THE ORIGINAL HOWE! The World-Renowned Litas Howe Sewing Machines are the oldest established of any in the world, they being the FRST SEWING MACHINES ever made, and having been manufactured by the original inventor and under his own supervision, Elias

Howe jr., since 1845. The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most com-plete system, combining perfection of workmanship with the largest productions at the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, THE success. Further to facilitate the manufacture and the business will be carried on in the Howe Machine Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted as an especial Trade Mark, a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Elias Howe, Jr., Inventor and Maker, New York, U. S. A." This medallion is embedded in each Machine, andnone are h of the Howe Machine Company unless they bear this distinguishing ELIAS HOWE, Jr.,

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes."

24-4-d6t-ew1t-L130, Organ' possesses a beautiful and pecularly soft tone. The Concerto Stop is withent doubt, the best ever placed in any organ. It is produced by an extra set of reads, peculiarly voiced, from which the effect is most charming, and its imitation of the human voice is superb. For sweetness of tone and orehestral effects it has no equal."— N. Y. times.
