared to the site chosen near this city; but even admitting that both sites were equal in natural advantages, San Antonio is the most centrally situated; and the difference of \$18,000, the cost of the San Antonio site, would soon be saved in the matter of the mileage of prisoners alone, to say nothing of any other considerations.

If the donation has, after all, influenced the Commissioners, in spite of their declarations here, in their selection of the site of the Penitentiary, then they have done great injustice to San Antonio and her people.

DEFRAT begins to stare Maj. Waelder in the face. We believe that his "ring" nomination for the Convention will stand no more.

Local Agents Wanted!

An Agent wanted for each town and county in the United States.

Parties desiring to act as agents must accompany their applications with a letter of recommendation as to character and responsibility from and signed by the editor of a newspaper published in the town or county for which agency is proposed to act. The agency is to sell the bonds of the Industrial Exhibition Company.

Bonds \$20 each.

The Industrial Exhibition Company will furnish agents with Circulars, etc.

Each newspaper published in the town where agent is located will, as soon as agency is established, be given an advertisement of varying size, and the Company, and fully explaining the plans, purposes and objects of the Company. Such advertisement will continue in such papers as long as agency is successfully conducted.

The Industrial Exhibition Company is the first to adopt the plan so long in use by the European governments of issuing bonds by the application of a letter of recommendation as to character and responsibility from and signed by the editor of a newspaper published in the town or county for which agency is proposed to act. The agency is to sell the bonds of the Industrial Exhibition Company.

Each individual who buys a bond becomes an owner and an interested party and when he views the structure erected with his money can say, "I aided to erect in our country the most magnificent building the world has ever seen, a palace which, in truth, represents the industry, energy and mechanical genius of the American people."

The manufacturers and inventors of America are peculiarly interested in the success of this enterprise, for the reason that it is to be a great benefit to them, as their inventions and manufactures can be exhibited and sold.

The building will contain 5,700,000 square feet of space.

Persons desiring bonds before an agency is established where they reside, will communicate direct with this office, from where they can be supplied.

THE ORIGINAL HOWE!

The World Renowned Elias Howe Sewing Machine is the oldest established of any in the world, they being the FIRST SEWING MACHINES ever made, and having been manufactured by the original inventor and under his own supervision, Elias Howe Jr., since 1845.

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest production at the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIENCE of MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, THE HOWE MACHINE CO. has been organized, and the business will be carried on in the name of that Company, under my supervision. The complete reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial TRADE MARK, A MEDALLION, having in the center the profile of the inventor surrounded by the legend, "ELIAS HOWE, JR., INVENTOR AND MAKER, NEW YORK, U. S. A." This medallion is embedded in each Machine, and is a production of the HOWE MACHINE COMPANY unless they bear this distinguished Trade Mark.

THE CASE OF LEE BEASLEY.—We were in error in stating that Lee Beasley was sentenced to two years imprisonment at the Penitentiary, for theft from a house.

Beasley was convicted of assault with intent to kill, and it is for this offense that he goes to Huntsville for two years—quite a different offense from theft from a house.

CHURCH CEREMONIAL.—On Sunday next, August 1st, at 2 o'clock P. M., the cornerstone of the new African Methodist Episcopal church in this city will be laid, with appropriate services and ceremonies.

The church building, which, in 1872, was purchased with the ground for \$2000, having become too small for the large and growing membership and congregation, it is now being enlarged at a cost of \$2,300.

The following gentlemen have been invited to deliver short addresses on the occasion: Rev. H. G. Horton, Rev. S. J. Barton, Hon. J. P. Newcomb, Col. C. C. Gillies, Rev. W. R. Carson, San Antonio; Rev. J. C. M. Gillard and J. C. Ackers, Austin; Rev. A. F. Jackson, Houston; Rev. Johnson Reed, Galveston; Rev. A. M. Jones, Waco; Rev. E. Stammit, presiding Elder.

BASE BALL.—The Ben. Milan Base Ball Club, with a membership of nineteen, was organized last evening and announce themselves ready for business already.

President: G. W. Bartholomew; Vice President, W. W. Angus; Secretary and Treasurer, Dr. C. E. Fisher; Director: N. Devine, W. T. Jennings, Dr. Fisher.

Constitution and by-laws were adopted, Committees appointed on grounds and uniforms, and the club will prepare for match games immediately.

Among the Milaners are several late members of the first nine of the Lone Stars, and with the addition of several excellent players they ought, and undoubtedly will, make a strong team.

With the Ben. Milan, Lone Star, Alamo and Boxer Base Ball Clubs on the verge of being pretty lively "on the diamond" in San Antonio, we shall certainly look for some interesting games this fall.

THE OPIUMS' LITTLE FRIENDS ENTERTAINMENT last night at the Alamo Literary Hall was attended by a full house, composed of all classes and orders, and was a perfect success. It was admirably conducted, and the good drilling of so many little children and quite young persons, must have cost a world of patience and trouble.

The music of the excellent string band, which played between the different appearances, was excellent. "The Flower Children," represented by fifteen or eighteen little girls, ranging from five to 12 years, was very beautiful. The address delivered by little Johnny Meyers, son of our friend, the grocery merchant near the Postoffice, was very long for so young a boy, but he acquitted himself with great credit and applause.

But the crowning interest of the evening was centered in the fairy play of "Cinderella," which was capably rendered, when the youth and inexperience of the performers are considered. The "Prince of True Love," "Nimble Witz," the "Baron" and "Alberto" all sustained themselves well. The beautiful young ladies who represented the "Baroness," "Cinderella," "Rose Leaf," and "Fairy Godmother," the "Step Sisters," and assistants, not only acted well, but charmed everybody.

SECRET HISTORY OF SECESSION.

Causes and Resolutions of the Secession Senators in Washington.

The appended letter from ex-Senator D. L. Yale, and the accompanying resolutions, the original of which are now in possession of the proprietors of the Chronicle, have never before been published. It was usually known at the time of the inauguration of the rebellion that they were frequent caucuses held by the United States Senators from the seceding States; but they were usually attended with so much secrecy that it was simply impossible to gain a knowledge of what was done in them, or who took an active part.

The following letter was addressed by Ex-Senator Yale to Joseph Finigan, Secretary of the Secession Committee of Seventy:

WASHINGTON, Jan. 1st, 1861. My Dear Sir:—On the other side is a copy of resolutions adopted at a consultation of the Senators from the seceding States, in which Georgia, Alabama, Louisiana, Arkansas, Texas, Mississippi and Florida were present.

The idea of the meeting was, that the States should go out at once, and provide for the early organization of a Confederate Government—not later than 16th February—this time I allowed to enable Louisiana and Texas to participate. It seemed to be the opinion that if we left here, force, loan and volunteer bills might be passed, which would put Mr. Lincoln in immediate condition for hostility; whereas, if remaining in our places until the 4th of March, it is thought we can keep the hands of Mr. Buchanan tied, and disable the Republicans from effecting any legislation which will strengthen the hands of the incoming Administration.

The resolutions will be sent by the delegation to the President of the Convention. I have not been able to find Mr. Mallory this morning. Hawkins is in Connecticut. I have therefore thought it best to send you the copy of the resolutions. In haste.

Yours truly, D. L. YALE. To Joseph Finigan, Esq., Secretary Committee of Seventy, Tallahassee, Florida.

RESOLUTIONS PASSED BY THE SENATORS. The following are the resolutions passed by the Senators referred to in the letter of Yale to Finigan:

First. Resolved: In our opinion each of the Southern States should, as soon as may be, secede from the Union.

Second. Resolved: That provision should be made for a convention to organize a confederacy of the seceding States—the convention to meet not later than the 15th of February, at the city of Montgomery, Alabama.

Third. Resolved: That in view of the hostile legislation that is threatened against the seceding States, and which may be consummated before the 4th of March, we ask instructions whether the delegations are to remain until that date for the purpose of defeating such legislation.

Fourth. Resolved: That a committee be and are hereby appointed, consisting of Messrs. Finigan and Mallory to carry out the objects of this meeting.

A Double Wedding, or, How She Was Won, by Mrs. C. A. Warfield, author of "The Household of Baruch," which has been pronounced by all the best writers and critics in the country to be one of the best and most remarkable works ever written. It has the great merit of growing out of the happy ending of the first story.

The plot is skilfully conducted, and there is an earnestness in the style that is charming. From the first to the last chapter, the reader's interest in the story never for a moment flags. His curiosity, which is excited at the very commencement of the tale, though gratified, little by little, as the story progresses, is not completely satisfied, until the curtain is about to drop at the close of the book. There is in it a blending of heart and intellect rarely wonderful, and its delineations of character are vivid, clear, powerful, and exquisite. None but a woman could have written it—none but a woman of the highest order could give such a finished character to the plot, and in one large duodecimo volume, bound in morocco cloth, gilt back and side, price \$1.75, and will be found for sale by all book-sellers, or copies of it will be sent to any one, by post, post-paid, on remitting price to the publishers. 26434

One trial will satisfy that for purity and strength Dr. Price's are alone in the market.

Wants make War on the Stomach. If you are bilious, dyspeptic and constipated, don't make war on the stomach by successively swallowing blue pills, strong purgatives and powerful astringents. Such a procedure damages digestion and weakens the bowels, leaving stomach, liver and intestines, after the immediate effect, in a condition of greater disorder than before.

That complete relief which renders the above description signally fail to afford is obtained by using Hostetter's Stomach Bitters. And for the best of reasons. Biliousness is the result of inactivity of the liver, dyspepsia of weakness of the digestive organs, and constipation is produced by the above causes operating together. The Bitters, being a powerful stomachic, overcomes indigestion by stimulating the secretion of gastric juices, re-activates the bowels, and thus enables the bowels to act with renewed regularity.
